Saddle Up—Move 'Em Out!

All you cowboys and cowgirls who love to ride a horse for the sheer joy of riding may get your chance Wednesday, March 15! James Powell and Pete Burkhalter at Haskell Livestock Auction are sponsoring their annual Trail Drive, and they invite all riders to join them! All you have to do to join the drive is be at the Auction barn by 8 a. m., March 15

with your horse and saddle, and be ready to go.

Riders will herd in some 200 cattle owned by Giles Kemp. They'll bring them in from the wheat fields, some 6 miles or so from town, and a giant free barbecue will be served at the Auction Barn, as soon as the drive is over.

Powell and Burkhalter have sponsored five of these drives,

and they get bigger and better each year. The 1972 drive will be led by Earl Sargent of Abilene, and by Haskell County Sheriff Garth Garrett. Riders also might see a few other dignitaries at the head of the drive by trail driving time, too, with a few surprises thrown in.

Queen of the Cattle Drive, petite and pert Mrs. Giles Kemp, will also be among the riders. She rode last year, and nobody—but nobody—had as much fun as did Mrs. Kemp. This year, in getting ready for the drive, Mrs. Kemp has a new horse and a new saddle. Being 70 years young only adds spice to the drive, she says, and can hardly wait for next Wednesday to get here.

The route planned this year is from the Kemp land that adjoins the Sargenton highway. The herd will be driven down it, onto the Stamford Highway, and on in to the barn from there. Last year, after the herd was penned, riders circled through town around the square to let everyone know it was time to go to the livestock barn for the free barbecue. The time element involved will let them know at the end of the drive if they have time for this added

route or not. That is, if the cooks say, "Come and get it!" as the herd is penned, you can bet that the riders will refrain from going downtown, but will instead, dismount and lineup for the barbecue. Trail driving creates hearty appetites, but Pete and James have yet to run out of food. We'll venture to say this year will be no exception.

So make your plans now to ride in the old fashioned Cattle Trail Drive, sponsored by Haskell Livestock Auction. The drive is for the fun of all, and the barbecue is their way of saying 'thank you' to Haskell, for supporting them in all their endeavors.

All-Sports Banquet Honors HHS Athletes

Haskell High School All-Sports Banquet filled the Elementary Cafeteria Saturday night to overflowing, and saw Jim Bob Mickler, son of Mr. and Mrs. James Mickler, take home two awards. First was the coveted Dick Gaines award, presented annually to the Outstanding Athlete of Haskell High. Second was the Jaycee Sportsmanship Award for boys basketball.

Pretty Miss Pam Colbert won the Jaycee Sportsmanship Award for girls basketball. She is the daughter of Dr. and Mrs. R. E. Colbert. The Jaycee Award for football sportsmanship went to Forrest Mayfield, son of Mr. and Mrs. T. J. Bruggeman, the third member of this family to win it.

The beautiful Booster Club Award went to big Bob Shea, son of Mr. and Mrs. Bob Shea. Booster Club president James Mickler emceed the affair at a head table on stage before a black and gold backdrop labeled, "Indian Territory" and featuring a boy and girl, full-size, dancing Indian, along with weather charts, drums, hatchets and peace-pipes. Banquet tables were similarly decorated, and spaced with miniature teepees. Programs were Indian shirts, topped with tiny walnut-shell Indian heads. All the decorations were beautifully done by senior mothers.

Invocation was given by Bill Cox, and entertainment was a group of Haskell Indians, singing to the accompaniment of Gail Barnett, Ellen Walling, Darrel Schmidt and Jackie Young. Mrs. James Mickler directed the group.

Guests were introduced by James Mickler, who also expressed the thanks of the Booster Club to all who helped throughout the entire athletic season, to boost and assist the athletes.

Coach Tommy McAdams also expressed his thanks to those who helped, and introduced his coaches who, in turn, introduced the Haskell Varsity, girls basketball teams, track teams, junior varsity, varsity basketball and B basketball teams.

Approximately 300 people attended, and heard Head Coach Grant Teaff of Baylor University give a very inspiring talk on what it takes to be a success in life. He listed 'negativism', and not putting God in the center of your life, as the

two main reasons for failure, in any walk of life. Highlight of his talk was the emphatic statement: "You can do and become what you believe you can do and become." By developing a positive attitude, he explained, any person can accomplish what they want most from life, and by putting God in the center of their life, anything is possible that they want badly enough.

Teaff, who came to Haskell to sign Charlie Franklin with the San Angelo Rams when he was coach there, commended the people of Haskell for their ability to produce such well-adjusted, respected and Christian athletes, and young people.

1972-'73 officers of the Haskell Indian Booster Club were announced as Jackie Young, president; Glen Darden, vice-president; Joe Williams, secretary-treasurer; John Smith and Frank Jenkins, directors.

JC Sponsored Basketball Game Well Attended

The Jaycees and Coaches vs. the Harlem Jokers basketball game Monday night not only entertained a big crowd fantastically, but cleared about \$152.00 for the Haskell High School Athletic Department.

The crowd was fascinated with the professional ball-handling shown by HHS coaches Tommy McAdams, Ray Seick, Bobby Dodd, James Ivey, David Burson and Gary Davenport. But Haskell Jaycees who played also lent their skills to the game. They included Jimmy Browning, James Davis, Charles Thornhill, David Conner, James McFadden, Kenneth Williams, Roger Sharp, Gwynn Butler, Johnny Coleman, Pete Amaro and Bill Lane.

The Jaycee-sponsored event was one other way that the local club lends a helping hand in their community, and the High School Athletic Department will certainly benefit from the proceeds derived from the game, in supplying running ropes for our athletes. The Jaycees express their appreciation to all who attended.

GSA Celebrates 60th Birthday

Girl Scouts will be celebrating their 60th Anniversary across the U.S.A. March 12-18. Haskell Girl Scouts will begin the week on Girl Scout Sunday by attending church with their troop or the church of their choice.

Monday through Friday mornings troops will raise the flag at school. Junior Troop 464 will present a new American Flag to Mr. Sween, Elementary School Principal, a gift purchased with money raised by cookie sales.

Monday morning posters made by the four troops will be displayed in store windows showing the variety of the Scouting program.

Wednesday the Girl Scouts will present the program for PTA at 3:00 in the Cafeteria. This will be the program the girls present for their fathers at the Father-Daughter Banquet Friday night.

Thursday after school, Brownies and Juniors will plant two live oak trees in front of the Elementary School. This gift is related to an emphasis on ecology and community service.

The banquet chairman for the March 17 banquet, is Mrs. J. W. Wallace, the theme, "A Western Fling." The program will include folk dancing directed by Mrs. Clint Kimbrough, a Brownie Sing Song, Candlelight Ceremony using the Girl Scout Laws, a singing of Western songs. The music will be directed by Miss Karen Pippin, and accompanied by Miss Ellen Walling.

The public is invited to attend these programs.

No Rain, Fair

Sam Herren, official weather observer for Haskell County, reports no precipitation for the past seven days in the county. High temperature of 84 was recorded March 3, with a low of 24 recorded on March 2. Average rainfall total for the county at this time is approximately 2.58, and Haskell has gauged only .46 since the first of the year. Most all county farmers now have their cotton in and their land in good shape for a rain, and the wheat fields are beginning to need it.

Raymond Denson Makes Statement To County Voters

I am a candidate for the office of Constable of Precinct 6 in Haskell County. I will be a full time officer and feel that with my former 15 years of experience as Constable and City Marshal, I am well qualified to offer the people of Rule good protection and representation.

I do not have and will not have any farming interests to interfere with the full time duties of the office. The people of this precinct are entitled to a full time officer with sound and discreet judgement and one who will cooperate with other officers of the district. I believe in fair and impartial treatment of all persons. We have always had some of the best young people to be found any where in the country.

I will attend one of the schools that offer the latest instructions for the area officers. These schools are designed to offer the newest changes and methods of law enforcement in Texas, and are available to the officers who wish to attend.

I will personally see and talk with the voters of the precinct before the date of the first primary, and am available for questions and discussion. I will appreciate your vote and influence.

—Raymond Denson

Bob Murphey To Speak For SEC

Featured speaker this year for the Annual Meeting of the members of Stamford Electric Cooperative, Inc. will be Bob Murphey, a practicing lawyer by profession, who lives on a small ranch in the Piney Woods of East Texas, where he was born and raised. The meeting will be held at the Stamford High School Auditorium, Saturday, March 18, beginning at 9:30 a. m.

Mr. Murphey has had a varied and colorful background. First as a Western Union Messenger boy, then a ranch hand, Sergeant-at-Arms of the Texas House of Representatives, Fire Chief, wartime Merchant Marine officer, County Attorney, District Attorney, and at present is a respected member of the Texas bar.

By his own admission, he speaks perfect East Texas and fair English. He has a quiet humor, wit and wisdom and is in great demand as a speaker. He says, "There ain't much to see living in a small town, but what you hear makes up for it." Like the country woman who said she didn't enjoy spreading gossip, but didn't know what else to do with it, he passes along his down-to-earth philosophy, clean humor and witty observations.

Mrs. Pippin Reviews Book for Magazine Club at Regular Monthly Meeting

A Book Review by Mrs. Jack Pippin was a special treat for the Magazine Club on Friday, March 3.

Miss Nettie McCollum, president, presided over the business session. The invocation was given by Mrs. L. R. Burkett. Mrs. Ramon Liles served as director for the meeting. Her presentation of Katherine Marshall, author of the book to be reviewed, provided an excellent background for Mrs. Pippin's review of "To Live Again."

Mrs. Liles brought out many ideas of how one makes a selection of books. She then presented Mrs. Pippin.

Mrs. Pippin has for a number of times reviewed books for the Magazine Club. Each time she has excelled in the art of capturing her audience.

Her presentation of "To Live Again" by Katherine Marshall, was splendid. One could almost believe they were hearing the author speak. Mrs. Pippin used direct statements from the book and as she did so, she gave one a deep inner meaning to each. She used such an effective tone to each expressed idea or question of the author; her own skillful method of capturing her listeners.

Some of the questions were thought provoking in themselves. "What is Reality?" "What is Life?" and "What is Death?" "Why did it have to end this way?" "Is God a god of love?" "How can heaven be a happy place if others are left behind?"

Katherine Marshall was saying that all the earthly things she loved and experienced were now gone. Slowly Mrs. Marshall began to face reality. "Promise of Deliverance, in the face of reality God was expecting me to grow up." Mrs. Marshall explains that after these realizations came to her, she began to live again. She made herself wide open to other people. "Where love is, God is." Katherine Marshall knew that time helps and is a great healer, but there must also be a cooperation of the will. Another question she asked herself, "What had I done to deserve God's blessing?" To her faith should be first, then knowledge. Through her heart-breaking experience upon the death of her beloved husband, Peter Marshall, many things of this world became manifest to this perceiving and soul-searching woman. It became clear to her that the greatest value lay in the realm of people.

As praise was being heaped upon Mrs. Pippin for her excellent review she humbly replied that she had gained so much from reading the book.

Mrs. Wallace Cox Sr. and Mrs. Hill Oates were hostesses for the afternoon.

Garden Club To Host State Chairman Here

Haskell Garden Club will meet at 10 a. m. Monday, March 13, in the Community Room of Haskell National Bank, when Mrs. W. H. Buchanan, State Garden Club Horticulturist Chairman, will conduct a workshop. Mrs. Buchanan, well-schooled in the art of flower arranging and the fine points of horticulture, is a past president of the Abilene Garden Club.

All members of Haskell Garden Club are urged to bring one flower arrangement. She will judge it and give hints on arranging and horticulture, at that time.

CORRECTION

No, you weren't seeing double when you read last week's paper! The same girl's picture was printed with two different engagement stories. The stories, and pictures, are in this edition, in their correct positions, we hope! Gremlins in the composing room is our only excuse, and we are sorry.

THE SPRING AND SUMMER STYLE SHOW of Howard Wolf Fashions from Fincher's, sponsored by the Haskell Young Homemakers, will give those attending a view of the latest in styles, such as this crisp navy-and-white dress with accordion-pleated skirt modeled by Sandra Guinn, a member of Haskell Young Homemakers.

Style Show By Homemakers May Be Sell-Out

Tonight's the night — Thursday, March 9, for the Haskell Young Homemakers Spring Style Show, at Haskell Country Club. All models will be members of Young Homemakers, and emcee will be Jere Williams, Howard Wolf salesman of Dallas.

Tables will be spaced around the modeling floor, so that all seats will be good ones. A spring salad plate will be served by pretty members of Haskell FHA. A spring flower theme is carried out through the decorations and the evening promises to not only be a beautiful one, but a pleasant and relaxed few hours of doing what women love to do — viewing new fashion trends.

All fashions modeled will be Howard Wolf creations from Fincher's dress shop.

Tickets were very scarce at presstime, with the seating somewhat limited, so if you have a ticket and find you are unable to attend the show, you might want to offer it to someone who can go, and is unable to secure a ticket.

Each topic covered included the location of the trails in Texas, the larger cities involved, and places of interest along each.

SAGERTON NEWS

MRS. DELBERT LEFEVRE

Mrs. William Sager, who lives in a Quannah rest home, will be 100 years old Thursday, March 9. She is the wife of the late William Sager, for whom the town of Sagerton was named. Before her marriage, she was a Caudle, and the Caudle family was one of the first settlers in this area.

Three brothers, members of another pioneer family in this area, Aubrey Pilley of Stamford, Jay Pilley of Odessa, and Winfred Pilley of Andrews, attended church at the Sagerton Methodist Church Sunday. They were all former members of the church. Mrs. Aubrey Pilley also accompanied them.

The Sagerton 4-Hers and their sponsors were delighted with their trip to Threet and Son Dairy located near Rule last week. Jerry Don Threet explained how the milking machines worked and how all the equipment takes care of

the milk until the trucks come, and how the cows are fed. Then they sampled some cold whole milk. Before going to the dairy they held their meeting and had refreshments in the backyard of Mrs. Norvell Lehrmann in Rule.

Twelve members and one visitor viewed a film "Eat to Your Heart's Content," and heard Mrs. John Tichelman and Mrs. Leonard Kieke discuss low calorie meals, stressing the necessity to eat nutritious meals, yet watch what we eat to keep our weight down. This was at a luncheon meeting in the home of Mrs. Clarence Tichelman, Thursday, March 2, for the L.O.C. Home Demonstration Club, at which low calorie dishes were served. Later, Mrs. Barbara Elliott and her helper, Miss Vicki Cavender discussed the making of slacks giving tips on

pattern alteration and correct fit.

Plans were discussed for working on the Community Center as a club project, and the club decided to cater family reunions as a way of making money for their club.

Mr. and Mrs. Eugene Tichelman and Mr. and Mrs. Clarence Tichelman attended the Southwest Farm Show in Fort Worth last weekend and visited with the Larry Tichelmans in Grand Prairie.

Mr. and Mrs. Delbert Lefevre and Jill visited in Bedford with Mr. and Mrs. Mike Bailey and Rob and Rus and Mr. Lefevre attended the Southwest Farm Show in Fort Worth. Joe Clark was another farmer who attended the show from here.

Mr. and Mrs. Reece Clark entertained all the ones who helped build their house, hostesses and families for the housewarming and members of the musical group in their home with a supper Saturday night, and then they enjoyed listening to the musical group.

Those present were: Mr. and Mrs. Tony Letz, Mr. and Mrs. Davis Letz, Mr. and Mrs. John Letz, Mr. and Mrs. Roy Weaks, Mr. and Mrs. Clarence Lehrmann, Mrs. Cliff Lefevre, Mrs. John Clark, Mr. and Mrs. M. Y. Benton, Mr. and Mrs. Doc Raughton of Stamford, Mr. and Mrs. Bogan Rhea of Haskell, Mr. and Mrs. Leo McKeever of Stamford, Mr. and Mrs. Whit Clark of Rotan, Mr. and Mrs. Charles Clark, Mrs. Joe Clark, Mrs. Thelma Mickler of Stamford, Mr. and Mrs. Herbert Vahlenkamp, Mr. and Mrs. Davis Jones, Mr. and Mrs. A. H. Tichelman, Mrs. Alice Denison, and the host and hostess.

Mr. and Mrs. A. H. Tichelman went to McCamey recently to visit Mr. and Mrs. Dan Humphries. Last week Monday and Tuesday Mr. and Mrs. Winston Hold and family of Deaneville visited the A. H. Tichelmans.

The A.L.C.W. of Faith Lutheran Church met in the church basement for their monthly meeting Thursday night of last week. Mrs. Verlene Corzine and Mrs. Herbert Nierdieck showed movie pictures of Mission Work in Africa. Hostesses were: Mrs. Will Stegemöller, Mrs. Velma Hertel and Mrs. Alice Lewis.

People are working and cleaning up in and around town and in the community before the deadline which is March 31, when the contest

ends in our Community Improvement Contest. The judges will be around in early April to see what has been done. So many people in the Sagerton area should get busy if they have not already done so!

"Get Well Soon Wishes" go to Arthur Knippling, who is a patient at Hendricks Memorial Hospital in Abilene.

A large crowd enjoyed playing bingo and having fellowship at the Sagerton Community Center Monday night of last week for the regular monthly family night. Hostesses for the month were: Mrs. A. C. Knippling, Mrs. Will Stegemöller, Mrs. Lewis Corzine, Mrs. Eugene Tichelman and Mrs. Ernest Lowack. Next month, the L.O.C. ladies will be hostesses and the program will be on drivers re-education brought by Patrolman Jim Smith. This is a recommended program for all the community and all ages. Later games will be played.

Mr. and Mrs. J. B. Toney of Nederland were here last week end to visit with Arthur Knippling in the hospital in Abilene, and Mrs. Knippling.

Mr. and Mrs. Maxey Thompson and daughter, Cynthia, flew from Love Field in Dallas Saturday to pick up Malinda Thompson, who had been visiting her grandmother, Mrs. J. L. Brooks. Dwight Allen, also of Irving, was the pilot.

Organ Club Hears International Pgm.

The Haskell Organ Club met in the home of Mrs. Virgil Meadors for their program on International Relations Mar. 6, presented as Musical Journeys Round the World, including Texas' favorite songs.

The president, Mrs. H. Withers, opened the program with Mrs. Meadors, secretary-treasurer, reading the minutes of the last meeting. Miss Marsha Meadors as director, announced the organ numbers as follows: Mrs. H. Withers gave the beautiful organ solo, Melodie, and Mexicali Rose, Martha presented Two Guitars and Aloha; Intermezzo Cavaleria, Rusticana, was played by Mrs. J. F. Cadenhead Sr., followed by Texas Our Texas. The group sang a selection of songs of Texas and America. Mrs. Withers and Mrs. Cadenhead played The Star Spangled Banner and Battle Hymn of the Republic as an organ-piano duet. Mrs. Bettie Harris was special guest for the evening.

The hostess served refreshments to those attending.

Alanons Club Presents Program For Haskell Business & Professional Club

Haskell B&P Club met on March 7 in the Community Room of Haskell National Bank with the president, Lois Redwine, presiding. Club collect was given by Jeffie Adams. Introduced as guest for the evening were Dianne Bland, Gayla Nanny, India Price of Stamford and Pat Davis of Rule.

After much discussion, the club voted to cancel plans for the tasting bee for this year only.

The program, "Becoming Involved in Mankind", was directed by Clara Biard and members of the Alanons Club. With 12 rules to go by, the club has a Bible verse for comparison. The meetings are not religious, but spiritual. Each member must have an open mind and faith in order to be a good Alanon member. Their program is a self improvement one. They learn to give love and service for their fellowman, knowing that what they do speaks louder than what they say. Their creed is:

Think! God grant me the serenity to accept things I cannot change; courage to change things I can, and wisdom to know the difference. Everyone should have the

CONSERVATION VIEW POINTS

J. C. YEARY, JR.
District Conservationist

The salting out of areas of valuable cropland is becoming a problem of considerable magnitude. The causes are varied, and each case must be determined separately. I cannot write a cause that would be all inclusive.

The solution to most all problems of salting is cover—either a growing cover or a dead litter cover. Coastal Bermudagrass is one of the most salt tolerant growing covers that we know about. Mulches of straw or cotton burs thickly applied is considered the best dead litter cover.

In some instances we have found that a system of broad, shallow drainage laterals may be necessary to remove seepage water to a safe disposal area. These laterals can also be sprigged to Bermudagrass which helps to use the water before it comes to the surface bringing the salt with it.

The key to control is maintaining a cover that will retard the seep water from coming to the surface. Bermudagrass uses lots of water in its annual production of forage, prevents the sun from drawing seep water to the surface, retards ex-

pansion of the areas, prevents soil erosion from unprotected areas, and places lost areas back into profitable production. Where dead litter mulches are used, the mulch cover must be maintained at a thickness of about 4 inches in order to be successful. This solution does not always lend itself to returning the salty areas to profitable production.

C. A. Reichentein, State Resource Conservationist for the Soil Conservation Service, recommends that the salty areas be bedded, and a shallow or thin layer of cotton burs be applied before sprigging Bermudagrass. Sprigging should then

be done on top of the prepared beds. This gives the spriggs a better chance to sprout and grow in soil that is not saturated with salt water. The furrows thus provided by bedding also serve to laterally direct surface water away from the beds and the entire area.

We, at the Haskell SCS Work Unit, will be glad to consult with you concerning your problems in this area of conservation. Give us a call or better still, come by and visit with us.

Student News

Lubbock - Texas Tech University has announced that Garland D. McKelvain, son of Mr. and Mrs. C. W. McKelvain of Haskell, has been accepted into Phi Eta Sigma, the scholastic honor society for men at the University, who, during their freshman year, have distinguished themselves scholastically.

A banquet to honor initiates of Phi Eta Sigma, will be held March 11, when speaker will be Jack Williams, president of Texas A&M University.

To be accepted into this organization is a distinction that only some 2 1/2% of the men in the freshman class attain.

LUBBOCK - More than 2,200 students in the College of Arts and Sciences at Texas Tech University qualified for the dean's honor list for the fall semester, according to Dean Lawrence L. Graves.

From Haskell, students who qualified include Garland D. McKelvain, liberal arts; James E. Harris, pre-med.; David D. Sherry, mathematics; Andrew P. Gannaway, mathematics; Brenda K. Nanny, anthropology; John P. Fouts, liberal arts; Terry K. Diggs, government; William J. Kemp, pre-dental; Pamela E. Reeves, mathematics; Pamela K. Burson, art education.

To qualify for the honor list, a student must be enrolled in 12 semester hours of courses, excluding pass-fail courses, and have at least a 2.0 grade point average. Texas Tech uses a 4.0 point grading system.

Lubbock - Eddie Harris, son of Mr. and Mrs. Leon Jones, 607 S. Ave. G in Haskell, has been chosen as an associate member of Sigma Phi Epsilon social fraternity. Eddie, who is a graduate of Haskell High School, is a freshman at Texas Tech where his major is pre-med.

Sig Ep associate members are chosen on their individuality and strength of character. All of them have excelled in some form of campus life, either in high school or on the undergraduate level. Scholarship and Athletics are stressed within the fraternity.

Sigma Phi Epsilon is the second largest national fraternity with 180 chapters. It was founded at Richmond, Va., in 1901. Texas Iota is one of 14 social fraternities on the Tech campus and was established there in Feb., 1970. The chapter currently holds the trophy for the highest scholastic average in the Inter-fraternity Council and recently won recognition for being undefeated in their Intramural Football Division and runner-up in their Soccer division.

Hardin-Simmons University's Phi Phi Phi, women's social club, has announced its pledges for the spring semester, and included is Wanda Griffith of Haskell.
