Commissioners Hold Regular Court Meeting

The Haskell County Commissioners Court held their regular meeting in the Courthouse March 12, with all members present.

After the approval of minutes of the preceding meeting the commissioners voted to pay all approved bills.

Proposals for insurance coverage on all county buildings were submitted by Cahill and Duncan, Hartsfield Agency and Furrh-Lane Ins. Commissioner Perry made the motion to select Furrh-Lane to write the policy to include a two year period from April 1973 to March 1975. Commissioner C. A. Thomas seconded the motion which passed.

Bids were submitted by Brazlet Lumber Company, John Larned and McGee Builders Supply to remodel a portion of the Commodity building to provide office space for the Texas Rehabilitation Commission. The Court selected McGee Builders Supply who had the lowest bid.

Dr. T. W. Williams was appointed County Health Officer for the year 1973.

Pledge contracts of Haskell National Bank for County Depository and Home State Bank in Rochester for School Depository were approved.

A bid from Queen Roofing Company was accepted to place a new roof on the Courthouse.

The final day for the Board of Equalization for oil, gas and utilities for Haskell County will be May 29. The next meeting of the Commissioners Court will be March 27.

Jim Strother, Service Unit Field Representative, presided at the meeting and outlined the procedures of the drive.

Attending the meeting were: Don Comedy, drive chairman; Charles Thornhill, Bob Beauchamp, Frank Jenkins, Mrs. Charles McCauley, Opal Adkins, Odell Bynum, Mrs. Bill Steele, Mrs. Clay Smith and Jerry Jetton.

Donations Top \$46,000.00 Mark

Donations to the Haskell Industrial Foundation topped the \$45,000.00 mark this week, according to Abe Turner, chairman.

Workers report that several individuals and businesses have not yet pledged or made their contribution. The goal of \$50,000.00 is now almost a reality and Foundation officials are very enthusiastic with the efforts Haskell people have shown over the location of a Herman Marcus Inc. garment plant in Haskell.

The garment factory is no longer a dream. It will be located here and only donations can make the project profitable to the entire area. Almost enough funds have been raised to complete the project but the total still needs to grow. Any monies not used in this project will draw interest until another opportunity arises and then be used to procure another industry for Haskell.

Donations during the past week include:

West Texas Utilities
Haskell Jaycees
Dr. T. W. Williams
Total to Date \$46,285.00

LITTLE LEAGUE

Registration for the 1973 Little League season has been changed to tonight, March 15, in the City Hall according to Gene Long. The date was changed due to a conflict with a City Council meeting held the night of the first registration date. It is not necessary for boys interested in Little League to attend the meeting, but one or both parents must be present for a boy to be eligible to play.

CATHY LARNED MEMORIAL

Friends of Cathy Larned who wish to donate to the Cathy Larned Memorial Fund may do so at the Haskell Memorial Hospital. The fund has received \$229.50 and needs approximately \$670.00 more in order to furnish one of the patient rooms in the hospital in memory of Cathy Larned.

Highlights Of Girl Scout Week

Girl Scouts and Brownies of Haskell have really been busy lately. First of all, let us thank the people of Haskell for helping make our annual cookie sale such a success. Cookies sold easily and 39 girls will get patches for having sold 40 or more boxes.

Girl Scout Week got off to a big start Sunday, March 11, when each troop attended the worship service of the church where it meets. Following a quick sandwich lunch the girls, along with troop leaders and some parents, went to Abilene for the Holiday on Ice Show at the Taylor County Coliseum. We had 120 in our group and the girls looked great in their brown and green uniforms. After the show most of the group went to McDonald's for treats.

Starting Monday morning, each of the two Brownie troops and two Junior troops has raised the flags at the Elementary School. The ceremony is an inspiring one.

Thursday at 2:45 two live oak trees will be planted in front of the school. The trees were purchased by the troops themselves. A short ceremony will be held and a conservation creed pledge repeated.

The week will be highlighted with the Father-Daughter Banquet to be held Friday night at 7:00 at the Elementary School. Lunchroom ladies will cater the delicious meal and the theme will be "A Hobo Fling." Girls and dads may dress accordingly. The entertainment will be provided by the girls themselves. The Brownies will furnish a sing-song, while the Juniors will put on skits. Mrs. Giles Marion Kemp and Mrs. Biggon Drinnon are co-chairmen.

How could so much work and preparation be put into such a few small inches of newsprint? It really seems a lot has been left unsaid. But it has been a good week for Scouts in Haskell.

Maylasia Slides Shown At Club

The Haskell Garden Club met in the home of Mrs. Ed Hester on March 8.

Mrs. K. H. Thornton introduced Mrs. Hester, who showed color slides and discussed her tour of Maylasia, Bali and the Holy Land. She chose from her numerous slides those which showed mainly the native vegetation, crops, fruits, vegetables and flowers. Nevertheless, glimpses of people about their daily lives, homes and customs showed through, and the group chuckled often at views of Juanita crossing jungle streams on high, rickety bridges; riding in trucks, and seated in primitive rail cars. They regretted only that she didn't show a slide of her motorcycle ride!

Twenty-two members and three guests, Mrs. C. G. Burson Sr., Mrs. Otho Nanny, and Mrs. Wallace Cox Sr., enjoyed the program.

On display were articles from the trip including pottery, baskets, beads, batik printed material, and carved wood.

Hostesses for the occasion were Mrs. Ed Hester, Mrs. C. O. Holt, and Mrs. Hallie Chapman.

Beauty Salon Party

The Senior speech class girls of Haskell High School were entertained with a beauty salon party March 12, when Christene Greene did a hair style and a facial, using Judy Blair as a model.

Each girl was given the privilege of using all the cosmetics. Several girls received eyebrow arches and haircuts, and each girl received a free perfume.

Sandwiches, chips, dips and home-made sherbet were served to Marilu McCauley, Linda Hartsfield, Susie McAadoo, Ellen Walling, Diana Garcia, Virginia Gonzales, Pam Money, Judith Moeller, Deanna Frieron, Cheryl Bennett, Becky Pierce, Susan Gilleland, Pam Klose, Diane Tidwell, Ewell Johnson and Patricia Collier. Kathleen Diggs and Christie Stapleton were sponsors.

Hostesses for the affair were Julie Wallace, Judy Blair and Christene Greene.

Farm Bureau To Give Fire Show

Students of Rochester, Rule, and Paint Creek schools will have an opportunity to see for themselves how fire can be man's best friend or his worst enemy by observing a graphic fire demonstration to be presented on Thursday and Friday, the school principals announced today.

The demonstration, in seven parts, will be given under the direction of Ben Bullard, Assistant Safety Director of the Texas Farm Bureau.

A variety of demonstration equipment will be placed on tables 16 feet in length to illustrate seven basic points: (1) What Fire Is! (2) How to Control Fires; (3) The Fact That Nothing is Fire-proof; (4) Kitchen Fires and Their Control; (5) Fuel Vapors; (6) The Power of Petroleum Products; and (7) Household Wiring and Overloaded Electrical Circuits.

Bullard will point out that fire is like a three-legged stool—it can't work with one of the legs missing. The "legs" fire depends on are: (1) Fuel, (2) Heat, and (3) Air. Yet in American homes, these three things come together in deadly and destructive combination every 57 seconds—an average of 1,500 home fires every day and a loss of 33 lives, according to Bullard.

"Statistically cigarettes and matches are the number one cause of fires, causing 162,000 building fires annually in the U. S. Substantially more than half of the fire deaths in the nation occur in home fires," the Texas Farm Bureau Safety Director explained. "For every death there are approximately 160 serious injuries," he added.

As part of a program for fire prevention, the Texas Farm Bureau Safety Department has presented this demonstration over 961 times for some 249,200 people. The program is being brought to these schools under the sponsorship of the Haskell County Farm Bureau. The public is invited to attend.

Rotarians Have Large Crowd

A near record attendance of members and guests were present for the weekly meeting of the Rotary Club in the dining room of the City Cafe at noon, Thursday, March 8. In the absence of president Bob Philpot, vice president Carl Anderson presided for the luncheon meet. Program chairman R. C. Couch Jr. called on Rotarian

Bob Herren to give a report on the status of the financial drive currently under way for the location of the Herman Marcus plant in Haskell. Mr. Herren stated that approximately \$50,000 had been donated at the present time and that that amount did not include what they considered to be some major contributors. He also announced that Ervin Frierson of Haskell had been engaged to oversee the building for the new plant which is scheduled to begin their Haskell operation by mid-summer this year.

The committee on the building feels that a big saving can be done by having it done locally as the bid by one contractor was over what the estimated cost should be. R. C. Couch followed up by expressing their appreciation to the business men and women of Haskell who had gone all out to back this industrial firm. He also stated in the near future employees of business firms would be contacted for contributions as that could be another source of income and that at least two business firms

already had 100 percent participation by employees on the project.

Invocation for the meeting was given by H. O. Abbott and the song session led by Bob Herren with Rene Abbott at the piano. Guests were introduced by R. C. Couch in the persons of Steve Harrel of Abilene, Clarence Barton of Lubbock, Bob Harris of Sweetwater and Joe Thigpen; student guests, Jill Fincher and Cindy Cook of Haskell High School Jr., guest of Brooks Middleton.

In a short business session it was voted that former member Desmond Dulaney be reinstated in the club and that he be elected to serve as treasurer of the Rotary Club, a position he held for several years. Program chairman for today, March 15, will be Ferrel Coston.

12.9 million new or replacement social security cards were issued in 1972.

roots must be used to help get it into production again. When all the foliage is removed and kept off all year by livestock, the plant is not able to replace the eaten portion and drains the food reserve trying to stay alive. The following year the grass is slow getting started because the larder is empty. If this treatment is kept up indefinitely the grass plant has no choice but to close up shop for good. Now in this case you have eaten yourself out of house and home.

Let's say, though, that you keep an eye on things and let your stock remove only half of the grass. Operating at half capacity the plant works vigorously to replace the eaten portion. Little or no reserve food is needed. The plant stays healthy and growing. It actually expands. The half that you can harvest grows larger and larger. The root system goes deeper to better water and mineral supplies. Grass comes out early and strong in the spring. More and more rainfall gets into the ground. Next thing you know you are in business.

Of course, good and proper use of grazing land go into a sound management program.

Weather and other factors come into the picture. But the principle is constant. You can't have your cake and eat all of it, but you can dine royally and still keep plenty for a droughty day. And the beauty of it is, in the long run you will come out with more than you started with.

Homemakers Plan Spring Fashion Show

Haskell Chapter of Homemakers met March 8 at the homemaking cottage for their monthly meeting.

The meeting was called to order by president, Louise Thornhill. She then led the club in reciting the creed. Edie Connel gave an inspirational concerning spring.

Mrs. C. B. Rhea, an active member of the Haskell Garden Club, gave a very interesting program on dried flower arrangements. She gave the club some tips on drying garden and wild flowers. A short business meeting was then held. Plans were made concerning donating blankets and diaper shirts to the new nursery at the hospital, March 13.

The annual Spring Fashion Show, featuring fashions by Lane-Felker, will be held on March 23, at 7:30 p. m. at the Haskell Elementary School. Tickets are \$2.00 each and may be purchased from any Young Homemaker or at Lane-Felker. Refreshments were served by the hostesses for the evening, Pat Gary and Muriel Nanny.

5.1 million new social security retirement, survivor, or disability claims were filed in 1972.

Naman Addresses Merkel Farmers

Texas Farmers Union President Jay Naman of Waco told a Merkel farm audience that "Farmers Union will fight to the bitter end any serious effort on the part of the Administration to substitute a 'soil bank' program for present supply-management farm programs."

Naman, speaking at a banquet sponsored by the Taylor County Farmers Union Monday night, said that the President's farm message as interpreted

by officials in the Department of Agriculture abandons the commitment that the President made to the American farmer prior to the election. Naman said, "Mr. Nixon simply states that he is ready to abandon the progress which has been made under the farm programs since the early sixties, and to substitute for them bankrupt, reread ideas that were proven unworkable during the 1950s. Secretary of Agriculture Benson and his assistant, Earl Butz, now Secretary of Agriculture, presided over the most anti-farmer administration in history. It is paradoxical now that the same programs that were so damaging to farmers

under the Benson administration are the same now being reconsidered by this Administration for more experimentation," Naman said. Naman told the audience of farmers and rural people that a recent visit with key administrators in the Department of Agriculture have convinced him that the Administration determined to eliminate price supports, payments, acreage allotments, and all of the other farm and rural programs that have been necessary to preserve the family farm system of agriculture. He reported that it is doubtful that the Administration will support an extension of the farm program with any of the income protecting devices that are necessary to make it workable. According to Naman, the Administration will only support a temporary extension of the present program with more discretionary authority in the Secretary of Agriculture.

The state farm leader pointed out that Farmers Union will continue to sponsor "Fly-Ins" to Washington to communicate to members of Congress the importance of asserting congressional independence in the area of farm legislation. Farmers Union has opposed recent Administration budget cuts that will cripple conservation, rural housing, rural electrification, and other programs that have been designed to assist rural people.

JUNIOR BREAD AND Dessert winners in the February 17 Haskell County Food Show, held in the County Courthouse were: (l to r), Kim Hager, third place; Gena Fischer, second place; and Joann Cloud, first place.

SAGERTON NEWS

This area received around three inches of rain Friday night, and needless to say, water was everywhere. Some farmers were able to get in their fields a day or two last week and harvest cotton still out in the fields. Very little cotton remains around here at Sagerton, however, farmers need to be getting their fields ready for planting.

The Sagerton 4-H girls from the sixth grade down through the third grade enjoyed a party at the home of Mrs. Fred Kupatt Friday after school. They had a scavenger hunt in the warm out-of-doors and then came back for more games and charcoal hamburgers at the Kupatt home. Girls present were: Marla Lehmann, Tammy Futch, Bonnie Woods, Cindy Soto, Cheryl Marcus, Mary Cacias, Emily Moore, Kelli Alexander, Debbie Flores, Lori Fouts and Kris Kupatt.

Stacey Whitaker of Lubbock celebrated her third birthday Saturday in the home of her grandparents, Mr. and Mrs. Alvin Ulmer. Present for her party were: her brother, Kyle, her parents, Mr. and Mrs. Keith Whitaker of Lubbock, her other grandparents, Mr. and Mrs. Harry Scott of Albany, and her great-grandmother, Mrs. J. N. Boykin of Rule and Gaylor Parish from California. That evening, Mr. and Mrs. Ray Ulmer and Sharon of Hamlin visited with the group.

Mrs. John Clark and Mrs. Maude Kittle of Stamford went to Holliday last weekend to visit relatives and attend the track meet there and see Mrs. Kitley's grandson, Rob Kitley, run.

Guests in the home of Mr. and Mrs. M. Y. Benton Sunday for a birthday dinner in honor of Mrs. Charles Clark were Mr. and Mrs. Bob Clark, Kyle and Evangelyn of Abilene, and Mr. and Mrs. Charles Clark. Mrs. McCoy of Old Glory visited with Mrs. M. Y. Benton, Monday.

Mr. and Mrs. Alvin Ulmer and Mr. and Mrs. Keith Whitaker and Kyle and Stacey of Lubbock were dinner guests of Mrs. J. N. Boykin in Rule Sunday. Mr. and Mrs. Delbert LeFevre and Jill went to Bedford Friday to visit with Mr. and Mrs. Mike Bailey and sons, and Mr. LeFevre attended the Tractor Pull in Fort Worth. Guests in the home of Mrs. Will Stegemoeller Thursday evening, March 8, at a birthday party in her honor were: Mr. and Mrs. Marvin Stegemoeller and family of O'Brien, C. E. Stegemoeller, Mr. and Mrs.

Six Flags To Open March 17

Six Flags Over Texas will launch its 1973 season March 17.

The St. Patrick's Day opening is the earliest in the 12-year history of the theme park. Attendance figures—\$2,062,000 in 1972—rank the multi-million dollar entertainment center as Texas' top tourist attraction. The Park, located in Arlington, midway between Dallas and Fort Worth, has played host to more than 20,000,000 visitors since 1961.

A new, 5-acre section is being added for the 1973 season. Called "Good Time Square," the addition includes a games area, two major rides, a miniature circus, and other attractions.

Among other new features this year are a new fleet of miniature sports cars on the

Cotton Classing

ABILENE

Receipts of cotton samples at the USDA Cotton Classing Office at Abilene have been low. The volume increased late this past week, as fields began drying enough for farmers to resume harvest in most areas. Seventy-five hundred samples were graded during the week ending March 9. This brought the season total to approximately 421,000 samples, as compared to 243,000 graded at this date last season. Quality statistics were little changed from the previous week.

The price of cotton declined about one cent per pound for all grades during the past week. The price for premium micronaire, grade 42 cotton, with staple 31 was about 26.50 cents per pound. Premium mike, 4331's brought about 21.50. Below grade cotton comprised 2 percent of the total samples graded, and ranged

in price from 9 to 14 cents per pound. Most BG's brought 10 cents per pound. Cotton with bark continues to be discounted 1/2 cent per pound. Seventy-three percent of the samples graded this past week contained bark. Micronaire readings were 59 percent low and 41 percent within the 3.5 to 4.9 range. Demand for the low mike cotton declined this week, with no market in some areas for cotton miking 2.6 or less.

Student News

Three students from Haskell visited McMurry College Feb. 23-24 along with 400 high school students from all over Texas and New Mexico and elsewhere during the annual Student Weekend.

"You can't really get an idea of a college from a brochure," Dr. Thomas K. Kim, McMurry president, told the visitors "We try our most beautiful prose in brochures, but in fact you must visit McMurry to become acquainted with what really is."

The young visitors from Texas and New Mexico saw a student produced musical, slept in dormitories, ate in the college cafeteria, talked with professors in their areas of interest, saw a basketball game and attended a party.

Visiting the campus were: Shirley Abbott, Haskell High School sophomore; Mrs. H. O. Abbott, Sponsor; Renna Abbott, Haskell High School junior; Janie Henderson, Haskell High School junior.

WOULD YOU BE CONTENT TO LIVE IN 3/4 OF YOUR HOME?

If you're underinsured, and disaster should strike, that's exactly what could happen. Government statistics show that the cost of rebuilding homes in America goes up each year. By as much as 5 to 10%.

That's why Aetna has come up with a simple, effective measurement tool called an *Estimator*. It gives us the information we need to estimate the replacement cost of your home at today's prices — so that your home can be insured for its full replacement value. (Remember: there's a difference between the price tag a realtor might place on your home and what it would actually cost to rebuild.)

With an Aetna Homeowner's policy, you'll be protected against fire, burglary, vandalism, personal liability suits and more. And because of our easy-to-use *Estimator*, you'll be insured for as much as you'd need to completely rebuild your home in today's construction market.

Would you be content to rebuild only 3/4 of the home you live in now?

If your answer's "No," talk to us today about an Aetna Homeowner's policy.
