

IT'S FAIR TIME!

Gets Underway Today; Parade 5 P. M.

The mile-long parade will form on East highway 24 across the railroad tracks, under the direction of Bob Philpot as superintendent of the overall colorful event, and Danny Tollison as superintendent of the children's division. A total of \$60 in prize money will be awarded the winners in the kids division with \$100 to be divided \$50 first, \$30 second and \$20 for third place to the three floats judged to be the most outstanding in that particular division

of the parade. It will follow a winding route to include side streets and all four sides of the business section before breaking up back on highway 24 east of the square. Visitors and parade entries will be welcomed over the public address system by Chamber of Commerce Manager, Rex Felker, who will narrate the parade. At 7:00 p. m., following the downtown street parade, the State Prison Band from Hunts-

ville, will play a free concert at the fair grounds. Following the concert, the old-time Gospel Singing will begin on the same stage under the direction of Tom Watson who states that a number of singers will be here to include several out-of-town quartets. Several hundred head of fat calves, sheep, rabbits and poultry are expected to be on exhibit in the new facilities erected this year and in com-

plete readiness for the opening today, Thursday. The exhibit hall is expected to be full of interesting displays, exhibits and educational booths and many entries in the flower show. Music will be provided by the S&M Music Company of Abilene with a Hammond Organ and also a piano provided for each night of entertainment on the stage. Friday night, October 2nd has been set up for the old time

fiddlers to compete, and indications are that 12 to 15 will be here to fiddle the oldtime breakdown music popular in the early days and in present times. Clarence Meier and Glen Mac are in charge of this particular contest as well as the western and folklore music which will be the feature musical entertainment for Saturday night. A tractor driving contest for Haskell County high school boys is scheduled to begin at 8:00

a. m., Saturday, with Pat Hale of Hale Farm Supply as superintendent. The western activities Saturday at 8:00 p. m., in the fair grounds rodeo arena promises to be an interesting one for lovers of rodeo. It will be directed by Jerry and Maxine Hannsz with Billie Jack Ray to serve as master of ceremonies. On Saturday, October 3, flying enthusiasts will have the opportunity of taking a ride over

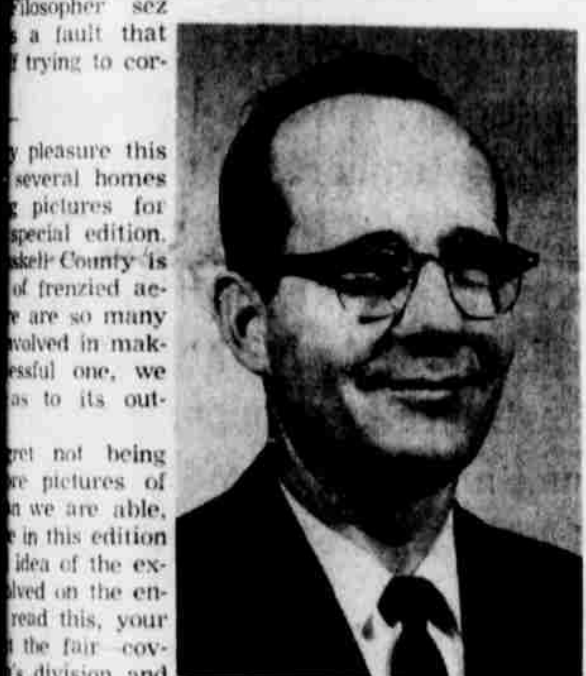

the city and fair grounds in a helicopter provided by Red's Helicopter Service of Millsap, who has advised fair officials that he would be here all day Saturday for that purpose. Special attention has been given to fair officials to set up a varied program which will be interesting to all ages and they are cordially inviting everyone to make a special effort to be in Haskell for each day of the Annual Haskell County Fair.

Homecoming Set Saturday At Weinert

RUSSELL JOHNSON
Saturday, October 3, will be a big day for Weinert's Homecoming activities. Registration begins at 9:00 a. m., and continues until 5:00 p. m.

The program will begin at 2:00 p. m. with an Ex-Student, Russell Johnson the guest speaker. Mr. Johnson is a 1945 graduate of Weinert High School and a 1951 graduate of Hardin-Simmons University. He is married to the former Sue Walker of Weinert and they have two sons. Mr. Johnson is a partner of an insurance firm in Hurst. Mrs. Don Davis and the Weinert choral group have an interesting and outstanding musical program planned, with Miss Debbie Hutchinson, a third grader at Weinert, opening the program singing solo, "Happiness Is." Mrs. Mabel Derr accompanied by a singing group, will present an interesting version of "Dearie."

Visiting and class meetings will be held at various places after the planned afternoon program. The Home Economics room will serve sandwiches, Cokes and coffee throughout the entire day. A Bar-B-Q supper will be served at 5:00 p. m., followed by a pep rally and bon fire, setting the mood for the football game at 8:00 p. m., when the Weinert Bulldogs will battle the Moran Bulldogs. Everyone is encouraged to attend and enjoy the food, fun and fellowship.

J. W. SIMPSON IS INJURED IN FALL
J. W. Simpson, 81, of Haskell, received a broken right hip bone in a fall in the back yard at his home, 306 S. 2nd, around 5:30 p. m., Wednesday, September 23. He was taken to the emergency room, Haskell Memorial Hospital, in a Holden-McCauley ambulance, then later transferred to the hospital in Anson, where he had surgery last Thursday morning.

Indians Down Quanah 41-0

By BILL COMEDY
Our Haskell Indians traveled to Quanah Friday night and were unchallenged by the Quanah tribe 41-0. A good crowd of fans from Haskell was there to watch Charlie Franklin pick-up 306 yards and go over for six touchdowns, in 55-60 degree weather with about 40-45 mph winds, a true indication of the football weather to come. It was Haskell's game all the way as the Quanah Indians only handled the ball five times in the first quarter. The scoring began when Haskell received the opening kickoff on the 27-yard line and 12 plays later, Charlie carried from the 9-yard line for the first TD. Franklin carried around left end for the conversion, putting Haskell 8-0

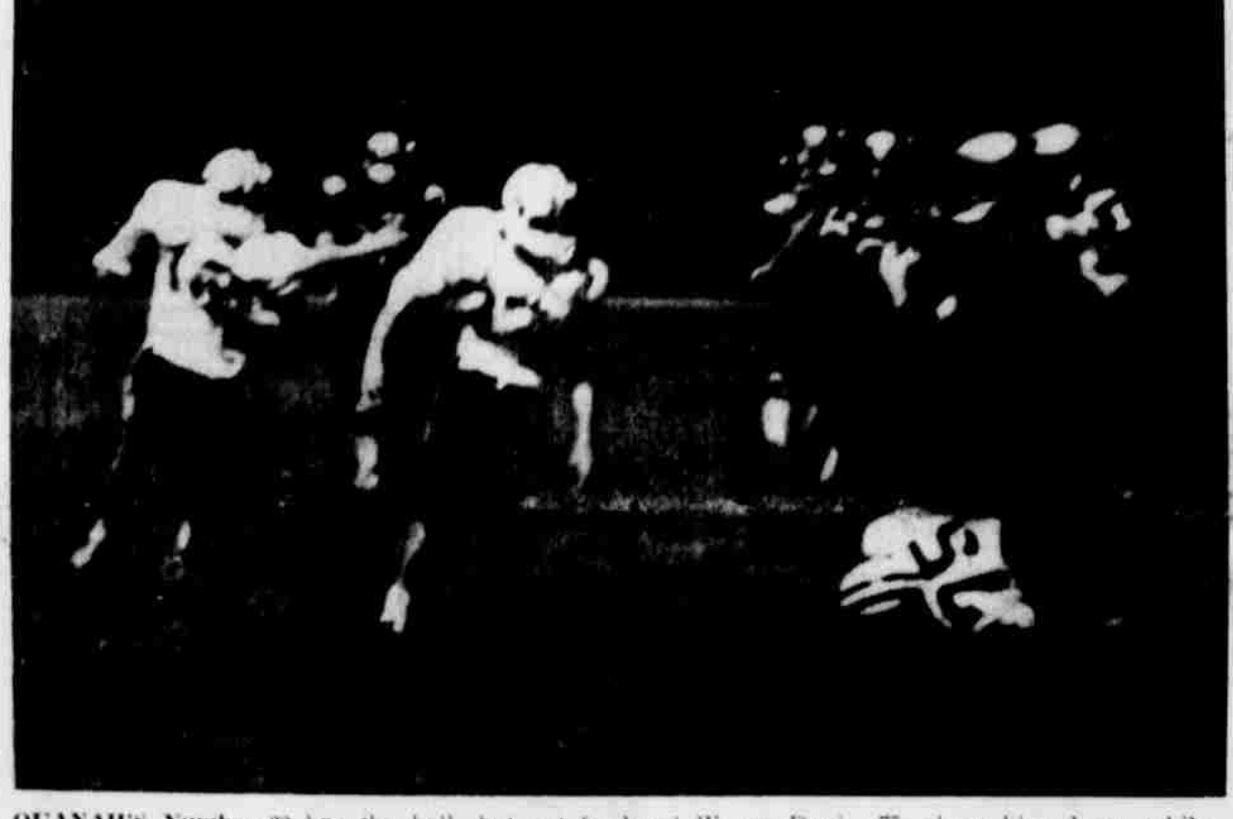

early in the first period. The Quanah Indians received the kickoff on the 46-yard line, but the strong Haskell defense held them to only 6 yards, and they were forced to kick. The Indians took the ball on the Syard line and Keith Everett and Jackie Young picked up good running yardage. A 59-yard run by Young to put Haskell on the 27. Again Franklin rolled from those for his second touchdown. Everett's (Cont. on Back Page, Sec. 1)

Rodeo Events To Add Color To The Fair

Rodeo events for participants and spectators for the western activities to be held on Saturday night, October 3, at 8:00 o'clock in the fair park arena will include the following events, according to Mr. and Mrs. Jerry Hannsz, superintendents of this particular phase of the Haskell County Fair:
Barrel races: Ages eight years and under; 15 and under; 16 and over and open barrel race. Same horse and rider may enter only one barrel race.
Pole Bending: Five poles any age; six poles and any age.
Flag Race: Eight years of age and under; 15 and under; 16 and over.
Rescue Race: Ages 15 and under; 16 and over.
Stake Race: Age group will be divided according to total number of entries.
Pony Express Race: Boys only. Riders will be required to have two horses and one saddle.
Trophies and ribbons will be awarded to winners in each event.
Mrs. Hannsz urges local participants to enter early.

"DRIED DESTINY" . . . Mrs. Ed Hester, left, of Haskell, Mrs. H. H. Hines, center, of Rule, and Mrs. C. B. Rhea, right, of Haskell, discuss the finer points of flower arranging with Mrs. Rhea's Dried Destiny as an example. The croton plant at left will also be shown in the Haskell County Fair flower division this weekend. Mrs. Hester is vice-president of the Haskell Garden Club and chairman of the flower show at the Fair; Mrs. Hines is president of the Rule Garden Club and co-chairman of the flower show; and Mrs. Rhea is schedule chairman of the Fair in the Woman's Division, and third vice-president of the Haskell Garden Club. Attend the Fair and see many, many more beautiful arrangements.

QUANAH'S Number 22 has the ball—but not for long! Wayne Davis, 75, slows him down, while Jackie Young, 37, and Keith Everett, 10, come in for the stop. Our Indian defense kept Quanah scoreless in Friday night's game.

Farmers Union To Hold County Convention

According to Willard Mullins, president, the Haskell County Farmers Union will hold their annual County Convention, on Tuesday, October 6, at 7:30 p. m., in the dining room, Felker's Restaurant, in the form of a dinner meeting. Guest speakers will include Kenneth Moss, and Mike Manigal, who are presently working in every county in Texas, assisting in the growth of the Texas Farmers Union. New county officers for the coming year will also be elected. Mullins urges the attendance of the ladies as well as the men.

Children Should Be Immunized Against Diphtheria

Dr. T. W. Williams, County Health Officer, urges all parents to have their children immunized against Diphtheria, as soon as possible. "Those who have previously had their shots should have booster shots, if it has been two years since their first series," Dr. Williams said. The Diphtheria shots may be obtained from their local Doctor; CAP Center, or the County School Nurse. The County Health Officer pointed out the reason it is important that the immunization shots be taken, is due to the recent outbreak of Diphtheria in the Valley and at San Antonio.

Chevrolet introduces New Glide-Away tailgate

Substantially more glass area, all-new styling and greater interior room are features of the full-size 1971 Chevrolet wagons. Three-seat wagons have a forward facing third seat. A new interior ventilation system exhausts air through louvers in the tailgate. Standard on the Kingswood Estate and other full-size wagons is a new Glide-Away tailgate that gives full access to the rear of the wagon even in close quarters. At the turn of a key, the power-operated window moves upward into the roof. The tailgate then slides manually down under the load floor. A power disc/drum brake system is also standard. New Chevrolets go on sale on Tuesday, September 29.

Chaplain Barnett Retires From Military Service; Awarded Medal

Chaplain (Colonel) Robert Barnett, after completing 25 years in the Army, has retired at Fort Hood, Texas where he was Post Chaplain. He was awarded the Meritorious Service Medal, and was presented a retirement Certificate of Appreciation from General Westmorland, and a Soldier of God Citation by the III Corps Chaplain.

Chaplain Barnett entered the Army in 1942 while Pastor of Pinkerton Baptist Church. He was one of two 30th Infantry Division Chaplains who hitchhiked from the 9th Replacement Depot in England through Holland and France to the World War II front lines without using normal replacement channels. It took them two weeks. After a few incidents in the front lines and incoming artillery, he wondered why he was so anxious to get there.

In 1946 Chaplain Barnett left the Army to finish his Seminary degree and was again pastor at Pinkerton. He re-entered the Army in 1948. He served in the 30th Infantry Division, 101st Airborne Division, 71st Infantry Division, 4th and 5th Infantry Division, and III Corps.

During the Berlin Airlift, he served with the 1st Infantry Division in Berlin. He served in three Infantry Basic Training Divisions, and was the Training Division Chaplain at Fort Benning, Georgia before coming to Fort Hood, Texas. While serving at Fort Lewis, Washington in 1957 he was nominated for the award of "Chaplain of the Year."

He has served over 10 years in Europe and the Far East and other places on overseas tours. Besides the awards mentioned above, he was awarded four battle stars from the 30th Infantry Division and the Bronze Star Medal from World War II. He has been awarded three Army Commendation Medals, and numerous citations in letters of Commendations and Appreciation from his commanders.

Robert, Alma, Marguerite and Doye are residing at 10610 Cedar Elm Drive in San Antonio, Texas. The girls are attending Churchill High. Bobbye is a student at Texas University in Arlington. Chaplain Barnett has tentative plans to work with Billy Graham films.

Awarded Meritorious Service Medal

One of the Nation's highest non-combat medals has been awarded to Chaplain Robert Barnett. The Meritorious Service Medal is a new innovation, above the Commendation Medal, and just below the Legion of Merit. The Citation of this award is as follows: "By Direction of the President of the United States, the Meritorious Service Medal is awarded to Chaplain James R. Barnett, for Exceptionally Meritorious Performance of Outstanding Service."

"Chaplain James R. Barnett distinguished himself by exceptionally meritorious service in the performance of outstanding service in a position of considerable responsibility as Deputy

Post Chaplain, Division, Office of Staff, Fort Hood, Texas, during the period from August 1968 to 31 August 1969. He demonstrated leadership, professional competence, keen personal initiative, and a sense of responsibility in the administrative activities under his direction. He demonstrated exceptional efficiency in the administrative activities under his direction. He demonstrated exceptional efficiency in the administrative activities under his direction.

OIL PRODUCTION IN HASKELL COUNTY IS BOON TO ECONOMY

Texas oil fields have produced more than 32 billion barrels of oil during the past 80 years of recorded production, according to the latest compilation of the Texas Mid-Continent Oil & Gas Association. Last year's production of 1,151,775,000 barrels produced an income of \$3.6 billion for Texas

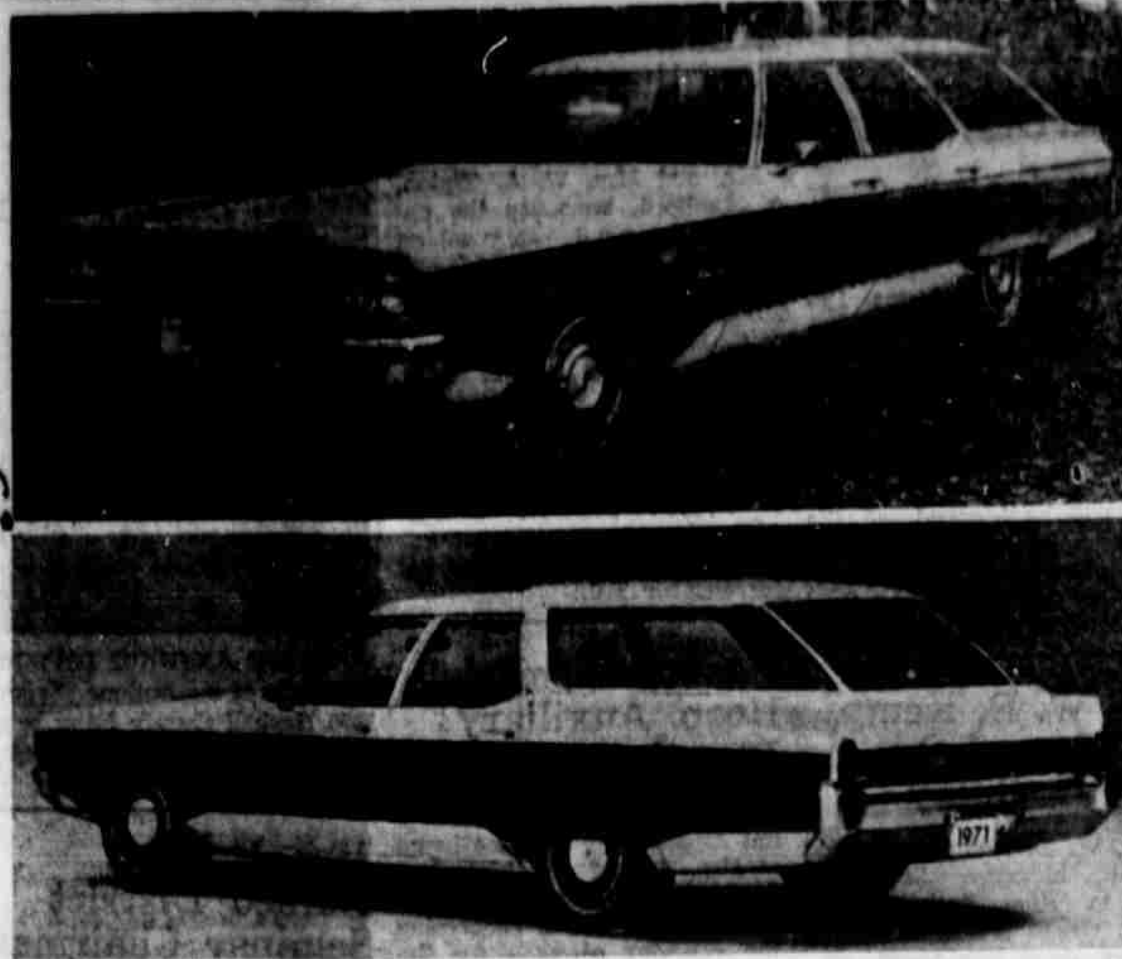

which was distributed widely as 198 of the state's 254 counties produce oil. Haskell County, which has had recorded production since 1929, has had a total crude oil output of 67,825,003 barrels up to the beginning of 1970. Haskell County production in 1969 was 3,574,240 barrels at the rate of 9,792 barrels a day. Thirty-four counties in the state produced more than 25,000 barrels of oil. Top producers were Andrews with 203,859 barrels daily, Ector with 184,601 barrels daily, and Scurry with 133,035 barrels daily. Gregg County, the only county to produce more than two billion barrels of oil, remained the all-time champ with a cumulative production of 2,195,668,052 followed by Ector with 1,585,815,280 and Rusk 1,437,128,523.

Paul F. Larson, Area Conservationist, Soil Conservation Service, Abilene, using as his subject, "Conservation Vs. Pollution", spoke to members of the Lions Club at the Tuesday noon-day luncheon session at Felker's Restaurant dining room. J. C. Yearry was program chairman for the day and introduced the guest speaker. Larson also showed slides of soil and water conservation practices, and told of some of the things which could be done in regard to pollution we hear so much about today. The colorful slides were presented by the U. S. Department of Agriculture Soil and Water Conservation Service. Richard Buzard, of Abilene, was noted as a guest at the Tuesday noon session. President Troy Culpepper presided over the meeting. Charles Thornhill lead the singing with Suzanne Thomas at the piano, and the invocation was voiced by Hess Hartsfield.

BACK HOME

Melvin Norman was returned to his home here Thursday of last week, from the Presbyterian Hospital, Dallas, where he had undergone a cornea transplant on his right eye. He is reported doing nicely, but it will be some eight weeks before the stitches are removed.

Oldsmobile in 1971 offers one of the widest selections of station wagons in the industry with the addition of a full-size wagon, the Custom Cruiser. The Custom Cruiser, built on a 127-inch wheelbase, is described as a beautiful and extremely practical station wagon with cargo space that permits the flat stacking of 4 x 8 plywood sheets. The unique loading area features a power-operated back glass that recedes into the roof and a retractable tailgate that disappears into the lower body.

a leader in accident prevention and loss reduction.

"One positive step employers can take is to provide their supervisory personnel with training in accident prevention techniques. TSA offers the Key Man Development program for supervisors. Universities and other organizations offer additional training opportunities," Perry stated.

"Employers also need to keep abreast of the new Texas Occupational Safety Standards being issued by the State Occupational Safety Board. These standards have the effect of law and apply to nearly every employer in Texas," said Perry.

"It is imperative," concluded the TSA official, "that every employer in the state pursue an active, effective accident prevention program if Texas is to

enjoy the benefits of growth. TSA can help."

HASKELL COUNTY FARMERS UNION To Have Annual COUNTY CONVENTION

The Haskell County Farmers Union will have their annual County Convention at 7:30 p. m., Tuesday, October 6, 1970, in the Dining Room of Felker's Restaurant. A steak dinner will be served and paid for out of the County Treasury. Other items of interest will be the presentation of out-of-town guest speakers Kenneth Moss, and Mike McManigal, who are presently working in every county of Texas, helping in the growth of Texas Farmers Union. If you have a question pertaining to the Farmers Union Structure they can answer it for you without a moments hesitation.

New County Officers for the coming year will also be elected.

Willard Mullins, now serving as President, urges the attendance of the ladies as well as the men, to make an all out effort to attend this County Convention.

A follow up of this Ad will be mailed to each member ... If there are some new or old members whom I may accidentally overlook in the mailing of the invitations, please disregard the error and come on to the meeting.

Rotarians And Guests Hear Mayor Woodard

With the president, Bob Herren, presiding, Rotarians held their regular weekly meeting in the dining room of the City Cafe last Thursday noon, September 24. Rev. Aubrey Headstream, program chairman, introduced the speaker for the day, Mayor H. V. Woodard, who is a member of the Rotary Club.

Mayor Woodard discussed some of the major projects which Haskell citizens have been working on for several years, that are now definitely becoming a reality. He specifically mentioned the Miller Creek project on which the West Central Texas Municipal Water Authority has received approximately one million dollars to start the purchase of land, and reported on the City-County Airport on which work has begun.

In regards to the airport, Woodard urged that individuals and dirt-moving companies donate as much time and equipment as they possibly could toward moving dirt for the runway in order that a great deal of progress could be made before inclement weather begins.

Other civic projects discussed were: the new Planning and Zoning Committee, which has already met numerous times; the city sales tax for which a check has been received by the city of Haskell in the amount of \$9,978.00 for the first quarter. He pointed out that with the anticipated revenue from the sales tax that there were many accomplishments which would be forthcoming.

In closing, Mayor Woodard asked that farmers and ranchers bring in their best produce for exhibit at the Haskell County Fair scheduled for October 1st, 2nd and 3rd.

"Prexy" Herren reported on the board of directors meeting held at 7:00 a. m. last Thursday, September 24. Club members voted to make a donation of \$25.00 toward the purchase of a Rural Fire Truck; to prepare a float for entry in the Fair parade; to stage their annual chili supper on the night of October 16th when the Haskell Indians will be playing the Hamlin Pied Pipers here, and to again stage the annual Turkey Shoot during Thanksgiving and Christmas.

Invocation was given by Andy Anderson. Songs were led by Ira Hester, with Gail Barnett at the piano.

Guests noted were Phil Simmons, Supt. of Schools, Rochester; Cliff Cobb of Stamford; Bill Comedy, Haskell Free Press Publisher, and student guests, Andy Galloway and Gary Cobb of Haskell High School.

County Reaches 38% of Goal In Bond Sales

United States Savings Bonds sales in Haskell County during the month of August totaled \$9,883, according to County Savings Bond Chairman, R. W. Herren. Sales for the eight-month period were \$83,499 which is 38% of the 1970 goal of \$220,000 for Haskell County.

Entire Economy of State of Texas Affected Every Time Worker Injured

"Because of hidden costs of on-the-job accidents, the entire economy of the State of Texas is affected everytime a worker is injured," according to the President of the Texas Safety Association, George Wm. Perry, Dallas attorney.

Perry said that many Texans, both employers and employees alike, do not realize the full impact of on-the-job accidents. "Most people only think of what they pay out for medical treatment or compensation to an injured worker as the cost of the accident, but it is really similar to an iceberg—the real costs of an accident are hidden beneath the surface," said Perry.

He went on to explain that the hidden costs include such items as the time lost from work by the injured worker, the loss in earning power, the economic loss to the worker's

family, the time lost by other employees, a loss of efficiency because a worker is away from the job, the loss of time by supervisors, the cost of breaking in or training new men. "The list goes on from there," said Perry.

"For example, the businessman must also consider the cost of damaged tools or equipment, the period of time the equipment is out of service, spoiled work, the failure to fill orders, and at least one hundred other items of cost which appear one or more times with every accident," Perry continued. The safety group leader said that these hidden costs have a direct effect on the economy of the state. Perry said that Texas is leading the nation in industrial development, but he warned, "If we are to continue that progress, we must also be

tion in the Haskell Free Press this week in honor of our Haskell Indians. Each week our team wins on Friday night, our proud Indian you see in the banner of today's paper will be there doing his own victory dance! It's our way of honoring our Indians.

It's interesting to notice reactions of out-of-towners to our city. We've been in Haskell five weeks, and have had guests from California, Lamesa, San Angelo, Midland, Coleman, Dallas, Abilene and Arlington, thus far. All have been sincerely impressed with our shops; our area; and the bustling activity that constantly goes on in downtown Haskell.

It surprises them for two main reasons—with our population, its impressive to them to have so many nice shops and businesses. Too, they've visited other towns our size only to find slow business activity and a pessimistic attitude.

What does all this add up to? A town that pulls together for everything that is worthwhile for this community.

Now, with the new lake and the new City-County airport in the offing, Haskell is really on the move. Look for new progress reports in the weeks to come.

My partiality for stories of youngsters' sometimes surprising quotes for this column led me to the ultimate, perhaps, this week.

12-year-old Les Lane, son of Bud and Peggy Lane, had attended his first day of kindergarten some six years ago and finally the big day had ended.

Now, at that time, our Les had beautiful blonde ringlets that his mother, possibly, was reluctant to part with.

At any rate, she asked him if he had learned anything at school that day, and Les replied:

"Yes Ma'm, I learned two toys not to call me 'Curly'!"

The Foursquare Church, Haskell, Has New Pastor

Rev. and Mrs. Alvin Madden, former pastors of the Hale Center Foursquare Church, have accepted the pastorate of the Haskell Foursquare Gospel Church.

Rev. and Mrs. Madden are moving to Haskell this week and will reside in the church parsonage at 504 North Ave. E. Both are graduates of L.I.F.E. Bible College of Los Angeles, California, and have pastored Foursquare churches in several places in Texas.

Mrs. Madden is an accomplished musician and has mastered some fourteen different instruments.

Rev. Roy Herrieks of Weibert resigned as pastor of the Haskell Church, after having served nearly ten years in two tenures.

The Church is located at South Second and Avenue E, and a cordial invitation is extended everyone to worship and enjoy the ministry of Rev. and Mrs. Madden.

Sunday school is at 10:00, with morning worship at 11:00. Evening service is at 6:00 p. m. Prayer services are held on Tuesday morning at 9:00 and Wednesday evening at 7:00.

run around right end gave Haskell two more points, to end the first period, Haskell 16, Quannah 0.

The second quarter was almost a duplication, as Franklin scored two more times, the first on a 60-yard run with extra point try failing; the second on a 52-yard run. Stone's kick was good. The last touchdown was made with only 30 seconds left in the game.

The Quannah Indians handled the ball a total of 15 times in the second quarter, and the great Haskell defense held these Quannah Indians to 103 yards in the entire first half. Score at halftime was Haskell 29, Quannah 0.

Early in the third period, Franklin covered another 39 big yards for his fifth TD of the night. Stone's kick failed. At this point, Coach Everett called on his reserves. In the backfield was Johnny Fouts quarterbacking and Eddie Harris and Bill Cox running backs. They did a very fine job.

The last score came with Franklin carrying 73 yards for his sixth touchdown of the night. This one came with six minutes left in the game. A run by Harris failed, ending the scoring at Haskell 41, Quannah 0.

The only time Quannah threatened was in the middle of the

second period. They started on the Indians 21 yard line, and two good runs by quarterback Marvin Wells totaled 55 yards to put them on their own 8-yard line. Gary Black recovered their fumble for Haskell, and that ended their only threat.

A sports writer is on the spot most of the time as far as the defensive players are concerned. He is keeping his eye on

the football, and the ball carriers are the ones he mentions. I know that the defensive team deserves a lot more individual credit than they receive, so, when I mention them, I'm talking about them all, and Haskell has one of the best defenses yet. To show this, they held the Quannah Indians for a minus three yards the second half.

Young's pass interception in the first quarter; Gary Black's fumble recovery in the second quarter; and Franklin's fumble recovery and pass interception in the fourth.

The Indians take on Breckenridge here Friday night at 8 p. m. The Buckaroos defeated Cisco last Friday by a score of 26-6. This will be a good contest, so see it!

1971. Buick introduces a new set of values.

Value, not gimmicks or ornamentation, sells cars. More people have been coming to Buick each year for just that reason. Buick concentrates on value. And this year, Buick introduces a new set of values. Features that will help make your new Buick perform better, last longer and get you more of a return on your investment at trade-in time.

Only a Buick dealer can offer you our new set of values. So, test your values against our new ones. Then ask yourself this simple question. Wouldn't you really rather have a Buick?

Something to believe in.

1971 Buick Riviera. A totally new design concept. And that's not all. Riviera offers MaxTrac, an exclusive power control system you can order with its own on-board computer. It helps you get securely over slick surfaces by reducing rear-wheel slipping. The new body features side-guard beams for protection, a bigger trunk, and a driver cockpit with a control center designed around the driver for new ease and convenience.

1971 Buick Electra 225. A new interpretation of quiet elegance. We've improved our Electra everywhere you look. There's more room in every direction, interiors that can be appreciated as much for their durability as for their beauty and comfort, even a new balanced braking system. A unique valve proportions braking force front to rear to help give you quick, smooth straight-line stops.

1971 Buick Centurion. This is our newest Buick, a city car with sleekness and grace as well as muscle. It features more nimble variable-ratio power steering, power front disc brakes, Full-Flo ventilation, and a vinyl roof on the Centurion Formal Coupe as standard equipment.

1971 Buick Skylark Custom. This is the car that has set the pace for value in its price class. Rocker panels that wash and dry themselves, big Buick room and comfort inside, a cooling system that should never overheat, inner fenders that protect the outer fenders, and a modest price have put our Buick Skylark traditionally among the resale leaders in its class.

1971 Buick LeSabre. An incredible new offering of Buick value. The LeSabre, like the Riviera, Electra and Centurion, features AccuDrive, a new version of the directional stability system we pioneered. It will help give you smooth handling.

An Important Improvement. Every new Buick engine is now designed to run smoothly and efficiently, and with lower exhaust emissions, on no-lead and low-lead gasolines. And every Buick V-8 engine will have exclusive nickel-plated exhaust valves for smoother operation and longer valve life and a new time-modulated choke to help give quicker warm-up and a more consistent fuel mixture.

ving eight games, including the Haskell Indians, and teams in the Southwest Conference for last weekend grid-iron classics. Prattler batted .339 per cent, having hit seven, and the tie between TCU and Wisconsin was the only one which kept this scribe from batting 1.000.

For this weekend tilts, I pick 'em like this: Haskell 19, Breckenridge 13; Arkansas over TCU; LSU over Baylor; Rice over California; SMU over Northeastern; Texas over UCL; Michigan over A&M; Texas Tech over Santa Barbara.

He had it—too much pleasure. Too many trying experiences in a new situation. Starting Junior High can be traumatic. An assignment forgotten, and an F math paper that he had to get signed.

He has small shoulders, Lord, I should have seen that all this was simply more than they could carry. But seeing, I perceived not! I felt pressured. And put upon. Ashamed that my child made an F. Accusing... I'm sorry, Lord. What he needed was not added weight to his burden, but an arm around the shoulder. A cup of hot chocolate; a run around the block together; a lift, a boost. Maybe even a confession, for I was his

age once...and forgot things... and made an F. Lord, give me the...what? The emotional balance, the wisdom and love. Let me, seeing, perceive...From the book, "Bless This Mess" (and all the other prayers, too).

This scribe heard of a small boy that was brought to the clinic for examination by his mother, an extremely talkative woman. During the preliminary quiz period, the doctor noticed that the boy didn't seem to be paying much attention to the questions. "Do you have trouble hearing?" he asked. "No," the boy replied. "I have trouble listening."

Prattler ran across this little poem recently in the "Cheer" magazine entitled, "Sure It's Hard," which has a lot of meaning:

It's hard to keep smiling when troubles are piling their weight on your neck till it's sprained; it's hard to keep grinning when others are winning the prizes for which you have strained. It's hard to be cheery on days wet and dreary, when everything near you looks drowned; it's hard to be sunny when all of your money is sunk in a hole in the ground.

But how will it aid you, when woe has waylaid you, to rumble and grumble and swear? There's nothing that's healing in hitting the ceiling, or kicking the rungs of your chair. It's hard to look pleasant when anguish is present, and yet it is strictly worthwhile; not all of your scowling and fussing and growling can show off your grit like a smile.

Law Enforcement Net Established In This Area

A law enforcement net is being established in this area. The West Central Texas Council of Governments net will serve 18 counties of the Region, plus Runnels County.

These counties include Haskell, Kent, Stonewall, Throckmorton, Scurry, Fischer, Jones, Shackelford, Stephens, Mitchell, Nolan, Taylor, Callahan, Eastland, Coleman, Brown and Comanche.

A teletype inquiry produces within minutes to officers in the area information needed including criminal histories which will convince police that they are holding prime suspects.

This major development will make the lot of the law enforcement officer easier and that of the criminal harder. Key links are being forged in a statewide criminal justice information and communications systems designed to place data on criminals virtually at the fingertips of every police officer in the state.

New Models On Display At Bailey Toliver Chev. Co.

The Fall Preview of the 1971 Chevrolets and Oldsmobiles were viewed by residents of this area, Tuesday and Wednesday, September 29th and 30th at the Bailey Toliver Chevrolet Company, Haskell.

Those who might have missed the special showing dates are invited to "come on in" and inspect and drive the car of your choice.

NATIONAL NEWSPAPER WEEK

Very shortly... October 4 to 10... the United States will observe National Newspaper Week. The theme this year will be, "American Newspapers... 200 Years of Freedom... 1770's to 1970's." Just to read those words denoting the theme of Newspaper Week should be enough to warm the heart of Mr. Average U. S. Citizen. During the year, editors duly take notice of many worthy and memorable observances. But, they cannot be blamed for calling attention, with a certain degree of pride, as well as humbleness, to their own special Week.

The fact that after 200 years personal liberty under representative government still prevails is due, in no small part, to the "eternal vigilance" of a free press. The community newspaper... and there are over 10,000 of them... is an institution that lends permanence and tangibility to individual rights as nothing else can. Every nation has its national observances. In most, however, there is no occasion to celebrate a National Newspaper Week. Where there is no free press, the less said about the newspaper, the better. Yes, National Newspaper Week is a heartwarming reminder that we have lived in freedom for 200 years and that the community newspaper has played no small role in preserving that freedom.

Haskell County History

30 YEARS AGO

(October 4, 1910)

Miss Flo Pace visited the past week in Knox City with Mr. and Mrs. Lloyd Huntman.

Connie Morris who is attending Southwestern University, Georgetown, visited with her parents, Mr. and Mrs. I. N. Morris over the weekend.

Mr. and Mrs. D. H. Persons, Mrs. W. P. Ruff and Mrs. John McMillen, former residents of Haskell, who are now living in Bryan, visited friends in Haskell the latter part of the week.

Joyce Nell Hambleton, who is taking nurse's training course in the Wichita Falls General Hospital, spent the weekend with her parents, Mr. and Mrs. H. J. Hambleton.

Mrs. J. U. Fields left Wednesday for Wapakoneta, Ohio, where she will visit with Mrs. A. M. Getz for a few days. Mrs. Getz and the late Mr. Getz were residents of Haskell several years ago.

Nearly two hundred students have enrolled in the Mattson school this year. There are about 60 high school students enrolled.

Frances Fouts, daughter of Mr. and Mrs. Ed Fouts, has been elected to the Cowgirl organization in Hardin-Simmons University. She was one of the thirty-three new members taken into that organization from the entire student body. There are fifty members of the Cowgirls group.

O. C. (Cotton) Nash of Throckmorton has accepted a position with Payne Drug Company in this city, assuming his duties in the store October 1st. He was formerly employed in the City Drug Store in Throckmorton.

Hoyt Gilbreath of Weinert was a business visitor in Haskell on Wednesday.

District Judge Dennis P. Ratliff has been appointed by Governor O'Daniel as chairman of the Advisory Board for Registrants of the 39th Judicial District.

10 YEARS AGO

(October 2, 1930)

Courtney Hunt and C. M. Hunt of Rochester attended business in Dallas last weekend. Mrs. John Oates is visiting friends and relatives in Dallas for a few days.

There were 2,268 bales of cotton ginned in Haskell county from the crop of 1930 prior to September 16, as compared with 397 bales ginned to the same date last year. In the above totals, round bales are counted as half bales.

"Did God Cause the Recent Drouth", will be the subject at the First Methodist Church next Sunday evening at 7:45.

Miss Galen Robertson, who is again connected with the Seymour schools, spent last weekend at home with her parents, Mr. and Mrs. R. V. Robertson.

Jack Chamberlain, who is connected with the West Texas Utilities Company, and who has been located in Haskell for the past year, has been transferred to Vernon.

Mrs. J. U. Fields and Mrs. F. T. Sanders attended a Missionary Society meeting in Tuxedo last week, where Mrs. Fields spoke to the ladies about her trip to Europe. This week these ladies attended a luncheon given by friends in Gore.

Mrs. E. Gaston Foote accom-

panied by several of her leaguers of Haskell attended a District League Meeting in Seymour Sunday afternoon.

The Tuesday Bridge Club met in their semi-monthly meeting last week with Mrs. Clyde Grissom. Present were Mesdames Theren Cahill, Hill Oates, John P. Payne, Wallace Cox, W. P. Trice, M. P. Wilson and A. A. Bradford of Rule, and the hostess, Mrs. Clyde Grissom.

Misses Margarite McCollum and Eunice Huckabee have just returned from Dallas, where Miss McCollum underwent a very successful tonsil operation.

60 YEARS AGO

(October 1, 1910)

In compliance with the request of County Supt. T. C. Williams the trustees of the various schools of the county met at the courthouse Saturday, September 24. After deciding to go into permanent organization, T. J. Reid of Lone Star school was elected chairman, W. F. Haynes of Pinkerton school district, vice-chairman, T. C. Williams, secretary. Several important questions such as: "Uniform examinations for the rural school," "Granting diplomas to pupils completing the County Course of Study," "Beginning school throughout the county on uniform dates," "Sanitation of school houses and school grounds," "Care of the health of school children," were discussed freely by the trustees.

R. E. Sherrill, president of the School Board Haskell Independent District, discussed the importance of giving special attention to the health of the children and to the study of agriculture in our schools. Supt. W. H. Woodley of the Haskell City Schools delivered an address on the possibility of bringing to the boys and girls of the rural districts the teaching of manual training, domestic science and agriculture. The following committees were appointed: Com. to purchase school furniture, W. F. Haynes, Pinkerton School District; D. M. Baird, Weavers School District; Henry Free, Pleasant Valley School District; T. J. Schaefer, Rockdale School District; D. M. Guinn, Grisham School District. Com. to arrange program: T. A. Park, Cliff School, O'Brien, Texas; W. E. Johnson, Snykes School, Haskell, Texas; J. V. Frizzell, Plainview School District, Stamford, Texas. The trustees decided to meet with the teachers of the county at their next meeting.

The Haskell County Farmers Union will meet with O'Brien Local, Thursday and Friday, October 6th and 7th, according to the president, T. C. Cole.

Mr. and Mrs. A. W. McGregor have returned from Waco where they spent the summer.

BEN MELTON TO MAKE TOUR WITH HOWARD PAYNE COLLEGE BAND

Howard Payne College's (Brownwood), 58-piece band will launch a three-day tour which will take the musicians to Grapevine, Commerce and Arlington October 24.

Ben Melton, of Haskell, is a member of the Percussion section of the band.

HASKELL GINS FIRST BALE: Mr. and Mrs. C. C. Muse had the honor of bringing in the first bale of cotton from the 1970 crop to Haskell. The cotton was ginned Friday, September 25th, at 3:00 p. m., free of charge, by the Haskell Co-Op Gin. This marked the third year in a row that Mr. and Mrs. Muse won "first bale honors".

Your Community Action Program

The next board of directors meeting is slated November 9th. These meetings are open to the public. Anyone with an idea of community organization, community improvement, or whatever, is cordially invited to attend.

October 3rd is the next clinic date at the Center. Letters are being printed to be sent out to the residents of the poverty area. In this letter your cooperation is being requested to consider the things mentioned because they are very important that these projects be considered.

Rev. and Mrs. O. T. Jackson have started some improvements on their home across the street from the Center.

HOW You get your animals to the Fair is YOUR Problem...

But we heartily recommend that you enter—in whatever category you prefer. This is Haskell County's biggest and best community effort... and it shows the progress and effort our citizens put into making this a better place to live!

We're proud of the agricultural background of Haskell County, and we invite everyone to attend all three days of the big *Haskell County Fair, Oct. 1-2-3.*

But, before you go to the Fair, we invite you to come out and visit with us! We have plenty of new 1971 John Deere tractors to show you—plenty of new farm equipment to go with the tractors—and, a reminder that we do all kinds of engine and tractor repair!

Be sure to attend the Tractor Driving Contest at the Fair from 8 to 10 a. m. on Saturday!

Steve Harper In Author Of "Break-Thru"

Steve Harper, a graduate of Haskell High School, and McMurray College, Abilene, with an A. B. in Religion and Sociology and for two years youth evangelist with the Ed Robb Evangelistic Association, and currently attending Ashbury Seminary, is the author of a well-written pamphlet entitled "Break Thru." He is the son of Mr. and Mrs. Joe Harper of Haskell.

Below are a few excerpts from Steve's writings:

"To redeem society the modern church must break with traditional molds and return to the norms of New Testament evangelism."

"Desperately needed in the church today is a renewal of conviction that every Spirit-filled Christian has already received his commission to be a witness of God. It should not even be a question for consideration; it is written into the covenant that every believer makes with God."

"God's time is the present. Everywhere is the proper place. One man tuned in to the Holy Spirit equals effective evangelism. Come, read again the Book of Acts, O weary Christian, and let your soul be bathed and filled with the vision of what we are to be!"

HASKELL VISITORS

Mr. and Mrs. Jess Leonard, of Overton, former Haskell residents, visited here last week with friends.

News From Haskell County Health And Retardation Clinic

By Aubrey Headstream

The discovery of Love is a significant achievement. Too often we take it for granted as an inevitable affliction inescapable as the measles, something that will hit us sooner or later whatever we may do about it. But love is more than a surface rash or fever of the blood that has a contagious excitement for those who are exposed to it.

There is a popular fairy tale, which Americans have extravagantly endowed with the glamour of silver screen and printed page, that love conquers us at first sight of the right one and there is nothing we can do to help or hinder it, but we fall under its irresistible spell and marry to live happily ever after. A consequence of this oversimplified view of love is that we fail to understand its intricate requirements or do our responsible part toward preparing for the realities that love is a social and emotional achievement even more than a biological one.

Learning to love is a social development of cumulative experiences in the long journey from birth to death. The infant begins by loving himself, for he has not yet discovered there are other persons to love. Then he recognizes his mother, then father, then brothers, sisters, grandparents and other relatives as they take their places in the family circle as the child learns to appreciate them in experiences shared together. Along these ladders of significant relationships the lessons of love are learned and persons discover the need and satisfaction of loving.

The secret to good mental health is a full portion of love in the entire network of human relationships. The lack of love is the most tragic of all deprivations, with its train of distressing consequences in neurotic and criminal tendencies, exploitation, poverty, war and human misery. The disturbing fact, reluctant as we are to admit it, is that we are afraid to love. Though Christians approve love in theory, affirming God is Love (the essence of Christian theology), and that man is to love all persons, even the stranger and the enemy (the essence of Christian ethics); yet we are slow to believe it is possible, and consequently fear chokes love at the source.

Love is difficult in our society because we fear it is a weakness to love a man who might be an enemy or a rival. It would make us appear too soft and yielding for the tough demands of our work in the rugged competitions and struggles for power that distrust appeasement and hold it a disgrace to give ground or yield a point lest we be exploited by

others whom we suspect are ready to take advantage of us. What results is the fear of love. Driven by such anxieties we try to escape its dangerous demands in becoming exponents of formalism. We find ritualistic motions of correct rites and ordinances and impeccably dressed in the right attire, repeating traditional phrases in modulated tones, endlessly busy with the impersonal and the abstract to keep safely out of trouble of being motivated to let people know that we need their love and we would like to be connected once again to the experience called life. For without love there can be no life.

So let us as citizens of Haskell and Stonewall counties, being creators of our values, let us make love our ultimate concern. This is the key to good mental health and this is the ultimate concern of your mental health clinic. So join with us today. This is a most urgent problem.

MOVED TO HASKELL

Mr. and Mrs. M. M. Keathley recently moved to Haskell from Irving. They are the parents of Mrs. Howard Perry, Jr. Haskell welcomes the new residents!

Farm Bureau Members Hear Ed McKay

Despite the early morning meeting of the Haskell County Farm Bureau last Thursday, September 24, at 9:30, at the American Legion Hall, some 30 persons, including four ladies, were present to hear Ed McKay, from Waco, the Texas Farm Bureau National Legislative Director, discuss issues important to Agriculture.

Issues discussed included amendment No. 3 as it will be on the ballot in the General Election, November 3, which deals with the basis for taxation of land and farm labor, two different issues. One proposed bill deals with unionization of farm labor. Another deals with a federal minimum wage for agriculture of \$1.75 per hour, and would remove all exemptions.

News from Weinert

By Mrs. Henry Smith

Mr. and Mrs. Floyd McGuire visited their son and family, the Billy Rowe McGuires at Pyote the first of last week.

The Glenn Caddells are the proud grandparents of Shannon Wayne, born Friday morning, and weighed 8 pounds, 10 1/2 ounces at the Haskell Memorial Hospital. He is the son of Mr. and Mrs. Larry Caddell. Larry was in for the weekend, but returned to Springtown where he is teaching. Wanda and Shannon Wayne are staying with the Caddells.

Mr. and Mrs. Jack Rogers of Abilene visited in the Glenn Caddell home with their daughter, Wanda, and grandson, Shannon Wayne.

Walene Bredthauer hosted a surprise birthday party for Joan and Mrs. Caddell Saturday night in the home of her parents, Mr. and Mrs. Walter Bredthauer.

Most of the High School students attended, but cleverly hid their cars to conceal the large attendance, and surely gave Joan a surprise when she arrived. Games were played, but the best part was the serving. The cake was beautifully decorated with inscription, "Happy Birthday, Sweet Sixteen." All reported a most enjoyable time.

John Earp accompanied his brother, Mr. and Mrs. Joe Earp of Knox City to Eastland where they visited their sister, Mrs. Ezra McBeth, who had the misfortune of breaking her arm in a fall. They also visited their brother, Roland Earp, who has suffered a heart attack.

Mr. and Mrs. Ronnie Watkins visited Friday afternoon and Sunday afternoon with her parents, Mr. and Mrs. R. L. Edwards. The Watkins were moving from Meadow to Mineral Wells, where he will be an instructor at the Helicopter base near there.

Also, pictured is Kimberly Hager, Linda Yates and Terri Thersvanger, Weinert 4-H members, who have made numerous articles to enter in the fair. Pictured with the girls are Mrs. Glenn Caddell and Mrs. W. R. Hager Jr., superintendents of the Youth and Teen Division.

suffered a heart attack.

Mr. and Mrs. Truett Parsons and Shelia, Carolyn Parsons of Abilene and Keith Holder of Lubbock visited Mr. and Mrs. Cecil Jones Sunday.

Mrs. Mabel Cousins of Haskell spent Sunday and Sunday night with her sister, Mrs. J. W. Liles, who was ill over the weekend.

Mr. and Mrs. J. A. Mayfield, Alexia and Ellen Walling of Haskell attended the Area IV Convention and Awards Banquet at the Starlite Inn in Abilene Saturday night. Alexia was featured on the program in song, accompanied by Ellen Walling.

Mr. and Mrs. Budge McGuire and children of Fort Worth spent the week visiting their parents, Mr. and Mrs. E. S. McGuire and grandparents, Mr. and Mrs. A. D. Bennett of Munday.

Mr. and Mrs. Jess Leonard of Overton visited in Haskell, Knox City and Weinert last

week. They visited the Floyd McGuires Saturday, enjoyed supper and "84" game, and spent the night with them.

Mrs. Henry Smith and her sister, Mrs. Eunice Michaels of Rochester visited Saturday and Sunday in the home of their sister, Mr. and Mrs. T. J. Mansell in Ballinger.

Mrs. R. W. Raynes, Mrs. Frankie Jenkins of Haskell, Mrs. Ronnie Stewart, and Mrs. Bobby Raynes, attended the funeral of Mrs. L. E. Shawyer in Seymour Tuesday afternoon.

Mr. and Mrs. Bill Jetton and Jamie of Abilene spent Saturday with her parents, Mr. and Mrs. R. W. Raynes.

Larry and Jan Sanders, students at Texas Tech at Lubbock, were home over the weekend with their parents, Mr. and Mrs. R. S. Sanders.

Mr. and Mrs. Jersey Walker visited last weekend in the home of their son, Mr. and Mrs. Morris Walker and family

CPI To Report To Rolling Plains Farmers

Cotton Producers Institute (CPI) will report to Rolling Plains area farmers on current progress in market development for cotton at a meeting Thursday, October 1, in Stamford, at the High School Auditorium and Cafeteria.

The meeting will begin at 6:30 p. m., with a barbecue dinner and conclude with a business session. According to Charles Stenholm, Trustee from the Rolling Plains area and one of 12 trustees who represent the State of Texas in CPI, "The purpose of the meeting is to bring a report to the 'stockholders' of CPI on just what we are doing with the farmer's dollar a day."

"A fresh approach has been needed and now CPI has something new to offer and we want to show it to the people who have made it possible. We must build optimism back into Cotton and I believe that we are finally on the right track," continued Stenholm.

We would like to have every farmer attend this meeting and see for himself. All that we ask is that you notify either:

Charles Stenholm, Box 1147, Stamford, Texas, 915/773-3684 or 915/773-5238; Billy Hallman, National Cotton Council Field

of Lewisville.

Mr. and Mrs. R. M. Walker took her cousin, Miss Vivian Haley, to Seymour Monday morning where she caught the bus for Tulsa, Oklahoma, where she makes her home.

Mr. Frank and Roy Garret of Las Vegas, Nevada, are here on an extended visit with their mother, Mrs. C. L. Garrett. Her daughter is here also, Mrs. Mazine Pagan of Hobbs, N. M.

Rep., Box 47, Roscoe, Texas, and 1,980 acres of land in the lines of G. W. ...

Earlier notification is preferred so that we may know how many to prepare dinner for. Make plans to attend.

Haskell Tests Are Staked

Haskell County has gained sites for two new wildcats.

James K. Anderson, et al, of Midland No. 1 Kizzie Fox was staked 15 miles east of Stamford.

The planned 5,000-foot venture is on a 213 acre lease and a northwest offset to a plugged project.

Drill site is 4,704 feet from the north and 330 feet from the west lines of S. T. Blakeley Survey.

Other wildcat is Paul C. Teas of Dallas No. 1-20 S. W. Scott Estate, 16 miles southeast of Paint Creek.

Having a proposed depth of 4,000 feet, it is on a 431 acre lease.

Site is 660 feet from the north

Mrs. Nova Driggers accompanied Mr. and Mrs. George Gray to visit Mrs. Gray's mother, Mrs. Alice Smith, at Munday, on Sunday. Mrs. Smith is much improved, she is at home and can do her work.

Mr. and Mrs. Pete Jordan and children of Hamilton spent Saturday night with their grandparents, Mr. and Mrs. Ab Henderson, and attended services at the Church of Christ Sunday.

Mr. and Mrs. James Burrow and children of Abilene attended services at the Church of Christ Sunday, and Mr. Burrow was the guest speaker. Mr. Burrow held a meeting here 17 years ago, and stayed with the Hendersons then. He and his family visited them Sunday evening, and went for a drive by their former home, and by the new home Mrs. Mahan is building.

Mr. and Mrs. Burrow and children had lunch with Mr. and Mrs. Marvin Phemister Sunday.

Mr. and Mrs. Bill Hester of Rochester had supper Sunday night with his brother, Mr. and Mrs. Jerry Hester.

Mrs. Ark Allred of Houston visited last week in the home of her mother, Mrs. Oliver Hix and Moneta.

Mrs. R. E. Hutchinson accompanied Mr. and Mrs. Lester Hutchinson and children to Arlington to visit their daughter and sister, Mr. and Mrs. Ben Curd. Regina Curd returned with them for a visit.

Mrs. Jim Jenkins visited Mr. Joe Jenkins and his family at the Hospital in Knox City. Joe

All that's new for 1971- from Oldsmobile!

Toronado. The Unmistakable One takes on grand new proportions. It is a full five inches longer, and every inch adds to its elegance. Even its trunk is more spacious this year. The new interiors are roomier and far more sumptuous. The front floor is flat from door to door, with no hump to get in the way. Toronado's unique front drive and the totally new ride system deliver greater smoothness, improved traction and sure handling. Add a responsive Olds Rocket 465 V-8, power steering, power front disc brakes, Turbo Hydra-matic—all standard on the front drive Toronado.

Delta 88. Warmest welcome ever to the big-car world. Power steering is standard. So are power front disc brakes. And an impressive 124-inch wheelbase. It's all topped off with Delta 88's remarkable new "G-Ride" System.

The "G-Ride" System. An Olds exclusive—a combination of advances in chassis, suspension, steering and all-new Super-shocks. You ride smoother, corner better, are less affected by stiff crosswinds. It's featured in every 1971 Olds Delta 88.

Pollution fighters. Every Olds engine is designed to cut emissions, run efficiently on no-lead, low-lead or regular fuel.

Cutlass Supreme. Oldsmobile's "little limousine" places about elegance within the reach of nearly every new car buyer! And does it so beautifully—with a classic profile outside, deep comfort inside, and economy and economy are made for you.

Many Americans Buy And Hold U.S. Savings Bonds For Many Reasons

Millions of Americans buy and hold U. S. Savings Bonds for many reasons... both personal and patriotic. One purely practical reason is the tax advantage — especially attractive when E bonds are purchased to create "tax-free" college education funds. E Bonds may be registered in the child's name, with a parent or the purchaser shown as beneficiary (but not as co-owner). At the end of the first year of Bond purchases, a Federal income-tax return is filed in the name of the child, listing the increase in Bond value (interest) as income to the child.

Filing this one return establishes "intent." No further returns need be filed, as long as Bond interest, plus other income, comes to less than \$1,700 for the years 1970 through 1972, or \$1,750 for 1973 and thereafter. And no tax is due until the income exceeds \$1,725 (for 1970), \$1,700 (for 1971 and 1972), or \$1,750 (for 1973 and thereafter). Thus, when the child's Bonds are redeemed to meet college costs, the accrued interest is free from income tax. Be sure to retain a copy of the tax return filed the first year, as proof of intent.

Tax savings can be realized another way. Simply wait until the youngster begins to cash his Bonds to pay college expenses. The student then files his or her own tax return each year, reporting the full amount of interest on redeemed Bonds as income. If that interest, plus any other income, totals less

than \$1,725 for 1970, \$1,700 for 1971 and 1972, or \$1,750 for 1973 and thereafter, no tax is owed at all.

Remember, however, that this tax advantage applies only to Bonds registered in the child's name as owner. The co-ownership form of registration may not be used for such purpose (unless the child's own funds are used in the purchase).

Johnny Wyatt Commissioned 2nd Lieutenant

JOHNNY L. WYATT

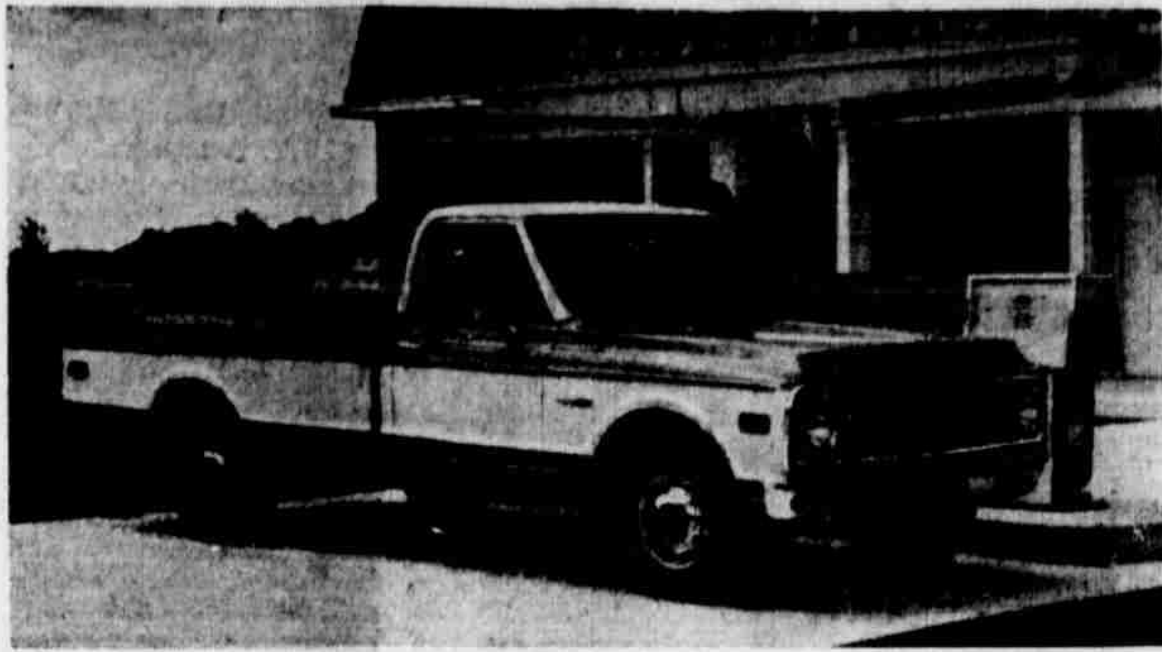

Johnny L. Wyatt, son of Mr. and Mrs. Johnnie L. Wyatt of Rt. 1, Rochester, has been commissioned a second lieutenant in the U. S. Air Force upon graduation from Officer Training School (OTS) at Lackland AFB, Texas.

Lieutenant Wyatt, selected for OTS through competitive examination, is being assigned to Mather AFB, Calif., for navigator training.

The lieutenant, a 1965 graduate of Rochester High School, received a B.B.A. degree from McMurry College, Abilene.

His wife is the former Mary C. Masseggee.

Front disc brakes added to most 1971 Chevrolet Light-Duty Trucks

Front disc brakes are standard equipment on all but Chevy Vans highlight the many improvements in the 1971 Chevrolet light truck line. The disc brake system has a proportioning device for more balanced braking between front and rear wheels. Also new are a more massive looking grille, improved cab seating and ventilation, and more powerful headlights. All engines will operate on the new lower lead fuels and meet required Federal emission standards.

HARDEST TEACHERS ARE THE BEST REMEMBERED

The following article appeared recently in the Abilene Reporter-News, and had the following to say about Mrs. W. H. McBroom of Haskell, mother of four, and a freshman at Midwestern University, and Mrs. Hazel Weaver, English teacher at Haskell High, where Mrs. McBroom graduated in 1957:

Ask anybody of any age. There's an impressive teacher in their past.

How fond that memory may depend on how far back in his past, but it is almost without exception a teacher who demanded much... "who knew the

student could do it," and insisted they prove it.

"Mrs. Hazel Weaver was one of the reasons I started to college this year," Mrs. McBroom said. "When I talked to her about it, she was most encouraging. She didn't think I could go wrong, even if I got just one semester."

A freshman at Midwestern University, Mrs. McBroom commutes to Wichita Falls twice a week. She's taking biology, algebra, history and golf as a PE course. Four others from Haskell travel with her.

President of Area IV Young Homemakers, Mrs. McBroom is

majoring in home economics. She plans to transfer to Abilene Christian College for her degree.

"I had Mrs. Weaver for two years in high school," she said. "She was hard. I really had to study to get the work. And she was strict, too. When she gave a test, she would seat the students in a U-shape, give 10 questions that could be answered with one word each. "You couldn't cheat on her tests. But before mid-term or final exams, she always told us what to study."

three weeks vacation in California. They visited her brother, J. B. Flannery and family and her sister, Mrs. Bettie Melton and family of San Bernardino.

While in California they visited Disneyland; Sea World in San Diego, and attended the Ice Follies in Los Angeles.

Mr. and Mrs. Mason stated they had a wonderful vacation.

By Mrs. Henry Smith

Mr. and Mrs. Floyd McGuire visited their son and family, the Billy Rowe McGuires at Fayette the first of last week.

The Glenn Caddells are the proud grandparents of Shannon Wayne, born Friday morning, and weighed 8 pounds, 10 1/2 ounces at the Haskell Memorial Hospital. He is the son of Mr. and Mrs. Larry Caddell. Larry was in for the weekend, but returned to Springtown where he

is teaching. Wanda and Shannon Wayne are staying with the Caddells.

Mr. and Mrs. Jack Rogers of Abilene visited in the Glenn Caddell home with their daughter, Wanda, and grandson, Shannon Wayne.

Waiene Bredthauer hosted a surprise birthday party for Joan Caddell Saturday night in the home of her parents, Mr. and Mrs. Walter Bredthauer.

Are you getting ready to file your 1950 return?

If so, Wayne Bakery, social security field representative who visits Haskell, has some tips to save you time and trouble.

A telephone call to the social security office, (915-677-3321) is a first step. The office can answer your questions and tell you how to apply and whom to do it. In some cases they can call you back and complete the application by phone and mail if you fill in for signature. Otherwise they'll tell you when and where to meet him.

Have your social security card or a record of your social security number, state proof of your age, and your last year's tax return if self-employed or withholding statements if an employee.

If you're also applying for need evidence of age, sex and your social security number, she has one.

The best evidence of age is a birth or baptismal certificate made at or near the time of your birth. However, if neither exists, other documents may be used. Generally, the older the document the better.

If you have children under 18 or between 18 and 22 who are full-time students, have their birth certificates and records of their social security numbers if any available.

It's generally a good idea to apply about 3 months before you retire. Don't delay because you don't have any of the required documents or information. The people in the social security office will be glad to help you get the necessary information.

If you are housebound and unable to come to the office,

Tax Questions And Answers

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) I'm hoping to get a part-time job after school this fall. If true there's a form I can fill out to stop taxes from being taken out of my pay?

A) Yes, you may avoid having Federal income tax withheld from your pay if certain conditions are met and you give your employer a Form W-4. Social Security taxes will continue to be withheld, however.

To avoid Federal income tax withholding you must have had a tax liability last year and expect none this year. Under the new tax law, you can earn up to \$1,725 before you will owe any tax.

If you meet these conditions, ask your employer for a Form W-4. It will authorize him to stop Federal income tax withholding on your wages.

Q) Are you allowed any credit or deduction for foreign income taxes paid while working

overseas?
A) Yes, you may either list the foreign income taxes paid with your other tax deductions or take a credit for such taxes paid. For details, obtain a free copy of Publication 514, Foreign Tax Credit for U. S. Citizens and Resident Aliens, by sending a postcard to your IRS district office.

Q) I just got a letter from the local IRS office asking me to bring in my records on deductions. Can the fellow I got to prepare my return come with me?

A) Yes, you may have the person who prepared your return come with you for the audit interview. Remember, however, that you are responsible for the accuracy of all items on the return.

Cancelled checks, receipts and similar records are most helpful in establishing the nature, date and amount of the expense claimed. Taxpayers who keep adequate records have little trouble when their return is examined.

Q) After my father died, my sister and I began supporting our mother. Can we both claim her as our dependent?

A) No, the dependency exemption for your mother cannot be claimed by both you and your sister. However, if either of you provided more than one-half your mother's total support and the other dependency tests are met, then that person can claim the exemption. Also, when two or more persons con-

Hi Performance Plymouth Duster for '71

OUTSTANDING COMPACT — The high-performance Plymouth Duster 340 is at the top of Plymouth's popular compact Valiant line for 1971. A new grille and strong identification are styling features. Introduced last year, Duster paced Valiant to its most successful year in history. There are four Valiant models for '71, including a new two-door hardtop, the Scamp, which features deluxe styling. Other models are the two-door Duster and the Valiant four-door sedan.

tribute more than half of the total support of a dependent, one of them who individually contributes more than 10% of it may claim the exemption if the other dependency tests are met. However, each of the other persons must file a written statement that he will not claim the exemption for that year.

Q) I sold some trees on property I own to a lumber company. How do I handle this on my tax return?

A) Such a sale is usually reported as a capital gain or loss. For details on how to handle this on your tax return, send a postcard to your IRS district director and ask for a free copy of Publication 544, Sales and Exchanges of Assets.

The Department of Agriculture also has a publication on

Haskell County Cancer Center Needs Old Sheets

The Haskell County Cancer Center meets each Thursday afternoon from 2:00-4:00 p. m. in the northeast room on the third floor of the courthouse.

Those working in September were Mesdames Alice Mayes, Jim Dean, John Thomas, Jim Darden, R. R. Overton, Howard

Montgomery, J. B. Edwards, H. Russell, J. R. Davis, George Kiese, Pauline Stewert, Howard Parker, Frank McCurley, Pearl Holmesly, W. O. Whitaker, Della Corzine and Ira Davis.

The Center is badly in need of "clean old sheets." Those persons who have some old sheets should contact any of the Cancer Center workers, for pick-up, or just bring them to the Center room, courthouse.

Research additions costing \$11 million will be constructed at VA hospitals in Cleveland, Ann Arbor, Cincinnati, Philadelphia, Oklahoma City, Albuquerque, Wilmington and Jackson, Mississippi.

Future Meetings Of Booster Club To Begin At 7:30

The Haskell Booster Club met Monday night for its scheduled weekly session. During the business meeting, it was voted to begin future meetings at 7:30 instead of 8:00 p. m.

Darrel Roberson made the announcement that due to increased costs, all drinks at the Band Booster concession stand will be 15 cents beginning Friday night.

The coaches took charge of the evenings program, beginning with a scouting report by Coach McAdams. He stated that the Breckenridge Buckaroos have a good team. They are comparable to Eastland with a larger line. They are in good physical condition, because they play 11 different people on defense. By resting 50 per cent of the time, they will be a tough team.

Coach Ivey reported that the B team looked good against Ansen last week, when they won 30-0. They will play Abilene B team here Thursday night at 7:30.

Coach Leher, on behalf of the Junior High, stated that last week's game was cancelled due to the weather, and since Haskell is scheduled to play Albany twice in the season, this game will not be re-scheduled.

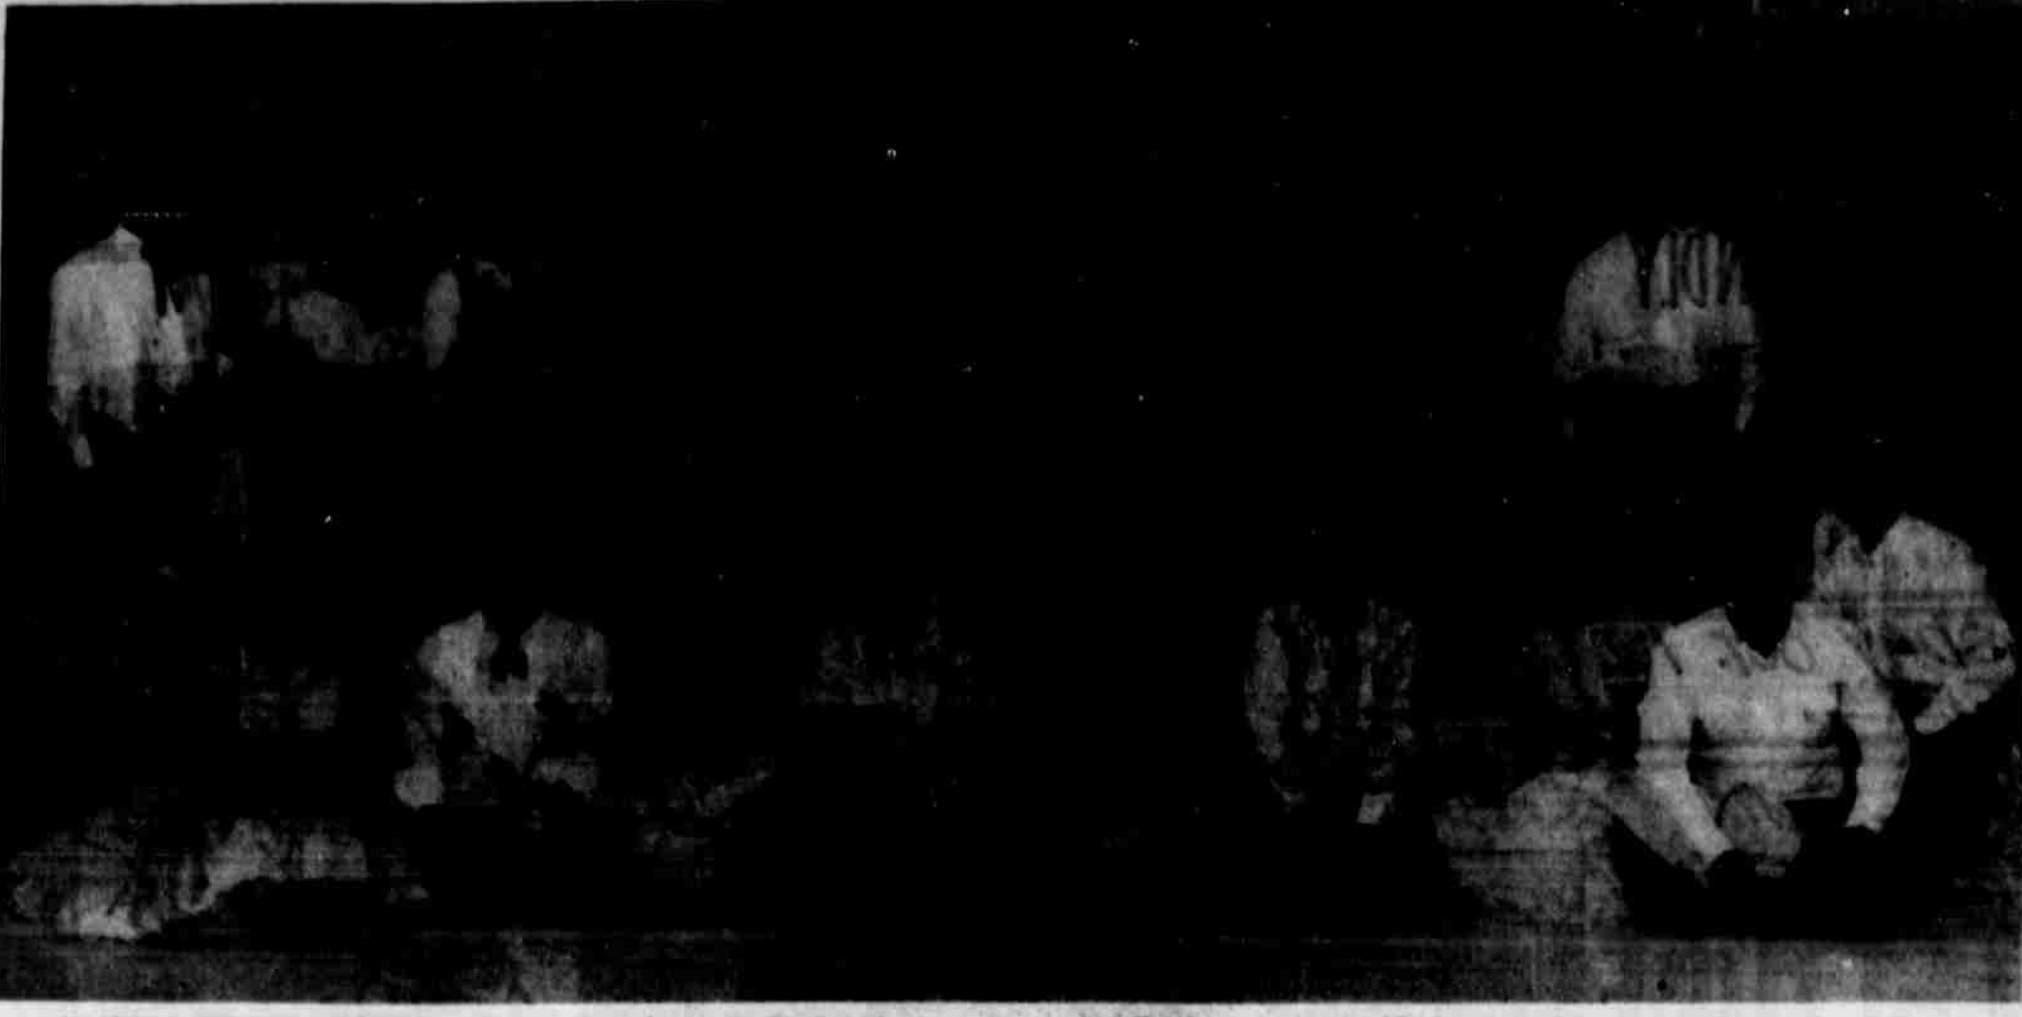

Prior to the showing of the film, Coach Everett praised the effort, fewer mistakes and drive of the team in the Quanah game. He stated that lineman Gary Mayfield scored high enough to receive a star on offense. Outstanding defensive players were Gary Black and Clifford Campbell. Also scoring high were Mickler, Fouts, Harris, Everett and Franklin.

Frank Jenkins was recipient of the door prize, ten gallons of gas from Byrd's Enco Station.

All fans and boosters are reminded that next week the regular meeting will be held at 7:30 p. m.

REPORTED FOR DUTY

Marine Pfc. Jack B. Melton, son of Mr. and Mrs. Bob S. Melton of Route 1, Haskell, has reported for duty at Second Marine Aircraft Wing, Marine Corps Air Station, Cherry Point, N. C.

Punt, Pass And Kick Contest For Boys 8-13 Set Saturday, October 3

Boys ages 8 through 13 of Haskell and surrounding area, will display their football talents in punting, passing and kicking in the annual "Punt, Pass and Kick" competition to be held on the football practice field in Haskell, beginning at 1:00 p. m., Saturday, October 3.

Bill Wilson Motor Company will award 18 trophies, one to each of the top three boys in each of the six age groups between 8 and 13. Local winners will advance to higher level competition sponsored nationally by the Ford dealers of America and the National Football League.

For each succeeding win in zone, district, area division and national competition, handsome trophies are awarded in addition to the 18 given local winners by the Bill Wilson Motor

Company. J. B. Gipson and Dee Larned, of the Bill Wilson Motor Company, pointed out that punt, pass and kick involves no body contact and that every boy has an equal chance to win since each competes only against boys his own age.

There is no charge for entering the contest, with registration at the Bill Wilson Motor Company, Haskell.

Entrants will be judged on distance and accuracy of their punting, passing and kicking, with points awarded for each foot of the distance the ball travels on the fly. Points will be subtracted for each foot the ball lands to the right or left of a center pin.

O'Brien Outlasts Weinert, 49-43

O'Brien outscored Weinert last Thursday night 49-43, in six-man high school football at Weinert.

Allen Holmes sparked the O'Brien team with four touchdowns.

James Miller led the Weinert attack with touchdown runs of 12 and 18 yards. Miller also caught a 15-yard touchdown pass from Rodney Dutton. Then Dutton caught a 32-yard scoring pass from Miller.

Siege Figueroa, Joe Flores, Rayland Hayes and Danny Delhiero all scored for O'Brien.

Moran Downs Paint Creek

Randy Hudson led Moran to a 31-6 victory over Paint Creek last Friday night in six-man action at Moran.

Hudson crossed the goal line three times to pace the win. Also scoring for Moran were

New Riding Club Organized Friday Night

A new organization, the Haskell County Riding Club, for all ages and all types of horses, was formed in a meeting held Friday night, September 25th, at Felker's Restaurant.

Officers to head the organization elected at the meeting were C. B. Shelton, president; A. M. McDonald, vice-president and Mrs. C. B. Shelton, secretary.

Next meeting of the club will be held Monday night, October 22nd, at Felker's Restaurant at which time plans will be made for a "ride-in" to the lake.

Philip Bardimas and Pete Branham, Calvin Robinson tackled on a two-point conversion in the last quarter to complete the Moran victory.

Jayton Rips Rochester, 34-0

Jayton built up a 27-0 half-time margin at Jayton Friday night and coasted to a 34-0 football victory over Rochester.

Four players scored touchdowns for the winners, with halfback John Charles Davis producing two TDs. He scored twice in the second quarter on runs of 36 and 20 yards.

The first quarter touchdown was a five-yarder by quarterback Kim Nichols. Harold Judy ran 46 yards for the third quarter tally. Nichols kicked four extra points.

Rule Clobbers Munday, 42-6

Rule fullback Jimmy Lisle scored four touchdowns in the first half to lead the Bobcats to a 42-6 win over Munday at Munday Friday night.

Lisle, who gained 193 yards on 14 carries, scored on runs of

VA Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q I was discharged from service in June. How much time do I have to use my educational benefit?

A You have eight years after your separation to use your educational benefit, provided you have served at least 180 days, any part of which occurred after January 31, 1955.

Q Will the VA tell me which is the best option to select when preparing a beneficiary and option for my G.I. insurance?

A No. The tables of installments are cited among the policy provisions. This is intended not only as a provision of the contract, but as a reference from which the insured must make a judgement.

Q My husband, a World War I veteran, died recently. Will the VA allow any reimbursement on his burial expenses?

A Yes, up to and including \$250. The VA also reimburses for transportation of a veteran's body to place of burial, if he was properly hospitalized or domiciled at a VA facility.

Q I have \$10,000 National Service Life term insurance which I obtained during World War II, and plan to convert to Modified Life. Is there a deadline for converting my insurance?

A No, except that it must be

Luxury abounds in 1971 Chevrolet Caprice Coupe

The 1971 regular Chevrolets are the most luxurious the division has ever built. There is greater glass area for improved visibility. Glass and body contours are more rounded. Flush lift-up door handles add to body smoothness. The Caprice gets added distinction with a special large grid grille, deep ribbed wheel covers and standard rear fender skirts. Wheelbase of regular Chevrolet is extended 2.5 inches for added riding comfort and increased rear leg room. The body has a new flow-through ventilation system and greater strength double-panel roof construction. The new chassis and suspension system give improved ride and handling. A power disc/drum brake system is standard. New Chevrolets go on sale Tuesday, September 29.

Lubbock and Sweetwater, many young Americans had their first opportunity to see the stirring sight of a steam locomotive in action, while the older generation was able to indulge in a momentary nostalgia for a great and bygone age. In Sweetwater, of the enormous crowd gathered at the Santa Fe station to "see the train come in" on a count 50 per cent had never seen a steam locomotive before. The famous Pullman cars which were used by General Eisenhower and Sir Winston Churchill during WWII for many wartime conferences were enjoyed by those who just wanted to sit and talk.

The Flying Scotsman Is Now The Most Famous Survivor of Her Breed

The Flying Scotsman, the first British steam locomotive to break through the 100 mile-per-hour barrier, has covered more than two million miles since she was built in Doncaster, England, 47 years ago, and is now the most famous survivor of her breed in the world.

This historic mission may well be the last time that a steam locomotive will be seen on the main line railroads of

the Eastern seaboard and the Southeastern states of the United States.

There could be no more fitting ending to the great age of steam for the Flying Scotsman, the last of her line, was the pulling of nine cars containing one of the most spectacular exhibitions of British goods to be displayed in the U.S.A. The mission is the fulfillment of a dream for 50-year-old Alan Pegler, the British businessman who saved the Flying Scotsman from the scrap heap by buying her for \$8,000.00 when she was taken out of service in 1963.

Along the 2,200 mile route from Boston to Houston via Hartford, New York, Philadelphia, Baltimore, Washington, Atlanta, Dallas, Fort Worth,

ago when social security was first enacted, to bring the program's benefits and information directly to the people, according to R. R. Tuley, Jr., district manager there.

Areas served by social security offices range from one of the newest (Anaheim, Calif.), to the oldest (Austin, Texas), and to one of the most elongated—that of Anchorage, Alaska, which stretches from the western end of the Alaskan panhandle to the most remote island in the Aleutian chain.

These offices, he added, serve the people through the neighborhood branches and contact stations located "where the people are."

"Contact station locations that are visited regularly by social security field representatives may be close to a full-time social security office or hundreds of miles away by air and sea, as in the Aleutians," Tuley said. The contact stations operated by Abilene are to help bring correct social security information to everyone who is affected by this 35-year-old law. A representative of its Brownwood office operates 5 contact stations.

Wayne Baker, one of four field representatives in the Abilene district visits Haskell every Thursday in August except the 6th at 10:00 a. m. at Annex City Hall. See him if you have a social security question.

VOTERS

Due to legislative changes in election laws, everyone must sign an application for voter registration certificate. Applications will be included with tax statement.

18 to 21 year olds may apply for voter registration this year. Applications for 18, 19 and 20 year olds will then be held in the office. If the Supreme Court holds the 18-and-over voter registration law valid, the registration certificates will then be mailed to the applicants.

The Haskell County Unit Cancer Society Reports Memorial Gifts

An indication of the growing popularity of the American Cancer Society's memorial program was given today by Mrs. Ruby Smith, Memorial Chairman of the Society's Haskell County Unit.

Mrs. Smith said that memorial gifts to the Unit totaled \$965.00 during the fiscal year which ended August 31.

"The rapid growth of memorial giving is due to a keener public appreciation of the fact that more tools are needed in the fight against cancer," Mrs. Smith stated.

She pointed out that research against the disease has progressed so rapidly that there has not been enough money available to follow-up on the many new leads which have been uncovered in recent months.

"Research against cancer has widened tremendously, and most scientists now believe that the disease will be conquered before many more years have passed," she said.

Mrs. Smith said that the memorial gifts received by the local Unit of the American Cancer Society are made not only as remembrances of those who have died of cancer, but frequently in honor of happier events, such as birthdays and anniversaries.

"Some donors," she said, "have established the habit of making memorial gifts at regular intervals during the year."

Every memorial gift is acknowledged with a dignified white card naming the person in whose honor the gift is made.

This card is sent to the person designated as the donor. It does not state the amount of the gift.

Mrs. Smith said that the process of making a memorial gift is simple. The only information needed is the name of the person honored and the name and address of the person to whom acknowledgement should be sent. (Haskell County residents may send memorial gifts to: Haskell County Unit, Box 42, Haskell, Texas 79621.

Soil And Water Conservation Dist. Assists In Reducing Pollution

Some people proclaim that the only certainty in man's existence is death. Massive evidence has been accrued in our affluent society that another certainty should be added, waste and pollution, stated Ernest L. Cowger, Soil Conservationist, Haskell SCS, assisting the local Soil Conservation District.

Wastes occur, on the farm and in the factory, in the high rise apartments and on the rural estate, the city streets and on the open highways, the sedate offices and in the care-free parks, and in the waters of lakes and streams and in the air around us.

Net profits are a key guide line in determining if that which was a resource may be-

come a waste. Some say wastes are only resources for which we have found no use. In agriculture, animal manures, which not so long ago were a prime source of soil fertility, have been replaced by synthetic fertilizers which have proved to be a more economical supply of plant foods.

Drive along the highways or rural roads and all to be seen is not natural beauty.

Many travelers contribute to the mess of tin cans, bottles, dead animals and trash dumped in the ditches, gullies and streams that pollute water for livestock and human consumption, Cowger said.

Chemical air pollution includes sulfur dioxide, fluorine, carbon monoxide, lead nitrogen

oxides and plain smoke. Thirty million tons of natural dusts enter the atmosphere annually. This is top soil from unprotected cropland fields, roadsides, rungs and sand dunes.

Water erosion carrying sediment from some 179 million acres of cropland is a dominant problem in the United States. Proper land use and a vegetative cover is the main deterrent to sediment delivery to streams and lakes.

Ten thousand head of cattle on the feed lot produce 260 tons of manure each day or an average of 52 pounds per animal. This is equal to the waste from a city of about 164,000 people. The city will use several million gallons of water per day to carry off its waste.

Sediment carries mineral salts, nitrates, phosphates and pesticides which kill fish, destroy spawning beds, and fill deep pools of streams once used as a fish refuge. Sediment

hurts the land from which it comes and damages the water where it goes.

Your Soil and Water Conservation District assisted by technicians of the Soil Conservation Service provides assistance in reducing pollution problems.
