Haskell Co. Fair Next Week

By REX FELKER
The lovers of nature will readily agree that even the lowly red ants are making double time these September days on their excursions to and from their hills. The squirrels can be noted in a flurry of activity as they race up and down the tree trunks, gathering in the acorns and pecans to stock their larder in anticipation of the coming event of winter.

If by chance you have been in the vicinity of the Haskell County Fair grounds the past few days you will notice action comparable to the animals and the insects. This is being done by people who are getting everything ready for the ninth annual Haskell County Fair which is rapidly approaching the kickoff

time and date of September 19. No efforts have been left undone by the scores of Haskell County men and women to make the 1974 edition of the Fair the best ever and one to be remembered for many days by young and old alike.

The downtown street parade will officially usher in the Fair at 5 p. m., Thursday, September 19, under the supervision of Bob Philpot as Parade Marshal. The unique and colorful parade with the theme of "The good old days", will form east of the square on U. S. Highway 380 between the business district and the railroad. It will feature exciting band music played by a number of area high school bands, and numerous other novelty entries all the way from Coon Dog Hunters to old time square dancers as it winds its way along the streets of downtown.

arena. Hale specified that some of the largest tractors ever seen would be in the various pulling contests, to include the large ones with automobile motors installed. Much enthusiasm is being noted among contestants and spectators and we are pretty sure of having at least 50 tractors here for the big event.

Haskell County Home Demonstration Agent, Barbara Elliott, is confident that more exhibits will be on display in the halls than has been in past years. She has called a special meeting of all women in the various divisions for 4 p. m. today, Thursday, Sept. 12, to make final plans for this important phase of the fair.

Livestock entries are coming in daily from FFA and 4-H boys and girls and the barns are expected to be overflowing with prize animals, rabbits and fowls when show time comes around.

H. V. Woodard, chairman of the Crops division, advises that he has contacted many farmers in the area and that in spite of the prolonged drought this year, a nice exhibit will be on hand for the enjoyment of the public.

The carnival attractions for the 1974 County Fair are being furnished by the A.T.T. Amusements and vehicles and rides are expected to begin arriving early next week.

Nightly entertainment, all free for fair visitors to the grounds, will be featured to include the Old Time Gospel Singing Thurs-

RAY FARABEE

Farabee Will Address Caucus

Ray Farabee, Democratic nominee for the Texas Senate, will be the featured speaker at the 30th district caucus in Austin. Delegates to the Texas Democratic Convention from the 29 counties in the 30th district will meet on Monday, Sept. 16, at 4:30 in the afternoon.

Primary interest of the delegates at that meeting is expected to center on the election of a district committeeman. A three man race has developed and voting on that position will take place during the Monday caucus.

Candidates for the committeeman post are Lynn Darden of Wichita County, Elmer Parish of Wichita County and Charles Stenholm of Jones County.

Present committeeman is L. H. (Butch) McCullough of Wichita Falls who is not seeking re-election. Mrs. James Snyder from Callahan County is the district committeewoman. She is seeking re-election and has no announced opposition.

Farabee plans to have a travel van at the convention site on Tuesday that will be utilized as a mobile headquarters. He will visit with convention delegates and alternates from Haskell County. The Wichita Falls businessman and attorney plans to supply delegates with campaign materials and discuss ways to encourage voter participation in the November 5 general election.

Haskell County delegates to the Democratic convention are Dr. W. J. Kemp, Mrs. Janice O'Neal, Willard Mullins, George Mullins, Don Comedy, Ray Perry and Miss Reva Hitt.

Alternates to the Austin meeting are Mrs. Ray Perry, Miss Karen Sharp, Mrs. Jack Speer, Mrs. Jenny Brazell, Mrs. George Mullins and Rev. Joe Albue.

Farabee won the Democratic Primary in May with over 61% of the vote. He plans to campaign actively in Haskell County prior to the November 5 election. He is opposed by Republican Mary Kirchhoff of Plainview for the post being vacated by Jack Hightower. Sen. Hightower is the Democratic nominee for U. S. Congress in the 13th district.

Man Killed In Shooting

A shooting just before 3 a. m. Monday morning left Alan Lee Willis, 21, of Rule, dead and his brother-in-law, Danny Williams, 21, charged with murder. The shooting took place about 10 miles west and south of Rule, and about 17 miles west and south of Haskell, in the riverbed of the Salt Fork of the Brazos where approximately six people were on an overnight campout party, ages ranging from 16-23.

Haskell County Sheriff Garth Garrett said the sheriff of Stonewall County was called at approximately 2:55 a. m. when help was summoned for Willis, and that he received the call at about 3:05. Since the shooting occurred only one-half mile from the Stonewall County line, it was first thought the shooting was in Stonewall County. Sheriff Garrett also stated that he carried Melton Stapp of Rule, who had called him, to the scene to investigate the shooting.

Willis was pronounced dead on arrival at the Stamford Memorial Hospital where he was carried shortly after the shooting incident. The body was taken to Abilene for an autopsy and was later transferred to the Lucas Funeral Home in Hurst.

Danny Williams was arraigned before Justice of the Peace H. M. Bledsoe and charged with murder. Bond was set at \$25,000 and Williams remained in jail late Tuesday night.

Sheriff Garrett said that Willis was apparently shot several times with a small caliber weapon. Investigation into the cause of the shooting is continuing at this time.

AMELIA PERRY, Manager of the Herman Marcus factory, stands beside a rack of finished garments being shipped to Dallas to be distributed to retail outlets. Employees of the Haskell plant are producing approximately 1,000 dresses per week and production is increasing constantly. The plant is growing and new employees are being added almost every week.

The Herman Marcus plant which opened Dec. 12, 1973, is a beehive of activity with production increasing almost daily. Beginning with 12 machine operators, in 9 months, the number has increased to 70. A new training class began August 26, with 17 in attendance. Plant Manager, Amelia Perry, says they are still hiring and are especially interested in anyone with experience. A goal of 100 machine operators has been set by the end of the first year of operation.

The plant has 66 single needle machines and several specialty machines, and in addition to the number of operators there are seven production employees on the floor, making a total of 77 employees in production.

Employees of the company are from Jones, Knox, Throckmorton, Stonewall and Haskell Counties.

First Baptist Votes To Remodel

In an historic business meeting Sunday, Sept. 8, the First Baptist Church of Haskell voted by a large majority to completely remodel their auditorium facilities at a cost of \$156,000.00. A secondary bid for \$6,600.00 was also accepted to carpet in the Educational building with minor renovations to make the hallways safer and maintenance more economical. The L. L. Sams Co. of Waco, Texas submitted the bids and will begin work Monday, Oct. 7, and complete the project Sat., Nov. 23, 1974.

The original auditorium was built in 1951 at an approximate cost of \$150,000. Minor repairs have been made through the years, but no major work for these 23 years. The church built an Educational building in 1970 at a cost of \$229,000 with a debt retirement in 1973 after years of saving money for this project.

A remodeling committee was elected by the church in March of '74 to investigate what needed to be done to repair and remodel. The committee found major work needed to be done in heating and air conditioning, painting, refinishing pews, lighting, public address system with acoustical corrections. New windows will seal the auditorium for heating and cooling and the interior will be finished to aid

Behind the Balance Sheet...

Whenever we examine a balance sheet we look behind its impersonal figures to the individuals involved. We grew up with these people; we live with them; we pray with them; we share their joys; we help make their hopes come true.

That's what being an independent community banker means. It means more than just running a bank. It means a total involvement with our customers and our community.

Our dedication is to our community, to its people and its businesses, to the area surrounding us. We don't have to worry about businesses thousands of miles away, because for us the action is here. Let us know how we can serve you. Remember, you're an important part of us.

Farm Bureau Sponsors Fireman

Texas Farm Bureau Insurance Companies together with County Farm Bureaus sponsor one fireman per county to the Texas Firemen's Training School held on the campus of Texas A&M University at College Station each year.
 Fire Chief Tom Watson attended from Haskell County and said that the check received would be used to purchase new training manuals for the fire department.
 "Farm Bureau was glad to participate in such a worthwhile program because the skills learned in the training school help hold down property losses and injuries due to fires," county president Phemister said. He added that Farm Bureau also has a continuing program which pays \$75 to a fire department when the department fights a fire on a Farm Bureau-insured's property in a rural area.

Alvis-Hood Wed In Hurst

Miss Karen Denise Alvis of Saginaw became the bride of David E. Hood of Midland in a ceremony held at St. John the Apostle Catholic Church in Hurst, Texas, Saturday, August 24, 1974.

Parents of the couple are Mr. and Mrs. Kenneth R. Alvis of Saginaw and Mr. and Mrs. James D. Hood of Midland.

Father Robert Wilson, Parish Priest, performed the ceremony before an altar laid with a white lace-edged cloth. Palm fans accented the brass candelabra holding long white tapers. Leading down the steps on either side of the altar were three large single candles in tall candlesticks with matching palm fans on the corners of the altar steps. The church aisle was lighted with single globe hurricane candelabra with white tapers.

The processional and recessional were presented by Ms.

Patricia Bradley, who also played while the guests were being seated.

The bride, who was given in marriage by her father, wore a formal gown of flocked candlelight organza featuring a fitted bodice with scooped neckline and accented by a wide scalloped ruffle edged with lace. The bishop sleeves were of sheer candlelight organza with wrist-to-elbow buttoned cuffs of the same material as her gown and edged in lace. The full-gathered skirt, which was cut in a dove-tail, fell into a slight train ending in a deep scalloped ruffled edge in lace and matching the ruffle around the neckline. Her veil of bridal illusion was fashioned in a double layer, one layer finger-tip length and the other falling into a full chapel train. It was gathered onto an open-work Juliet cap and was bound in the same material as

MRS. DAVID E. HOOD
... formerly Karen Denise Alvis

her gown, scalloped and edged in lace. Her bouquet was of white feathered carnations, each centered with a pearl, white baby's breath and accented with white sweetheart roses tipped in blue. It was tied with white and satin ribbon with love knots, into each of which was fitted a white carnation. She also carried two single white sweetheart roses tipped in blue. One she presented to her mother as she came down the aisle, and the other to the groom's mother upon leaving the altar.

Something new was her gown and veil; for something old and borrowed, she wore a double strand of pearls which belonged to her grandmother Holt, as well as the traditional blue garter and a six-pence in her shoe.

Miss Kelly Lynn Alvis, sister of the bride, was maid of honor. She wore a full length gown of royal blue flocked organza fashioned to match the bride's gown, except it was sleeveless, with a double ruffle on the skirt

and tied with a sash at the waist. She carried a nosegay of blue and white daisies tied with matching streamers and accented with baby's breath and fern leaves.

Vicki Heffley of Fort Worth and Lisa Fickinger of Midland were bridesmaids. They both wore identical gowns to that of the maid of honor and carried matching nosegays.

Joy Dill, daughter of Mr. and Mrs. Jackie Dill of Blue Mound, was flower girl. She wore a long dress of the same material as that of the bridesmaids with gathered cap sleeves and a ruffle around the bottom of the A-line skirt and tied with a sash at the waist. She carried a basket of blue and white daisies accented with blue bows and fern leaves.

Gary Fickinger of Midland was best man and Jim McWillams and David Pace, both of Midland, were groomsmen. Kenneth Alvis, Jr., brother of the bride, and Randy Jones of Hereford, were ushers. Kenneth also lighted the candles.

The groom wore a white tuxedo with black velvet collar and lapels and a boutonniere of white carnation and baby's breath. The groomsmen, ushers and both fathers wore matching blue tuxes, and a single white carnation boutonniere each.

For her daughter's wedding, Mrs. Alvis wore a long gown with empire bodice of apricot crepe and long sheer sleeves. Mrs. Hood, mother of the groom, wore a long gown of yellow crepe with long-sleeved cardigan jacket. Mrs. Alvis wore a corsage of white sweetheart roses, daisy mums, baby's breath and apricot carnations tied with apricot ribbon. Mrs. Hood's corsage was identical to that of the bride's mother with yellow carnations and yellow ribbon.

The paternal grandmother of the bride, Mrs. James C. Alvis of Haskell, escorted by the bride's grandfather, wore a long gown of coral polyester knit with beige dots and was presented with a corsage from the bride of white carnations and daisy mums tied with forest green ribbon.

The maternal grandmother of the bride, Mrs. Clara M. Holt of Haskell, was unable to attend the ceremony due to a sudden illness only a few days prior to the wedding. However, she was presented with a corsage of blue daisy mums and white carnations tied with blue ribbon at the hospital at approximately the hour of the ceremony.

The paternal grandmother of the groom, Mrs. Lois Hood of Shreveport, Louisiana, wore a short white and green checked polyester knit suit and a corsage identical to that of the bride's grandmother.

The reception was held at the Parish Hall at the church immediately following the ceremony, and was catered by the bride's cousin, Miss Milla Perry of Abilene. Susie Hood, sister of the groom, presided over the bride's book.

The bride's table was laid with a floor length white cloth and lace overlay, draped with royal blue net and tied at the corners and along the front with white satin bows and streamers. An arrangement of blue and white

daisies and silver and crystal appointments completed the table. The four tiered square cake was white, trimmed with blue daisies with dark blue centers and topped with a cluster of white satin bells and tiny doves. Each tier was separate and supported by ivory columns and small cherubs. It was served with cream and fruit punch and bananas.

The groom's table was covered with a circular white floor length cloth and linen overlay, draped with blue net to match the bride's table and tied with white satin bows. The chocolate cake, topped with a spray of variegated chocolate roses, was served with coffee.

Both tables were attended by Mesdames Jewel Pittman, Amelia Perry, Jeanette Vincent, Jane Address, all of Haskell, and Mrs. Ruby Kaye Holt of Sugar Land, all aunts of the bride; Mrs. Betty Chandler of Carrollton, cousin of the bride; and Mrs. Corene Patterson of Haskell.

The bride is a graduate of W. E. Boswell High School of Saginaw, and the groom is a graduate of Robert E. Lee High School of Midland. They will make their home in Lubbock where they are both currently studying at Texas Tech University.

Party Honors Mrs. Corzine

The children of Mrs. A. B. Corzine hosted a surprise birthday party in her honor Sept. 1, at the Haskell National Bank Community Room.

The hall was decorated in pink, white and blue for the occasion. Loretta Burge, granddaughter, registered the 55 guests at a pink covered table decked with a white and pink flower arrangement. Shirley Simpson, granddaughter, served the guests white cake decorated

with pink icing. The cake was accented by two large pink candles held by flower rings. The table was covered with crocheted white lace pulled over a pink background.

Opal Simpson, daughter-in-law, served coffee from a white and pink candlelight table. Granddaughters, Donna Overton, Debbie Esmon and Rhonda Esmon served the guests pink punch from a crystal punch bowl. The table was also covered with pink and white and lighted by two multi-colored candles.

The gift table was covered with blue and accented with two yellow candles. Darlene Hill, granddaughter, presided at the gift table and Jill and Laura Esmon, great-granddaughters, helped open the gifts.

The children, grandchildren, and great-grandchildren of Mrs. Corzine who attended the party were: Mr. and Mrs. Everett Simpson, son; Mr. and Mrs. Ronny Simpson, grandson, and Kelley and Keven Simpson, great-grandchildren; Mr. and Mrs. Vic Simpson, grandson, and Brandon Simpson, great-grandson, all of Levelland; Pauline Burge, daughter, Loretta Burge, granddaughter; Mr. and Mrs. Bill Esmon, granddaughter, Debbie, Rhonda, Jill and Laura Esmon, great-granddaughters; Donna Overton, great-granddaughter; Evelyn and Elmer Hill, daughter, Darlene Hill, granddaughter, all of Odessa; Ida Lou and Jack Price, daughter, and Glen Price, grandson, of Houston, and Edward Corzine, son, of Fort Worth.

Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the night in 1879; today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving, energy-conserving lighting tips.

CARE FOR LIGHTING EQUIPMENT

Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth.

Check frequently for defective cords or plugs. Replace or repair them immediately if they are faulty.

LESS IS MORE

Generally, you'll get more light for your money if you use the least amount of bulbs that give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs—and costs one-third less.

READ THE LABEL

Speaking of "lumens," you'll find that all light bulbs have three ratings on their packaging. Lumens tell you what the light output or performance of the bulb is. "Watts" tell you how much electricity is needed to produce that light, and "bulb life" is the estimated length of time it will take the filament inside the bulb to burn out. When brightness is more important than bulb life—for reading, studying or working—choose the "standard" life bulb that gives you the most lumens for its wattage.

Remember, Reddy supplies the energy, but only you can use it wisely!

Rotary Club Views Film On "Hill Country"

The weekly luncheon meeting of the Haskell Rotary Club was held at the City Cafe at noon Thursday, Sept. 5, with president Ferrell Coston, presiding.

The Rev. Bob Brown, Rotary member, was program chairman and he showed a very colorful film entitled, "Happenings in the Hill Country." The setting was at Kerrville, Texas, and the film was made during a recent Arts and Crafts convention in that city. An estimated crowd of 35,000 people visited the fair during its four day run. Many artistic works were shown and the scenery of the Hill Country is beautiful indeed as many colorful flowers native to that part of Texas were featured in the production.

The invocation was given by Rotarian Dudley Bragg and the song session led by H. V. Woodard, accompanied by club pianist Joan Ann Dean.

The guests were introduced by E. J. Stewart, charter member of the local Rotary Club. They were: Henry Ellis of Abilene, guest of Charles Thornhill; Kenneth Jones, guest of president Coston; Don Payne, former Haskell resident, who now lives in Gardenville, Nevada, guest of Abe Turner, Rotarian W. A. Thompson of Stamford and Lester Berry of the downtown Rotary Club of Abilene. Also, student guests from Haskell High School Gena Lancaster and Jo Morrison. Special recognition was given to Sam Rosser who has been absent for several meetings due to illness.

It was announced that the annual Rotary Club chili supper or some type of meal to be decided on would be held on Nov. 1st when the Haskell Indians play Crowell here. Stanley Furrh and Charles Thornhill are in charge of the meal for members and guests on that date.

Farabee Protests Tax

"A ten cent tax on each gallon of gasoline will not help solve the problem of inflation. It will increase inflation and put an additional burden on both consumers and producers," according to Ray Farabee, Democratic nominee for the Texas Senate from the 30th District.

Farabee communicated his views to U. S. Congressmen and

NUMBER THIRTY-SEVEN

other officials in Washington after learning that such a proposal was being considered.

The Wichita Falls businessman and attorney was very specific in pointing out the problems such a tax would create for the farmers and ranchers who already face inflated prices for all agricultural inputs. A tax increase on gasoline utilized in agricultural production would have to be passed on to the consumer in the form of increased food prices.

Farabee also pointed out the problems of people in this district that are living on fixed incomes and the devastating ef-

fect a ten cent a gallon gasoline tax would have on them.

"I urge the people of this district to send a card or letter to Congressman Omar Burlison or Congressman Bob Price and state their views on this matter. Farmers and ranchers should see that their feelings are also known to the Department of Agriculture," stated Farabee.

"A ten cent tax per gallon of gasoline would not be in the best interests of the citizens of the 30th District, Texas or the nation," concluded Farabee.

Farabee will address an Old-Time Political Rally sponsored by the Democratic Women of

Wichita County this Thursday. Sen. Jack Hightower, Democratic nominee for U. S. Congress from the 13th District, will also speak to the group.

TSTA Unit Holds Meeting

The executive committee of the Haskell Unit of the TSTA met August 28, at the Haskell School with president Phil Simmons calling the meeting to order. Present for the meeting

were Phil Simmons, president; Billie McKeever, first vice-president; Betty Davis, chairman, Membership Committee; Lavon Beakley, Lindo Guess, Ed Whiteley, Jessie Vick, Winifred Dodds, Superintendents of their respective schools; Maxine Hamilton, sec'y-treas.

The committee set meetings to be held in the county during the 1974-75 school year and included are Paint Creek, Nov. 4; Rochester, Feb. 3, and Carney, April 7.

Following a discussion of the rise in the cost of food a motion prevailed that the price of

the meal of this group be raised to \$2.00.

President Phil Simmons, Superintendent of the Rochester Schools, appointed the various committees at the meeting.

Based on the estimate that a male college graduate will, during his lifetime, earn and pay income taxes on about a quarter-of-a-million dollars more than a high school graduate—it is believed that the \$29 billion cost of three GI Bills has been repaid many times over by the 5.9 million veterans who trained at college level.

ators under a wide variety of conditions. Selections which prove superior to other plants available commercially are then released by conservation districts to seed growers. These producers then grow seed and sell them to the public.

Delma Wilnams of Rule and Clyde Mayfield of Weinert have strains of buffalograss from the Plant Materials Center that are being evaluated for various reasons. Williams planted his buffalograss in a waterway to study its effects in erosion control, while Mayfield planted his buffalograss in a mixture with sidecats grama for evaluation as to its grazing values on rangeland converted from cropland. Williams cooperates with the California Creek Soil and Water Conservation District, while Mayfield cooperates with the Wichita-Brazos SWCD.

Grass strains proven and put into use by SCS include Mason Sandhill Lovegrass; Selection 75 Kleingrass; El Reno, Uvalde, and Vaughn sidecats grama; King Ranch bluestem; green sprangletop; and Greenville switchgrass.

Some of the groups who cooperate with SCS in its plant materials work in Texas include Agricultural Research Service, Texas Agricultural Experiment Station, Texas A&M University, Texas Tech University, Prairie View A&M, Abilene Christian College, U. S. Air Force, U. S. Corps of Engineers, Texas Parks and Wildlife Dept., and soil and water conservation districts.

As your District Conservationist, I wish to extend a public invitation to any and all who
