

Nichols
Worth

By Nanalee Nichols

Every now and again I collect enough little scraps of "material" floating around in my brain to pull out, trim up into little pieces and put together into a quilt of odd thoughts. Like a real quilt, the different blocks can sometimes be pretty different, bearing no relationship to one another.

Well, here's my latest quilt! Who noticed the sky the other evening just after sunset? The western horizon was virtually black but in the southeast there was a narrow tear in the cloud cover. Through that rip shown a glowing luminescent pink and gold that no camera or painter could ever capture.

Now, different observation... Is it a sign that our educational system is working...Or that is isn't? I was walking along the sidewalk when I came across (literally) some chalk written graffiti. It contained the juvenile plus names and initials, but didn't have the usual four letter words. What it had that made it so unusual were the words "meteriologist" and "archaeologist"! I guess kids are learning to use bigger words but not to write on public property?

Another mental scrap...Has anyone noticed fax covers? Fax covers come in a wide variety of designs and ideas...most of them amusing.

What I have noticed is that it doesn't matter how serious, or how low key and subdued a business is, they let themselves go with their fax covers!

I've seen funny faces, funny sayings and downright naughty ones. We had one come in that said "Just the bear faxes" with a teddy bear. Another features a runner passing on the baton. Some have clocks and statements about timely messages.

I think, personally, that it is neat that we can let our guard down a little about something. I just wonder why fax covers turned out to be the something?

Our own fax cover? Are we serious, pompous or staid? Nope...it says "A lightning bolt from Thunder Prairie"! Even businesses need a little lighthearted levity sometimes.

So, here are my quilts squares for the week...they don't amount to much more than a lap robe...but it's all I had to offer!

Christmas Comes But Once A Year...And So Does Our Sale

Newspapers On Sale During December, Take Advantage Of Savings NOW!

It's that time of year again...the holidays are coming and you may have more to do than you can possibly see your way clear to do.

So, why not help yourself out and delight those on your Christmas gift list by giving them (and yourself) a subscription to their home-town newspaper.

Right now the Blossom Times, Bogata News, Deport Times and Talco Times are on sale from \$2 off their regular price.

And, that means you can send someone the paper for one whole year for only \$13 in Red River, Lamar or Titus Counties, or for \$16 per year anywhere else.

These newspapers make a wonderful gift for those far from home, for those with children in a local

school system, for those busy people who may not be able to know what is going on in their home town as much as they wish to.

They make the perfect gift for someone who is "shut in" or in a nursing home, or for a homesick college student.

The papers feature a cooking column, a weekly, award winning column by Nanalee Nichols, great school news, great news of friends and family, coverage of all church or community events and much, much more.

Giving the local newspaper also means you don't have to hassle with crowds and parking, but can use the coupon found in the full page ad in this week's paper to get a head start on your shopping.

For the price they just can't be beat. Try collecting all the local news of your community you can from a daily paper, then cut it out and paste it down on a sheet of newspaper...you'll find that there is usually not over one page of news that actually concerns you directly, while a year's subscription to your weekly paper gives to ten to fourteen pages of it! And, it does so for not much more than the cost of one month's worth of a daily!

So, take advantage of December savings...remember, this sale only comes once a year. Renew your subscription and make sure to give everyone you can the gift that keeps on giving for a whole year!

Happy Thanksgiving...Remember To Give Thanks

EVERY DAY SHOULD BE A DAY OF THANKSGIVING

We indulge in self-pity, lamenting our woes,
Plus the ones that have never occurred;
And forget the good fortune which everyone knows
The Almighty so often conferred.
Now the place of our worship will help us recall
That our gratitude should be restored;
So we don't need a special occasion at all
To acknowledge the love of the Lord.
Though we all have experienced trouble and strife,
Yet our lessons our faith will convey:
For the blessings we've had, every day of our life
Should be know as our Thanksgiving Day!

Bogata Second Grades Produce Plays

Recently the students in second grade at Bogata Elementary had a chance to experience first hand all about writing and producing plays. First, their teachers, Sandra Stockton, and Stacy Spencer, read several familiar fairy tales to the two classes. Then the students were divided into groups and challenged to write the fairytales as plays. Next they decided who would portray each character in the three plays: "Jack and the Beanstalk," "Three Billy Goats Gruff," and "Little Red Hen." After that the classes displayed creativity in designing props and scenery for their plays. Some of the props made by the students included: a stone bridge, stick puppets, a beanstalk and a harp. Some children chose to wear costumes to help portray their character. The second grade classes presented the plays to students in Pre-K through third grade and their principal, Mr. Mabry. The plays were also enjoyed by the following parents and grandparents: Kathy Hawk-

ins, Shirley Earley, John Ward, Mona Pitts, Lila Simmons, Jackie Cannon, and Dianne Ross.

Students who performed in the plays were:

Little Red Hen- Jessica Adiode and Gina Lindsey, Cow- Morgan Meredith and Heather Hawkins, Pig- Desiree Winters and Chris Fulbright, Frog- Kacy Harper and Clint Glasener, Cat-Erika Martinez and Nichole Burruss, Troll- Jill Shirley and Jessica Fenner, First Billy Goat- Candice Little and Holly Jean, Second Billy Goat-Lynann Sivard and Saleena Whitaker, Third Billy Goat- Johna Ingram and Brandon Williams, Jack- R.C. Now, I know everyone is full of turkey and all the trimmings as you read this.....probably reading it between doing the dishes and watching the parades and football games.....but it is time to think Christmas! You know what that means.....no, not gifts or presents...fruitcake! Yes, that wonderful concoction that everyone loves, known as the fruitcake. The wonderful concoction that has everything in it, but the kitchen sink. Now, don't say you don't like fruitcake. As many varieties as there is out in this great world, there must be one that you can find that will tempt your taste buds.

There are fruity fruitcakes, nutty fruitcakes, heavy fruitcakes, light fruitcakes and the people I work with and the paper fruitcakes(just kidding), at just a great variety of fruitcakes. Personally, I love fruitcake, but getting back to the story. The time is right to get some baking done and as you know the longer a fruitcake sets, the better it is. So, now is the time to go out while you have a few days off

and get everything you need and start baking. Oh, and let me know how they turn out or if you need another recipe.

The first recipe is the Texas Fruitcake. This one has orange slices in it and is very chewy with lots of pecans.

The Japanese Fruitcake has 8 eggs and not as much fruit as some of the others.

The Southern Fruitcake is loaded!...with everything! 12 eggs, 10 pounds of fruit and 3-1/2 pounds of nuts. Can you imagine stirring this one! You definitely would need help in the kitchen...from everyone!

The German Fruitcake uses more nuts than fruit and only three eggs.

Also included is a recipe for Fruitcake Cookies. These are very good and can be stored all the way up until Christmas... that is if they last!

Is there a good candy maker out there reading this column and Christmas cookie maker? Get in touch with me or the paper.

Hope you enjoy these and see you in the kitchen!

Rivercrest Rebel Basketballers Roll On

The Rivercrest Rebels turned on the heat Friday night to win their first game of the young basketball season. The Rebs beat Mt. Vernon 89-62 by outscoring the experienced Tigers 55-30 in the second half of play. The Rebels had lost their season opener to the strong 4-A Mt. Pleasant Tigers Tuesday night at Tiger gym. The host Tigers finally pulled the game out, but it took two overtimes. The game ended tied 80-80 and finally - after two overtimes Mt. Pleasant won 102-97.

At Mt. Vernon Friday night the Running Rebs were sluggish and fell behind early ending the first quarter behind 18-12 to a strong 3 A squad. The Rebels fought back and had a slim two point margin at the half. The Rebels led 34-32.

Early in the second half the Tigers came out hot and forged ahead 38-36, before the Rebels got to running. The Rebel's press began to take its toll on Mt. Vernon and the Rebels led 60-46 at the end of three quarters and the game was never in doubt from that point on as the Rebel's defense and fast break wore Mt. Vernon down.

The Rebels played 10 players during the game. The following players played for the Rebels: Jack Brown, Andy Speir, Eric Waller, Jeff

Savage, Kyle Kennedy, Chris Waller, Alvin Savage, A.J. Lee, Steven Thomas, and Danny Lance.

The Rebels made 14-3 pointers during the game much to the delight of the large crowd following the Rebels.

The Rebels had 21 steals off their pressing defense, and 43 big rebounds. The Tigers of Mt. Vernon had only 26 rebounds. Kyle Kennedy was the big man underneath as he had a team high 15 rebounds along with 5 steals. Leading the way in scoring for the Rebels were: Jack Brown 10 points, Andy Speir 14 points, Jeff Savage and Alvin Savage both Sophomores with 19 points each. Jeff Savage along with 19 points had 12 rebounds and 7 assists. Alvin Savage had 5 steals to go with his 19 points.

Coach Wood Commented about the first two Rebel games, "I was very pleased with our effort against Mt. Pleasant. We gave Mt. Pleasant all they wanted, they wanted that game to be over. Our guard play was good, and so was our shooting. I felt like after the Mt. Pleasant game that we must play better defense and rebound a lot better. Our hustle is there, but our basic defensive fundamentals are lacking. Our fast break worked at

times, but we have to work harder at fast breaking. Our kids must realize that rebounding, defensive play, and fast breaking require dedication and hard work.

Concerning our Mt. Vernon game we were very flat early, which I expected. However, we did come out of it and that is a very positive sign. I really like the way we are hustling. I felt like we just wore Mt. Vernon down. Our Press and fast break really bothered them the second half! Our rebounding was much better the second half. I felt that Mt. Vernon has a very good 3 A team. They are better than they have been in many years. It was great to win on the road with a lot of young and inexperienced players."

Next action for the Rebels was to have been Tuesday night as they were to entertain the Mt. Vernon Tigers. Friday night the Rebels travel to Texarkana to play Pleasant Grove, another strong AAA School. Ninth grade, JV, Varsity Boys will play at 4:00p.m. The Rebels and Lady Rebels will be back at home Tuesday as 4 games are scheduled with JV girls beginning at 4:00 followed by JV boys, Varsity Girls and Varsity boys.

Rebels Drop Three Games, But Redeem Themselves

The Rivercrest Rebel ninth grade, junior varsity and varsity traveled to Mt. Pleasant on Tuesday, November 15, while the Lady Reb junior varsity and varsity traveled to DeKalb.

The ninth grade Rebs led the opening action facing tremendous odds. The Rebels consists of eight young men while the Tigers entered the gym with over 20 team members. Rebel Jody Nolen was lost early in the game when he injured an ankle which had originally been hurt in a football contest. The Tigers game plan of 5 players in-5 players out snuffed any Rebel hopes. The Rebs played hard but were unable to gain ground. Final score 63-34 Tigers. Brian Giles took high scoring honors, while Ryan Giles, Michael Allen, Jody Gray, Tim Peoples and Courtney Huddleston also added to the score.

The Rebel junior varsity also took the court against larger odds. In first quarter action the Rebels held their own, ending with a 23-17 Mt. Pleasant score. Erric Martin and Darryl Savage ate away at the Tigers to hold within range of the Tigers. Dru Denison came alive in the second quarter dropping in 10 points, two of which showed up on the Tigers Scoring side. Although attention was brought to the scorers, as official book the

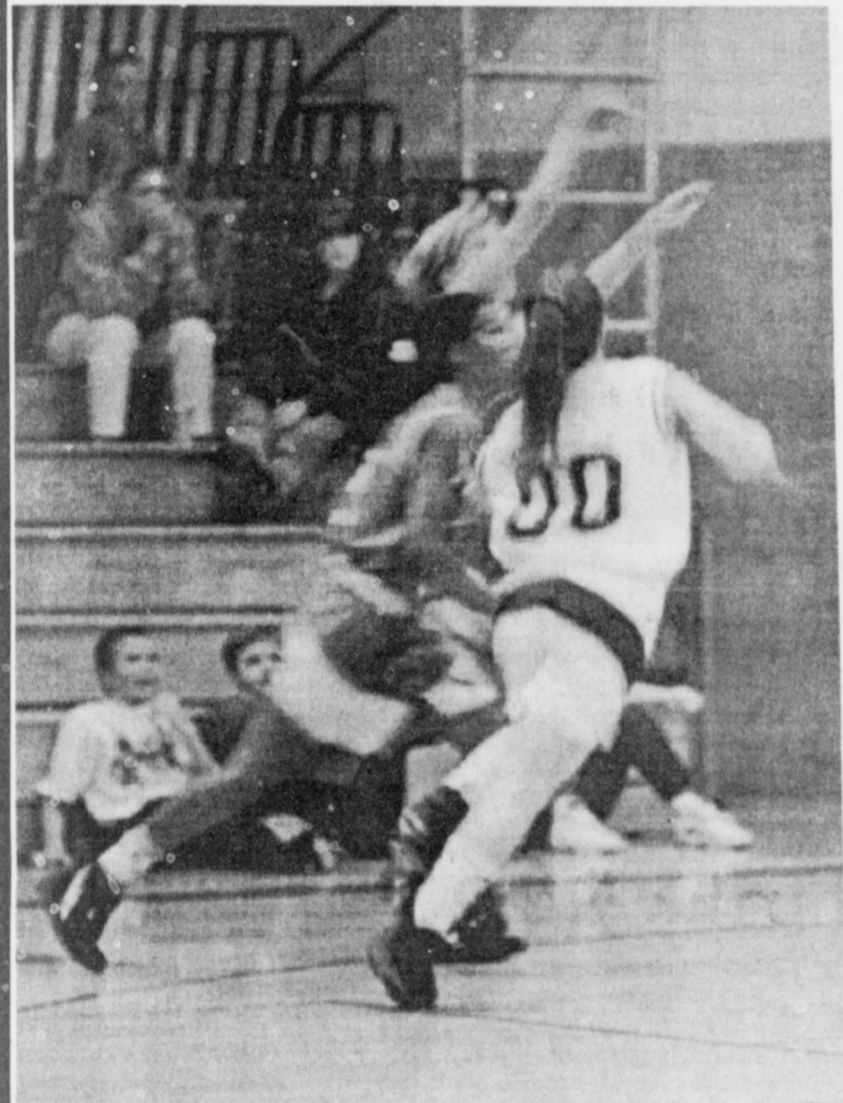

points stood as placed. Half time ended 30-37 Mt. Pleasant. The Tigers returned ready for action and the Rebels slipped slowly behind. The quarter ended 60-42, Mt. Pleasant. The Rebs gave their all in the fourth. Both Clint Gage and Todd Barker were lost to fouls. A tired Rebel team took the loss, 86-63. Scoring honors went to Dru Denison. Also scoring were Erric Martin, Todd Barker, Clint Gage, Carryl Savage, Mitch Ellis and Kyle Hines.

The Rivercrest JV Rebels, JV Lady Rebels, varsity Lady Rebels and varsity Rebels traveled to Mt. Vernon Friday November 18.

Play began with the JV Lady Rebs who took a close win of 32-28 over the Lady Tigers. Next the JV Rebs took the court to dominate the Tigers. The Rebels fast break was unstoppable. At the half the score stood 39-13 Rebels. Rebel team work sent the final score to 67-31. Scoring honors went to Erric Martin, also scoring wer Dru Denison 11, Mitch Ellis 10, Clint Gage 9, Craig Combs 8, Todd Barker 8, Darryl Savage 4, Michael Allen 2, and Kyle Hines 1.

The varsity Lady Rebels began with a good first quarter. In second quarter action the Lady Rebs slacked off letting the Lady Tigers score from

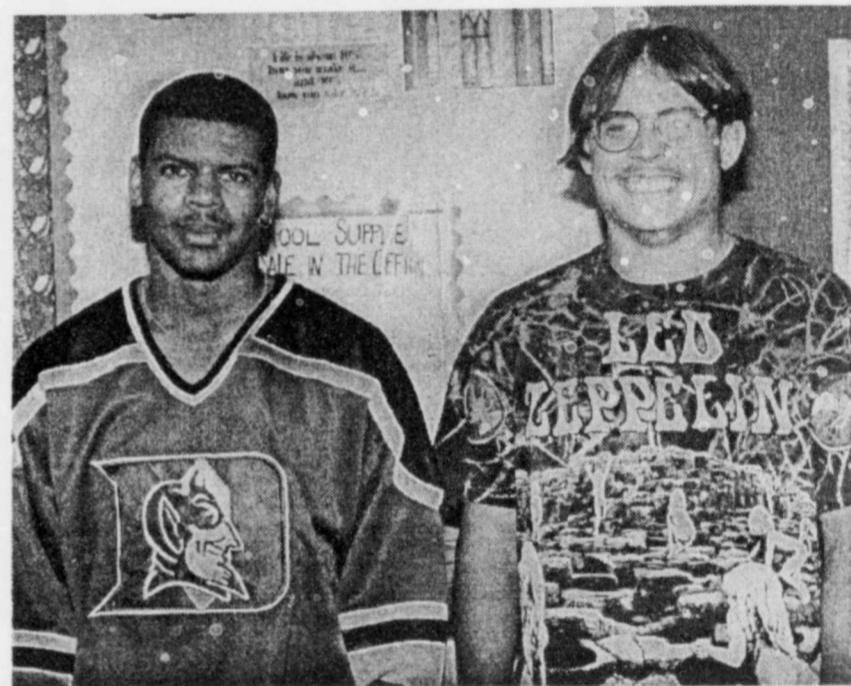

the inside. With 3 minutes left in the half the Lady Rebs came to life ending the quarter 25-21-Lady Reb lead. In third quarter play the Lady Rebs jumped to a 10 point advantage but the Tigers would not give way, pulling back to within 2 points of the Lady Rebs. When you're hot, you're hot and Lady Rebs Jana Weatherall and Karen Williams were smoking. The score see-sawed coming to a 52-52 tie with 1:01 left in the game. Freshman Kristi Hines had a good game in her first showing as a varsity player. With 4 second Hines rebounded a missed outside shot to go right back up for 2 points. The pressure pushed the Lady Tigers foul on Karen Williams, who went to the free shot line to sink one. Again Kristi Hines proved herself rebounding the ball and pushing it back to Williams who got the shot off. Hines on the rebound agains the buzzer sounded. Jana Weatherall took scoring honors at 26 points, 5 of which were from three point land. Weatherall also sank 7 of 9 from the free shot line. Karen Williams was a strong second in scores with 20 points. Also contributing to the score were Jennifer Bond, Shaunda Jones, Kristi Hines, Final Score 55-52 Lady Rebs.

LADY REBELS pulled off a win in a close game vs the Mt. Vernon Lady Tigers at Tiger Stadium Friday, November 18. Final was 55-52 Lady Rebs. (Staff Photo)

The Ark-La-Tex Council of Governments representatives met with Postmasters from Lamar, Red River, Titus, Cass, Morris, Hopkins, Franklin, Camp and Bowie Counties to discuss plans for implementation of the 911 system in northeast Texas.

Plans are for the system to be implemented by the end of 1995 or the first of 1996.

At present, arial photos are being made of northeast Texas so that all driveways on all state and county

roads can be assigned a number for identification.

Numbers should be assigned to all rural properties at the same time the postal services new automated systems can be put into use.

Postmasters were informed to let the public be aware of the process, but to stress that residents should not do anything about their address as far as establishing permanent types of identification until they are notified by the post office.

The process must be carried out in order for the 911 system to work. Residents can seek answers from their postmasters about specific information.

November Sales Tax Rebates Reported

"The Texas economy continues to improve along with employment, which grew by 3.1 percent since one year ago," State Comptroller John Sharp said, as he sent a total of \$195.3 million in November sales tax rebates to 1,072 Texas cities and 111 counties. "Sales tax rebates reflect a 3.6 percent increase in consumer confidence over the same period last year," Sharp said.

Texas cities received \$178.7 million in local sales tax returns, up 4.1 percent over last November's payment of \$171.6 million. Counties received a total of \$16.6 million for their November rebates, 1 percent less than the \$16.7 million payment of one year ago.

This month's payments include taxes collected by monthly sales tax filers on September sales and by quarterly filers for July, August and September, and reported to the Comptroller in October.

"Total employment in the last year rose by 3.1 percent in Texas, with the Austin and Dallas metro areas lead-

ing the way in total growth," Sharp said.

Mount Pleasant received a sales tax rebate of \$265,217.04, over \$164,480.52 last year, a 58.81% increase.

Talco received \$2,091.36 this year; \$2,089.88 last year; an increase of 18.75%.

The top team is home team each day, and will wear light colored uniforms. All warmup basketbals will be furnished. Trophies will be awarded for all places, 1-4. An all tournament team will be selected consisting of five.

Determination of tournament winners is as follows: 1. Two teams tied in percentage for first place: the team that defeated the other in head-to-head competition will be the winner. The other team will be the runner up. 2. Three teams tied in percentage for first place: Step 1: add points scored against all teams involved. The team with the least points scored against wins. Step 2: if a tie still remains add points scored by each team to determine the winner. Step 3: if a tie remains, flip a coin.

Commission On Fire Protection Urges Care With Home Heating Equipment

When the north wind blows, temperatures fall and Texans turn on their heaters. Unfortunately for hundreds of Texas residents, trying to stay warm this winter will cause more heat than they needed--heat from an unwanted house fire.

"Each year, the number of fires rises as the temperature falls," said Michael E. Hines, executive director of the Texas Commission on Fire Protection. "Because many of these fires are caused by carelessness from home heating equipment, we strongly urge everyone to take care of their heaters and fireplaces this winter."

During 1993, 17 people died in fires caused by heating equipment, according to the Texas Fire Incident Reporting System. More than 1,800 heating fires occurred in homes in Texas. The most common cause of heating fires was allowing portable

heaters too close to something combustible, such as bedding, furniture or wall surfaces.

"This means that most heating fires could have easily been prevented," Hines said.

The Commission on Fire Protection recommends these actions to help prevent heating fires:

- Keep at least three feet clear around all types of space heaters. Get a yard stick or ruler to measure the distance. This means there must be at least three feet, or about the distance of an adult's arm-length, between the heater and any furniture, blankets, chairs, sofas or the nearest wall.
- Have central heating equipment, as well as portable heaters, checked by a qualified technician. Your best option is to have the equipment checked before you turn it on for the first time this season. However, just because you've been able to use the equipment safely without a checkup doesn't mean that the equipment is safe. Have it checked now.
- If you have a fireplace, have the chimney inspected each year by a qualified chimney cleaning service. Ask the "chimney sweep" for tips on using your fireplace most effectively.
- If you are worried about the cost of having your heating equipment or chimney inspected, talk to several companies before agreeing to the service. Typically, a heating or chim-

ney inspection by a qualified technician costs from \$25 to \$100 around the state. Ask what services are included in the cost and what type of repairs might be necessary. Contact the Better Business Bureau or other consumer organizations for suggestions on buying heating inspection services.

- Read and follow the directions for your heating equipment. If you buy a new heater, read the directions carefully, then keep the directions so that you can read them again if needed.
- Never leave children alone with a heater or fireplace while it is in use. Because the heat and flames are alluring to them, children cause many fires by playing with heating equipment. In fact, children playing with heating equipment is a common cause of heating fires, especially fires in which a child dies.
- If your heating equipment is unsafe and cannot be repaired, ask for help. Most communities have programs to assist people who do not have safe heating during extremely cold weather. Contact your local fire department, police department or social service agency.
- Test your smoke alarm each month to be sure that it is working properly. In case a fire does occur, you and your family will be warned early so that you can safely get out of the house.

New Restrictions Affect Substance Abusers Who Receive Social Security Benefits

By Ray Hudson
District Manager

A new law passed by the Congress recently is designed to tighten control of disability benefits paid to those who abuse alcohol or drugs.

These rules are designed to halt many of the abuses of the program that had been identified in recent months. At the same time, it permits the payment of benefits to disabled people who want to overcome their addiction.

The Social Security Administration pays disability benefits to people whose mental or physical impairments prevent them from being able to work. Drug and alcohol addiction are considered medically determinable conditions which may by themselves or in combination with other impairments prevent a person from working. Claimants may collect benefits under the Social Security disability insurance program if they have enough prior work, or under the Supplemental Security Income (SSI) program if they do not.

The programs have been under public attack recently after it came to light that many substance abusers who collect benefits under these programs were simply using their checks to buy drugs and alcohol to feed their addictions. In cases where large back payments were paid, there were cases of addicts actually dying from overdosing. Even when payments were made to a representative payee, addicts and alcoholics found easy access to the funds by threatening or cajoling the payee.

The issue has also been raised that

these benefits should be tied to a treatment requirement, so that addicts may be rehabilitated and eventually become self-sufficient. Under the SSI program, a substance abuser whose addiction is a contributing factor to disability must participate in a treatment program as a condition for continuing to receive benefits. Under the Social Security disability insurance program, there is no such stipulation attached to the receipt of disability benefits.

In response to public concern over these issues and in order to ensure the integrity of these programs, Congress has passed the following provisions:

1) SSI and Social Security Disability Insurance payments will be limited to 36 months when substance abuse is material to the disability. The substance abuser will still be eligible for Medicare and Medicaid and any dependents (i.e., children) will still be able to receive benefits as long as the abuser continues to be medically disabled and meet all other eligibility requirements.

2) Recipients of both types of benefits will be required to participate in a treatment program, as long as it is available at an approved facility. The beneficiary must also agree to comply with the terms of the treatment and be monitored and tested.

3) Benefits are suspended if the substance abuser does not comply with treatment. Once benefits are suspended for non-compliance with treatment, the benefits could be started again once the person demonstrates

that he/she has complied with treatment requirements for specified periods. Once the benefits are suspended for 12 consecutive months of non-compliance, the benefits will be terminated for good.

4) Referral and Monitoring Agency contracts will be established in each state so that beneficiaries may receive appropriate treatment, monitoring, and drug testing.

5) Large sums of retroactive benefits will be paid gradually to substance abusers, except for those who have incurred debts to State general assistance programs, owe attorney fees, or are at high risk for homelessness.

6) The representative payee requirement will be extended to all beneficiaries under both programs whose drug or alcohol addiction is material to the disability. Preference will be given to Social Service Agencies or Federal, State or local government agencies in naming representative payees for substance abusers, unless Social Security determines that a family member would be more appropriate.

7) Organizations that serve as representative payees for substance abusers will be able to charge beneficiaries 10% of the monthly benefit or \$50, whichever is less, for their services.

In addition, the law authorizes a study to be undertaken of the receipt of benefits by substance abusers. The findings of the study are due to Congress by December 31, 1995.

"Over-the-counter anti-diarrheal medications can help soothe your stomach pain, but drink plenty of fluids to treat dehydration," White said. "If the symptoms worsen, see your doctor."

Other foods like eggs and shellfish can also pose a health risk.

If your holiday recipes call for eggs, be sure to purchase clean, uncracked eggs, and keep them refrigerated.

Avoid serving raw or undercooked egg yolks, which increase the risk of infection.

People who enjoy eating raw shellfish, like oysters, says White.

"Eating raw oysters is not a good idea, especially for people with liver disease, because it harbors cholera-like organisms called vibrios which cause life-threatening infections," he said.

White advises washing your hands before preparing foods to reduce bacteria transmission.

"You can contaminate the turkey with common bacteria that you carry on your skin," White said.

Here are more safe holiday cooking tips:

Don't use the same knife you cut raw poultry with on other foods. Wash cutting boards, counter tops and cooking utensils with hot, soapy water.

*Avoid sampling rare beef or poultry.

*Check the temperature of your turkey with a cooking thermometer to make sure the turkey has been cooked thoroughly.

*Thoroughly wash lettuce, peeled potatoes and other vegetables and fresh fruits.

*Throw away eggs kept for more than a month.

*Refrigerate leftovers immediately.

*If you buy a full dinner at a supermarket or restaurant to serve at home, pick it up hot and keep it hot.

*Do not try to keep catered meals hot for more than two hours. If you must, then you should take the stuffing out of the turkey, cut turkey off the bone and refrigerate.

*Keep cold foods cold. If you pick up your dinner already cooked and refrigerated, keep it cold. In this case, cut up turkey before heating to serve.

*Cook only USDA inspected turkeys.

*Avoid buying already stuffed turkeys.

*Reheat leftovers properly.

*Reheat leftovers and Cooked dinners as recommended.

"The key is to be prudent when handling food," White said. "If you take precautions, you'll have a safe and enjoyable holiday."

Don't Go For The Quick Thaw This Year When Preparing The Bird

Don't go for the "quick thaw" and let bacteria gobble up your turkey this Thanksgiving, says an infectious diseases expert at Baylor college of Medicine in Houston.

"Turkey and other poultry defrosted outside the refrigerator too long are prone to contamination with salmonella bacteria," said Dr. A. Clinton White Jr., an assistant professor of medicine at Baylor. "Once the turkey has thawed, it's important to cook it thoroughly to kill bacteria and avoid serious illness."

Salmonella poisoning is caused by bacteria that develop in raw or undercooked meats and other foods stored in a warm environment. When eaten, bacteria grow in the intestines, causing stomach pain, nausea, vomiting, diarrhea and dehydration.

Reye's Syndrome Is Frequently Misdiagnosed

Reye's Syndrome is a very serious disease that you should know about. Some people develop Reye's Syndrome as they are getting over a viral illness such as the flu or chicken pox. Reye's syndrome usually affects people from infancy through young adulthood; however, no age group is immune. Although Reye's generally occurs when someone is recovering from a viral illness, it can develop 3 to 5 days after the onset of the illness. Its main targets are the liver and brain, it is non-contagious, and too often is misdiagnosed as encephalitis, meningitis, diabetes, poisoning, drug overdose or sudden infant death.

Early diagnosis is crucial. An individual should be watched during the next two to three weeks following a viral illness for these symptoms, usually occurring in this order: *Restlessness or continuous vomiting, *Listlessness, *Drowsiness, * Personality change, *Disorientation or confusion, *Combative, *Delirium, convulsions or loss of consciousness.

Reye's Syndrome would be suspected in anyone who vomits repeatedly. Phone your doctor immediately if the symptoms develop. Voice your concern about Reye's Syndrome. If your physician is unavailable, take the person to an Emergency Room promptly. Two liver function tests can be done to determine the possibility of Reye's syndrome. There is a 90% chance of recovery when the syndrome is treated in its earliest stages by physicians and nurses experienced in the treatment of Reye's.

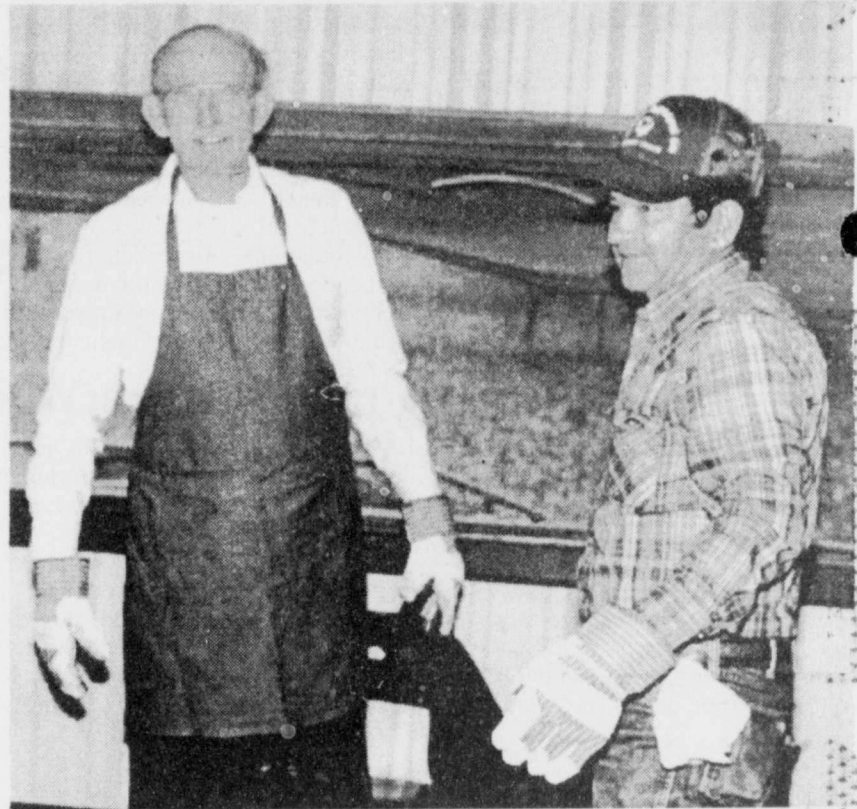

Studies have shown that using aspirin or aspirin containing medications to treat the symptoms of viral

illnesses increases the chance of developing Reye's Syndrome. If you are a member of your family who has a viral illness, do not use aspirin or aspirin containing medications. In fact, you should consult your physician before you take any drugs to treat the flu or chicken pox, particularly aspirin or anti nausea medicines. Anti nausea medicines may mask the symptoms of Reye's.

The National Reye's Syndrome foundation, the U.S. Surgeon General, the food and Drug Administration, and the Centers for Disease control recommend that aspirin and combination products containing aspirin not be taken by anyone under 19 years of age during fever causing illnesses.

Aspirin is a part of the salicylate family of medicines. Another name for aspirin is acetylsalicylate; some drug labels may use the words acetylsalicylate, acetylsalicylic acid, salicylic acid or salicylate instead of the word aspirin. Currently, there is no conclusive data as to whether other forms of salicylates are associated with the development of Reye's Syndrome. Until further research has answered this question, the NRSF recommends that products containing any of these substances should not be taken during episodes of viral infections.

The NRSF is a non profit, tax exempt organization with affiliates located in 44 states. The NRSF has pioneered the movement to disseminate knowledge about the disease in an effort to aid in early diagnosis and also provide funds for research into the causes, cure, care, treatment and prevention of Reye's syndrome.

Comments From Your County Attorney

Jack Herrington

One year ago the Red River County Grand Jury handed down four capitol murder indictments in the murder of Martha Lennox and two capitol murder indictments in the murder of Jenny Lynn Weeks. James Henderson and Willie Pondexter have been sentenced to death by lethal injection for the death of Martha Lennox, Deon Williams, a juvenile, and Ricky Bell have been sentenced to 60 years in prison for the above affair. They will serve 30 years, day to day, with no good time credit before they can ever be considered for parole. Reginald Reeves was sentenced to death by lethal injection for the murder of Jenny Lynn Weeks. Those sentenced to death are currently on death row.

I hope the effort and determination to prosecute these cases will send a clear message to those prone to violence in Red River County. It is my every intention to continue to take a strong stance against violent offenders in our country.

To try four capitol murder trials in one year was a monumental undertaking, but I feel that these cases had to be dealt with swiftly and decisively.

There are several murder cases in our county that are unsolved at this time. If anyone has information of value concerning other murders, please contact me or Sheriff Edrington. Citizens cooperation can go a long way in helping to solve these crimes.

You Can Work And Collect SS Benefits

By Ray Hudson Distric Manager SS District Office Paris, Texas
 Want to "keep on truckin'" and collect Social Security benefits at the same time? You may be able to do it! If you're over 62, it's possible that you could collect partial Social Security retirement benefits while continuing to work full-time.

Partial benefits may be payable when you're employed and eligible for retirement benefits (the earliest age is 62) or widow(ers) benefits (at age 60 or older). If you're under age 70, you'll be subject to an annual earnings limit. If your earnings exceed the limit, part of your benefits will be withheld. In 1994, the earn-

ings limit is \$8,040 if you're under age 65, \$1 is withheld for every \$2 you earn over that amount. If you're over 65 but not yet 70, \$1 will be withheld for every \$3 of earnings that exceed \$11,160. If you're 70 or older, you can collect full benefits no matter how much you earn.

Here's an example of how this could work for you. Let's say, you are 63 and eligible to receive \$800 a month in Social Security --That's \$9,600 a year. You have a job that pays you \$20,160, which is \$12,000 over the 1994 earnings limit of \$8,040. Because you earn \$12,000 over the limit, we would withhold \$1 from your Social Security benefit for every \$2 you earn over the limit. In your case, we would withhold \$6,000 of your benefits. However, you would receive \$3,600 from Social Security while earning \$20,040 on your job. Your total income from work and Social Security for the year would be \$23,640.

Next year, if you were still working, you could be getting even more money. The annual earnings limit rises each year. Therefore, a smaller amount of your earnings would be withheld if you exceed the limit. And, because Social Security refigures benefits each year to consider additional earnings, you could get a higher benefit.

If you're at least 62 and want to find out if you can work and collect Social Security benefits at the same time, call this toll free number 1-800-772-1213 (Between 7 a.m. and 7 p.m.) to make an appointment to talk with a Social Security representative. You can call that number at any time to have a Request for Personal Earnings and Benefit Estimate Statement for sent to you. You'll receive your statement about four weeks after you complete the form and send it to the Social Security address on the back.

Thrifty.

Bogata Lions Hold Regular Meeting

The Bogata Lions Club met at the community center on Thursday November 17, 1994. Dr. Robert White presided in the absence of President Kenneth Vickers.

After the Pledge of Allegiance to the flag and the invocation, a meal of Cold Cuts was served.

The minutes of the previous meeting were read and approved, and a financial report was heard.

New carpet for the building was discussed and it was agreed that there was a need, but that it should be postponed for a while.

The group agreed to sell fireworks for the Holidays. Help will be needed from the membership.

Jack Dodd and Buck Ramsey were

elected to head up the flag program next year.

It was voted upon to donate \$250.00 toward purchasing goods for the Christmas Baskets in addition to the canned goods which are donated at every meeting of the Lions Club.

Mr. Raymond Franklin will be the Lions Santa Claus this year. He will be in the parade as well as other functions during the holidays.

Volunteers will decorate a hall at Red River Healthcare Center the first Monday after Thanksgiving at 7 P.M. Any help is appreciated.

A moment of silence was observed in memory of Donald Thomas, who did so much for Bogata.

The meeting was adjourned. The next meeting will be December 1.

Bogata Men's And Women's CODA Groups Meet

There are Co-Dependents Anonymous meetings being held weekly for men and women, at the Methodist parsonage.

The ladies group meets Wednesday at 7 p.m. at the Methodist parsonage. An open meeting for men and women is held at noon on Friday, also at the parsonage.

While CODA covers a large group in itself, anyone with problems who think they could be helped by discussing them with other people, or just listening to other people talk, are welcome to attend.

Bogata Fourth Grades Took Field Trip

Mrs. Jane Strawn's and Mrs. Ginger Jordan's fourth grade classes at Bogata Elementary School traveled to Paris Wednesday morning to attend the play, Cinderella, at Paris Junior College. PJC's Drama group, Le Troupe, presented an outstanding performance to an excited audience. The students got to meet and talk to the performers. Also accompanying the group was Mrs. Vicki Tabb.
