We have become NON-PEOPLE. That's just about the only word for it. We count for nothing...we don't exist, and we can't be called on the telephone except by a select number of people...namely those who know our home phone number or keep very old phone books.

We now have the distinction of being left out of the Contel telephone book and (for the third straight year) the "Paris Area" phone book.

It all started when the Paris Area book failed to list our phone number back in 1987. We politely called these folks and were assured that the error would be corrected. Of course, there was nothing that could be done about it in that issue.

We were still in Contel's book, so we didn't worry about it too much.

Then the next issue came out. Once more we called and were told that it was probably the fault of the phone company. It seems that the Paris Area book consists of listings purchased from Southwestern Bell, Contel, etc. The listings are therefore one year old before they come out in the Paris Area book!

But, I said, we are listed in the phone company book, how come we got left out of your book?

She didn't know. Then the Contel telephone book came out for this year. Guess what? No listing for Thomas Nichols!

I called Contel and a very nice man apologized and looked up our number. He told me we didn't exist! I told him that was funny, because they managed to find us once a month at billing time!

He said that our "data base" showed only that we had had a phone installed back in 1972...and he didn't blame us for being upset at not existing.

Very carefully he restructured the data base to reflect our existence. Of course, we'll have to wait for a year to see if we really do!

Then Monday morning arrived, and with it the new Paris Area phone books. No listing for Thomas Nichols.

I called. The girl listened to my tale of woe and transferred me to someone else.

The someone else informed me in haughty tones that we didn't exist...the data base they had purchased didn't include us. I explained the whole thing.

She said "we cannot correct...if you aren't in the data base we purchase you aren't in the data base...there is absolutely nothing we can do about it".

To say I was irritated puts it mildly. The people at the phone company were helpful, rational and apologetic. This woman made me feel as if we had done something wrong!

So here we are, we aren't in the data base...we aren't in the phone books, we don't exist.

It feels funny...this not existing. I feel real, I look in the mirror and every excess pound of me looks back! We walk, talk and pay bills...even phone bills...yet we don't exist. Somewhere out there in the big wasteland of computers we aren't in the data base.

Oh woe is us! In the meantime, if you need to call our number is 652-5823. (I wonder if OUR computer will manage to print this number out...surely we're in IT'S data base!)

Texas Jobless Rate Lowest Since 1984

The number of unemployed Texans has not been this low in the last four years according to Mary Scott Nabers, Commissioner at the Texas Employment Commission. "We have seen a continuous decline in recent months and our latest statistics place the state rate at 6.2% in mid-December. That's the lowest rate Texans have seen since December of 1984," Nabers said.

By way of comparison the September rate was 7.1%; October statistics indicated 6.8%; November's rate was 6.6% and in December a decline to 6.2%. The last time the rate was below 6.2% was in December 1984 when it was 5.6%.

The total number of jobless Texans dropped by just over 33,000 in December, to a level of 518,900. The

over-the-month decrease was encouraging, but unemployment has been gradually declining throughout most of 1988. Total employment decreased moderately over the month but was still almost 100,000 above the year-ago estimate.

The majority of the 27 Metropolitan Statistical Areas in Texas for which statistics were currently available mirrored the Statewide pattern, with unemployment decreasing in December. Only four major areas had rates which rose over the month, while one MSA's jobless rate remained unchanged. The current rates for four MSA's were slightly above their December 1987 rates, and one area's rate was the same as the year-ago rate. All other MSA's had lower rates this December than they re-

ported a year earlier.

Areas with the lowest unemployment rates included: Bryan-College Station, with a 3.9% rate in December; the Dallas PMSA, at 4.8%; and Austin, with a 5.0% rate. Three areas tied for fourth-lowest rate: Amarillo, Ft. Worth-Arlington and Lubbock all had December rates of 5.2%.

Only three MSA's had rates in December 1988 above 10%-McAllen-Edinburg-Mission's current rate was 16.4%, the highest among the MSA's. Laredo's December rate was 12.6% and the Brownsville-Harlingen MSA's rate was 10.8%. Rates in these border areas generally tend to be higher than average, and unemployment normally increases in the winter months due to migrant workers returning to their homes there.

High Speed Chase Tears Through Three Counties

What began as a theft of services in Mt. Vernon on Sunday night quickly escalated into a high speed chase that lasted 45 minutes and involved 20 law enforcement officers from four counties. Four roadblocks were run before the chase ended in arrest.

The chase began when a Mt. Vernon store called the police to report that two white males in an orange Firebird bearing Florida license tags, had filled the vehicle with gas and driven off without paying for it.

When the police officer attempted to stop the pair, they fled northward on Highway 37, and he began to call in help.

The Texas Department of Public Safety asked for a roadblock at the intersection of Highway 7 and Highway 271 in Bogata, but the fleeing subjects ran through the intersection without even hitting their brakes.

Constable Randy Boren of Pct. 1, Lamar County, was behind the Mt. Vernon officer and Lamar County and Red River County deputies were pouring in.

Speeds were clocked up to 110 mph, and never dropped below 70 or 80 mph during the entire chase, according to reports.

Roadblocks at Clarksville and DeKalb failed to halt the vehicle. The DeKalb roadblock had been set up with a trailer truck across the roadway, but a tiny space between the trailer and a culvert offered just

enough space for the car to get through.

Law enforcement officials report it was like a movie, with a line of flashing lights following the suspect as it drove cars off the road, passed and generally created havoc.

At one point, the driver of the Firebird actually rammed DeKalb's Chief of Police Carroll Dubson's car.

Franklin, Lamar, Red River and Bowie County officers continued the chase which ended at a roadblock just outside of New Boston.

Mt. Vernon Chief of Police Franklin Perry stated, "I could see them tossing things out of the car towards the end, but there was no way to mark the locations, and it wouldn't be usable evidence anyway, since we wouldn't be able to prove it belonged to them."

Gary Lee Kirkland, 17, and a 14-year old white male companion, both of Pensacola, Florida, were arrested and charged with aggravated assault on a Peace Officer, after ramming the side of DeKalb's Chief of Police's car.

Kirkland has since charged with theft of services, reckless driving and fleeing by city police authorities in Mt. Vernon.

Kirkland is believed to be wanted on charges in Florida but no official confirmation had been received as of Wednesday morning.

Cemetery Benches Being Constructed

The benches under the pavillion of Bogata Cemetery are presently undergoing reconstruction and repair.

The benches are being taken a few at a time in order to leave enough for services during the repairing time.

Roundball Roundup

By Gary House

District 17AA has been called the strongest loop in Class 2-A basketball in Texas, in both boys and girls' divisions. Six of the seven schools have played in the regional finals at least once, while two girls teams have won state; in addition, four boys teams have gone to state at least once. In 1987, for example, the first and second place teams of District 17AA played each other in the regional finals, a game away from state, in both boys and girls' classifications. For this reason, the games played last week, though fewer in number, bore a heavy impact on the District race.

Varsity Boys:

The Rebels were slated for only one game, but that was against the big, quick, and fast Chisum Mustangs. The Mustangs are one of three District 17AA teams to be ranked among the top ten in the state at some juncture of this season. The Mustangs came to Johntown looking to wind up the first half of loop play undefeated, sporting a 5-0 mark. The Rebels assumed the role of underdog in the tiff, with a 4-1 record. But when the smoke had settled in this barn-burner, the Rebels had soundly beaten the Mustangs, 67-56, creating a three-way tie atop the District chart, as Rivercrest, Chisum and Honey Grove (the team that beat the Rebels) have 5-1 tallies.

As usual, the Rebel victory was a team effort. All five Rebel start-

ers ended the night in double figures: Bradley Woods had 18 points, Jeremy Abshier 14, Jimmy Lewis, 12, although he sat out much of the second quarter with an ankle injury, Scooter Brown 10 and Jason Pogue, 11 points.

The Rebels dogged play under the boards set the tone for the game. Jason Pogue, the towering junior post, who seems to improve with each outing, outplayed Chisum's 6'5" all everything, Corey Sims. The Rebels outscored the Mustangs 29-19 in the last quarter to take the game out of reach, but they had to overcome a five-point advantage by Chisum midway through that period. The win for the Rebels knotted the series record between the two schools at three apiece.

The Rebels were able to savor the win, since they were open on Friday night. The needed respite also gave a chance for some nagging injuries to heal.

Varsity Girls

"Almost" is the word summarizing the Rebelette season. Two weeks ago, this steadily improving unit almost beat a top ten ranked team. Last week, the Rebelettes came within several seconds and a single point of beating a very strong Chisum Lady Mustang team, which came to town with a 17-5 and 6-1 record. This one was close all the way, with the Rebelettes overcoming a 9-point Mustang lead late in

the game, only to suffer a 71-70 loss. The Rebelettes were driving for the winning shot with three seconds left when a costly turnover thwarted their effort. Rosie Norman had 17 points, while Krista Weatherall added 15, mostly from the outside, and Jerilyn Russell complimented her with 10 more.

Although scheduled as a varsity contest, the Rebel coaching staff opted to rest the principal varsity performers, and to allow the game against Mt. Pleasant to be played by freshmen, junior varsity and varsity girls who often get little game time, even though they work as hard every day. Except for a first quarter lull, the squad played well, before falling 60-51 to the Tigergettes. An interesting note is that the junior varsity unit owns a 17-4 season record, with all the losses coming to varsity teams. This fact speaks well of the promise for future Rebelette fortunes.

The Rebelettes fought gamely back from an 18-2 first period shell-shocking, cutting the margin to only five near game's end. Julie Stewart scored 11 points as she took charge. Sophomore Katy Ross scored most of her 11 points from under the basket, either on passes or offensive rebounds. Shane Webb hit for eight points, including a three-pointer at the close of the third period.

Both varsity units play at home Friday night against Cooper.

VFW Scholarship Offered

Five hundred dollars will be given to Rivercrest High School no later than April 1 of this year, to be awarded to a graduating senior.

A scholarship certificate will be awarded to the chosen student during the awards assembly. A certified check will be made out payable to the student and the college or technical school of their choice.

1. The student must have a "B" average. That is a "B" average as defined by the student handbook.
2. The student must fill out the proper application forms.

3. The student will be interviewed by the Scholarship Committee made up of the School Counselor and others.

4. The winner of the Lions Scholarship is not eligible to receive this scholarship.

Some of the things the student will be judged on will be school activities, citizenship, conduct, community activities and conduct in the community.

Applications are available at the Rivercrest High School office.

Grand Jury Returns 31 Indictments

The Red River County Grand Jury returned a total of 31 indictments, including 16 sealed indictments involving various narcotics charges.

At least eight of the indictments were in connection with the raiding and dismantling of three drug manufacturing laboratories found in Red River County by the drug task force.

Red River County law enforcement officials arrested one person Thursday that was indicted Wednesday by the Grand Jury.

Sheriff Robert Storey said Vincent McCain was picked up and charged with delivery of a controlled substance. McCain's bond was set at \$20,000.00.

McCain is one of 20 persons named in drug-related indictments. The indictments stem from work of the Regional Controlled Substance Apprehension Program that has been operating in Red River and Lamar counties for a year.

Booster Club Meets

The Rivercrest Booster Club met Monday, January 30 at the Rivercrest High School.

Plans were made for a chili supper to be held February 10 at 5 p.m. in the Rivercrest Gymnasium. Meals will cost \$3.00 for adults and \$1.50 for children. Chili, crackers, condiments and coffee or tea will be offered to adults, children may choose a bowl of chili or a chili dog.

Other concessions will be available. Dessert and soft drinks will be extra.

There will also be a silent pie auction. Booster Club members are asked to donate their time, money or food for this event. Each member will be contacted with a request for help.

Everyone is invited to come out and help make our chili supper a success, and enjoy the Rivercrest and Honey Grove game.

Winter Pastures Stretching Feed Dollars

Warm weather in both December and January has resulted in better than normal growth of winter pastures.

"This is a fortunate situation since most producers have a limited hay supply," said Dr. Sim A. Reeves, Jr., agronomist for the Texas Agricultural Extension Service. "For those who have winter pasture, hay usage has been reduced about 50% and the quality of nutrition has been better."

Limited grazing helps stretch growth and grazing over a longer period. However, it should be regulated by the number of cattle and the amount of forage available if opti-

mum use is to be realized. Reeves said that while grazing winter pasture is a good time to utilize low quality hay.

The heavier winter pastures are grazed, the quicker fertilization will be needed. "Watch for signs of nutrient deficiency," Reeves said. "Fertilize by the color of the forage and not by the calendar."

During the winter when growth can be limited by low temperatures, do not fertilize too heavily at one time. Light applications as needed will produce the most forage for the fertilizer dollar.

Everybody Wins!

Are you ready for some good news? If so, we encourage you to continue reading, because Contel has some news that could make you stand up and cheer! Beginning in January 1989, Contel will kick off an ambitious program designed to improve service and lower rates. It's a program that's made possible through 1986 Tax Reform Act. And the savings that Contel received are being passed on directly to you. It's a win-win situation and here's what we're going to do...

- **Offer total one party service.** One party service will be available in all areas within three years. If you're currently a multi-line customer, you can soon receive one-party service at a lower rate than what you would currently pay. You'll be notified when your area is about to convert to one party service.

- **Lower your monthly phone bill.** In your November and December bills, you should have received a decrease in your access line charge and a toll credit.

- **Establish new flat rates.** Once your area converts to one-party, mileage charges will be eliminated and a uniform flat rate for telephone service will be established. If you're a customer living outside the base rate area, your savings could be substantial.

- **Establish a lifeline program.** If you're a head of household customer with an income below the federally mandated poverty level, you may qualify for a credit on your Subscriber Line Charge. Look for details in your phone bill.

So that's the good news! And it's a situation in which everyone wins. For you, our customer, it means lower rates, better service and improved equipment.

Look for further information on this new program in your phone bill and get ready to celebrate. Because with our new service plan, everybody wins!

Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by drought conditions which occurred January 1 through August 31, 1988 and continuing, are being accepted at the Farmers Home Administration office in Clarksville, FmHA County Supervisor Frank B. Stroud said recently.

Red River County is one of 89 in Texas recently named by Secretary of Agriculture Richard E. Lyng as eligible for loans to cover part of actual production losses resulting from the drought conditions.

Stroud said farmers may be eligible for loans of up to 80% of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

*Applications for loans under this

emergency designation will be accepted until August 29, 1989, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing an possibly over into the new farming season," Stroud said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Clarksville is open from 8 a.m. to 12 noon and 1 p.m. to 5 p.m. Monday through Friday and is located at 1608-A East Main Street. The telephone number is 427-5646.

An intermediate bridge for persons with basic bridge skills will be offered beginning Tuesday, Feb. 7. The class will meet from 7 to 9 p.m. each Tuesday for nine weeks. Fee is \$35.00.

A beginning smoking class will begin Feb. 7. The class will meet from 9:30 a.m. to 12:30 p.m. or from 6:30 p.m. to 9:30 p.m. on Tuesdays for two weeks. Fee is \$20.00 which does not include supplies.

A wax carving course will begin Tuesday, February 7. The class will meet from 4 to 6 p.m. Tuesdays and Thursdays for three weeks. Fee is \$20.00.

A dying and death program will be presented from 8 a.m. to 5 p.m. Wednesday, February 8. The program will be presented by Dr. Billy Roland and Dr. Bert Strom. Fee is \$25.00.

A medication aide refresher course will be offered from 8:30 a.m. to 5 p.m. February 9. Instructor is Kathy Goodin, RN and the fee is \$20.00.

An "Heirloom Sewing Techniques" class will be offered Thursday, February 9. The class will be offered at two different times, 9:30 a.m. to 12:30 p.m. or 6:30 to 9:30 p.m. Fee is \$25.00 which includes supplies.

An "Advanced Q and A Database" computer course will begin Friday, February 10. The class will meet from 1:30 p.m. to 4:30 p.m. on Fridays for five weeks. The instructor is Cindy Wright and the fee is \$75.00.

Registration can be completed at the Continuing Education Office on the PJC campus.

VOLLEYBALL-The Church of God of Prophecy of Sugar Hill held a volleyball tournament Friday and Saturday in Sugar Hill. Thirteen teams entered with Naples men taking first

place and Talco men receiving second. Kathy Thompson's ladies team won first place with Omaha women taking second. It was a fund raising success. (Staff Photo by Nancy Brown)

You talked

Through a survey conducted last year, you and other customers of Texas-New Mexico Power Company said you wanted to save energy. But, you said, you didn't want to have to make large investments in energy-efficient appliances to achieve this savings. You asked us to tell you how to save energy without spending much money.

We listened

To show we heard your requests, we'll be running a series of advertisements telling you how you can save energy with no-cost and low-cost measures during the next 12 months. Brochures with information on energy savings are also available in our local offices.

We hope this series will help you find new ways to save energy.

Thanks

It's our way of thanking you for your help with the survey and telling you that we've listened to your requests.

Sugar Hill Girl Scouts Hold Investiture Ceremony

Daisy Troop 212 and Brownie Troop 213 held investiture ceremonies Saturday, January 21 at the Sugar Hill Community Center.

Troop members, along with their leaders Jeanette McCoy, Patrice Tidwell and Lavin McCoy, welcomed family and friends to the ceremony.

Daisy Girl Scouts entering Troop 212 were Brianne McCoy, Annette

Chancellor, Jacque Tidwell and Mitzi Holt.

New Brownie Girl Scouts Wendy Gentry and Brandi Randle also received their first earned badge, the Girl Scout Ways Try-It patch.

Girls in these two troops live in Sugar Hill and are members of the Harts Bluff-Sugar Hill Girl Scout Neighborhood.

FOOT CARE

by
Dr. Max Weinberg
Podiatrist

INGROWN PROBLEMS

Ingrown nails, or nails that begin to cut or grow into the skin, are one of the most common foot problems among older people. Ingrown toenail occurs most often in the large toe, but other toes can also be afflicted. Sometimes, ingrown toenails are so painful that a person cannot wear shoes. Untreated, an ingrown nail can break through the skin, leaving a toe vulnerable to infection. Any infection should be treated by the podiatrist immediately because infection can spread into the rest of the body. Left untreated, ingrown toenails can also cause the tissue around the nail to thicken and become painful. A nail that is C-shaped when viewed from the front should be looked at by the podiatrist before attempting to trim it.

Any chronic symptom can be a sign of a more serious health problem. IN the case of fungus nail, it can be an early sign of diabetes. If you notice any nail discoloration without having bruised the area, it is best to have it checked. As in any case, it is best to begin a treatment of a problem in the early stages of its development.

This has been presented as a public service to promote a better awareness of the benefits of podiatry by the office of MAX R. WEINBERG, D.P.M., PC.

Mr. and Mrs. Carl "Bunky" Smith

Bogata Locals

Weekend visitors of Gene and Zelma Mauldin were Susie and Kevin Meredith of Ashdown, AR, Charlie, Tricia and Carey Martin of Bridges Chapel, Kenneth, Phyllis and Todd Duffer, Jettie Minshew, James and Burnice Beers, Linda, Marty and Jodie Gray of Bogata and Jeremy Abshire of Talco.

The Gilbert Huddlestons and the Buck Ramseys have returned after a month in the Rio Grande Valley at Canyon Lake Resort in Mission.

Mike and Terri Bell, Jamie and Scotty of Plano, Larry and Lou Hanna of Tyler and Weldon and Frances Mears of Sulphur Springs visited over the weekend with Ricky and Sherri Cheatwood, Clinton and Cody and Chris and Eyvette Alford and Collin.

Attending the funeral for Raymond

Roach in Paris Saturday from Bogata were Ruth Reynolds, Mr. and Mrs. M.E. Roach, Mr. and Mrs. Ralph Cawley and Mollie Williams.

Mikel Haynes and Robin Harville were in Longview Saturday to shop and had lunch with Becky Rolan.

Mr. and Mrs. Ralph Cawley and Kristi and Mr. and Mrs. David Rolan of Cuthand attended the birthday of their grandson and nephew, Phillip Rolan, in Longview Saturday evening.

Visiting Mr. and Mrs. Don Roach and Mr. and Mrs. Roy Lee Hutson over the weekend were Mr. and Mrs. Bill Jeffries of Ponca City, OK and Mr. and Mrs. Boyce Scoggins of Dallas. Mrs. Vera Craddock was also a supper guest of the Roachs.

Mr. and Mrs. Mike Williams,

Mr. And Mrs. Carl Smith Selected Outstanding Conversationists This Year

Mr. and Mrs. Carl B. (Bunky) Smith were selected by the Board of directors of Red River County Soil and Water Conservation District as Outstanding Conversation Rancher. Bunky and Floy were chosen because of the fine job they do of raising cattle and taking care of the land.

Bunky, 61, operates the 1,400 acres as a paying proposition. He is not a hobby rancher and needs tax "write-offs". Floy also helps on the ranch as needed and takes care of a full time job in Bogata. They have a daughter, Patti, who lives in Longview, and a son, Monte, in Crowley. Monte has purchased 90 acres adjoining the ranch and hopes to someday buy more land and join his dad in the ranching business.

A friend of Bunky's said, "Bunky runs a ranch with less help and less equipment than anyone I have ever seen." He has no hay equipment. A friend of his cuts the coastal and common bermudagrass meadows that Bunky has fertilized, and puts the hay in the bam on a turn-key basis. All of his hay is square bales and he feeds every other day with cubes a sprotein and keeps plenty of mineral in the trough at all times.

Fertilizer is used only in establishing pasture and getting it off to a good start. He is depending on Bermuda, Bahia and Linn grass, and he also has some Fescue and Clover scattered over the place to supplement winter feed.

He uses some weed killer mostly spot spraying, and his shredder to keep his pastures in good condition. Smith says, "The key to production is not to overgraze, but the drought this year really stretched us thin. The old saying, Out of grass, out of business, is certainly true."

The Beefmaster breed is his type of cattle. Bunky runs 100 registered cows and 150 stocker cows. He has some of the lineage of the "Lassiter Beefmaster", Fullfurrias, TX, that was

the original foundation herd for the Beefmaster Registry. Right now, Bunky is taking the top 15 bulls and selling for herd bulls each year. He also keeps the top 25 heifers as replacements and sells the balance weaning calves through the local sale barn. He likes for the calves to be born from October 1 to April 1.

"It would be rough on a young man starting out now," he says, "because land and cattle has sky-rocketed and the interest rate is so high."

With 10 ponds on the place that the Soil Conservation Service has assisted him in building, he is certainly an enthusiastic supporter of SCS and has been a cooperator since 1951. "Thirty-eight years of good working relationships with SCS is certainly a record to be proud of, and I'm not even thinking about retiring, therefore, we hope to have many more years of cooperation with the Soil Conservation Service."

las spent the weekend with their parents, Mr. and Mrs. John Howison.

Mr. and Mrs. Winford Hudson of Oklahoma City were recent guests of his mother, Mrs. O.W. Hudson.

Mrs. Mildred Morris of Mindota, IL spent last week with her mother and brother, Mrs. Lallie Cooper of Red River Haven and John Paul Cooper of Paris.

Roy Tillman is a surgery patient in McCuiston Hospital in Paris.

Mrs. Hazel Cheatham of Redwater was a guest last week of Mrs. Emmie Mitchell.

Mrs. Madeline Phifer is a heart patient at Baylor Hospital in Dallas.

Mr. and Mrs. Harley Vaughn of Richardson and Mrs. Reba Bell of Clarksville were weekend guests of their mother, Mrs. Mae Alsbrook of Red River Haven Nursing Home.
