

Indians Throttle Tigers; To Play At Hamlin Friday Night

The mighty Haskell Indians kept rolling right along Friday night as they notched their ninth straight victory, downing the Anson Tigers 39-6 in a District 7-AA tilt, here.

Only Hamlin's 10-8 victory over Stamford Friday night, stands in the way of a perfect regular season mark, and a play-off bid by the Indians. The two strong clubs meet head-on at Hamlin tomorrow night, Friday, November 14th.

Haskell's "Quickie" Quarterback Lanny Ivy and fleet-footed Charles Franklin provided the knock-out punch, and a stiff Indian defense kept the area around the Haskell goal line clear.

Ivy opened the scoring for the locals with a one-yard sneak in the first quarter, following a healthy Haskell drive. Franklin came bowling back in the same period with a 54-yard gallop into the promised land and before half-time was off to pay dirt again, this time for 30 yards.

Anson's lone touchdown came in the third period when Franklin bobbled a pass. The fumble was picked-off in mid-air by Anson end Don Blackwell who raced 80 yards to pay dirt.

Haskell came roaring back and Franklin rambled 52 yards less than two minutes deep into the third quarter for another tally. Keith Everett's run for two points was good.

Ivy found the range again with a pass to Roy Pittman, who scampered 20 yards for the TD. Extra point was good.

Hamlin Next
The highly touted, rampaging Haskell Indians, with a perfect record, will journey to Hamlin Town, tomorrow night, Friday, November 14th to take on the strong Pled Pipers in the final 7-AA, and will move into the son.

If the Indians get by Hamlin they will be the "champs" of 7-AA, and will move into the son.

TURKEY SHOOT

Rotarians Hear Report On Boy Scout Program

Haskell Rotary Club members met at the City Cafe last Thursday for their regular weekly luncheon, with club president, Eldon Anderson, presiding. Invocation was given by Rev. H. O. Abbott. The song session was led by H. V. Woodard, with Gail Barnett at the piano.

During the business session, Mayor Woodard outlined complete plans for the Turkey Shoot sponsored by the Club, which began Saturday, November 8th, in the building located between the Herren Insurance Agency and the C&B Store on the East side of the square. Committees were appointed to man the concession which will run each Saturday until Thanksgiving.

Guests noted were Wayne Moseley of Amarillo; Bill Alexander of Abilene; Dick Sheire of Wichita Falls, and Haskell high school students, Johnny Diaz and Reuben Sanchez.

Abe Turner introduced John Cieslow, of Abilene, District Scout Executive of the Chisholm Trail Council. He made a short informative talk on Scouting, and presented an interesting film which outlined the expenditures involved in the Boy Scout Program of America, and some of the various things paid for by the council which would ordinarily not be of public knowledge to the layman.

Cieslow was very high in his praise of the scouting program which Haskell had conducted over a period of many years. He offered the services of staff members of the Chisholm Trail Council on any problems which might arise, or for any questions which might need to be clarified.

Guests noted were Ronny Reed, Haskell High School Vocational teacher, and Bobby Feemster.

"Prexy" Bud Herren presided over the meeting. Mike Abbott led the singing with Ginger Howard, at the piano, and the invocation was given by Troy Culpepper.

Mrs. Joanna Lewis Makes The First Contribution To Goodfellow Fund

The following letter was received by the "Goodfellows" this week from Mrs. Joanna Lewis, Haskell, and marks the first contribution to this year's fund to help less fortunate families at Christmas time:
To The Goodfellows,
Haskell, Texas
"I wish I could express my thanks to all my friends everywhere for the help so many have been to me all along the way, and all the time the Lord has let me live these nearly 92 years.

"Enclosed you will find a five dollar bill. I wish it could be \$100 and more, to help you in filling baskets for a few of the hungry people in Haskell. I know from experience what it means to have a good living during most of my life and I know what it is to be absolutely with no house, no groceries and no clothes (that happened in 1937, when our house and contents went up in smoke and down in ashes.)

"Now I do not need a basket of food. But I do need the special diet, that has kept me alive all of my life. I get the food I need some days, and some days not so. I have an allergy and have had it all my life. There has not yet been found a medicine yet, that will do allergy any good. There are no two cases exactly alike. Among the foods I do need is a large baked apple every day and one large baked carrot every day.

"Oh, well, what am I writing for. Thanks again and I hope you buy apples for baskets.

"Thanks for reading my scribbling. From Mrs. Joanna Lewis to the Goodfellows."

Dr. Mattox To Speak At Church Of Christ Here

Dr. F. W. Mattox, president of Lubbock Christian College, will speak at the Haskell Church of Christ, Monday, November 17, at 7:30 p. m., on "The Danger of Liberalism in the Church and in Higher Education."

Dr. Mattox, who became the first president of Lubbock Christian College in 1956, is director of the Lubbock Christian College American Heritage Program, which has received the George Washington Medal of Honor Award from Freedoms Foundation every year since 1960. He is a member of the LCC Speakers' Bureau, and is a popular speaker on Americanism and the Communist threat.

A native of Texas, Dr. Mattox received his B. A. degree in 1934 from Central State Teacher's College in Oklahoma and his M. A. degree from Oklahoma University in 1940.

George Peabody College in Nashville, Tennessee, conferred the Ph.D. degree upon him in 1947. The title of his dissertation was "The Teaching of Religion in the Public Schools."

He served as minister for the 12th and Drexel Church of Christ in Oklahoma City from 1932 to 1940. He also served as the minister for the Sichel Street Church of Christ in Los Angeles, California, from 1940 to 1942. He is author of a book entitled "The External Kingdom", a history of the Church of Christ.

In 1942, he was appointed to the faculty of Harding College in Searcy, Arkansas. Dr. Mattox worked with Harding College for fourteen years.

Equalization Board NCTMWA Sets Session

The Board of Equalization will be in session at the District Court Room, in the courthouse, Haskell, at 9:00 a. m. next Thursday, November 20th, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in North Central Texas Municipal Water Authority, in Haskell County, Texas, for taxable purposes for the year of 1969.

All persons interested, or having business with the Board are notified to be present.

The board of directors consists of representatives from each community in the county.

Haskell To Vote On Sales Tax Dec. 15

In a meeting Tuesday night, the city council voted four-to-one to call a local sales and use tax election to be held Monday, December 15th.

Eldon Anderson will serve as election judge, with Fred Boon as alternate. The election will be held at the city hall, and the polls will open at 8:00 a. m. and close at 7:00 p. m.

At the December 15th election voters will decide for or against levying a one per cent sales tax on items now subject to the Texas state sales tax.

It will be the first time for local voters to consider the city sales tax, although many towns and cities in the state adopted the tax more than a year ago in order to "tap" needed revenue.

If the sales tax is approved it will be next year before the city begins receiving revenue. Any registered voter in the

"Exes" Flock To Haskell For 9th Bi-Annual Homecoming

Between 450 and 500 ex-students, teachers and patrons of Haskell High School attended the 9th biennial homecoming celebration last weekend which included class reunions; a pancake supper; the Haskell-Anson football game; the crowning of the homecoming queen, Miss Anita Thigpen and an address by Bishop Kenneth Copeland, Bishop of the United Methodist Church of Texas and Gulf Coast Conference, former pastor of the Haskell Methodist Church.

Highlight of Saturday's activities was the general assembly at 3:00 p. m. at the First United Methodist Church. The featured speaker, Bishop Copeland was introduced by Raja Hassen, president of the ex-student association.

Bishop Copeland's inspiring speech, on "Where in the World Are We?", and answered by him, "at the point of decision", to choose between brutality and brotherhood, between fear and freedom." At the conclusion of his speech, he received a standing ovation and was presented with a key to Haskell, the first to ever be presented.

Bishop Copeland was pastor of the Haskell Methodist Church from 1940 to 1944.

Several persons were paid special honor. Mrs. Cretia Brooks, ex-teacher, was honored with a life time membership. T. C. Williams was presented with a plaque, as the first superintendent of the Haskell school, from 1909 to 1916. F. I. (Iron) Pearsey was the recipient of a plaque representing 50 years of service to the schools. Special recognition was bestowed upon Mr. Pearsey, of Haskell, as the oldest person present. He is 94 years old.

The largest family recognized was the Jessie Jones family; the class of 1931 had the most members present.

Homecoming officers for 1971 elected were, Dr. Wm. J. Kemp, president; R. C. Couch Jr., vice president; Mrs. Luther Burkett, secretary-treasurer and Mrs. Addie Middleton, historian.

Private breakfasts, open houses, class meetings, and a luncheon at the Haskell County Country Club entertained the exes.

Closing out Saturday's events was a chuck-wagon dinner from 5:00-7:00 p. m. in the high school lunchroom and a party at the American Legion Hall.

Seminar On Alcohol And Drugs Set Saturday Night; Sunday Afternoon

A community-wide seminar on alcoholism and drug addiction, sponsored by the Ministerial Alliance, and members of AA, will be held at the First Baptist Church, here, Saturday night, November 15th at 7:30, and Sunday afternoon, November 16th, at 3:00 o'clock.

Mr. and Mrs. Gilbert Lamb, of Muleshoe, will speak Saturday night. Mr. Lamb is owner of a radio station at Muleshoe, and is a nationally known speaker.

Mrs. Jackie Jakulewicz, of Abilene, business woman and widely known speaker, will speak at the Sunday afternoon session. Mrs. Jakulewicz has spoken in Haskell on several occasions and is well known for her outstanding work.

The seminar will provide help in understanding the highly complicated problem involving alcohol and drugs, or those in danger of becoming an alcoholic, or addicted to drugs.

Everyone interested in the welfare of their county is invited to attend both the Saturday night and Sunday afternoon sessions.

Three Rural Accidents Investigated In Haskell County During October

The Texas Highway Patrol investigated three accidents on rural highways in Haskell County during the month of October according to Sergeant Frank Jirek, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed, one person injured and an estimated property damage of \$2,185.00.

The rural accident summary for this county during the first ten months of 1969 shows a total of 63 accidents resulting in three persons killed, 34 persons injured, and an estimated property damage of \$38,390.00.

Traffic wise, November and December are noted as dangerous months for pedestrians. During the last two months of 1968 in Texas there were 86 pedestrians killed and 843 injured in collisions with motor vehicles. Some of the attributing factors are: Longer hours of darkness, bad weather, holidays, and lack of drivers' and pedestrians' attention.

The veteran patrol supervisor listed some tips to aid both pedestrians and drivers. Always wear something light colored when walking after dark. If possible carry some kind of light and walk on the left side of the road facing traffic. If you have a dark colored raincoat or overcoat, put a strip or two of the reflectorized material across the back and front when walking on the street or highway.

COUNTY YOUTH LIVESTOCK SHOW SLATED FEBRUARY 7

The Haskell County Junior Livestock Show has been set for Saturday, February 7th, at the Fair Grounds, according to Max Stapleton, County Agent.

Officers for the upcoming event include Preston Ballard of Rochester, chairman; Mike Wilcox, of Rule, vice chairman, and Max Stapleton, secretary-treasurer.

Division Superintendents are Russ Hobbs, of Rule, beef cattle; Cecil Lewis, of Rule, swine; Lowell Freeman, of Rochester, sheep; Tom Horton, of Paint Creek, poultry and rabbits.

Stapleton said the show will include a youth livestock sale at 4:00 p. m., following the placement of the animals on February 7th.

HOMECOMING QUEEN: Miss Anita Thigpen, daughter of Dr. and Mrs. Joe Thigpen, was crowned Haskell Homecoming Queen for 1969 at half-time activities Friday night by Raja Hassen, president of the Homecoming Association. Miss Thigpen, Haskell High School senior, was escorted by Lanny Ivy, also a senior.

Several persons were paid special honor. Mrs. Cretia Brooks, ex-teacher, was honored with a life time membership. T. C. Williams was presented with a plaque, as the first superintendent of the Haskell school, from 1909 to 1916. F. I. **HASKELL COUNTY
WILDCAT STAKE**
Haskell County has gained
site for a proposed 4,999-ft. ro-
tary Strawn Sand wildcat in the
area five miles northeast of
Haskell.
The venture is W. W. Walton
of Breckenridge No. 1 Virgil
Sonnemaker, located on an 80
acre lease.
Drill site is 6,845 feet from the
south and 10,216 feet from the
west lines of A. Richie Survey
119.
Those who have been asking
for addresses of Paint Creek
boys in service, here are some:
I only know of two Paint Creek
boys in Vietnam right now.
They are:

December Draft Call Is Down From November

The December draft call for
Texas is 456, down from 491 for
November. Colonel Morris S.
Schwartz, state Selective Serv-
ice director, said Friday.
The October quota of 504 was
revised downward from an orig-
inal call for 1,461 men.
The December quota of 456 is
the state's share of a national
call for 9,000 men, 7,500 for the
army and 1,500 in the Marine
Corps. Men selected in Texas
will enter both services Decem-
ber 1 through 9 in the same
proportion as nationally.
A total of 2,383 is scheduled
to be forwarded for armed
forces pre-induction physical
and mental examination in De-
cember to prepare for future
calls, Colonel Schwartz said.
This compares with totals of
3,266 in November, and 8,906
for October.
The order of selection to fill
draft calls through December
may be from among examined
and acceptable men who are
(1) delinquents 19 years old and
older, (2) volunteers under age
26 in the sequence in which
they volunteered, and (3) non-
volunteers 19 through 25 years
old, single and married, oldest
first, with those married after
August 26, 1965, being selected
ahead of those married on or
before that date.
In filling the quota for the
pre-induction physical and men-
tal examination for December,
draft boards, if necessary may
go as low as 18 years and eight
months of age, oldest first; but
no person may be inducted un-
til he is 19 years old.

MRS. DELBERT LEFEVRE

L.O.C. Club Meets
The L.O.C. Home Demonstration Club held a luncheon meeting in the home of Mrs. Leonard Kieck Thursday of last week. Miss Ruth Ann Fansler, county H. D. Agent, was a guest. Others present were: the Meses, Norvell Lehrmann, Harvie Jordan, Lewis Corzine, John Tiechelman, Delbert LeFevre, A. C. Knipling, Gene Tiechelman, and Clarence Tiechelman and the hostess.

After lunch, Miss Fansler presented the program on conservation of time and energy, and each member evaluated herself in an attempt to find where she might conserve her time and energy. Mrs. Kieck also helped the members with Christmas decoration problems, and several members brought ideas for making centerpieces and outdoor decorations. Mrs. Edwin Nauert and Mrs. Nora Walters of Stamford were guests for the program.

The club's Christmas party, at which they entertain their families with a supper, was planned for December 8, at the Sagerton Community Center.

Guests in the home of Mrs. Alice Lewis Sunday were: Mr. and Mrs. Tony Letz of Old Glory, Mr. and Mrs. Edward Nieman, Mrs. Emma Lammert of Stamford, Mrs. Jimmie Vasek of Lubbock, Mrs. J. D. Kupatt and children and Kris Kupatt of Rule, Tommy and Sid Autrey and Mrs. Oliver and Bill Crabb of Abilene, and Mrs. Will Steenmoller. They all dropped in to wish Mrs. Lewis a happy birthday.

Mr. and Mrs. Fred Kupatt went to Wichita Falls Monday for the funeral of a great-uncle of Mrs. Kupatt's, Mr. Harvick.

Word was received by relatives here that Johnny Cobb, son of Mr. and Mrs. Leslie Cobb of Midland, and grandson of Mrs. John Clark, has been wounded in action in Vietnam. Johnny, who had been over there a short while, was wounded by shrapnel and is hospitalized in Japan. He called his parents Saturday to say that his wounds were very serious, but not critical. Mrs. Cobb, his mother, the former Ruthell Clark, has returned from Houston where she had eye surgery and is reported to be doing well.

Mrs. John Clark went to Mid-

land Thursday to help out and visit with the Cobbs.

Mr. and Mrs. Glyn Quade spent Parents Day in Austin with their son, Lyndell, at Texas University where he is a Sophomore.

Mrs. Bruno Kupatt of Fredericksburg was here Friday of last week to visit with the Fred Kupatt family at Rule. She was here to visit her brother, John Franke,

MARKET REPORT

SATURDAY, NOV. 8

The market was active Saturday at the Haskell livestock auction, according to reporter James Mickler.

Stocker steers and heifers ran 50 cents to \$1 higher, feeder and fat cattle sold steady, while packer cattle were 50 cents lower. Pairs sold "quite a bit higher," said Mickler, who attributed that to recent "good weather and grazing."

Returns were based on 2165 head of cattle, the highest number in three years at the auction, and 156 hogs.

Quotations follow:
Bulls: choice 24-26; good 22-24; common and medium, 18-22.

Bull calves: choice 28-35; good 24-28; common and medium 20-24.

Butcher cows: fat 19-21; canner and cutter 17-19; old shells 11-17.

SPORTS

Booster Club Holds Regular Weekly Session

With the president, Virgil Cobb, presiding, the regular weekly meeting of the Booster Club was held Monday night in the high school cafeteria.

Following reading of the minutes, president Cobb announced the Pep Squad will decorate cars going to the Hamlin game Friday after 3:00 p. m. at the high school and on the square, for 50c a car.

Volley Ivy, who was in charge of the program sales, thanked club members who helped him with the sale of programs.

A scouting report was given by Coach Mickler on the Hamlin-Stamford game.

Coach Ivy announced his B team beat Hamlin 24-0, and now have an 8-0 record. The B team will play Oney at Haskell, tonight, Thursday, November 13, following the seventh and eighth grade game with the Oney seventh graders, which will get underway at 4:30 p. m.

Coach Pringle reported the A team, up to date, has a record of 2,720 yards rushing, 1,011 yards passing, for a total of 3,731 yards.

Coach Everett summarized the Haskell-Anson game and a film of the tilt was shown.

Coach Mullins was again the recipient of the door prize, a wash and grease job at Byrd's Enco Station.

Rochester Rips Rule, 14-0

The Rochester Steers rolled over the Rule Bobcats last Friday night at Rochester 14-0.

A rock-ribbed Rochester defense, spearheaded by the outstanding play of tackle Tommy Byrd who turned in a sterling performance against Rule's 'Cats, kept the Steer offense at bay throughout the night while the hosts hung up TD's in the first and fourth quarters.

Roger Webb tallied both scores—the first on a five-yard run and the final marker on a 30-yard scamper. Tommy Farr pulled down a two-point after-touchdown pass from Bob Hudspeth for the final score.

Rule's biggest threat came when the Bobcats reached Rochester's nine on a 34-yard pass from Kent Lefevre to Winston. A fumble, recovered by Steer James Lyles at the 12, killed the drive.

Benjamin Bops O'Brien, 71-20

Shane Milson scored 18 points and Bud Clowers scored 17 to lead Benjamin to a 71-20 win over O'Brien at O'Brien last Thursday night in six-man football.

At halftime O'Brien crowned Jean Hester the football sweetheart and James Washington the hero.

Also scoring for Benjamin were Billy Pierce with 12, Mike Duke with 12, and Mark Wooley and Mike Young with six each.

Washington, Billy Walker and Steve Figueora had a touchdown each and Bobby Summers had a two-point conversion for O'Brien.

Raiders Rip Weinert, 61-13

Gary Harvey scored four touchdowns and kicked two conversions and a field goal to lead the Raiders of Lueders-Avoca to a 61-13 win over the Weinert Bulldogs in a District 4-B six-man football game last Thursday night.

Clark Watts added a pair of touchdowns for L-A, and David Hager scored the other Raider TD.

Tommy Miller and Donny King scored TDs for Weinert as the Bulldogs took their first district loss after two wins.

IRS FIREARMS OFFICIAL CITES RESULT OF GUN LAW

Already 27 indictments have been returned in Texas cases of violations of the Gun Control Act of 1968, Carl Booth, IRS Alcohol, Tobacco and Firearms Chief Special Investigator for Texas and New Mexico reported.

Booth also pointed out that nearly four times as many gun violation cases were initiated nationally in the first six months of 1969 under the Gun Control Act as in the last six months of 1968 under both the National and Federal Firearms Acts.

Under the new law, he said, 1,237 cases were recommended for prosecution compared to a total of only 359 cases under the National and Federal Firearms Acts.

Booth said the Gun Control Act was passed by Congress to assist the States in control of firearms within their borders.

The IRS administrators and enforcers the 1968 Act as it did with the previous gun laws.

The Gun Control Act, Booth said, expanded controls on commercial and private transactions involving firearms and ammunition, and on their transportation, shipment and receipt in interstate or foreign commerce. He said, among other things, the Act:

—Channels interstate and foreign commerce in firearms through Federally licensed importers, manufacturers, and dealers;

—Prohibits sales of firearms by Federal licensees to persons under 21 years of age, except that sales of rifles and shotguns can be made to persons at least 18 years of age;

—Permits a Federal licensee to sell a firearm only to persons who are residents of the State where the licensee is doing business, except in special circumstances;

—Prohibits sales of firearms by licensees when they know or have reasonable cause to believe that the purchaser is a convicted felon or under indictment for a felony, a fugitive

from justice, a narcotic user, or a person who has been found mentally or who has been committed to a mental institution;

—Provides for more on the record-keeping abilities of licensees authority to furnish records to state and local enforcement authorities;

—Bans the importation U. S. of surplus firearms.

Booth said the "gangster-type" weapons, destructive devices, guns, sawed-off and reeled shotguns and rifles and silencers, were covered in the

NOTICE
AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF HASKELL, HASKELL COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS, SECTION 1. Effective with the first gas bill rendered after the final approval of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Haskell by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:
First 800 cu. ft. or fraction thereof \$1.956 Gross; \$1.76 Net.
Next 1,200 cu. ft. @ \$1.7267 per Mcf Gross; \$1.554 per Mcf Net.
Next 3,000 cu. ft. @ \$1.7111 per Mcf Gross; \$1.054 per Mcf Net.
Next 20,000 cu. ft. @ \$0.8933 per Mcf Gross; \$0.804 per Mcf Net.
All over 25,000 cu. ft. @ \$0.8378 per Mcf Gross; \$0.754 per Mcf Net.
No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

ADJUSTMENT
The amount of each net monthly bill computed at the above stated rates shall be subject to the following adjustment: Plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1969, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of this adjustment; however, failure of Company to apply such adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make such adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.
Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.
The above rate is applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.
In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.
SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.
SECTION 3. The fact that there is an imperative public need for an ordinance fixing and determining the rate for gas and gas service furnished to residential and commercial consumers creates an emergency, and the reading and passage of this ordinance at three separate meetings is hereby suspended and this ordinance shall take effect and be in full force from and after the date of its passage at a single meeting and the approval thereof by the Mayor.

PASSED AND APPROVED on this the 28th day of October, A. D. 1969.

PUBLIC HEARING NOTICE
West Texas Utilities Company, 1082 North Third Street, P. O. Box 841, Abilene, Texas 79604, has applied to the Texas Water Quality Board for an amendment to its existing Permit No. 00963 to discharge from its electric generating station, which is located adjacent to the northwest shore of Lake Stamford approximately 3/4 mile northwest of the Lake Stamford Dam in Haskell County, Texas, in the following manner:

Waste 1 of Outlet 1—for an existing discharge not to exceed an average of 433 gallons per day of industrial (5.7% brine and 94.3% rinse water) wastewater to a proposed retention and evaporation pit on company controlled property.
Waste 2 of Outlet 1—for an existing discharge not to exceed a maximum of 60,000 gallons per day of industrial (50% cleaning solution and 50% rinse water) wastewater to a proposed retention and evaporation pit on company controlled property. This discharge occurs every three to four years.
Waste 3 of Outlet 1—for an existing discharge not to exceed an average of 2,200 gallons per day of industrial (100% evaporator blowdown) wastewater to a proposed retention and evaporation pit on company controlled property.
Waste 1 of Outlet 2—for an existing discharge not to exceed an average of 250 gallons per day of industrial (100% accelerator blowdown) wastewater to a proposed settling basin on company controlled property, thence to Lake Stamford, thence to the Clear Fork Brazos River, thence to the Brazos River.
Waste 2 of Outlet 2—for an existing discharge not to exceed an average of 2,400 gallons per day of industrial (100% filter backwash water) wastewater to a proposed settling basin on company controlled property, thence to Lake Stamford, thence to the Clear Fork Brazos River, thence to the Brazos River.
Waste 1 of Outlet 3—for an existing discharge not to exceed an average of 66,300 gallons per day of industrial (0.4% Zeolite softener backwash and 99.6% drainage water) wastewater from its facilities (sump pump) to Lake Stamford, thence to Paint Creek, thence to the Clear Fork Brazos River, thence to the Brazos River.
Waste 2 of Outlet 3—for an existing discharge not to exceed an average of 9,500 gallons per day of industrial (100% boiler blowdown) wastewater to Lake Stamford, thence to the Clear Fork Brazos River, thence to the Brazos River.
Waste 3 of Outlet 3—for an existing discharge not to exceed an average of 93,600,000 gallons per day of industrial (100% cooling water) wastewater into Seal Well, thence to Lake Stamford, thence to Paint Creek, thence to the Clear Fork Brazos River, thence to the Brazos River.
Waste 1 of Outlet 4—for an additional page for an existing discharge not to exceed an average of 6,400 gallons per day of industrial (100% boiler blowdown) wastewater to Lake Stamford on company controlled property.

This amendment includes amending existing pages one through five of the existing Permit No. 00963 and the addition of pages six through nine to said Permit. A Public Hearing on this application will be held in the Southwest Public Service Building, Reddy Room, 1120 Main Street, Lubbock, Texas at 10:00 a. m. on December 9, 1969 to determine the conditions, if any, under which the permit may be granted. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, 1108 Lavaca Street, Austin, Texas 78701. 46c

Miniature Poster of Cheer From The Old World Design of Christmas Seal

A miniature poster of cheer from the Old World is the design of the 1969 Christmas Seal.

A dozen happy children obviously showing their delight with the first snowfall by dancing around a Christmas tree is the colorful design which covers a block of four Seals on a white background with each Seal showing three children and part of the blue spruce tree.

The designer is Bernice Kochan, a commercial artist who resides in Cleveland, Ohio. By combining several of her interests—travel, miniature books, and Hawaii—she produced a small volume, "The Little Book of Hawaiian Flowers". In time, miniature books sparked a new interest, art for postage stamps and Christmas Seals, which are really miniature posters," she says.

"I have always enjoyed the arrival of the traditional Christmas Seals", Miss Kochan adds. "Each year they are always such a complete surprise, fresh and new."

Prior to becoming a commercial artist for Advance Art Studios, Miss Kochan attended Cleveland Institute of Art and was employed by the Cleveland Public Library. "It was when I worked in several children's libraries and traveled with the bookmobile that I became interested in the work of the Christmas Seal Organization," the artist states. "The mobile library took me several times to the children's section of Sunny Acres, a well known tuberculosis hospital in Cleveland."

This interest motivated Miss Kochan to enter the nationwide "Call for Artists" contest and subsequently to the selection of her design as the official 1969 Christmas Seal.

"The use of Christmas Seals

is not only a tradition of many residents and businesses in Haskell County, but they are also the sole support of the Christmas Seal X-Ray Unit and programs on Emphysema, Tuberculosis, and other respiratory diseases which are conducted by the North Texas Tuberculosis and Respiratory Disease Association year-round," states Dr. T. W. Williams, Representative Director of the Association from Haskell County. "Certainly the cheerful design will be a colorful addition to greeting cards and packages," Dr. Williams concludes.

Christmas Seal Designer.

Pretty and talented Bernice Kochan of Cleveland, Ohio, is the artist who designed the 1969 Christmas Seal. Joyously depicting a group of happy children dancing around a Christmas tree, this year's Christmas Seal is the winning entry in a nationwide contest. Artist Kochan has also designed two U. S. postage stamps, one honoring jazz musician W. C. Handy and the 150th anniversary of Memphis, and the other commemorating the 150th anniversary of Alabama.

tory diseases which are conducted by the North Texas Tuberculosis and Respiratory Disease Association year-round," states Dr. T. W. Tax Questions And Answers

(This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.)

Q—I pay the medical bills for my aunt even though she is not my dependent. Does that mean I won't be able to deduct these costs?

A—As a general rule, only medical expenses paid for a dependent may be deducted along with the taxpayer's other medical costs. However, if you could have claimed your aunt, except for the fact that she had \$600 or more income or filed a joint return with her spouse, then you may add the medical expenses you pay for her to your own expense.

Q—I'm not sure I understand the notice I got from the service center. What should I do?

A—Call your local IRS office, they should be able to help you. When you call have the notice in front of you so you can identify it for the person helping you.

Q—The buyer of my summer home wants to pay me over a period of years. He says I can save on my Federal taxes that way. Is he right?

A—When certain conditions are met, profits on a sale may be reported over the period in which the payments are received. To qualify, payments during the year of the sale must be 30 percent or less of the selling price.

Depending on your tax bracket and other income, the option of reporting your profits over a period of years may provide a tax advantage.

Q—When can my husband take a withholding exemption at his job for our baby which is due next month?

A—As soon as the child is born. Also the full \$600 exemption for a dependent may be taken on your tax return for a child born any time during the year. Your husband can take the additional exemption by filing a new Form W-4, Exemption Certificate, with his employer.

Firearms:

(Continued from Page 4)

tional Firearms Act, while the newer law further covers machine gun frames and receivers, so-called "conversion kits" for turning other weapons into machine guns, and any combination of parts from which a machine gun can be assembled.

Destructive devices included in the law are explosive, incendiary or poisonous gas bombs, grenades, rockets, missiles, mines or similar devices, plus weapons with a bore more than one-half inch in diameter, such as mortars, anti-tank guns and bazookas.

The Act also eliminated an unconstitutional element involving self-incrimination by providing that registration data may not be used in a prosecution.

In addition to the gun law, the Omnibus Crime Control and Safe Streets Act of 1968 makes it unlawful for convicted felons, mental incompetents, dishonorably discharged servicemen, unlawful aliens or persons who have renounced their

U. S. citizenship to receive, possess, or transport any firearm in commerce or affecting commerce. The penalty for a violation is a fine of as much as \$10,000 or imprisonment of up to 2 years or both.

Smith, first vice-president of Anson.

Mrs. Lillie Darnell has returned to her home in Douglas, Arizona, after a two-week visit in the home of her sister-in-law, Mrs. Fred Roberts and daughter, Pauline.

The R. M. Walkers have been running this week. Tuesday they attended the Grade School football game in Throckmorton and saw their grandson, Greg, play. Friday night they watched the Seymour-Memphis game in Seymour and saw their granddaughter, Debbie, march in the half-time activities. But they stayed home Saturday to visit with their newest granddaughter, Diana Leigh of Throckmorton while her parents, Reverend and Mrs. Henry

Salley, attended Homecoming at Haskell.

Mr. and Mrs. J. T. Alexander visited their son and family, Mr. and Mrs. J. W. Alexander of McKinney over the weekend. He was at home, after having surgery on his right hand at Baylor Hospital in Dallas ten days ago. He is doing fine now.

Kathy Hager of Texas Tech visited her parents, Mr. and Mrs. W. R. Hager, Jr. over the weekend.

Mr. and Mrs. W. R. Hager, Jr. and children visited after the ballgame Thursday night in the home of their sister-in-law, Mrs. Pauline Hager and children in Lueders.

Mrs. Fred Roberts and Miss Pauline spent the weekend in Rising Star visiting, attending to business, and enjoying being in their home there. They attended two showers for friends there, a pink and blue shower for Mrs. Mike Pruet and for a bride-to-be, Billie Nowlin. On their return home, the Roberts visited in the home of her nephew, Mr. and Mrs. M. L. Joyce of Albany.

Mr. and Mrs. E. A. McBeth of Rising Star and Mr. and Mrs. J. Q. McBeth of Andrews spent last Thursday evening in the home of Mrs. Jim Jenkins. Visiting on Friday were Mrs. Archie Jenkins and Sharon of Odessa.

Bill Bailey Guess was a visitor in Weinert Monday. He came to visit his parents, the Bailey Guess' and to get his see our ex's.

Mrs. Leonard Alexander found a diamond-back rattlesnake on her front porch last Thursday. She called Mrs. Vaughn to come and watch it while she got a man to come and kill it. She saw the snake was going to get under the house, so she killed it. Brave, Mrs. Vaughn. We thank you.

Mr. and Mrs. Dick Burleson of Electra spent the weekend with Mr. and Mrs. M. C. Cunningham.

Mr. and Mrs. Hugh Smith, Mike Gary and Diana, spent the first of the week visiting his mother, Mrs. Henry Smith.

Birthday Party
Bill Bailey Guess III was honored on his fourth birthday November 5, with a party in the home of his grandparents, Mr. and Mrs. W. B. Guess.

Games were played by the small guests and refreshments were served. A birthday cake centered the refreshment table surrounded by iced cup cakes and strawberry ice cream cups. Favors were colored balloons and small harmonicas.

Guests were Michelle and Wade Raynes, Melissa Stewart, Mark Stewart, Shane Berry, Cristl Guess, Tammy Haley, Katrina and Gwen Walker, Randolph and Matthew Guess.

Mrs. Guess was assisted as hostess by Mrs. Bill Guess, Mrs.

Hal Guess, Mrs. Raymond Walker, Mrs. Haley and Mrs. General Stewart.

FORMER RESIDENT SUFFERS BROKEN HIP

Thanksgiving Picnic Slated At Rhineland

St. Joseph's Parish, in Rhineland, will sponsor a Thanksgiving picnic, Thanksgiving Day, November 27th.

Festivities will begin with a noon meal to be served from 11:00 a. m. to 3:00 p. m. The

meal will include turkey, dressing, and homemade sausage, with all the holiday trimmings.

Highlight of the afternoon will be the presenting of several worthwhile items. There will be games for every member of the family and an auction and bazaar is on the agenda for the ladies.

Tickets are being sold for the meal in advance; adults \$1.75 and \$1.00 for children. Advance tickets may be obtained by writing Mrs. Gerard Kuehler, Route 2, Munday. Checks should be

made payable to St. Joseph's Church.

The public is cordially invited to spend Thanksgiving in Rhineland.

Events will be held in Brown's store and Knights of Columbus Hall.

HERE FOR HOMECOMING

Mr. and Mrs. Bill Ferrell, of Hurst, visited here last weekend with Mr. and Mrs. G. T. Garrett and other relatives and friends, and attended the Homecoming activities.

Facts About A City Sales Tax

Many cities in the state rushed to adopt a city sales tax more than a year ago in order to "tap" needed revenue. Cost of operating your city government is just like everything else, it has increased. Where else can we obtain additional monies to carry out needed projects in Haskell and keep the town on the move, other than by levying a 1 per cent city sales tax on items now subject to the Texas state sales tax?

LIKE ATTRACTS LIKE

Some centuries ago a sage said, "A man is judged by the company he keeps." Our observations, covering a considerable interval of time, confirms this as one of the basic truths of business. As surely as the sun rises in the east and sets in the west, like attracts like. Successful men seek the companionship of those who are prosperous. Business gathers momentum with each order properly filled and every customer satisfied. This is a fraternity of accomplishment.

Resignations of Dr. T. W. Williams, present fire and water commissioner, and John V. Davis, street commissioner, were accepted by the council on the basis of submission, with work of the retiring Aldermen highly praised by all city officials. Dr. Williams' resignation was based upon the fact that he has recently moved outside the corporate city limits of Haskell. Mr. Davis also resigned his post on the same technical grounds when he moved from Haskell to Longview last month. A special city election to fill unexpired terms of the two retiring Aldermen has been called for Tuesday, November 28th.

County H. D. Agent By Ruth Ann Fanster It's time to repot house plants and here is the recipe for soil mixture for potting: Mix two parts good garden loam, two parts of peat moss and one part sand. Well rotted man substitute for peat moss. am substitute for peat moss. Garden soil usually is not suitable for potting plants. It is usually too low in organic matter. The homemade mixture provides the three things most needed by potted plants; support, good soil aeration, and ability to hold adequate moisture and nutrients. To kill disease organisms, insects and weed seeds, pasteurize the soil mixture by placing it in

a shallow pan for 30 minutes in an oven pre-heated to 200 degrees F. The soil should be moistened before placing in the oven. Always use clean tools and new pots or soil may be reinfected with harmful organisms. Used clay pots should be given the same pasteurization treatment as the soil. Plastic pots should be washed thoroughly in hot, soapy water. A simpler and much easier way to handle pot plants in the home is to purchase the prepared mixes available in your nursery or garden supply center. It is that time once again to be looking over your holiday recipes. In the next weeks we will have holiday recipes. This week for something special for your holiday meal is this delightful dish spiced just right for a beef, turkey or ham dinner. Served in a pretty bowl,

how can Lone Star Gas help you get rid of wrinkles? We know all wrinkles are not due to aging. Some are due to drying. And dryers. Some dryers affect clothes the way sun affects skin. They not only dry out moisture. They bake in wrinkles. Even in permanent press. But gas dryers are more sensitive to your family's clothing. And more sympathetic to your work load. Most new gas dryers have a special cool-down cycle that turns off the heat before your clothes become overheated. That means your clothes have fewer wrinkles. And you have less ironing. You also have less expensive utility bills. Because gas dries for about a penny a load. See your gas appliance dealer or Lone Star Gas Company. Find out how to take it a little easier. And avoid wrinkles. BREAK FREE with a modern gas dryer

Municipal Sales Tax Questions & Answers

- Q. What items are subject to the 1% municipal sales tax? A. The 1% city sales tax is applicable only to those sales now taxed under the State Sales & Use Tax Act. Q. There is a 2% State tax on automobiles. Would the city sales tax also apply to automobile sales? A. No. The 2% State tax on automobiles is an excise tax; the municipal sales tax would not apply to automobile sales. Q. Does the city sales tax apply to sales at wholesale? A. No, only to retail sales. Goods sold for resale are not taxable. Q. Are city sales tax payments deductible on our Federal income tax reports? A. Yes. Q. Does the municipal sales tax apply to purchases by units of government (county, state, other cities, etc.?) A. No, all are exempt. Q. Does a person residing outside the city limits pay the 1% municipal sales tax? A. Yes, when he makes a purchase of personal property subject to the tax in city which has adopted the local sales tax. In return, he enjoys the city's streets, facilities, police protection and other advantages of the city for which city residents pay the major share. Q. Assuming that City "A" has the sales tax and City "B" does not, and a sale is made in "A" but delivery is to be made in "B", does "A" collect the tax? A. Yes. The sales tax is levied at the POINT OF SALE. Q. If merchandise is ordered from a mail-order business in City "A", which has the local sales tax, for delivery in City "B", which also has the tax, which city is eligible to collect on the sale? A. City "A" collects, since it is the point of sale, rather than delivery. Q. What are some of the items which are exempt from the 1% city sales tax? A. Among many other exempt items are included cigarettes, cigars, automobiles, water, telephone and telegraph, meals served by hospitals to patients, meals sold by a church, food products which are not prepared for eating, prescription medicines and prescription eyeglasses, cement, alcoholic beverages (unless included on meals), gasoline, farm machinery and products which will be used in the manufacture of another product which is not subject to this tax. A complete list of exempt items is available from the State Comptroller, Austin. Q. Who can vote on the 1% local sales tax? A. Any registered voter in the city. A simple majority is required to put the sales tax into effect.

ROCHESTER NEWS

EDWIN ROBERSON

STEERS CLOBBER BOBCATS!

The mighty Steers of Rochester had their happiest win of the season last week as they stomped Rule 14-0.

The bruising Steer defense rose to the occasion again for their fourth shut-out of the season, by throwing the Bobcat passers for many yards in losses as well as halting their running attack.

The Steer's offensive attack, led by the rushing of Roger Webb, Tommy Farrar, Tony Hollingsworth and Bob Hudspeth, was nothing to be sneezed at as they gained 192 yards via the ground.

The first quarter proved to be entirely defensive, but with 5:45 left in the first half, halfback Roger Webb ran over the goal line into the end zone from 5 yards out after the Steers had driven 49 yards in nine plays. The PAT kick failed and the Steers held a 6-0 advantage at the half.

Again the third quarter was more of a defensive game, but it took Rule to the Steer territory, threatening a Bobcat comeback. Then Kent LeFevre passed to Winston May for 34 yards to the Steer 9 yard line. As usual, the Steer defense pushed them back, and on third down Tony Hollingsworth recovered a Rule fumble on the 12 yard line to halt the comeback.

Then the Steers began a 73-yard drive to their goal. On

the eleventh play of the drive, speedy Roger Webb broke away from the Bobcat defenders as he sped 30 yards and his second touchdown of the night with the clock reading 2:20 left in the game. The Steers lined up to attempt a PAT kick. When it appeared to be blocked, Steer quarterback Bob Hudspeth passed to Tommy Farrar in the end zone for 2 extra points and an extra big cheer from the large crowd of Steer fans.

The entire Steer squad must be commended for their 14-0 victory. As always in this traditional rivalry both teams were fired-up and ready for a tough battle, but the Steers prevailed in winning their fifth straight game. The once highly-touted Bobcats were held to 62 yards total offense, and against their defense, Rochester managed 192 yards total offense and 14 points.

The great win boosted the Steer's season record to a 6-2 and their district record at 3-0. Rule was left with a 3-4-1 record for the season and 0-3 in district action.

The Steers are now tied with Throckmorton for the district lead, both with 3-0 district records.

This week the Steers may very well have their sternest test of the year so far. Lockett, losing to Throckmorton 7-6, moved down to second place and will be trying to keep their district chances alive. The Panthers are led by all-

state candidate, halfback John Reece. The Steers will enter Panther Stadium tied for first in district and carrying a 3-game winning streak.

Fullback Tony Hollingsworth who regularly holds down center position, has filled in well for injured Sid Smart to help Roger Webb and Tommy Farrar with rushing. The Steer defense has allowed less points this season than any other team in the district. Both Throckmorton and Rochester have allowed a mere 6 points in district for a tie in defense.

This is Lockett School District's final year of operation so they will be trying to upset the Steers and try to gain the title, but the Steers will be out to break a four year slump of defeats at the hands of the Panthers, so a revenge victory as well as another big district win would certainly be a giant step to the district title. The last time the Steers won district was in 1965. If the Steers win 1 or 2 of their remaining games, they will own the best season record for Rochester High in eight years.

In other district action, Rule plays Valley View, and Throckmorton collides with Newcastle in a traditional rivalry.

"Steers of the Week"

After viewing the film of the Valley View-Rochester game, the Booster Club voted to name Roger Webb and Randy Hines Steers of the Week. The vote was a tie.

Roger is a senior in RHS and plays offensive halfback. He also plays on defense. Roger is active in football and track, is a member of Speech Club, and is active in other school activities.

Randy is a freshman this year. He plays on the offensive line, and also sees some action on defense. Randy takes part in many school functions.

The Rochester Women's Literary Club met Thursday, Nov. 6, in the School Cafeteria.

The Rochester Girl Scouts had the program based on an Anti-litter campaign. The younger scouts led in the singing of America the Beautiful, and led in the Pledge of Allegiance. Sharon Mullino and Ofelia Newsom are the girl scout leaders.

Hostesses were Mrs. Earl Alvis and Mrs. Felix Mullino.

Attending were Mmes. Phil Simmons, Vestus Alvis, Thomas Bevel, W. H. Patterson, Miss Adelaide Hicks, Felix Mullino, Dan Wadzeck, John Nichols, Tony McWhorter, R. A. Shaver, III, Clinton Tanner, Earl Alvis, Clarence Gauntt, Warren Short, R. A. Shaver Jr., Mrs. Eunice Michaels and Don Lamb.

Mrs. Ace Adkins hosted the Rochester Bobby Club November 6, in her home. Attending were, Mrs. Mary Hutchens, Mrs. Lector Thomason, Mrs. Lois Speck, Mrs. Cleve Hester, Mrs. Mae Speck, Bobby Steele, Mrs. Hattie Wreyford, Mrs. Hattie Clark, Mrs. Eunice Newberry, Mrs. Mary Ada Bowman, Mrs. Vera Keel, and visitors were Mrs. Bethie Harris of Rochester, and Mrs. Eara Smedley of Wichita Falls.

Last week the Rochester Rotary club received a charter from the State of Texas to construct and rent new homes in Rochester. Through Farmer's Home Administration, a non-

profit organization receives a charter and thus borrows money for the construction of 1 and 2 bedroom homes. Presently the plans are to build ten such homes in Rochester.

The units are to be duplex style. The purpose mainly is for Senior citizens to rent, however, the renting will be first come basis. The construction of these homes will be approximately \$50,000.00.

Earl Alvis is Administrator, R. A. Shaver, Jr., and Hob Smith are Committeemen, and Aubrey Headstream is Secretary. The Rotary club are the members of the board.

The Rochester Yearlings ended their successful season with a victory over the Throckmorton Pups. This boosted their season record to 5-1. The Yearlings have now begun workouts for the coming basketball season, hoping to defend their district record.

The Rochester High School Steerettes met the Guthrie Girls team Thursday night and came home with a loss. The final score was 74-44. Saturday they attended a basketball clinic at Wayland Baptist College in Plainview, given by the famous Flying Queens.

The Junior high girls came home with a victory from Guthrie. Their final score was 27-7.

Impala's hidden persuaders:

- ① 350-cu.-in. engine
A new more powerful standard 250-hp V8 makes the 1970 Impala move with all the more assurance. On good of regular gas.
- ② Anti-theft column lock
A locking system is built right into the steering column. When you take your key with you, you lock not only your ignition but your steering wheel as well.
- ③ Aluminized exhaust system
It simply means that your original muffler, tailpipe and exhaust are going to last longer than you'd probably expect them to. Fair enough?
- ④ Side guard beams
They look like highway guard rails, and they're built into both sides of the car for extra protection in case of impact. Not too many cars have them.
- ⑤ Inner fenders
Up inside every fender is another fender to protect against slush and mud and help keep your Impala looking young.
- ⑥ Flush and dry
We build the car so that rain and wash water can run down through the inside of the rocker panels, then out. Air follows to do the drying.
- ⑦ Full Coil suspension
Huge coil springs at all four wheels are four big reasons why a Chevrolet Impala rides smoother and quieter than a low-priced car has any right to.
