NUMBER TWENTY-SIX

**AN ASSIST FROM MOM** is a must for any Miss Texas entry, and Pat got a lot of help, putting all the required clothing into one suitcase and one garment bag. Pat models a pantsuit she will wear to rehearsals and teas, and packs a hot pink swimsuit for that division of competition. Mrs. Harris is holding another pantsuit she will take for rehearsals. ## It's Haskell Hey Day Show Time

Plans for the 1972 edition of the Little Miss and Miss Hey Day Pageants are complete. Decorations are complete and rehearsals are over. Only after the climax of the pageants will the winners be known. Although there is only one true winner in each pageant, each entrant gains new friendships and a better understanding of the word "competition."

Final tally shows 54 entries in the Miss Hey Day Pageant which will be held Friday night at 8:30 in the Texas Theatre. Little Miss Hey Day Pageant will have 21 junior misses competing for the title, Thursday night at 8:30 in the Texas Theatre. Both pageants have entrants from Haskell, Rule, Ro-

chester and Paint Creek. The Miss Hey Day Pageant will have entries from Weinert and O'Brien, as well.

Beautiful decorations prevail throughout the theatre and a new coat of paint outside and in the lobby will serve to enhance the beauty of the pageants.

Chamber of Commerce manager Rex Felker will give introductions and Miss Karen Pippin, Miss Hey Day 1971, will serve as Mistress of Ceremonies.

Entertainment will be presented by Miss Pippin, Miss Pat Harris, Miss Throckmorton of Haskell, and Miss Beth Lowery. All three girls will sing and will be accompanied by Miss Ellen Walling at the piano.

Tickets will be sold at the door for \$1.25 for the Miss Hey Day and 50 cents for the Little Miss Hey Day shows. Both programs promise to be not only entertaining but also present a chance to get out of the awful heat experienced in the area at this time.

## Farmers Union To Host Seminar Fri.

A team of farm leaders including a high official of one of the nation's largest general farm organizations will make a whirlwind tour of the state June 26-30, when Texas Farmers Union holds its Sound Off Seminars in 25 counties.

Cy Carpenter of St. Paul, president of Minnesota Farmers Union, and John Stencel of Denver, president of Rocky Mountain Farmers Union will travel with Texas Farmers Union president Jay Naman of Waco and vice president Joe Rankin of Ralls on a flying tour of 25 counties in five days. Since the farm organization officials cannot visit all of the 100 Farmers Union membership counties, some of the meetings will be multi-county. The tour will begin with a breakfast on Monday, June 26, in Rosenberg.

on the Gulf Coast and conclude with a Friday noon luncheon in Haskell on the Rolling Plains. The group will visit counties in Central, North Texas, and the High Plains before reaching the Rolling Plains area.

Mr. Carpenter will attend meetings scheduled June 26 through a breakfast meeting in Lubbock June 29.

Mr. Stencel will attend meetings scheduled at Lamesa the evening of June 29 through Friday noon, June 30, at Haskell.

The purpose of the Sound Off Seminars is to give the farmers and ranchers in the areas visited the opportunity to "sound off" on the problems facing them and the other farm families in their area. Although the meetings are being arranged by Farmers Union officials, (Continued on Page 2, Sec. 1)

## Holiday Traffic Could Claim 58

AUSTIN—Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents would claim 58 lives in Texas during the 102-hour July 4th holiday weekend from 6:00 p. m. Friday, June 30 to midnight Tuesday, July 4.

The DPS director said that if the holiday is typical, approximately one-third of the fatal accidents will involve only one vehicle.

Traffic law violations will contribute to many of the fatal mishaps with the major factors including speed too fast for conditions and driving while intoxicated.

In an effort to hold the toll down, Speir said the DPS, local law enforcement agencies, and the news media of Texas will cooperate in a special "Operation Motorcade" program. Information on fatal collisions will be tabulated at DPS Headquarters in Austin and released three times per day during the holidays in an effort to increase driver awareness.

All available Department of Public Safety patrolmen will be on duty, placing special emphasis on drinking and reckless drivers. Across the state, many city police departments and county sheriff's departments will have extra personnel assigned to intensified enforcement efforts.

"I urge all Texans and visitors to put on their best driving manners and actively join in the 'Operation Motorcade' effort so that this July 4th holiday might be as safe as possible," Speir said.

## Off To 'Miss Texas'

"My biggest problem before the Pageant will be packing the clothes I want to take in the limit of one suitcase and one hanging clothesbag," said Miss Pat Harris about her approaching trip to the Miss Texas Pageant.

Miss Harris, daughter of Mr. and Mrs. Henry Harris, and her chaperone, Mrs. Opal Adkins, chairman of the Miss Hey Day Pageant '72, leave July 2 for the Miss Texas Pageant, which will be divided into three groups. Each group will be judged on one phase of competition, Evening Gown, Talent and Swim Suit, each day, Wednesday, Thursday and Friday. While not in competition, the girls will practice entertainment portions of the Pageant.

Other activities scheduled include daily luncheons, teas, dinners, receptions and press conferences.

Contestants will stay in Foster Hall, a dorm on the TCU campus, and will be bused to activities at the convention center.

Along with the multitude of forms returned to Pageant, Miss Harris sent tapes of her talent which will be used for orchestra arrangements. Miss Harris will sing a medley of songs, entitled "I'm Going to Keep On Singing."

Pat and her family attended the Pageant last year in order to get some idea of what to expect. "I did find out some interesting things, but now when

I think that I'll be doing that in a few days, it scares me a little."

A 1972 graduate of Haskell High School, Miss Harris plans to attend Hardin-Simmons University in Abilene this fall. Awards won while attending Haskell High School include: Miss HHS, Cheerleader, Farm Bureau Cotton Queen, and a position on the all star cast of UIL one-act play. She was a member of the Future Teachers of America; National Honor Society; The Haskellettes, girls sports club; participated in girls basketball and track, Future Homemakers of America; and participated in the State Track Meet 2 years. She enjoys swimming; water skiing; art; and music, both piano and voice. Pat has two sisters, Peggy II, and Mrs.

Charles Gibson of Wichita Falls.

During her reign as Miss Throckmorton of Haskell, Miss Harris entertained for the Rotary, Lions and Progressive Study clubs. She served as emcee and also sang at the Miss Throckmorton Pageant this year and will perform during the Little Miss and Miss Hey Day Pageants June 29 and 30. She also sang at the Frontier Day Celebration in May.

Relatives planning to attend the Pageant are: Mr. and Mrs. Henry Harris; grandmother, Mrs. Betty Harris; sister and her husband, Mr. and Mrs. Charles Gibson; and an aunt and uncle from Chicago, Ill. Mr. and Mrs. Theo Moore.

We're sure Pat will do fine in this unforgettable experience and wish her the best of luck!

## Queens' Contest Set For July 21

The Haskell County Farm Bureau Queen's Contest and Talent Find has been set for July 21, according to Mrs. Sonny Denson, chairman. The two events will be held at the Rule Country Club, Friday, July 21, at 8:00 p. m.

Local winners will vie in district competition on August 17 at Vernon, Texas. District winners will then compete in State at the Texas Farm Bureau Convention to be held in Houston this fall.

Queens Contest eligibility requirements: Must be daughter or sister of a Farm Bureau member who is actively engaged in agricultural production; Must be single; Must be between ages 16-22.

Girls will be judged on three main points: Appearance, Poise and Personality.

Winner will represent Haskell County at the district contest to be held in Vernon on August 17. District winner will have her expenses paid to Houston where she will compete in the State contest.

Talent Find eligibility requirements: Must be member of Farm Bureau; Must be between ages 17-30; but the agricultural requirement does not apply.

Will be judged on two main points: Audience appeal and Performance.

Winner will represent Haskell County at the district contest in Vernon on August 17th. District winner will have his/her expenses paid to Houston

where they will compete in the State contest.

There will be an ice cream and swim party for all contestants at 4:00 p. m. Thursday, July 20, at the Rule Country Club.

All entries must be in no later than July 14. Those needing additional information can contact the local Farm Bureau Office, Mrs. Sonny Denson, or one of the following: Mrs. J. D. Kupatt, Rule, Mrs. Eddie Chambers, Haskell, Mrs. M. Stapleton, Haskell, or M. S. Truman Therwagner of Weinert.

### SCHEDULE CHANGE

Due to the Miss Hey Day Pageant scheduled for Friday night, Sgt. Frank Jircik has re-scheduled the baseball game between the Haskell Indians and Rotan for Thursday, June 29, at 8:00 p. m. The game will be played here.

Mrs. Doug Laughlin RETIRING

Retiring from the Postal Service on June 30, will be Mrs. Doug Laughlin. Mrs. Laughlin has almost 24 years service, one of which was served during World War II at Del Rio. She came into the Rule office on Oct. 1, 1949.

Always helpful in many ways, she performed her duties admirably. She is a member of the First Baptist Church of Rule and in 1968, was selected by the Rule Chamber of Commerce as Woman of the Year.

Mrs. Laughlin says she will miss seeing all of the people at the post office that have become very dear to her through the years and wants them to know it has been a pleasure to serve them, and thanks them for being such good friends.

### Summer Events Well Underway

The summer youth and adult program at Haskell High School sponsored by the City of Haskell, with the cooperation of Haskell school officials and the Jaycees, is well underway. Coach Bobby Dodd says, "Coach Sefcik and I are both pleased with the success that the program is having."

The morning portion of the program for elementary age youths has averaged about 30 participants per day. Junior High School age group, which meets between 1:00 and 4:00 p. m., averages about 35 per day.

"The only portion of the program which we feel has not reached full potential is the high school and adult program," says Dodd. Beginning at 5:30 and lasting as long as there are participants, the high school and adult program has averaged about 15 people per day. All individuals over age 15 are invited to attend or to come as a group and participate in any of the many activities scheduled for the high

school and adult group.

Bonnie Adkins, HHS twirler, is teaching twirling to the elementary and Jr. High groups on Tuesdays and Thursdays, and Paula Middleton, HHS Cheerleader, is teaching cheerleading to the same groups on Mondays and Wednesdays. Other activities are table tennis, badminton, basketball, volleyball, track and field events, softball, weight lifting and touch foot-

ball.

Additional information may be received by calling 864-2539, or contacting Ray Sefcik or Bobby Dodd.

Pencils, protractors, rulers, posterboard, MARKS-A-LOT in six colors, all for the school student, available at HASKELL Free Press.

### Savings Bonds Sales Reach 23%

May sales of Series E and H U. S. Savings Bonds amounting to \$4,274,000 in Haskell county were reported today by County Bond Chairman R. W. Herren. Sales for the five-month period totaled \$55,224,000 for 23% of the 1972 goal of \$240,000,000.

Sales for the state of Texas during May were \$17,314,314—a 5% increase over May 1971 when sales were \$16,476,145. January-May sales totaled \$91,572,743 with 45% of the \$202.3 Million 1972 goal achieved.

Nationally, sales of E and H Savings Bonds amounting to \$573 Million were reported during May—24% above 1971 sales of \$462 Million. Total sales for the five-month period amounted to \$2,715 Million—19% above a year earlier. Exchanges of Series H Bonds totalling \$142 Million were reported for the first five months of 1972—36% above the \$105 Million exchanged in 1971.

#### LOOK WHO'S NEW

Major and Mrs. Lewis Maloy Jones announce the birth of a son, Jeffrey Maloy, on June 19, 1972, at Brook General Hospital, Fort Sam Houston, San Antonio Texas. "Jeff" has a sister, Leigh Ann, and a brother, Jay. Major Jones is the son of Mr. and Mrs. Woodrow Jones and Mrs. Jones is the daughter of Mr. and Mrs. Hugh C. Ratliff, all of Haskell.

### Revival Stated By Haskell Ministerial Group

A feeling has been shared by many that it would be good for our churches and community to have a joint effort for Christ. This has been discussed in the Ministerial Alliance and with laymen of Haskell. The Ministerial Alliance has been encouraged to proceed in making plans for a community Revival.

An opportunity arose to have the Ed Robb Evangelistic team here on October 8-15 of this year and we have secured them for this date.

It is time to begin the organization to promote and prepare for this meeting. Last week letters were sent to all churches and pastors to come to a meeting to learn more of this meeting. There was a good response, but several churches were not represented.

If you or your church is interested and would like more information concerning this meeting, be sure and contact the pastor of the First Baptist Church, Dr. Troy Culpepper; First United Methodist pastor, H. O. Abbott, or East Side Baptist pastor, R. D. Williams. It is the sincere prayer and desire of the Ministerial Alliance that we might labor together for Christ in this effort. We hope you and your church will be represented in this effort.

### Pesticide Levels In Market Foods Are Checked Regularly For Residue

College Station — Consumers concerned about pesticide levels in food products can be assured that major food items are checked regularly for chemical residues. That's one of the jobs of the Food and Drug Administration.

The surveillance is a continuing effort to provide consumers with the most wholesome food products available anywhere in the world, says Dr. Jack Price, leader in agricultural chemicals with the Texas Agricultural Extension Service.

The Texas A&M University specialist points out that, to date, pesticide residues con-

tinue at a level below the legal tolerances established for food. During the period, 1964-70, residues of most pesticides present in food samples studied by the FDA were substantially below limits established by committees of the World Health Organization and the United Nations.

Most recent findings reported by the FDA cover the period, June, 1968 to April, 1970. The kinds and frequencies of chlorinated organic pesticides did not differ much from values obtained during the preceding two-year period. Levels of DDT-type materials have declined; however, organic phosphate pesticide residues have occurred more frequently in recent years.

Regarding the surveillance technique used by the FDA, Price explains that a market basket of 117 food items is obtained from a random selection of retail food stores. Each basket represents a two-week diet for the 16-to-19-year-old male who makes up the age group reportedly consuming the greatest quantities and kinds of foods. Food baskets are purchased bimonthly in different cities within five geographic regions of the United States. Thus a total of 30 baskets are checked annually.

After the purchase, foods are prepared for consumption and divided into 12 classes of similar foods, such as fruits, leafy vegetables, beverages and meats. They are then analyzed for pesticide residues.

Levels of residues on raw agricultural products are generally much lower than safe tolerances established under the Food, Drug, and Cosmetic Act, notes Price. Most residues that are detected are at very low levels and only about 3% exceed FDA tolerances or guidelines.

The dietary intake of pesticides as measured by FDA investigations is a final check which shows that the tolerance and control system for pesticides in the U. S. is effective, adds the specialist.

## Cowger To Retire After 38 Years

Ernest L. Cowger will retire June 30 from the Soil Conservation Service. He has been a civil service employee with Soil Conservation Service since 1934. A graduate of Arkansas Tech and Oklahoma A&M, Cowger did graduate work at the University of Arkansas.

Since he began work with SCS he served as a Work-Unit Conservationist at Conway, Pochontas, and Magnolia, Ark., and Fabens, Texas. He served as Conservationist Farm Planner in Stamford from 1954-69 and has held that title until the present in Haskell.

Mrs. Cowger is a teacher of high school English and reading and is employed at Stamford High School.

A son, Earnest Jr., is a graduate of Texas Tech with a M. S. from Maryland State College at Frostburg. He did further graduate work in Christian counseling at Southern Sem-

## FABULOUS, FRIVOLOUS FOURTH

That day of days is almost here—July the Fourth. It's that happy national holiday that's applauded alike by the makers of fireworks and calomine lotion. And dreaded by those who enjoy it too much.

It's a day known for family outings, fireworks displays, blanket tosses, blueberry whale blubber ice cream, damp deer, and St. Martin.

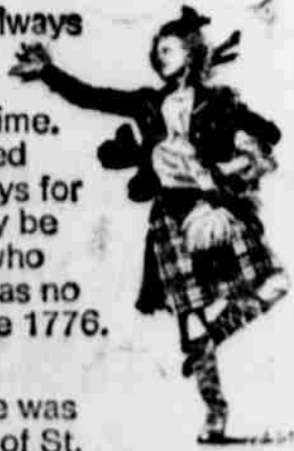

But perhaps July the Fourth is best known as Independence Day—a day with both the applause and the dread. Applause for another birthday of our freedom. Dread from harassed fathers driving cars full of assorted relatives, dogs, and screaming kids through bumper-to-bumper traffic. And dreaded by the bug-stung, sunburned vacationers who had too much of a good thing.

#### BEFORE 1776

The Fourth has not always been freedom's birthday—nor the vacationer's dream-time. It has been celebrated in many different ways for centuries, which may be surprising to those who thought that there was no Fourth of July before 1776. But it's true.

July the Fourth once was celebrated in honor of St. Martin. And that's where the damp deer (or soggy stags, as the natives of Scotland say) come in.

St. Martin of Bullion was a very popular Scottish saint. It was once popular to claim that the weather which prevailed on St. Martin's Day (or Bullion Day) was prophetic. It was a kind of medieval groundhog day. But instead of groundhogs, the weather prophets were the deer. "If the deer rise dry and lay down dry," the saying went, "there will be a good fall harvest." If the deer rose wet or lay down wet, then that meant 20 days of rain.

#### AFTER 1776

But back to America. Few took notice of the first American Fourth. In fact, the Declaration of Independence was read on July 4, 1776, as more or less an impromptu speech to a few passers-by. Someone read the document from a platform erected in the street to observe the passing of the planet Venus. It was not until the next year, 1777, that the nation had its first Fourth of July celebration. That year, John Adams went to the July Fourth dinner on a ship named "The Delaware." And he danced to the music of a band of Hessians taken prisoner at Trenton. Guy Lombardo didn't come until later—much later.

#### FIRECRACKERS AND FESTIVITIES

Fireworks became a popular way to express July Fourth enthusiasm soon after our country started making history. The bang-up idea was probably borrowed from the Chinese custom of setting off firecrackers on New Year's Eve to drive away evil spirits. And also to ward off evils, America adopted the custom called the "parade of the horrors." An early morning parade through the streets by persons dressed in wild costumes and making as much noise as possible supposedly drew in the good and frightened off the bad.

Community celebrations of a wide variety have long been Fourth of July favorites. One of the first was the Greeley, Colorado, "Spud Rodeo."

And in Kozebue, Alaska, the blueberry whale blubber ice cream came about. The citizens of Kozebue marked the Fourth with the blanket toss, too. Participants tried to bounce as high as they could on a kind of hand-held trampoline. And the women

tugged the rope against visitors. The ladies of gay Kozebue almost always beat the outlanders at the rope tug.

But back to the ice cream. In Kozebue, the frozen delight is really made with blueberries and whale blubber. The fat and berries are hand-mixed with canned milk, sugar and snow. Was this the first "flavor of the month" for July?

#### TEXAS FOURTH

But Alaska cannot surpass the celebrations of Texas. The Lone Star State has its own unique ways of marking the Fourth of July. Here the day sees quarter-horse races and shows in Stamford and Columbus.

And rodeos in Belton and Pecos. And old-fashioned festivals in Brady, Taylor, and at Round Top and Winedale. There's a fishing festival in Brazosport. Golf tournaments tee-off statewide. And good old-fashioned fireworks explode in Carrollton and many other Texas home towns.

No matter how the Fourth is celebrated in Texas, it is always marked with friendliness and good cheer. Gosomewhere and celebrate this Fourth of July. And as you go, remember to spread friendliness on the highways, too. The Governor's Committee on Traffic Safety urges all Texans, native and transplant, and all visitors, to DRIVE FRIENDLY during this happy, frivolous holiday.

Remember that DRIVE FRIENDLY means keeping your speed in check, observing all traffic laws, and—most important of all—letting someone else drive if you have had a drink.

The "Spirit of '76" is the July Fourth spirit that we commemorate. The "Spirit of '72" is the friendly spirit behind the wheel that will also live on forever.

### TRACK MEET

Rule's young track team consisting of Cary and Casey Hannsz, David Lisle, Rob, Wes Ricky and Danny Kitley entered the Texas Amateur Athletic Federation Open Track and Field meet at ACC June 24, along with a host of others from a large area of the Big Country.

Entered in the Bantam boys' division and winning the first place team trophy with 81 points was Cary and Casey Hannsz, David Lisle and Danny Kitley. The event was for boys 9 years old and under. Cary Hannsz placed 3rd in the 50 yard dash with 9.1 and 1st in the 100 yard dash with 13.7. He also placed 2nd in the long jump with 11.6. David Lisle placed 3rd in the long jump with 10.10 and 2nd in the high jump with 3-10. Cary, Casey, David and Danny, won the 440 yard relay with 1:04.8. in the Midget boys division,

10-11 years old, Ricky Kitley placed 2nd in the 50 yard dash with 8.4 and in the long jump, placed 2nd with 15-2.

In the Junior boys division, 12-13 years old, Wes Kitley placed 2nd in the 100 yard dash with 11.4 and 1st in the long jump with 18-7.

In the intermediate boys division, 14-15 years old, Mike Lisle won the high jump with 5-4, and in the Senior boys division, 16 years old and with high school eligibility remaining, Rob Kitley placed 2nd with 2:05-7.

These young boys make good ambassadors for the town of Rule, and Rule may well be proud of them.

### HONOR ROLL

Bill Jones, son of Mr. and Mrs. L. W. Jones Jr., has qualified for the dean's honor list for the 1972 spring semester at Texas Tech at Lubbock. Students must be enrolled in 12 semester hours of courses and have at least a 3.0 grade point average. Bill is enrolled in the College of Business Administration and is one of 19,550 students enrolled in the spring enrollment at the college.

### GET ACQUAINTED PARTY

The youth of the United Methodist Youth Fellowship held a swimming party June 20, at the Rule Country Club in honor of Terry and Larry Futch. They are the sons of Rev. and Mrs. Loyd Futch and have recently moved here from Darrouzett.

The group enjoyed swimming and then a weiner roast. Attending were Ricky and Randy Lehrmann, Lynn Dale Dudensing, Rob Kitley, Carol Dudensing, Larry Don Mathis, Steve Anders, Gail Lott, Deann Dodd, Fran Wilson, Amelie Moore, Susan Lewis, Don Hisey, Norva Lehrmann, Sheryl Clopton, Charles Townsend, Leonard Rhoads, Patti Simpson, Roy Don Wilson, Jan Allison, Art Briles, Terry and Larry Futch, Colleen Townsend, Jami Barbee, Tommy Cornelius, Pam Johnson, Marsha Brass, Paul Lott and Tim Townsend. Sponsors and others helping out with the chores were Mmes. Adrian Lott, Cecil Lewis, John Hisey, Leslie Simpson and Miss Linda Simpson.

### VISITORS

Rose Phillips visited with her son and his family, Mr. and Mrs. W. E. Bischofhausen of Miami, Ariz., in Fort Worth. She also visited with her daughter and family, Mr. and Mrs. Lee Bates and children, in Grand Prairie. Another son and family, Mr. and Mrs. W. L. Bischofhausen, of Fort Worth, spent the weekend in Haskell with Mrs. Phillips.

# SAGERTON NEWS

MRS. DELBERT LEFEVRE

Farmers are busy plowing their little cotton and hopefully looking to the skies for some moisture and a relief from the 100-degree temperatures we have had lately.

New babies made the news in this community last week. June 20, Mr. and Mrs. F. A. Ulmer received the news that they had a new grandson, born to Mr. and Mrs. Keith Whiteaker in Lubbock. Mrs. Ulmer went up there to take care of him and his sister, Stacey.

June 22, Larressa Lynn LeFevre, was born at the Haskell Hospital to Mr. and Mrs. LaFey LeFevre of Farwell. Her grandparents are: Mr. and Mrs. A. D. May of Rule, and Mr. and Mrs. Delbert LeFevre of Sagerton. Great-grandparents are: Mr. and Mrs. John May of Knox City, and Mrs. Cliff LeFevre and Mrs. Will Stegemoeller of Sagerton.

Mr. and Mrs. Dean Chapman and family of Arlington visited with Mr. and Mrs. M. Y.

Benton last weekend. Mr. and Mrs. Reece Clark, accompanied by their grandchildren, Clark and Kay Terrell of Stamford, visited Seven Seas in Arlington and Mr. and Mrs. Mike Bailey and sons in Bedford last weekend.

Mrs. John Clark is visiting her sister, Mrs. Jack Fenner, in Nocona, and they planned to go on to Kilgore to visit their brother.

Mrs. Barney Ross went to San Antonio last week to be with Mr. and Mrs. B. L. Ross and family when they received word that little six-year-old Teresa, was seriously ill. We all wish her a speedy recovery.

Mr. and Mrs. Harvie Jordan

are vacationing in Ruidoso, N. M., and visiting a good friend there. Mr. and Mrs. Larry Jordan of Lubbock were here to spend the Father's Day weekend with them and they all attended the Fandangle.

The Luther Leaguers of Faith Lutheran Church enjoyed an outing at Mansfield Park near Knox City June 16 and 17, and the Junior Leaguers went there Sunday afternoon for an afternoon outing.

Everyone is invited to attend a "housewarming" party in the new home of Mr. and Mrs. Leonard Thane June 29 from 8:00 till 10 p. m. They used to live here, but moved away and lived in Haskell and Stamford a-while. We are very glad to have them back to stay, and their new brick home on the FM 1961 south of Sagerton is a welcome addition to our community.

Mr. and Mrs. Tullie Herring of Amarillo were guests of Mrs. Alice Lewis and Mrs. Emma Lammert in Stamford last weekend.

Mrs. Pat Sellers is an outpatient at M. D. Anderson Hospital in Houston. Mr. and Mrs. Johnny Johnson of Lubbock took her there last weekend, and she will have to stay for tests and treatment for a round three weeks. We all hope those weeks will pass by as quickly as possible, Margie.

Mr. and Mrs. August Balzer and Mrs. Will Stegemoeller attended the wedding of Doris Franke in Abilene Saturday night. She is the daughter of Mr. and Mrs. Edwin Franke, former residents of this community.

The Sagerton 4-H girls have begun their sewing project for this summer. Their first meeting was in Lea's Beauty Shop in Rule where Mrs. Lea May demonstrated to them how to keep their hair and nails looking nice and healthy. They were accompanied by Mrs. Fred Kupatt, Mrs. Joe Aalhue, and Mrs. Norvell Lehrmann.

The girls are divided into two groups for sewing. One group consisting of: Mary Macias, Martha Kitley, Lynn and Lori Fouts, Jill LeFevre, Joanne Cloud, Kris Kupatt, and Melissa Nierdieck, are meeting in Sagerton with Mrs. Joe Aalhue and Mrs. Delbert LeFevre working with them.

The other group, consisting of: Maria Lehrmann, Bonnie Woods, Lisa Smith, Cheryl Marques, are meeting with

Mrs. Norvell Lehrmann in Rule, with high school girls as Junior Leaders.

Mrs. Arthur Knippling is home from the Houston hospital and her granddaughter, Carla Askew, is staying with her and Mr. Knippling while her back is getting better.

Mrs. Herbert Nierdieck and Melissa and Roy and C. C. Bredthauer are visiting with relatives in Houston this week.

Mr. and Mrs. Fred Schronerstedt, Mr. and Mrs. Lewis Corzine, Mr. and Mrs. Leonard Kieck, Mr. and Mrs. Eugene Tichelman and Mr. and Mrs. Clarence Tichelman, all went to New Braunfels for the wedding of Danny Lammert last weekend.

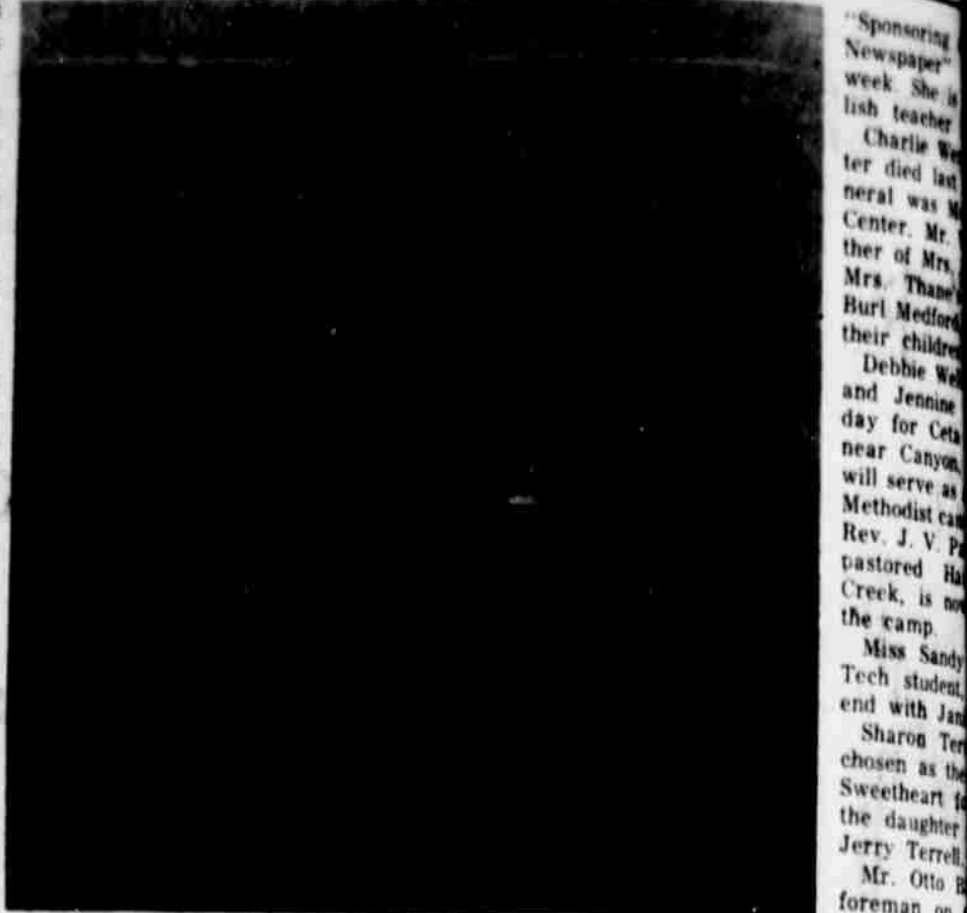

As if there is not enough excitement and strain on mothers at weddings of their son or daughter, there was even more for Mrs. Herbert Lammert, mother of Danny Lammert, the groom, Saturday night. After the wedding, about 10 o'clock, she had to be rushed to the hospital, and underwent an emergency appendectomy. We wish her a speedy recovery.

Laurel Fouts, daughter of Mr. and Mrs. Ed Fouts, fell off a stool and broke her left arm Sunday morning. She was a patient at the Stamford Hospital Sunday and Sunday night. We wish her a speedy recovery.

Mr. and Mrs. Herbert Nierdieck, Melissa and Roy, and Mr. and Mrs. Tommy Nierdieck attended the Franke-Whiteaker wedding in Abilene Saturday.

Mr. Otto Schaake celebrated his birthday Thursday, June 22, when friends gathered at his home. Guests were: Mr. and Mrs. E. A. Schaake of Paint Creek, Erna and Walter Schaake of Stamford, Mr. and Mrs. A. C. Knippling, Sagerton; Mr. and Mrs. Marvin Stegemoeller and family, O'Brien; Mrs. Emma Raphael of Stamford, Carla Askew of West Columbia, C. E. Stegemoeller and Mr. and Mrs. F. A. Stegemoeller and Mr. and Mrs. J. A. Hertel, all of Sagerton.

The Sagerton Cotton Pickin' Square Dancers held their annual meeting recently and Joe Clark was elected president of the group. Clancey Lehrmann will be vice-president, and Dorothy Clark, secretary-treasurer. Coriene Lowack will be reporter. The club also decided to have a summer vacation from square dancing since it is rather hot just now, and they plan to start back in September with the cooler weather and more gusto.

T. L. SOLOMON is shown with a 2½ pound beet grown in a garden at his home. The beet was on display at the Free Press and several said it was the largest they had ever seen.

## Paint Creek . . . . Community News

Mrs. Gene Overton

Sunday afternoon, the weather was hot; Aspermont registered 112, Wichita Falls 111, and Paint Creek 110; I don't believe I have ever seen the thermometer that high here. Maybe so, but I can't remember. During World War II, I often saw 115 and 120 at Needles, Calif. The poor little cotton looked sick Sunday, and those who saw some little maize said it looked sicker. Monday morning the cotton had revived. I hope the maize did, after a cooler night with a breeze blowing.

Paint Creek college students making the Dean's list during the spring semester were Kenneth Dudensing, junior; Dwight Overton, soph.; and Glen Dudensing, soph.; all agriculture education majors at Texas Tech. The Dudensing brothers are the sons of Mr. and Mrs. Clement Dudensing, and Dwight is the son of Mr. and Mrs. Irvin Overton. Brenda Griffith made the Dean's list at H-SU. She was a senior elementary education major, receiving her degree in May. She is the daughter of Mr. and Mrs. Bill

Griffith. Steve Livengood, a junior ministerial student at H-SU, made the Dean's honor list and he is the son of Mr. and Mrs. Homer Livengood. Miss Linda Brueggeman, a sophomore at San Angelo State, made the Dean's honor roll at that university.

Leo McKeever who underwent minor surgery at Stamford last week, was able to return home Wednesday and attended the Rural Electric Board meeting Thursday afternoon. Mrs. Bill Mickler and Mrs. Allen Isbell were in Snyder Sunday afternoon visiting their son and brother, Durwood Mickler and family. Paint Creek children attending the Bible School at the Church of Christ in Haskell last week were Becky and Keith Coleman, Bryan Middlebrook and Janie Molina. Adults attending and teaching some of the classes were Mrs. Martin Coleman, Mrs. Billy Middlebrook and Mrs. Shirley Medford attended the week's short course.

**"FARMER POWER"

FARMERS UNION**

CHARTERED 1902—POINT, RAINS CO., TEXAS

WELCOME ALL THOSE TO OUR CAUSE WHO WOULD JOIN IN THE FIGHT  
THE PRESERVATION, WITH DIGNITY, OF THE FAMILY FARMER AND  
RURAL COMMUNITY.

(This is the 26th of 52 articles pertaining to goals and  
accomplishments since 1902, running every Thursday in the  
Haskell Free Press).

JANUARY 1971

ATFU—led fight to secure postponement of Department of Transportation re-  
quirement for drivers of farm trucks and pickups.

ATFU—opposed changing set-aside requirements related to diverting land  
in permanent cover. USDA decided to allow land with permanent cover for  
set-aside.

ATFU—requested government to purchase port to improve hog prices. Recommended  
regulation to remove livestock exemption from 1937 Marketing Agreements Act to  
permit marketing orders and agreements on hogs.

ATFU—protested the "paper parity" of the Administration. Has consistently printed  
the true 1910-1914 parity each month since the Nixon Administration has begun  
printing the "paper parity" based on 1967 price-cost ratio. The "paper parity" is  
generally inflated about 20 percentage points.

ATFU—opposed fragmenting USDA into four (4) cabinet-level departments.  
ATFU successfully prevented this action until the present.

earlier in the spring and pro-  
duces more forage than sand  
lovegrass now available from  
commercial sources. Certified  
seed should be available for  
planting in 1973.

Mason sandhill lovegrass is  
a strain of native sand love-  
grass. It starts growing three  
to four weeks earlier than most  
native warm season grasses  
and two to three weeks earlier  
than common sand lovegrass.  
Grazing trials show it is very  
palatable to livestock, espe-  
cially in the late winter and  
early spring when it is making  
rapid growth. It is less palat-  
able when seed heads form in  
the late summer and fall.

The grass frequently has  
short leaves near the base  
which stay green during the  
winter. This trait, combined  
with its ability to green up  
early, makes it highly desir-  
able for use in range seeding  
mixtures.

The plant is adapted to sandy  
and medium textured soils in  
the Southern High Plains, Roll-  
ing Red Plains, Cross Timbers  
and Edwards Plateau.

Stockmen need a grass such  
as sand lovegrass to include in  
range seeding mixtures. How-  
ever sand lovegrass seed avail-  
able from commercial sources  
is usually seed combined from  
native stands in the Northern  
Texas Panhandle or New Mex-  
ico. Native sand lovegrass from  
this region is not adapted to  
our local area so Mason sand-  
hill lovegrass was selected to  
fill this need.

The grass was first found  
growing near Mason, Texas by  
SCS employees who noticed it  
had more vigor than other sand  
lovegrass plants. The seed were  
sent to the SCS plant materials  
center at Knox City where they  
were grown for observation and  
comparison with other sand  
lovegrass selections.

After SCS range conserva-  
tionists and plant specialists a-  
greed the strain appeared su-  
perior to other sand lovegrass  
selections, it was grown under  
irrigation for maximum seed  
production. When sufficient  
seed were available, the grass  
was field tested by several soil  
and water conservation district  
cooperators at widely scattered  
locations.

The new selection should  
normally be planted in mix-  
tures with other adapted grass-  
es such as indiagrass, sideoats  
grama, and little bluestem. The  
grass does not respond as well  
to fertilization and tame pas-  
ture management as other com-

only used tame pasture grasses  
such as weeping lovegrass and  
bermudagrass.

Seed production from Mason  
sandhill lovegrass can be ex-  
pected to range from 50 to 200  
pounds per acre dryland. Under  
irrigation, yields of 300 to 500  
pounds per acre can be expect-  
ed with proper management.  
Although the seed are extreme-  
ly small (1.5 million per lb.),  
they can be harvested with a  
combine if airflow is reduced  
and cracks or holes in the com-  
bine are closed.

Planting rate is two pounds  
per acre, pure live seed, erill-  
ed or broadcast. For row plant-  
ings, recommended only for  
seed production, the planting  
rate is 0.8 lbs. pls.

Sand lovegrass seed are slow  
to germinate and the seedlings  
develop slowly. In fact, some  
seed do not germinate until the  
second year. For this reason,  
SCS range specialists stress  
the need to defer grazing of  
sandhill lovegrass for two grow-  
ing seasons after seeding.

Mason sandhill lovegrass has

been approved by the State  
Seed and Plant Board as an  
officially recognized variety un-  
der the Texas Seed Certifica-  
tion Program administered by  
the Texas Department of Agri-  
culture. Stockmen should buy  
only certified Mason sandhill  
lovegrass seed if they want to  
be certain they are buying the  
new improved strain.  
Other improved grasses re-  
leased through the SCS plant  
materials work in Texas in-  
clude King Ranch bluestem,

Uvalde and El Reno sideoats switchgrass, and Selection 77  
grama, Blackwell and Grenville Kleingrass.

Commission Sets Meeting...  
Watermelon crop estimated at 630 Million Pounds... 1971-72 Texas Citrus Crop Down 8 Per Cent...

Crop prospects for most of the state are now rated as fair by the Texas Crop and Livestock Reporting Service. The coastal bend areas and south Texas sections as well as a portion of the Panhandle have good prospects.

Pasture condition over the state is rated at 77 per cent of normal, compared with 52 per cent last year.

Texas Wheat production is now estimated at 40,700,000 bushels. This is 30 per cent above the 1971 production of 31,416,000 bushels. Yield now is expected to average 22 bushels per acre, up one bushel from last year's average.

Wheat harvest is now more than 25 per cent complete; in the major wheat producing areas of the northern high plains, main harvest is now underway.

Cotton is making good progress in most sections of the state, but heavy fleahopper and boll weevil infestation is reported from the Blacklands to the lower Rio Grande Valley. Grain sorghum is heading out as far north as the Blacklands. Early stands of soybeans are making good progress on the High Plains.

A meeting will be held June 27 in Austin of the newly created Rural Development Commission of Texas. A staff has been appointed and offices are located in the Texas Department of Agriculture.

The commission is composed of 25 members plus about 80 "resource people" to assist in rural development.

Primary thrust of the commission will be in these areas:

economic development, rural natural resources, human resources, general government, transportation, health, housing and education.

Roy Davis of Lubbock is commission chairman. Ray Prewitt, formerly with Texas A&M University, is director. Jim McAllister is assistant director.

Watermelon forecast for the state is now set at 630,000,000 pounds. This is 21 per cent above the 1971 crop. Harvesting will be underway soon in Central Texas and in East Texas in early July.

The 1971-72 citrus crop is estimated at 15 million boxes. This is 8 per cent below the 16.3 million boxes produced during the 1970-71 season. The grapefruit production at 9.2 million boxes is 9 per cent below the 10.1 million boxes of the previous season.

Early and midseason oranges total 3.8 million boxes, 5 per cent below 1970-71 while Valencia oranges at two million boxes were down 9 per cent.

Harvest of the 1971-72 grapefruit and Valencia orange crop in the Lower Rio Grande Valley is complete.

Most growers report fruit set for the 1972-73 crop is good to excellent.

The highest cotton acreage since 1965 was planted on the High Plains in 1971. The 177,300 acres planted but not harvested represented an abandonment of slightly more than 7 per cent, which is near normal but above the 4.5 per cent abandoned in 1970.

Production was from 2,322,000 harvested acres for an average yield of only 264.4 pounds per acre; average per-acre production on the Plains for a 13-year period since 1958 is 453.6 lbs.

### LARNED VISITORS

Visiting in the home of Mrs. Maggie Larned last weekend were: Mr. and Mrs. W. A. McClung, of Kermit; Mr. and Mrs. Don Larned of Pasadena; and Mrs. May Bartlette and sister, Zo Tidwell of Abilene. Mr. and Mrs. Don Larned left their daughters, Delores and Beathny, for a two week stay with their grandmother, Mrs. Maggie Larned.

# RULE ROUNDUP

Mrs. Oleta Cornelius, Reporter — Phone 2406

Pam Wilson, daughter of Mr. and Mrs. R. N. Wilson, and a freshman student at H-SU, Abilene, has qualified for the Honor Roll. Students qualifying must have at least a 3.58 grade point average for 12 or more semester hours.

### CONGRATULATIONS

Congratulations to Mrs. Barbara Fouts who recently won second place in the annual contest and workshop sponsored by the Abilene Writers Guild. Mrs. Fouts wrote the story, "The Record Breaker," and entered it in the non-professional fiction juvenile division, of 2,000 words.

The entertaining story is of a small boy who wants to go fishing and how he becomes a record breaker.

### AROUND TOWN

Mr. and Mrs. M. L. Powell have returned home following a visit to Menard with Mr. and Mrs. B. G. Powell, Mrs. Velda Mefford and Mrs. Eppie Turner.

Visiting last week in the home of Mrs. J. B. Lawson was Mr. and Mrs. George Martin, Patti and Albert Lynn of Midland.

Andy Lowe, grandson of Mrs. Irma Briden, is a graduate of Floral Park High School, New York City, N. Y. Graduation exercises were held Friday, June 23, at Floral Park. Another grandson, Tommy Lowe, is spending the summer traveling in Europe. They are the sons of Mr. and Mrs. E. M. Lowe.

Mrs. Ruth Eaton has returned home after visiting in Dal-

las with Mrs. B. P. Nail and in Fort Worth with her brothers and sisters.

### ROTARY NEWS

The Rule Rotarians met June 19, at the Bluebonnet Cafe with the president, Weldon Norman, calling the meeting to order. Songleader, Harold Woods, led the group in singing a rousing, Battle Hymn of the Republic. In the absence of the regular pianist, Miss Marja Beakley, Mrs. Frank Campbell accompanied the group. Lavon Beakley led the prayer.

President Norman read excerpts from the Rotary International News. Mrs. Frank Campbell was in charge of the program which consisted of a list of 30 questions. The club was divided into two groups to see who could answer the most questions which were on current events such as politics, government, sports, etc. These were very enlightening questions and reminded Rotarians of the need to be more knowledgeable about current events.

Two guests were present, R. C. Couch and Ferrell Coston, from Haskell.

### REUNION

Approximately 50 persons attended the annual reunion of the children of Mrs. M. L. Jones of the Stamford Inn. Mrs. Jones was unable to attend but four generations were present during the two day reunion, June 10-11, at the Stamford Armory.

Table games were played, ping pong, baseball and lots of visiting was enjoyed by those attending. Families were from the towns of Fort Worth, Dallas, Abilene, Stamford, Ru'e, Lueders, Odessa, Fort Stockton and Big Spring. Attending from Stamford was Mrs. Maud Kittle and family.

## FARMERS, RANCHERS AND AGRI-BUSINESSMEN

(\* SOUND OFF SEMINAR)

Haskell County Farmers Union Will Host  
A Free Luncheon Meeting

# Friday, JUNE 30th

## CITY CAFE - HASKELL - 12:00 Noon

Texas Farmers Union President Jay Naman and Vice-President Rankin will head the program dealing with the problems of the agri-business industry. Also appearing on the program will be John Steffen of Denver, Colorado, President of Rocky Mountain Farmers Union.

Purpose of the Sound Off Seminar is to give the Farmers and Ranchers in this area the opportunity to "Sound Off" on the problems facing them and the other farm families of this area.

Arranged by Farmers Union officials, this program is open to the public and all who are concerned with the future of rural Texas are invited to attend.

Because the meeting will come at a busy time of the year, we hope that you will make every effort to take a few minutes from your busy schedule to meet with us. The meeting will be informal, and we will expect those attending the luncheon to dress as they are, in work clothes or whatever.

Mesdames J. E. Robertson of Weinert, H. G. McConnell and J. Williams of this place, and J. L. Jones of Rule, are spending a few days at Putnam, Texas.

S. G. Dean was over from Swenson in Stonewall county this week, and reports that crops are good over there.

Haskell people are already preparing to give the Central West Texas Agricultural Association a royal entertainment. And when Haskell people determine to do a thing, they rarely fail in its accomplishments.

There is no need of long faces any more. The signs of good times abroad in the land, and West Texas and Haskell county will come into their own this fall.

## 4-H Recipes

Kathy Caddell, daughter of Mr. and Mrs. Linton J. Caddell of the Paint Creek Community, got a blue ribbon at the County Food Show in the Junior Meats Division. Kathy used the following recipe for Chicken-Fried Round Steak.

**Chicken-Fried Round Steak**  
1½ to 2 lbs. ½" steak (round)  
2 beaten eggs  
2 T. milk  
1 c. fine cracker crumbs  
¼ c. flour  
Salt and pepper

Pound steak thoroughly with sharp edged meat pounder. Cut into serving pieces. Mix eggs and milk. Dip meat on both sides in hot fat. Season. Cover and cook over low heat 45 to 60 minutes.

If you need a pretty salad, Kay Campbell has a recipe for Lime Fruit Salad that is pretty and good for any hot day. Kay is the daughter of Mr. and Mrs. Duward Campbell of Haskell.

**Lime Fruit Salad**  
1 pkg. of lime gelatin  
1 c. boiling water  
1 c. cold water  
4 slices canned pineapple  
¼ c. canned red pineapple  
¼ c. white grapes seeded  
4 pear halves

Dissolve gelatin in boiling water and add cold water. Set aside and cool slightly. Add fruit and pour in mold. Chill until firm. Serves 12.

If you are planning a 4th of July picnic you may like to try Laurel Fouts' stuffed eggs recipe. Laurel is the daughter of Mr. and Mrs. E. T. Fouts of Sagerton.

**Stuffed Eggs**  
2 tbsp. mayonnaise  
1 tsp. vinegar  
6 eggs  
1 tsp. prepared mustard  
½ tsp. salt  
Dash of pepper  
¼ tsp. paprika

Place eggs in sauce pan. Cover with cold water. Heat slowly to boiling. Lower the heat; cook over very low heat 20 minutes. Cool eggs in cold water. Tap lightly all over to

make cracks. Peel under cold running water. Cut the eggs in half lengthwise. Remove the yolks and put them in a small bowl. Put the whites aside. Mash yolks. Stir in mayonnaise, vinegar, mustard, salt, pepper, and paprika until smooth. Spoon yolk mixture into whites.

Winning second place in the Senior Milk Division was Sandy Oliver of Rule. Sandy is the daughter of Mr. and Mrs. Ray Oliver and has been in 4-H Club work for 5 years.

Administration Committee of the Congress, I inaugurated a study of how paper work in government could be reduced.

Then, and now, paper work, much of it absolutely non-essential, threatens to bury us, choke business and slow the processes of getting a job done.

Every governmental agency issues forms to carry out regulations it has established. It was found during the investigation that more than 30,000 forms throughout the Federal Government were issued each day. Heads of departments and agencies were brought before the Subcommittee on House Administration and queried about the necessity of issuing so many forms to be filled out by individuals and businesses. In most instances an attempt was made to justify all their paper work but much of it was unconvincing.

Regulations, which demand so much paper work and so many copies, are reducing the freedom of the individual citizen. The tremendous cost of filling out forms and reports by business is costly and in the end must be paid for by the taxpayer.

Presently a subcommittee of the U. S. Senate is studying the same thing and has come up with an estimate that all the paper work of Federal, State and local governments is costing the taxpayers, individuals and businessmen, \$3 billion a year.

With the rise of the many new programs inaugurated by the Congress in recent years, such as the various consumer programs, environmental protection, health and welfare, occupational safety, not to mention income tax forms, paper work has increased many times over. Each agency issues its

regulations with all sorts of reports and forms for compliance. Some businesses have to employ people to do nothing else but fill out papers. For example, just a few years ago, plans for airport construction were presented to the government with four or five copies. Today a minimum of 45 copies of plans are required. Overlapping agencies must all be provided with a certain number of copies to determine if their regulations are met. Washington is bulging at the seams with stored papers.

The study of government paper work reveals that this flood of required reports and applications figures out to ten and child in the Nation. In some instances, people have simply gone out of business by not being able to comply. One report shows that a small businessman intended to hire a

college student to help him with his paper work. In fact, he hired three part-time students but when he found out it took a bundle of paper work to just hire the students, he decided to do the work himself rather than to employ the students.

The owners of a small hospital, who serve their community well, found they had to report to 23 separate agencies of government. They say they are simply unable to meet such a task and are threatening to close down.

Certainly proper and necessary information must be had to protect the government's interest, which means the taxpayer's interest, but a vast amount of it is non-productive, contributes to the cost, and slows performance. Indications are, however, that this flood of paper work will continue to increase.

## Rotarians Hear Of International Convention

The regular weekly meeting of the Rotary Club was held at the City Cafe at noon, Thursday, June 22nd, with President C. A. Thomas Jr., presiding.

Invocation for the meeting was given by Eldon Anderson. President Thomas provided the program by telling of his experiences at the recent Rotary International Convention held in Houston where over 14,000 delegates from 75 countries of the world were in attendance. He stated that two of the four huge convention centers of Houston were used for the many meetings held during the week and he stressed the fact that nothing was left undone for the convenience of the visitors and guests.

Registration was begun on Sunday at which time identification buttons were presented with a listing of the language spoken by the wearer. Some had two and three languages listed and interpreters carried

the messages of the speakers in eight different tongues.

According to Rotarian Thomas, perhaps the most impressive ceremony of the entire convention was the Flag Ceremony held Sunday night in the Astro-Dome which he estimated to be filled to two thirds capacity.

The president of the local Rotary Club expressed his appreciation for having the opportunity of attending and urged members to go to an international meet if it was ever possible. He expressed his personal opinion along with other Rotarians from the different countries that Rotary was doing more for the world than the United Nations.

Alfred Turnbow, administrator of the Haskell County Hospital then spoke on the remodeling plans for the hospital and presented blue prints and pictures of architects drawings. He thinks that within a time of two to three weeks from this date that the project will be started.

Larry Porterfield, grandson of Rotarian Stanley Furrh, was noted as the only visitor present.

## Two Inductions Planned in Aug.

AUSTIN, Texas—The August Draft Call was announced today by Colonel Melvin N. Glantz, the State Director of Selective Service for Texas. Men in the First Priority Selection Group with numbers of 75 or lower will be subject to induction in August. This priority group is made up of men born in 1952 or older men who have lost a draft deferment during Calendar Year 1972 and who are classified in Class 1-A, 1-A-O, or 1-O.

Glantz noted that this is an increase of 25 in the lottery number for induction from the July draft call.

There is also an increase in lottery numbers for pre-induction Armed Forces Examinations from 90 in July to 100 in August. Men in the First Priority Group are those who are subject to examination orders.

The August Induction Orders will be issued between July 3 and July 28, with 30 days notice from the date of mailing.

Under the Uniform National Call system there is no quota for Texas; however, Glantz indicated that he expects approximately 500 men to be inducted in Texas in August.

Jack Edwards, Chairman of Local Board No. 77, said that two inductions are expected in the area covered by this local board in August as a result of this Induction Call. In addition, 20 men will be issued orders for a pre-induction Armed Forces Examination.

## HHS Cheerleaders

Haskell High School Cheerleaders, Glenda Gayle Chapman, Paula Middleton, Pam Klose, Karen Croft and Linda Kirkland, recently completed a week long cheerleading clinic at Tarleton State College in Stephenville.

The Haskell group earned ribbons for excellent and outstanding performances in an evaluation held each night. The girls also won a spirit stick award.

## The cooler the home, the warmer the marriage.

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes.

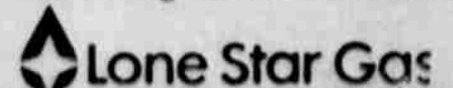

That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long.

And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And gas air conditioning owners get special low rates during the long hot summer months.

But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs.

This summer, have central gas air conditioning installed. For love's sake.

See Your Gas Air Conditioning Dealer.
