## Indians Win District Opener 20-6

### Gold Rush Day Next Tuesday

The Haskell Indians came back after two losses to a 20-6 win over the Anson Tigers in Friday night district opener.

Vast improvement could be seen in the Indians over the last two outings but there is still no comparison to the Indian team that beat Breckenridge 35-6 four short weeks ago. Damp and foggy weather

obviously had some effect on the playing of both teams, but on several occasions missed assignments and poor execution were quite noticeable.

The Indians now have a 4-2 win-loss record and have scored 141 points in comparison to the 64 scored by opponents. After winning district 6AA opener, the Indians are tied with Ball-

inger and Hamlin who are also 1-0 in district action.

Ballinger has a season record of 2-1-3, defeating Stamford 44-0 and Brady 20-0. The Bearcats played to a 0-0 tie against Reagan County and were defeated 15-12 by Colorado City, 14-8 by Coleman, and 48-21 by Coahoma.

The Hamlin Pied Pipers now

have a record of 1-1-4, defeating Winters 7-6, and tying Clyde 6-6. They have been defeated by Rotan 22-18, Colorado City 42-6, Coahoma 40-18, and Childress 43-12.

The Winters Blizzards are now 3-3 in season play and have fallen only to Hamlin, Coleman and Brady. The defeated Clyde 20-16, Merkel 35-0, and Eldorado.

The Stamford Bulldogs are now 1-5 in season play defeating only Breckenridge. They have been defeated by Clyde, 22-0, Jacksboro, 65-6, Childress, 16-0, Quanah, 12-7, and Ballinger, 44-0.

The Indians opened action Friday night kicking to Anson who controlled the ball only five plays before Tim Pringle recovered a fumble. The Indians managed a fifteen yard drive before giving the ball up after making four yards on a fourth and six situation.

The Tigers found openings for only short yardage and were

October 31 will mark the third Gold Rush Day in Haskell and its success is growing month by month as more merchants offer special bargains to their many customers.

Each month Gold Rush merchants offer record-breaking specials and this month's bargains promise to be more plentiful and varied than in the past.

Throughout this edition of the Free Press can be found bargains ranging from manifolds to mustache wax and friendly merchants can supply almost any shopper with a wide variety of selections to fill any shopping list.

There are several advantages to shopping in Haskell rather than large shopping complexes such as: local merchants make every effort to please customers like no stranger can; advice can be obtained as to what product best suits the shoppers' needs and not what item is more profitable to the seller; and shopping with local merchants you are almost always surrounded by friends with whom you can visit.

1972 COTTON HARVEST is now in full swing throughout Haskell County and until recently, rains almost completely halted the stripping. Melvin (Pee Wee) Norman, manager of Farmers Cooperative Society Number One, is shown checking cotton as it is ginned. Norman ginned the first bale of cotton in Haskell this fall. Leon and David Burson harvested the first bale. (Staff Photo)

## Infant Dies After Collision

Three accidents were reported in Haskell County during the last week, the worst of which was a three car collision at 8:20 p. m. Friday resulting in one fatality.

The fatal accident occurred 2½ miles south of Weinert on U. S. Highway 277. According to DPS Patrolman Larry Gilbreth, who investigated the accident, a truck, in the northbound lane, was struck on the shoulder of the road. Gilbreth said that he and Patrolman James Davis had traffic blocked in both lanes and were attempting to get the truck back on the highway when a 1969 automobile struck a 1971 automobile in the rear knocking it into a pick-up.

Wet highways and slight fog were factors in the accident.

Eric Bindel, 10 week old son of Mr. and Mrs. James Bindel of Abilene, died at 11:45 p. m. at Haskell Memorial Hospital from injuries received in the accident. Both Mr. and Mrs. Bindel were treated and released.

The driver of one of the vehicles, Glen Elwood Tedford, Jr. of Wichita Falls, was hospitalized for observation and released Saturday morning. He received head injuries in the accident.

Driver of the pick-up, Harold Gene Steele, of Snyder, was not injured in the accident.

Davis assisted in the investigation of the accident and charges are now pending.

Another accident October 19 at 8:55 a. m. on U. S. Highway 277 in Weinert. No injuries were reported.

Driver of one of the vehicles was Howard Eugene Gibbs of Haskell and driver of the other vehicle was Ruben Saucedo of Rochester. Gilbreth investigated the accident and citations were issued.

Gilbreth investigated another accident October 22 at 7:30 p. m. on Texas Highway 283, about one mile south of O'Brien.

The accident occurred when Edwardo Bernal, of O'Brien, attempted to start his wife's car by pushing. Just after the

vehicle driven by Mrs. Bernal started, the two vehicles collided. No injuries were reported.

## Pancake Supper Friday Night

The Haskell Lions Club will hold its annual Pancake Supper this Friday night from 5:30 to 7:15 p. m. in the High School Lunch Room.

All proceeds from the event go into the benefit goodfellow fund. Tickets for the supper may be obtained from any Lions Club member at \$1.00 each or at the door.

At the regular Tuesday luncheon meeting of the club, Lion Loren Maples of Graham, District Governor of this district, made his annual visit to the club and stressed the charitable work of the Lions of Texas including the building of schools and pure water systems in Central and South America, the Texas Lions Crippled Children's Camp, Diabetic Camp, and Camp for Adult Blind. Lion Maples stated that there are 981,000 Lions in 26,000 clubs in 147 countries of the world and stressed the need for growth in membership and service to mankind. October is membership month and the theme for this is LIONS (Let's Invite Out Neighbors Soon).

Lion President Joe Williams presided at the meeting. Gene Long led the club in a song session accompanied by Ellen Walling at the piano. Invocation was given by Lion J. C. Yearly. Bob Philpot was recognized as the only guest at the meeting.

### ABSENTEE VOTING

All individuals who do not expect to be able to vote November 7, are urged to vote absentee before November 3. Ballots are at the County Clerk's office in the County Courthouse. The office is located on the first floor in the east wing and is open from 8 a. m. to 5 p. m., Monday thru Friday.

## Councilmen Open New Truck Bids

Members of the Haskell City Council opened bids on a 1973 cab and chassis to be used for a garbage truck at their regular meeting Tuesday night. Four bids were opened and each will be investigated before purchase of the truck.

Mayor Belton Duncan presided at the meeting. Councilmen Buster Gholson, W. O. Holden, Lorraine Johnson and Carl Anderson were present at the meeting. Also present were Marvin Collins, water superintendent, Ira Hester, City Secretary, and Joe Williams, City Attorney.

Gholson gave the opening prayer and minutes of the last meeting were read and approved.

The council discussed purchase of a new water which would enable the City to meet recommended standards of quantity per person storage.

All bills received since last meeting were approved.

## Carnival Slated Saturday

The ghosts and goblins will be out early this year as the Haskell Elementary School Halloween Carnival will be held Saturday, October 28, from 5 to 9 p. m. at the Elementary School.

The food booth will open at 5 p. m. with hot dogs, Frito bags, cold slaw, beans, sandwiches, pie and homemade ice cream.

Special attractions at the carnival include: the spook house, pocket clown, ring toss, football toss, dart throwing booth, and fishing pond.

A must for all mothers attending the carnival will be the country store and while the kids are eating candied apples and pop corn balls, Dad can play dominoes.

There will also be a post office and everyone is urged to stop and check their mail.

The Halloween Carnival is sponsored each year by the local PTA and this year all proceeds from the carnival will be used to pay for the fence around the Elementary School. A special membership booth will be held at the carnival and all persons who have not paid

their PTA dues are asked to do so. Donations will also be accepted.

A special word of caution

should also be voiced during this Halloween season to drive carefully and watch out for all those little snooks and nobbles.

**SPOOKS AND GOBLINS** . . . Ronald Phillips, son of Mr. and Mrs. Ned Phillips, Kelly Wallace, daughter of Mr. and Mrs. J. W. Wallace, and Tim Johnson, son of Mr. and Mrs. Lorraine Johnson, are prepared for the Halloween Carnival which will be held at the elementary school October 28, from 5 to 9 p. m. Kelly's grandparents are Mr. and Mrs. W. D. Larned and Mr. and Mrs. John Wallace. Tim's grandmother is Mrs. R. A. Johnson. (Staff Photo)

**THREE CAR COLLISION** resulted in the death of a 10 week old son of Mr. and Mrs. James Bindel of Abilene. Only minor injuries were reported in two other accidents during the week. The accident occurred 2½ miles south of Weinert on U. S. Highway 277. (Staff Photo)

# DEATH NOTICES

## Ed McClure

Funeral services for Ed McClure, 76, of Weinert, were held October 21 in the First Baptist Church in Weinert with the Rev. Ross Anderson, pastor, Cross Road Baptist Church, Rotan, and the Rev. Charles Reynolds, pastor, First Baptist Church in Weinert, officiating. Burial was in Johnson Memorial Cemetery in Munday under direction of Holden-McCauley Funeral Home.

Mr. McClure died October 19 in Haskell Memorial Hospital after a stay of about one week.

Born January 31, 1886 in Hook, Okla., he lived in and around Weinert for about 40 years where he did carpentry work.

He married Velma Adams June 4, 1922 near Munday. He was a member of the First Baptist Church in Weinert and was a veteran of WWI.

Survivors include: wife of the home; two daughters, Mrs. J. N. Stewart of Weinert and Mrs. J. D. Stephens of Lubbock; one brother, Fred McClure of Lubbock; one sister, Mrs. J. M. Pickering of Haskell; six grandsons and two great-granddaughters.

Pallbearers were: Slover Bledsoe, E. D. Earle, Ernest McGuire, Victor Hobbs, R. W. Raynes and Eddie Sanders.

## Charlie Thomas

Charlie (Chock) Thomas died October 13 in a Veterans Hospital in Livermore, Calif.

Funeral services were held in Modesto, Calif., and burial was in Modesto Cemetery.

Born October 21, 1896, in Ellis County, he came to Haskell with his parents when he was a small boy. He married Jessie Mae Gardner, December 25, 1920 in Haskell and they moved to El Centro, Calif. in 1930. The couple moved to Modesto in 1948 where he was employed as a mechanic until his retirement in 1966.

Survivors include: wife; one son, Harold Thomas of Las Vegas; two daughters, Mrs. Kenneth Holmes of El Centro, and Mrs. Jack Williams of Modesto; 5 grandchildren; one brother, Claud Thomas, of San Anna, Calif. He was a brother-in-law to Mrs. Novle Glenn and Ree Gardner of Haskell.

# Business and Professional Women Receive National Recognition

Haskell Business and Professional Women's Club held a special breakfast Sunday, luncheon Tuesday, and coffee Friday, in observance of National B&PW Week.

The Sunday meeting was held in the home of Mrs. Pauline Norman. Mrs. Norman and Mrs. Leone Pearse served as hostesses for the 14 members and two guests present. Mrs. J. F. Cadenhead presented a slide show of a Hawaii trip. Tuesday's luncheon was held

in the City Cafe with 14 members and one guest present. Mrs. Nancy Morales presented the program on the history of women in business and the part they have played in their community. Hostesses were Mrs. Barney Frazier and Mrs. Veta Furrh.

Over 20 persons attended the coffee held in the community room of the Haskell National Bank. A larger crowd was anticipated by rain stopped many from attending.

The next regular meeting of the club will be held November 13, in the home of Mrs. Edna Mae Lyles. At the meeting, members will plan the Thanksgiving dinner and begin collection of Christmas gifts for the Abilene State School.

The November 7 meeting will not be held as scheduled. All club members are asked to assist voters on election day.

# Litter Campaign Begun By THF

The Texas Highway Department is taking the lead among State agencies in asking the motoring public to join the "Pitch In" anti-litter campaign. The campaign has been sponsored by industry leaders throughout the nation in efforts to pare the wasteful cost of litter pickup along the highways and elsewhere.

The Highway Department has been placing litter barrel decals on receptacles posted along the 70,000-mile State highway system to encourage motorists to "Pitch In". There are approximately 5,000 litter barrels in roadside parks, safety rest areas and highway turnouts.

In addition, the Department is affixing "Pitch In" bumper stickers to Departmental autos, trucks, station wagons and pickups.

The Department also plans to distribute the bumper stickers to other State agencies for their vehicles. The green and white vinyl bumper stickers were made available by the U. S. Brewers Association, Texas Division, which is one of the sponsors of the anti-litter program.

The task of pickup after highway litterbugs falls to maintenance forces of the Department, a task which cost the taxpayers of Texas more than \$3.3 million a year.

# Cotton Storage Possible

In an effort to reduce costs, many Plains cotton growers are storing cotton in turnrow ricks. With a good crop predicted, trailers will probably be in short supply, and this is one possible solution to an old problem. However, there are a few things to watch out for in order to maintain the lint and seed quality.

Research has shown that moisture causes the biggest problems in stacked cotton. While optimum seed cotton moisture for harvesting is 8%, to preserve quality, you should also avoid storage conditions which would cause the moisture content of the cotton to rise above 12%. This can be moisture in the form of dew, green trash material, rain or snow. When placing cotton into a rick, be sure that any moisture on the cotton has dried off.

A good way to check to see if the cotton is dry enough to store is to squeeze a handful. If the cotton sticks together in a ball it is too wet. If it springs back freely, it is usually dry enough. One way to avoid this problem is to make the first two or three dumps into a trailer and then begin forming the rick. Green trash can cause an increase in the moisture content of the seed and lint and thus reduce the quality. Therefore, if cotton is to be ricked, wait until the leaves are dry and crisp. This could be either after defoliation or frost.

It is not advised to place the risk on a plastic sheet or to

cover the rick with plastic. This procedure forms a vapor barrier and causes moisture condensation resulting in loss of quality. The turnrow rick is one way to handle cotton during periods of trailer shortages. But remember, to avoid situations cause the moisture be increased. In the rick without the cotton can be lost or seed quality.

Hog cholera being confirmed before it can attain the hog-cholera free status. Although the last case was reported in July, quarantines continues in Nueces and Parker counties.

The Texas swine industry is intensifying its efforts to eradicate hog cholera from the state. Hog producers are hoping the two-month absence of the disease continues. A state must go 12 months without a case of

Nationwide, hog cholera has made an alarming comeback. During the first two weeks in September, a total of 25 hog cholera cases were reported; this compared with only one for the entire month in 1971.

A new drive and a new toughness toward hog cholera eradication is underway.

Texas is becoming one of the major pork producing states in the nation. It now ranks 14th in total hog numbers with an inventory of about one million head. Hogs and pigs on farms in the 10 corn belt states are now estimated at 46.5 million head, 1% below a year earlier and 8% below 1970 levels.

Hog producers in the 10 states intend to farrow 2% more sows during Sept.-Nov. this year than in the same period a year ago. They expect to farrow 7% more sows during the Dec. 1972-Feb. 1973 period than a year ago.

Livestock auctions in Texas report that sales were above a year earlier for cattle and calves, sheep and goats but below for hogs.

Cattle and calves marketed through auctions during August numbered 671,000 head; this is 15% above a year ago and 8% above a month ago.

Sheep sales totaled 109,000 head which is 27% more than a year ago but 17% below a month ago. Goats sold totaled 46,000. This is 7% above a year ago and 70% above last month.

Hogs sold totaled 48,000 head. This is 26% below a year ago and 4% above a month ago.

Up, Down, Unchanged. That's the summary for poultry production in Texas. The August hatch of egg-type chickens totaled 1,449,000; this is down 18% from a year earlier.

The August hatch of broiler chicks increased 3% from a year ago to total 15,645,000.

The total turkey poult hatch increased 3% but was 61% below a month ago. Total hatch is 288,000.

Egg production was unchanged from a year ago at 215,000,000. Nationwide egg production was down 1% from a year ago. The average daily egg production in Texas for 100 hens was 61; the average nationwide was 61.8 eggs.

 Haskell, Texas

WASHINGTON  
 "As it looks from here"  
 OMAR DURBIN  
 Congressman  
 17th District

WASHINGTON, D. C.—Once again something good has happened in Washington—at least for the time being. The Senate has abandoned efforts to pass a Consumer Protection Bill before the Congress either adjourns or recesses at the week's end.

In October of last year the U. S. House of Representatives passed a measure creating an Office of Consumer Affairs within the Executive Office of the President. The stated general purpose of the proposal was to coordinate Federal consumer protection activities.

The Senate Bill goes much further. It would create a new super-agency to preside over

an estimated 24 other Federal agencies affecting 554 different types of proceedings and activities. In other words, it would be another all-powerful bureaucratic operation over about every other department, commission, bureau and agency. The power given to the three men appointed to administer the authority would appear to be greater than that now given to the Environmental Protection Agency, which is proving to have almost unlimited control over our industrial capacity and which is doubtless going to cost consumers extra money.

It seems we have forgotten the doctrine voiced by Patrick Henry in the Virginia Convention of 1788 when he advised "power ought always to be distributed sparingly on the assumption that bad men will use it badly, for it is likely they will."

In this proposed legislation the agency has the potential of being a government on top of another government.

Everyone recognizes that there are problems in our complicated economy and particularly in the marketing end but the problem has been seized upon with somewhat the attitude that Washington must tell all consumers what is good for them and how it is going to take care of them. In the day of the village blacksmith standing under a chestnut tree, the consumer had an easier time. If the shoe didn't fit, he could lead the horse back. Responsibility was direct and the customer recourse was immediate.

Obviously nothing like this exists today—TV sets made in Japan; a shoe made in Italy. Responsibility becomes blurred when defects show up. It does not appear, however, that the answer is to be found in setting up another all-powerful government bureau to hold our hand. Consumers are not mere beads on a string and there is no reason to believe that these bureaucrats would be any more wise or skilled than bureaucrats who now serve the Federal Trade Commission, the Food and Drug Administration and all the other bureaucracies of the Federal Government.

The consumer protection agency provided in the Senate Bill would be the largest overall agency and would be an ex-

# OUR HEALTH

By C. H. Tracy, M.D.

Several years ago, I was treated for a broken leg. Although the leg has healed properly, it sometimes feels stiff. I was wondering if it would be advisable for me to see a masseur?

No, not really. Since you have received physical therapy from a doctor, it would be better to consult him first. Much harm can come from an improper massage, as muscles and joints can be damaged by too strenuous and too conscientious a masseur. A whirlpool bath occasionally will help to relax muscles and allow for more motion in stiff muscles, joints and tendons.

I am 21 years old, and have just found out that what I thought was a cold is really an allergy. How is it that I've developed an allergy at this age?

It is a well-known fact that prolonged contact with certain substances in some instances can cause an allergy to develop. Also, emotional disturbances, excessive fatigue or infections can trigger allergic-like reactions in some people. This is particularly true among persons suffering

from asthma. Puberty, menopause, and pregnancy are other possible causes for such flareups.

### What is a blood count?

A blood count is a test that shows whether or not the patient has anemia or whether or not the body is suffering from any generalized infection. It is performed by pricking the finger or the ear lobe to draw a small amount of blood.

A blood count shows anemia by counting the number of red blood cells, noting the amount of hemoglobin in the cells and noting the characteristic appearance of the blood under the microscope.

My husband and I are planning a trip to Alaska soon to visit some friends. I'm excited about going, but fearful of what the cold weather will do to my skin. Any suggestions?

The time to start caring for your skin is now while you're still home. Keep your skin soft and moisturized by using a bath oil such as Alpha Kerl in your daily bath water. You should continue to use this therapeutic oil during your trip and all year round besides. In fact, you don't have to go all the way to Alaska to worry about dry skin. The temperatures we experience in mainland USA are often cold enough to cause this same problem.

best by just leaving them alone.

The power proposed in the pending bill is to create a Czar. Although this legislation appears dead for this session of Congress, it will not lie still forever but could be rejuvenated should the Congress come back into session after the election or in the new session of the Congress beginning in January.

# Wins District ner, 45-6

opened District night in Bobcat the Rochester in increment 45-6.

In the fourth quarter, a 55-yard scoring run by Brites was nullified by a clipping penalty. Rule defense held the Steers on the 5 yard line. Rule took over on downs and with 6:21 left in the fourth quarter, Brites pass was intercepted by Rochester and ran back 15 yards for Rochester's only score. The PAT was no good.

A 40 yard pass from Anders to Macias put Rule on the 10 yard line and Don Hisey scored. PAT by Jesse Macias was good.

Rule is 5-0 for the season and 1-0 in district. Rochester is 2-4 and 0-1 in district. Another district 5B game, Throckmorton 45, Newcastle 0. Throckmorton is 2-1-4 and Newcastle 3-4 for the year. In district, Throckmorton is 1-0 and Newcastle 0-1. Chillicothe had an open date Friday night.

Rule Bobcats will meet the Newcastle Bobcats October 27 at Newcastle, game time 7:30 p. m. May the best Cat win!

The Paint Creek Grade School 4-H Club met and elected officers recently. They are: president, Becky Medford; vice-pres., Kim Griffith; sec'y-treas., Julie Coleman; and reporter, Linda Fischer. Mrs. Martin Coleman will be their leader and Mrs. Gene Fischer will serve as assistant. Guests at the meeting were Mrs. Burt Medford, Mrs. Dan Griffith and Mrs. Kenneth Dare and Christi.

## Indians . . .

(Cont. from Page 1, Sec. 1) neither team being able to sustain a drive.

The Tigers began their only scoring drive midway through the third period on their own 24 yard line. After two first downs they moved the ball four yards into Indian territory and were forced to punt. The Indians fumbled the ball on their first play and the Tigers continued their drive from the Indian 40. Six plays later halfback Nolen Dalbert carried the ball to pay dirt from the 10 yard line. Pass for extra points was incomplete and at the end of the third period the Tribe led 14-6.

Both teams started the final period passing. There was a total of 18 passes attempted in the 47 play quarter. Martin Randle, Young, and Jody Mickler each intercepted passes for the Tribe during the final period.

Young scored the final touchdown of the game with 6:15 left to play when he carried the ball in from the four. Cobb set the score up after gains of 14 and 13 yards. Extra point failed.

On their next possession, the Tribe moved the ball to the four yard line after a 25 yard pass from Kenny Ivey to Robin Colbert and a 31 yard run by Young. The Tigers recovered a fumble in the end zone and two plays later Mickler intercepted a Tiger pass and returned it about 40 yards in an excellent display of open field running. The game ended two plays later with the ball two yards away from an Indian touchdown.

## Rotarians Hear Land Bank Pgm.

The regular weekly meeting of the Rotary Club was held at the City Cafe October 19th. President Bob Philpot presided for the luncheon meeting.

Bill Lane, program chairman, introduced Joe Harper, long-time manager of the Federal Land Bank in Haskell, as his program for the day. Mr. Harper presented a highly interesting and informative discussion about what the Federal Land Bank is, its functions and etc. He stressed that contrary to many people's thinking it was not a Federal sponsored agency as it is funded strictly by the borrowers or stockholders. Primarily, it was organized in 1916 for the purpose of making long time loans to farmers and ranchers and that is still the goal of the Federal Land Bank. Mr. Harper said that the demand for land loans were at an all-time high at the present time. The Haskell office managed by Mr. Harper has Haskell, Baylor, Jones, Knox and Haskell counties under its supervision. The Haskell office has made approximately 12 million in loans for the purchase of land or for the refinancing of land already owned. Some two million dollars have been loaned during 1972 which shows a decided increase over last year.

Invocation for the meeting was given by Rotarian Andy Anderson and the song session led by R. C. Couch Jr., accompanied by pianist Rene Abbott. J. R. Perry, county commissioner, was introduced as the guest of Commissioner and Rotarian C. A. Thomas, Jr.

A short business session was held after the program at which time the president announced the Lion's Club sponsored Pan-cake Supper to be held at the high school lunch room, preceding the Haskell-Hamlin game on October 27th.

Program chairman for today, October 26th, is Charles McCauley.

## VENTRILOQUIST

Eddie Daniel, 14, son of Mr. and Mrs. E. F. Daniel, and grandson of Mr. and Mrs. Bruce Young of Haskell, has recently been recognized for his proficiency in the art of ventriloquism. Daniel scored a perfect score on a test dealing with x-ray technicians.

## Tower Committee Named In Haskell

U. S. Senator John Tower announced today the appointment of eight outstanding citizens to the Haskell County Steering Committee of Texans for Tower. Named as chairman was Dr. Temple W. Williams of Haskell and Mrs. John Rike of Haskell as co-chairman. "We are delighted that so many Democrats and Independents are teaming up with us and putting the best interests of Texas and the United States above party labels," said Tower, who has 11 years seniority in the Senate.

"Now, more than ever before, Texas needs a strong, effective voice on both sides of the aisle in the Senate," he declared. "I appreciate the efforts of these fine Texans, who realize the importance of having a Texas Senator who can work closely with the White House."

Named to the committee were: H. T. Fillingim, Dr. Frank Cadenhead, Dr. Robert Colbert, Bill Comedy, Elbert R. Johnson, Mrs. Elbert R. Johnson, Charles Thornhill and Herman Williams, all of Haskell.

## Rehab Benefit Planned By Square Dancers

The Taylor County Coliseum in Abilene will be the scene of the fourth annual Square Dance Festival October 28, to benefit the West Texas Rehabilitation Center. The festival is sponsored by the square dance clubs of Abilene, Anson, Dyess Air Force Base, Sweetwater and Winters. Square dance clubs from throughout Texas are expected for the square dance extravaganza.

Eight top area callers will be on hand, with guest callers as time permits. Calling the tips will be Sleepy Browning, Jayton; Delton Lovelace, Abilene; Jack Mason, Sweetwater; Owen Renfro, Abilene; Raymond Calley, Brady; Ralph McMulle, Baird; Jay Lynn Moseley, Santa Anna; and C. L. Woods, Colorado City.

Spectators are welcome. There is no admission charge, but donations will go to the West Texas Rehabilitation Center.

## Pilot Training

2 Lt. James R. Perry reported for jet pilot training October 24 at Webb Air Force Base, Big Spring. He will undergo instruction in this field for a period of 48 weeks.

Lt. Perry is an August graduate of Texas A&M University. He is a native of Haskell County and the son of Mr. and Mrs. J. R. Perry of the Paint Creek Community.

## Pigskin Preview . . .

A 7-6 Hamlin win over Winters was the only game that gave the forecasters the slip last week. Haskell downed Anson 20-6, and Ballinger blanked Stamford 44-0.

All five forecasters picked Haskell, Ballinger and Winters and finished with an average of .667. Elbert Johnson, Tom Watson and Mrs. Howard Perry are tied for first place after seven weeks of football action, with an average of .667. Olen King is second with .636 and Dr. J. F. Cadenhead is close behind with .606.

This Friday, the second week of district action, Hamlin plays at Haskell, Anson plays at Stamford, and Ballinger plays at Winters. All five forecasters picked Ballinger and Haskell, and Johnson, Watson, Mrs. Perry, and King all picked Stamford. Dr. Cadenhead deviated slightly and picked Anson over Stamford.

If it should happen that Anson does beat Stamford and both Haskell and Ballinger win, Dr. Cadenhead would be one game behind the leaders and tied with King. In action next week, Anson plays at Ballinger, Stamford plays at Hamlin, and Haskell plays at Winters.

### Get Right Diet Thru 4-H "Magic"

**SPECIAL--If good nutrition helps build strong, healthy bodies, then some 655,000 young people are taking the challenge seriously.** They are the boys and girls participating in the national 4-H food nutrition program conducted by the Cooperative Extension Service and sponsored by General Foods Corporation. Food can be fun, the 4-H'ers say. And to prove it, they use a "magic formula" to help them remember the proper amounts of meat, bread and cereals, fruits and vegetables and milk products they need each day. The magic formula is a set of four numbers—4-4-3-2. Using the basic four food groups, it reminds the beginning 4-H'er of his daily needs. It suggests at least four servings of breads and cereals;

four servings of fruits and vegetables, three servings of milk or milk products and two servings from the meat group. Planning and preparing appetizing meals for themselves, their families and friends, adds fun and interest to the program. In five units, the young nutrition buffs learn to prepare some of America's favorite dishes, quick and easy meals and foods with an international flavor. And in the fall of 1972, a unit "Teens Entertain" is expected to find welcome participants among older 4-H members as they plan and prepare for entertaining events with menus ranging from snacks to a luau. The 4-H food nutrition program is supported by members' manuals and leaders' guides produced

cooperatively by the Extension Service, General Foods and the National 4-H Service Committee. The books which include recipes, nutrition information, suggestions for buying, preparing and serving foods are available to those participating in the program. An added bonus for 4-H members are the awards offered for the 12th year by General Foods Corporation. Four medals of honor are offered county winners. One state winner receives an expense-paid trip to the National 4-H Congress in Chicago, Nov. 26-30, and six national winners receive \$700 scholarships at that event. For information and opportunities in the 4-H food nutrition program, contact the county extension office.

### Orange Best Safety Color

The best color for hunters to wear in the field is red, right? Wrong! Extensive scientific research shows that daylight fluorescent orange is the safest color for hunters to wear. Commonly known as 'hunter orange' it sends a glowing signal to

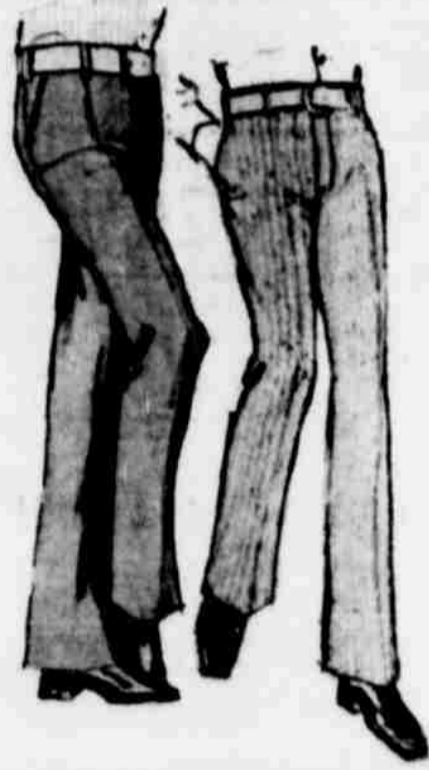

other hunters, but doesn't hamper the sportsman stalking a deer. A hunter's chances of bagging a deer are just as good in fluorescent or blaze orange clothing as any other color, since the skittish white-tail is color blind and will only be alarmed when it distinguishes motion, sound, or scent. After reviewing research and literature on the subject, the Texas Medical Association endorsed the use of hunter orange clothing. The medical association urges all hunters to wear some article of visible clothing that is fluorescent orange colored.

Hunting is established as a safe sport. Nevertheless, men are mistaken for deer and are shot. Before this year's hunting season, the wise Texas hunter will be wearing a hunter orange vest or, at the very least, a cap made in the glowing bright fluorescent color. The eye-catching qualities of hunter orange were well established in 1959 during a three-month color study conducted at Fort Devens, Mass., by the Massachusetts Division of Fisheries and Game, the American Optical Company and the U. S. Strategic Army Command. Working with a test group of 300 soldiers, the researchers proved that fluorescent orange was the color most likely to in-

sure safety for a deer hunter. The exhaustive tests showed that hunter orange was the only color easily detected by persons with normal vision and by those with varying degrees of color deficiency; that fluorescent orange is so completely out of place in nature that it is both immediately apparent and most unlikely to be mistaken for any color in the natural scheme, and that the fluorescent appear most brilliant during the accident-prone hours of dawn and dusk or when heavy shadow destroys much of the available light.

### Methodist Home Dedication Set For October 27

The Methodist Mission Home, San Antonio, owned and operated by the six Conferences in Texas and the New Mexico Conference, and considered one of the finest agencies for unwed mothers in the United States, will celebrate the retirement of the \$1,250,000.00 debt on the facility, with dedication services at 10:00 a. m., October 27, at the HOME site, 6487 Whitty Road, San Antonio. All Methodists and their friends are cordially invited to share in this celebration.

Bishop O. Eugene Slater, presiding Bishop of the Southwest Texas Conference Area, will make the dedicatory address. Bishop Slater was named General Chairman of the Building Fund Campaign in June, 1964, at the beginning of the Capital Funds Crusade, and gave outstanding leadership through the endeavor.

The original HOME began in

1895 as a mission and maternity home for the unwed mother, located at 223 San Saba St., San Antonio. It was called the "San Antonio Rescue Home." In 1936, the HOME was moved to 103 Ninth St. (old Baylor Hospital building), where it continued to operate until January, 1968, when it was moved to the present modern and fully equipped seven building facility, located on a beautiful 20 acre tract in northwest San Antonio.

During the dedication ceremony, the Chapel at the Mission Home will be named the "J. W. Perry Memorial Chapel." During Mr. Perry's lifetime he was a staunch supporter of the HOME, and a bequest in his will benefitted the HOME's Building program in the amount of \$139,657.38. He was a long time member of Travis Park United Methodist Church in San Antonio.

Trustees from the Northwest Texas Conference area are: Dr. H. Dewitt Seago, Lubbock; Rev. James T. Carter, Lubbock; Mrs. A. N. Gamble, Lubbock; Mr. Leo Southern, Amarillo, formerly of Haskell; Rev. Alby J. Cockrell, Levelland.

Fred Brown Jr. Participating In New Program Dr. Post To Give Lectures

Fred D. Brown Jr. of Garland, son of Mr. and Mrs. Fred Brown of Haskell, is one of 13 senior instructors in Texas participating in a new Environmental Occupation Program, which will introduce the water-utility profession to vocational-technical students.

LUBBOCK-Gaines Post, noted specialist in medieval law and adjunct professor of history at Texas Tech University, will be making several visits to the Lubbock campus this fall, culminating in a public lecture Nov. 15 on "Medieval Legal Thought and American Constitutionalism."

This lecture will be at 3:00 p. m. in Room 217 of the Social Sciences Building and the public is invited at no charge. Dr. Post, who is retired from the Princeton University faculty, will lecture to students Oct. 24 and 31. The first lecture will deal with "Bracton: Two Laws and the English Common Law?" In the second he will discuss "Medieval Papalism: The Papal Monarchy and the Problem of Sovereignty in the Church."

The student lectures relate to Dr. George S. Robbert's course in Studies in Medieval History. Robbert is a member of the Texas Tech history faculty. While he is on campus, Dr. Post will critique the work of students and consult with faculty.

Dr. Post is chairman of the Board of Directors of the Institute of Medieval Canon Law, a fellow of the Medieval Academy of America, and in 1966 he was awarded the Haskins Medal for his "Studies in Medieval Legal Thought." He is a fellow of the American Academy of Arts and Sciences and a corresponding member of the Heidelberger Akademie der Wissenschaften.

He holds degrees from the University of Texas and Harvard University, and he has studied also at the Ecole des Chartes and the Princeton Institute for Advanced Studies. Post has held both Guggenheim and Fulbright fellowships. He served on the University of Wisconsin faculty from 1931 to 1964.

His retirement home is Haskell, Texas.

The per capita consumption of beef, veal, pork, lamb and mutton amounts to 192 pounds per year.

Cotton Classing Results

Grades in the Munday Cotton Classing territory are much better than a year ago. Since the USDA's Agricultural Marketing Service Office was opened on October 10, 7,900 samples have been classed according to Mr. Sidney Ferrell, Officer-in-Charge.

Strict Low Middling (41) was the predominant grade and accounted for 42 percent of the 5,900 samples classed this week. Middling (31) made up 14 percent Middling Light Spotted (32) accounted for 20 percent. Strict Low Middling Light Spotted (42) was 15 percent.

Staple lengths were mainly 31's and longer with 16 percent staple 31, 37 percent staple 32, 35 percent staple 33, and 9 percent staple 34.

Unlike last year, only a percent of the cotton miked under 3.5 while 76 percent miked 3.5 to 4.9 and 21 percent miked 5.0 or higher. Fiber strength results showed that 78 percent of the cotton is testing 80,000 lbs. per square inch (psi) or higher.

Demand for current ginnings is very high. Prices were not available.

The overall cost of living index has risen by 73 percent in the past 25 years. The increase for all food was 61 percent.

**Rainbow Sewing Club Officers Are Installed**

The Rainbow Sewing Club met October 17 in the home of Mrs. W. E. Johnson.

Song session was led by Flossie Rogers and thought for the day was given by Annie Reading.

After roll call and approval of the minutes of the last meeting, officers for the next six months were installed by outgoing president, Maggie Larned won honors for the most sewing and it was announced that \$8.00 has been collected for the Thanksgiving turkey supper.

Cards were sent to the sick and a sing song was led by the new song leader, Grace Andrews. The recreation portion of the program was led by Florence Larned. Hostess for the November 7 meeting will be Sue Peavy.

Mrs. Johnson served refreshments to 12 members and two guests, Alma Collins and Beatrix Mobley.

**Williams, Frierson Repeat Vows**

LeAnn Frierson and Jerry Williams were united in marriage October 22 in the First Presbyterian Church in Haskell with Dr. Troy Culpepper, pastor of the First Baptist Church in Haskell, officiating.

The bride is the daughter of Mr. and Mrs. F. E. Frierson and the groom's parents are Mr. and Mrs. W. A. Williams of Comanche.

Given in marriage by her father, the bride chose a floor length old fashioned Empire gown of Candlelight polyester. The square neckline and full, puff, elbow length sleeves were trimmed with bands of varicolored cross-stitched trim, edged on either side with candlelike Clooney lace. The trim

was repeated in bands around the softly draped skirt. She wore a gold bow headpiece, and gold tone shoes. She carried a cresent bouquet of roses and carnations.

The altar was framed with a greenery covered archway centered by the white kneeling bench. Baskets of yellow gladiolas and bronze mums flanked the archway.

Miss Norma Gayle Williams, sister of the groom, served as maid of honor. She wore yellow floor length gown with Clooney lace at the Empire waist and hemline. She carried a nosegay of brown and yellow mums.

Jimmy Kirkland, brother-in-law of the groom, was best man. Ushers were: Dean Rogers of Comanche and Ronald Frierson, brother of the bride, of Fort Worth.

The bride is a graduate of Haskell High School and is a junior at Tarleton State. The groom is a graduate of Comanche High School and attended Ranger Junior College and Tarleton. He is now employed in Comanche.

The couple is now at home in Comanche.

Reception was held immediately following the ceremony in the parlor of the First Presbyterian Church.

**Engagement Announced**

Mr. and Mrs. Jake C. Whitaker of Stamford, formerly of Haskell, announce the engagement and approaching marriage of their daughter, Linda Neil, to Mr. Gary B. Tabor.

He is the son of Mr. and Mrs. Roy Tabor of Albuquerque, N. M.

The bride-elect is a graduate of Lee High School in Midland and attended Angelo State University for two years. She is currently a senior at Texas Tech where she is majoring in Music Education.

The prospective groom graduated from high school in Albuquerque and attended Lubbock Christian College. He is now a senior at Tech and is majoring in Parks Administration. He has also served in the Air Force.

The wedding has been set for December 16 in the First Christian Church Chapel in Haskell.

substituting for (by this week) by controlling a major portion of these water thieves, the undesirable brush which is one of Texas' biggest range problems. This is more water than is presently being used annually by industrial and municipal purposes.

A grassland restoration program would not only reduce the consumption of water by worthless brush, but would also reduce surface evaporation losses by restoring and maintaining a good grass cover. This would make more water available for deep percolation

into underground aquifers, and as return flow to streams.

The Rolling Plains land resource area is an important water contributing region for the Colorado, Brazos, Red and Canadian Rivers. The average annual rainfall ranges from 20 to 25 inches. The area was originally covered by a grass cover with a few scattered trees on the uplands, and bands of woody vegetation lining the streams. Narrow and occasionally large areas of deep sands are generally found adjacent to the stream valleys, on which tall grasses dominated in a mixture with shin oak and sand sagebrush.

Woody plants have increased tremendously in this area as heavy grazing use reduced the grass cover. Almost 15 million acres, 81 percent, of the grasslands are now infested with woody plants, of which 48 percent is densely infested.

A grassland restoration program should include control of at least 90 percent of the worthless woody plants and replacing them with grass.

The total water saved by a range improvement program in the Rolling Plains would go far in improving the water situation on the major streams of the area.

For more information on brush control and range seeding on worn out rangeland contact your local Soil Conservation Service office.

MARCH—1972

Called for a strengthening of the USDA rather than transferring some rural development programs into a planned Department of Community Development.

Urged passage of the National Voters Registration Act which would greatly aid participation in our democratic system by making voter registration much easier.

Testified before the Interim Committee studying Population Distribution in Texas that state priorities must be redirected in order to provide adequate income for the state's farmers and ranchers as well as a general overhaul of the tax system to halt the out-migration of rural to urban areas.

Expressed disappointment at the Senate's rejection of the legislation to allow voter registration by mail.

Spoke out in opposition to an increase in meat import quotas announced by the U.S. Government.

WELCOME ALL THOSE TO OUR CAUSE WHO WOULD JOIN IN THE FIGHT FOR THE PRESERVATION, WITH DIGNITY, OF THE FAMILY FARMER AND THE RURAL COMMUNITY.

### WITH A NEW STRING OF DEPENDABLE DODGES FOR '73.

'73 POLARA. GREAT ENGINEERING MAKES THE DIFFERENCE.

It's an easy step up in price to get Dodge Polara's full-sized looks, luxury, and equipment. But it's the Polara's engineering features, such as Electronic Ignition and Torsion-Quiet Ride, that really make Polara an outstanding buy.

**NEW DART SPORT. 3 CARS IN 1.**

It's like three cars for the price of one: Dodge Dart Sport! It's a five-passenger coupe. It's a sun roof convertible, with the optional sliding metal roof. And it serves as a station wagon, with the optional fold-down rear seat that leaves a six-and-a-half-foot flat floor.

**NEW DODGE CLUB CAB. EXTRA CARGO SPACE INSIDE THE CAB.**

It's another Dodge exclusive! A pickup with 34 cubic feet of cargo space inside the cab to keep things under cover. And both the Club Cab and Dodge regular cab pickups include a long list of standard features, such as Electronic Ignition.

The First Baptist Church sponsored after-game fellowship Friday night following the Rule-Rochester football game. Refreshments were served to

approximately 60 youth. Entertainment of several musical selections was provided for the youth by a group from HSU of Abilene.

**Here's to Your Health**  
Many people try to save money on medical bills by not seeing the doctor until they are seriously ill. This defeats the purpose of "preventive medicine" (the only sound way to preserve your health) and it is more expensive in the long run. Once a disease process has started, it often lasts longer and costs more to cure. A regular medical checkup is not only a good investment, but the resulting peace of mind also promotes good health.
