

Red Cross Chapter Organized

Dr. Troy Culpepper was named Overall Chairman of Haskell County Red Cross by a nominating committee which met last week to reorganize and reactivate the county's chapter.

Other officers include Charles Thornhill, vice chairman of Red Cross and Blood Program Chairman; Mrs. Dan Wadzeck of Rochester, secretary; Troy Swartz, treasurer; Clydene

Comedy, public relations chairman; Bud Herren, Service to Military Families chairman; Mrs. R. C. Couch Jr., disaster chairman; and Mrs. Keel Acree, disaster nurse.

One-year members of Haskell County Red Cross board of directors are Mrs. W. L. Ballard of Rochester, Mrs. Frances Campbell of Rule, Mrs. Gene Overton of Paint Creek, Mrs. Jack McAdoo of Haskell, and Mrs. Johnny Reid of O'Brien.

Two-year board members are Mrs. Marvin Plemister of Weinert, Aubrey Headstream and Elbert Johnson of Haskell, Mrs. R. H. Coker of Rule, and Mrs. J. O. Brothers of O'Brien.

Three-year board members

are Harlan Weinert of Weinert, Mrs. Marian Hicks of Rochester, A. D. Mays of Rule, Delbert LeFevre of Sagerton and Bob Beauchamp of Haskell.

The newly elected officers and board are working at this time to completely organize a Red Cross Chapter for Haskell County that can actively participate in the Red Cross Red River Bloodmobile program, through Haskell Memorial Hospital, and be an active chapter in other ways.

Funds for Haskell County Red Cross Chapter are needed at the present time, so that money will be available for refreshments for blood donors during the first visit of the Bloodmobile to Haskell County. Anyone wishing to make a donation to the chapter may do so at Haskell Free Press, or to Troy Swartz at Haskell National Bank.

Haskell Lions Club Broom & Mop Sale Tues.

Beginning at 9 a. m. on April 11 the Haskell Lion's Club will conduct an all-out drive to sell quality broom and mop products to residents and local businesses. Some of the items to be sold this year will be mops, brooms, brushes, ironing board covers, towels, dish cloths and many other top quality household items, all manufactured by Texas blind workmen in Texas Lighthouses. The proceeds will be used to purchase eyeglasses for local needy children.

A Caravan truck will be located on the south side of the courthouse square. A wide selection of household items will be displayed to provide the housewife an opportunity to come "downtown" and select her own needed household items. The local Lion's club is organized to again "knock on doors" after 5 p. m., but it is suggested that the discerning housewife visit the Caravan truck for a wider selection of household items.

The entire Haskell Lion's Club wishes to express sincere appreciation to the wonderful people of Haskell for their warm-hearted and friendly response to the "Broom and Mop" sales in the past.

March Weather Is Typically Texas

March "roared in like a lion?" Everyone thought so, as we had beautiful sunny skies some of the time, high, gusty sandstorms some of the time, and heavy frost and light freezing temperatures down to 31 degrees some of the time.

But the "April showers" the first few days of this month turned instead to huge, wet snowflakes in this area, to take the sting out of that March weather, somewhat.

March, however, did record 1.35 inches of much needed moisture, according to official weather observer, Sam Herren, with 1.16 falling on March 23, and 19 more on the 30th. High temperature for the month was 86 degrees on the 12th, with a low of 24 degrees recorded on March 2.

High for April is 84 and low is 36.

Little League Tryouts

Dates for the Haskell Little League try-outs have been set by Vernay Tenge. They are next Thursday, Friday and Saturday, April 13, 14 and 15, at 5:30 p. m. each day.

9-year-olds are asked to come to try-outs April 13, Thursday; while 10-year-old try-outs will be held Friday, April 14th, and try-outs for 11 and 12-year-olds will be Saturday, April 15th.

All boys who haven't signed up must do so, and bring their slips with them to the try-outs.

County Food Show

The Haskell County 4-H Food Show will be held on Saturday, April 15, in the Haskell Elementary School auditorium, according to Mrs. Barbara Elliott, County Home Demonstration Agent.

4-H Club members will set up their table exhibit from 1:00 to 1:30. The judging will be held from 1:30 to 3:00 p. m. The judges will be from Knox and Young County. At 3:00 p. m. the awards will be presented and winners announced.

CAMPAINING

A busload of businessmen and citizens from Uvalde will arrive in Haskell at 10:15 Friday, and will make a 30-minute stop here around the square, in their support of Dolph Briscoe for Governor of Texas.

Haskell Bank Reports \$11 Million Assets

Haskell National Bank, at the close of business March 31, showed a total of \$11,911,950.73 resources, an increase of almost \$1,000,000.00 from the same period last year when the report totaled \$10,940,432.06.

Comparisons were rather even otherwise, with loans of \$3,933,264.69, less \$103,214.25 valuation reserves, down slightly from last year.

At the same period last year, loans of \$3,561,347.62 were reported, less \$105,711.82 valuation reserves.

Local Election Results

Haskell County elections—both city and school—resulted in rather calm results Saturday, with only the Haskell City Council race having six candidates running for three offices; and the Rule mayor's race receiving some competition with a write-in vote.

Incumbents were all re-elected in the Haskell City Council race, with Jimmy D. Browning leading with a total of 355 votes, followed by Carl Anderson with 348 and Buster Gholson with 327. Wallace Bird was fourth in the race, receiving 274 votes, Bobby C. Tidwell received 271 and Billie J. Ray got 260.

Mayor J. Belton Duncan, appointed last year to fill the unexpired term of H. V. Woodard when he resigned, was re-elected unopposed and received 514 votes. A total of 616 votes were cast in the City election.

Rule's Mayor Leroy Denton although running unopposed, received some competition with 16 write-in votes for W. H. Dodd. Denton won the election with 40 votes.

City elections in Rochester, O'Brien and Weinert were uncontested on the ballots.

Haskell School Board election resulted in incumbents Elbert Johnson, Dr. Frank Cadenhead and Raymond Andrada being

re-elected without opposition. Johnson totaled 186 votes, Dr. Cadenhead received 183 and Andrada got 181.

Albert Hannsz was elected county school trustee with a write-in vote.

School elections in Weinert, Carney, Rochester and Rule

were uncontested races, while in Paint Creek five names were on the ballot with two to be elected. Incumbents Walter Fischer and Billy Middlebrook were elected with 52 and 33 votes, respectively. Gene Wells drew 23, Roddy Kuentler got 21 and E. G. Cheek received 19.

District IOOF Meet Set For April 10th

The West Texas Oddfellow and Rebecca Association of District 1 will hold their bi-annual meeting Monday, April 10, in the Haskell IOOF Hall.

Registration will begin at 9 a. m., with the business sessions to open at 10 a. m. Stanley Furrh will emcee the meeting, with the welcome given by Haskell's new-elected mayor, J. Belton Duncan.

Lodges from Abilene, Baird, Rotan, Rule and Haskell will participate. The evening meal will be served from 6 to 7 p. m., furnished by Haskell Oddfellows, and prepared and served by Haskell Rebecas.

All members of both orders are urged to attend.

49th Annual Singing Set Sunday, April 23

Haskell hosts its 49th Annual Singing Convention here Sunday, April 23, according to president Hallie Chapman. Quartets are expected to be here from all parts of the country, promising a lot of good gospel singing.

Chapman, president of the organization for the past 34 years, is again expecting an overflow crowd in the American Legion Hall. The singing seems to get bigger and better each year. It begins at 10 a. m. and lasts till 4 p. m. Everyone is asked to bring their own picnic lunch, so they won't miss any of the good music.

Pinkerton Baptist Sets Revival Date

The Pinkerton Baptist Church located three miles north of Rule will begin a Revival meeting, Sunday, April 9, at the Sunday morning service.

Brother Joe Brumblow, pastor of Droverside Baptist Church in Houston will be with us beginning on Monday evening at 7:30. Prayer services will begin at 7 o'clock.

Everyone has a special invitation to attend as many services as possible.

R. M. Babb is pastor of the church.

In official recognition whereof, I hereby affix my signature this the First day of April, 1972.

J. BELTON DUNCAN, Mayor, City of Haskell, Texas. (SEAL)

Little League-It's Great For Boys

(Editor's Note: In an effort to clarify any question readers may have on Little League, and in an effort to show a need for new lights at the field, the following question and answer column is published.)

Question: What is Little League?

Answer: Basically, an international organization dedicated to teaching boys citizenship, sportsmanship, and manhood through baseball.

Question: You say an international organization—is it tax supported?

Answer: Not at all—it exists solely by free will contributions from interested groups and individuals, but of course, supported locally by local government assistance such as city and county agencies, businesses and individuals.

Question: The Haskell Little League—what does it cost to operate?

Answer: Only an approximation can be given—for the past three years, it has cost \$30 to \$40 per boy and about 180 Has-

kell boys participate, so about \$6,500 a year is necessary.

Question: Are there any salaried people working in Haskell Little League?

Answer: No. All labor is volunteer labor. The managers and officials are volunteer workers; field maintenance, repairs and anything that is done, is done on a voluntary basis, if possible. If not, it is paid for from Little League funds.

Question: Does this Little League operate in the black?

Answer: Sometimes. One year, \$200 was carried over to the next season. Another year, the organization was \$400 in the red. Usually workers are cautious enough to break even.

Question: What is Haskell Little League's basic source of income?

Answer: This is an easy question. No. 1, donations. No. 2, advertising through signs and uniforms. No. 3, concession stand sales.

Question: What are Little League's most urgent needs this year?

Answer: The only urgent need is a big one—new lights.

The present ones are just worn out.

Question: How do the other Leagues finance their field lights, their needs?

Answer: Primarily, the same way we do, though in talking to other Leagues, city and county government have taken a bigger hand in its funding.

Question: Does this mean our city and county has neglected Little League?

Answer: Certainly not! Up until this point, their assistance has not been needed to a very big degree. City and County officials have been most cooperative when they have been called on. Little League has been paying its own way pretty well, and has not needed to ask for much help. What was being explained is that other Leagues, such as Graham, have received more help from local government because they needed it. The City of Graham, for instance, built two complete ball parks, fields, lights, and stadiums for some \$15,000 each. Stamford, too, has built a \$16,000 stadium, largely through contributions among which the City has been its major con-

tributor.

Question: You say up until now Haskell Little League has not needed much help—is it in trouble financially now?

Answer: Only to the extent that new lights are needed—They cost \$2,500.00.

Question: Where will you get the money?

Answer: From Haskell. We intend to ask for it. We'll be asking for help from service clubs, businesses, the City, the County, and individuals.

Question: Can you break down that \$2,500 cost—what will that be paying for?

Answer: Glad to—Eight lights on six poles are needed and they cost \$52.00 per light, installed, which is approximately \$2,500.

Question: What will happen if the money is not raised?

Answer: We don't know—we cannot play baseball without adequate lights, and due to heat, school and working hours, we must play at night. We just have to raise the money some way.

(Further questions and answers will be printed in the same space next week.)

After a bountiful lunch the children enjoyed an Easter egg hunt and the adults enjoyed music and song. With several musicians in the family, they just happened to bring their instruments along.

It was an enjoyable event, and all are looking forward to next year.

Memorial Assn. Enjoys Supper

Robert Hazel Reynolds Memorial Association met March 27 in the First Baptist Church. Pat Harris sang, "The Twenty-third Psalm," accompanied by Ellen Walling.

A salad supper was served to those attending, and the program continued with the singing of "Lily of the Valley," led by Lucile Sherril, Hassie Couch, leader, reviewed the book, "The Twenty-third Psalm," and the class sang, "Evening Prayer."

A donation to work of the association was received from Virgil Reynolds, and a love offering was also taken. The group voted to send \$135 scholarship to Maybelle Taylor's work.

Mrs. Lois Redwine was elected president for the next year, with Mrs. Claudie Mae Blaud elected secretary-treasurer. The next meeting is to be held in January or February. To close the meeting, Mrs. Cadenhead read "Fellowship."

Follow the steps of Jesus where'er they go.

Enter into His house with hearts aglow.

Let the spirit of the Lord o'er flow with gladness.

Lighting the pathway with love, not sadness.

Oh, for a closer walk with Jesus.

Willing to follow where His mercy and goodness lead us.

Salvation is free to all who accept it.

Helping in everyday life, as in the things of the spirit.

Investing our talents in things from above.

Pledging our lives to God, on His promise of eternal love.

ANGELO SHOW

Haskell County 4-Hers who exhibited at the San Angelo Fat Stock show included Kyle, Calvin and Joe Wilfong in the beef division and Susan, Mark and Russ Lewis in the swine division.

Calvin Wilfong placed first with his heavyweight Angus, and won Reserve Champion of the Show. Kyle Wilfong's lightweight Hereford placed 4th, as did Joe Wilfong's lightweight crossbred.

CARD OF THANKS

We want to thank everyone for their concern, for the food brought to our family and for the many expressions of kindness and thoughtfulness while Vi went to be with her family for her father's funeral. We are grateful for you all, sincerely, The R. D. (Dick) Williams Family.

CARD OF THANKS

I would like to take this opportunity to thank everyone for the many cards, beautiful flowers, visits, and especially the prayers while Mr. Grimes was in the Wichita General Hospital. Thank you so much, Mrs. H. H. Grimes, Weinert, Texas.

WASHINGTON
"As it looks from here"
OMAR DURLSTON
Congressman
17th District

WASHINGTON, D. C.—After three days of debate the U. S. House of Representatives last week passed a Bill on environmental protection with a price tag of \$24.6 billion. Knowledgeable estimates indicate that the cost will soar to \$35 billion before the provisions are fully implemented.

The Environmental Protection Agency, created to administer the program, already has over \$2 billion appropriated to it and has yet to really get off the ground. To use these sums of money they will have to spend as if it were going out of style.

Of course everyone is for cleaning up and preserving our environment. The effort should have been started in an orderly way long ago but since present conditions didn't get that way overnight, corrections and remedies can't be made to work overnight either.

The experts have yet to agree on the many approaches to curing the problem. Wide disagreement exists on what pollutes our air and water and about what should be done. For in-

stance, not long ago certain phosphate detergents were blamed and condemned. A few weeks later other experts said not so.

Another example is the emissions from leaded gasoline. Last year the Administration proposed a \$4.00 per pound tax on lead to eliminate its use for octane support in gasoline. Something called aromatics was to take the place of lead to maintain the octane level until automobile engines can be built to run efficiently on low octane fuel. This was supported by a group of "experts," but another group of seemingly qualified scientists came along and found, after research and testing, that aromatics are more polluting than lead.

The goals for a clean and wholesome surrounding are indeed laudable. Conditions in some places in the country are deplorable and to some degree or other threaten human and animal life. There should be both scientific and common sense efforts at eliminating these useless hazards. It can be done without squandering billions of dollars and doing needless injury to property and industry. Money alone is not going to clean up our surroundings.

While inflation continues to eat away at the economy, some things being proposed can have no other effect than increase the price of things to pay for costs of meeting required standards. Just as safety requirements for automobiles, some of which have dubious value, run up the price, so will some of the demands on industry increase costs of many products we all have to buy.

The annual budget of the federal government has committed to it 72 percent in uncontrolled costs. In other words, the Congress has discretion over only approximately 28 percent of total expenditures. One of the best examples of fixed spending is the \$22 billion interest on the public debt. And so on and on the Legislative Branch has abdicated its responsibility over the purse strings. Our friend, Congressman George Mahon, Chairman of the Appropriations Committee, agrees that those of us who claim fiscal responsibility can protect our creditability only by opposing the procedures followed in the measure passed last week. It further adds to spending over which the Congress has no control.

The bill as passed does not permit a year-to-year appropriation, as is the case in most all other programs. There is no annual review of whether the program is working or whether it needs more or less money. A lump sum of \$24.6 billion is provided for a three year period with little or no control by the Congress which is responsible for these purse strings of this Nation. With a public debt of \$423 billion; a \$23 billion red ink balance last year; a prospect of at least \$26 billion minus for the coming 1973 fiscal year, this sum is added in sort of a panic atmosphere because to oppose any part of it is inviting condemnation by those who say if you are not for galloping full speed ahead, and in-

World Champions 'Drive Friendly'

Dallas Cowboy teammates Bob Hayes and Bob Lilly have come across with a pair of TDs for the Governor's Committee on Traffic Safety. Hayes, the fleet wide receiver around whom the entire Cowboy receiving corps is built, and Lilly, the six-time All-Pro who's been with Dallas for all of his pro career, scored with public service announcements for the "Drive Friendly" program. The recorded messages were recently released to all radio stations in Texas.

Independence Is Gained Via SS

As more and more people 65 and over have received social security checks during the past 20 years, fewer and fewer of them have to make their homes with relatives.

Of the 12 million people 65 and over in 1952, two million monthly social security checks and least a million lived with relatives, according to R. R. Tuley, Jr., social security district manager in Abilene.

"Today, there are more than 20 million people 65 and over," he said. "Sixteen million get social security checks and just over five million live with relatives."

Social security is believed to have contributed to the live-alone trend, according to Tuley.

"A recent study by the Social Security Administration shows that most people 65 and over prefer to live on their own if they have enough income," he said; "Social security payments have become the largest single share of their income—now about 34 percent."

Since 1952, the average

monthly social security check paid to a retired worker has increased from \$50 to \$131. The number of people who get social security retirement benefits has increased from 2 million to nearly 17 million.

Some of the people getting retirement checks are under 65, including wives, dependent husbands, and retired workers who begin collecting reduced benefits at 62, 63 or 64.

CHARLIE WINS AGAIN

Charles Thornhill, a member of Haskell Gun Club, gained another step up in his shooting skills this week when he won the handicap event at a Lewisville shoot. This gained him a 1/2 yard more handicap. Added to the 1/2 yard he gained by winning the recent Vernon handicap, this puts him on the 22 yard line in shooting events.

Wedding Vows Unite Martin, Salman

Miss Laela Faize Salman and Philip Ray Martin, both of Abilene, were united in marriage Saturday, April 1, 1972 at 7:30 p. m. in the Weinert Four-square Church with Kathryn Byrd, minister, officiating.

Vows were solemnized in front of an arch covered in

English ivy and white gladioli with baskets of white gladioli and candelabra on each side. The bride is the daughter of Mrs. Frank Salman of Rochester. The bridegroom's parents are Mr. and Mrs. Ellis Martin of Coleman.

Mrs. B. O. Roberson accompanied Patty Acree as she sang, "One Heart, One Hand." Candles were lit by Pat Patterson and Todd Herricks.

Presented in marriage by Henry Vojkufka, the bride wore a princess organza gown with tapered sleeves and trimmed in Alencon lace. The illusion veil with seed pearls held the lace trimmed, full chapel train in place. She carried a bouquet of pink roses with an orchid in the center. For something old, she carried a handkerchief belonging to her grandmother; something borrowed was a diamond ring belonging to her mother. Her dress was new, and she wore the traditional blue garter and carried a sixpence in her shoe.

The bride's Matron of Honor was Jeannie Stout. Bridesmaid was Mary Martin. They wore gowns of pink crepe trimmed in white lace, and headpieces made of illusion. Their bouquets were of feathered gladioli which completed their attire. Michelle Stout and Steven Hatfield were flower girl and ring bearer. The flower girl wore a dress fashioned identical to those of the honor attendants.

Eddie Grubbs was best man and David Evans was groomsman. Ushers were Tommy Byrd and Wayne Stout.

A reception was held following the ceremony in the home of the bride's mother, Mrs. Frank Salman. The bridegroom's parents hosted the rehearsal dinner at City Cafe.

After a wedding trip to Dallas, they will be at home at

2142 Cedar Street in Abilene. The bride is a graduate of Rochester High School and will graduate from Hardin-Simmons University this year. She is majoring in biology and speech.

The groom is a graduate of Garland High School and will also graduate from Hardin-

Simmons University. He is employed at Hendrick Memorial Hospital.

Cancer Center Report

The Haskell County Cancer Center, meeting regularly on Thursday afternoons from 2 to 4 p. m. in the courthouse, appreciated the following list of workers for March: Mesdames Alice Mayes, Jim Darden, R. R. Overton, Howard Montgomery, J. W. Jetton, Bill Green, Pauline Stewert, George Klose, Howard Parker, Frank McCurley, J. R. Davis, Frank Underwood, A. B. Corzine, Wilma Wallace and Ira Davis.

The center needs old sheets. If you have some and don't have a way to bring them to the center, please call one of the workers and they will pick them up.

JR. 4H's

Mrs. Bennie Jackson's junior girls met March 27th and 28th to study table settings, and study for the food show that was held last Thursday. They also discussed the Educational Tour to Abilene on April 4, and reviewed menu planning. Refreshments were served at the Tuesday meeting.

Former Sagerton Man Marries Donna Ree Fleming In Big Spring

Donna Ree Fleming and Stephen Davis Clark exchanged marriage vows Friday, March 31, in the home of the bride's grandparents, Mr. and Mrs. Doyle Davis in Big Spring.

The bride is the daughter of Mrs. Don Fleming and the late Mr. Fleming of Sterling City. Parents of the bridegroom are Mr. and Mrs. Charles Clark of Sagerton.

Officiating was the uncle of the groom, Rev. Eldon H. Cook, Baptist minister of Big Spring.

Maid of honor was the bride's sister, Mrs. Ted Wheeler of Canyon. Dave Lammers of Big Spring was best man.

Given in marriage by her grandfather, the bride wore a Princess style gown of floaked voile over Anesio linen. Venise lace trimmed the collar and cuffs.

The reception was held at the Davis home, hosted by Mrs. Dalton Wright, Mrs. Marjorie Baker and Mrs. Travis Davis, aunts of the bride, assisted by Carolyn Cook, Sharon Cook and Mrs. Brent Hammitt.

The bride graduated from Sands High School in Ackerly and received her BS degree in math from Angelo State University. She teaches at Goliad Junior High School in Big Spring.

A graduate of Rule High School, the groom served four years in the U. S. Air Force. He is a student at Howard County

Former Minister Speaks Here At Bi-Annual Meet

J. E. Pennington, minister of the Church of Christ in Haskell from 1960-1964, returned as the speaker for the Bi-Annual Teacher's Supper scheduled by the church Friday night, March 31. Mr. Pennington spoke on the topic of "The Communication Process of Teaching," following the 7 p. m., Teacher's Supper meeting.

Accompanying Mr. Pennington to Haskell on Friday was his wife, Raymona, and their five sons. The Pennington family live at Eastland presently, where he is minister of the Plummer and Daugherty St. Church of Christ. After living in Haskell five years the Pennington family immigrated to Saskatchewan, Canada, where Mr. and Mrs. Pennington taught at Western Christian College at Weyburn, Saskatchewan. Subjects taught by Mr. Pennington are: Communications and Bible and Mrs. Pennington teaches Remedial English and The Christian Woman.

Haskell's History Told At Club Meet

A program on Haskell County History was enjoyed by Weinert Matron's Club March 30, after they heard a report on the Mesquite District Convention by Mrs. W. A. King.

The early history of our county was given by Mrs. Henry Smith, as she told of its creation in February, 1858, and of the Indian raids at Paint Creek, Tonk Creek and near the Double Mountain Fork of the Brazos. She also told of the first mail delivery in the county. She took her information from the book, "Haskell County History" by R. E. Sherrill, and reviewed the history of the first family to settle here, George T. Reynolds, and J. A. Matthews. The first baby born in Haskell was Ashbell Watkins Reynolds on March 19, 1878.

The town was named when, in 1884, a petition was sent to Washington, D. C., requesting a Post Office at Rice Springs, Texas already had a "Rice", the town was named Haskell, for Charles Ready Haskell, a soldier killed at Goliad.

History of Haskell County's courthouse was also told, from its beginning in William Harvey's store room on the north side of the square, down to its present imposing site in the center of the square, and how it was financed.

Refreshments were served to 9 members and one visitor, Mrs. Gus Rueffer.

Easter Reunion Held By McMillin Family

Mrs. W. B. McMillin had the honor of having her six children, her grandchildren, and her great-grandchildren all here for a family reunion Easter Sunday and they all attended church services with her Sunday morning at the Church of Christ (all 31 of them).

Later, a bountiful lunch was spread, and enjoyed by all. Pictures were made and a lot of reminiscing was done.

Those attending were Mrs. Gladys Fraley, Mr. and Mrs. Harlis Allison and Randy, and Mr. and Mrs. Rickey McMillin of Lubbock; Mr. and Mrs. Stanley McMillin of Andrews; Mr. and Mrs. Ben McMillin and Cindy of Big Lake; Mr. and Mrs. Dan McMillin and children of Amarillo; Mr. and Mrs. J. T. Johnson of Abilene; Mr. and Mrs. Franly Nelson and boys of Electra; Mr. and Mrs. Ted Jetton of Weinert; Mr. and Mrs. E. D. Frantz and children of Dallas; Mr. and Mrs. Don Stafford and children of Karmay; Mr. and Mrs. Jim Hord and girls of Odessa; Mr. and Mrs. Bill Jetton and girls of Brownwood; Mr. and Mrs. Bill Shaw, Mrs. Ethel Edwards and Mrs. Verna Tatum of Haskell; and Mr. and Mrs. Ray Fraley and girls of Big Spring.

Everyone is looking forward to a get-together next year.

CITATION BY PUBLICATION
THE STATE OF TEXAS
To: Aubrey Paul Stegall, Respondent, Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court, 39th Judicial District of Haskell County at the Courthouse thereof, in Haskell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15th day of May A. D. 1972, to Plaintiff's Petition filed in said court, on the 29th day of July A. D. 1971, in this cause, numbered D-2062 on the docket of said court and styled In the Matter of the Marriage of Melba Stegall, Petitioner, and Aubrey Paul Stegall, Respondent.
A brief statement of the nature of this suit is as follows, to-wit: Action seeking the dissolution of the marriage of Melba Stegall and Aubrey Paul Stegall by divorce on the ground that the marriage has become insupportable because of discord and conflict of personalities between Petitioner and Respondent that destroys the legitimate ends of the marriage relationship and prevents any reasonable expectation of reconciliation, as is more fully shown by Plaintiff's Petition on file in this suit.
If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.
The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.
Issued and given under my hand and the seal of said court at Haskell, Texas, this 28th day of March A. D. 1972.
Attest: Carolyn Reynolds, Clerk, District Court, Haskell County, Texas. 13-16c (SEAL)

LETTERS TO THE EDITOR
1972, March 31
The Free Press
Haskell, Texas 75521
Gentlemen:

Could you publish a brief request for observations of a very bright meteor or "fireball" that went over north Texas at 5:28 a. m. the morning of Thursday, March 23?

This was reported to me here and I have measured lines of sight from witnesses in Fort Worth and several points in the Abilene and Brownwood regions, but I need additional reports from your region to establish more exactly over what point the fireball ended.

My purpose is to see if there is any possibility that meteorites fell. First I have to determine over what place the fireball ended, and then see if any detonations from a shock wave were heard near there. The object is traveling at supersonic speed and if it comes low enough makes a noise like an airplane breaking the sound barrier.

Yours sincerely,
Oscar E. Monning

LETTERS TO THE EDITOR
1972, March 31
The Free Press
Haskell, Texas 75521
Gentlemen:

Could you publish a brief request for observations of a very bright meteor or "fireball" that went over north Texas at 5:28 a. m. the morning of Thursday, March 23?

This was reported to me here and I have measured lines of sight from witnesses in Fort Worth and several points in the Abilene and Brownwood regions, but I need additional reports from your region to establish more exactly over what point the fireball ended.

My purpose is to see if there is any possibility that meteorites fell. First I have to determine over what place the fireball ended, and then see if any detonations from a shock wave were heard near there. The object is traveling at supersonic speed and if it comes low enough makes a noise like an airplane breaking the sound barrier.

Yours sincerely,
Oscar E. Monning

Welfare Services Pgm. At HD Club

The Waldrip Home Demonstration Club met on Thursday, March 16, at 4 p. m. in the C. Brien Homemaking Department for its March meeting.

President Glenna Benson introduced the guest speaker, Sammy B. White of the State Department of Welfare. He works in the Ford and Knox County area. He spoke to the group on the services offered by his department.

He divided his work into 3 basic categories—child welfare, adult services and social services for nursing homes. He feels that more interest by the people in the community for the welfare of children is needed. He urged the group to help in any way they can.

He also does studies for the district courts in divorce cases to advise as to whom custody of children will be given. He also investigates in cases of adoption.

Services are also offered for adults—aging people especially, and his office helps to find someone to visit with them, check on them to see that they are well if they live alone, and in many other ways.

He said a growing part of his work is in social services for nursing homes, in assisting the people who live in them to be comfortable and happy.

Refreshments were served by Kay May, after the meeting was adjourned.

Alex Greene

Funeral services for Alex Greene, 86, were held Wednesday at 2:30 p. m. in Pinkard Funeral Home Chapel with Alex Sabo of the Jehovah's Witness faith officiating. Burial was in Fairview Cemetery at Sager-ton.

Born March 8, 1886, in Bell County, he married Bertha Kittley Dec. 25, 1907. She died Oct. 12, 1970. He was a retired farmer and had lived in Haskell County for 65 years. He died Monday at 9 p. m. in Leisure Lodge Care Home where he had lived for seven months.

Survivors are three sons, Joe of Odessa, and W. E. and Duard A., both of Grand Prairie; four daughters, Mrs. Helen Vaden of Stamford, Mrs. Oma Ruth Burson of Grand Prairie and Mrs. Wanda Nelle Simpson and Mrs. Ida Ray Ellis, both of Rule; 21 grandchildren; 35 great grandchildren and one great-great grandchild; three sisters, Mrs. Lena DeWitt, Mrs. Mary Lou Fuller, and Mrs. Margaret Bradburn, all of Wichita Falls.

CARD OF THANKS
We wish to thank each and everyone who were so nice to us during our time of sorrow. We appreciate the many acts of kindness, flowers, and food. May God bless and keep each of you. The Family of Earl Sorrells. 14p

CLOUDMASTER 4/6—This 6 year old, 2075 pound Brangus bull, bred and owned by Mr. and Mrs. Justin Poeschel of Haskell, was purchased recently for \$12,000.00 by Pruitt & Wray Cattle Company of Yuma, Arizona. This bull, an excellent herd sire, has sired some of the top selling cattle in the Brangus Association. A son of Master Dustin 28/0, he was Reserve Grand Champion at Houston in February. Justin and Irene Poeschel delivered the bull to Arizona last week.

Lions Hear Pgm. On Bloodmobile

Senator Jack Hightower was a guest at Haskell Lions Club noon meeting Tuesday at Haskell Steak House. He was introduced by his host, Royce Adkins.

President Bud Pogue presided at the meeting and Wallace Cox Jr. led the singing.

Bill Comedy, program chairman for the day, introduced Alfred Turnbow, administrator of Haskell Memorial Hospital, who gave a very informative, and sincere, program on the need of Haskell County being a participant of the Red Cross Red River Bloodmobile program. He explained how vital a constant supply of blood is at the hospital, and how this program would provide that constant supply, and more when needed.

In the business meeting, Lions were urged to remember to work in, and to talk about, the Mop and Broom Sale, set for April 11, here. A board of directors meeting was set for next Tuesday morning.

Other guests for the meeting were Mrs. Harold Spain, Mrs. Bud Herren, Sheila Long, and John Wallace Cox.

Play Nite Set At Stamford Arena
The Stamford Junior Sheriff's Posse will hold their first Play Nite of the season Saturday, April 8th, at 7:30 p. m. at the Quarterhorse arena.

Events offered will be barrel race, flag race and pole bending in three age groups: Ages 8 and under; 9 to 12; and 13 to 19. Goat tying will be offered to girl members who are 13 and over.

Everyone interested is invited to attend.

Texas Railroad Commission Grants An Adjustment Rule

Dallas, Texas—Lone Star Gas Company recently announced that the Texas Railroad Commission has granted adoption of a gas cost adjustment rule requested by Lone Star. The rule authorizes the intra-company "city gate" charge for gas sold to residential and commercial customers to be adjusted for changes in the cost of gas purchased by Lone

Star. The rate adjustment permits Lone Star to receive 65% of the increase or decrease of the cost of gas to the Company on a semi-annual basis. Any customer rate adjustment from this Order must be authorized by the cities served by the utility.

The gas cost adjustment rule will benefit Lone Star customers by insuring natural gas service for their continued use and for the future growth of the Lone Star service area. A spokesman for the utility explained that, "although Lone Star enjoys a favorable gas supply position, the current action by the Texas Railroad Commission puts us in a stronger position to compete with other companies for additional gas supplies. The need to continue adding new reserves and the spiraling cost of gas create a problem recognized by the Commission. Today's action is a step forward in stimulating additional exploration and development of new natural gas reserves in Texas."

Existing rates for gas sold by Lone Star to all customers in Oklahoma and to industrial customers in Texas have for many years contained gas cost adjustment clauses. Gas cost adjustment procedures of some kind are in effect in 34 other states.

NEW FOR '72

Three new vegetables have won medals in the All-America Selections trials. Two are red cabbages, one extra-early, one a bit later while the third is a very special cucumber named Victory.

A new, early red cabbage, Ruby Ball, a first generation hybrid that produces uniform, ball-shaped, short-cored, solid, 5-pound heads 4 to 5 days earlier than other red cabbages is the 1972 All-America Selections gold medal winner. So outstanding, it is expected to take over the early red cabbage market from other varieties.

Ruby Ball is easily grown; the few wrapper leaves around the firm head facilitate close planting and easy harvesting, both boon to the home gardener. Heads are slow to burst and this cabbage produces an excellent crop even where summer temperatures are high.

The sweet flavor holds well after cooking which endears it to the family cook. It can be used in the same recipes as green cabbage and also for that favorite — sweet and sour red cabbage.

A second, later-maturing red cabbage, also a hybrid, is a bronze medal winner for 1972. This variety is named Red Head. It has a globe-shaped head of darker color than most similar varieties. All heads in a planting mature at the same time. It is a good garden variety and both color and flavor hold well in cooking. Try growing both Ruby Ball and Red Head for a long season of this delicious vegetable.

The third of the 1972 All-America Selections winners is a cucumber that has so many assets it's no wonder that the name is Victory. It's a real victory in plant breeding and earned a bronze medal.

Victory couples high productivity, because of its largely female flowers, with resistance to many of the diseases that plague cucumbers: powdery and downy mildews, mosaic, scab, angular leaf spot and anthracnose.

If you've had trouble previously with any of these diseases, Victory is the variety to try this year.

Traffic Deaths Increase In '71

AUSTIN — Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today the final tabulation of 1971 motor vehicle traffic accidents shows that 3,594 persons died last year on Texas streets and highways. An additional 121,082 were injured and the total economic loss was \$1.045 billion.

"The death figure of 3,594 represents a 1 1/2% increase over the 1970 toll of 3,559. Actually, with all factors considered, the rise in deaths could have been greater," Speir said.

"For example, vehicle miles driven increased from 68 billion in 1970 to over 70.7 billion for 1971. This represents a rise in total driving of 4%. From another standpoint, the number of licensed Texas drivers rose by nearly 324,000 during the past 12 months to a total of 7 million.

"Despite these sizeable in-

creases in both miles driven and numbers of drivers, actual deaths increased only slightly. This means that our death rate per 100 million miles of travel — the nationally accepted indicator of traffic safety effectiveness — decreased 3% from 5.2 in 1970 to 5.1 in 1971. As recently as 1966, our death rate in Texas was 6.2 so progress is being made," the DPS director added.

Of the 3,594 deaths, 2,184 occurred on rural roadways and 1,410 in urban areas. There were 2,993 fatal accidents and total accidents reported for 1971 was 394,166.

Speir said driving too fast for conditions and driving while intoxicated continued as the primary law violations contributing to fatal mishaps. Other major violations included driving on the wrong side of the roadway and failure to yield the right-of-way.

Jesse Sorrells

Jesse Earl Sorrells, 58, was buried after services at 2 p. m. Thursday, March 30, at Primitive Baptist Church, with the Rev. G. H. Crain, pastor, officiating. Burial was in the Ruler Cemetery. He died at 2 p. m. March 28 at his home. He was a retired farmer.

A Ruler resident since 1948, he was born Sept. 21, 1913 in Camp County. He lived in Knox City before moving to Ruler. He married Florence Lewis Nov. 5, 1933 in Weinert.

Survivors include the wife of the home; a son, Derrell of Ruler; two brothers, A. L. of Wellington, and W. E. of Ruler; a sister, Mrs. A. L. Brother of Ruler; and four grandchildren.

OUTDOORS --IN-- TEXAS

By VERN SANFORD

You will hear more and more talk about boat safety — safer boating and safer boats — as time goes by.

Both the boater and the boat builder will be important factors of an intensified, many-sided campaign for safer boating. Also playing an integral part will be the manufacturers of the various items that belong on the safety list—the buoyant cushions, life-saving rings, life vests, lights (spot and signal) and even the anchors.

Under the new Boat Safety Act, no craft not constructed or equipped in conformance with Federal regulations can be operated on Federal waters.

Peter M. Wilson, executive vice president of the National Association of Engine and Boat Manufacturers, pointed out at a boat dealers seminar in Seattle, Wash., recently that the boat owner himself has the primary responsibility to ensure that his craft is fitted out according to Federal regulations and thereafter maintained to those standards.

So, the boat owner is included, too.

Wilson told the dealers that in addition to their responsibility to make sure that the boat they sell meets all standards, they should provide a conversion service for old craft to make alterations which may become necessary after standards for new boats and equipment have been researched and developed.

Boats and boating safety also dominated the discussions recently held at Hilton Head Island, South Carolina at the Sixth Annual Marine Aluminum Derby conducted for the Press by the manufacturers of aluminum boats.

Among the many safety features discussed were increased flotation in the craft itself, spill-over panels (splash wells) to prevent swamping, better fire-resistant characteristics of construction, stronger collision-shock resistance, gasoline spillage prevention, and driver-education programs.

With pleasure boating increasing in popularity, and more fishing and skiing throughout the nation, something must be done to reduce boating accidents. The new Federal regulations are just the beginning.

Courtesy and consideration of the other fellow are human characteristics that are difficult to write into law. But these two factors play an important part in safe motoring—be it on land or water.

National Service To Boy Scouts Of America Councils Revised

Local Scout leaders learned today that the Chisholm Trail Council, Boy Scouts of America, will be served through a new organizational structure adopted by the BSA's Executive Board.

Council President Charles H. Moser announced that the local council will no longer report to Region 9 in Dallas. The former 12-region structure has been reduced to 6 regions, and the Chisholm Trail Council is now a part of a larger region that will continue to be headquartered in Dallas.

As council president, Moser will be a member of the new regional committee which will be responsible for Cub Scouting and Exploring in Texas.

Oklahoma, Arkansas, New Mexico, Louisiana.

A special committee has been appointed to serve as a nominating committee for new regional officers to be elected at the National Council Annual Meeting to be held in Los Angeles from May 17 to 19.

Moser explained that the new 6-region plan will offer more effective direction and assistance to the Chisholm Trail Council and should result in financial savings to the national organization.

"After several years of study, five volunteer task forces were appointed last year to recommend a more effective regional volunteer and professional structure that would provide national service in an area closer to the local council," he

Mr. R. L. Dendy was in town a few days ago and showed a mule that from some cause had lost his tail. The tail dropped off, leaving about nine inches. He had two more suffering from the same disease. Veterinary surgeon Dr. Helton had a phone call Sunday from a party at Weinert who had a mule suffering with the same disease. He has telegraphed the State authorities and some think the trouble is caused by a fly that has deposited its larvae in the tail. Both the bone and the flesh decays and about half the tail drops off, otherwise the animals seem to be in good health.

CONSERVATION VIEW POINTS

J. C. YEARY, JR.
District Conservationist

(Jimmy Boykin substituting for J. C. Yeary this week)

With the emergence of spring comes the much dreaded life-awakening of the mesquite tree, robbing nutrients and water from range grasses, our

prime beef producer in the Rolling Plains.

With the chemical brush control period approaching (45-90 days after the first green leaves appear), comes a new idea in selecting just the right time

for spraying.

Previous trials conducted by researchers at Texas Tech have shown a marked increase in root-kill of mesquite by applying herbicides when the soil reached a specific temperature.

Studies have shown that a soil temperature of 83 degrees Fahrenheit at a depth of 12-14 inches, when the herbicide is applied, tends to be the optimum temperature for maximum root kill of mesquite. A marked increase in root kill was observed between 75 degrees F. and 85 degrees F. with a decline starting about 86 degrees F.

In our area the cooler temperature of 75 degrees will have to be used because of the damage that would result from the chemical drift to susceptible crops.

This new concept in the time of application of herbicides in controlling mesquite brush will be watched closely by many interested parties throughout the so-called mesquite belt of Texas and could prove to be a step forward in the control of the number 1 menace to beef producers in the Rolling Plains.

HISTORY OF FARMERS UNION

CHARTERED 1902—POINT, RAINS CO., TEXAS

(This is the 14th of 52 articles pertaining to goals and accomplishments since 1902, running every Thursday in the Haskell Free Press.)

1902—NFU opposed the Eisenhower-Benson intent to make REA loans subject to screening and supported a resolution continuing the loan-making authority of REA administrator.

1903—NFU urges that loan-making authority of the REA administrator be retained.

1904—Farmers Union reacted bitterly against a proposal by Secretary Ezra Benson to increase the 2% statutory interest rate on REA loans. Farmers Union proposal would result in a virtual doubling of interest costs for the loans.

1905—The National Farmers Union convention at Denver closed with adoption of a statement calling for bargaining power legislation for farmers.

1906—Secretary of Agriculture Ezra Benson drew a sharp outcry from Farmers Union members with his declaration that "farmers have never had it so good."

1907—Farmers Union made a strong protest of the restrictive money and credit policy of the Eisenhower Administration and complained of the very severe depression of money upon agriculture.

1908—President John F. Kennedy signed into law the Emergency Feed Control Act, the first major bill of the Kennedy Administration. This legislation was passed through by Congress in order to make a program available for the year.

1909—Farmers Union urged extension of the National Wool Act and increase in wool support level.

1910—The Area Redevelopment Act, a program to improve employment opportunities in depressed rural areas, was approved. Adoption had been supported by Farmers Union.

1911—NFU President James G. Patton vigorously condemned the Committee on Rural Development (CED) report proposing that 2 million families should be added to agriculture.

R-PEP Meeting Slated In Houston

Officers and directors of Rolling Plains Production Credit Association join agricultural credit specialists from all over the state April 6-8 in El Paso for the Federal Intermediate Credit Bank of Houston annual meeting.

Rolling Plains PCA participants include board members, Lasater Hensley, Guthrie, chairman; Dean Decker, Childress, vice chairman; Mack T. Claburn, Anson; Winfred C. Mann, Clarendon; and John Paul Perri, Haskell. Tecker serves as the group's official delegate.

PCA officer participants are J. L. Hill Jr., president; James R. Gleaton, vice president; and R. C. Cobb, vice president and secretary, all of Stamford.

Approximately 500 participants are expected for the meeting, reports PCA President Hill, which is designed to bring together representatives of 34 Production Credit Associations and 11 agricultural credit corporations.

Hill said the Federal Intermediate Credit Bank of Houston, source of funds for these agricultural lending institutions, last year loaned more than \$1 billion to Texas farmers and ranchers through these credit sources.

John H. Hopkin, Stiles professor of agricultural finance, Texas A&M University, will keynote the business session, speaking on "A Look Ahead at Financing Commercial Agriculture."

District Winners

The Rochester High School Volleyball team won the district championship at Rule on March 27.

They played Rule for the first set of games, and won, then played O'Brien three games, but they won two out of three so they came out victorious again.

Now they will play Jim Ned at Anson for Bi-district. The time and date has not been set yet.

Girls on the team are: Debbie Beauchamp, Cheri Lynn Townsend, Riva Hitt, Susan Stegemoeller, Karan Sharp, Pam Adkins, Kay Silba, Sharon Foster, Sherry Sloan, Jana Easterling, Karen Jackson, Susan Mullino, and Patricia Leash. The coach is Homer Terry.

District Track Meet

The District Track Meet will be held this Saturday, April 8, at the Rochester Track Field. Everyone be sure and come to see the Rochester boys run in this meet.

Scrimmage Stamford

The girls volleyball team traveled to Stamford March 29 for a scrimmage with the Stamford girls. The Rochester team won 4 out of 5 games. They played Anson Tuesday night, and this was another real good game and good practice for the girls.

School Starts Back

The Rochester Schools opened their doors, Wednesday, April 5, as school got back into swing after Easter holidays. Everyone was rested up and ready to get back in to school work and activities again.

CAFE BURNS

The City Cafe burned March

26 around 11:30. The cafe is owned and operated by Jewel Miller. The fire destroyed all the equipment and fixtures in the buildings as well as many personal items and legal documents Mrs. Miller had moved there. She said it would be three or four weeks before the cafe could be rebuilt and ready for business again.

V.B.S. Date

The Church of Christ has announced the dates for their annual Vacation Bible School, June 5 through 9, from 9:30 until 11:00 a. m.

ROTARY NEWS

A very interesting program was presented to the Rule Rotary Club at their noon meeting on Monday, March 27, when Jerry Weathersby, lab technician, and Gerald Owen, anesthetist, both from Haskell Memorial Hospital, spoke to the Rotary Club on the need of a new blood program, for Haskell County, and the possibility of affiliating Haskell County with the Bloodmobile program of the Red Cross. The program collects and processes blood volunteer donors and makes available whole blood and selected blood products for the therapeutic care of the sick and injured. In most regions a portion of the cost of collecting, processing and distributing blood is passed along to the recipient, but no charge is made for the blood itself. The foundation of the program is the volunteer. In addition to depending upon volunteer donors for blood, the program involves volunteer workers in many of its medical and non-medical functions.

As the blood program now stands, there is a list of volunteers who are called upon from time to time, as occasion needs, to volunteer their particular type of blood. Due to age, health and various other reasons the list is getting smaller.

A question and answer period followed the talks.

One guest was present, R. C. Couch, Jr. of Haskell.

Entries for the district track meet to be held Saturday, April 8, at Rochester have been list-

ed and complete results will be in next week's paper. The Baptist Mission of Rule has doubled its attendance since the arrival of their new pastor earlier this year. They are considering ways of expanding the ministry and facilities of the Mission. Pastor of the Mission is Rudy Rodriguez. He is 33 years old and was formerly pastor of New Life Baptist Mission. His wife's name is Maria and they have four children; Marcella 13, Manuel 12, David 9 and Delia 7. Born in Camargo, Old Mexico, he has since become an American citizen and was ordained as a minister in 1970 by the First Baptist Church of Ackerly. He served on the Associational Mission Committee at Ackerly, and has gone into Old Mexico the last two summers to lead in evangelistic outreach and conduct Vacation Bible Schools. The motto of his ministry is "Every Man A Missionary." His hobby is fishing and readily admits that he catches mostly small ones.

VOLLEYBALL
Rochester defeated O'Brien last Monday night, April 27, to win the girls' District 18-B Volleyball tournament held here. Their score was 10-15, 15-1 and 15-9. Placing third was Rule, by defeating Paint Creek, 15-8, 15-7.

Rochester will now play Jim Ned for Bi-district, and the winner of this will advance to regional.

PRE-SCHOOL CLINIC
A pre-school clinic will be held Thursday, April 6, at 1:00 p. m. in the Rule Elementary School building. Immunization shots for school enrollment will

be given by the State Department of Health. Those needing boosters may also receive them at this time.

MRS. ELLEN B. SWINNEY
Funeral services for Mrs. Ellen B. Swinney, 97, of Wichita Falls, were held Tuesday, March 28, in Wichita Falls, and burial was in Crestview Memorial Park. Mrs. Swinney had been a resident of Wichita Falls since 1931. Survivors include two sons, including Harmon of Rule; three daughters; two stepdaughters; 10 grandchildren and 30 great-grandchildren.
