"The Bug", "Stomach Flu", or, most commonly "The Virus". No, let's rephrase that, let's spell the virus with all caps "THE VIRUS". Anything this bad has to be spelled big!

I never, ever, never ever have the virus. But, somewhere, somehow Saturday night the vicious, nasty little bugs caught up with me and laid me low. Those of you who have been afflicted with this malady know exactly what I'm talking about. And if you haven't ever had the virus...well, I don't think I like you much!

I went through the usual disgusting and debilitating problems, hoping for a twenty-four hour affliction. No such luck...I was in for the seventy-two hour kind.

Fever hurts me worse than absolutely anything, and I spent Monday huddled on the bed aching, moaning, whining and whimpering. Still, I simply knew I would be able to go on Tuesday. As everyone knows, Tuesdays and Wednesdays are our deadline days and getting out all five publications takes all hands on deck. Unfortunately, Tuesday dawned with little improvement.

I spent another day curled up in the bed moaning, whining, but at least able to swallow Jello and graham crackers. I also felt sorry for myself because everyone was way too busy to sympathize with me.

About five o'clock Tuesday afternoon I came to myself. The aches abated, the stomach felt empty but okay and I staggered in to take a bath.

After taking my bath and getting all comfortable with yet another bowl of Jello it hit me that I have discovered (not that it hasn't been noted before, I'm sure) the benchmark for recovery. BATHS.

Think about when you have had this affliction. From feeling like it would take an improvement before you could die you go to feeling dirty and desperately in need of a bath. It is at that junction when survival becomes certain, and you actually CARE whether you survive or not.

I was glad to reach the bath stage, and I'm more glad to have reached the "could be whipped by a kitten but and happy to be up some" stage. My co-workers are happy I've reached that stage too. I hear they were going to write a column about "why we hate people who get the virus on Tuesdays" and it wouldn't have made a pleasant read!

This week's featured cook is Becky Blackburn of the Sylvan Community right outside of Blossom. Becky is married to Mike Blackburn and they have lived in the Sylvan area for 25 years. She has been a teacher in the Prairiland ISD for 20 years and is currently teaching second grade there. They have two sons, Michael Lee and Craig. Michael is married to the former Kenda Allen of Deport and she is also a teacher. Becky and Mike are members of the Blossom Church of Christ and Becky is U.I.L. Coordinator for Blossom Elementary, serves on the District Site Base Committee, is on the Blossom Site Base Committee and is an A.T.P.E. member. Becky loves her family being together, especially at meal times. When Michael and Craig were growing up, their friends were always welcome to stay and have a meal with them. There was always plenty to go around! The same goes for now and on most Sunday nights all of the family gathers, plus their friends and everyone enjoys a good meal and going over the week's events. Becky credits her cooking abilities to her mother, Mrs. Ruby Lewis, affectionately known as "Mimmie" to the grandchildren and great grandchildren. Becky says that her

mother is truly the "greatest" when it comes to delicious home cooking. Most of her recipes are old family favorites but she does like to try new ones. She has several from Southern Living and she always trades recipes with friends. The Old Time Chocolate Cake is one she always loved as a child and now is one of Michael's and Craig's favorites. The Banana Pudding is one of Mike's favorites. He always wants her to bring it along when the Blackburn family has a "get-together". She is also sharing a Chicken Casserole dish and a Six-Layer Dip recipe. Becky says her cooking has slowed down some these past few months as she is busy out campaigning with Mike. They get their share of chili, stew and spaghetti dinners making the rounds to all of the area events and fundraisers. Mike is running for Commissioner of Precinct One in Lamar County and they try to make as many as possible. He is also well known for his cooking abilities and enjoys handling all of the outdoor cooking jobs! Hey, that might be a good idea for a future cook! Watch out Mike, you will be getting phone calls! Hope you enjoy this week's column and we will see you in the kitchen!

Look for the ridiculous in everything and you will find it.

Pain may be eliminated for millions

(SPECIAL)--A new drug has been approved that is exciting researchers in the treatment of pain. This material has been formulated into a new product known as "Arthur Itis..." and is being called a "Medical Miracle" by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that Arthur Itis... relieves pain by first selectively attracting, and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. Arthur Itis... is an odorless, greaseless, non-staining cream and is available immediately without a prescription and is guaranteed to work.

CALMING THEM DOWN-Rebel Coach, Wake Wood calms his team in a time out as the Rebels played East Chambers in the Regional playoff Friday March 1 at Tyler Junior College. The Rebels took a narrow three point loss. (Staff Photo Nancy Brown)

18AA All District picks made

In recent polling for District 18AA boys and girls All-District players, selections from Rivercrest High School are:

Jeff Savage, MVP, unanimous choice, second year in a row; Alvin Savage, Defensive Player of the Year, unanimous choice.

Eric Waller was named to the All District first team while Erric Martin was named All District to the second team.

Broderick Fulbright was named Sophomore of the Year and A.J. Lee

received All District Honorable Mention honors.

Dru Denison, Erric Martin and A.J. Lee were named to the Academic All District team.

In girls basketball, Karen Williams was named to the All District first team and Kristi Hines was named to the second team. Honorable Mention honors went to Jana Weatherall and Candias Nickerson.

Academic All District honors went to Norma Jasso, Karen Williams and Amber Spencer.

Rebel JV finishes season well

The Rivercrest Rebel JV basketball team coached by Steve Weddle finished their season with a 6-1 District record. The team had a 13-9 overall record and were 12-2 against 2A schools. The team consisted of Cortney Huddleston, Jody Gray, Jody Nolen, Michael Allen, Brian Giles, Ryan Giles, Tim Peoples, Jason Freelan and Bryan Scott.

Cortney Huddleston held the record for the team in scores. He averaged 15.6 points per game.

"This team was great to work with. They listened to me very well and worked very hard. I also would like to thank Coach Wake Wood for his help in making our season a success", said Coach Weddle.

 The most silent people are generally those who think most highly of themselves.
 —William Hazlitt

The Rebels and Coach Weddle look forward to another good basketball season next year.

Rebels end season at regional meet

The Rivercrest Rebels basketball season ended at the Regional meet in Tyler Friday March 1. The Rebels were defeated following an exciting game by East Chambers.

The Rebs stayed in close, although their shooting was severely off, until the third quarter of the game. East Chambers took over a 10 point lead and it seemed the Rebels were done for.

A second effort by the Rebels put them in the lead once more with just over a minute left to play. Nerves forced Rebel mistakes and the regulation time ended in a tie.

In overtime both teams battled to score, however the Rebels hot streak had come to an end and they again

fell behind. Coach Wake Wood did his best with no time outs left to calm his team. With 1:2 seconds left in overtime play the Rebels inbounded the ball. The three pointer shot was made and made the loop around the goal only to fall out instead of in. It was a tough loss for the Rebels, who fans felt were by far the best team.

The purpose of psychology is to give us a completely different idea of the things we know best.
 —Paul Valéry

The Rebels can be very proud of being District Champs, Bi-District Champs and Area Champs. Seniors Eric Waller and A.J. Lee will be greatly missed next season but the Rebel fans have full confidence the Rebels will return to the playoffs next year. Congratulations, Coach Wood and Rebels on a great season!!!!

Lady Rebels lose season opener

The Lady Rebels softball team played host to the Cooper Lady Bulldogs Monday at Johtown at 4:30 p.m. In the first inning the Lady Bulldogs were able to score two runs. The Lady Rebels answered one run on a steal of home plate by pitcher, Jaime Swarts.

Second inning play saw Swarts strike out two Lady Bulldogs and first baseman Katie Hare make the

play for the third out. Score 2-1 Lady Bulldogs. In the bottom of the second the Lady Rebels added three runs. Katie Hare scored on a steal home and Norma Jasso and Jaime Swarts both crossed the plate for scores. Score 4-2 Lady Rebels.

The top of the third saw the Lady Bulldogs tie the score up 4-4 off a base hit and a Lady Rebel error. The Lady Rebels went to bat in the bottom and were able to score Andrea Palmer, who got on base on a walk. Score 5-4 Lady Rebels.

The fourth inning saw Swarts tire on the pitching mound and the Lady Bulldogs took the lead 8-5. In the bottom of the fourth the Lady Rebels had a walk, two fly outs, one on base on an error and a thrown third to first out.

Time was running out and the Lady Bulldogs held the lead 8-5 as the fifth inning began. The Lady Bulldogs fired up their hitting and left the Lady Rebels. Two walks, two base hits, and four errors saw the Lady Bulldogs go ahead 15-5.

The Lady Rebels had one more bat before the time limit caught them. In the bottom of the fifth, Brandi Gaddis and Norma Jasso led off both getting on base with a walk. Both girls scored to give the Lady Rebels a 15-7 score. The Lady Bulldogs shut the scoring down and the final score stood 15-7 Cooper.

The Lady Rebels will host Chapel Hill Friday March 8 at 4:30 p.m. Everyone is encouraged to come out and support our girls.

VOTE FOR RICKY DANIELS
Red River County COMMISSIONER - PRECINCT #1

To the citizens of Red River County Precinct #1, I have worked very hard and diligently to personally contact each one of you, if I missed you, please accept my apology. I do need your Vote and support on March 12th. I feel I am very qualified and have the experience to be your Commissioner. I have worked for the County for 11 years and I know that I CAN and WILL do the very best job I can for the citizens.

Precinct #1 has been budgeted for 1996, \$203,000, of this \$118,000 goes for salaries, retirement, unemployment, social security and utilities. That leaves \$85,000 for material, fuel, tires and other expenses. If you divide that by 226 miles of road in Precinct #1, that comes to \$375.00 per mile of road.

It cost about \$3,000 just for the rock for 1 mile of road. I know how to distribute the money and the materials for each of the roads in a way that it will do the most good.

My top priorities are the mail and bus routes and roads to our cemeteries. I also know how important it is for the rancher to be able to get down the road to feed his cows and for the farmer to have a good road in order to plant and harvest his crops. I will do my best to take care of these needs.

The County has a total budget of \$3,266,423.00, we have 30 different departments with a total of 91 employees. It is the Commissioners responsibility to set the budget for each department, he has to be able to keep the total of all budgets below the total budget in order to maintain a balanced budget.

By looking at the cuts that were made we need more revenue coming in. There are 3 ways to do this:

1. Raise taxes, but no one wants to pay more taxes, certainly not me.
2. Collect delinquent taxes, we have \$307,000 in delinquent taxes, this amount is from 1975 until the present 1996. I want to work with the Tax Collector in trying to collect these taxes.
3. Raise the tax base, you do this by bringing more industry to the county. In doing this, it keeps the working class here to spend their money in our county so that our local business economy benefits.

I also want to develop a good working relationship with the people. I would like to set up certain office hours every day so that you will know when I will be there to discuss and listen to your problems, ideas and complaints. I will work FOR YOU and WITH YOU, I will always try to come up with a solution for your problem.

A Vote for RICKY DANIELS will be a Vote for Red River County. I will appreciate your Support on MARCH 12th. THANK YOU.

The Texarkana Gazette And Me

By Jack Dodd

The Year was 1939. I built a fire under the 1932 Dodge to thaw out the motor that I forgot to drain. There were 4 freezer plugs out, 2 on each side. After the motor thawed I wrapped rags around corn cobs to stop up the holes until I could drive to Bogata and get the freeze plugs glued back in. It was a cold winter, especially with no electricity or butane to help the fireplace.

I remember Mother would back up to the fireplace and raise her dress up to get warm and Daddy would always say "Birt, put down your dress, the kids are present." It was my job to get up at 4 a.m. each morning since I was the oldest at 13. Build a fire in the cook stove and then one in the fireplace and we would go milk. At this time we milked from 12 to 16 good Jersey cows. I remember how warm it was to put your hands in the milk to warm them up. One old cow, Blackie, was a mean old Jersey. You couldn't drive her through a 40 foot gate but she could put her foot in a three gallon milk bucket twice a day.

It was while all this was happening out at Rosalie that there was a knocking on our front door one morning about 2 a.m. Dad and I got to the door about the same time. There stood a very cold young man. He said he was delivering papers from Texarkana to Paris and his car had thrown a fan blade and knocked a hole in the radiator. He wanted to call his boss in Texarkana to send someone to continue the Texarkana Gazette to Paris.

He came in, used the phone on the wall after Daddy woke Myrt up. The young man got his message to the boss and Dad said for him to crawl in bed and sleep until morning since it would take some time to come from Texarkana. On No! "I gotta stay by them papers." Daddy gave him a quilt and told him to leave it over the mail box when he left. With that the young

man returned to his Ford auto with the leaky radiator.

From 2 until 4 is not a long time. After building fires, milking and dressing to catch the 7 a.m. bus to Bogata School I took the cows across the highway to the pasture. There say this young man, half frozen and still no help from Texarkana. I went back to the house and Mother fixed a tray of 6 biscuits, ham, 4 eggs, coffee, honey with lots of butter and I took this to the young man. I never saw anyone eat like that before or since. I took the tray back up to the house and went back to catch the bus. The car and young man and a whole back seat of Texarkana Gazettes were gone.

The next morning when I took the cows to the pasture, there by the side of the road was a Texarkana Gazette, also the next day and the next and so on.

After about 2 weeks of the Texarkana Gazette my dad told me to go down the next morning and stop the young man and tell him it was not necessary to throw a paper since he had to be paying for it. While I am sure he wasn't, but Daddy thought differently.

Have you ever tried to stop a black car at 2 a.m. going 60 miles per hour or so? It's there, the paper thrown and gone before you can get up off the cold ground. I tried this twice before Dad gave up. Anyway Daddy was a Dallas Morning News man. always had been and always was. Even when we moved to Texarkana in 1943 he still read the Dallas Morning News. We did leave the farm and move to Clarksville in 1942 and still we had not missed a day of the Texarkana Gazette in all this time.

I really don't know why I remember this all so clearly after over 50 years, but I do. There must be a meaning to all of this, maybe someday it will come to me.

As Your 6th District Judge

"I pledge to be a good judge."

TO THE PEOPLE OF RED RIVER COUNTY PRECINCT 1:

I am trying to see and talk to each and everyone of you before the election. I believe in meeting the voters.

These are some of the ways I intend to help our precinct.

Everyone knows how I feel about the roads. Now I would like to explain that I believe the roads are only 10% to 15% of a commissioner's duties. The first duty is protecting the taxpayer's interest. This means to see that tax money is spent wisely. Every dollar spent in the county has to be reviewed by the commissioners court. Balancing the budget is a priority also. If a commissioner cannot balance his budget, we the taxpayers are at a loss. You know that if we cannot stay within our budget and meet our obligations, there is no other alternative but to raise taxes. I am a taxpayer myself and I am against raising taxes. I am for better management.

We are making payments on the jail, courthouse annex and other purchases. We will need four new patrol cars very soon. This is a "pushed aside" problem that has to be dealt with because we cannot do without a sheriff's department. The cars that the patrolmen are driving now have at least 150,000 miles on them. These cars will be unsafe and cost more in maintenance as the miles add up. This is serious business.

From the time he takes office until he leaves, being a commissioner is a full time job. I have retired from my business; and can devote the proper amount of time to the duties of commissioner because not only does the commissioner have an obligation to the voters in his precinct, but to all the county as well.

It has come to my attention all we have to do in order to use inmate labor, is to have certified law enforcement personnel in attendance of the work assignment. If elected, I intend for a couple of the county employees to become certified. Then we can use all the inmate labor available, cleaning out culverts, picking up trash, cutting brush around blind corners, and patching roads. The savings will more than pay for the training and help make Precinct 1's part of the jail payment for the year.

Also, if elected, I intend to publish my budget quarterly because I think the taxpayers need to know where we stand. Banks and businesses do it for their stockholders--You, the taxpayers, are stockholders in Red River County. You will have a chance to agree or disagree every 4 months instead of every 4 years.

I realize that we need industry and jobs in Red River County. The only way we can expect a company or plant to move here is for us to have a smooth running county government, taking care of business. You, the public, have to help. Commissioners alone cannot bring jobs and plants to Red River County. Which brings us to the trash problem that we have. No one enjoys taking a Sunday ride through a dump ground. Maybe instead of using taxpayers money to clean up this trash, we should consider imposing a stiffer fine on anyone convicted of illegal dumping.

This is not the time for the people of Red River County to point fingers at someone else and say "He did it. Let him fix it."

It's time for us to join together and say, "We can overcome our financial situation and get this county back on an upward trend."

We need mature, experienced people in the county government. I have at least 45 years of experience and I will be a servant for you the taxpayer.

The privilege to vote is a sacred thing. Wars have been fought and men have died for the rights of all of us to exercise the freedom to vote. So use it, VOTE!!

YOU HAVE A VOICE IN YOUR GOVERNMENT, SO BE HEARD.

"I have just bought a 1996 Dodge Dakota extended cab pickup from Elliott Motors. I have driven a 1993 Dodge ram pickup I bought from Elliott new in 1993. I think the Dodge pickup is just a real nice vehicle. I like the way the vehicle drives and rides. When I thought about trading vehicles this year, I thought about Elliott Motors!
