Son Of Mrs. McWhirter Dies In Monahans

—Monahans News.

Mark Hanna McWhirter, 54, wealthy Monahans banker and oilman, died following a sudden heart attack here about 4:15 a. m. Wednesday, Feb. 5.

Mr. McWhirter had been in ill health for several years. However, as late as Monday and Tuesday he was going about his business as usual, but became seriously ill late Tuesday evening.

Funeral services were held at 3 p. m. Thursday at First Methodist Church of Monahans with Rev. Lloyd Peters officiating.

Mr. McWhirter began working in banks in his early youth and built up a large interest in numerous banks in West Texas in addition to oil holdings.

He was born September 2, 1903 in Roby where he also attended high school. He married Mary Josephine Coffman of Goree on Dec. 28, 1924.

He is survived by his wife of Monahans; a daughter, Mrs. Jo Ann Gatchell of Monahans; a sister, Mrs. J. B. Ogle of Dublin and a half sister, Miss Mabel Donnell of Rotan; his mother, Mrs. Mattie McWhirter of Rotan; a nephew, B. W. McNaron of Abilene; and a granddaughter, Susan Little.

By January 1943 he was made executive vice-president of the bank and in 1951 became chairman of the board.

He helped organize the Kermit State Bank which opened for business on May 1, 1944, and served as vice-president and director since that time.

He helped organize the West Texas State Bank of Snyder which opened in January 1950, and served as director until 1953 when he sold his interest. In 1953 he participated in organization of the Texas Savings and Loan Association in Monahans and served as president since its opening.

During his banking career in Monahans he formed an association to operate the Trebol Oil Company. Later this group acquired the Odessa Natural Gasoline Co., until May 1957, when he disposed of his interest in both companies.

In 1955, he joined Nole and Rodman in the purchase of controlling interest of the San Angelo National Bank, and he served as director until selling his interest in May, 1957. Also in 1955, McWhirter helped organize the American Bank of Commerce in Odessa of which he served as chairman of the board after its opening in March, 1956. Burial was made in Monahans cemetery.

A memorial fund, to be used as a student loan fund, has been set up at the First State Bank, so that friends wishing to pay tribute to Mr. McWhirter might do so, in lieu of flowers.

Mark, as he was known to his many friends, was a quiet, retiring man who never sought the limelight or personal fame. In his own quiet way he had been the benefactor of many and his guidance in financial matters was freely sought and freely given.

One of the most comprehensive cow-calf research projects in the southwest is being started in the Rolling Plains by interested ranchmen and the Texas Agricultural Experiment Station seeking answers to pressing problems in cow-calf type ranching operations.

Some of the biggest problems are in nutrition, grazing management and range improvement. The project may require approximately 10 years to produce the desired information.

An 11-section area of the SMS Ranch in Throckmorton County will serve as the experimental area. William J. Waldrip, formerly with the Department of Range and Forestry at Texas A&M College, will head the project as a part of the research conducted through the Experiment Station at Spur.

A group of ranchmen and businessmen formed the Texas Experimental Ranch Committee as advisors to the work and to raise funds for necessary construction in the experimental area including numerous fences, water tanks and other facilities.

Headed by John Matthews of the Dodge Jones Foundation, Abilene, as chairman of the committee also includes O. J. Barron of Spur headquarters ranch, Spur; R. A. Brown of Brown and Davis ranch, Throckmorton; D. Burns of Pitfork Ranch, Guthrie; B. A. Elliott of Elliott Hereford Farms, Moran; George Humphries of 6666 Ranch, Guthrie; Hobert Lewis of Spur Security Bank Spur; W. J. Lewis of Flying U Bar Ranch, Clarendon; John Lott of Lazy S Ranch, Post; Buford Scaling of Scaling Ranch, Henrietta; Eric Swenson of Emery Estate, Spur, and Billy Wallace of O-O Ranch, Claiborne.

The Soil Bank Farm Program was set up by an Act of Congress in 1956 with the objective of reducing production of allotment crops and converting cropland to permanent cover (or trees) as a soil conservation measure. The program is divided into two parts, acreage reserve and conservation reserve.

To accomplish the objectives of the program, the government compensates the producers who participate in the Soil Bank. But it seems that the division of the payment between landlords and tenants may be a barrier in getting full participation of rented farms.

The Texas Agricultural Extension Service has just released a publication, "Dividing Soil Payments Between Landlord and Tenant" that offers suggestions on the division of payments.

This publication gives examples for dividing soil bank payments for cotton put in acreage reserve; dividing soil bank payment for wheat put in acreage reserve; and dividing soil bank payment on acres put in conservation reserve, 5-year agreement.

Also included in the publication is an example of the form for dividing the soil bank payment.

This helpful publication may be obtained from the county agent's office or from the Agricultural Information Office, College Station, Texas. Ask for MP-238.

In buying fertilizer for next spring's crops, let soil testing take the guess work out of deciding the best rate of fertilizer use. Soils vary greatly in their supply nutrients essential to top yields. This is seen by the fact that one part of the field yields fairly good where another part might yield less. This variation means that fertilizer needs will vary from field to field and from farm to farm.

Fertilizer which is applied that isn't needed is money wasted, or if the wrong ration of plant nutrients are used, profits will be less. But the right ratio and right amount of plant nutrient results in maximum profit from the use of fertilizer. Soil tests can give this information and would be a good investment before buying fertilizer next spring.

If soil samples are taken, be sure they are representative of the field to be fertilized. We will be glad to assist with taking a sample or explaining how to take one, and also furnish the necessary information sheets that need to be submitted with the samples.

Gerald Murff and Kinney McKinney, students at Texas Tech, visited here last week end. Gerald also visited his parents in Abilene.

Steger-King Wedding Vows Said Saturday

In a candlelight service, Barbara Carol Steger of Rotan, and Cecil James King of Roby, exchanged wedding vows Saturday evening.

The Rev. Huron Polnac, pastor of the First Baptist Church of Rotan, officiated for double ring ceremonies in the First Baptist Church of Rotan.

The bride, a January graduate of the Rotan schools, is the daughter of Troy Rogers of Rotan. The bridegroom is a graduate of Roby schools and is assistant cashier in the Citizens State Bank of Roby. He is son of Mr. and Mrs. C. J. King of Roby.

Lighted tapers were against a background of simulated palms and laced huckleberry, accented by willow baskets of white mums and stock, tied with white satin.

Ushers were Morris Warshaw and Billy McCright, both of Roby. Warshaw served also as groomsmen.

Lynne Byerly played piano music and Mary Lou Ashton sang.

Best man was Billy King of Roby, the bridegroom's brother.

The bride was attended by Mrs. Tommy Harris of Lubbock and Janice Steger of Rotan. Both wore pink brocade taffeta, featuring rounded neckline, tiny sleeves, and torso waistline. They carried bouquets of pink carnations tied with pink and white antique satin.

Given in marriage by her father, the bride wore a gown made for her by her grandmother, Mrs. J. A. Riddle of Rotan. Of antique brocade satin the dress was designed with empire lines. She wore over it a long sleeved bolero of satin. Her veil of lace edged illusion was caught to a crown of pearlized orange blossoms and seed pearls, outlined with ruffled net.

She carried a white orchid on a white Bible.

A reception was hosted in Fellowship Hall of the church following the ceremony. Mrs. Riddle was a member of the houseparty.

The couple will live in Roby.

Among those attending the M. H. McWhirter funeral in Monahans Thursday were his sister, Miss Mabel Donnell, W. W. McNaron, Mrs. Shela Taggart of Rotan, Mrs. Joe Clark of Roby, Mr. and Mrs. Beverly McNaron and two children of Abilene, Mrs. C. M. Forth of Woodthursday night here.

Mr. and Mrs. J. B. Ogle of Dublin, another sister of Mr. McWhirter, attended the funeral and came here Friday and visited her mother, Mrs. Hattie McWhirter and Miss Donnell.

Have That Prescription Filled at Ragsdale's

The Duty of The Church Toward Disorderly Members

Regardless as to how unpleasant the task may be, discipline must be maintained even in the church of our Lord. There are people who have no respect for authority. One would think that every person, especially those who claim to be spiritually-minded, would take extreme care of their conduct, and attempt to properly mold for themselves a Christian character, and in so doing influence those who come in contact with them into lives of unselfishness. The New Testament is very plain regarding the duty of the church toward members who walk disorderly. The Apostle Paul having addressed his second letter to the church of the Thesalonians, among other things said, "Now we COMMAND you brethren, in the name of the Lord Jesus Christ, that ye WITHDRAW YOURSELVES FROM EVERY BROTHER THAT WALKETH DISORDERLY, and not after the traditions which they received of us." (2 Thess. 3:6.)

God has not left us in doubt as to what constitutes disorderly walking. In 1 Cor. 5:9-13 we have the following. "I wrote unto you in my epistle to HAVE NO COMPANY WITH FORNICATORS, not at all meaning with the fornicators of this world, or with the covetous, and extortioners, or with idolaters; for then must ye needs go out of this world: but as it is, I wrote unto you NOT TO KEEP COMPANY, if any man that is named a brother be a fornicator, or covetous, or an idolater, or a reviler, or a drunkard, or an extortioner; with such a one, NOT TO EAT. For what have I to do with judging them that are without? Do not ye judge them that are without God judge. PUT AWAY THE WICKED MAN FROM AMONG YOU.

Thus it can be plainly seen what is meant by withdrawing yourselves from every brother that walketh disorderly. And it can be seen that the purpose must not be to get revenge, but in order that he may be ashamed (repent of his sin and ask forgiveness) so he will be in a condition of heart so he can be saved. This being the purpose it is very clear that fellowship is not to be withdrawn without an effort is first made to induce the party to repent. Any person who is guilty of disorderly conduct, who denies his guilt, spurns a first and second admonition, and begins to falsely accuse his brethren who are trying to save him, or who refuses to face his accusers is perverted and self-condemned. As long as the church is in existence this rule must be adhered to, regardless as to what the world thinks about it.

New Book By Rotan Author Off Press

"No Tears for Black Jack Ketchum" is the title of the new book released by World Press of Denver, written by Rev. Stanley.

Friday, April 26, 1901. The turquoise New Mexico sky was cloudless. Off toward the horizon Rabbit Ear mound rose in starchy stiffness, a listening post on the bleak prairie, coned to an even bleaker sky. Little shoots were knif-

ing through the adobe-crusted parched earth to form rather questionable green stalks, a harbinger of spring, a banquet for livestock, a relief to the rancher. The wind, as is customary this time of the year in northeastern New Mexico, was high and mighty. Now and then it spanked a whirl of dust and chased last fall's tumbleweed smack up against the barbed wire fence, to rest on the breast of last summer's sand. There was still a bit of frost in the air as winter attempted a few feeble, dying licks against the

rapid march of the vernal season, causing the cattle to lower in animal patience. To the north Mount Capulin defied wind, dust, sound, as it shed its drab winter coat in favor of the hazy green. All about blew sound and fury, a babble of noises pounding out excitement.

This author opens the story of the outlaw Black Jack Ketchum, born and raised in the San Angelo, Texas area. Tired of the life of a cowboy he decided to imitate Black Jack Christian and formed a band to rob trains, stores, stage coaches and postoffices in Texas, Arizona, New Mexico and Mexico. The band once held up the train at Stanton and Lozier in Texas. Single-handedly, he made an attempt on the Texas, Fort Worth and Denver train at Folsom, New Mexico, which proved his undoing. Wounded, he was taken to Trinidad, Colorado, then to the Territorial prison at Santa Fe. Tried at Rotan, New Mexico he was sentenced to be hanged at Clayton, New Mexico. Thousands of tourists visit his grave there annually.

Other books by F. Stanley include: Fort Union, The Grant That Maxwell Bought, Clay Allison, Jim Courtright, Raton Chronicle, Las Vegas Story, The Cimarron Story, Rodeo Town, Socorro, the Oasis, and Desperadoes of New Mexico.

The next book is the story of the Civil War in New Mexico. The little known battles at Valverde, Peralta, Santa Fe, Albuquerque and Glorieta.

County Baptists In Achievement Program

Fisher Association is participating in the 1958 Texas Baptist General Convention Town and Country Achievement and Recognition Program.

There were 161 churches in Texas enlisted in this program last year and awards were made by Association, by the 17 District Conventions and by the annual State Convention for the church and pastor making the best record. A large metal highway display sign is given to the winners in each of these three levels of competition. The pastor of the winning church will receive a scroll and the State winner will speak at the annual State Convention.

Each church participating in the program sets up goals in the three general phases of activity. The three phases are: Toward a Better Church, Toward a Better Community, and Toward a Better World. An inventory questionnaire furnishes suggestions for worthy goals. Such projects as better health, education, recreation are featured in the Better Community phase.

Churches select their own projects for improving the church, community and world relationship.

Churches in the open country and in towns up to 2,500 population are eligible to enter this program. Twenty-three out of each 29 Southern Baptist Churches are in this size classification.

Growth of interest in the movement is shown by an increase from 48 churches to the present 161 and a goal of 300 churches participating has been set up for this year in Texas.

Mr. W. B. Upshaw has been made chairman of the local General Progress Committee. Rev. Howard Ramsey is pastor of this progressive church.

WO McKimney On Mediterranean Duty

Mayport, Fla.—Navy Chief Warrant Officer Eria E. McKimney of Rt. 2 Rotan, Texas, departed from Mayport Feb. 1 aboard the attack aircraft carrier USS Saratoga for duty with the US Sixth Fleet in the Mediterranean.

A "floating fortress," the carrier is capable of carrying more than 100 aircraft and can launch four fully armed interceptors in less than 60 seconds. An angled flight deck makes it possible to land and launch aircraft at the same time.

The Saratoga has recorded over 10,000 landings on her 4 1-2 acre flight deck, since being commissioned in April, 1956.

A little girl was born Friday, Feb. 7, to Mr. and Mrs. Joe Kennedy in Austin. The little Miss tipped the scales at 6 pounds 11 ounces. She has been named Margaret Elizabeth.

Mr. and Mrs. J. O. Kennedy returned Sunday from Austin, where they had gone Friday to greet their first grandchild.

The University of Texas announces that among new members of Omega Chi Epsilon, national honorary engineering fraternity, is Jesse David Hellums of Rotan.

P.T.A.'s to Celebrate Founders Day

11-Million Members Mark Organization's 61st Year

On February 17 the world's largest voluntary service organization will celebrate its 61st birthday.

This is the National Congress of Parents and Teachers, whose nearly eleven million members are active today in P.T.A.'s throughout the 48 states, the District of Columbia, Alaska, and Hawaii. They will mark the organization's Founders Day with a variety of activities aimed at strengthening and expanding parent-teacher work in their own communities.

Mrs. Rollin Brown, of Los Angeles, president of the National Congress, points out that these 43,000 P.T.A.'s have set the pattern for parent-teacher associations in areas where U.S. armed forces have established American communities overseas. And parents of school children in other nations have sought help from the National Congress in forming similar groups to promote education in their countries.

Founders Day activities, scheduled for February 17, will honor two women whose imagination and concern for children planted the seed for this still-growing organization.

It was in 1897 that Alice McLellan Birney and Phoebe Apperson Hearst conceived the idea of a National Congress of Mothers to promote the health and welfare of children by helping their parents learn more about how to fulfill a child's physical and spiritual needs.

They worked hard to interest other women in their aims and approached the date they had set for the organizing meeting with hopes of seeing a hundred or so delegates arrive at Washington's Arlington Hotel. But "if only twenty-five are there," admitted Mrs. Birney, "I shall be satisfied."

More than two thousand men and women turned out!

Their enthusiastic reception of the aims, as outlined by the Founders, and of the lectures, discussions, and conferences that made up the first meeting set the pace for a great national movement. Soon state congresses were founded, and before long the original "mothers' congress" was broadened to include the

concept of parents working with teachers.

Since that founding meeting, the National Congress of Parents and Teachers has written an impressive record of achievement. It includes these activities in behalf of children:

Donated hundreds of thousands of dollars in scholarships to students planning to enter the teaching profession.

Initiated a program for the periodic health appraisal of well children from birth through high school—an extension of the Summer Round-Up campaigns under which nearly three million pre-school children have received physical examinations.

Promoted successfully thousands of school building projects, including preliminary surveys, educational campaigns, and school bond issues.

Alerted the public to violations of child labor statutes, stressed the need for improved juvenile detention facilities, and supported sound adoption laws.

Helped establish child-care centers for children of working mothers and worked to raise the standards of all child-care establishments.

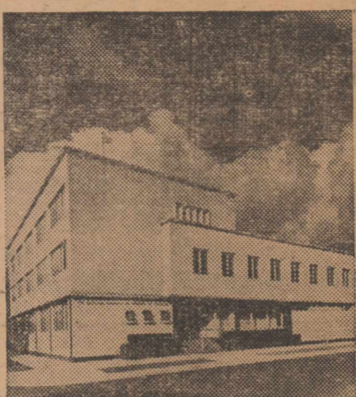

Established and supported public kindergartens until public support could be secured.

Pioneered in establishing and maintaining thousands of hot school lunch programs long before the public in general became aware of their importance.

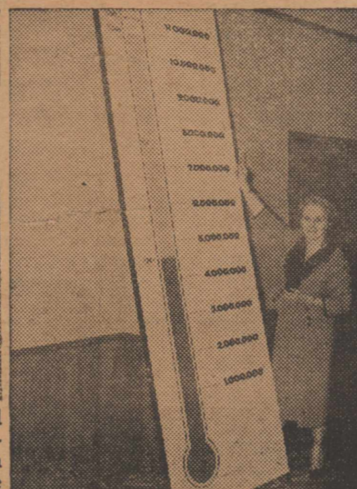

Helped to keep the schools open during the years of war and depression—an achievement for which it received a special citation from the National Education Association.

The first Board of Managers of the National Congress of Mothers (the National Congress of Parents and Teachers since 1925). Left to right, seated: Mrs. John R. Lewis, vice-president; Mrs. Adlai Stevenson, vice-president; Mrs. Theodore W. Birney, president and Founder; Mrs. Phoebe Apperson Hearst, vice-president and co-founder; Mrs. William L. Wilson, chairman of the Reception Committee; and Mrs. F. Benjamin Johnston. Standing: Mrs. Henry J. Finley, chairman of the Press Committee; Mrs. James H. McGill, chairman of the Entertainment Committee; Mrs. A. A. Birney, chairman of the Committee on Arrangements; Mrs. H. W. Fuller, chairman of the Transportation Committee; Miss Mary Louisa Butler, corresponding secretary; and Mrs. Harriet A. McLellan, chairman of the Literature Committee.

Headquarters of the National Congress of Parents and Teachers stands today at 700 North Rush Street, in Chicago. The building, dedicated in 1955, won an award from the Chicago chapter of the American Institute of Architects and the Chicago Association of Commerce and Industry for excellence in architecture.

Mrs. Rollin Brown, president, uses giant thermometer to illustrate how membership in the National Congress has more than doubled since 1947.

Teachers and officers meeting 7:00 p. m. each Wednesday evening with prayer service at 7:45.

This service is truly a prayer service each week and the results of these services are visible each week, in that lost souls come trusting Jesus. Two souls were saved last Lord's Day. We praise God for Mrs. Lou Shamblyn and Bonnie Shamblyn.

The Brotherhood and WMU are using the cold, wet days to a very good advantage this week. The men have the inside of the building, recently given to us, well under repair and will be ready for use Sunday in the Sunday School and Training Union.

The WMU has been very busily making last minute preparations for the Intermediate-Young People banquet, to be held Thursday night.

We missed several of our folk last Sunday, because of illness. However, we praise God that attendance was up again in spite of bad weather and illness.

Several of our members will be attending the Associational Training School to meet with the First Baptist Church next week. The last three days in February have also been set as a Sunday School course in our own church.

The GA's plan to meet Saturday with the GA's of the First Church for the Home Mission Study.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health, HENRY A. HOLLE, M.D., Commissioner

Austin.—The State Department of Health has been engaged for many years in the promotion of housing hygiene because of the direct relationship between insanitary housing conditions and the spread of communicable diseases.

The Urban Renewal and Slum Clearance Act of 1949 (amended in 1954) provided a means for systematically attacking the problem. The 55th Texas Legislature provided the needed State legislation.

The State Department of Health was made the official planning agency by act of Texas legislature for city planning programs undertaken by cities with populations of less than 25,000 according to the 1950 census.

Since August, 1957 (the effective date) 18 Texas cities have applied for planning assistance under the urban planning assistance program. They are Texas City, Rosenberg, La Marque, Brownwood, Irving, McAllen, Victoria, Edinburg, Mesquite, Kleberg, Mission, Deer Park, Grand Prairie, Denton, Haltom City, Greenville, Richmond and Donna.

The total cost of the planning applied for is \$504,456.50, over

\$242,000 of which will be Federal matching funds. The remainder of the planning funds will be raised by the cities.

All these cities had less than 25,000 population according to the 1959 census, which is one of the basic prerequisites under the program. However, seven of these cities have present populations in excess of this figure.

Indications are that there are other Texas cities now eligible on the basis of the 1950 census figure which will be ineligible for planning assistance after 1960.

Cities contemplating participation in the program are Linden, Mineola, Quitman and Panhandle, although they have initiated no active steps in that direction as yet. Other cities are working with a consultant, and their applications will be filed soon.

All cities with less than 25,000 population according to the 1950 census and who cannot financially bear the entire cost of planning are eligible to receive the aid offered by the matching funds. The grant may not exceed 50% of the cost of the work for which they are made, local funds making up the remainder of the cost.

Former Resident Is Outstanding Teacher

The following article taken from the Carrollton News in regard to Mrs. Lora A. Coker, the former Lora Brown of Rotan. She is the daughter of Mrs. J. A. Brown. The "Teacher of the Year" contest is being conducted by the Women's Study Club of Carrollton:

"Mrs. Lora A. Coker was chosen the most outstanding teacher of Valwood Park Elementary School because of her popularity, her devotion to duty, her cooperative attitude, her understanding of the problems of children and her outstanding work in the community as a whole.

Mrs. Coker received her B. A. degree from Baylor University and has done graduate work at SMU. She has taught 19 years in Texas schools, five of which have been in the Carrollton Independent School District. She comes from a family of teachers—her father and mother were Texas teachers as were three of her sisters.

She teaches first grade in the Valwood Park school although her influence is felt through the entire school. Last summer she taught a class, on the school porch, for the first grade pupils who needed help in reading. She also taught eight years in the Mexican Mission in Dallas.

She is an ardent church worker—having taught a Sunday School

class for several years in the First Baptist Church in Dallas.

Mrs. Coker resides at 6258 Prospect, Dallas, with her husband, Joe B. Coker, who is employed by the Federal Reserve Bank, and her son, Carroll, who is assistant personnel director of the Frito Co."

Beverly Smith, a student at T. C. U., Fort Worth, visited her parents, Mr. and Mrs. Roger Smith, between semesters recently and was joined here by Kathy Bohannon of Kansas City, Betty McGrew of Houston, Virginia Coney of Louisiana, and Ruth Ann Cox, all students at TCU. The group attended a party in Dumas later in the week and Mr. and Mrs. Smith met them in Planview Sunday and took them to Fort Worth.
