Joseph Thigpen Takes Oath

Joseph E. Thigpen, 27-year-old graduate of Haskell High School, received confirmation Thursday morning that he had passed his bar exam from the State Bar of Texas. He will be returning to Haskell where he will be associated with the law firm of Ratliff & Ratliff.

Thigpen received his Bachelor of Science Degree in Agriculture and Business in 1970, from Abilene Christian College (ACC). While attending ACC, he enrolled in Texas Tech School of Law in Lubbock, where he received his Doctor of Juris Prudence in December of 1972.

Thigpen, son of Dr. and Mrs. Joe E. Thigpen of 701 N. Ave. L in Haskell, comes from a long line of lawyers, since his great grandfather, Judge L. D. Ratliff, who came to Haskell County in 1921.

Square Dancers To Kick-Off Annual Frontier Days and Jaycee Rodeo

A large number of local and visiting square dancers are expected to be on hand in Haskell Monday night, May 14, to officially kick-off the annual Frontier Days Celebration and Jaycee Rodeo. Leon Ivey, veteran square dance caller who resided here for many years and presently living in Munday where he is manager of the Lone Star Gas Co., has advised that he is expecting a large delegation of dancers from over the Big Country for the gala festivities on May 14th. Ivey, who could easily be classified as one of the

most outstanding callers in the Southwest, is also an instructor and is presently conducting classes in Haskell, Munday and Merkel. He estimates that he has taught at least 200 men and women the art of square dancing during recent years.

At this writing, some of the visiting clubs expected to be here are, the Knox Prairie Promenaders, the Levis and Laces of Merkel, some from Abilene, and of course, the local dancers who will be playing the role of host for the occasion.

One of the special events held each year for square dancers is the National Convention held each summer in Ruidoso, N. M. Last year some 40 couples from Haskell participated, having been exceeded in numbers only by El Paso which is located much closer to Ruidoso than Haskell.

Other dancers are expected to notify Frontier Days Celebration officials before the May 14th date rolls around, that they will also be here. Everyone is especially invited to mark this date on their calendar and be in Haskell for the old time square dance which will be held on the Southeast side of the business square in downtown.

The Last Indian

Anyone who has even been exposed just a little bit to Texas History will realize that a hundred or so years ago in this particular area of the Lone Star State, that Indians far exceeded the cowboys in numbers. However, time has a habit of changing and today the trend has reversed itself with cowboys being much greater in number. And, this includes the fact that the so called "Windshield Cowboys" who ride the modern range in \$4,000 air conditioned pickup trucks, are deleted from the total number.

About 100 years ago the Kickapoo, the Apaches and the Comanche Indians, under the leadership of their great Chief Quanah Parker, were known to have frequented Rice Springs which still flows, rather spasmodic at times, through the City Park in Haskell. Consequently, it is easy to understand that the cowboys and other early day settlers were just a little bit cautious and formed the habit of peeping over the hill

before riding down on the other side. This could have easily been due to the fact that they did not relish the style of haircuts which the Indians enjoyed giving to anyone who had the audacity to venture onto their buffalo range.

As Haskell citizens make ready for their fifth annual Frontier Days Celebration and Jaycee Rodeo, indications are that there will be hundreds of cowboys thronging the streets for the gala festivities scheduled. About half of this number will be real ones who will be competing in the various rodeo events. The other half might be classified as "Dudes" because they limit their western activities to riding in parades and grand entries.

On the other hand, as far as is known at this time, there will be only one real honest-to-gosh Injun here when the week's Celebration kicks off Monday night, May 14.

This "lone" Indian will be here for the pure and simple

reason that this is her home and no matter how many tough cowboys come to town nor how many covered wagons top the horizon, she has no intentions of playing the role of the Vanishing American.

The aforementioned person happens to be Mrs. Berta Morrell, who has lived in Haskell for the past seven years with her husband who is in the retail business. Given the name of "Loose Arrow" by her parents at birth, she is a member of the Pueblo-Navajo tribe of Indians who live in the vicinity of Taos, N. M. Very few local folks are aware of her maiden name and she is referred to by her many friends as "Berta" or Pocahontas.

Her original home was in Alamosa, Colorado, but she received her formal education at the Loretta Heights Indian School in Santa Fe, N. M. It was here that she graduated from high school and took an additional two year course in what was then called a finishing school in preparation for the varied and interesting career she was to follow in life. The Indian children roomed and boarded at the school because of the long distances from their homes. They returned to their parents and homes only at the end of the school term. The highlights of Mrs. Morrell's childhood are recalled by her as being the summer months or vacation time when her father took her into the Colorado Mountains near Durango and Pagosa Springs. Here he taught her the art of camping out for weeks at a time and the names of the trees and shrubs native to the area. One of her fond memories is visiting the beautiful plateau which was covered with orchard farms, and which is now the Atomic Missile Site near Los Alamos, N. M.

Berta is aware of only one living relative, an aunt on her father's side of the family who is now 83 years of age and lives in the Taos region of New Mexico. Her father was the grandson of Chief Manuquito of the Navajo Tribe but no facts were ever known concerning her mother's side of the family.

Legend has it that her Grandmother, Mother and Mother's Sister, when small, were found abandoned on the prairies by Spanish cowboys riding for the Salazar Ranch. Her father was reared in the home of the well known Springer family of Springer, N. M., and it was here that he received his formal ed-

She is a member of the Paint Creek Methodist Church, Paint Creek Home Demonstration Club, and several other clubs. She has adopted two elderly men at one of the local rest homes and visits and caters to their needs. Her hobbies are quilting and sewing.

Judge Roberson recognized the Gold Star 4-H Boy and Girl. Carol Dudensing of Sagerton is the Gold Star Girl. She has been a 4-H member for eight years and has carried projects in Clothing, Foods, Swine, Poultry, Grooming, Home Improvement, Agriculture, and Leadership. She represented Haskell County in the District Food Show and District Dress Revue. She has received County Medals in Home Economics, Dress Revue and Dairy Foods. She has served as club reporter, president, secretary and has been a member of the County 4-H Council. The Rule sophomore is the daughter of Mr. and Mrs. Wallace Dudensing.

The Gold Star Boy is Kyle Wilfong, son of Mr. and Mrs. Andy Wilfong of Haskell. Kyle has been a 4-H member for six years and has carried projects in beef cattle, photography, public speaking and home improvement. Kyle has shown beef cattle in major shows in Texas. In 1971 he had the Reserve Champion Hereford steer in Houston and Amarillo. He won the Showmanship Award in the 1971 Haskell County Fair Stock Show. In 1972 he placed 2nd in the District Public Speaking contest and represented District III in the State Public Speaking contest at Texas A&M University. On April 28 he will again represent Haskell County in the District 4-H contest in Public Speaking.

Mrs. J. P. Perrin of the Joeset Home Demonstration Club reviewed the Home Demonstration Council and Club Achievements for the past year.

Following a luncheon, Mrs. Ray Perry of the Paint Creek Club narrated a Style Show that consisted of club members modeling garments they had made and showing sewing skills they had learned in Club work.

Mrs. Frank Spencer enjoyed having five of her grandchildren and some of their friends visit at various times last week, during their spring breaks from college. From Dallas, Lyn Swindell, Bruce Tyler and Lara Tyler, visited. Spencer Tyler from Sam Houston State at Huntsville, was here a few days. Kay Spencer, a senior at Radcliffe in Cambridge, Mass., and her fiancé, Bill Bowman, a senior at Harvard, brought another friend, Lewis Gordon, also of Harvard.

Mrs. Dewayne Moore and children of Whitney.

Lots 'n lots of our college students made it home for the Easter holidays. And we welcome Aaron Edgar of Munday, who is serving as printer in the back shop this week, in the absence of Don Comedy, who is on Navy duty in Mississippi. Poor Aaron! I no more than get a column written about his retirement, than we ask him to help out here again. He did go fishing over the weekend, though, but didn't bring back any big fish stories.

Mr. and Mrs. Bill Comedy spent the weekend in Midland visiting with the Gerald Talkingtons and the Ralf Gregorys.

The Haskell Free Press enjoyed touring Troop 467 Haskell Girl Scouts and their leaders, Mrs. Jerry Kuykendall, Mrs. J. D. Adams and Mrs. Frank Moeller through the plant a couple of weeks ago. The girls seemed fascinated with much of the machinery, but mostly the "windmill" Heidelberg press. Kuykendall, Connie Sheets, Kristie Hannsz and Susan Weaver.

John Kimbrough says his next trip is impossible to come to the Post Office without his beautiful Irish Setter in the back seat

of the car. The dog loves to ride, and thinks the back seat is "specially for him."

From the speech Abe Turner made at the Industrial Foundation stockholders meeting on Thursday night, you can tell that moustache he's growing has really impressed some of his friends — and wife, Ruby. Abe's bound to win some kind of prize for it during Frontier Days and the Jaycee Rice Springs Rodeo coming up. It's already impressive.

Good friends, Mr. and Mrs. Aaron Edgar visited in the Free Press offices last week. We tried to talk Aaron into going to work at the presses, but he seemed much more interested in going fishing.

Jeff Teague of San Antonio visited over the weekend with his grandmother, Mrs. Lennie Hickman.

Mr. and Mrs. Melvin Norman spent the weekend with their daughter, Mr. and Mrs. Tommy Costin in Dallas.

Master Lex Weatherly, son of Mr. and Mrs. Jerry Weatherly, won the giant \$25.00 Easter basket given away by Ben Franklin Saturday. Lex had told his parents that he just knew he was going to win that prize, and sure enough, he did. Bad part about it was, he was out of town Saturday, visiting with his mother, and didn't get to pick up his prize until Monday.

Marijane McAdoo, who teaches in the Irving school system, was home visiting parents, Mr. and Mrs. Jack McAdoo, over the weekend.

Mr. and Mrs. C. H. Herren spent the Easter weekend in Dallas visiting with their two sons, Dr. and Mrs. R. W. Herren and Mr. and Mrs. Ray Herren.

Mr. and Mrs. Dick Frierson of Bogata, Mr. and Mrs. Jerry Williams of Comanche and Mr. and Mrs. Ronnie Frierson, Laura and Danny of Aale, all spent some of the Easter holidays in the home of Mr. and Mrs. Pete Frierson.

Spring is truly here. The Texas state flower—the bluebonnet—is growing in profusion along our highways, and at least two homes here have them in their gardens—Mrs. Juanita Hester, and Mrs. R. C. Couch Sr. Drive by and enjoy them—they'll be at their peak in a few days.

Dr. and Mrs. T. W. Williams honored Jim Kemp and his fiancée, Patricia Moody, and their families with a late Saturday lunch this week. Visitors in the home of Mr. and Mrs. John Hawkins and family Saturday were her brother, Mr. and Mrs. Dolan Vaughn and four sons, Mr. and Mrs. James Hawkins and children of Wichita Falls, Mr. and Mrs. Curtis Hawkins, Shelly and Christena of Lampasas, Curtis and family enjoyed getting acquainted with Christena, since she is only three weeks old and the youngest of nine grandchildren.

Enjoyed meeting that pretty granddaughter of R. C. and Jerene Couch last week. Michelle and mom, Jerri Sue, were grocery shopping with Jerene, and Michelle had on a pretty white bonnet for the occasion.

Friends of Mrs. Raleigh Lemmon are glad to know she is back home after surgery and is recuperating beautifully at the home of her sister, Mrs. R. C. Couch Sr.

"Two A Penny" To Be Shown April 28

The Billy Graham film, "Two A Penny" will be shown, free of charge, at the First Baptist Church, this Saturday, April 28 at 5:30 p. m.

It stars Cliff Richard, England's number one male vocalist. Before the Beatles came along and revolutionized the world of pop music, Britain's top rock 'n' roller was Cliff Richard.

Above all, the picture as a whole is large-spirited enough not to insist in shrill fashion that Jesus Christ is The Answer but instead is willing to suggest that in the chaos we're all so familiar with He just might be.

Lots of movies today reflect accurately the ills besetting youth and "Two A Penny" can take its place alongside any of them — but few are willing to take such a truly cosmic view and, what's more, actually offer a solution.

All youth in Haskell are especially invited to come and view this movie.

addressed to the Burn Center. See you next week.

Paint Creek Community News

Mrs. Gene Overton

Howdy . . . Several college students, and used-to-be Paint Creekers, ask me during the Easter holidays to please write some Paint Creek news once in a while. So I will—once in a while.

I have tried for almost a year to get some one associated with the school to write the news because I know so little of the happenings in the community that the college boys and girls want to hear. I had a letter from a woman saying that the news was biased, and about just a few families, and she was right. The truth is, there are just a few families left in Paint Creek to write about. So many of our people have retired or moved in to Stamford or Haskell. So, if you want to know what the Middlebrooks, the Kuentlers, the Griffiths, the Overtons, the Fischers, the Medfords, the Perrys, the Frees, the Waltons, the Earles, the Bergstroms, some of the permanent Stamford Lake people, the ranch people and the Paint Creek faculty row people are doing—I'll try.

And while I am trying, you Paint Creekers just remember that I am now 60 years old and I am like my little aunt, Mrs. Tom Russel, who is 95. She says she is just fine except her "forgetter" works overtime. Remember, too, that this news is just because I love Paint Creek and I know you do, too, and that you want to keep in touch with the wonderful people who live here. There is no money in writing a newspaper column—one can substitute-teach half a day and make as much money as she can make in a month writing a column. This is why I couldn't talk anyone else into writing it. A per-

son is a fool to have to jot down news notes everytime she goes to the grocery store, the laundry, or church, then type them, then drive 9 miles to get them to the paper. I wouldn't do it for \$100.00 a month. But I will do it for Paint Creek people, for kiddoes away from home, for you who have moved away and get homesick for Paint Creek, for the Brax Gilmores, the John Kimbroughs, my mother and sister, and all you nice people who have told me you missed it.

See how old I am getting? I have spent all this space explaining that I am about to write the news, and I haven't written any.

The traditional Aggie Muster was held at the John Kimbrough cabin at Lake Stamford, Saturday night. About 62 attended, including Aggies, their wives or girl friends, and prospective Aggies. Wallar Overton directed the Muster. Weldon Holbrooks gave the invocation, E. E. (Chick) Frierson gave the history of the Aggie Muster, and Mike Overton read the Roll Call of Aggies who have died since last April 21. In the business meeting, John Kimbrough was re-elected president of the Haskell - Jones - Stonewall - Knox City A&M Club. Gene was re-elected Muster Chairman for 1974, and Herman Henry was elected sec'y-treas. Mrs. Dave Persons was an honor guest. The late Dave Persons was one of the most loyal Aggies Haskell County ever had. The Muster supper was catered.

Mr. and Mrs. Hoyt Perry had as Easter weekend guests their son, Gene, and his family from Stanton.

Jennie Isbell, 6th grade teacher at Rochester, spent the holidays with her parents, Mr. and Mrs. Allen Isbell. Sunday, she went to San Angelo State University at San Angelo to visit friends.

Mr. and Mrs. Mike Overton of College Station and William Overton of Abilene spent the weekend with their parents, the Gene Overtons. They all went to Rule Saturday afternoon to visit their mother and grandmother, Mrs. Lennis Jones.

Mr. and Mrs. Ray Perry had their children home for the holidays. Mills Perry from Abilene and L. Rick Perry from Big Spring. Rick brought several Air Corps buddies to spend the holidays in Paint Creek. They skied at Lake Stamford Saturday afternoon and attended Aggie Muster Saturday evening.

Some of you might not know that Ms. Lella Heflin is a resident of Teakwood Manor in Stamford, since she suffered a stroke several months ago. Another thing you might not know is that the manager of Teakwood Manor is Ray Hughes who graduated from Paint Creek.

Other Paint Creekers who now reside in Senior Citizen homes are Mrs. Sarah Howard who lives at the Stamford Inn, Mrs. Sue Wiley who lives at the Stamford Inn, Mrs. W. V. Cobb lives at Leisure Lodge in Haskell and Mrs. W. S. Cox has just recently moved to Leisure Lodge in Haskell.

Mrs. Theima Mickler was a patient in the Stamford Memorial Hospital last week. She is at home now and feeling much better.

Marcia Ann and Dwight Overton were home for Easter from Texas Tech.

Paint Creek has a Home Demonstration Club that meets the first Wednesday of the month. It was organized in October with Mrs. Ray Perry as chairman and Mrs. Martindale Coleman as secretary.

Mrs. Ted Elliott, Haskell

GOVERNOR AND MRS. Dolph Briscoe visit Dallas Cowboy Coach Tom Landry after proclaiming April Cancer Control Month at a Capitol ceremony recently. The Governor, noting that there will be about 32,000 new cancer cases in Texas this year, kicked off the \$4,000,000 educational and fund raising drive by making the first contribution, and urged all Texans to "observe and participate through increased support of the American Cancer Society, and by learning the facts about cancer that are vital to personal protection." Coach Landry is the Texas Crusade Chairman for the American Cancer Society.

County Home Demonstration Agent, has helped, and several very informative programs have been given. The December meeting was on preparing and wrapping breads, cakes, cookies and candies for the holidays and for gifts. It was given by the Lone Star Gas representative from Abilene. In January, Mrs. Elliott gave fashion tips and pattern adjustments for different type figures.

In February, Mrs. Billy Garland Middlebrook and Mrs. Gene Overton gave a program of Spring styles and accessories that was a report on a style show given club members from all over Haskell County by Lane-Felker.

In March the program was again directed by Mrs. Elliott with slides of types of garments best suited to different figures,

and a demonstration of altering slacks patterns.

In March also the Paint Creek Club members attended the Rally Day luncheon. The April program was on pattern envelopes and markings, was given by Mrs. Billy Middlebrook and Mrs. Ray Perry.

On April 10, the Paint Creek Club joined with other Haskell County Clubs in Haskell. The County Home Demonstration Woman of the Year was named and it was Paint Creek's own Mrs. J. Raymond Davis. Mrs. Davis has been a member of the Center Point Club until we organized our club, and she transferred her membership here. She and Mr. Davis have reared a wonderful family and she has been a wonderful homemaker as long as we have known her.

Members of the club are: Mrs. Billy Middlebrook, Mrs. Burl Medford, Mrs. Martindale Coleman, Mrs. Paul Fischer, Mrs. Raymond Davis, Mrs. R. W. Woodson, Mrs. Ray Perry, Mrs. Gene Fischer, Mrs. Hoyt Perry, Mrs. Wayne Wells and Mrs. Gene Overton.

This spring the colleges in Texas have staggered their spring breaks and hardly any college had vacations at Easter except for the weekend. Most of our Paint Creek students have been home from school a week, but they were at different weeks. Someone said this was so there would not be so many college students out at once and they could crowd the Galveston beaches as they have at past spring vacations.

Did you see Danny Isbell's picture in the paper Sunday? This week is Western Week on the Hardin-Simmons University campus and Danny is a busy boy. He is president of the Rodeo Club, and as their school emblem is Cowboys, the Rodeo Club is one of the most influential clubs on campus. Paint Creek is proud of Danny.

Several years ago the Rockdale Baptist Church had to close because it simply did not have enough members to continue services. This past week the Lindsey Chapel Church of Christ at Rockdale discontinued services. The little church began in 1904 when D. L. Lindsey, the Ed Ivy and L. S. Ivy families moved to Rockdale. The members met in the Ed Ivy home and later in the school house. Mr. D. L. Lindsey gave the land and the church building was built in 1921. It was rocked in 1943. We are sorry to see our little community churches go. The Raughton families, the McKeever's, the McLennans and the W. V. Cobbs all attended that church.

Gene Overton attended the sunrise services and breakfast at the Masonic Lodge building in Haskell. The service is an Easter tradition of the Knights Templar of the Commandery.

Junior Class Play, "Dinny And The Witches", Presented Here April 24th

April 24th the Haskell Junior class presented a play titled, Dinny and The Witches, in the Haskell High School auditorium at 8:00 p. m.

Dinny and The Witches was a frolic of grave matters. Mr. Gibson, author of the play, gave his thoughts as they were printed on the program of the New York production: "The play was a fairy tale, simple as apple pie. All fairy-tales are dreams, in which the hero goes forth on a pilgrimage through life. Dinny (David Hill) is just the average young American young man. He has only one fault: he is foolish, greedy, glib, vain, confused, inconsiderate, lustful, ignorant, selfish, incompetent, lazy, immature, obtuse, frightened, cocky, and chronically self-deceived. He wants everything in the world, and expects it the easiest way. He believes he deserves only the best, and will settle for nothing less. Nevertheless he is our hero, he means well, his heart is in the right place. Also, of course, he is a musician, and there is nothing better. The play begins as his dream. Unfortunately, reality keeps intruding into it: nothing turns out quite as he intends it to, everything unreal that he takes unto himself backfires, everything unreal that he sends forth returns as a boomerang. The dream becomes his nightmare. He is a mortal under sentence of death. All he is after really is a value he can live by and for, until he dies; it is always under his nose, it is what the wisest and most foolish mortals have always known, and only when it is taken from him does he appreciate its worth. The dream dissolves in the triumph of the world.

Cast for the play include: Zenobia (Lee Ann Toliver), Ulla (Marsha Berry), Lucella (Anna Lou Allen), Any (Janie Henderson), Dinny (David Hill), Harry (Kevin O'Keefe), Dick (Robin Colbert), Tom (Gary Johnson), Stohenge (Tom Watson), Jake (Randy Ivy), Ben (Randy Shaw), Bubbles (Nean Newton), Chloe (Renna Abbott), Dawn (Rennefer Wil-son).

Stage crew included: Narrators, Clint Melton, Robin Colbert; Lights: Steve Beneke, Kenny Ivey, Clint Melton; Sound: Dawn Bird, Jimmy Williams, Debbie Thomas; Costume: Jane Darden, Karen Toliver, Debbie Thomas; Assistant Director, Margaret Hawkins; Set design: Karen Toliver, Joe Kretschmer, Kenneth Parker, Danny Wainscott, and senior speech students.

WE NEED YOUR HELP to combat this crisis. We need you to write your State Representative; your Congressman; and the Governor of the State.

Texas' fuel is being pipelined out of our state to other states, and to other countries.

As things are going now, there will be a drastic fuel shortage at our planting and harvest times.

I, the undersigned consumer, am seriously concerned with the present shortage of fuel from our local dealers. Texas agricultural communities survive on the fuel to run our equipment, and our needs are vital to harvest and plant our crops.

I ask that you do all in your power to alleviate this shortage, and give Texans their fair share of the fuel Texas produces.

Gene Hester Guest Speaker At Rotary

Forty-two members and guests were present for the regular weekly meeting of the Rotary Club held at the City Cafe at noon Thursday, April 19. President Bob Philpot presided for the luncheon meeting.

Bob Herren, program chairman for the day, presented Gene Hester, son of Mrs. Ed Hester and the late Ed Hester of Haskell, who showed a highly entertaining and educational picture in the form of slides.

For the past two years, Gene has been teaching in the town of Pagar, Malaya, which is at the southernmost tip of Asia.

The slides pertained a great deal to the school life of the students who are chiefly Malayan, but also some Chinese who are living in the country. He made mention of the fact that they were in what is called the 'head hunting' part of Asia and in many cases a great number of families lived in one huge house or complex for safety sake and convenience. The scenes of the Asian country portray a decided primitive existence in comparison to American standards, especially in the back country.

His two years of teaching was sponsored by the Peace Corps and he had the privilege of signing up for further teaching in the Asiatic countries, but declined. His mother, Mrs. Ed Hester, was a guest for the program and meeting.

The invocation was given by Rev. H. O. Abbott and the guests were introduced by R. C. Couch Jr. They were: Bill Rhodes of the downtown Rotary Club of Abilene; Ron Bingham, editor of the Haskell Free Press, who was a guest of Publisher Bill Comedy; Ray Bynum of Amarillo; Pat Hale, guest of Roy Wiseman; Mrs. Bob Herren and student guests Charles Ervin and Joe Kretschmer of the Senior Class of Haskell High School.

Vows Read In Minnesota

Cheryl Ann Hilliard and Larry Patrick Murray repeated wedding vows January 6 during a 5 p. m. candlelight Mass in St. Joseph's Catholic Church, Rosemount, Minn., with Father Murray officiating.

Parents of the bride are Mr. and Mrs. Lenais D. Hilliard of Rosemount. The groom's parents are Mr. and Mrs. Leonard J. Murray of Bloomington, Minn.

The bride, given in marriage by her father, wore a gown with empire waist and attached chapel train. The gown was of ivory peau d'ange and chantilly lace. Her matching cathedral-length mantilla of ivory illusion veiling and rose pattern lace was attached to a Juliet cap. She carried a cascade of red roses and pink carnations with purple star flowers.

Still Only Six - Sheep and Lamb Feeding Spurts Upward - Down But Still Up - Report Suspected Cases.

With all the furor being raised about how high farm prices are these days, a government report still notes that only six commodities are above parity.

Overall parity is now pegged at 82 percent, which means the agricultural segment of our economy is still 18 percent below being on an equal par with the rest of the economy.

For the record, those six commodities which are above parity include hogs, beef cattle, calves, sheep, wool, and mohair. Lambs and oats which were above parity in February have now slipped under that ratio.

No crop is reported at or above parity prices. Cotton's average price of 21 cents is almost 40 cents per pound below effective parity. Grain sorghum at \$2.77 per 100 lbs. is down two cents from February and almost a dollar under parity.

Wheat at \$2.16 per bushel is \$1.05 per bushel under parity. Corn at \$1.75 per bushel is 41 cents below parity. Oats, which were above parity in February, now average \$1.05 per bushel, a penny per bushel under parity.

Hog prices in Texas as of March 15 averaged \$37.20 per 100 lbs.; that's \$3.30 per 100 lbs. above parity. Calves at \$63.40 per hundredweight are \$13.80 above parity. Sheep at \$19 per 100 lbs. are \$7.50 above parity. Lambs at \$41.60 per 100 lbs., are 30 cents under parity.

A 90 percent increase in sheep on feed is reported in Texas compared with a year ago. Drylot sheep feeders with a lot capacity of 2,000 head or more had 93,000 sheep and lambs on feed for slaughter as

of April, according to the Texas Crop and Livestock Reporting Service.

This is 26 percent above the number of feed a month earlier and a whopping 90 percent above the number on feed April 1 of last year.

Placements during March totaled 51,000 head. Marketings during March were 32,000 head, 1,000 above the intended marketings reported earlier.

Current intentions are incomplete because additional lambs could still be placed on feed and marketed during the period.

Red meat production is up and down in Texas. Commercial slaughtering plants in Texas produced 171,400,000 pounds of red meat during February. This is down 12% from the previous month but 3% above the amount produced in February of 1972.

Nationwide, commercial production of red meat during February was down 5% from a year earlier.

Gross income from chickens sold in Texas during 1972 was up \$300,000 from 1971.

Cash receipts for chickens sold were \$4,700,000, up from the 1971 cash receipts of \$4,400,000. The number of chickens raised during 1972, excluding commercial broilers, decreased 11 percent from the previous year.

Submit suspected screwworm samples to the fly laboratory at Mission. This year is off to a good start in controlling the screwworm for 1973, but continued reporting of suspected samples is imperative if the program is to succeed, authorities at the fly plant at Mission emphasize.

County agents and vocational agriculture teachers have vials in which the samples can be mailed.

cultivation to a bare minimum only if the herbicide fails.

With the soil as wet as it is, and as it is likely to remain for many days to come, early planting of milo can be accomplished without any seedbed preparation. Use the herbicide of your choice, applied according to the manufacturer's instructions, and plant.

The savings can be measured in the dollars not expended on costly seedbed preparation and cultivation operations. Unseen and unaccountable savings can only be estimated. The damage to the soil structure resulting in working it too wet will remain for years to come.

For details concerning minimum tillage or no-till farming, come by our office, the Soil Conservation Service, at 102 N. Ave. E in Haskell, and let us discuss more of the advantages of and methods for applying minimum tillage. Boykin or I will be glad to talk with you, furnish you with printed materials on minimum tillage, and even take you out to see some work actually being carried on in the field.

Charles Finnell Speaks To Firemen

Throckmorton—State Representative Charles Finnell told volunteer firemen from 17 West Texas cities Saturday that "the greatest civic responsibility facing Texans is participation in the rewriting of the state constitution."

Finnell, a fourth-term member of the Texas House from Holliday, was the guest speaker at the 68th semi-annual meeting of the West Texas Firemen and Fire Marshals' Association in Throckmorton.

Commanding members of the group, Finnell said "volunteer firemen are the unsung heroes as defenders of our property and life itself. Without their able and devoted protection, there would be little for state government to preserve or defend," he added.

"The current session of the Texas Legislature has its own immediate concerns such as maintaining the state budget without a tax bill, but it also serves as a warm-up session for the real task of the upcoming

Constitutional Convention," Finnell reported to the firemen.

Encouraging citizen input and interest in the approaching 1974 convention and current state-wide hearings conducted by the Constitutional Revision Commission, Finnell said "we must take seriously this once-in-a-lifetime opportunity to revise the basic document by which the authority of state government is derived."

Following Finnell's address, the firemen tended to organizational matters, and completed their program with competition

 The Sagerton area has been given the use of a fire truck and have the opportunity of organizing a volunteer fire department. The truck was a gift from the City of Rule, who have obtained a new truck. This is a wonderful thing to happen to our citizens and our community, and we are very grateful. M. fire dept. and Melvin Thane, a former resident of this community, and now a member of the Abilene Fire Dept., to speak to the group. All citizens are asked to come to this meeting and bring refreshments to be served following.

The Community Improvement chairman will meet at 8:00 p. m. at the Community Center to go over their final plans for the Community Tour and program to be held May 3. It is urgent that they all be present.

Peggy Clark, daughter of Mr. and Mrs. Joe Clark, and a student at Concordia College in Austin, will sing with the Concordia College Choir in Abilene at the Zion Lutheran Church located at N. 10th and Briarwood at 8 p. m. next Sunday evening.

Yes sir, when the time comes for your next new car, just remember: Your Chrysler-Plymouth Dealer is making it a whole new ball game.

But find out for yourself. Why don't you spend a few minutes with your Chrysler-Plymouth Dealer.

It's a whole new ball game!

Your Chrysler-Plymouth Dealer has asked me, Darrell Royal, to tell you about his big new game plan to win you over. You see, your Chrysler-Plymouth Dealer knows you want a good, well-built car. Notaries Public Deadline May 15

Secretary of State Mark W. White, Jr. announced that all presently commissioned Notaries Public desiring re-appointment for the new term which begins June 1, 1973 and ends June 1, 1975, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1973 and May 15, 1973, inclusive.

Secretary of State White further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1973, should apply to the County Clerk before May 14, 1973. The required application forms may be obtained from the County Clerk.

I, the undersigned consumer, am seriously concerned with the present shortage of fuel from our local dealers. Texas agricultural communities survive on the fuel to run our equipment, and our needs are vital to harvest and plant our crops.

I ask that you do all in your power to alleviate this shortage, and give Texans their fair share of the fuel Texas produces.
