## Happy 100th Birthday Jayton

### Kent County Centennial Celebration

August 21, 1976

#### Student Council Plans For The Centennial

On Monday, August 16, the Student Council met and made their final plans for the Bicentennial Celebration, August 21.

The Student Council is sponsoring the games and activities. Replicas of old coins will be given for 1st, 2nd, and 3rd along with a ribbon in each activity. Also the Student Council will be selling lemonade and donuts and have a coke-bottle toss. Here is an approximate time schedule for the activities: 11:30-Tricycle Racing, ages 2 and 3, ages 4 and 5, fathers.

12:40 pie-eating contest ages 5 through 12. "first in each category to enter". Ages 13 through 19, ages 20 and over.

1:15-Three-legged race, ages 5 through 12, ages 13 through 19, ages 20 and over.

1:30-Sack Race, "All ages".

2:00 Barrel Walking-Ages 9 and older.

2:30-Pin-the-tail-on-the-donkey. Ages up to 10.

2:45 Bubble-Gum-Blowing-Contest-ages up to 10.

3:15 Watermelon-Eating-Contest-ages 5 through 8, ages 9 through 12, ages 13 through 19, ages 20 and over.

3:30-Egg-throwing-contest, ages 5 through 8, ages 9 through 12, ages 13 through 19, ages 20 and over.

4:30-Tobacco-spitting contest-ages 11 to 19, ages 20 and over.

A horse-shoe pitching tournament will be going on today. Entrants should sign at the lemonade stand.

This schedule will be followed as closely as possible. Remember each 1st, 2nd, and 3rd finisher in each event and age group will receive an award. Those entering the tobacco spitting contest must have their own tobacco.

Be you there ready for fun and excitement.

Reporter, Otis Chunn

8:00 A.M. REGISTRATION (will continue throughout the day-register on the east side of the square)

During the Bar-B-Que music will be furnished by Bernice Goodall and Band.

On sale during the day will be watermelon, snow cones, lemonade, pops, sandwiches, hot dogs and chile pie.

#### The Jayton Jaybirds Are Rebuilding For A New Season

The defending Texas High School 1975 Quarter finalists Jayton Jaybirds, are now involved in twice a day drills to get in shape for the new upcoming 1976 season.

The following writeup is the outcome of an interview between Jayton Coach John Richey and Carter Cromwell of the Lubbock Avalanche Journal sports staff:

JAYTON-Jayton football coach Richey claims to always be an optimist "until" someone proves me wrong.

This season, the Jaybirds' opponents may have a tough time proving him wrong. Jayton went 10-2 last season and reached the quarterfinals of the Class B state playoffs before falling to Groom. And, with fall practice just underway, Richey says his team is further along now than it was at this time last season.

"I guess that seems kind of strange since we had a good season last year and graduated three all-stars from that bunch," he said, "but we've done well the first few days. We'll wind up with 40-45 players out for football, and we've got some quality people for the league we're in."

Defense will be Jayton's strong point, Richey added, and it will have to carry the team in the early going until the offensive unit jells. Eight starters are back defensively, but only four on offense, and the entire backfield, including three-time all state running back Mark Fincher, graduated.

The Jaybirds played eight games last season in which they allowed their opponents less than 100 yards total offense. They gave up 115 points in 12 contests.

Returning starters on defense include linebackers, Mario Segura and Joe Martinez, tackle Oscar Trevino, ends Boyd Dees, who has been moved to the secondary, Gary Sumner, and backs Gene Cleveland and Harold Parker.

The search is still on for a strong safety and a weak safety.

Despite heavy losses of the offensive unit, Richey is confident that it can develop into a competent one in time.

With Cleveland and Robert Segura, he has two good tailbacks with speed. Parker, a 6-4 player with 9.8 speed in the 100, has been switched to wingback on offense. "and he'll be a good target when we decide to throw."

Speed will be one of the major strong points of Jayton's offense this season, Richey said.

The Jaybirds will be basically a ball-control team offensively.

"We just line up and come at the other team," he added. "We don't try to do anything fancy."

#### ROSTER

ENDS: Harold Parker, 195, Jr.; Gary Sumner, 190, Sr.; Brent Cleveland, 160, Soph.

TACKLES: Lanny Hall, 230, Soph.; Ronnie Cheyne, 195, Jr.; Timmy Seaton, 180, Soph.; Larry Luna, 180, Soph.; Craig Hager, 220, Sr.

GUARDS: Mario Segura, 175, Jr.; Joe Martinez, 180, Sr.; Billy Harrison, 185, Jr.; Don Long, 160, Sr.; Charles Arnold, 190, Jr.

CENTERS: Oscar Trevino, 185, Sr.; George Johnson, Soph.

BACKS: Gene Cleveland, 180, Jr.; Randy Prince, 170, Jr.; Robert Segura, 145, Soph.; Steve Sweet, 145, Jr.; Donny Shipp, 170, Soph.; Billy Ballard, 140, Jr.; Kenny Kidd, 145, Soph.

QUARTERBACKS: Boyd Dees, 180, Sr.; David Cox, 140, Soph.; Brian Cleveland, 160, Soph.; Patrick Parker, 160, Fr.

#### 1976 SCHEDULE

Sept. 3-at Roscoe, 10-Spur, 17-Aspermont, 24-at Sands, Oct. 1-at Wilson, 8-Forsan, 15-Roby, 23-at Loraine, 29-Garden City, Nov. 5-Sterling City.

#### Art Auction Is Set At Spur 2nd

All Area Artists are invited to bring their painting to Spur on September 2nd and until 9:00 o'clock Friday morning September 3rd, to be entered in the annual homecoming show.

Louise Deering of Lubbock will judge the show. Mrs. Deering is the President of the Lubbock Art Association.

Ribbons will be given in all categories which are: Oil Landscapes, Still Life, Water Color, Pastels, Other Media, Copies, Portraits, Animal Portraits, Youth Division, and a miniature division.

Seven hundred dollars of purchase prizes have been pledged but it is expected that sales will amount to \$1500.00 or more.

The entry fee will be \$3.00 for adults; Youth-\$1.00 and miniatures 25c. There will be a 10 percent commission charged.

It is surprising how much a vacation in August or September night add several years to your life.

#### Registration To Be Held At The Square

Registration for the Kent County Centennial will be held on the east side of the square in Jayton. Registration will begin at 8:00 a.m. and continue throughout the day. Registration is free and each one present is urged to register and get your name tag.

Plans have been made to place the registration book on permanent display in the Kent County Library. Please be sure and register on Kent County's 100th Birthday celebration, so that the ones who attend Kent County's 200th Birthday can see your name.

"Kent County Memories" a tabloid published by the Kent County Genealogical and Historical Society will be on sale at the registration table for \$1.00. This publication is a look back in pictures of the early years in Kent County's history.

#### Member of Staff At Range Camp

Kent County Agent Mark A. Geeslin was a member of the staff of the State Range Camp at Junction during the week August 8-14. Sponsored by the Texas Section Society for Range Management, camp instructors were range management professors from Texas A&M and Texas Tech Universities. One County Agent, one Vocational Agricultural Teacher, and one adult leader was selected from the state to serve on the camp staff with the university personnel.

The Kent County Agent has worked with range demonstrations and 4-H range grass projects for a number of years. Kent County 4-H Club members were state winners in the State 4-H Club Range Judging Contests at A&M in June. Former 4-H Club members have won state and national awards in range management and conservation of natural resources 4-H projects.

The Range Camp is held annually at the Texas Tech University Center in Junction.

Just because half of the books published are not worth reading is no reason for refusing to read any of them.

#### Record Judging Held at Vernon

District III 4-H Club record judging was held at Vernon on July 26. Kent County youngsters did well in this event. These girls entered clothing records in the junior division; Kim Partridge, red ribbon; Jackie Harrison, blue ribbon; Lori Murdoch, blue ribbon; Vanessa Fowler, red ribbon; Gayla Prince, red ribbon; Judy Seaton, red ribbon and Johanna Richey, blue ribbon.

LaRhonda Carriker entered a clothing record and won second place in the senior clothing awards program. Janet Johnson entered a senior food and nutrition record book and won first place. Janet's record will be sent to state for further judging. Congratulations to all these industrious girls!

#### Field Day Is Set At Research Center

George Babcock, manager of Growers Seed Association this week invited area farmers and those engaged in Agri-business for the organization's annual field day to be held, Thursday, August 26, 10:30 a.m. The event will take place 2 1/2 miles east on U.S. 82 and one mile north of Idalou at the Growers Seed Research Farm.

"We're calling this 'Research in Action' because under the growers brand, we've developed a number of outstanding, high producing, varieties of hybrid sorghums, cotton, hybrid sunflowers and corn. They're all well worth showing off. We're hoping everyone involved in agriculture on the south plains will join us--look us over--and compare what we have to any other brands." Babcock stated.

Direction signs will be posted where the motorist turns north off of U.S. 82 leading to the field day site. Lunch will be served to those attending.

#### BOOSTER CLUB TO SPONSOR ICE CREAM SUPPER

The first football Booster Club Meeting will be Friday night immediately after the scrimmage with Motley County. This organizational meeting will be in the high school lunchroom. The cream will be served by the cheerleaders. The public is invited to attend and join the Jaybird Booster Club.

This Week

Does the name Karen Anne Quinlan mean anything to you? If you remember this is the New Jersey young lady who took an overdose of something, and has been in a deep coma for some time. Her family engaged in a heated lawsuit, contending for the privilege that they could unplug the respirator that was supposedly keeping her alive.

Family contended that her case was hopeless and it was cruel to keep her alive by artificial measures. Finally they won the court suit, and pulled the plug to the respirator. That was 83 days ago, and she is still alive.

This goes to prove the point that no one really knows about life and death, and no one really knows just when a person has reached the point of no return, on the way to death.

Over in Lubbock they are showing a film by the title of Poor White Trash. Advertising on this film says that children just will not be admitted to the show--with or without parents, and that police will be stationed at the site to see that this ruling is observed.

Over in Levelland, in anticipation that the film will be billed there, citizens are up in arms, and trying to block its being shown there.

"It must be pretty raunchy" said Charles Richards, publisher of the Levelland newspaper. And he was making efforts to check the matter out.

The Republican National Convention is now in full swing in Kansas City, and they are really having a bonnybrook. Ford is claiming he has enough delegates pledged to him to sew up the nomination, but Reagan is challenging it right down to the wire.

In tonight's session (Tuesday) a real battle is anticipated, Reagan is fighting Ford right down to the wire, and they are sparing no effort.

A very unsavory thing took place at the Reagan headquarters Sunday night. A clown put on a huge sack of a caricature of Nixon, and held up both hands in the typical Nixon fashion. Reagan's daughter stood on the side and his son on the other grinning widely. Besides being in, extremely bad taste, how is this supposed to make one candidate better or worse, than the other?

This gave the indication, that before the convention was named a candidate, Ford will not only have to answer for Watergate from the Democrats, but also from the Reagan Republicans.

Reagan tried to get a rule passed in the platform to make Ford name his VP running mate, but lost this counter.

**JAYTON SCHOOL LUNCH ROOM POLICY**

Jayton Public Schools today announced its policy for free and reduced-price meals and free milk for children unable to pay the full price of meals and milk served under the National School Lunch and Special Milk Programs.

Local school officials have adopted the following family size income criteria for determining eligibility.

Family Size	Free Meals	Reduced-Price Meals
1	\$0 - 3,680	\$ 3,680 - 5,730
2	0 - 4,830	4,830 - 7,530
3	0 - 5,980	5,980 - 9,320
4	0 - 7,130	7,130 - 11,110
5	0 - 8,190	8,190 - 12,770
6	0 - 9,240	9,240 - 14,410
7	0 - 10,200	10,220 - 15,910
8	0 - 11,150	11,150 - 17,390
9	0 - 12,010	12,010 - 18,740
10	0 - 12,870	12,870 - 20,090
11	0 - 13,730	13,730 - 21,430
12	0 - 14,590	14,590 - 22,770
Each Additional Family Member	\$860	\$1,340

Children from families whose income is at or below the levels shown are eligible for free or reduced-price meals and free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Under the provisions of the policy Jerri Parker will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally or in writing to R. N. Pierce, 806-237-2991 for a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

Each school and the office of the Jayton Public Schools has a copy of the complete policy which may be reviewed by any interested party.

**The RESPECTED WORD**

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

New Events Are Now Being Planned For Lubbock Fair

LUBBOCK—A western drill team from Abernathy and the Midland 4-H vaulting team will perform during an open horse show which will help launch the 59th annual Panhandle South Plains Fair here Sept. 25.

More than \$50,000 in premiums are being offered in competitive events slated during the eight-day run, Steve L. Lewis, general manager, said.

A quarter horse show also is on tap on closing day, Oct. 2. Ray E. Harshman, Sr. of San Diego, Calif., will judge the open horse show.

Advance entries are encouraged. A \$3 entry fee will be charged in junior classes and \$5 will be assessed in open and adult classes.

Stock seat equitation—13 and under, 14 to 17 and adult. Western riding (open); western pleasure horse (13 and under); stock seat equitation (championship); pleasure pairs (open); Saddle seat equitation, 13 and under, 14 to 17 and open; Hunt seat equitation, 13 and under, 14 to 17 and adult; Saddle seat equitation (championship); hunt seat equitation (championship); Saddle seat pleasure horse, 13 and under, 14 to 17 and open; Hunter under saddle (open); hunter seat pleasure horse (open); half-Arabian pleasure (championship); Arabian English pleasure (championship); park horse (open); Horsemanship over fences, novice, 17 and under, and open and championship; regular working hunter (17 and under); regular working hunter (open); junior jumpers (17 and under); and jumpers (open).

The horse shows have become highly popular at the fair in recent years, Lewis said, and annually attract some of the best horses in the area.

A top-notch lineup has been arranged on stage in Fair Park Coliseum. It includes: Charley Pride, along with the singing group Dave and Sugar, Sept. 26, Freddy Fender and Barbara Mandrell, Sept. 27-28, Charlie Rich, Sept. 29-30, and Neil Sedaka, Oct. 1-2.

Shows will be presented at 5:30 p.m. and 8:30 p.m. daily. Tickets are priced at \$4, \$5, \$6 and may be obtained at the fair offices, or by mail by writing to the fair association, P.O. Box 208, Lubbock, 79408. Mail order requests for tickets should be accompanied by a self-addressed, stamped envelope.

Classes In Radiology Now Being Set At South Plains

LEVELLAND—The final entrance examination prior to fall enrollment for the radiologic technology program at South Plains College will be given Monday (Aug. 16).

The test is scheduled at 8:30 a.m. in the SPC guidance and counseling office. There is no charge. The exam is required of all students planning to enroll in the two-year degree program in radiologic (x-ray) technology, said Doyle Davis, SPC program coordinator. He urged all interested students to take the exam.

Students completing the program will be awarded an associate in applied science degree and will be eligible to take a certification exam sponsored by the American Registry of Radiologic Technologists.

Classroom and lab studies and clinical practice in affiliated area hospitals help train students as beginning radiologic technologists.

Persons needing further information should contact Davis at 894-4921.

WHO KNOWS?

- 1. What is the Biblical name for Palestine? 2. Name the 13th President of the U.S. 3. For what was Vasco Balboa best known? 4. Name the five senses. 5. In what novel did Robin Hood appear? 6. For what is Guglielmo Marconi best known? 7. When was the Louisiana Purchase made? 8. When was the first U.S. President inaugurated? 9. How many pieces are used in a chess game? 10. What is an arboretum?

The fastest acting chemical is a cute thing with a devilish smile. Nearly everyone has a different recipe for a successful life.

DOLLS

Fabric-stuffed dolls, animals and pillows for infants should be washable. Check for holes or weak seams and repair them before laundering. These kinds of toys absorb much moisture during washing and require a long drying time. If items are machine dryable, use the highest drying temperature setting. Stop the appliance occasionally and shake toys to redistribute stuffing—the items will then dry more evenly, says Mrs. Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Ford tells Catholics he shares their concerns. FBI director says he was deceived.

LETTER TO EDITOR:

Dear Folks: Enclosed you will find my check for \$5.00. Please send the Chronicle to me here at Calgary.

I spent over a year in Eupora, Mississippi, and am now in Calgary, Alberta, Canada with Paula Shepherd, my granddaughter. Calgary has one-half million people, in the foothills of the snow capped Canadian Rocky Mountains and covers thirty square miles, no suburbs nor any adjoining towns, like Dallas, Miami, Florida and Los Angeles, Calif. Nice and cool. People do not have air conditioners, just fans and seldom turn them on.

Have just come back from a trip to Texas, found out the weather was the coolest in history and raining too. It has been unusually cool for Canada also. They have had rains which is very unusual for this time of the year. They were thrashing wheat in Eastern Colorado. It was a little dry there but have had rain since. The thrashing crews were working their way north as all that country raises wheat, but it was not ready in Canada as yet; just about ready for the thrashers to begin. They also raise cattle in this part of Canada.

We are going to British Columbia soon. Rick and his wife, also Jackie Shepherd live in B.C. Bill King and family are in Columbia S.A. and have been for several years. Margaret is still at Eupora Miss.

People are very friendly here, also in Mississippi. They are in Mississippi from all over the world, coming and going all the time. It is very hot there too. The last three days I spent in Mississippi I almost burned up. I had to go to Memphis, Tennessee for my plane then to Denver, Colorado, an hour lay over, changed planes at Denver, then non stop to Calgary, a lovely flight. Give my best regards to my friends.

Thanks, Mrs. W.T. Cathey 10306 Braeside Dr. S.W. Calgary, Alberta, Canada

Errors often arise when men try to prove that they've been right.

Answers To Who Knows

NURSING HOME NEWS

Thursday singers included Ruby Matthews, Eva Hahn, LaVern Kuenstler, with LaVerna Harrison leading and Mrs. Fowler playing the piano.

We wish to express special thanks to Mrs. Jake Fuller for the nice practical bids.

Patsy Johnson of Post, Billie Faye and Patricia Rodgers of Pampa visited Mr. and Mrs. Sam Johnson Sunday.

WILL MC KINZIE

W.H. (Will) McKinzie, 91, a longtime resident of Peacock, died Monday afternoon at Arlington Memorial Hospital in Arlington after a lengthy illness. Services are pending at McCoy Funeral Home in Aspermont.

Born in 1895 in San Saba County, he married Edna O. Sparks. He was a retired banker and rancher.

Survivors include two sons, J.E. and Claude; two daughters, Ithadean Matthews and Winell English; two sisters, Mrs. W.F. Brannon and Mrs. A.R. Osburne; and five grandchildren.

FDA issues warning on pacemakers.

Jobless rate looms as political issue.

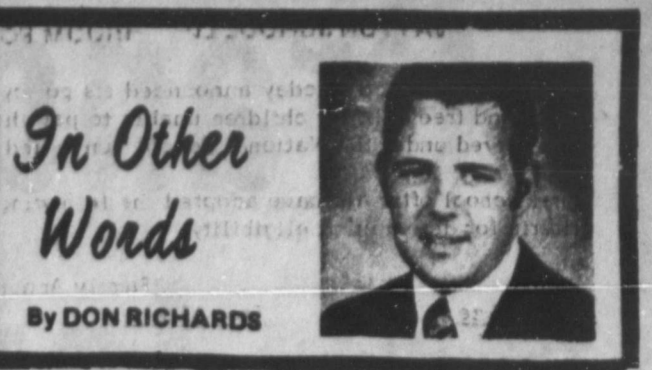

How big is the eye of a hurricane? Is it true that the eye is sometimes completely clear while for hundreds of miles on each side the sky is filled with clouds?

The eye of a hurricane is never more than a few miles, usually less than five. It's true that sometimes in the middle of the great storm—in the eye, so to speak—the sky overhead will suddenly appear blue.

Winds will calm down and for a few minutes a strange stillness will descend—with roaring winds just a few miles distant in all directions. This is the very center of the circular motion of the winds (counterclockwise), the hub of a great blowing circle.

The lull soon ends and when the winds return—they are from the opposite direction—and often just as strong as before.

PERHAPS YOU HAVE already read this but we would like to share it with you just in case you haven't. If you have read it, this may be your opportunity to clip it for future reference or for giving to a friend.

In either case here does:

WHAT IS A BOY?

Boys come in assorted sizes, weight and colors. They are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around or jumping to.

Mothers love them, Most girls hate them. Older brothers tolerate them. Adults ignore them. And Heaven protects them!

A boy is truth with dirt on its face, wisdom with bubble gum in its hair, and the hope-of-the-future with a frog in its pocket.

A boy has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of Paul Bunyan, the shyness of a violet, the audacity of a steeltrap, the enthusiasm of a firecracker, and when he makes something he has five thumbs on each hand!

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat), large animals, Dad, trains, Saturday mornings and fire engines.

He is not much for company, schools, books without pictures, music lessons, neckties, barbers, girls, overcoats, adults or bedtime.

Nobody else is so early to rise or so late to supper, nobody else can cram into one pocket a rusty knife, a half-eaten apple, three feet of string, an empty Bull Durham sack, two gum drops, six cents, a slingshot, a chunk of unknown substance and a genuine supersonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your workshop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind.

Might as well give up!

He is your captor, your jailer, your boss and your master—a freckle faced, pint-sized bundle of noise.

But, when you come home at night with only the shattered pieces of your hopes and dreams, he can mend them with these magic words...

"Hi, Mom and Dad!"

We enjoyed listening to George Dolan, page one columnist at the Star-Telegram, during the annual West Texas Press Association convention this past week in Fort Worth.

Dolan has a storeroom full of jokes and humorous stories which bring out the hilarious side of West Texas residents. We also had a short visit with him after his dinner speech and he asked about several of his friends.

We were especially honored at the convention during the presentation of awards in the yearly newspaper contest. A column we wrote this past year was judged first place and we also received a second and third place in other newspaper contest categories.

SOUVENIR FOOTBALL MAGAZINE

A souvenir football program of the State Quarter finalists Jayton Jaybird team was published last fall at the end of the season. Fully illustrated, the magazine sells for \$2.00. Buy them at the Centennial Celebration from Jerri Parker. \$2.00 per copy.

Donny Richards Gets Three Awards At Press Meeting From His Big Brother

The Richards brothers, Charles who is publisher of the Levelland Surveyor, and Donny, the publisher of the Azle News, had their day at the West Texas Press Association in Fort Worth Saturday. They are the sons of Mr. and Mrs. A.E. Richards, publishers of this newspaper.

Charles, a director of the press association, was in charge of the contests. His brother Donny, won a fist full of the awards, including first place in column writing, second in general excellence, and third in page makeup. Charles hastens to state that it was on the up-and-up, pointing out the fact that staff members of the Lubbock Avalanche-Journal judged the contest. Then Donny points out that his column that won first place, based on city hall and court house reporting, and open meeting laws, also won first place in the Panhandle Plains press Association judging earlier in the year.

Donny's awards were for entries submitted while he was news editor of the Plainview Reporter News. At present he publishes five newspapers from his Azle News office where he has been since April of this year.

Jim Reynolds, publisher of the Crosbyton Review was awarded the community service plaque at the meeting, and also two other awards.

Both Charles and Donny studied journalism at Texas Tech, and both served as editor of the University Daily during senior years there.

Charles did a stint in the Army, and then went to work for UPI, serving as sports editor in their New York office in 1969 and 1970. He covered a number of world-wide events, such as the Mets winning the World Series in 1969, the National Open Golf Tournament in Pittsburgh and one of the Ali fights.

Later he returned to Texas to work on newspapers in Hereford, Amarillo and the Lubbock Avalanche Journal, before beginning the Levelland Surveyor, now a semi-weekly paper, issuing about 30 pages each week, with 6,000 circulation.

Donny worked as linotype operator for the Avalanche Journal while attending Texas Tech. He dropped out one year and worked with his father in Ralls, which gave him more practical experience, and then went back to Tech, where he won many awards on the University Daily, including the story of the year award.

After getting his degree at Tech, he worked for the Plainview Reporter News, and also in Brownfield, Hereford, Crosbyton, and Amarillo, before going to Azle in April of this year.

He was also elected a director of the West Texas Press Association Saturday's meeting.
