**Meet Winless Hamlin, Friday, 7:30 P. M.**

## Olney Surprises Indians, 28-20

With four starters on the sidelines due to injuries, the Haskell Indians limped through a 28-20 loss to the Olney Cubs here Friday night.

This was only the second loss for the Indians and snapped a three-game winning streak that started after a loss to tough, top-ranked Eastland.

Things looked up for the Indians early in the game when a bad snap from center resulted with Haskell taking over on the Cub 14-yard strip. Bobby Cobb proceeded to hit Randy Ivy in the end zone for a quick 6-0 Haskell lead. Jim Mickler tried the extra point kick and failed.

But late in the first period, Frank Bailey got his hands on an Indian punt to go 35 yards to the Haskell 35 yard line. After Bailey had scampered another 24 yards to the 11, and changing to the other end of the field and the second period, Cub QB Teddy Scobee worked the ball down to the one, where he plunged for the Olney score. Bailey's kick moved the Cubs out to a one-point lead.

There was 6:20 left in the second period when Cobb swept left end and went in to score, and after Eric Whitaker ran the extra point, the Indians pulled the lead back to their side.

However, an Indian fumble on the Olney one-foot line in second period fizzled a drive and would later be what Haskell needed to tie the game.

Olney owned the third quarter. Mike Pace started the stampeo on an 81-yard bomb that startled the Indian defense. The PAT failed.

The Indians didn't recover quick enough to keep the Cubs from marching down and scoring again as Donnie Blair pushed from the one. A short punt, a 15-yard penalty, and a 26-yard pass had moved the Cubs quickly downfield.

But the Indians determined to come back. It still was anybody's game when Whitaker

**Who's A Good Indian? FORREST MAYFIELD**

went into the Cub end zone to make the score, 21-20. A try for two extra points was short and the Indians never got on the scoreboard again.

The Cubs put the clincher on driving 51 yards in 11 plays and after Bailey kicked another extra point, took a final 28-20 lead.

The clock caught the Indians on the Olney ten yard line and left them with three wins and two losses for non-district action.

If the Indians can mend a few starters, and it looks promising that the injuries will be healed, they can stage a good game in Hamlin this Friday night as the district play opens.

### Winners In Fire Prevention Poster Contest Selected By Team of Judges

A total of 96 entries were received in the fire prevention poster contest which was sponsored by the Haskell Volunteer Fire Department.

The contest closed last week, and a team of judges spent some two hours or more last Friday afternoon in studying the posters, some of which were excellent, and selected the winners.

The judges and members of the fire department expressed their appreciation for the response school children made to

this poster contest. Everyone seemed enthusiastic about it.

"Just because they were named winners does not mean they had the best posters," the judges said. "Some of them were eliminated on a sort of technicality." They explained that the winning entries had to be submitted in the state contest, and some of the better posters had to be eliminated because they did not quite come up to state requirements. The winners are as follows:

First through fourth grades: 1st, Giles Kemp, fourth grade; 2nd, Clifton Brister, first grade; 3rd, Tom Robert Barnett, second grade.

Fifth through seventh grade: 1st, Jimmy Browning; 2nd, Mary Moody; 3rd, Carol Sue Lehde — all sixth grade students.

Eighth through 12th grades: 1st, Michael Bartley; 2nd, Brenda Hill; 3rd, Craig Childress—all eighth grade students.

### Industrial Group Elects Officers

Election of officers, naming of new committees, and discussion of work plans for the future—these filled the agenda at a meeting Wednesday night, October 6, for Haskell's Industrial Foundation directors.

The directors met at Felker's Restaurant, and elected Royce Adkins president for another term.

Other officers named by the group are: R. W. (Bob) Herren, first vice-president; Bill Comedy, second vice-president; Abe Turner, third vice-president; Darold Roberson, treasurer, and Bob Beauchamp, secretary.

Members present included Charles McCauley, Darold Roberson, Bob Beauchamp, Royce Adkins, Bob Philpot, Belton Duncan, Mrs. Ed Hester, Jimmy Browning, Abe Turner, Bill Comedy and J. B. Gipson.

## WATCH FOR THE FLEA MARKET!

How long has it been since you've enjoyed browsing through a Flea Market here? Well, that's too long!

Energetic Progressive Study Club members have hit on this idea to make money to support their Haskell Beautification project. Their untiring efforts on this project already show in every area of town. Costs, however, must be met and the club means to run a Flea Mart for four consecutive Saturdays—October 16, 23 and 30, and

Free Press publisher Bill Comedy is proud to announce the association of Stephen Foster with the newspaper as editor.

Stephen and his wife, Aleene, have three children, Tammi, 6, Steve Jr. 5, and Stephanie 2. He is 26 years old and they are members of the Baptist Church. They moved to Haskell Sunday, October 9, from Dallas, where both grew up and graduated from Dallas schools.

Stephen was formerly the sports editor of the Hillsboro Daily Mirror and has done feature stories for the Dallas Herald. He was employed at the Dallas Post Office prior to moving to Haskell, and has worked for the Dallas Police Department.

"We are very surprised and pleased, at the warm welcome we have received in Haskell. Coming from Dallas, it's nice to know that people here welcome a newcomer so quickly, and we look forward to meeting everyone," he commented. "I would like to ask everyone to feel free to call me with any news item, no matter how small. That's what a newspaper is for, and I look forward to meeting all of you as I make my rounds for the Free Press."

November 6.

The Flea Mart will be open from 9 a. m. to 5 p. m. on each of these days, and they'll sell everything from 'soup to nuts'. It'll be held in the Hill Oates building on the North side of the square. Anyone in town who wishes to donate any item to the club for the Flea Mart is asked to contact Mrs. Charles McCauley.

The entire proceeds from the sales will be used for the beautification of Haskell. Let's help!

feathered carnations atop a white Bible.

For "something old" she carried a handkerchief belonging to her grandmother; "something borrowed", a diamond ring belonging to her mother. Her dress was "new" and she wore the traditional blue garter and carried a sixpence in her shoe.

The bride's going away ensemble was a yellow dress and coat with an orchid, black shoes, bag and gloves.

Miss McCollum said she felt no one needed an introduction to Mrs. A. J. Smith, guest speaker, who has come to Haskell several times and has given talks to the club on other occasions. Being president of the Mesquite District, she is well known to all club women.

Mrs. Smith literally generates enthusiasm for federation work. She was generous in her praise of accomplishments of clubs in the district. She named a few of the many things of which she was well pleased: community improvements, winners at the state meeting, workshop pictures in the Club Woman Magazine, attendance at the educational meeting in Abilene, and response to the sale of anniversary pins of the Federation.

The speaker said there were so many things the clubs have done that she could not mention them all. Her concluding remarks were: "There are many ways to travel. Federation Road is a toll road, and best and fastest way to travel. Traveling brings involvement, so does federation." The social committee prepared a lovely tea table, carrying out the fall colors in decorations, and served a delicious tea plate. Hostesses were Mmes. Jack Pippin, Buford Cox, C. O. Holt and L. R. She and the club president have called on the business people on the west side of the square, and those who were contacted were ready to do their part for carrying out the beautification program. She also showed the certificates to be awarded each business which shows any improvement in 'Our Town.' She also stressed the importance of having a "Quiet Time", a time of prayer and solitude.

### FARMERS CONVENE HERE TO ADOPT RESOLUTIONS

The Farm Bureau of Haskell County held its annual meeting here Monday night, October 11, at the Elementary School cafeteria, to adopt the resolutions to be sent to the state meeting November 10, in Amarillo.

Prior to settling down to business at hand, the members were entertained by the talented voice of Karen Pippin, accompanied by Ellen Walling, both girls from Haskell.

Three young ladies, Sue Hager, Weinert, Joan Caddell, Weinert, and Pat Harris, Haskell, gave enthusiastic reports on Americanism. These girls had been sent to the Waco Citizenship Seminar by the Farm Bureau.

Bill Wedemeyer delivered a straight forward talk on what the Farm Bureau has done, is doing, and will do for its members.

Second vice-president Weldon Norman, Rule, was the reader of the proposed resolutions, all passing with very few dissents.

The proposals accepted by the Bureau varied from a policy on taxing and spending to a support of the Conservation Contractors Association in regard to safety equipment.

Due to all members were voted to be raised from \$15 yearly to \$20.

Three men were elected to the board of the County Farm

### City Council Mulls Over Plans To Prevent Flooding of Local Streets

The Haskell City Council discussed the problems of flooding in the city streets, in its regular meeting held Tuesday night, October 12.

The council has decided to look into the matter of possibly making bigger culverts on the south side of town to prevent the drainage of a heavy rain from pouring over and flooding the streets, reported City Secretary Ira Hester.

The Planning and Zoning Commission, represented by Bill Comedy and Elbert Johnson, submitted the zoning of the city to the council and it was approved.

There was also a discussion on the paving of N. 13th Ave. and Street Commissioner W. O. Holden said the matter would be taken up with the residents of that street.

Also in the council meeting were four Jaycees bringing a plan to place planter boxes of flowers or shrubs around the square and in front of businesses. Doyle High, Frank Jenkins, Ben McGee and Johnny Bell were representing the Jaycees.

Mayor Horace V. Woodard announced that a telephone would be installed at the airport by the end of the month. Too, on the airport, Councilman Belton Duncan said that paving is completed and the striping of the runway would be soon.

Humble Oil Co. representative J. E. Walling was in the meeting to request the right to

sell gas at the airport. Other councilmen in the regular meeting were Loraine Johnson and Buster Gholson, joined by Water Superintendent Marvin Collins.

### Commissioners Close Fund In Regular Session

The regular session of the Haskell County Commissioners Court convened Monday, October 11, and the proceeding motions and approvals were made:

After reading the minutes of the September 29, 1971 meeting, and approving to pay the required bills, a motion carried to transfer all money from the Courthouse and Jail Interest and Sinking Fund to the Jury Fund. The Interest and Sinking Fund will be closed.

The Court approved a resolution authorizing Precinct 2 to issue Road and Bridge Fund warrants to exercise a purchase option for Motor Grader on lease from Plains Machinery Co. of Abilene.

The Treasurers and Auditors Monthly and Quarterly reports were reviewed and accepted as filed.

The resolution was passed authorizing General Telephone Company to place a buried communication line within the Right of Way of County road in Precinct 1, two and one-fourth miles east of Rochester.

Present for the meeting were B. O. Roberson, county judge; Commissioners C. A. Thomas, precinct 1; S. E. Bledsoe, precinct 2; J. R. Perry, precinct 3, and E. C. Collins, precinct 4.

### Bledsoe Attends Lubbock J-P Meet

H. M. Bledsoe, justice of the peace for Precinct One, Haskell, was among the 173 JPs attending a recent three-day training session in Lubbock. This was conducted by the Police Training School at Texas A&M University.

The program, sponsored by a grant from the Texas Criminal Justice Council, was designed to upgrade the understanding of JP duties.

The 172 in attendance represented 104 West Texas counties. Among them were 28 female JPs, and Mrs. Billie Montgomery of Munday was elected president of the West Texas association.

### Haskell Home Is Damaged By Fire

Members of the Haskell Volunteer Fire Department were called out Wednesday, October 6, just before midnight to combat a fire at the Frank White home, 905 S. 1st Street. Firemen soon had the blaze under control.

The fire, origin of which was not determined at the time, broke out in a clothes closet in the 5-room frame building, then quickly spread to a bedroom and the bathroom.

Mr. White said there was considerable damage to these two rooms, with smoke damage being done to other portions of the home. Some of the clothes in the closet were destroyed.

The Steers of Rochester are still looking for their first win after taking a 38-0 beating from the undefeated Goree Wildcats, Friday night.

David Spoon, Glenn Huffman, and John Urbanezyk did most of the damage to the Steers as they ground out 26 points in the first half.

Starting Rochester halfback, Paul Strickland, sustained a broken leg in the first period.

### Benjamin Bowls Over Paint Creek

Paint Creek Pirates were raided Friday night by the fierce Benjamin Mustangs, 54-6.

Or was that the Pierce Benjamin Mustangs? The Pierce brothers accounted for five of the Benjamin scores as they ran amuck in the Paint Creek defense.

Jimmy Pierce, a sophomore, tallied three touchdowns and kicked three extra points while brother Bill, a junior, could 'only' manage two TDs.

Also scoring in the runaway for the Mustangs were Frank Morrow, Noel Hamilton and Bryan Bumpas.

Joe Galindo got the lone touchdown for Paint Creek. In three weeks, the Pirates meet Benjamin again. They will try to contain the Pierces a little more.

### O'Brien B Team Trounces Divide

Louis Conn and Keith Rowan hit their stride at O'Brien last Thursday night to lead their high school B team to a 49-13 football victory over Divide's A team.

Rowan got O'Brien off to a big start in the first quarter when he intercepted a pass and ran 41 yards. Orlie Flores then kicked the first of three 2-point conversions.

Conn ran 22 yards to score, then passed 26, 10 and 27 yards to Rowan for additional tallies.

Henry Washington ran 27 and 30 yards for two more scores, and Burt Gutierrez ran across for extra points.

Juan Chaves caught a 60-yard pass from Junior Ussery to put Divide on the scoreboard, and Johnny Gonzales ran 25 yards for the second TD with Doug White running the extra point across.

### Lueders-Avoca Creams Weinert

Weinert took a drubbing 48-0 defeat to the powerful Lueders-Avoca Raiders Friday night in non-district six-man football action.

Bryan Harvey destroyed the Bulldogs with two touchdown runs and four scoring passes.

Weinert had little defense to stop the aerial show as Tommy Commancho, Joe Tabor, and Joe Bob Welch took touchdown tosses from Harvey.

The next clinic is Nov. 6 from 1:30 to 4:00 p. m. Please check your cards. The first Saturday (unless changed because of a holiday or a special reason) is the only time the vaccines are given at the Center. Our phone number is 864-3053. CAP is listed in the book under United States Government.

Sixty-eight persons have enrolled in the Adult Basic Education Class at the Center. Mrs. Kenneth Bryant is general instructor. Anyone interested can attend the classes. As always, any volunteer help is appreciated. Sixty-eight is quite a load for one person. There are 15 enrolled in the Tiny Tots play school for Tuesday, Wednesday and Thursday from 9:30 a. m. to 11:00 a. m. Mrs. Patricia Elias is Supervisor. The classes, "Adult and Tiny Tots" are for interested residents of the Haskell area.

ered there at Dallas Methodist Hospital. The gloom, the shock seeps into you as you stand in corridors awaiting to hear what you know is coming.

But this boy's father was a preacher and he knew who was in control of the situation. Slowly he rounded everyone in to the chapel. Just a little room, an open Bible, and the solemnity and quiet of this special place.

Some lives were changed in that chapel. Of course the wreck had made these people more aware of how short life can be. It wasn't the chapel that helped these people. But it was a part, a place to be together, to think, to grieve, an important place to get away from noisy, laughing passers-by, and feel almost a spiritual security inside these walls.

I had never noticed the little room before. But it was there when it was needed.

You may live the rest of your life right here in Haskell without ever needing or even seeing the chapel or even the hospital. But there will be those who need a place to pray, to gather in Memorial Hospital. And it could be you. I hope we can band together to meet this deadline. Your donation will surely help.

LETTERS TO THE EDITOR

Editor Haskell Free Press Haskell, Texas Dear Citizens of Haskell: I would suppose that if you want to unload your feelings, this would be the most public place and way to do it.

I am real proud of our town, we have some of the finest people, businesses, churches, and schools that you will find any place around here in a town this size.

We also have more law enforcement officers than most other towns for this size. This should be a real fine thing because I feel there is nothing better than being well protected by the law in these trying times.

However, why aren't the driving laws enforced any stricter in Haskell than they are? You can take a traffic check at any street in town that you would like. There are people running stop signs, cars running yield right-of-way signs and especially traffic speeding within the city limits. I will venture to say that with the blinking red lights instead of the red-and-green on the square, that by checking you will find around 50% of the citizens do not stop for these lights unless traffic forces them to. They might slow down and look, but if they can make it, watch and see how many of them stop. It will surprise you!

I am not as familiar with the traffic on some of the other streets in town as I am with the east bound traffic on Highway 380. If you want some excitement some time, drive out east about 3 or 4 blocks from the square and watch the traffic go by! Believe me, you will have to watch close or some of them will be gone before you get focused on them. Especially between the hours of 8:00 a. m. and 9:00 and the noon hour from 12:00 till 1:00.

I know that in these days, everyone is in a hurry but I am worried that we are going to lose some of our citizens to traffic fatalities, and folks, our census is down now, we can't afford to lose any of them. The best encouragement I can give you is "Look out and Drive Defensively."

**Local Changes In City Cited At Rotary Meeting**  
Haskell Rotary Club members and guests met at the City Cafe at noon, Thursday, October 7th, with president C. A. Thomas Jr., presiding for the luncheon meeting. Rex Felker, program chairman for the day, spoke on the many changes that have taken place in Haskell during the past three or four years to include:

Extensive work on U. S. Highway 277, the re-routing of U. S. Highway 380 through Haskell, the erection of the impressive new highway building, passage of the lake and hospital bond issues, changes of ownership in business, the annual Fair, Frontier Days, Dollar Days, Christmas Programs and others which denote that things are constantly changing even if it is not apparent to some people who have lived here for many years.

Invocation for the meeting was voiced by Ferrel Coston

and the singing session led by Charles Thornhill with Gail Barnett providing accompaniment.

Andy Anderson introduced student guests Edward Whitaker and Mike Jackson.

Another meeting of the Rotary Club will be held at the City Cafe at noon Thursday, October 14th.

You can grow more **WHEAT** by using Ammo-Phos

Why is Ammo-Phos so good for wheat? Partly because it dissolves so quickly. All of it. So your plants get faster feeding. And partly because each pellet of Ammo-Phos contains the same amounts of nitrogen, phosphorus and potash. Not separate granules of each chemically combined equally in each pellet. In the soil you order.

Another thing is that Ammo-Phos contains sulfur, getting hard to find. The exclusive process Olin used to make Ammo-Phos Fertilizers not only combines the plant foods. It also puts the food in raw materials into the finished product. Ammo-Phos is good for wheat because the pellets are in size. They distribute evenly, without clogging distribution means even growth. This stimulates growth and earlier maturity.

Grow more wheat by using Ammo-Phos, made only by Olin. For details come see us today. We're in!
