

### Mrs. Gordon Bennett Presents Program At Meeting of Progressive Study Club

A harvest setting was the theme for the Progressive Study Club, which met in regular meeting on October 1, at the Community Room of the Haskell National Bank. As members and guests arrived, they were served refreshments by the hostesses, Mmes. Harvey Croft, Charles McCauley, and Sonny Everett. The serving table, covered with a lovely cloth depicting a horn-of-plenty, was highlighted with an autumn floral arrangement and silver appointments.

Mrs. W. V. Felker, president, presided over the business meeting, after Mrs. R. C. Couch, Jr., gave an inspiring thought-for-the-day. The club's fund-raising project, vanilla and black pepper, was distributed for members to sell by Mrs. Danny Tollison, second vice-president. Mmes. Vance Abeldt, A. C. Richardson and Marvin Letz were welcomed as new members. Guests included Mmes. Harry Sorrells, Bill Comedy, H. O. Abbott, R. D. Williams, Tommy McAdams, Joe Williams, Gerald Fincher, Wallace Cox and Grace Bizbee.

The program, featuring Mrs. Gordon Bennett of Abilene, speaking on "Matching Wits With Fashion," was presented by Mrs. T. P. Barnett, director of the program. Mrs. Bennett noted that never before have women needed to rely on their "wits" or to develop a sixth sense, namely fashion sense, as much as we must today. Physical fitness plus mental adaptability are fundamental to the fashion-conscious woman living in today's changing world. Good posture, health

habits, and proper exercise should become automatic before we can achieve the fashionable look. Mrs. Bennett stressed the natural look in cosmetics—avoiding the theatrical appearance. Each garment we select for our wardrobe should be chosen as if it were the last garment we would ever buy. According to recent fashion news, Mrs. Bennett pointed out that for the first time in modern history, women are not going to let designers stampede them into a new look; that is, the midi. While skirt lengths are definitely being lowered, the mid-calf look is not catching the consumer's eye.

Accessories are more important than ever. The well-chosen scarf, belt or chain necklace, can create a complete new look. Mrs. Bennett described a point system used by fashion experts whereby we can evaluate our costume, complete with accessories, to make sure that we are never over-dressed. She quoted Rock Hudson in closing, "The most important thing a woman wears is the expression on her face." Then Mrs. Bennett assisted Mrs. Ken Lane and Mrs. Abe Turner in choosing accessories to complement rather than over-shadow their ensembles.

Mrs. Felker presented a gift to Mrs. Bennett, who is the wife of the immediate past-president of McMurray College in Abilene, in appreciation for the delightful and informative program. Twenty-one members and nine guests were present.

### Naomi Sunday School Class Installs Officers

The Naomi Sunday School class officers of the First Baptist Church were installed Monday, October 5th, by Mrs. Artie Mae Burkett.

Theme for the Installation Service was, "Blending of Colors" as portrayed in the poem, "October Bright Blue Weather," by Helen Hunt Jackson. It is during the month that we begin to see the beautiful colors of nature blended together by the Divine Artist.

As lives are blended together in Christian Service we call our life painting "A Picture of Service for Our Master. The background for the picture is the entire class and the brush is Love." The colors used for this painting signified wisdom, patience, loyalty, light, faithfulness, sincerity, tolerance and understanding, "with a little shading here and a deeper color there" to bring out the beauty of all colors and add richness to painting by service to others. By serving others we serve Christ.

The Master said: "Perform the simple task that lies nearest to your hand, and prove your love and faithfulness in service where you stand."

Officers installed were: President, Iola Henshaw; vice-president, Clara Biard; secretary, Pauline Derr; assistant secretary, Ethel Lou Shelton; group captains, Claressa Jones, Vivian Robertson, Emma Bland, Freda Carter; card chairman, Ruby Mae Roberts.

The stranger pulled out a five dollar bill and said: "Here, bary five of them."

Our criticism of others' mistakes is often a reflection of our own. Why blame someone else for our failures when we ourselves have not done our best?

Finish every day and be done with it. You have done what you could. Some blunders, no doubt, crept-in. Forget them as soon as you can.

Americans are a strange people. They devote one day a week to fathers and a whole week to pickles.

Being a staunch opponent of soap and water, four-year-old Jimmy was rattling up his usual series of arguments about why he should not have to take a bath. "You want to be clean, don't you?" asked his mother, as she half-pulled him to the bathtub.

"Yes," scibbed little Jimmy. "But why can't you just dust me off like you do the furniture?"

The man who claims he never made a mistake in his life generally has a wife who did.

Teacher: "How old would a person be who was born in 1899?"

Billy: "Man or woman?"

**PASSING THE TORCH**

National 4-H Week is being observed this week, October 4-10. This is one organization that needs no introduction or exaggerated flattery. With a membership of nearly three-million boys and girls, it reaches into virtually every community.

Local 4-H Clubs and the 4-H program are part of the nationwide educational system of the Cooperative Extension Service... a partnership of the county governments, the State land-grant universities, and the U. S. Department of Agriculture. Any boy or girl from the age of 9 through 19 may join 4-H merely by signing up and choosing a project. These projects cover a wide variety of activities, in agriculture, home economics, citizenship and personal development. Some 400,000 public-spirited men and women guide the 4-H'ers.

National 4-H Week is a reminder of how progress in a free nation is transferred from one generation to the next...together with the principles upon which freedom rests.

**Haskell County History**

**30 YEARS AGO**  
(October 11, 1938)  
Mr. and Mrs. John P. Payne and daughter, Mary Beth, spent the past weekend in Fort Worth and Dallas with friends and relatives. Mr. Payne attended the annual reunion of the Thirty-Sixth Division held in Fort Worth. The Haskell man was a commissioned officer in the old 36th during the World War. Kermit Brown, Paint Creek rural high school senior, has been selected as a member of

the Texas FFA Band and will receive an expense paid trip to the National Convention in Kansas City next month.  
Mrs. H. F. Monke of Weintert was a Haskell visitor, Thursday morning.  
District Attorney Ben Charlie Chapman, who last week was named head of the Haskell County Advisory Board for Registrants, announced that he had appointed all lawyers in Haskell County as board members. Duties of the advisory

board will be to advise and assist registrants in preparing questionnaires required under the compulsory military training bill.

Paul Zahn, Haskell farmer whose hobby is deer hunting and who has probably killed more deer than any other hunter in this section, added new trophies to his collection this week. He returned Wednesday from his first hunting trip of the year, in the mountains of Colorado, bringing back two fine specimens of Pinyon black-tail deer, a doe and a large 11-point buck. Mr. Zahn was accompanied on the trip by Merand Fields, former Haskell resident who now lives on the Plains, and he was also successful in bagging two deer.

Members of the Library Board met in the City Hall on Monday evening, Oct. 7th, and heard encouraging reports from the hostesses who gave their time during observance of "Book Week", with these reports listing many volumes contributed to the municipal library. Mrs. Wallace Cox presided for the board meeting. Dr. T. W. Williams was named as president of the library board, succeeding Mrs. J. G. Vaughter.

**10 YEARS AGO**  
(October 9, 1958)  
The best seasonable rainfall in this section in a number of years was received during the past week when a total of 4.05 inches, falling within a space of four days, was general over practically the entire state.  
Thirty-three young ladies, representatives from as many towns and communities in this section, will take part in the elaborate coronation ceremonies on Thursday night, October 16, when Miss Elizabeth Steele, of Rule, is crowned as Queen of the seventh annual Haskell County Fair.  
Under the supervision of County Agent, Joe C. Williams and F. L. Daugherty, local secretary, the American Red Cross distributed a carload of seed wheat to Haskell County farmers this week, a part of the drought relief work to be done in this section by the national agency.  
According to R. L. Burton of the firm of Isbell-Burton Motor

Company, one of the new model American Austins will be on display in their show-room during the Fair, and will also be entered in the parade on opening day.

Miss Ruby Martin who is connected with the Haskell Telephone Company, has returned from Lubbock where her company sent her for a few weeks and reports that she will probably be permanently located in Haskell.

Friday, October 10, the Haskell Indians will journey to Seymour to do battle with their old rivals on the gridiron.

E. Gaston Foote, pastor of the First Methodist Church, will act as Prime Minister during the Coronation Ceremonies on opening night of the Haskell County Fair, when Miss Elizabeth Steele of Rule will be crowned Queen of the Fair.

Carl Springer of Eastland, and formerly of Haskell, is in Haskell this week, attending legal business.

Ex-Governor Jas. E. Ferguson is in Haskell in the interest of the Morton Estate matter in District Court.

**60 YEARS AGO**  
(October 8, 1910)  
The members of the Magazine Club held their opening meeting in the library room, Saturday, October 1st. Nineteen of the twenty members responded to roll call. The installation of new officers was in order, those assuming duties for the coming year as follows: President, Mrs. Henry Alexander; first vice-president, Mrs. S. R. Rike; second vice-president, Mrs. S. W. Scott; recording secretary, Mrs. J. F. Posey; auditor, Mrs. A. W. McGregor. This is the ninth year of the club's existence. The oldest in Haskell, organized primarily for intellectual pursuits but the members soon realizing, there is larger work than self culture, took up the library movement and are bending every effort towards a self-supporting Public Library. The year's study consists of American Literature and a splendid year book covers this subject most thoroughly as well as provides several special programs such as American Sculptors, Musicians, Universities, Club Day, Texas Day, etc. The membership is limited to twenty members and at the present time the roster is full. Enrolled are Mesdames Henry Alexander, Bruce Bryant, Earl Cogdell, Clyde Elkins, Lewis Ellis, J. U. Fields, J. W. Gilliam, H. R. Jones, Scott Key, G. E. Lankford, C. D. Long, A. W. McGregor, J. F. Posey, S. R. Rike, F. T. Sanders, S. W. Scott, A. J. Smith, A. H. Tandy, H. S. Wilson.

Miss Jessie Martin left Tuesday for Portland, on the Coast of Texas, where she will spend the winter and attend Bay View College.

Dr. Gilbert left Thursday for Alomogordo, Mexico.  
Mrs. S. W. Scott and son, Archer, left Tuesday for Kansas City to visit Mrs. L. L. Morrison of that city, who is a sister of Mrs. Scott.

Mr. W. P. Whitman made a business trip to Rochester this week.

**Haskell Art Major Enters "Blue Boy"**  
Works by two North Texas State University students and four former students were among 119 accepted from 525 entries in the 12th Annual Eight State Exhibition of Painting and Sculpture in progress in Oklahoma City.

Tim McClure, senior art major from Dallas, showed an acrylic on canvas, "Boardwalk-Retract," which was one of seven recommended for purchase. The picture of two girls is reminiscent of the 1940's with McClure's concentration on values in lights and darks.

Ken Cook, senior art major from Haskell, entered "Blue Boy," a reconstruction of the Gainsborough work from a different angle.

Bill Kysor, a former student who plans to re-enroll at NT-SU, is exhibiting a collection of shaped canvases titled "Mixed Modular No. 1." The circular canvas done in acrylics is divided into six parts which all work together regardless of how they are assembled.

Former students exhibiting in the show through October 25 at the Oklahoma Art Center, were James Allumbaugh, Sam Gummelt and Harvey Phillips.

Juror was Aracy Atkinson, director of the Milwaukee Art Center. According to McClure, Atkinson's judging basis centered on intensity of expression and professional competence.

Sponsors of the show were the State Fair of Oklahoma and the Oklahoma Art Center, directed by Patrick Shannon.

## LETTERS TO THE EDITOR

Dear Editor and Follow Citizens

This is the first time I have ever attempted to write a letter to the paper. But I feel this is the best way to express my appreciation for the good County Fair we had last week. Didn't we have a good time? The music and singing was good. There were so many pretty things in the exhibits and the livestock was so good.

Mr. Thomas and all those that helped are to be compli-mented. It was just good to be there and see people maybe you had not seen since last fair time.

I would like to say, too, since I am writing this letter, that I am proud to live in a town like Haskell. I am not a new resident, I have lived here since 1933. This is just the first op-portunity I have had to express my feelings. Haskell has the nicest people in the world. The best school in the state; good churches; fine Doctors, and a good law force. It's just won-derful to be able to attend a gathering with a lot of people and not have to be afraid of riots. I don't think we have a generation gap or racial prob-lem here, that we hear so much about. Everyone seems to work and play together and that's as it should be.

There is only one thing wrong with our town. We need some industry to come here. To hold our youngsters here. They have to leave their home town to get jobs. I believe if we all work together we can get some industry to come here.

So let's all work together for that.

I sound as though I have a job with the Chamber of Com-merce. But I don't. I was in there for the first time the other day. I just want to ex-press my feelings in a very pooy way I am sure.

Thanks for hearing me out. Sincerely,  
Mrs. Chester Cunningham

# Chrysler-Plymouth

# is coming through for you.

**We're coming through.**  
We're coming through with variety: Five completely different car lines—76 different models. More kinds of new cars than anyone else in the business.  
We're coming through with value. Every Chrysler and Plymouth is built and engineered with extra care. To make sure you get a dollar's worth of automobile for every dollar you spend.  
We're coming through with brand-new options. Like a Stereo Cassette Tape System available with a microphone. You can record your own voice or record directly from the radio.  
It's 1971. And Chrysler-Plymouth's coming through for you.

**Plymouth Satellite Sebring**  
It's the newest idea in two-doors. From front to back it's designed exclusively to be a two-door. With no compromises. So you get the styling and handling of a specialty car—all for the price of an intermediate car.  
And every one of our four-doors (Satellite, Satellite Custom, Satellite Brougham) was designed from the ground up to be a four-door. The result? People who take a back seat in our four-doors, don't take a back seat.

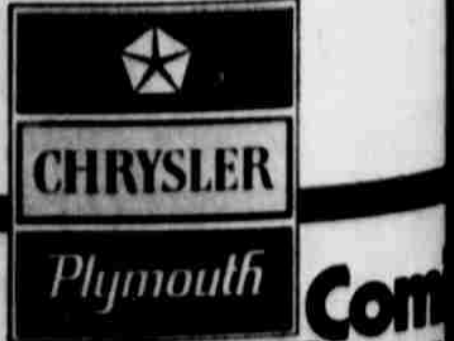

**Chrysler New Yorker**  
The New Yorker lives up to its look of quiet authority. It's one of 15 different Chryslers coming through. Coming through with the size, room, comfort and power you want for all the living you do. With new options like an electric sun roof, to let in the light of the sun, or the moon.

**Chrysler Imperial**  
Chrysler Imperial comes through for all the living you do. It contains all the luxury you want, with personal touches. Like the exclusive optional rear seat heater. This allows your rear seat passengers to maintain their own level of comfort—cool or warm.

**Plymouth Sport Fury**  
It's coming through for you with a lot more car. Everything about Sport Fury comes through big: the seats, interior room, body, engine and brakes. Plus, we've added Torsion-Quiet Ride—with a Sound Isolation System that separates road noises from you.

**Plymouth Duster**  
Our success car is coming through for you: Still small enough. Still big enough. Small enough to fit in about 1/2 of a parking space. Big enough to seat five comfortably. And still small enough to fit your budget. Duster. The big difference in small cars.

**Plymouth Barracuda**  
The super-tough sporty car that comes through with torsion-bar suspension for better handling.  
Coming through for you with economy in Barracuda. Coming through for you with luxury in Gran Coupe. And coming through for you with great performance in 'Cuda.
