Country Cooking

By Judy Screws

Ellen and Buddy Stringfellow almost live in Rosalie but not quite. In the pasture around their house, you see horses. In the house and garage you see saddles. Ellen says that they never tire of horseback riding. They are both avid readers, this is another way they relax.

Ellen has worked at the Beall's store in Paris for almost 15 years. She is now an area manager. Buddy, who is retired from the Navy, is also an auctioneer.

The Stringfellows have four children. Mary Nell Hendricks and her husband, Randy, live in Bogata. Mary Nell works in the District Clerk's office. Randy is a mechanic. Lee and Tricia Kennemer have a daughter, Jennifer, who is nine years old. Lee is a cabinetmaker in Pentago. Paula and Duane Ulrich live in Joliet, Illinois. They have two daughters, Jessica and Janell. Mark Stringfellow lives in Washington state.

Ellen is from Delaware. Her mother, Kathryn Couch, and her two brothers, Bill and George, still live there. She says that although folks in Delaware and Texas eat just about

the same foods, the cooking styles differ vastly. She has managed to adjust to most of the differences, but the one that took the longest time was iced tea in the winter. Ellen has her own unique thing, though. I discovered this by accident when I happened to see her checking out a big sack of ice cream at the grocery store. She confessed that she eats ice cream with every meal.

Ellen prefers easy, one pot meals. She cooks pot roasts, soups, vegetable clam chowder, and just about anything else containing seafood. A pan of hot buttered cornbread is all the accompaniment these meals require, except for the ice cream, of course.

I've already tried the Kraut Salad recipe that Ellen is sharing with us. Her sister-in-law gave it to her, and it is wonderful. The Shoofly Cake recipe is an old favorite of her grandmothers family who lived in Pennsylvania. The Twinkie Fruit Shortcake and Chicken Pot Roast recipes also sound very good.

Have a lovely Valentine's Day!!

Talking About Teachers
 A Brief Glimpse
 At The Lives Of Those Who Educate At Rivercrest

Bonnye Lee Gage, vocational home economics teacher at Rivercrest, has been teaching 34 years; twenty-eight of those years have been at Rivercrest and the other six were spent in the Talco school. The range of subjects that fall under her titles very diverse. She gives career counseling, instructs students in consumer and family economics, family and individual life in addition to the more traditional home economics courses such as nutrition, clothing construction and interior design, etc. Also, she is the sponsor for FHA.

Mrs. Gage and her husband, Blanton, have five children, five in-law children, eleven grandchildren, one

great-grandchild and another on the way. She states that she loves to work, at school or home; likes to cook and eat and is a fan of John Wayne and Tom Cruise.

"The students," she says, "have become a part of my life and the people I work with are like family. These years, teaching, loving and sharing times with the youth of our communities have given me a sense of belonging and a knowledge that these "kids" of ours are our most important promise for the future."

This caring for her students is apparent when one observes the interaction between Mrs. Gage and her students.

Take your fight against energy waste to the top.

The top of your home affects the bottom line of your energy bill. Without proper insulation and airtight ductwork in your attic or crawl space, you're paying for heated and cooled air that never reaches the living areas of your home.

To keep heated and cooled air from leaking out of ductwork, seal your ductwork with tape and wrap it with foil- or vinyl-backed duct insulation.

For more information about fighting energy waste by insulating duct-work, call or visit your local Texas-New Mexico Power Company office and ask for the free brochure, "Straight Talk about Ductwork."

Rebels Last Home Game Is Friday Night

The boys and girls basketball teams from Wolfe City will come to Rivercrest High School Friday night. There will be a junior varsity boys game at 5:00 p.m. followed by the varsity girls, then varsity boys. This is also the last game of the season for the varsity girls. Both varsity games should be very interesting as the Wolfe City girls team is very strong and is trying to make the state play-

offs. The boys game was a barnburner, at Wolfe City, as Rivercrest won 64-62. Both teams like to run and press. This should be a very exciting game. A win by the Rivercrest boys will assure them of a state playoff position. Everyone come out and support our teams.

Other games scheduled for Friday

night are, Prairiland at Honey Grove and Chisum at Cooper.

THE RIVERCREST REBELS suffered their first district defeat against Honey Grove re-

cently. The Rebels played hard but fell to the Warriors. (Staff Photo by Nancy Brown)

Lady Rebel JV & Varsity Travels To Honey Grove

On Tuesday, February 2, the Lady Rebel JV and Varsity girls traveled to Honey Grove.

The JV girls ended their first quarter in a 7-7 tie. Amanda Savage and Crystla Bell had scored for the Lady Rebs. By halftime, the Lady Warriors had battled to ran 11-9 lead.

With Norma Jasso and Savage scoring in the third period, the Lady Rebs took a 17-14 score. The last quarter saw a pretty rough game and the Lady Reb led slipped away into the final two minutes of play.

Hurried passes killed the ladies as the Lady Warriors picked off pass after pass. Final score was 29-23. High scorer for the Lady Rebels was Amanda Savage followed by Norma Jasso. Also scoring were Susie Moles and Jaime Swarts.

The Lady Rebels took the court, with the first jump of the ball made by Michelle Giles. The Lady Warriors

took possession and held it throughout the game.

The first quarter saw the Lady Rebs only score four points, tossed in by Kathy Hinsley and LaQuitta Norman.

The Rebel team was charged with a technical for entering a player not on their roster. A simple oversight but a costly one. The team drew another technical for unsportsmanlike conduct. This was one of the worst games of the season for the Lady Rebels.

The team had numerous fouls called and no amount of hustle could get the team in gear. The final score was 44-23.

High scorer was Ashley Ross, followed by Chasity Hall and Stacey Benfield. Also scoring were Kathy Hinsley, LaQuitta Norman, LaTrisha Belcher and Michelle Giles.

Rebels Rebound-Blast Prairiland 89-57

Having beaten Prairiland earlier in district play by only 1 point, the Rebels wanted to prove a point Friday night at Rebel gym and the did in a convincing manner. The Rebels outbounded, outshot and outdefended their friendly neighbor from the North. The game was never really in question as the Rebels jumped out to a 17-3 lead early on and they were never seriously challenged.

The game was a very good team

effort. The Rebels looked sharper rebounding and playing defense than they have in several games. The Rebels were to have played Chisum Tuesday night. A win there will assure the Rebels of a playoff spot for the second year in a row and three of the last four years.

Wolfe City will be at Rivercrest Friday night for the last home game of the season.

Honey Grove Knocks Off Rivercrest

The Honey Grove Warriors pulled themselves into a first place with the Rivercrest Rebels last Tuesday night. The Warriors made good on 24 of 36 free shots while the Rebels made only 2. The Warriors dominated the REBELS on the boards and that was the

big difference. The final score was 60-46, Honey Grove.

Picture perfect.

It's a picture perfect afternoon for Don Edwards. For him, a fast-paced game of basketball and a hot shower is the way to relax after a hard day at the office. But Don is finding a recurring knee injury is reducing his time on the court... and may ultimately end it altogether.

Fortunately for Don and other athletes, a new diagnostic technique called magnetic resonance imaging is now diagnosing sports-related injuries at an early stage, when they can be treated quickly, easily and effectively.

Magnetic resonance imaging and our hospital. Together we're extending the careers of the great... and the near great.
