# WTU Request Rate Increase

A request for the first general rate increase in West Texas Utilities 50-year history was presented to the Haskell City Council December 28, 1972 by WTU Manager R. H. Beauchamp.

The Company requested a six percent increase in each step of the residential, commercial and industrial rates and the application of a fuel adjustment clause to municipal water pumping rates.

The increase will not apply to minimum bills, fuel adjustments, municipal rates and power interchanges with other utility companies. "As a result," Mr. Beauchamp said, "the increase in the Company's total revenue will be less than five percent."

The increase will add about 2-2.3 cents per day to the average residential bill, according to Mr. Beauchamp. He pointed out that since 1952 the average residential cost has dropped from 3.64 cents per kilowatt-hour to 2.59 cents, a decrease of 29 percent. During the same time, the average residential usage has increased more than 3 1/2 times.

While this is WTU's first general rate increase, the power company manager noted that WTU had voluntarily reduced rates 14 times. The firm's last rate reduction was in 1964.

In asking the City's approval of the new electric rate schedules, the WTU Manager said that the new rates would be applied to bills rendered on or after March 1, 1973.

Mr. Beauchamp pointed out that almost every electric utility company in Texas has found it necessary to request rate adjustments and that WTU is one of the last to make such a request.

"The spiraling cost of nearly everything we buy or use to provide electric service makes the rate adjustment essential," the WTU Manager said. "The increase is the minimum needed and nothing more."

He emphasized that WTU had been caught in the "cost squeeze" as a result of the increases in the cost of equipment, services and labor, cost

of new power plants, lines and environmental controls.

With interest costs more than doubled, he pointed out that the cost of borrowing money was one of the major problems. To supply future needs, the company expects to spend about 77 million dollars for new facilities in the next five years.

Administering the oath is his father, District Judge Ben Charlie Chapman, who took the oath of office as County Attorney in 1933. Judge Chapman served as County Attorney for two terms and later served as District Attorney for six years before being elected District Judge in 1943. (Staff Photo)

## Cotton Country Comments by Clayton Comedy

The Farmin' Filosopher sez optimis is a man approachin' a revolving door while tryin' three hat boxes.

Often, during the hustle and bustle of the holiday season, many beautiful and treasured moments occur to portray the true meaning of Christmas. One such event was recorded here Dec. 14, when Haskell Garden Club presented three charming Albany neighbors, Mrs. Marilyn Jacobs, Mrs. Annie Liles and Mrs. Alta Iverson—in a program entitled, "Madonnas in Arrangements."

Twenty exquisite Madonna arrangements were set up in the sanctuary of First Presbyterian Church by these women. Madonnas have been collected from all over the world—Italy, Africa, Haiti, Mexico, France, Germany, England and the United States. They were bronze, ceramics, porcelain, metal, straw and wood. Madonnas used in making each arrangement complimented perfectly that Madonna used, and many times were symbolic of stated facts.

A Dutch painter who used the "Love of Mother and Child" in home situations. El Greco, a Spanish painter, painted the land and temperament of his models, and is noted for his "Petrol" Mary at a time of sorrow.

As each slide was shown, and the narration given, those attending could look about the room and find a Madonna arrangement that perfectly signified the thought of the artist.

"The Madonna is the dominant part of any arrangement. She will dictate choices of containers, plant material and design," explained Mrs. Jacobs of the arrangements.

After the formal program, members of the Haskell Garden Club served coffee and Christmas cookies, and invited guests to view the arrangements closely, to better enjoy the significance of each.

Approximately 100 people attended the program, and all left with perhaps a greater appreciation of the meaning of Christmas.

Mrs. Jacobs narrated the program while Mrs. Iverson showed slides of art masterpieces which Madonnas were featured. The women—and the Garden Club—could have chosen a better way to put the "Christ" of Christmas and reveal the spirit of love that Christ is to prevail throughout the world, than with this program.

In showing the different contents of the Madonna, Mrs. Jacobs brought out that DeVinci is an inventor and artist, and his "Madonna of Rocks" is one of his best works. Caravaggio used fruits, tapestry and golden haloes for his Madonnas, and his "Virgin and Child" characterizes children in his paintings. Michaelangelo and the figure of Christ and Mary as one of his greatest paintings, while Van Gogh was

## Council Holds Last '72 Meet

Members of the Haskell City Council met December 28 for their last regular meeting of 1972.

Mayor Belton Duncan presided at the meeting with all five councilmen present. Others attending the meeting were: Bob Beauchamp and Russell Crowover representing West Texas Utilities Company, Marvin Collins, water supt. Mary Watson, city secretary, Don Combs, Haskell Free Press, Joe Williams, City Attorney, and P. Barnett, Chief of Police.

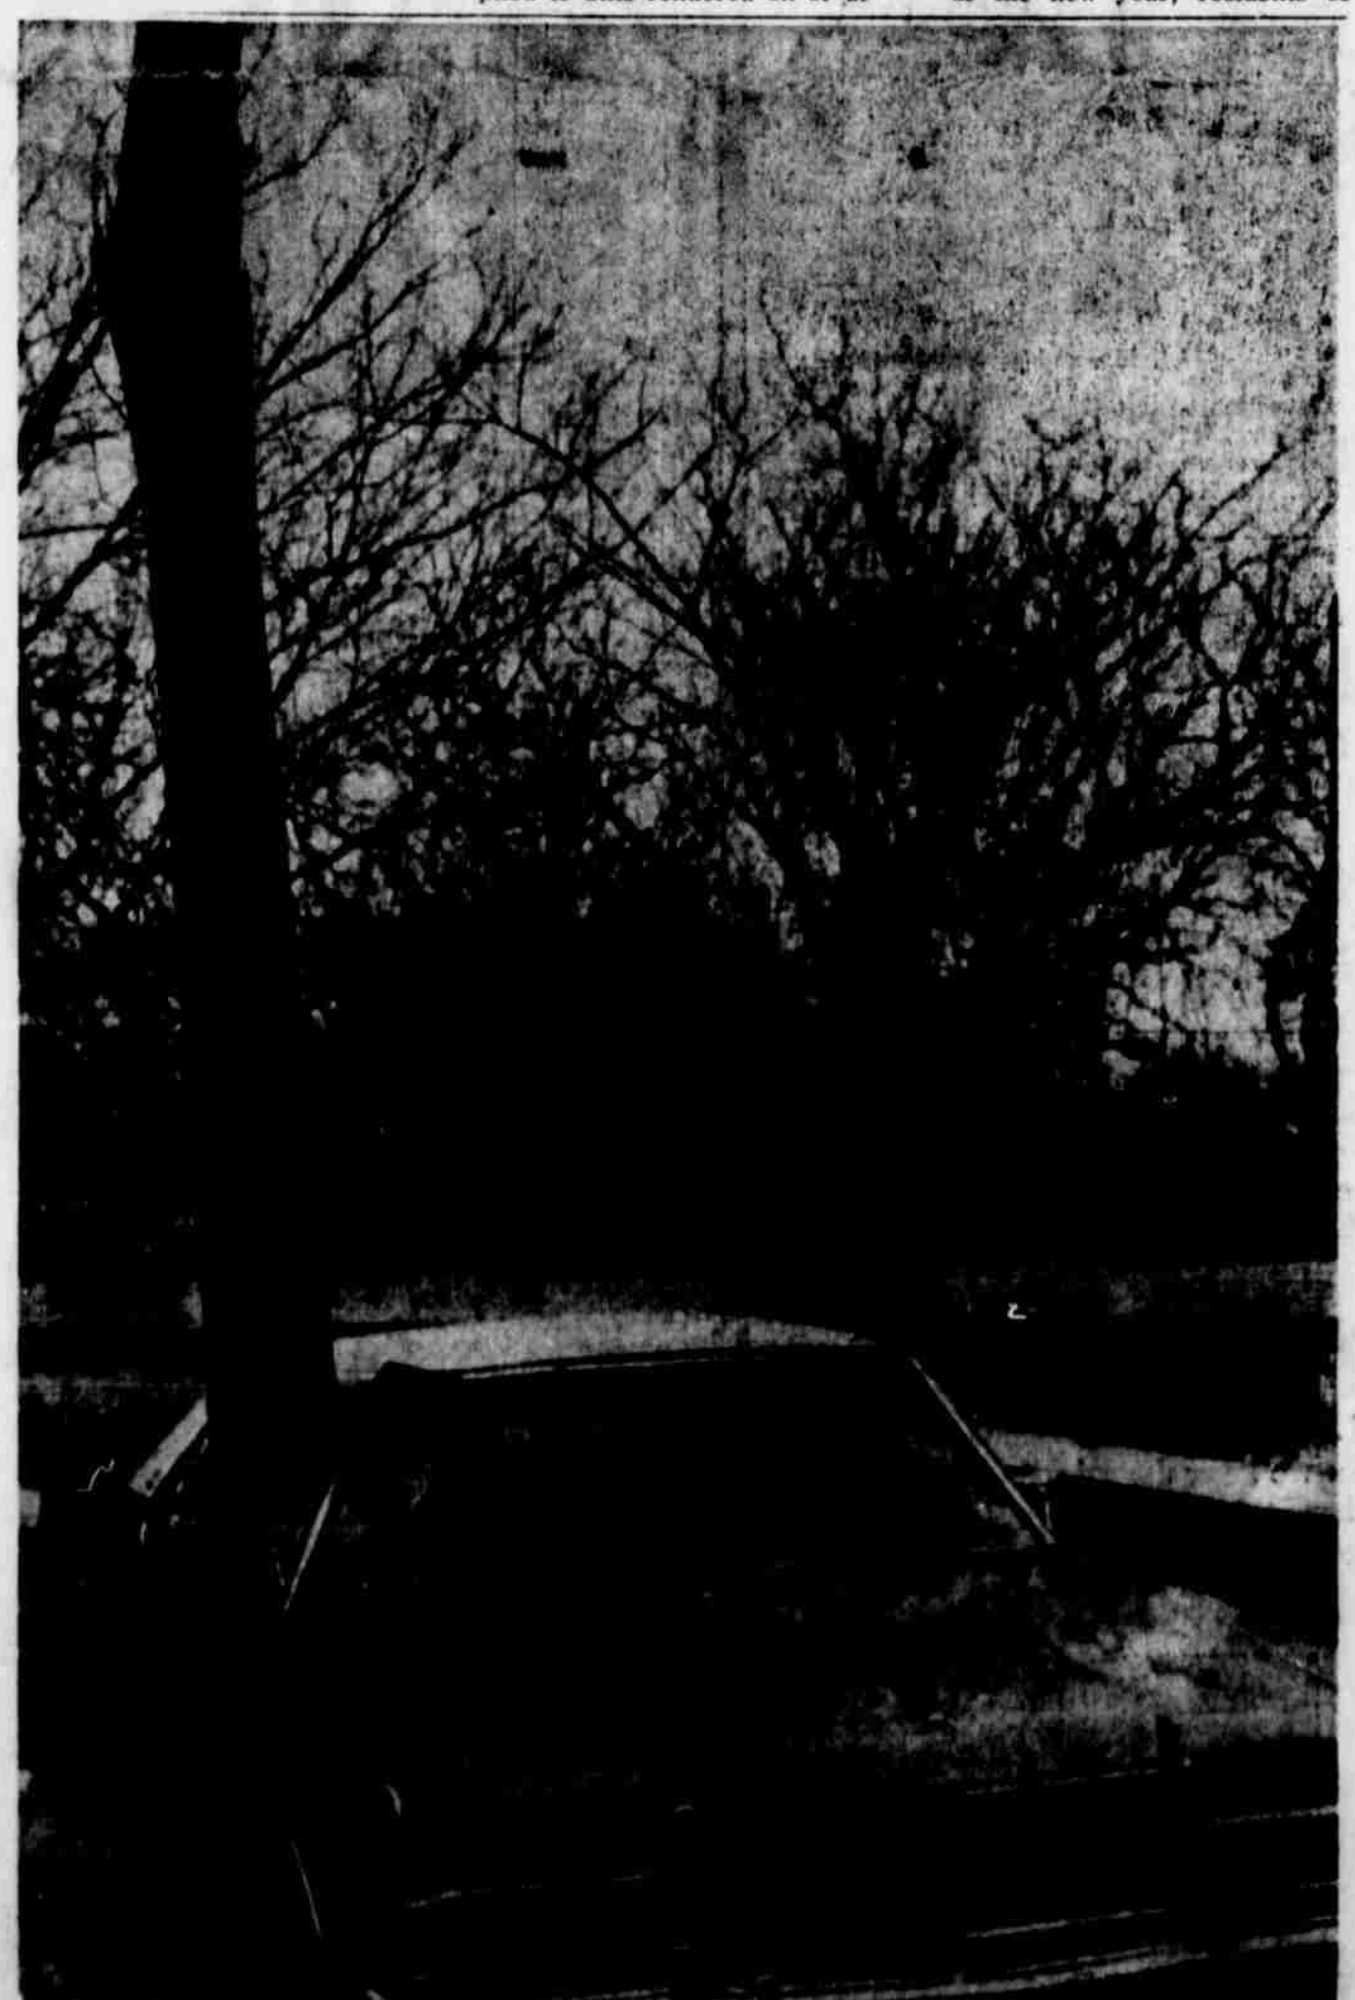

Councilman Buster Gholson led the opening prayer after which minutes of the December 12 meeting were read and approved.

Upon recommendation of Marvin Collins and Councilman Carl Anderson, the council voted to purchase a new pipe cutter.

Beauchamp and Crowover presented information on a rate increase for West Texas Utilities and the council tabled the proposal until the next meeting.

Discussion was held on plans to spend \$17,986.00 (Revenue from the City Fund) and several new projects were discussed. The money is currently invested in certificates of deposit.

P. Barnett met with the council and discussed local law enforcement and the possibilities and variations of improvement.

A TWO CAR COLLISION December 28, at the intersection of N. 11th St. and Ave. H resulted in extensive damage and a broken utility pole. The car pictured was traveling north on Ave. H and driven by Mrs. W. D. Larned. Floyd Maddox of Haskell was traveling east on North 11th St., when the two vehicles collided. The Larned vehicle was totally destroyed and the Maddox vehicle received extensive damage. Mrs. Larned received a broken collar bone, one broken rib and a mild concussion. Maddox received a mild concussion and several minor bruises. Both were treated at Haskell Memorial Hospital. Maddox was treated and released and Mrs. Larned was hospitalized for several days. # Wishy Washy Winter Weather

By the end of the second day of the new year, residents of

Haskell County had witnessed almost every kind of weather possible.

1973 opened with cloudy skies and high winds and only occasionally did the sun shine the first day of the year. Light rains fell Monday night and most of the day Tuesday which almost completely stopped the cotton harvest. Gins are still operating (slowly) and hope to have empty trailers when fields dry enough to begin stripping again.

Sleet began falling early on Tuesday evening, and at approximately 8:30 pea size hail fell in the city of Haskell. No other reports of hail were received. Sleet mixed with snow continued to fall until about 10:00 p. m. when the sleet stop-

ped and snow flakes about the size of a quarter began falling.

Wednesday opened with bright sunshine and area motorists were only partially hampered by slick roads.

According to official weather observer, Sam Herren, Haskell received 2.5 inches of snow and sleet. Total precipitation for the first three days of 1973 totaled about .85. Normal precipitation for January is .91.

During 1972 temperatures ranged from a high of 110, registered June 26, to a low of 8 degrees on January 15. The greatest amount of precipitation was received during the month of September with a total of 6.46. The least amount of moisture registered in any month was in December with

a total of only .11. Total precipitation for 1972 was 27.88, which was slightly less than the 30.30 received in 1971.

REV. SAM SHARP  
Christian Church Minister

## Christian Church Minister Named

Announcement has been made that Sam Sharp, formerly of Tulsa, Oklahoma, and his wife, Edith, have moved to Haskell to become the minister of the Christian Church.

Mr. Sharp is a native of Columbus, Ind. While in high school, he lettered in four sports, football, basketball, track and baseball. He attended Purdue University and played football and basketball and was an All-American end. After leaving Purdue, Mr. Sharp played eight years of professional basketball. For 16 years, he was a mechanical engineer, before becoming a minister, and has now been in the ministry for 23 years, in the State of Oklahoma.

Mr. Sharp met his wife, Edith, who is a native of Wilson, Okla., in San Antonio, and they have been married 25 years. They have no children.

Mr. Sharp says that he is impressed with the town of Haskell, and the friendliness of its people, and he extends a cordial invitation to all to come and hear him preach the Gospel of Christ.

# Prominent Rule Resident Dies

Funeral services for Claude Frank Norman, 79, were held January 2 in the First Baptist Church of Rule, Rev. J. R. Williams, pastor, officiated.

Burial was in the Rule Cemetery. Mr. Norman died December 31 in the Haskell Memorial Hospital after an illness of three days.

Born July 30, 1893, at Eddy, Texas, Mr. Norman came to Haskell County with his father and mother when he was four years old and lived in Rule with his parents, Mr. and Mrs. Frank Norman. He had lived in Rule for 75 years. Mr. Norman married Ola Mae Wilson July 5, 1922 in Rule. He served in the U. S. Army in France in World War I, and barbered in Rule until 1934 when he was appointed postmaster at Rule. He was transferred to Rural Route No. 2, October 1, 1949, where he served until retirement December 31, 1962. He was barbering in Rochester until he became ill.

An active member of the First Baptist Church, he was Sunday School teacher for a young mens class for 30 years and was treasurer of the church for 35 years. He also served as chairman of the Board of Deacons and as Music Director of the church. His three loves were his family, his church and his music.

Survivors are his wife, Ola Mae; two daughters, Mrs. Don (Frances) Davis, and Mrs. Jack (Patsy) Davis, both of Rule; five sisters, Mrs. Madgie Pointer and Middle Lees of Rule, Mrs. Lillian Brown of Ignacio, Colo., Grace McKelvain of Has-

kell, Mrs. Reba Miller of Farmington, N. M.; six brothers, Floyd of Turlock, Calif, Narvel of Odessa, Theibert of Seattle, Wash., Roy, Doyle and Lester of Rule; and seven grandchildren, Brent, Penny, Mark, Glenn, Phyllis, Delle and Tommy Davis. One daughter, Martha, preceded him in death, January 3, 1951.

Pallbearers were deacons of the church and honorary pallbearers were World War I Veterans: M. Y. Benton, R. O. Carothers, Newt Cole, R. K. Denson, S. A. Ezzell, Abb Hutchen, A. R. Lee, W. R. M., Mrs. Golda Lloyd of San Angelo, and Mrs. Joan Dulaney of Haskell; 14 grandchildren; 24 great-grandchildren; and one brother, Cade McBride of Wewoka, Okla.

Pallbearers were Bob Philpot, Floyd Lusk, Chester Hodgins, Jess Kreger, Bob Dulaney, and A. D. Frierson.

## OJT Available Through VA

The veterans' wives, widows and children, who are eligible for VA educational assistance, may now take on-the-job training or apprenticeships in lieu of going to college, Jack Coker, Waco VA Regional Office Director, pointed out today.

A law approved by the President in October increased allowances for this type of training by nearly 48 percent and broadened the types of training available under the Dependents' Educational Assistance Program, Coker pointed out.

In addition to training wages paid by employers, VA now pays trainees a starting stipend of \$160 a month. The old rate was \$108.

During October, 102,000 veterans were taking on-the-job and apprenticeship training, but trainees under the Dependents' Education Program were limited to institutional training programs before the October law.

For job-training veterans, the starting allowance is \$160 per month if he has no dependents. For those with one dependent, the allowance was raised from \$120 to \$179 monthly; with two dependents, from \$133 to \$196. For each additional dependent in excess of two, a veteran receives an additional \$8.

The new public law (PL-92-540) also changed the rules on correspondence training to open this form of training to eligible wives and children, and to provide greater protection for trainees. The law also permits greater flexibility in classroom for veterans in full-time farm cooperative training. Some of the required 440 annual classroom hours may be rescheduled provided enrollees spend at least 80 hours in classroom study in any three-month period, Coker explained.

VA education benefits, including apprenticeship and other on-the-job training, are available to those who served at least 180 days, any part of it after January 21, 1955.

Also entitled to these benefits are: wives, widows and children of veterans whose deaths or permanent, total disabilities were service-connected; and wives and children of servicemen who are prisoners of war or missing in action for more than 90 days.

## 37 Steers To Compete At Ft. Worth Show

Haskell FFA Chapter will have five steers and six barrows and the County 4-H Chapter will have 32 steers, six heifers and four barrows. Competing in the 77th Southwestern Exposition and Fat Stock Show which will be held here Jan. 26 through Feb. 4.

Exhibitors of poultry, rabbits and pigeons have until Jan. 15 to submit entries, but entry deadlines for cattle, horses, sheep and swine has passed.

"Entry cards tabulated thus far indicate a record exhibitor list for 1973," said W. R. Watt, Jr., Stock Show general manager. "Entries for the Golden Anniversary Show of the American Polled Hereford Association and the American Bantam Association's National Meet should push the Stock Show's overall entry totals to a record."

The Stock Show is anticipating over 11,000 head of livestock to be entered. Total premiums for the livestock and horse show and Fort Worth Rodeo are over \$260,000.

An added treat to visitors at the Stock Show will be the Nashville sound of LeRoy Van Dyke and the Auctioneers at each of the 20 performances of the Fort Worth Rodeo. Van Dyke will be singing his all-time hits "Auctioneer" and "Walk On By", plus other favorite country and western hits.

Over 500 top cowboys will be on hand, eyeing a chance to grab a part of the rodeo purse of more than \$90,000. Billy Minick Rodeo Company of Fort Worth is stock contractor and will have several hundred head of the rodeo sport's outstanding bucking, roping and doggin' stock on hand.

Mail order tickets for the 1973 Stock Show Rodeo are available from the Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas 76101.

### HOLIDAY VISITORS

Visiting in the home of Mrs. Jack Sanders of Weinert over the holidays were nine of her 11 children and their families including 20 grandchildren and two great-granddaughters.

## Happy Holiday At Rice Springs

Activity has been bustling at Rice Springs Care Home for the last few weeks. Various musical groups have entertained our residents, church groups came, singing carols and bringing fruit, local scout troops visited and distributed gifts of candy and fruit and to climax the many activities, Santa himself, came to visit and distribute over 200 gifts to residents.

In preparation for Santa's grand entrance, a varied selection of Christmas music was played on the piano by Mrs. J. F. Cadenhead Sr., and a medley of novelty Christmas tunes were sung by a choral group of girls from Paint Creek Junior High.

All in all, it has been a wonderful holiday season. So wonderful because our Senior Citizens, of which 81 reside at Rice Springs, have been remembered, and in such a grand way. All this helps them to remember that it truly is a beautiful world, filled with people serving people—of all ages.

### HOLIDAY VISITORS

Visiting in the home of Mrs. Elam Parrish during the holidays were her daughter, Mrs. John Atterbury Jr. of Corpus Christi and Miss Joan Atterbury of Lawrence, Kan.

**Miss Pam Colbert  
Honored At Coffee**

Miss Pam Colbert, bride-elect of Barry McDonald, was honored with an informal coffee, December 27, in the home of Mrs. Elbert Johnson. Hosting the affair with Mrs. Johnson were Mrs. Henry Harris and Mrs. James Ross Mickle.

Seasonal decor of Christmas decorations provided a colorful background to the bride's chosen colors of yellow and orange. The dining table was laid with a blue runner and centered with brass kitchen utensils. Yellow and orange streamers featured the couple's names. The gift table was laid with a ruffled gold cloth with a satin overlay of white net. Refreshments were served from a silver service and guests enjoyed playing Santa Bingo. Miss Colbert, her mother, Mrs. R. E. Colbert, and her mother, Mrs. Claude McDonald, greeted approximately twenty-five guests who called.

Miss Doris Wootan and Mr. Lige Prewitt Jr., repeated wedding vows December 30, at the Central Baptist Church in Haskell with the Rev. Robert Norrell, pastor, officiating. The bride is the daughter of Mr. and Mrs. John Wootan of Haskell. The bridegroom's parents are Mr. and Mrs. Lige Prewitt Sr. of Stamford.

Given in marriage by her father, the bride chose an empire gown of white velvet with victorian neckline, bishop sleeves, white lace trim, and a chapel train. Her Juliet style waist length veil was trimmed with lace and pearls. She carried a bouquet of white carnations and orchids on a white Bible. Miss Janie Lou Kelley of Snyder was Maid of Honor. Bridesmaids were Mrs. Mike Cook and Miss Betty Steele of Haskell and Miss Donna Ellison of Aspermont. The bride's niece, Renee Kretschmer of Hamilton, was flower girl. The attendants wore gowns of red velvet with rounded necklines, long full sleeves, and red velvet ribbon trim. They carried bouquets of white carnations.

Jimmy Ray Cearley of Stamford was best man. Kenneth Bradshaw of Abilene, Mike Martindale of Stamford, and Dennis Martindale of Wichita Falls were groomsmen. Ushers were Lesley Wootan of Sweetwater and Billy Don Bradshaw of Abilene. Miss Jennifer Wilson was organist and Miss Pat Harris was soloist. The reception was held in the Central Baptist Church Annex. Following a short wedding trip the couple will be at home at 402 N. Ave. D in Haskell. The bride is a graduate of Haskell High School and now attending Tarleton State College in Stephenville.

The bridegroom attended Stamford High School, received his G. E. D. certificate and attended Cisco Junior College. Spending the Christmas holidays in the C. E. Tidwell home were: Allene and Terry Brown of El Cajon, Calif., Ruth Tidwell of Throckmorton, Dan Burson of Arlington, Mr. and Mrs. Pete Nichols of Hurst and Mmie Yarbrough of Haskell.

**Luncheon Honors  
Miss Pam Colbert**

A luncheon and glassware shower honored Pam Colbert, bride-elect of Barry McDonald, in the home of Mrs. Brooks Middleton and Nancy, Dec. 29, who were assisted in hosting the occasion by Mrs. Darold Roberson and Denise.

The bride's chosen colors of orange and yellow provided a colorful setting throughout the living and dining rooms. The main dining and smaller tables were laid with green, orange and yellow floral patterned cloths with yellow votive candles in orange glasses as place favors. The buffet table was entered with yellow mums in the center of a silver candelabra containing orange candles.

The bride's mother, Mrs. R. Colbert; her sister, Mrs. Sammy Larned; the groom's

mother, Mrs. Claude McDonald; and 20 of the bride's friends enjoyed a game of dressing the bride in a white tissue paper wedding gown and veil after the gift opening. The occasion served also as a reunion of former school mates home for the holidays and ended after much laughter over the original captions composed by guests for still pictures of classic movie love scenes of a by-gone era.

# Couple Recite Wedding Vows

Miss Rebecca Jane Phelps of Muleshoe, and Deryl Lynn Srygley of Levelland, exchanged wedding vows December 29, at the First United Methodist Church in Muleshoe.

Officiating minister was the Rev. James V. Fowler, pastor. Parents of the couple are Mr. and Mrs. Bernard Phelps of Muleshoe, formerly of Haskell and Mr. and Mrs. John D. Srygley of Levelland. She is the granddaughter of Mr. and Mrs. C. E. Phelps of Haskell.

The altar was centered with a floral arrangement of red, yellow, and pink roses, gypsophylla, pink geraniums, magnolia leaves, English ivy, eucalyptus and smilax, flanked by white altar candles.

Special music selections were played by Mrs. Jerry Hoover, organist, and Miss Kim Cowan, pianist.

Mrs. James Vincent Campbell Jr., of New Orleans, sister of the bride, was matron of honor. She wore a formal length gown of candy pink chiffon and satin. It was decorated with a high ring neck, long, bishop sleeves, and pyramid skirt.

She carried a tiffany designed bouquet of enchanting cymbidium orchids, bridal pink and forever yours' roses, myosotis, stephanotis, and English ivy.

Mrs. Deryl Lynn Srygley formerly Miss Rebecca Phelps

John D. Srygley served his son as best man.

Ushers were Matthew Bernard Phelps, brother of the bride of Muleshoe, Curtis Griffith, brother-in-law of the groom, of Lubbock, and James Vincent Campbell Jr., brother-in-law of the bride, of New Orleans.

Presented in marriage by her father, the bride wore a gown of ivory satin and imported

hand-run Alencon lace, intricately jeweled with tiny seed pearls and crystal beads. The molded semi-empire bodice, veiled with the jeweled lace, was fashioned with a high wedding ring neckline, enhanced with a narrow fold of the satin and long tightly fitted satin sleeves, satin edged. A large bow applied with motifs of the lace enhanced the back of the gown and extended into long streamers. The slim A-line skirt, banded at the hemline by scallops of the jeweled lace, swept to a full chapel length train.

Her chapel length bridal veil of imported ivory silk illusion, fell the full length of her gown from a matching colot of lace encrusted with pearls. The tiffany designed bridal bouquet was of enchanting cymbidium orchids, bridal pink and forever yours' roses, gypsophylla, stephanotis and English ivy.

The mother of the bride wore a formal length gown designed with an ivory peau de soie skirt and a long sleeved m-hair wool knit over blouse of dove blue, belted at the waist.

The groom's mother was attired in a formal length gown designed with a burgundy velvet skirt and a mauve pink chiffon blouse with long pleated sleeves.

Immediately following the ceremony a reception was held in the Fellowship Hall of the church.

For a wedding trip the bride chose a Pascale blue wool knit dress with a winter white long-sleeved bodice, complimented by a suede leather weskit. She wore matching accessories and an ivory cymbidium orchid for her corsage.

The bride is a graduate of Muleshoe High School. She has attended Gulfpark College for Women in Gulfport, Miss., and South Plains College in Levelland.

He is a graduate of Levelland High School and has attended South Plains College and will be continuing his studies at North Texas State University in Denton.

The rehearsal dinner was hosted by Mr. and Mrs. Sam Damron, Mr. and Mrs. Irvin St. Clair, Mr. and Mrs. Bill St. Clair, and Mr. and Mrs. Morris Douglass at the home of Mr. and Mrs. Sam Damron, December 28, in Muleshoe.

MRS. BOB EVANS ... formerly Martha Nell Chambers

# Evans, Chambers Repeat Nuptial Vows

Marriage vows were exchanged December 29 in the First Baptist Church of Rochester by Martha Nell Chambers and Bob Evans. Dr. Malcom Bane of First Baptist Church of College Station, officiated for the double ring ceremony.

Parents of the bride are Mrs. William Stanley Chambers, Sr. of Rochester and the late Mr. Chambers. The bridegroom's parents are Mr. and Mrs. R. R. Evans Sr. of El Paso. Organist was Paula Bingham and Bill Herod was soloist. Both are from Navasota.

Given in marriage by her brother, William Stanley Chambers Jr., the bride wore a gown of candlelight organza on satin with a small neck band and front panel of lace and seed pearls. The fitted sleeves repeated the lace motif in the long cuff. The full skirt extended into a short train. Her waist length veil of silk illusion was held by a cluster of candlelight flowers accented with pearls. The covered buttons on the sleeve cuff and down the back of her dress wore from her mother's wedding dress.

For something old, the bride wore her great-grandmother Hill's wedding band and her grandmother Chambers' ring. Something new was her dress made by her mother. Something borrowed was wedding rings from Mrs. W. L. Ballard and the penny in her shoe borrowed from her mother who wore it in her shoe when she was married. Something blue was a blue garter made by Mrs. Gene Bittick.

Candlelighters were Wade Hodgins of Tilden and Steve Anders of Rule, cousins of the bride.

Maid of honor was Nancy Rose of Rochester. Bridesmaids were Jennifer Bell of Dallas, Gayle Campbell of Odessa, Lyn Herod and Melisa Herod of Navasota. Attendants wore gowns of maroon velvet following the style of the bride's dress, except with short puffed sleeves and wide ecru lace trimming the sleeves cuff, neck band and belt. They carried white fur muffs and wore head pieces of maroon velvet bows.

Darren Owens of Pecos was best man. Groomsmen were Chip Swinney of San Antonio, Don-

nie Byrd of Tye, Kyle Crosier, Lubbock and Richard Hell of Bellaire. Assisting the groomsmen in the military saber line were Malcom Stewart from Bremond, Corky Houchard from Dallas, and Jack Richmond from Fort Worth.

Ushers were George Cook of El Paso, Bill Walker of Dallas, and Jim Delony of Pasadena.

Flower girl was Sarena Edwards of Brownwood. Her sister, Suzanne, was ring bearer. Kristin May of Plano assisted them in handing out rice bags at the reception. They wore gowns of maroon velvet and velvet hair bows.

The reception was hosted by Mrs. Chambers in the high school cafeteria following the wedding.

The bride's table was covered with a white satin cloth with a white net overlay with sequined wedding bells made by Mrs. Norris Anders. An ar-

range of white and maroon candles and glass grapes centered the table. Serving appointments were crystal and silver. Serving guests were Mrs. Martha Herod of Navasota and Mrs. Nell Hodgins of Tilden. Assisting was Susan Stegemoller of Rochester.

The groom's table was covered with a linen ecru cutwork cloth. Serving appointments were crystal with a silver coffee service. Serving guests were Mrs. Dixie Abbey of El Paso and Mrs. Rebecca Evans from Mississippi.

Other members of the house-party were Mmes. Norris Anders, Clarence Gaunt, Jim Nickell, Ira Townsend, Herman Williams, Gene Rose, W. H. Patterson, A. D. English and Manford Reid.

Mr. and Mrs. R. R. Evans hosted the rehearsal luncheon at the Rule Country Club.

The bride is a graduate of Rochester High School and received a degree of Elementary Education with a kindergarten endorsement from Texas A&M University in December. She will be employed by the First Baptist Church Kindergarten in College Station.

The bridegroom is a graduate of Burges High School in El Paso and is a Senior Architecture and Environmental Design major at Texas A&M, where the couple will live.

# Rice Springs Holds Christmas Party

The living room of the new addition to Rice Springs Care Home was the setting for the Annual Christmas Party held by the staff.

Mrs. Tom Casey served as chairman of the entertainment for the night, having Mrs. Clarence Meier, staff secretary, opening the program, reading from Luke 2:1, the story of the first Christmas. Mrs. Ted Jetton, director of nurses, lead in prayer.

Special guest, Mrs. Andy Phea, sang "How Great Thou Art," accompanying herself on the piano. The group sang "Silent Night", accompanied by Mrs. Phea. Mrs. Elton Klose, administrator, gave an amusing version of "Twas the Night Before Christmas."

Guests gathered around the Christmas tree which was beautifully decorated earlier by the Girl Scouts. In the absence of Santa Claus, his helper, "Santa Clown," played by Mrs. Sam Crume, passed out gifts to each employee.

Following the opening of the gifts, refreshments were served in the dining room. Forty-five employees attended the gala event.

# Cotton Class

### ABILENE

Fair weather allowed the cotton harvest to progress appreciably during the past week. B. B. Manly Jr., reports that the U.S.D.A. Cotton Classing Office at Abilene classed 40,700 samples for the week ending Dec. 29. This brings the season total to approximately 250,000 samples classed, as compared to 66,000 that had been classed by this date last season.

Some prices reported by the Agricultural Marketing Service were: 4321 premium mike, around 23 cents per pound, and 5531 around 20.25 cents.

The quality was little changed in comparison to that of the previous week. Twenty-six percent of the samples graded white; 67 percent graded light spotted, and 5 percent graded spotted. Grades 42 and 52 were the predominant grades at 42 and 19 percent of the total samples classed. Twenty-five percent of the samples were reduced in grade due to bark.

Staple lengths ranged from 30 through 34 with the following distribution: Staple 30 was 8 percent; staple 31, 59 percent; staple 32, 27 percent; staple 33, 4 percent; and staple 34, 1 percent.

Micronaire readings were 2 percent high, 26 percent low, and 72 percent in the 3.4 to 4.9 range.

### MUNDAY

Sample receipts continued to be heavy as favorable weather allowed harvesting to continue at maximum capacity in the area serviced by the Munday Cotton Classing Office. Reports Sidney Ferrell, Officer-In-Charge. According to the USDA's Agricultural Marketing Service, gathering operations are approximately 70 percent complete.

Quality statistics for the week ending Dec. 29, 1972, remained about the same as the previous week. Eighteen percent of the cotton was classed as Strict Low Middling (41), compared to 16 percent last week. Twelve percent was Low Middling (51), and 43 percent was Strict Low Middling Light Spotted (42). Eighteen percent of the cotton classed was reduced in grade due to bark or grass, compared to 20 percent the previous week. The staple length showed 12

percent staple 31, and 32.

The micronaire continue to be in the desirable range of 3.4 to 4.9 percent read.

The Presley tests conducted by fiber laboratory, shows that strength was 78 square inch, on the previous week.

Cotton market be fairly active offering moderate cents per pound. Most grades offered lengths of staple 33.

The Munday office 560 samples showing the season's

**Small Grain Figures Released — Wheat Pasture Grazing Limited — Milk Production Declines — Cotton Production Estimate Declines — Screwworm Reports Needed.**

Complete reports on 1972 small grain plantings for Texas have been released by the Texas Crop and Livestock Reporting Service. Oats, barley, wheat, rye, and flaxseed plantings and yields per acre for the state are included. For example, more oats were seeded in Central Texas than in any other area of the state. Texas is 13th in the nation in oat production, 20th in barley, 10th in rye and fourth in flaxseed production.

Top counties in oat production in Texas are Denton, Cooke, Grayson, Collin, Coleman, Hamilton, Hunt, Kaufman, Brown and Limestone. Top counties in winter wheat production are Ochiltree, Carson, Hansford, Deaf Smith, Parmer, Sherman, Lipscomb, Randall, Wilbarger, and Moore.

A copy of the report is available free by writing Texas Department of Agriculture, Box 12847, Austin, Texas 78711. Ask for 1972 Texas Small Grain Statistics.

**Grazing of Texas wheat pastures on the High Plains and Rolling Plains has been delayed due to extensive snow and rain. Cold weather hindered wheat growth but prospects continue good with the additional moisture.**

About 60 percent of the fall-seeded wheat acreage had sufficient growth for pasture compared with only 40 percent a year ago. The number of cattle on wheat pasture is about 300,000 head under last year.

**Cotton production for the state is now estimated at 3,900,000 bales. This compared to only 2,579,000 bales last year. The present estimate is about 300,000 bales under the November projection.**

Yield is expected to average 359 lbs. per acre compared with only 263 lbs. last year.

**Harvested acres this year are expected to total 5,220,000 compared with 4,700,000 in 1971. Harvest on the High Plains continues to lag due to bad weather.**

Production of American-Pima cotton is expected to total 31,000 bales compared with 35,300 bales in 1971. Yield is expected to average 431 lbs. of lint per acre compared with almost a bale per acre last year.

Milk production in Texas declined the past month by about 3 percent. Milk production per cow averaged 715 lbs. This is slightly under the nationwide average of 742 lbs. per cow.

Nationwide, total milk production during the first eleven months of 1972 was 2 percent more than the same period last year. Milk cow numbers were down 1 percent.

**Livestock producers in South Texas as well as Arizona and California are urged to continue to send in samples of suspected screwworm cases to the fly laboratory at Mission.**

Cold, freezing weather has halted screwworm infestations over most of the state. But constant vigilance and reporting is needed in the southern part of Texas to assure the eradication of the pest in the overwintering areas along the U.S.-Mexican border and to help prevent a build-up in the spring.

Screwworm officials are concerned that inadequate reporting from livestock producers could mean that sterile flies would not be released where they are needed most. About 200,000,000 sterile flies per week are being produced and dropped in South Texas and northern Mexico at present.

### Fruit Drinks Met Favor

COLLEGE STATION—Two experimental fruit drinks made from the whole citrus fruit rather than from juices or artificial flavors have met with favorable consumer response, according to the Texas Agricultural Market Research and Development Center.

The Center, located in the Agricultural Economics Department at Texas A&M University, is a joint service of the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service.

The drinks, one made from oranges, the other from grapefruit, were developed by researchers of the U. S. Department of Agriculture Food Crops Utilization Research Laboratory at Weslaco, Texas. A puree made from the whole citrus fruit serves as a base.

Utilizing the whole fruit may cut processing costs—and gives the consumer a highly acceptable product compared to currently available fruit drink products.

A consumer panel of 600 families in Dallas and Columbus, Ohio, ranked the orange drink highest in overall quality with the grapefruit drink second. The control product, an already successful commercial fruit drink, was ranked third.

Panel families were asked to judge the three drinks on appearance, sourness, consistency, color, flavor and overall life.

"MADONNAS IN ARRANGEMENTS" was a beautifully presented Christmas program done by Mrs. Minnie Liles, left, Mrs. Charles Jacobs, and Mrs. Alta Iverson, (not pictured) all of Albany. One of the twenty Madonna arrangements they featured is shown on the center table. Haskell Garden Club sponsored the program.

### Haskell To Host Baptist Conference

"THE CHURCH ALIVE" is the theme of the Evangelism Conference sponsored by the Southern Baptist Churches of the Baptist Double Mountain Area. The conference will be held in the First Baptist Church in Haskell, Monday, January 29, 1973. Speakers for the conference will include Rev. Bob Harrington, "Chaplain of Bourbon Street" in New Orleans, La.; Dr. Gordon Clinard, Professor of Bible at H-SU; Rev. R. B. Hall, pastor of First Baptist Church, Anson; Rev. W. L. Trice, pastor of First Baptist Church, Lueders; Rev. Roger Butler, pastor of First Baptist Church, Knox City. The choir will be under the direction of Mike Manley, Minister of Music, First Baptist Church, Stamford, and the choir will be composed of singers from all area churches.

There is to be two sessions of the conference with the afternoon session beginning at 2:00 p. m. and the night session at 7:00 p. m. Choir rehearsal will be held at 6:15 p. m. for all those interested in singing at the evening session. The public is cordially invited to attend either or both sessions.

### Breeding Stock Available At Ft. Worth Show

The 1973 Southwestern Exposition and Fat Stock Show will present outstanding opportunities for purchasing breeding stock, reports W. R. Watt, Jr., general manager. Seven cattle auctions and the annual Quarter Horse Sale are scheduled during the course of the 77th edition of the stock show, Jan. 23 through Feb. 3. Buyers should expect to find more than \$1 million worth of breeding stock. The animals are bred to these extremely high standards. We have a year buy-back program for the foundation stock.

The 1973 auction will be commercial Herefords set to sell at 1:00 p. m. on Sunday, Jan. 28, in Arena 6. About 800 heifers of reputation herds in the southwest will be on the block. "The outstanding thing about our commercial Hereford heifer sale is that these cattle are not offered any other time in an auction," Watt noted.

On Monday, Jan. 29 at 1 p. m., 75 performance tested Angus bulls will be sold. The consignment will be the top 1971 bulls of over 200 tested by the Texas Angus Assn.

The Golden Anniversary American Polled Hereford Association sale will begin at 3 p. m. Wednesday, Jan. 31, in Arena Barn 8.

Set at 7 p. m. Thursday, Feb. 1, is the First National Gelbvieh Sale. This German breed is termed a hearty beef and milk cattle, according to the national association based in Tulsa, Okla.

Two exotic breeds also have planned sales at the stock show. Limousin cattle will be auctioned at 6 p. m. Friday, Feb. 2, and Simmental cattle will go on the block at 6 p. m., Sat., Feb. 3.

After judging at 7 a. m. Sat., Feb. 3, Charolais pen bulls will be auctioned at 1 p. m. In past years, this has been a high average sale.

The sale of Champion steers will be held at 9 a. m. Tuesday, Jan. 30 in Arena Barn 6. Walter S. Britten of Bryan will serve as auctioneer. Last year's grand champion steer, a 1,217 pound Angus owned by Miss Nevada Holloway of Abilene, was purchased by the Sid Rieker Foundation for \$6,500. Complete barrows and lambs will be sold at 1 p. m. Sat., Feb. 3.

Only a top attraction of the show, the 17th annual Quarter Horse Sale, under the direction of John Carlisle of Abilene, will be held at 1 p. m. on Friday, Feb. 4.

Watt stressed that the public will come at all Stock Show auctions and the bidding is lively, offering a "show to remember."

### Indians . . .

(Cont. from Page 1, Sec. 1) Pringle scored the winning basket as the buzzer sounded to put the Indians ahead 79-77.

The same six Indians won another squeaker December 29, defeating Knox City 53-50. This was the first Indian win over the Greyhounds and in three contests there have only been 12 points separating the teams. Knox City won the first two contests, 67-62, and 71-67.

Pringle paced the scoring with 15, followed by Kretschmer with 11, and Young with 10. Others scoring were: McCoy with 7, Colbert with 6, and Randle with 4.

The Tribe will open district play Friday in Winters.

## Eradication Plan Near Completion

Cotton Incorporated's top pest expert declared here that the two-year long pilot boll weevil eradication experiment, now nearing completion, is showing every sign of proving successful and that total eradication of the billion-dollar pest throughout the U. S. cotton belt is a definite possibility.

Dr. George A. Slater said potential federal funding for a nationwide eradication program likely could come from the rural development act of 1972, which authorizes grants of up to \$50 million a year for pollution abatement and control projects in rural areas.

"We have the weevil on the run and intend to run him all the way back to his native land of tortillas and senoritas," Slater told an audience attending a special "cotton momentum" meeting sponsored by Cotton Incorporated.

Dr. Slater is manager of entomology research for the research, sales and marketing company sponsored by America's 300,000 cotton growers through their dollar-per-bale program.

The scientist said pollution abatement funding for an all-out eradication effort could be justified because eliminating the boll weevil would reduce the amount of insecticides used on cotton by more than half.

He warned that beltwide eradication would demand critical planning and enormous sums of money, which would call into play the combined resources of federal and state governments and the cotton industry.

"But I don't believe it would require any more money than it presently costs to live with the weevil in an average year," he said.

Slater reported that the first 18 months of the two-year pilot eradication experiment have reduced weevil numbers to an all-time low.

"The count is so low, in fact, that it is difficult to find one," he said.

He predicted that after controls are applied next spring, weevil populations will average less than one per acre.

The pilot eradication experiment covers some 3,000 cotton acres in south Mississippi, with buffer zones embracing another 20,000 acres, which extend outward in concentric circles in portions of Alabama and Louisiana.

"The impact of the project is having far-reaching effects," Slater told his audience of cotton producers and representatives of cotton industry groups and the U. S. Department of Agriculture.

"The momentum generated by the experiment is being felt by all of agriculture. Other commodities are looking to see how cotton producers have developed such a program."

Cotton Incorporated has put over \$1 million into the eradication experiment, making it the largest single investment of producer funds for agricultural research. Other funding has come from the State of Mississippi and USDA.

Slater said many sections of the rural development act of 1972, which is administered by the Farmers Home Administration of USDA, are applicable to beltwide eradication of the boll weevil.

"We urge all cotton interest groups and governmental agencies here to begin now to explore the possibilities for federal funding offered in the act," he declared.

He cited examples of several practical problems that must be solved before any eradication effort is mounted — establishing effective quarantines for each state, educational programs for individual growers, and federal registration of experimental chemicals proven successful and safe in the eradication experiment.

Slater also introduced the first public showing of a new 30-minute color film produced by Cotton Incorporated, documenting the pilot eradication experiment step-by-step. He said the film will be available immediately for showing to producer groups throughout the cotton belt.

Testified before a Migratory Labor Subcommittee that the land-grant college must re-orient its research programs to better deal with the problems of Americans rather than continuing to emphasize production and efficiency.

Testified in favor of HSR 25, a resolution by Representative Lane Denton of Texas urging Congress to increase funding for the Mission Fly facility and a north-south movement of the barrier zone.

President Naman and RMFU President John Stencil, issued a joint statement urging the opening-up of cattle imports at a time when livestock prices were reaching levels of 20 years earlier.

July 1972

Criticized cattle-hide export restrictions as a misguided effort to play the farmer against the farmer. President Dechant pointed out that the value of leather in a pair of shoes is only about \$1.00.

**Christmas Clubs  
Just A Scheme**

"During this time of year some financial institutions send out literature to prospective customers advertising their 'Christmas Club Savings Plan.' 'Don't get caught in this little scheme, because it really doesn't pay you anything,' Mrs. Doris Myers, home management specialist with the Texas Agricultural Extension Service,

Texas A&M University, cautioned. "There are only two advantages to this plan—your money is safe from theft and in a place where you can't get it out until the latter part of next year, usually early in December." Suggesting alternatives, the specialist noted there are many ways to invest money to make money. One, for example, would be opening a savings account. "Most financial institutions offer pass book savings ac-

counts for small investments. These pay interest at regular intervals throughout the year. "Investors can add to their accounts at regular times or at any time in any amount they wish. In a pinch they can even borrow their own money. Comparing the two plans, Mrs. Myers noted that in one Christmas club savings plan, investors may deposit \$1 a week for 52 weeks, and at the end of the year have only \$52. "However, if they put the same amount in a savings account at the same intervals

they would have \$53.33 at the end of a year. "That isn't much money, but it is better to have a small amount more than just what was deposited," she said, noting that in a savings account "depositing more money means more overall interest earned." Mrs. Myers explained that most institutions counter the temptation for investors to withdraw their savings by offering "time deposits" that cannot be withdrawn without forfeiting the interest. "Time deposits vary in length

usually from six months to one or two years. "Interest paid on this type account is usually higher, since the saving institution has the use of the investor's money for a longer period of time. Also, the initial amount invested is usually larger," she concluded.

## Mrs. Foreman Nominated For Odessa Award

Mrs. Vern Foreman of Odessa, formerly Charlotte Redwine, daughter of Mr. and Mrs. Charlie Redwine, of Haskell, has been nominated for the Outstanding Citizen Award of Odessa by Lambda Alpha E.S.A.

This award is sponsored by the Odessa Chamber of Commerce and the winner will be announced at the annual banquet in January. The award is judged on volunteer work performed for the good of the community and the quality or effectiveness of work performed.

Mrs. Foreman has served as chapter executive for the March of Dimes (MOD) since 1969, covering nine counties.

She was Ector County MOD secretary in 1966-67; MOD Teen Advisor 1967-68; chairman MOD Teen Drive Fund Booth 1971; assisted with Horse Show for Girls Club 1970-1972, captain of section for the Heart Fund Drive 1967; parliamentarian and historian for the Jayceettes 1968-69; Internal Director, Jayceettes 1969-70. She has served as secretary for Lambda Alpha and is presently serving as president.

She assisted with the Civic Ballet for the 1971-72 season. She is a member of Ector County Republican Women's Association, assistant den mother for Scout Pack No. 21. Served on the building fund and committee for the YMCA. She was named one of the Outstanding Young Women of America in 1971.

She is married to L. Vern Foreman, president of Foreman Electrical Contracting Co. She has two children, Flint and Monica Nanny, and four step-children, Darlene, Luther, William and Lucy. The family attends the Lutheran Church of the Risen Lord.

"My Christmas Presents . . . STOLEN!"

Post-Christmas store inventories are down—accounts receivable are up—public liability may have increased. Hartsfield Agency offers a free survey of your risks and business insurance to be certain of adequate and non-overlapping coverage.

Just come to us to list your property for sale—or to examine the choice properties available to you. We welcome your inquiry.
