

Yanks Held Lead With Rebels & PP Vieing For Second Place

With four games remaining for each club before the close of the season, the Yanks continued to lead with the Rebels and the Prune Peddlers as C. Lopez bested Max Blanton on the mound. Linsky led the Rebel hitting attack.

Thursday night the Rebels took a 7-1 victory over the Prune Peddlers as C. Lopez bested Max Blanton on the mound. Linsky led the Rebel hitting attack.

In an upset win the Little Vets scored their second win of the season as they bested the Yanks 5-4. Jones went all the way to pick up his first win, while Bennett suffered the loss in relief of Hyer. Ashton spanked a home run with one on in the fourth for the Yanks.

Monday the Prune Peddlers stayed ahead all the way to pick up a 14-9 win over the Vets. Carter was the winning pitcher, although he was relieved by Herron in the sixth. Heathington suffered the loss.

The Yanks behind Ashton, shut out the Rebels Tuesday night for a 5-0 win. McQueen took his second loss of the year.

League Standings

	Won	Lost
Yanks	11	3

Hogsett Has New Service Manager

Hogsett Chevrolet Company is announcing a new service manager at their establishment. Mr. Jim Gilbert, with 27 years mechanical experience has been trained in General Motors School in automatic transmissions, air conditioners, motor tuneup and other phases of the industry. In addition to this special training he has had vast practical experience. He was with Hardy Motor Co., Chevrolet dealer and Westfall Motors, Oldsmobile in Stamford for 12 years.

Mr. Hogsett invites you to drop by and meet Mr. Gilbert.

Hospital News

Local medical patients in Callan Hospital from June 26 to July 2 were Mary Lou Ashton, H. F. Grindstaff, Amos Bostick, Jimmy Finch, Mrs. James A. Goodwin, Beverly Schwarz, Mrs. Alfred Medrano Jr., Henry Schwarz, Mrs. H. S. Bridges, Mrs. M. B. Hamilton, Nancy Lawlis, Mrs. Annie Goodrum, Randal Ward, Mrs. Jerry Barker, Mary Ann Kincaid.

Out of town medical patients were Robert Buck of Roby, Mrs. Floyd Hall of Jayton, Linda Kay Sumerlin of Snyder, Mrs. J. W. Price of Lubbock, Mrs. Donald Smith of Snyder, Mrs. Floyd Wright of Snyder, David Spencer of Roby, Mrs. D. E. Ferris of Ft. Worth, Mrs. DeWane Foster of Lamesa, Mrs. B. D. Russell of Jayton, Mrs. L. T. Stanaland of Jayton, Debra Gallagher of Little Rock, Ark.

Surgery patients were Mrs. Dawson Bryant of Jayton, Mrs. Ted McArthur of Rotan, Mrs. W. M. McCain of Sweetwater, John Linsky of Rotan, G. D. Welch of Jayton, Murray Simmons of Roby.

A boy was born to Mr. and Mrs. Eureka Miromantez of Rotan June 26.

A boy was born to Mr. and Mrs. Clifford Green of Hamlin, June 26.

A girl was born to Mr. and Mrs. Geo. Inman of Grand Prairie June 27.

A boy was born to Mr. and Mrs. Herbert Magana of Rotan June 28.

A girl was born to Mr. and Mrs. Raymond Seguin of Rotan July 2.

NATIONAL WARNING System, or NAWAS, of the Federal Civil Defense Administration is activated at the central center in the Continental Air Defense Command headquarters at Colorado Springs as Gen. Earle E. Partridge (above), CONAD commander, uses the new 28,000-mile net for the first time on May 1. From this control center, or one of two similar centers on the East and West Coasts, information on an impending attack can be voiced directly to 200 warning points throughout the nation. From these points, local warning nets would take over. By a simple switching process, State civil defense directors can also use the net locally to transmit detailed warning and survival data to CD forces in the field.

THE ROTAN ADVANCE

VOLUME NO. 51

Rotan, Fisher County, Texas, Thursday, July 4, 1957

No. 24

Annual Junior Rodeo Opens Today With Big Street Parade

Everything is ready for the Junior Rodeo which opens today. Contestants entries and arrival of good rodeo stock assures a good performance and a large crowd of spectators is expected.

Preceding the grand entry at 8 p. m. on opening night will be a downtown parade at 6 p. m.

Mrs. R. R. Gray is parade chairman. Six visiting riding groups are scheduled to head the parade as guests of the Fisher County Sheriff's Posse. The Fisher County Posse will lead the riding groups and will host a feed for the visiting riders and wives at 4:30 at Clarks Implement Co.

O. R. Clark, president of the posse, said trophies would be presented the three top riding groups in the parade. The winners will be announced at the beginning of the opening performance.

The Sheriff's Posse and Rotan Roping Club members are helping the Junior Club with this year's production. Fifty per cent of profits will go to the juniors; 25% to each of the other sponsoring groups.

Judith Morrow is entry chairman and books will close at noon today, entries taken today will be at Clarks with Judith and Sandy Morrow in charge.

A new event this year will be the pole bending race, open to both boys and girls. This event which is proving popular is five poles set up, straight down the arena, and riders follow a figure eight riding pattern. If the rider touches a pole it falls over, and the rider is penalized, similar to barrel races. The American Junior Rodeo Association has approved the pole bending race in to be included in the point system in determining the outstanding cowboy and cowgirl of the show.

The local Junior Rodeo Club has been AJRA approved for several years.

Other events slated for the current show are calf and ribbon roping; bull and bareback bronc riding; sponsor's race and open barrel race; girls' soda pop race and goat sacking race.

One go-round money will be paid in all events. This will include best average for Thursday and Friday nights. Saturday night the top ten in all events will compete for show honors. In addition to money, top winners will be given silver belt buckles. Outstanding cowboy and cowgirl will be given trophies.

Goat Mayo of Petrolia is furnishing rodeo stock.

Barnes Named "Marine Of Month" At Base

Jimmy Barnes, son of Mr. and Mrs. J. A. Barnes of 204 E. McArthur was nominated for "Marine of the Month" of his Squadron, for this month.

He is stationed in Japan.

Mr. and Mrs. John Garrett and children, Genie, Johnny and James of Mulshoe, came Sunday and visited relatives and friends several days.

Chamber of Commerce Membership Drive Opens This Week

At a directors meeting of the Chamber of Commerce this week a new system of collecting membership dues was decided. Each member will receive a statement of suggested dues for the year by mail.

Remittance should be returned to the secretary, but if necessary directors will make personal calls to solicit memberships. As everyone is very busy at this time of year, the members are urged to remit by mail for convenience.

The Chamber carries on a steady program of routine details, of which the general public has little knowledge, but at the same time this is important. An active program of projects is being planned, and president Floyd Clifton states that with full cooperation the Chamber should accomplish much this year.

The Chamber is constantly working for the betterment of Rotan and needs your support.

Aunt Of Mrs. Shelton Dies In Abilene

Mrs. George S. Anderson, pioneer Abilene resident died Monday at 6:30 p.m. following an extended illness. She was an aunt of Mrs. E. H. Shelton.

Services were held at 4 p. m. Wednesday at First Baptist Church, Abilene by Dr. Elwin Skiles, pastor assisted by Dr. Jesse Northcutt and Dr. Willis Gerhart, rector of the Episcopal Church of the Heavenly Rest. Burial was at Elmwood Memorial Park.

Mrs. Anderson was reared in Roby, being the youngest child of Dr. and Mrs. Frank Kiefer. He was an early day medical doctor in Fisher County and was a Baptist missionary for a time, preaching in Germany and Russia.

Mrs. Anderson was born May 3, 1873 near Brazos, Washington County. She attended Baylor Female College, then located at Independence. She was married to Mr. Anderson in Roby Baptist Church Oct. 1, 1890. At that time he was publishing a paper in Roby. In 1893 they moved to Abilene and he first had half-interest in a church publication, the West Texas Baptist. In 1894 he joined the staff of Abilene Reporter and has since been connected with the paper, now serving as chairman of the board of the Reporter Publishing Co. He also has Abilene Printing and Stationery Co., and is chairman of the board of directors of First National Bank of Abilene.

Mr. and Mrs. Anderson have been very active in religious and philanthropic activities in Abilene since the early days.

Mr. and Mrs. Shelton were with Mr. Anderson Tuesday and attended funeral services Wednesday afternoon.

Cleveland Reunion Held At Hamlin Lake

The S. D. Cleavelands' and children and families met at a large cabin at the old Hamlin Lake Sunday for an outing and picnic lunch. Attending were, Mr. and Mrs. J. L. Mash, Barbara, Judy, Ellaouise, Helen, Jerry and Cinda of Roby; Mr. and Mrs. G. W. Joplin, Robert Harold and Sue of Royston; Mr. and Mrs. Dalton Cleaveland, Don, Annette and Phillip of Royston, Mr. and Mrs. William Cleaveland and Evy of Rotan; Mr. and Mrs. Gene Cleaveland, Roxie and Owen, Rotan; Mr. and Mrs. Norman S. Cleaveland, Sherry, Connie and Jill of Corpus Christi; Mr. and Mrs. S. D. Cleaveland and John of Rotan.

Mr. and Mrs. Ray Perry and son Grant of Houston, are spending their vacation here with his parents, Mr. and Mrs. J. W. Perry, and with her parents, Mr. and Mrs. Rex Smith, at their ranch home near Truby. Ray is General Electric representative with the Radar Station in Houston.

Mrs. Ira Morrow, Sue Morrow, Mr. and Mrs. Wendell Morrow visited Mr. and Mrs. Marvin Carlton in Hamlin Sunday. Mr. and Mrs. Wayne Morrow of Sweetwater, Mr. and Mrs. Leon Moore and Larry of Hamlin joined them there for a visit.

Swimming Pool To Have Night Sessions

Announcement is made this week of night sessions starting at the swimming pool. The pool will be open Monday, Tuesday, Thursday and Friday nights until further notice.

The pool is having nice patronage, after the improvement program recently completed by the City Council. Mrs. Bart Strayhorn is giving swimming lessons and many youngsters are learning to handle themselves in water under her skillful guidance.

The pool is also open to swimming parties.

Willie Roe Recovering And 'Back On Job'

Friends of Willie Roe will be glad to learn of his improving condition from an extended serious case of Albumin of kidneys. He is back at work and his physician is very pleased with the condition, according to reports from the family. His address is 8102 Flintridge, Houston.

Services Set For Longworth Pioneer

Funeral services for Joseph A. Hanzl, 69, longtime resident of Longworth, will be held this afternoon at 2 o'clock at Longworth Methodist Church.

Hanzl who had been a resident of Longworth for 48 years had been ill for about a month; for the past 3 weeks the Hanzls had been visiting their daughter and family in Levelland. He died in the Renegar-Campbell-Walsh Hospital at Levelland Monday morning at 8:15 o'clock.

Interment will be in the Longworth cemetery under direction of Price Funeral Home of Levelland. The body was brought overland to Sweetwater Wednesday afternoon where it will remain in state until the funeral hour.

Survivors are his wife, Mrs. Anna Hanzl, Longworth; one daughter, Mrs. Josephine Harkrider, Levelland; two grandchildren; one brother, Edward Hanzl Midland; and one sister, Mrs. Mary Johnson, Yearlington, Nevada.

Mr. and Mrs. J. T. Smith Jr., Carol, Bobby and Karen of Houston spent last week end here with his mother, Mrs. J. T. Smith and other relatives. They are on a four week vacation and were enroute to west coast.

Mr. and Mrs. Wallace Strayhorn and sons, Johnny, David and Chris, of Electra, visited their parents here last week end. Johnny and David stayed for a longer visit and are taking swimming lessons.

Mr. and Mrs. Norman Cleaveland and daughters of Corpus Christi spent the past week visiting his parents, Mr. and Mrs. S. D. Cleaveland. They left Monday to visit Mrs. Cleaveland's parents, Mr and Mrs. W. S. Roe in Houston.

Mr. and Mrs. Paul Levens of McAllen visited her parents Mr. and Mrs. W. A. Baker, Mr. and Mrs. Marvin Mann, Mr. and Mrs. Aud Gerrald and other relatives here last week.

Hillcrest Baptist News

Mrs. Carroll Murphree, Sunbeam Counselor, and Mrs. Dick Edwards took nine Sunbeams to Camp at Lueders last Thursday. Sunbeams were Stanley and Jerry Edwards, Brenda Matthews, Randy George, Kenneth Gurben, Roy Singley, Randy, Donna and Cathey Murphree. The group reported an enjoyable Camp. They returned Friday afternoon.

Monday, July 8, Junior G. A. Camp starts. Local Counselors and several girls plan to attend.

A number of regular members were away on vacation last weekend, making a sharp drop in attendance. A good attendance is expected this Sunday. A supply speaker will fill the pulpit Sunday and following weeks until a pastor is called.

The church extends a cordial invitation to everyone. Find your way to God's services somewhere each week.

Youth Operators Permit Now Issued By DPS On Examination Only

According to the State Highway Department, automobile operator's license will now be granted to person under 16 years of age, only upon examination by an examiner of the Department under the law quoted below. Formerly County Judges could give permission for drivers under 16 years of age where a hardship was caused.

Law: Article 6687b, Section 4, Vernon's Texas Civil Statutes provides, "The Department of Public Safety shall not issue any license to any person as an operator who is under the age of 16 years, except that the Department may issue a license to such person if 14 years of age or older where, in the opinion of the Department, (1) there appears an emergency sufficient to justify the issuance of such license, and such license shall be issued only for such period of time as such emergency exists, (2) it appears that the failure or refusal to issue such license to any such person will work an unusual economic hardship on the family or the applicant for the license, (3) it appears that a license should be granted to the applicant because of the sickness or ill health of the family of the applicant, (4) the failure to issue such license would be detrimental to the general welfare of the applicant or his or her family, or (5) it appears that the applicant has completed and passed the State Department of Education approved standard driver training course, which course must also be approved by the Department of Public Safety. A license shall not be issued to any applicant who has not passed the examination required.—In no event shall an operator's license of any class be issued to any person of less than 14 years of age. Any person who has been refused a driver's license under the terms of this paragraph may appeal to the county court in the county in which he is a resident where the matter shall be tried before a jury."

According to Supt. D. Y. McKinney a State Department of Education approved standard driver training course is being planned for Rotan schools for the coming year.

Roby Approves School Tax Raise

Property owners of Roby School district Tuesday approved an increase of 40 cents per \$100 valuation in the school tax rate.

The vote for 135 for the increase to 94 against it. A total of 229 votes were cast, which is high for such an election.

Tax rate had been set at \$1 per \$100 valuation for several years. The vote Tuesday increased the valuation to \$140 per \$100 valuation.

A proposition to increase the tax rate from \$1 to \$1.50 per \$100 valuation was defeated June 6 by four votes.

The increase will be used for teacher salary and school maintenance.

Rotan To Be Closed Today For Holiday

Although stores will be closed today, July 4th, Rotan will be host to a large gathering from the area because of the Junior Rodeo and parade.

Only cafes, and service stations will be open, with drug stores probably observing holiday hours.

The town has closed for the Fourth for many years and this was agreed again this year in the Chamber of Commerce holiday survey made in January.

Lions Club Committees Named For The Year

At Tuesday's meeting of the Lions Club, president Roy Kingsfield named committees for the year. The committee schedule was carefully worked out to nominate members who had time and would do the jobs assigned.

Mrs. Gray also gave a financial report, showing the Club to be in good condition at this time, and giving a summary of the numerous projects completed by the Lions during the past year.

The Club has remained very active and in addition to Aaron Park project, they have made many worthwhile accomplishments.

Dense Weed Growth Causing Health Hazard

Rotan and neighboring towns as well as the entire area face a serious health problem and fire hazard because of dense vegetation following the rains of last month.

Grass, wild flowers and weeds will soon dry out and present a tough problem for fire spread and health. The immediate problem is health. Weeds, open garbage, grass and trash all make incubation grounds for flies.

The problem is too great for the city to meet it without the help of every individual. The city has carried an intensive spraying program for some time and has burned oil on stagnant water in the 'flat', all of which helps.

The weed cutting and trash problem is a very serious one because of the danger of millions of flies, mosquitoes and insects being incubated.

It is urged that home owners spray garbage cans, cover garbage, cut weeds and do all possible to fight the growing hazard.

Danger from trash burning will be lessened if fires will be set during daylight hours, and every precaution should be made to have blaze away from buildings and allow for a shift in the wind.

Attending GS Camp

Denna McDonald and Pat Riley are attending the June 30-July 6 session of camping for girl Scouts.

The camp is held at Camp Boothe Oaks near Sweetwater.

Mr. and Mrs. Don Denton of Abilene, visited his parents, Mr. and Mrs. John Denton, Wednesday of last week.

NEWS from D. J. Jones
 *** County ***
 Agricultural Agent
 Texas A. & M. College
 Extension Service

Weeds on a native pasture are harmful to good grasses, but their damage can be greatly reduced if proper management practices are employed, says G. O. Hoffman, extension range specialist.

Weeds shade out grasses causing poor growth. They also use soil nutrients and moisture that should be used for the growth of grasses. Weeds use 6 to 8 times more water than do good native grasses. However, weedy growth was helpful this year in holding up rainwater, causing it to penetrate the bare soil and thus reducing soil erosion, says Hoffman. But this advantage by no means balances the disadvantages.

Weed control may be classified into two methods, mechanical and chemical. Mowing is the most important of the mechanical controls. The specialist advises setting the scyde blade about 6 to 8 inches above the ground to avoid cutting off too much of the grass. The cows can perform the grass mowing task quite well, so only mow the weeds.

For annual broomweeds, set the blade just under the bushy top. Cutting the tops off of weeds usually kills them. Mowing may have to be done 2 or 3 times a year. The cost varies from \$1 to \$1.50 per acre.

Chemical controls react only on weeds that are young and vigorous, says Hoffman. Spray chemicals when the wind is less than 8 mph. A low pressure of 15-30 pounds is usually the most desirable. Herbicides such as low volatile 2,4-D and 2,4,5-T esters are used most frequently. Chemical control costs about \$1.50 per acre and one spraying will probably last one season.

Caution should be used when applying any herbicide near broad-leaf plants that you do not want to kill. Check the Herbicide Law for your county before applying any herbicide, cautions the specialist.

Try to keep a good grass cover, advises Hoffman. This reduces weed growth considerably and may eliminate control measures.

The "good old summertime" is here and with it comes higher temperatures and bright sunlight. The Texas Farm and Ranch Safety Council warns that too much sunlight and overexposure to high temperatures can cause trouble unless precautions are taken.

They point out that sickness will occur when the body's heat regulating system collapses during prolonged heat or overexposure to the sun. In sunstroke, body temperature rises, the skin becomes hot and dry, the face reddens, and a shooting headache develops. Heat exhaustion is an entirely different thing. Its symptoms are below normal body temperature, cold, clammy skin, palor, dizziness and a dull headache.

The Council offers the following suggestions for preventing summertime troubles caused by heat. Avoid overexposure to direct sunlight and wear a hat while out of doors. Avoid overexertion. Wear light, porous and loose-fitting clothing. Increase the use of salt in food and use salt tablets or salt in drinking water. Drink plenty of water during the day, but avoid ice water and alcohol. Eat nutritious food but don't overeat. Drink fruit juices or eat fresh fruit for a plentiful supply of vitamin C and get plenty of rest and bathe regularly.

The Council offers this simple rule if first aid treatment must be given to a person suffering from heat exhaustion. If the patient is cold, make him warm. If he is hot, make him cool.

A shower for pigs will pay during the hot months of the year. R. M. Regenbrecht, extension swine husbandman, says a No. 3 Tee Jet nozzle spraying as little as 2 1-2 gallons of water an hour will keep from 6 to 10 pigs comfortably cool all day without crowding. It's good management to keep livestock comfortable.

Because of widespread interest and the requests for information on the subject of concrete irrigation pipe, a statewide conference on the subject has been called for July 16. The meeting, sponsored by the Texas Agricultural Extension Service, will be held in the Aggie auditorium on the Texas Tech College campus at Lubbock. Any person interested in concrete pipe for irrigation or in problems relating to the installation of such systems are invited to attend. Meeting time is 8 a.m.

The first conference for Texas Livestock auction operators will be held at Texas A&M College July 27.

SHALL WE RESPECT THE CONSTITUTION

Those who wrote our constitution were outstanding men. In their constitutional convention in Philadelphia more than a hundred-and-fifty years ago they labored to weld the thirteen states into one United States. As soon as the constitution became the basic law of the land there arose two attitudes toward it. One group, led by Alexander Hamilton, contended that the constitution was not to be strictly followed. The other group, led by Thomas Jefferson, held that the constitution would be of but little value unless it was strictly followed.

In Christianity we have a constitution. It is the Bible, the Word of God. The Bible teaches that man should strictly observe its precepts. Peter says, "We have also a more sure word of prophecy: whereunto ye do well that ye take heed, as unto a light that shineth in a dark place." (2 Peter 1:19). Jude says, "Contend earnestly for the faith which was once for all delivered unto the saints." (Jude 3).

In the Old Testament we find God demands respect for His word. Noah was blessed because he built the Ark exactly as God specified. (Gen. 6:22). Concerning the law of Moses, God said: "Ye shall not all unto the word which I command ye, neither shall ye diminish aught from it." (Deut. 4:2). Saul was told to destroy the Amalekites but he did not respect God's word, but thought it would be better to bring back King Agag and the best of the sheep and oxen to offer as a sacrifice, but the word of God as recorded in 1 Sam. 15:22, is Jehovah's answer to all such.

To the Epesian saints Paul said, "Be not drunken with wine, wherein is riot, but be filled with the Spirit; speaking one to another in psalms and hymns and spiritual songs, singing and making melody with your hearts to the Lord; giving thanks always." (Eph. 5:18-20). To use instrumental music in the worship today when the New Testament here, nor elsewhere authorizes it is to show a lack of faith in, and respect for, God's wisdom and authority. Christian worship must be spiritual in its nature, not senseless. (John 4:24).

church of Christ
ROTAN, TEXAS

Kathy Day of Abilene, is here with her grandparents, Mr. and Mrs. Dono Day, while her parents, Mr. and Mrs. Gene Day, are on their vacation.

Mrs. Mayme Bruce of Lubbock, spent Thursday night here with her mother, Mrs. E. A. Watson. Mrs. Watson went home with her daughter for a visit.

Mr. and Mrs. Sam Hamm, Daphene and Bruce, recently visited her parents, Mr. and Mrs. Roy Elkins, at Fuller's Ranch and also visited Mrs. L. A. Crenshaw, sister of Mrs. Hamm, in Snyder. Mrs. Crenshaw was ill and in the hospital for treatment.

Mrs. Bertie Spivey of Las Vegas, Nev., visited her sister, Mrs. Ruby

Cave and brothers, Mr. and Mrs. Lawrence Dennis and Mr. and Mrs. Raymond Dennis, last week.

Mrs. Kenneth Leach and daughter Linda, and Kay Williams of Ft. Worth, visited Mr. and Mrs. Willard Tillotson Friday. They returned home Saturday and Carolyn Leach, who had visited Ann Tillotson, returned to her home with them.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health, HENRY A. HOLLE, M.D., Commissioner

Austin.—With daytime temperatures consistently in the 90's, and with prospects of going even higher, it appears that what is needed is a complete overhaul of acceptable summer clothing for men.

Women have the right idea when it comes to summer clothing. Lightweight, sleeveless, open-necked dresses permit free circulation of air and encourage heat loss. A man, though, with a tie around his neck and belt around his middle, all topped off with a coat, is at a disadvantage in trying to throw off body heat.

Elevations of body temperature will develop inevitably in a man so dressed because such clothing prevents loss of body heat through conduction, radiation, and evaporation of sweat. And this much is physiologically true: The body thermostat is so constructed that a fall in temperature is much harder to produce than is a rise.

Heat stroke, sometimes fatal, is due to exhaustion or inadequacy of the heat dissipating mechanism of the body. It occurs as a result of exposure to a hot, humid atmosphere such as is common over most of Texas during summer months. Sunstroke is a form of heat stroke, complicated by an absorption of radiant energy from the sun which causes a temperature rise in local body areas, such as the brain, higher

than the temperature of the body.

How to avoid heat stroke? By doing what you can to keep heat loss and heat production in balance.

The wearing of loose, airy clothing is known by physiologists to be among the best means of maintaining that balance. Open throat sport shirts and light trousers are of course more practical than heavy suits.

Excessive clothing causes excessive perspiration, and excessive perspiration mean a loss of body fluids and salts. Unless the loss is compensated for by drinking additional quantities of water and consuming extra amounts of salt, painful stomach cramps can result.

During periods of high humidity body perspiration doesn't evaporate. It clings and you feel constantly damp. Skin rash often develops at these times and the rash is liable to infection.

Since body temperature represents the balance struck between heat production and heat loss, a disturbance in the value of either will be followed by a temperature change. The most sensible ways of avoiding the effects of a rise are these:

Eat lightly, avoid exertion, drink plenty of water and eat extra salt, and stay close to a fan. Above all, keep your clothing loose and airy.

The Rotan Advance

Thursday, July 4, 1957 No. 24

Mr. and Mrs. Richard Williamson and Jim of Olympia, Wash., arrived Wednesday of last week to visit his parents, Mr. and Mrs. D. A. Williamson. They were joined here Sunday by the Williamson's daughter, Mrs. Leonard Davis and Carla of Sweetwater. Mr. and Mrs. Williamson and Jim left Monday for East Texas to visit relatives and returned here Wednesday for a longer visit.

**West Texas Pets Have
Hard Time In Honolulu**

Schofield Barracks.—Once a Texan, always a Texan. Two young Texas boys' love for pets, not the usual run of the mill house pets, caused quite a disturbance in the papers recently on the island of Oahu in the Hawaiian Islands.

Five and nine year old Bill and Gary Nelson, sons of Capt. and Mrs. A. H. Nelson, formerly of San Angelo, became homesick for some of their Texas playmates, namely the Texas Horned Toad, and proceeded to do something about the lonely situation.

The boys decided to see how their learned friends would like the climate of Hawaii, the Paradise of the Pacific. They wrote their grandmother, Mrs. W. F. Edwards of Rotan, Texas, and pleaded with her to send them a batch of toads.

Mrs. Edwards, as well as the entire Nelson family, did not know of the existing law that forbids such animals on the 'reptileless' island. Mrs. Edwards, wanting to grant every possible wish for her grandsons, promptly boxed and sent Bill and Gary a couple of their friends.

Upon arrival one of the toads died and the other, an explorer at heart, scaled the smooth sides of a bucket and made good his escape. Being a rather unusual creature for this section of the world, he was promptly spotted and his explanation was finished. The captor took the unfamiliar "funny looking" toad to the Board of Agriculture and Forestry. After identification, Mr. Toad was taken away and his escapades were ended forever.

Mrs. Edwards, still unaware of the incident, came to visit the Nelsons last week and brought three more of the Texas inhabitants. So the legend of the toads still lives on, even though the Honolulu Wildlife officials don't know it.

CHAMPION QUILT-MAKER

Mrs. M. E. Baccus, who lives in a farming community outside of Abilene, Texas, has made 1,087 cotton quilts in the last ten years. Using a sewing machine, the 62-year-old grandmother concentrated on practical rather than artistic quilting. She told her neighbors: "You furnish the material, and I'll make you a quilt for \$1."

Guests of Mr. and Mrs. Robert Hargrove Sunday were Mr. and Mrs. James Hargrove of Lubbock, also Mr. and Mrs. Berniece Hargrove.

Marvin Sanders, former coach of Rotan High School, is now local representative of Great Southwestern Life Insurance Company.

Joan Thomas Honored With Gift Tea

Joan Thomas, bride-elect of Leo Cook, was honored with a gift tea in Rebekah Lodge hall last Thursday. A large group of relatives and friends attended the seated affair.

Hostesses included: Mmes. Dono Darden, Joe W. Little, Bobby Smith, L. R. Weems, Don Loving, Champ Clark, John Leach, Lucy Smith, Clint Rivers, Roy Roberson, Ollie Shipp, H. L. Dycus, Archie Neeley, Hal Burrow, George McDonald and Wade Curry.

Garden flowers were used for decorative note throughout the hall. Pink roses and plumosas encircled the punch and cake services on the linen laid reception table. Mrs. Darden and Mrs. Neeley presided at the table.

Mrs. Weems greeted guests as they arrived. Receiving informally with the honoree were her mother, Mrs. Clifton Thomas an aunt, Mrs. J. T. Stephenson; the bride-groom-to-be's great aunt, Mrs. Nora Berry; and his cousin, Mrs. John Leach.

Also in the house group were the honoree's sisters, Jerry and Tommie Thomas, and Mrs. W. D. Hariman.

Mrs. McDonald was in charge of the program. Mrs. Henry Withers presented piano music; Mrs. Paul Heathington was guest soloist.

Mrs. Robinson presided at the gift display tables; Mrs. Little was at the bridal registry.

Gift from the honoree to the hosting group was potted ivy.

Carol Ann Adams, daughter of Mr. and Mrs. Troy Adams of Snyder, spent last week here with her grandparents, Mr. and Mrs. W. A. Rives, while her sisters, Rylene and Judine, were recovering from tonsilectomies.

Mr. and Mrs. Morris Watson visited their children, Mr. and Mrs. Elwood Freeman and Leigh Ann in Lubbock Sunday.

My Neighbors

"Exactly what DOES happen to old soldiers? They certainly don't fade away!"

WHAT TO DO WHEN BREATHING STOPS

These five figures illustrate, from top to bottom, the steps in mouth-to-mouth resuscitation now being taught in Red Cross First Aid courses.

(1) Mother, using middle finger of one hand, clears child's mouth of any foreign matter. With same finger, she holds the tongue forward.

(2) Mother places child in a face-down, head-down, position, and pats him firmly on the back with the free hand, to help dislodge any foreign object in the air passage.

(3) The child is placed on his back, and the mother, using middle fingers of both hands, lifts the lower jaw from beneath and behind so that it "juts out."

(4) With one hand only, the jaw is held in this jutting-out position.

(5) The mother, covering the child's mouth and nose with her mouth, breathes into the child with a smooth, steady action. The free hand applies continuous moderate pressure to the child's abdomen, between navel and ribs, to prevent the stomach from being filled with air.

Kennedy-Chappel Marriage Announced

Mr. and Mrs. Don O. Chappel, 4678 Beverly Drive, Dallas, entertained with a tea Sunday afternoon from 5 to 7, to announce the marriage of their daughter Carol Elizabeth to Joe Kennedy, son of Mr. and Mrs. J. O. Kennedy of Rotan. The couple was married June 20.

The bride graduated from Highland Park high school in Dallas and then attended Hockaday and is now attending Texas University, where she is a member of Pi Beta Phi sorority. The groom is a graduate of Rotan high school and is now attending the University. He is a member of Phi Delta Theta.

The couple is on a brief wedding trip to Arizona and Nevada.

Attending from Rotan were Mr. and Mrs. J. O. Kennedy, Beverly Smith and Robert Jenkins.

Notice Mr. Cotton Farmer

With the lateness of the cotton crop and the moisture in high humidity, it is quite likely there will be considerable damage from insects unless they are controlled. The flea hopper is the enemy that gets the early cotton, the first forms. This insect can be controlled easily without too much expense. It is a conservative estimate that the flea hopper destroys from 4,000 to 7,000 bales of cotton each year in Fisher County.

It will pay you to keep close watch on your cotton and start control measures as soon as light infestation shows. The flea hopper is an elusive insect and unless careful check is made, he can do his damage before you realize he is working.

The Rotan Cotton Oil Mill has handled insecticides for over 25 years and keeps abreast of the latest information concerning the use of control chemicals. They will be glad to furnish you with a control guide and supply you with dusts and sprays designed to take care of your pests.

Come in and talk this matter over with us. We sincerely hope we will have no trouble with cotton pests, but if we do, early control will pay big dividends in saving cotton.

Our stocks of dusts and sprays are fresh and our prices are reasonable and in line with standard prices of dependable products.

Rotan Cotton Oil Mill
A home industry in Rotan and Fisher County for over 40 years.

Sue Curry spent several days last week with her sister and family, Mr. and Mrs. Bobby Rushing, in Odessa.

Guests of Mr. and Mrs. W. L. Randolph Sunday were Mr. and Mrs. C. L. Metcalf, Mary and Linda of Post, and Mrs. Gussie Sowell of Snyder.

Pioneer Feted On 83rd Birthday

W. H. Youngblood of Roby, 83, and resident of Fisher County since 1908, was honored with a birthday party in the home of a niece, Mrs. Cindy Weems, in Rotan recently.

Mr. Youngblood's sister, Mrs. Lucy Keener, lives in Rotan. His two children are Edgar Youngblood of Hemet, California and Mrs. Roxie Haggard, Stanton. He has sixteen grandchildren and twenty-eight great grandchildren.

Mrs. Roy Masters, a granddaughter, lives in Rotan. Her sons, who are great grandchildren of the honoree, attended with her. They are Larry Masters of Rotan LeRoy and Richard Masters, both of Abilene.

Mr. Youngblood was born in Waller County, June 21, 1874. He and Mrs. Youngblood moved to Fisher County from Jones County in 1908. She died Feb. 26, 1935.

Mr. Yungblood owns a farm, located southwest of Roby, and lives in Roby.

Other relatives and friends who attended the birthday affair were: Cecil Weems, Stamford; Mr. and Mrs. Norrell Haggard, Stanton; Mrs. Roxie Haggard, Stanton; Mrs. Lucy Keener and Jessie Lee, Emory Keener, Julie Haris, Mrs. A. W. Kingsfield, Frank Kingsfield, Mrs. Addie Scott, Mrs. Leona Scott, Mrs. Lulu McClure, Mrs. Emmett Cave, Mr. and Mrs. Roy Masters and Larry, Mrs. Vloia Hendon, of Rotan; Mrs. Pat McClure, Sam, Sid and Judy, Odessa LeRoy and Richard Masters, Abilene.

Mrs. Stella Morrow, her son, Mr. and Mrs. J. A. Morrow of Clovis, N. M., and her sister, Mrs. Addie Jackson of Gail, returned Thursday from a vacation trip to St. Louis, Mo., Washington, D. C., and Preston, Maryland, where they visited Mr. and Mrs. D. E. Handley, brother of Mrs. Morrow. They also saw the Delaware beach and the Atlantic Ocean. They report a very pleasant and interesting trip, but were glad to get back to Texas.

Mr. and Mrs. S. L. Haley and son Stevie of Seminole, came Saturday and visited Mr. and Mrs. L. C. Vititow until Sunday afternoon.

GET IN ON THIS SAVINGS SECRET

that's no secret to 40,000,000 Americans!

It'll work for you, too—even if you've never been able to save before!

The secret of saving is system. And, as more than 40 million Americans who have tried it know, the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. That amount will be put aside for you before you have a chance to spend it. Your money will go automatically into Series E Savings Bonds which will be purchased in your name and given to you.

Then your Bonds start earning

interest. And your savings grow extra fast because added to the money you're putting by is the money your Bonds earn for you. This plan will work for you even if you've never been able to save before.

And now Savings Bonds are better than ever! Every Series E Savings Bond purchased since February 1, 1957, pays 3-3/4% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months. Now, more than ever, it's smart to save with guaranteed-safe U. S. Savings Bonds. Buy them regularly where your bank or through the Payroll Savings Plan where you work.

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U. S. SAVINGS BONDS

Pfc. James A. Barnes, stationed with the Marine Corps in Japan, was chosen as Marine of the Month for June. He has been in the service since September 28, 1956 and has been overseas for about two months. James is the son of Mr. and Mrs. J. A. Barnes and is a graduate of the Roby High School.

Recently visiting their parents, Mr. and Mrs. W. A. Baker, were their children, Mr. and Mrs. Paul Levens of McAllen, who spent ten days here, Mrs. Fred Nixon and daughters, Connie of Mason, and Mrs. James Berry of Austin, also Mr. and Mrs. Byron Baker, Ricky and Ronny of Sweetwater.

The Rotan Advance

Thursday, July 4, 1957 No. 24

Mrs. Will Wiley of Beaumont, recently visited her sister, Mrs. Mozella Callan. Mr. and Mrs. Wiley lived in Rotan in the early days.

A NEW HIGH IN PERFORMANCE!
Higher octane! Higher power! A new gasoline that brings out the best in today's more powerful engines!

Phillips 66 Announces a New Higher Performance FLITE-FUEL

Now Phillips 66 brings you its new FLITE-FUEL with the higher octane and higher power you need to get peak performance out of any car. Not only new cars, but older cars, too, will benefit from the remarkable performance qualities of this higher-powered FLITE-FUEL. It's blended for local driving conditions. It's the only gasoline containing added Di-isopropyl. It has extra high octane for smoothness and long mileage. It's clean burning, so it needs no anti-fouling additive. Fill up with new FLITE-FUEL at your Phillips 66 Dealer's and discover a new high in performance!

PHILLIPS PETROLEUM COMPANY

Mrs. Willia McWhirter of Roby, and her children, Mrs. E. W. Permenter of Starkville, Miss., and Mr. and Mrs. Henry Ellis of San Antonio, visited Mr. and Mrs. H. C. Shelton Monday evening.
