## Abernathy Turnout at C. C. Convention Wins Praise

### Band Wins Fourth Place in Contest; Float Deemed One of Best

"A good time was had by all" is Abernathy's version of the West Texas Chamber of Commerce Convention held on Monday and Tuesday of last week.

Leaving Abernathy in the wee small hours of Sunday morning, the eight-car caravan had a delightful trip down to Wichita Falls, arriving there between 3 and 4:30 that evening. Accommodations were secured at the Bungalow Tourist Park, and all of the trippers are loud in their praises at the treatment and courtesies they received at that place.

Following their arrival, the band held a rehearsal, just to get in first class shape for the big day.

In the big parade Monday, the Abernathy Band led the way at the head of the big procession and was followed by the Abernathy float, the beauty of which elicited much praise from the throngs of spectators who declared it to be outstanding among the numerous entries. The Chevrolet Motor Company of Wichita Falls furnished a car for the float and a driver, and also designated the company's

offices as headquarters for the Abernathy delegation during their stay in the city, which courtesies were very much appreciated by the home folks.

The band contest was held on Tuesday morning in the auditorium of the Wichita Falls Junior College, and Abernathy was awarded fourth place in the class, a very good showing when it is noted that she competed against bands of 50 pieces or more.

On the Avenue of Nations, Abernathy was awarded booth No. 1, which was furnished and most artistically decorated by the Waples Platter Grocery Co., who in addition furnished punch and pineapple which Abernathy served out to the admiring crowds who thronged about the booth. Much credit is due the Waples Platter Co. for furnishing Abernathy with this booth and refreshments.

Abernathy stayed in Wichita Falls for the full time of the convention, leaving there Wednesday morning for a pleasant drive home to the Great South Plains.

Altogether, it was a very happy four days that the Abernathy folks spent, and they returned tired out, but highly enthused over the pleasures they had enjoyed, the wonderful sights they saw, the many courtesies extended them, and the thought that they had well and truly carried the greetings of Abernathy to West Texas.

The Harral Motor Company reports the sale of a new Chevrolet coupe to J. L. Hendrick of Amarillo on Monday of this week.

George Daggett of Tulia visited Dr. and Mrs. B. A. Prestridge Sunday.

## Primary Grades to Give Operetta

The Primary Department of the Abernathy Public School will present the operetta, "Midsummer Eve" on Tuesday night, May 24th, at 8:00 o'clock, at the tabernacle.

The story of the operetta is that a small girl who runs away from home at night to find the fairies. She is captured by the will-o'-the-wisps and is led astray but the brave little green elves rescue her and take her to the fairy queen, Mab.

Dorothy, the little girl, is adopted as a fairy princess but Dawn comes with tidings of a mother who weeps for her child and Queen Mab is induced to permit Dorothy to return home.

The operetta will be under the direction of Mesdames Shaw, Hardesty, and Risinger, and Miss Murphy, and the following is the cast:

Dorothy ..... Elizabeth Sterrett  
Queen Mab ..... Billie Faye Neal  
Herald ..... Olin Reed  
Pages ..... Adrian Tapp and Thomas Chapman.  
Will-o'-Wisps: Onnell Leory, J. F. Buske, Ralph Havenhill, John H. Carlisle, Leon Ramsey, Herbert Hardin, John Ralph Shehorn, Henry Vineyard, J. P. Daniels, and Guy Thompson.

Stars: Othel Crow, Elmina Crow, Mary Emma Stoffle, Charlene Day.

Little Green Elves: Agnes Rea, Dorothy Rea, Lozella Williams, Dara Emery, Opal Sisk, Lela B. Ashton, Irma Brown, Virginia Archer, Oneta Gilburth, June Moreman.

Flowers: Margaret Houston, Thelda Kelly, Theo Merrill, Zanette Williams, Pauline Potts, Millie Thomas, Sybal Groves, Kathleen Reed.

Courtiers: Ben Weir Risinger, Gorman Webb, Rudolph Ritcher, Ray Shehorn, Edgar Struve, J. D. Snider, Doyle Smith, Dewey Smith.

The program promises to provide a very pleasurable evenings' entertainment and everyone is urged to attend. No admission fee will be charged.

## Prospects for Gin Appear Favorable

At a meeting of the Farm Bureau Association members held last Saturday reports were had from the committees appointed to secure pledges for the building of a co-operative gin in Abernathy.

It is said that the committees' reports were very favorable and that a sufficient amount of stock was pledged to be taken to assure the possibility of the gin being built.

We understand that the matter of the location of the gin here now rests with a locating committee of the Texas Cotton Growers Corporation, who are expected to make a personal inspection tour to Abernathy in the near future. Several towns in the South Plains region have made application for a gin, and it is thought that not all of these will be able to secure one and the location of the gins which can be erected at this time will be dependent upon the impression made upon the members of the locating committee.

Abernathy members are confident that the prospects of this section and the interest of the members of this district in the project will make a very favorable impression on the locating committee and that Abernathy will be selected as one of the locations for a co-operative gin.

## High School to Graduate 13 Pupils Thursday Eve

### Congressman Marvin Jones to Give Commencement Address

On Thursday evening, May 26th, the Commencement exercises of the Abernathy High School will be held in the tabernacle at eight o'clock.

In addition to the all-important ceremony of presenting diplomas to the graduates a program in keeping with the auspiciousness of the occasion has been arranged, the main feature of which is an address by the Hon. Marvin Jones, U. S. Congressman from Texas.

Following is the program as arranged:

Processional  
Song, "Hail and Farwell" — Senior Class  
Address ..... Doyle Settle  
Piano Solo ..... Lois McKenzie

## Baccalaureate Service Sunday Eve

Marking the beginning of the Commencement exercises of the Abernathy Public School, the Baccalaureate service will be held on Sunday, May 22nd, at 8 o'clock in the tabernacle. The Rev. M. M. Young, pastor of the Church of Christ will deliver the baccalaureate sermon and the following program has been arranged in connection with this:

Processional  
Invocation ..... Rev. J. F. Michael  
Song, "Look for the Beautiful" ..... Congregation  
Solo ..... Mrs. Leonard Harral  
Sermon ..... Rev. M. M. Young  
Benediction ..... Rev. B. H. Warren  
Recessional

## Boy Scouts Take Camping Trip

Last Friday the Boy Scouts of Abernathy under the leadership of G. W. Johnson, enjoyed a delightful outing trip to Silver Falls, 60 miles southeast of Abernathy. The boys spent the night in camp, and returned late Saturday tired out but highly delighted with the camping trip. Seventeen Scouts enjoyed the outing and are looking forward to similar excursions in the future.

The local Troup of Boy Scouts was organized a little over two months ago and Mr. G. W. Johnson, organizer and Scout master, is highly pleased with the progress made in the short time since they have been organized and Mr. Johnson states that nearly all the boys have already passed their tenderfoot test and are working for their higher ranks very earnestly.

## Seventh Grade Exercises Wednesday

Though overshadowed somewhat by the Commencement exercises of the High School, none the less important are the graduation exercises of the Grade School which are scheduled for Wednesday night at 8 o'clock at the tabernacle. At this time the students of the Seventh grade will receive their diplomas showing the completion of their work in the Grade school and in connection with this important event in their lives the following excellent program has been arranged:

"Sally Ann Finds Herself," 2 act play  
Cast: Nannie Belle Emery, Pauline Jackson, Dorothy Settle, Winnie Williams, Charlotte Lindsey, Margarette Benn, Herbert Brown, Frank Clay, Shelton Hardin and Tildon Hill.  
Reading, "Never Mind," Jewel Brown  
Piano Solo ..... Lucille Heggen  
Reading, "The White Rose" ..... Evelyn Jeffreys  
"Voices of the Wood" ..... Class Chorus  
Address ..... Rev. B. H. Warren  
Presentation of Diplomas ..... Miss Ethel J. Martin

Subscribe for your home paper.

Personally, if we were assured of such a welcome as is Jupiter Pluvius in Abernathy, we believe that we would make a little more haste than he to receive it.

### Baseball Club Is Organized Here

Big league stuff is promised for Sunday afternoon when Abernathy will meet Anton in the diamond classic of the season. The game is called for 3 p. m. and all ball fans are requested to be on hand.

Anton took Abernathy into camp to the tune of 14 to 8, but it is going to be a different story this week declare the boys.

At a meeting held Thursday night in the Ideal Cafe organization of a Ball Club was perfected and the following officers elected: W. D. Magee, manager; Baird Prather, captain; U. L. Morehead, treasurer.

A few days ago a subscription list was circulated in town and \$102 raised to buy suits and supplies for the team. At Thursday night's meeting, another \$20 was raised, which was sufficient to start the boys off in a brand new outfit all around.

### Magnolia Filling Station Purchased

G. C. Gilliland and A. A. Crow last Saturday purchased the Magnolia Filling Station from Messrs. Brandt and McBride, and will operate the business under the same name as heretofore, and will continue to dispense Magnolia gas and oils, Federal tires and Philco batteries, and will also carry a full line of auto accessories and supplies.

Mr. Crow will be in active charge of the station, and is looking forward to seeing all his old friends again. He was for two years employed with the Magnolia Filling Station, and says he is glad to get back on familiar ground once more. Arthur Crow will also be there to dispense service along with gas and lube. Messrs. Gilliland and Crow state that they are going to try and give real service to their patrons, and solicit a trial from their friends.

The many friends of J. M. Fields will be glad to know that following an operation Monday at a Lubbock Sanitarium his condition is somewhat improved and every hope is held out that he will soon recover from his illness.

On the trip down to Wichita Falls, it is reported that Buford Haines did a little soliloquizing after the manner of Hamlet. Buford's version, however, was "A bee or not a bee?" For full particulars, ask anybody who was along on the trip.

#### GAS FRANCHISE

According to reports from Lubbock the offer of the Bullock interests to supply natural gas to that city by December 1st was not considered and the city commission renewed the franchise with the McMahan company. Some time previously the McMahan interests were granted an extension on their franchise permitting work on the pipe line to begin June 1st instead of May 1st as originally called for but the time for the completion of the project is still set at December 1st.

### Kindergarten Pupils Display Progress

Mrs. M. M. Young's Kindergarten school closed last Friday at which time an interesting and enjoyable closing exercise was had. The little pupils demonstrated what fine progress they had made in arithmetic in the rule of 45, one of the pupils, Cortez Daniels, doing the problems in 1 minute and 35 seconds. A spelling match gave evidence of the little pupils' progress along this line.

Following the exercises, refreshments of ice cream and cake were served to the pupils and the guests present, who were the following: Mesdames Preston Gilbreth, Charlie Daniels, F. W. Struve, W. A. Richter, W. D. Magee, Geo. W. Rigland, and Grandma Ashton, Mr. and Mrs. F. O. Ashton, Messrs. C. W. Beene and M. M. Young.

### Stork Is Busy Past Week

Taking advantage of the nice dry weather, the Stork has been very busy around Abernathy the past two weeks.

On Wednesday, May 11th, Mr. and Mrs. Oscar Wiley, living 8 miles north of town, were presented with twins, a boy and a girl. Mother and babe are reported doing well.

Friday, May 13th was anything but unlucky for Mr. and Mrs. Jerry Tannehill of Abernathy, for on that day they were presented with a fine baby girl. Mother and babe are doing fine.

Mr. and Mrs. Charlie March bank, living nine miles west of town, don't think there is anything to the superstition of Friday the Thirteenth being unlucky, for on that date they became the parents of a fine baby daughter. Mother and babe are doing fine.

Mr. and Mrs. E. L. Moore of the County Line community are the proud and happy parents of a fine 8 pound boy who arrived Friday night, May 13th.

Miss Clara Matosky, who is teaching in the Littlefield schools, visited relatives in Abernathy the past week end.

#### MICKIE SAYS—

PERSONAL STATIONERY WITH YOUR NAME AND ADDRESS ON IT IS VERY FASHIONABLE NOW, AND QUITE CONVENIENT AS WELL. DROP IN AND LET US SHOW YOU SOME NICE WORK THAT WE HAVE BEEN DOING IN THIS LINE.

#### Delicate Surgical Feat

The bronchoscope, the invention of Dr. Chevalier Jackson, who received the \$10,000 Philadelphia award for conspicuous service, removes foreign bodies from the lungs of patients. The long instrument is inserted through the mouth into the lung, which is illuminated by a tiny electric light. A forceps grasps the swallowed article, which is withdrawn from the lung without injury.

### Stone Gin Adds New Machinery

Extensive improvements are being made at the T. B. Stone gin, and which, when completed, will result in virtually a new gin being had. In addition to installing new machinery, the size of the gin is being increased and its capacity raised, five new stands are being installed, also two new Hancock Hull Extractors and a new 26-cylinder cleaner.

The new stands to be installed are the new Murray air blast, latest improved all steel stands. The all-steel feature of these stands reduces the fire hazard considerably, whilst the Murray has long been recognized as a leader in the ginning machinery field.

The new Hancock Hull extractors are being installed by Mr. Stone to meet the changed conditions of ginning brought about by sledging and other methods of cotton gathering. These machines are virtually cotton pickers, being separate from the gin, and removing the burrs and the shale from the cotton before it is fed into the gin. The Hancock machines have no saws, but operate with a system of picker fingers which pull the cotton from the burrs. Mr. Stone operated one of these extractors at his gin last year and states that the results from it were highly satisfactory to both himself and his patrons, the machine improving the sample of the snapped cotton two grades or more, and improving the picked cotton one grade.

The addition of this new machinery is causing numerous changes to be made in the arrangement of the gin and chief among which is the lowering of the square bale press into a specially prepared pit. The top of the press is now level with the ground floor of the gin and will enable the placing of machinery on the floor level it formerly occupied. The lowering of the press into the brick lined pit has the further effect of reducing the fire hazard considerably, Mr. Stone asserts.

No changes have been made in the round bale press or in the power plant, the latter being fully capable of taking care of all the needs of the plant.

The new Murray gin stands are expected to arrive in Abernathy about June 15th, at which time all arrangements will have been made for their erection and they will be installed and ready for operation within a few days after their arrival.

W. R. Charters, of Roxana, visited Dr. and Mrs. B. A. Prestridge of Abernathy on Wednesday of last week. Mr. Charters was on his way to Lubbock, and after remaining there for a few days passed through Abernathy Friday on his return home.

Subscribe for your home paper.

### Three Serious Accidents Past Week

The past week witnessed quite a chapter of accidents in Abernathy, three quite serious ones being reported.

About 7:30 a. m. on Tuesday of last week the eight year old son of J. F. McMasters, living about five miles northwest of town, suffered a broken thigh when the horse he was riding reared back and fell on him. Dr. Prestridge was called and the injury treated. At last reports the patient was progressing favorably.

Wednesday of last week W. J. Thomas suffered a broken arm when thrown by a bull. Mr. Thomas was out in the lot tending his cattle when the bull made a rush for him and in trying to avoid the onslaught he fell, fracturing his arm above the wrist.

On Friday of last week what was at first thought might prove fatal injuries were sustained by Claude Patterson, living about three miles north of Abernathy. An oil stove which he was tending exploded and set fire to his clothing, causing serious burns on his arms and hands, and his entire right leg. He was rushed into Abernathy and medical aid summoned and was attended by Drs. Givens and Prestridge at the office of the latter in the Abernathy Drug Co. building. After emergency treatment the patient was removed to the Lubbock Sanitarium where at last reports he was progressing favorably.

Dr. McBride is home again from the sanitarium at Lubbock and is much improved in health. He is still taking daily treatments in Lubbock and says they will soon have him "as good as new."

We Want to buy your Threshed Grain Maize and Kaffir Heads

We Pay The best market prices

Farmers Coal & Grain Co. Abernathy, Texas

### By The Appearance --Not The Odor

You want your clothes to show that they have been Cleaned and Pressed by their appearance --not by an odor of gasoline. Our latest Odorless Dry Cleaning System gets the dirt and the odor too.

For the best in barbering, our modern and sanitary barber shop.

## Struve Mercantile Company

Hardware, Dry Goods and Groceries

We Have Sales Day Every Day

## LOW RATES for time payments on these cars

ANY FAMILY entitled to credit may buy a General Motors car and pay for it while using it, under the GMAC Plan.

When time payments first became an accepted form of car purchase, General Motors organized its own finance company, the General Motors Acceptance Corporation, to make sure that the sale of its cars on time would be in the buyer's interest and that the finance charges would be fair.

GMAC rates have always been low; and the last reduction has saved General Motors' customers more than \$12,000,000.

The General Motors line includes "a car for every purse and purpose"—a suitable model for every income. You can buy it out of income, paying no more than the cash delivered price, plus only the low GMAC financing charge. And the whole transaction is so conducted as to keep your goodwill and satisfaction.

### CLIP THE COUPON

USE THE GMAC PLAN to enjoy a new car now. Use it to get a better car for what you plan to spend. Have General Motors quality. Share in the economies of volume production. Look over the list of General Motors cars below. See which car suits your purse. Then check and mail the coupon. We will send you full information about that car and about the fair, low-cost GMAC Plan of paying for it out of income. Don't wait. Clip the coupon and mail it TODAY.

## GENERAL MOTORS

### CLIP THE COUPON

General Motors (Dept. A), Detroit, Mich.

PLEASE send, without any obligation to me, illustrated literature about the General Motors product I have marked below—together with the name of the nearest dealer in case I may wish a demonstration. ALSO SEND YOUR PROVING GROUND BOOK.

Name.....

Address.....

**CHEVROLET** 7 models—\$525 to \$745

The quality car of the low-priced field. 3-speed transmission. Strong rear axle. Smooth dry-disc clutch. Over-head valve engine. Fisher Bodies. Duco finish. Fully equipped. CHEVROLET TRUCK CHASSIS: 1/2-ton, \$395; 1-ton, \$495.

[ALL PRICES F.O.B. FACTORY]

ALSO—

FRIGIDAIRE electric refrigerators. The largest selling electric refrigerator in the world. Built by General Motors. Many models.

DELCO-LIGHT electric plants. Another General Motors product. Brings you all the conveniences and labor-saving devices of electricity.

**AN APPRECIATION**

On Sunday, May 8th, the members and friends of the Methodist Church at Lakeview gave Mr. and Mrs. Harry Ragland a flower shower, and an old time hand shaking as an expression of their appreciation for the long and faithful service to the religious cause in that community. This was most worthily bestowed. To the writer's own personal knowledge there are no more faithful folk in that community. It is needless to say that Mr. and Mrs. Ragland appreciate fully the love and high esteem in which their friends and

neighbors hold them. Such people are the salt of the earth, the light of the world, and bright and shining lights for all those walking in darkness. Many, many thanks for the consecrated saints of God. May the Lord's blessing continue to abide with Brother and Sister Harry Ragland.

Faithfully,  
Joseph F. Michael

The Community Club has disbanded for the summer and will hold its next meeting the second Thursday in September, the hour to be decided later.

**Gulf Refining Co. Builds New Depot**

Construction work started last Thursday on a new warehouse and depot for the Gulf Refining Company and completion is expected in sixty days according to R. B. Smith, local agent for the Gulf Company.

The new station is located on the east side of the Santa Fe tracks and across the street south of the Plains Grain Company elevator. The depot will consist of two large storage tanks and an office and warehouse building, 20x40 feet. The office and warehouse will be of frame construction with metal roof.

A full line of the Gulf Refining Company products will be stored in the warehouse, the line including in addition to the familiar "Good Gulf Gasoline," lubricating oils, greases, kerosene and disinfectants.

The territory which the local agency, in charge of Mr. Smith, serves includes Abernathy, Petersburg and County Line.

**CALLED MEETING**

A called meeting of Abernathy Lodge No. 1142, A. F. & A. M., will be held Friday night, May 27th, at 8 o'clock. All Master Masons are requested to attend.

Troy Stambaugh, W. M.

Don't accuse Chris Benn of getting old if you see him hobbling around with the aid of a cane these days. He says he's still young as ever, but in some manner sprained his knee while at work Saturday and is unable to bear any weight on his left leg.

**A Hot Weather Suggestion**

For the evening meal these hot days, why not try some nice fresh sandwiches, made from any one of our delicious

**SANDWICH SPREADS**

Slices of fresh bread, covered with your favorite Spread are really delicious these hot days and they take only a little while to fix.

We have all the old favorite Spreads and a new one, too. KAY is the new one's name. Try a jar—you are sure to like it.

All kinds of Fly Killers at McALLISTER BROS.

Mrs. Antor Zeman returned last Thursday from Melrose, Wis., where she has been for the past three months on a visit to her brother, C. H. Tiffany, who recently underwent an operation for goiter. Mrs. Zeman reports her brother as having recovered nicely from the operation.

Miss Hallene Hudgins was elected for one of the history teachers in the Canyon High School. Miss Hudgins is getting her degree this year from the West Texas State Teachers College.

The Bell Ice Cream Company have a very attractive window display in the Pinson Pharmacy. The various products of the company are very temptingly displayed, while the center of attraction is a realistic and life-like model of a cow, which wags her tail, winks her eyes, turns her head, and lows forth in cow language the merits of Bell Ice Cream.

**HOW**

**COW WITH TUBERCULOSIS WAS FOUND BY RADIO.**— Radio led recently to the detection of tuberculosis in a cow and then found the farm on which the cow was kept. Fascinating as it may sound, here is the occurrence, as reported to the United States Department of Agriculture by Dr. W. T. Conway, a federal veterinary inspector in Pittsburgh.

A farmer near Wilkesburg, Pa., had been a regular listener on a series of talks broadcast from Pittsburgh on the activities of the bureau of animal industry. One of the talks was on tuberculosis eradication. His interest thus aroused, turned to one of his own cows which had been noticeably unthrifty and affected with a bad cough.

He went to the local office of the bureau of animal industry for advice. The inspector in charge informed the state representative of the case. The state man made three futile attempts to reach the farm by following the directions which the farmer left. Failing to reach the inquirer in this manner the farmer was "paged" by radio from station KDKA. It was announced that efforts had been made to reach him, and he was asked, if he was listening in, to get in touch again with the office.

Two days later the farmer came to the office. Arrangements were then made to conduct the state representative to the farm for an examination of the suspected animal.

**How Nature Guards**

**One's Nervous System**

We hear much about our nervous systems these days without understanding, except in a vague way, what it is all about. It has remained for Dr. Wilfred Trotter of the University College of London to offer an easy-to-grasp explanation.

The nervous system, he says in Popular Science Monthly, is like the electric wiring in your house. All the nerves which reach out from the brain to the various parts of the body are insulated from other bodily tissues as carefully as house wiring is insulated by the electrician.

When this insulation breaks down we suffer pain, says Doctor Trotter, just as a break in electrical insulation may start a fire. Thus when a nerve is cut so that its fibers touch other tissues, we feel the pang of the contact.

**How Coins Originated**

The first shekel was not a coin although it later became a coin name. The early shekel was a weight. The same was true of the talent about which we read in the Scriptures.

The first coin was made of unrefined gold, called electrum, nature's composition, of about 70 per cent gold and 30 per cent silver. Among the early coins of which we have definite information was one of the Seventh century B. C., or thereabout, in Lydia, Asia Minor, one of whose later kings was Croesus, famed for his wealth. Those intelligent people, the Lydian Greeks, got tired of having to weigh and test their money each time it was transferred from one person to another. This became a nuisance and some ancient inventive genius, thought it would be a good thing to have a stamp upon metal to guarantee its value.

**How Devil's Tower Formed**

The geological survey says that the Devil's tower of northeastern Wyoming is a small part of a once extensive domelike sheet of igneous rock which was once molten and was formed below the surface. The rock when molten flowed upward through a neck that is probably below the tower, and as it cooled off and hardened it shrank and cracked into six-sided vertical columns of rock. During the many millions of years since the cooling of the igneous rock streams and other processes of erosion have lowered the surface of the land and have not only carried away most of the rock strata inclosing the domelike sheet, but have also carried away most of the sheet itself. The only part that is left is the bold, precipitous tower, the sides of which are strongly fluted by great stone columns.

**How Salt Is Obtained**

There are really three ways in which salt may be secured; first, by mining; second, by evaporating sea water, and third, by digging wells until a salt vein is struck and then pouring down water and pumping it up again as brine. When the veins or leads of salt lie at a great depth below the surface it is usually much cheaper to resort to the brine-well method than to mine it out like coal. This brine is put through a plant which heats, filters and evaporates it, leaving only the dry salt. When this product is refined, sifted and graded it is ready for sale and use.

**How to Place Piano**

It is always a good plan to place the piano a few inches from the wall of a room, especially if it is against an outside wall. The dampness coming through often ruins the tone of an instrument.

Economy means in most of our lives self-denial.

We can make this pleasant or unpleasant as we wish.

With some individuals it is a pleasure with others it is a drudgery.

**The First State Bank**

**ANNOUNCEMENT**

We wish to announce that we have purchased

## When it Costs No More

There's a big difference between United States USCO Cords and the nameless waifs--but its not in the price.

USCO Cords are sold with the warranty of the United States Rubber Company--the name is always stamped on the sidewall.

When you can buy Quality at the same price why buy guesses?
