The middle of August is usually hot and dry, a time when grass mowing has slowed down, and the pace of life has too.

This year, with the much-needed rains, August has been hot, and humid.

In a month when the heat frequently shortens tempers and sends those who can in to air conditioning, the condition has been made worse because of that humidity.

Murder rates go up in hot weather...tempers flair.

Arguments and domestic disputes abound, animals, always more sensible than humans, retreat to the coolest, deepest shade around and slip into sleep.

The "dog days" have been notorious forever.

The amusing part of this is that they exist almost everywhere...no matter what the temperature.

Up in Canada they have had days of 90 degree heat, prompting them to moan and complain about the dreadful heat wave. Since it still gets down to 45 or 50 degrees at night, those of us around here fail to see their dilemma!

Where it gets up to 130 degrees they complain, and where it gets to 80 degrees they complain.

Apparently it's relative, whatever the high is, at the end of summer it is too hot!

But take a deep breath and fan a little faster, relief is closer than we think.

But the summer is almost over. Transition time is here. And transition times, whether from winter to spring, or summer to fall, affect even the most dedicated inside-air-conditioned devotee.

Within a few weeks more hundred degree days will be over for the year.

It will still be hot, but the shadows of evening will fall faster, and the air will cease to have that lung-scorching power.

In milder climes frost will occur before the end of August!

That won't be happening here without another ice age, but tempers and temperatures will be a lot lower.

The schools are readying themselves for the annual deluge of youngsters, who complain about how short summer has been.

People will re-appear on their front porches again, and the hawks of autumn will return from their summer in the north.

The hummingbirds will disappear, and the monarchs will pass through on their way to Mexico for the winter.

The wild ducks and geese will sound their lonely cries and pencil their figures against a pewter and blue sky.

The days will be shorter, the nights more pleasant and the entire pace of life will change once more.

For no matter how much we may think we can, we evade the climatic changes on this planet no more than simple creatures do.

The question is, why would we want to?

The changing of the seasons, after we've wearied of one and are ready for another, are beautifully timed, appropriate, and wonderful.

We are entering a transition period again, as people, animals and the earth have been for millennia.

Treasure it, each one is different and unique, yet miraculously part of an endless chain of continuity.

A FIRE AT THE home of Bill Proctor in the Rosalie Community has been ruled as arson to

conceal robbery. The ruling was made by the Red River County Sheriff's Department.

Several items were reported stolen from the house. (Staff Photo by Mollie Williams)

DAMAGED-Bogata Volunteer Firemen fought a blaze at the Dean Ward residence at about 11:30 a.m. Tuesday. The cause

of the fire was unknown at press time, but the bedroom area received the heaviest damage. No one was at home at the time,

but the Ward's daughter, Belva, discovered smoke coming out of the attic vent as she drove by. (Staff Photo)

THE BOGATA HOUSING Authority Birthday Club met Tuesday with Mrs. Adelen Bennett for a luncheon to celebrate the August birthdays. Those attending were Georgia

Miller, Leona Wright, Jimmie Duffee, Neet Massey, Hattie Lee Ragsdill, Vernon Pyles, Alma Lowry, Elsie Hughes, Rachel Henderson, Blanche Mauldin, Dorothy

Watkins, Adelen Bennett, Barney Alsbrook and visitors Mollie Williams, Mary Jane Lowry of Blossom and Richard Swartz of Talco. (Staff Photo by Mollie Williams)

## Highway Department Zaps Red River County

Just when a tight county budget for 1989 seemed set, the Texas Highway Department has dropped a bombshell on Red River County.

According to a letter from the THD to the County Judge seen by First Precinct Commissioner Drue Pirtle last Friday, twenty-five Red River County bridges, nineteen of them in the First Precinct, must be closed pending improvements.

"I am shocked," said Pirtle. "I think we know more about our rural transportation needs and priorities than bureaucrats in Austin or Wash-

ington. Pirtle noted that all but six of the bridges in question are in the First Precinct, which has many more creeks and more miles of roads than other precincts.

THD District Design Engineer Kenneth R. Jones will meet with Commissioners August 19 to review the new requirements.

"The First Precinct may have to request a special appropriation from the County's General Fund to deal with this," Pirtle predicted. "Otherwise, regular maintenance of our rural roads may become impossible."

## Rosalie Fire Ruled Arson

A house fire occurring Saturday night, August 13, in the Rosalie Community has been ruled as arson to conceal robbery. Pat Hastings, Criminal Investigator for the Red River County Sheriff's Department, made the ruling recently after investigation of the fire.

According to Hastings, the fire was started in a clothes closet in the master bedroom of the Bill Proctor home,

and spread into the hallway toward the bath. Most of the fire was contained in the master bedroom, hall and bath with the rest of the house receiving heavy smoke and water damage.

Mr. Proctor reported several guns, a VCR and stereo equipment stolen from the house. The case is still under investigation by the Red River County Sheriff's Department.

## Red River County Sets 1989 Budget

For the second year in a row, Red River County property taxes are coming down.

Last year, the tax rate was lowered from 63.85 cents per hundred of taxable valuation to 61.35 cents. This year the drop will be even more dramatic: from 61.35 to 55.11 cents per hundred.

Because the County's tax base--the total amount of taxable real estate--has grown, the total amount of taxes assessed in 1989 will grow.

According to Tax Assessor-Collector Juanita Benningfield, the tax base has grown from \$223 million in 1987 to approximately \$239 million for 1989.

On August 15, the Commissioners Court held a public budget hearing on the 1989 budget for the county. There was one major change--a saving--from the budget of previous years: there were no raises this year for county employees. Because of inflation, the "real" salaries of county employees will be lower in 1989 than at any time in recent years.

The 1989 budget approved on Monday totaled \$2,344,644; of thi

amount, more than \$800,000 will be applied to roads and bridges, one-fourth of the amount in Precinct One.

"Everybody on the Court--the Commissioners and I and, indeed, all of us in the Court House, are proud of the economies that have been made," says County Judge L.D. Williamson.

"Some of the cuts were painful," reports County Auditor Donna Towns. "My assistants have worked hard, and deserved to have their hard work reflected in their paychecks. I know other department heads feel the same, but it just wasn't possible under present economic conditions."

New producing oil wells, not a general upturn in business activity, are responsible for the growth in the County's tax base.

Four point ninety-nine cents of the 6.24 ad valorem tax decrease was made possible by the 1/2-cent-per-dollar sales tax levy that went into effect on January 1. Red River County voters overwhelmingly endorsed this partial shift from ad valorem taxes to the sales tax in April of 1987. The sales tax is expected to produce \$119 thousand for the county in 1989.

a.m. Juniors: August 22, 1 p.m. to 4 p.m. Sophomores: August 23, 8:30 to 11:30 a.m. Freshmen: August 23, 1 to 4 p.m.

## Lake Louise, Banff Balance Beauty And Tourism

By Nanalee Nichols

For those who chose to read our trip account last week, yes, we did end it a little abruptly. There was a closing paragraph, but it didn't fit!

Thanks to everyone who called or dropped by to tell us you enjoyed the column.

Lake Louise was one of our first stops at the lower end of the Icefields Parkway.

Lake Louise is one of the most beautiful spots in the world.

Perfectly composed, the spectacularly aqua water is flanked by deep greens fir trees interspersed with noisy little aspen whispering their secrets to one another on the slightest breeze.

This tapers to one of the most majestic mountains the imagination could conjure, perfectly set like a jewel at the end of this panorama.

The Chateau Lake Louise stands solidly at the wide end of this picture-postcard beauty, angled so that the view is available to all guests.

Colorful canoes paddle by, walks and hikes from easy to difficult weave all the way around the lake.

Artists have been painting this place for 100 years, and the present generation of painters stand with their easels trying to capture the incredible beauty before them.

After admiring the scenery we stopped at a place called Paradise

Cafe and Grocery, where the front yard was so covered with brilliant flowers that it was worthy of photos.

Cream cheese, wheat crackers and biscuits (like the English, Canadians call what we call cookies "biscuits") completed a picnic we shared with ground squirrels, jackdaws, Canadian Jays and chipmunks.

At Lake Louise Village we admired the beautiful log or lumber condos and ski resorts.

Then we had to get on down the road to Banff, where our hotel reservations were waiting for the next four nights.

Banff is much larger than Jasper, and much more tourist oriented.

Prices are higher, food in particular is more expensive, and the mosquitoes are a rival for anything the state of Texas ever produced!

Banff mosquitoes cheat, anyway. They don't whine. The first thing one becomes aware of is the actual bite. They are huge!

One drive we took along Vermillion Lakes yielded a flock of Canadian geese, a bald Eagle, and over 50 mosquito bites!

Early the next morning we took what was by far the most fascinating drive of the trip.

We had an hour and a half drive into British Columbia for the raft trip, which was on the Kicking Horse River

in Yoho National Park.

But we had allowed ourselves extra time, and it was a good thing, because along that leisurely drive we stopped to take pictures of: an entire elk herd; a beautiful Mule Deer doe, a magnificent bull Elk grazing in the trees, antlers in velvet; and several dozen roaring waterfalls.

When we had been told that the Canadian National Parks of Alberta and British Columbia were more beautiful than those Colorado and Wyoming we had scoffed.

Since most of you probably read my column last week, we'll close here, and give rafting a rest for a week!

## You can have a ladder accident and never leave the ground

Ladder safety is more than avoiding falls. Ladders conduct electricity, so they can also cause accidents around the power lines — before you ever leave the ground.

To prevent such accidents, make sure you don't snag a power line when you're carrying a ladder around the yard. Before you climb the ladder, place it away from power lines.

Aluminum and other metal ladders are especially good conductors of electricity, but you can be injured by power lines with a wooden one too.

For more information on power line safety, call or visit your local TNP office.

### Kiwanians Told Of Hospital Care For Children

Gerald Holmes of Roxton told the regular Wednesday morning breakfast at Bogie's meeting of the Kiwanis Club of the work done by the Texas Scottish Rite Children's Hospital. Mr. Holmes represents the Scottish Rite Hospital's speaker's bureau.

The hospital provides medical care at no cost whatever to Texas children. At last count 101 children from Red River County alone had been treated at Scottish Rite.

Principal James Smith will speak to Kiwanis on August 24 on the curriculum of Rivercrest High School.

Dear Editor:

After working with you on the Huddleston's ads the past two years, and hearing your crazy, corny jokes, it's difficult to write to you as an editor, so I'll just write to you as a friend. So, friend, I'm writing to share with you and many others the feeling I have for this community.

Very soon my family and I will be moving to another town and I could not leave without letting people know how much their friendship has meant to us.

Over the past eight years, I've had the opportunity through church, scouts, band boosters, athletics and school to work with some of the most generous and caring people I've ever been around. People taking the time to make Bogata a better place to live.

Since living in this area I've had a house to burn and an unexpected baby to come and be a part of our family. In both cases the community has been right there, sharing, giving showers, and doing all the things that caring people do to help out someone in need. In this present time, that's really a miracle.

Lastly, I've had the blessing to work at a place where I've met lots of wonderful people. Some with smiling faces, some with many problems, some who can lift your spirits with just a few words; and some whose caring attitude could be felt even over a grocery cart.

Truly I'm so thankful for the opportunity I've had to live in this community. It's got it's problems, but it's also got some of the best neighbors, friends and co-workers in the world and I'll miss them all.

Sincerely,  
Dee Crayton

## Cabell, Wonder and Pyeatt Get School Bids

During a regular meeting of the Talco-Bogata CISD Board of Trustees meeting held Tuesday night, August 9, bids were accepted from Cabell's Dairy Products, Wonder Bread Company and Pyeatt Gas and Oil for the 1988-89 school year.

In other business, the board approved minutes, payment of bills, accepted budget changes, the tax report and adjustment and adopted and rescinded policy statement to TASB Localized Update 32.

The drug dog program was discussed and the Board voted to contact the Titus County Drug Dog Program.

Superintendent Harold Cowley

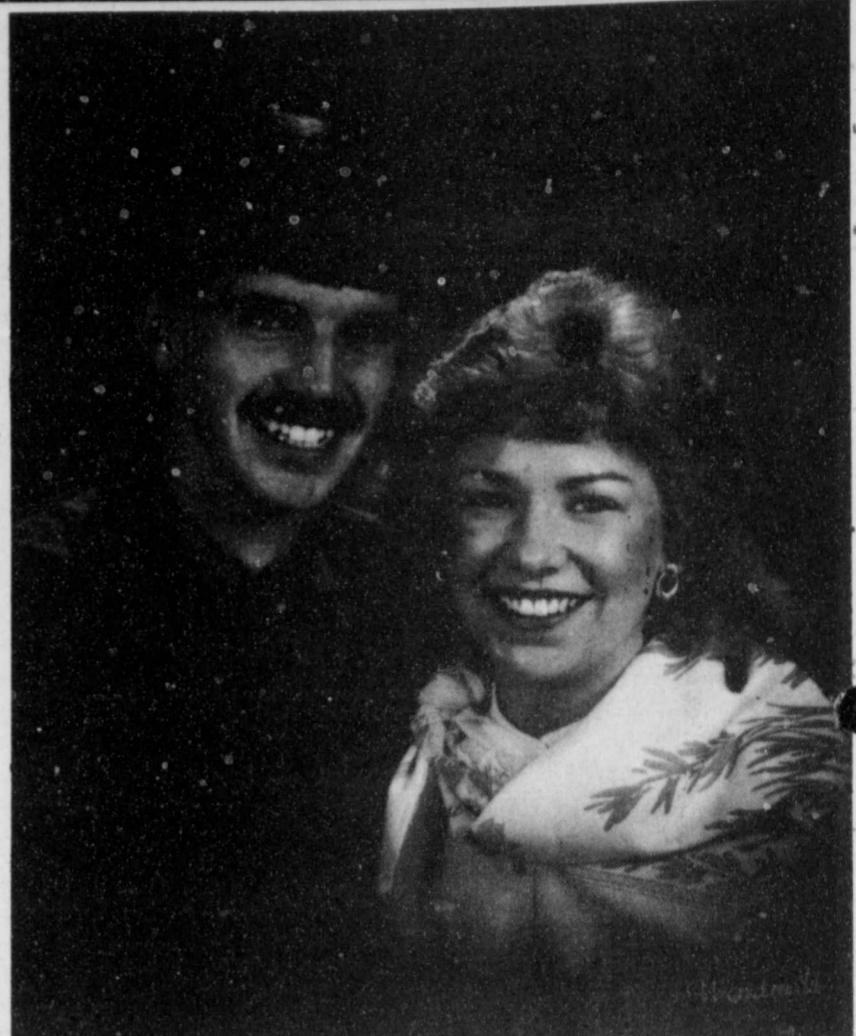

was appointed as representative to Region VIII Advisory Committee and also as Asbestos Coordinator.

The calendar designating first and second appraisal period was accepted.

August 23 at 7:30 p.m. was set as the date for the Budget Hearing and Adoption, adopting the tax rate for 1988 taxes and to adopt Amend Budget for 1987-88.

Superintendent Cowley reported on a successful summer library program and commended teachers for time given to the program.

The resignation of Keny Slawson was accepted and Shane Wilson was employed as teacher/coach for the Talco campus.

## Johntown News

By Kathy Woodall

To show their appreciation for the fine job the junior and teen helpers did with the little ones at Vacation Bible School last week at Johntown Missionary Baptist Church, the adult workers treated them to a skating party in Mt. Pleasant with cookies and cokes for refreshments Monday night. Mrs. Daniels reports that there were 45 present to enjoy the outing.

Mrs. Joyce Cox called to tell me they were visited by Don Wilson, their son, from Bogata Monday, who enjoyed supper with them.

Roberta Watts had as company, her grandchildren, Brent and Kimberly, over the weekend. Her son, Nelson Watts, visited her Thursday and Friday. He is from Gunbarrel City.

R.L. (Sonny) Williams of Mansfield visited Mr. and Mrs. Rufus Williams Thursday and Friday also.

When I called the David Potter family, Mrs. Potter reported that her father, George Green, was in the hospital in Tyler. He had been in intensive care at Mother Frances all week, but was doing much better and should be in a semi-private room by the time the paper comes out.

While in Titus County Memorial Hospital last week, Howard Potter was visited by son, Roy, his son, Carlos, his wife and daughter, Mica. Roy is from Dallas and the Carlos Potter family is from Kaufman.

Visiting last week with R.C. Hinson were his daughter, Mrs. Lloyd Burrell and her two daughters, Nicoel and Chrystal of Weaver.

Dorothy Foster's son, Marion, and his grandchildren, Jenny and Brent, visited her from Bridges Chapel.

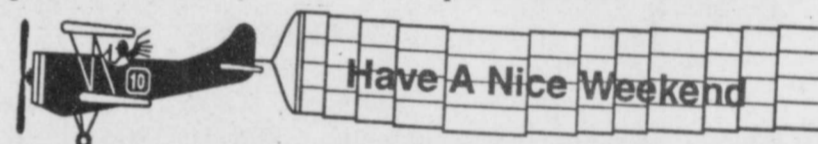

If I have not contacted you about possible news, it may be that I do not know the best time to call you, due to your working schedule or other factors. Please let me know when a good time to contact you would be. My number is 632-4633 and I will gladly add your name to my list if it isn't already on it.

Mrs. Ora Pirtle was taken by her daughter-in-law, Billie, to Bonham early last week where she met her daughter, Fredrika. They drove to her daughter and son-in-law's home in Nocona where she had a nice visit with them and their son, Lance. She also visited Mr. and Mrs. Scott Webber of Bowie.

## Junior High Boys To Get Equipment

All seventh and eighth grade boys who plan to play football can pick up their equipment at the Rivercrest Field House on Thursday, August 25 at 6 p.m.

Physical forms may be turned in at this time, also. All participants are reminded that their physical forms must be turned in before they can practice football.

### Johntown MBC Holds BVS

The Johntown Missionary Baptist Church enjoyed a great week of Vacation Bible School last week. Sixty-one pupils and twenty-one workers were enrolled during the week.

Out of these sixty-one, there were forty who received a certificate of perfect attendance and sixteen who missed only one day. Of these fifty-six, fifty-three attended and partici-

ated in the closing program on Friday night.

The Juniors and Teenagers presented a musical, "Positive I.D." and did an outstanding job with their performance. The pupils had worked on the musical during the week instead of doing handcraft.

Those in the classes from preschool through primary studied the life of

Joseph with the theme for the week being "Faithful Like Joseph". On Friday night they sang some of the songs they learned, as well as some of the old ones, for the closing program.

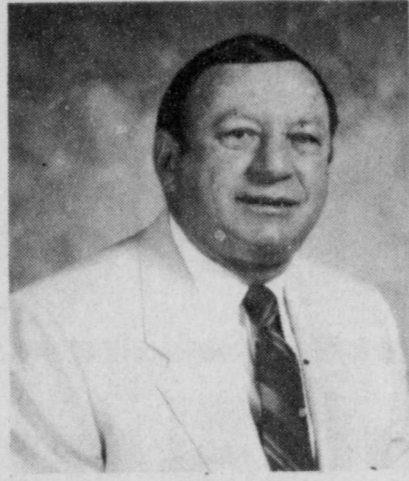

The Friday night closing was well attended with approximately 120 present.

THE FIFTH through eighth graders at the Johntown Missionary Baptist Church Bible School practiced each night on a

play which they presented during the program Friday night, August 12. Teachers for the

classes were Freda Jean and Mary Lou Daniels. (Photo by Kristi Cawley)

COMMENCEMENT exercises for doctoral students will be held at East Texas State University on Friday, August 19 at 8 p.m. at the ETSU Memorial Stadium. James W. Smith, Principal of Rivercrest High School, will receive his Doctor of Education Degree from the Department of Secondary and Higher Education with a major in Educational Administration. He has formerly held positions as junior high principal for the Clarksville School District, superintendent of schools for the Como-Pickton Independent School District, principal at Bogata Elementary and Junior High School and is currently High School Principal at Rivercrest High School.

### Open House For Lawsons

An open house was held on Saturday, August 13 for James and Duanna Lawson. Guests were greeted by James and Duanna and tours were given of their new home.

An arrangement of silk flowers in blue and yellow, a gift from the hostesses was used as the centerpiece on the serving table covered with an ivory cutwork cloth.

Punch and homemade cookies were served. Many useful gifts were received. Hostesses were Robin Harville, Lynn Knight, Frances Gibson, Kim Kelsey, Ginger Foster, Sherri Cheatwood, Charlotte Onley and Cherly Banks.

### Ordinance Prohibits Hog Raising In City Limits

An ordinance prohibiting the raising of hogs within the city limits was approved during the regular meeting of the Bogata City Council on Monday, August 8. The ordinance is to be read again and adopted at the September meeting.

A 3% tax increase was approved by the Council, making the tax rate for 1989 .378. The 1988 effective tax rate is .367 as set by Red River County Appraisal Board. The 1987 tax rate was .325.

In other business the Council voted to amend the sewer ordinance, approved the purchase of a backhoe, and a pay raise of \$25.00 a week for a city employee who received his C license in wastewater in July.

City Judge Mildred Eudy reported two reckless driving, one exhibition of acceleration and one theft of service (water).

City Mayor W.T. Harbison reported the curb has been cut out by the side of the drug store for wheelchair access.
