Tribe Gains Second Scalp, 32-20

HASKELL'S GOOD DEFENSE has been a big factor in their two wins so far this season. The defensive line, including Ricky Decker, James McCoy and Billy Holmes, consistently play very aggressive football and take pressure off defensive backs. Pictured here are Chris Love, No. 10; Randy Pheemister, No. 50; and Ricky Decker, No. 72, made this tackle and dropped the Panthers for no gain. Staff Photo.

By DON COMEDY

The Haskell Indians downed the Seymour Panthers last Friday night, 32-20, in a non-district clash. Plagued by penalties, the Tribe had difficulties in sustaining a drive for more than six or seven plays.

The Tribe received the opening kickoff and after six plays, were forced to punt. Seymour managed only three plays before punting the ball back to the Indians. Randy Ivy began the scoring drive with a 12 yard run from the 30. After rushes by Quarterback Tim Pringle and Jim Pippin, Charles Alexander carried the ball 4 yards and one play later scored from the 1. PAT was no good.

The Panthers then marched 70 yards in 10 plays to tie the Tribe. A pass for the extra point was good and the Panthers led 8-6 with about 2:29 left in the first period.

After a 12 yard gain by Alexander and a pickup of short

yardage by Jim Pippin, Tim Pringle tossed the pigskin to Randy Ivy who scampered 54 yards for the touchdown. PAT failed.

The Panthers scored next on a 7 yard pass play which capped a 10 play drive. Score at the end of the first half was: Seymour 14, Haskell 12.

A very confusing incident occurred just minutes after the game began and is still the topic of much conversation. The Panthers punted the ball on a fourth and eleven situation and when the Tribe did not field the ball, a Panther player touched it. It was obvious that all Seymour players thought the ball was dead because their punting team started off the field and the defensive squad started on. While all this was taking place, Tim Pringle picked the ball up and started up field, along the Seymour sideline. Somewhere in the confusion a red flag was thrown. Haskell players and coaches understood one official to say it would be ruled an automatic touchdown, but when the official ruling was made Seymour was penalized 15 yards. This put the ball on the Seymour 30 yard line and six plays later Charles Alexander scored from the 1.

Raymond Rodella presented the Tribe with another fine opportunity on the third play of the second half when he recovered a Seymour fumble on their own 9 yard line. Ivy carried the ball from that point to put the Tribe back in the lead 18-14. Near the end of the third period Robin Colbert snatched a Panther pass and scampered 41 yards for the Indian score.

Glen Sammons Is Asst. to the PM

Glen Sammons has been promoted to Assistant to the Postmaster in the Haskell Post Office, according to Clyde Grant, Abilene Post Office Section Center Manager. The promotion will become effective Sept. 29.

Glen has worked at the Haskell Post Office for 23 years. His wife, Pat, is employed with West Texas Utilities Company. They have three children, Mrs. Mike Newberry of Haskell, Steve, who lives in Austin, and Alvin who is a senior in Haskell High School.

Postmaster Sam Rosser said no new employees would be added here at this time.

Red Tag Day Set Sept. 29 In Haskell

Haskell merchants will roll out the red carpet for this trade area customers Saturday, Sept. 29, when they feature their Red Tag Day Sale.

All merchants cooperating in the program will offer special Red Tag buys on quality merchandise throughout their stores and some will even have a 'free' red tag on them, for the lucky shopper who finds them. It's Haskell's way of saying 'thank you' to all their many friends and customers for their continued patronage throughout the years.

Tractor Pull Is Lion Program

President Gene Long presided over the regular noon luncheon meeting of Haskell Lions Club Tuesday in Haskell Steak House. George Fouts led the singing, accompanied by Lion Sweetheart Becky Gholson at the piano. Dr. Frank Cadenhead gave the invocation.

Bill Comedy introduced Pat Hale, who presented an exciting and interesting film on a Tractor Pulling Contest. The film showed several tractor pulls held over the United States, and also explained what interested farmers can do to their tractors to give them more power, thus shorten work-time needed by the machines. He also issued an invitation to anyone to enter the Tractor Pulling Contest at Haskell County Fair Saturday night, and urged everyone to attend the contest. All proceeds from it will go back into the Fair Association to help put on next year's Fair.

Bud Herren brought a guest to the meeting.

barn at 8 p. m. tonight. A drawing for \$100.00 in cash will be held at 10 p. m. each night of the fair.

A Western Band from Munday will play Friday night from 8 to 10 p. m.; and the Tractor Pulling Contest will begin at 6 p. m. Saturday night. The Western Band will again play Saturday night from 8 p. m. till 10.

Let's all go out and enjoy the 1973 Haskell County Fair!

Enrollment Ends For WTC College Courses Sept. 19

SNYDER—Classes have begun meeting in the extension courses being offered in Haskell public schools through Western Texas College. Dr. Ben Brock, college vice president, has announced.

Sixty-four persons had enrolled for the courses by last Friday, and late enrollment was to continue through class time Wednesday. Classes will be held Monday, Wednesday and Thursday nights.

Courses being offered are English 131, taught by Dr. Arlis Weaver of Haskell; U. S. History, taught by Toni Turk, assistant professor of history and government at WTC; Typing 130, taught by Miss Charlotte Strasser, instructor in secretarial science at WTC; Law Enforcement, taught by Ray Robbins, instructor at WTC, and conversational Spanish, to be taught by George B. Underwood, instructor at WTC. Conversational Spanish enrolled the largest number of students, with 29 persons taking the course.

"We are looking forward to working with the students in Haskell," Dr. Brock said. "We would like to hear from Haskell residents about other courses they would like to have offered."

spend the day at the Fair. The midway will be open all three nights for further entertainment. The biggest new feature will be the Tractor Pulling Contest, that should interest every person in the County.

The giant parade will get underway this afternoon around the square, and things won't let up until the final judging and showing of exhibits on Saturday night.

Everyone — yes, everyone — will want to take in all three days of the Haskell County Fair!

Who's A GOOD INDIAN? Robin Colbert!

While you're in town for the Fair, be sure to stop by our car dealers' showrooms for your first good look at the all-new 1974 model cars and trucks. They've planned a special 3-day showing of the new cars, and invite everyone to stop in. See some of the new lines pictured in this edition.

The giant 1973 Haskell County Fair gets underway immediately after the 5 o'clock parade this afternoon, and things won't slow down till the gates close on Saturday night.

It's a giant undertaking, the forming of a County Fair, and in Haskell it is well done, by many, many people. J. R. Perry is president of the Fair Association this year, and he issues a cordial invitation to every resident in this area to attend.

Judging of the Fair entries will be going on all day Thursday, Friday and Saturday, with results posted as soon as the judging is finalized.

Entries for the flower show will be received between 1 and 5 p. m. on Wednesday, with fresh flowers and arrangements received from 8 to 10:30 a. m. Thursday.

All entries in the youth division must be in place by 6 p. m. Wednesday, Sept. 19, and this rule applies to most divisions of the Fair. Crop entries should be in place by 5 p. m. on Wednesday.

Gospel Singing Set For Tonight

Good ol' time Gospel singing will be an integral part of the 1973 Haskell County Fair, according to Tom Watson, chairman of this phase of the Fair.

The Gospel Singing will begin promptly at 8 p. m. in the new show barn at the fair grounds, tonight (Thursday). There are plenty of seats available, the stage is set, there's a good public address system, and a piano and organ all ready to accompany the singers.

Quartets are expected from several towns in this area, and lots and lots of local ones will entertain.

Watson issues a special invitation to all area singers to attend the Fair, and sing during the program. Both he and Clifford Thomas will have passes available at the gate Thursday night for singers who take part on the program.

Persons who wish to attend the Gospel Singing may do so at no further cost than their ticket they buy at the gate to enter the Fair.

TRACTOR PULLING CONTEST of Haskell County Fair get underway at 6 p. m. Saturday night, Sept. 22, at the Ro- grounds at the Haskell County Fair. Don't miss it!

Garden Club Has 1st Meeting Of New Club Year

The Haskell Garden Club began its 1973-74 club year, Sept. 13, with a brunch in the home of Mrs. Luther Burkett, 27 members and one guest, Mrs. Tommy Mathews, attended. Mrs. Norman Nanny gave the invocation, followed by a delicious brunch served buffet style. Mrs. Leon Pearsey introduced the guest speaker, Mrs. Ted Elliott, County Home Demonstration Agent. Her subject was "Look! Herbs Are For You." She had on display 11 small potted herbs she had grown indoors. She gave the uses of each and the legendary myth associated with them. It was pointed out that herbs make nice borders, and are very

pretty growing in the garden. Mrs. Pearsey reported that the year's program theme would be "Educate, Grow and Show." She reviewed and distributed the yearbooks. Mrs. C. G. Moore presided over the business meeting and welcomed Mrs. Ramon Lyles and Mrs. Otho Nanny as new members. Mrs. Gaines Post reported on plans that are being made to help beautify the patio at Haskell Memorial Hospital in participation with the Sears' Foundation Award program. Mrs. C. B. Rhea presented the Fair booklets and urged each member to please exhibit as many plants and flower arrangements as possible in the flower show to be held in connection with the County Fair. Hostesses were Mesdames C. G. Moore, T. B. Robertson, C. B. Rhea and Leon Pearsey.

KATHLEEN ANN BRETT

Engagement Announced

Mrs. Gloria Brett of Garden Grove, Calif., announces the engagement and approaching marriage of her daughter, Kathleen Ann, to Sgt. Thomas Wayne Williamson, son of Mr. and Mrs. Adell Thomas, 300 N. 10th, Haskell, Texas. The bride-elect is a graduate of Los Amigos High School. Williamson graduated from Haskell High School and attended Cisco Jr. College and McMurry College in Abilene. He has just completed one year overseas duty in Thailand and is stationed with the U. S. Marine Corps at El Toro, Santa Ana, Calif. The couple will say their vows in the Chapel on the base, Oct. 7.

Local Couple Married Sunday

Miss Lynda Kay Lane became the bride of Robert Nelson Watson Jr. in a double-ring ceremony read by the Rev. H. O. Abbott Sunday afternoon at 3 p. m. in the First United Methodist Church of Haskell. Mrs. Ken Lane of Haskell was organist and Miss Gaye Swann of Haskell read Ruth 1:16-17.

MRS. ROBERT NELSON WATSON, JR. formerly Lynda Kay Lane

The bride is the daughter of Mr. and Mrs. Bill Lane and the groom's parents are Mr. and Mrs. Robert Nelson Watson, all of Haskell.

The bride, given in marriage by her father, wore her mother's wedding dress. Made of heavy satin, the floor-length gown had a fitted bodice topped with a re-embroidered lace yoke and featured a Peter Pan collar, trimmed in the lace. The dress flowed into a chapel train, and featured long tapered sleeves, and tiny satin covered buttons down the front of the bodice. Her three-tiered veil was elbow length and was held by a bandeau covered with seed pearls. Her bouquet was of gardenias, circled with white roses and baby's breath. For something old, she wore the groom's grandmother's cameo necklace.

The attendants wore floor length royal blue floral skirts, with the maid of honor wearing a royal blue long sleeved ruffled blouse and the bridesmaid in a light blue, identical blouse. They carried white gladiolus centered with blue cornflowers.

The reception was held immediately following the wedding in Fellowship Hall of the church. Members of the house party included Mrs. Burt Pardue, Miss Eugene Lane, Mrs. Bill Jay Lane, Miss Gaye Swann and Miss Loreita Lane of Burleson. After a wedding trip the couple will be at home at 1101 N. Ave. L in Haskell, where the groom is self-employed in the cattle business.

The bride is a graduate of Haskell High School and attended Texas Tech for two years, where she was a member of Gamma Phi Beta sorority. The groom, also a graduate of Haskell High School, graduated from Texas Tech.

Brazos Art Assn. Organizes Here

The Brazos Art Association met Monday, Sept. 17, in Haskell National Bank's Community Room to stimulate interest in the culture of arts and crafts in the Haskell area. Officers were elected as follows: president, Mrs. LeeRoy O'Neal of Haskell; vice president, Mrs. R. W. Herren of Haskell; secretary, Mrs. Cordell Offutt of Munday; treasurer, Mrs. Virginia Smith of Munday and reporter, Mrs. Jim Sampson of Haskell. All members of the club brought and displayed all forms of art, including oil paintings, china painting, candle making, decoupage, gold leafing, glass dimensional, tinware, crocheting and doll making. The next meeting will be held in the Haskell Community Room October 8 at 7:30 p. m. All women interested in arts and crafts are invited to attend an interesting demonstration on sketching and drawing. Members and guests attended from Sagerton, Munday and Haskell.

CMS Meets At Christian Church

The Christian Missionary Society hosted a salad supper on Sept. 10 in Chandler Fellowship Hall for members of the Christian Church and their guests. Mrs. C. O. Holt welcomed the guests and called on Dennis Rathoff to give the invocation. Mrs. Luther Burkett introduced Aubrey Headstream, director of the Tri-County Mental Health Clinic, who spoke to the group on Determining the Direction of the New Age. Rev. Sam Sharp gave the benediction.

Remember the "mushroom circle" publicized several years ago in the Abilene Reporter-News? Well, U. C. Wheatley had one in his backyard at the same time then, and last week, when he and his wife returned home after a trip of several days, he found the remains of another in his backyard. The "mushrooms" or toad stools, formed almost a complete circle. We can't remember the old superstition about the circle, can you?

Congratulations to Miss Dana S. Bland, who made the President's List at Southwestern State College at Weatherford, Okla., for the summer session. Straight-A grades in at least six semester hours are required for this list, and only 197 students qualified.

Guests in the J. R. Perry home last week were Mr. and Mrs. A. W. Adams of Sulphur Springs and Milla Perry of Abilene. The Adams' are landowners in Paint Creek and the Perrys have farmed the land for them for over 20 years. They all went to Big Spring on Thursday to visit with Lt. Rick Perry.

Cutworms are hampering mesquite control operations in parts of West Texas, says a range brush and weed control specialist for the Texas Agricultural Extension Service. The insects are stripping mesquite trees of their foliage, thereby making spray programs ineffective. An alternate method of mesquite control should be considered where more than 10 percent of the mesquite trees have been affected by the cutworms.

OMEGA GRILLE REDESIGNED — Oldsmobile's compact Omega features a redesigned chrome plated die-cast grille set in a fiberglass front end panel for a new look for 1974. The Omega is available in three body styles — coupe, sedan and hatchback coupe (shown) — all built on a 111-inch wheelbase. An optional full-length vinyl protective body-side molding is available for the coupes. Energy-absorbing front and rear bumpers provide improved protection in minor impacts on all models.

Homecoming Set At Paint Creek

Plans have been finalized for the 1973 Homecoming festivities to be held at the Paint Creek Rural High School. This gathering is held once every four years. The last homecoming was in October of 1969 with over 200 present. Officers of the association hope to see more there this year. Date set for the homecoming is Saturday, October 20.

Mr. Dan McRae, former Paint Creek Superintendent, will be guest speaker for the event. Registration will begin at 1:00 p. m. and other programs and business will follow.

Letters will be mailed to all former students whose address can be acquired, but it is hoped that all local exes will begin letting their families know at once.

Dan R. Griffith is president of the association this year, and Mrs. J. R. (Ray) Perry is secretary. Feel free to contact either of them for more information, or send them any addresses you think they may need.

A catered supper will be served beginning at 6 p. m. and the climax of the day will be a football game between Paint Creek and Highland.

Men's underwear makes news. Basic fabric is soft, slinky, knitted nylon, and colors range from deep pastels to bold prints, notes Mrs. Vivian Simmons, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Policy recommendations to the State Convention will be voted on and new officers and directors installed. There will be prizes and entertainment.

All members and their families are urged to attend.

Eagle Scout Court Of Honor Held By Troop 31 On Saturday Evening

Haskell Boy Scout Troop No. 31 presented an Eagle Court of Honor for two Haskell Boy Scouts Saturday evening, Sept. 15, at 7:30 p. m. in the Community Room of Haskell National Bank. Another scout received the God and Country Award.

Scouts receiving their Eagle award were Jackie McAdoo, son of Mr. and Mrs. Jack McAdoo, and Danny Hartsfield, son of Mr. and Mrs. Hess Hartsfield.

Ricky Phemister, son of Mr. and Mrs. Wayne Phemister, received the God and Country Award.

Presentation of the flag was done by scouts of Troop 31, and Mike Turner led the pledge of allegiance. Glenn Smart gave the invocation and Burr Russell introduced guests.

John Smith performed a 'scouting ladder' ceremony in which he described each step in the earning of the Eagle, using the rungs of the ladder as examples upward, and described the parents and scout leaders as the braces of the ladder.

Dist. Attorney Royce Adkins gave the address and told of the advantages in scouting; how Scouting is an asset to our country; and how the character of scouts helps to build the morals of our nation.

Members of the troop then performed the candle ceremony, with each scout lighting a candle as he gave one of the scout laws.

Abe Turner, Scoutmaster of Troop 31, then presented the Eagle Awards, and Darold Robinson, Asst. Scoutmaster, presented the God and Country Award.

Mother's of the Scouts pinned on the awards. Benediction was given by Jimmy Browning, followed by a reception.

ELECTIONS—ABSENTEE VOTING—CERTIFICATE OF PERMANENT DISABILITY

CHAPTER 54
S. B. NO. 193

An Act relating to absentee voting in elections; enacting provisions permitting any permanently disabled voter to file a certificate of permanent disability with the registrar of voters in lieu of having to submit a certificate of disability with each application for an absentee ballot; containing penal provisions; amending Section 37, Texas Election Code (Article 5.05, Vernon's Texas Election Code), by adding Subdivision 2d; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Section 37, Texas Election Code, as amended (Article 5.05, Vernon's Texas Election Code), is amended by adding 1/2 Subdivision 2d, to read as follows:

Subdivision 2d. Certificate of permanent disability

"(a) A voter having an ailment or physical disability which renders him permanently unable to appear at the polling place is not required to accompany his application for an absentee ballot with the certificate of sickness or physical disability referred to in Subdivision 2 of this section if he files a certificate of permanent disability with the registrar of voters as provided in this subdivision. A certificate of permanent disability must be signed by a duly licensed physician or chiropractor or accredited Christian Science practitioner and must certify that the person signing it has personal knowledge of the voter's physical condition; that the voter has an ailment or physical disability of a continuing nature which renders him unable to appear at the polling place for voting; or that the voter is in continuous residence at a duly licensed nursing or custodial home because of sickness or physical disability; and that it is the signer's opinion that the voter will be permanently unable to appear at the polling place for any election held in the future. The criminal penalties stated in Subdivision 2 of this section in regard to certificates of sickness or physical disability executed under that subdivision also apply to certificates of permanent disability executed under this subdivision.

Look Well Before You Pull Trigger

A special note to the thousands of hunters taking to the fields and woods this fall in search of game—

Before you pull the trigger, know what you're firing at. Sporting arms—from a single-shot .22 calibre rifle to a heavy big game weapon to a fist-shooting automatic scatter-gun—are designed to kill birds and animals. They also can easily kill humans.

The Texas Medical Association reminds that nearly every year several hunters return from fall outings via hearse. Hundreds of others return with a load of bird shot or a rifle bullet to be dug out by a doctor. Behind almost every hunting accident is one cause—carelessness. The hunter who blazes away at everything that moves or shouts before he's sure of his target runs a big risk of bagging a fellow hunter.

The wise Texas hunter will be wearing a "hunter orange" vest or, at the very least, a cap made in this glowing bright fluorescent color. The color sends a glowing signal to other hunters, but goes unnoticed by color-blind game such as white-tail deer, which will only be alarmed when it distinguishes motion, sound, or scent.

Never cross over or through a fence or climb a tree with a loaded gun. It might fall and discharge. Unload first and re-

load after crossing or climbing. Don't shoot at a hard, flat surface. Ricocheting bullets can carry long distances with killing power.

Bobcats Down KC, 29-6

The Knox City Greyhounds took the opening kickoff Friday night against the Rule Bobcats only to fumble on the 3rd down and an unidentified Bobcat recovered the ball on their own 40 yardline. Rule made 3 first downs before relinquishing the ball. Rule received the ball again on downs and had a pass intercepted by Knox City and carried to the Knox City 35 yard line. Following a series of turnovers on downs, Art Briles of Rule intercepted a Greyhound pass but was forced to relinquish the ball on downs. The Greyhounds made a first down and then fumbled with Rule recovering. Briles completed a 35 yard pass to Larry Barbee and set up Mike Lisle for the score with 1:01 left in the second quarter. Attempt to kick was fumbled and Briles passed to Barbee for the extra

2 points to make the score 8-0 for the first half. Coming back into the 2nd half, Rule took the offside kick and carried to the 29 yard line of Knox City. Following four

first downs made by Lisle, he scored on the middle with 8:38 on the clock. Attempt to kick was again fumbled and Barbee passed to Lisle for the extra points, score 16-0. Knox City took the ball and, following penalties, carried to Rule's 31 yard line where they fumbled and Barbee recovered on Rule's 25. Briles threw a pass to Barbee. Lisle made a first down and Briles scored with an end sweep with 11:54 in the 4th quarter. The PAT was kicked by Barbee, making the score 23-0.

Trap Club Holds Turkey Shoot

On Saturday, Sept. 22, at 3:00 p. m., National Hunting and Fishing Day, the Haskell Trap Club will host a Turkey Shoot giving away frozen turkeys and other valuable food prizes. There will be two traps used, one for beginners and one for the so-called "hard-core" trap shooters. A fish fry with all the trimmings is planned immediately following the turkey shoot at the gun club.

Sunday, the 23rd, at 19:30 a. m., will see the regular monthly trap shoot starting off with 100 16-yard singles targets with Classes A, B, C, D, following by 100 Handicap targets with a winner and runner-up receiving trophies. Following the Handicap there will be 25 pair of doubles targets with one class pay off for every three entries.

There is a prize for the shooter who breaks the least number of targets of the 250. A car of unidentified make, model and condition will be given to that shooter.

Between the Singles and the Handicap events a meeting will be held to elect officers for Zone III. The Gun Clubs in Zone III are Haskell, Abilene, Aspermont, Vernon and Wichita Falls. The officers elected will work closely with the Texas Transhooting Association to help organize and run the state and zone shoots in Texas.

Saturday is a non-registered shoot. The general public is invited to attend.

Rochester Steers Lose To Hawley 6-0

Coach Archie Scott's Rochester Steers are still looking for their first touchdown of the season, as they recorded a 6-0 loss to Hawley Friday night.

The game, riddled with fumbles and penalties, was a defensive one for the most part, with Hawley making their TD late in the third quarter on an 81-yard run by Tim Pack.

The Steers meet Lorraine at Rochester Friday night at 8 p. m.

PP&K Contest Now Open At Bill Wilson's

All you future football stars can try your luck at winning the Punt, Pass and Kick contest, sponsored annually by Bill Wilson Ford Motor Company. Boys in the right age bracket, 8 through 13 years of age, may register through Sept. 28 at Bill Wilson Motor Company.

The contest will be held on Saturday, Sept. 29, at Indian Field at 1:30 p. m.

Youngsters who wish to enter may have their parents go with them to Bill Wilson's. Fill out the official PP&K registration form and receive a free 1973 PP&K Tips Book. It explains the whole program and gives you some great tips on punting, passing and kicking.

WHO HAS THE FOOTBALL? This line of Indians and Panthers have just been put out of action as the play is stopped, while the lineup behind them checks to see what's happened to the ball. Colbert, number 80; Pringle, number 11; Decker, number 72; and one unidentified Indian were in on this play. Colbert, our INDIAN OF THE WEEK, spent very little of his game time occupied thusly. He intercepted a pass on the 35 yard line and ran it for a touchdown, and played some of the best defensive ball seen so far. (Photo by Don Comedy)

RANDY IVY TAKES OFF FOR PANTHER COUNTRY on his 85 yard punt return down, and a lot of excitement for Haskell Indian fans. The TD was made possible by blocking by several Indians, including James McCoy, No. 67, and Jim Pippin who standing downfield block and cleared the path to the goal line for Ivy. Three Haskell Teams

'B' TEAM
Haskell High's B team defeated Seymour here Thursday night by a 28-8 score. Frank Jordan made one of the touchdowns on a 60-yard run; David Tidwell scored another with a 35-yard run; and Jessie Bilington spurred one yard for another TD score.

Kevin Marshall pulled in a 35 yard pass from Gary McAdams to put the final TD on the scoreboard. Frank Jordan ran two conversions to add four more points to the score. The team defeated Knox City Sept. 6 at Knox City by a 31-6 score. Next game is at Albany Sept. 27, at 8 p. m.

8TH GRADE
The 8th grade team won their first game of the season Thursday night by a 22-6 score against Seymour.

Rex Pitman passed to Amador Benivides two times during the game that ended in a TD both times. Nat Escobedo made another TD on a 10-yard run, and made one 3-point conversion. Chris Colbert ran over another two points during the game.

The 8th grade team will play Stamford here, Sept. 18, and Albany there Sept. 27, at 7 p. m.

7TH GRADE
Haskell's 7th grade team also won their first game of the season, when they defeated Seymour here Thursday night by a 20-6 score.

Vonnie Hise scored two touchdowns; one on a 10-yard run and another on a big 50-yard run. Richard Amaro added another touchdown run to the score.

Indians...

(Cont. from Page 1, Sec. 1)

Pringle's run was good, making the score, Haskell 26, Seymour 14, at the end of the third quarter.

The last Indian score came during the opening minutes of the fourth period when Seymour was forced to punt. Ivy took the punt on the Indian 15 yard line and behind outstanding blocks, carried the ball 85 yards for the touchdown. James McCoy made a key block at the beginning of the play and Jim Pippin did an outstanding job of taking out the last Panther between Ivy and the goal line.

The last Panther score came on a 12 play drive that covered 70 yards. PAT failed and scoring ended at Haskell 32, Seymour 20.

The Indians have an open date this week and are busy making preparations for the game in Breckenridge September 28... See You There.

O'Brien Bulldogs Down Bryson 50-0

The O'Brien Bulldogs continued their winning ways from last season Friday night, when they defeated Bryson by a big 50-0 score in 6-man football.

Quarterback Louis Conn scored on the first play with a 28-yard run, then hit Bert Gutierrez with passes two times to rack up 2 more, one on a 28-yard pass, the other was a 41 yard pass.

Sammy Jackson threw to David Adkisson to make a TD on the 4-yard pass, then Sammy made one of his own on a 48-yard run.

Rayland Hayes scores two touchdowns, one on a 22 yard return on an interception, and another on an 8-yard run, then kicked extra points four times to final the score.

The Bulldogs will meet Highland Sept. 21 at O'Brien for their first district game of the season.

TAP Mobile Unit To Be At Fair

AUSTIN — Texans' colorful Food and Fiber Mobile Unit, operated by the Texas Department of Agriculture, will be among the attractions at the Haskell County Fair Sept. 20-21-22, Commissioner John C. White announced.

This will be the first trip of the mobile unit to Haskell since its renovation to tell the dramatic story of Texas agriculture in pictures and words.

The theater-like unit depicts the story of Texas agriculture, from the Panhandle to the Rio Grand River and from El Paso to the Sabine, in 800 dissolving slides, all in color. About 30 people at a time can be seated to watch the six to eight-minute show in air-conditioned comfort.

In addition to the free show, Mr. and Mrs. Jesse Moreland of Goldthwaite, who operate the unit, will distribute recipes and other information about Texas agriculture.

"We invite everyone at the fair to come by and see our show," Commissioner White said. "In it, we remind everyone of the quantity and quality of Texas agricultural products."

Free Press.

In other business, Abe Turner reported that the committee to make plans for the annual chili supper had set the date for October 19 preceding the Haskell Anson football game here. Program chairman for today, Sept. 20, is R. C. Couch Jr.

Bank Women To Sponsor Entry

The Women's Committee of the American Institute of Banking is sponsoring a Mr. American Institute of Banking contest. Our bank is sponsoring Troy Schwartz. Votes will be counted by the amount of donations each man receives.

The committee will also be sponsoring a Cook Book Sale starting in November. The

Cook Book is made up of recipes of the women members of A.I.B. There will also be other money making projects throughout the year.

The money our women at Haskell National Bank raises will help pay expenses for a weekend in San Francisco in April '74. Those planning to make the trip from Haskell will be Inez Mobley, Diana Felker, Geraldine Hise and Faye Bledsoe.

College News

DENTON—North Texas State University, the fifth largest state supported university in Texas, awarded degrees to 1,134 graduates at summer commencement in the NTSU Coliseum Aug. 18.

Some 36 doctor's degrees, 470 master's degrees and 628 bachelor's degrees were awarded.

Of the bachelor's degree recipients, two were graduated summa cum laude, 23 magna cum laude and 57 cum laude.

Two students from Haskell county received graduate degrees at summer commencement.

Mrs. Mary Jo Price, daughter of Mr. and Mrs. Jesse Jones, 1106 S. Ave. G, Haskell, received a master's degree in elementary school supervision.

Mrs. Ives June Aman, daughter of Mr. and Mrs. E. H. Norwood of Rule, received a master's degree in counseling and student services.

CONSERVATION NEW POINTS

Conservationist C. YEARY, JR.

40th Anniversary Celebration of the Soil Conservation Service. In September, Secretary of the Interior L. Ickes announced in his dedication of what was called the National System of Erosion Control to be an allotment of \$5 million in the Public Works Act.

The unit was later named Erosion Service, and transferred to the Department of Agriculture in 1935, its present name.

Bennett was select of the new office by Ickes who called him "the leading authority on erosion problems."

From his vantage point as Director of the Bureau of Chemistry had been warning about the destruction of 35 million acres of productive land and 125 million acres of cropland. His plan led to the development of the land capability system still in use today.

The Soil Conservation Service has expanded from its beginnings in 1935. Its accomplishments, carried out in association with the nation's 3,000 soil and water conservation districts, have vastly improved the quality of America's land, water, wildlife, forest, recreational and scenic resources.

The SCS now employs the largest corps of highly-qualified scientists and technicians dealing with natural resource conservation and the environment on the privately-owned lands of the nation. Despite cutbacks in manpower and funds, it remains the most effective governmental force for protection and improvement of the nation's soil and water resources—now under enormous pressure.

Today, the National Association of Conservation Districts along with the California Creek and Wichita Brazos Soil and Water Conservation Districts Boards of Directors salutes the Soil Conservation Service on its 40th birthday.

We intend to continue to work to restore full capability to serve the vital interests of Americans everywhere.

In last week's column, the limitation figure of \$500.00 was erroneously reported. The figure for limitation to each farmer for the Emergency Conservation Measures Program is \$500.00 per farmer.

Students Give Rotary Program

Rotary Club met at noon on Thursday, Sept. 13, in the dining room of the City Cafe. President Charles Thornhill presided for the luncheon meeting.

Rotarian Ferrell Coston, program chairman for the day, presented three members of Mrs. Terry Diggs Speech Department at Haskell High School for his program. Rene Abbott, Robin Colbert and Clint Melton divided the time to cover the Rotary Manual for the benefit of Haskell Rotarians.

They did an excellent job in defining the meaning of Rotary, its organization and the goals it sets forth for members of the world wide civic organization. Rene Abbott was first speaker, followed by Robin Colbert, with Clint Melton being the third and last speaker. Clint told the members that there were over 9,000 Rotary Clubs in 93 countries of the world and cited some of the ideals of service.

The invocation for the meeting was given by C. A. Thomas Jr., and the singing led by R. C. Couch, Jr., accompanied by Rene Abbott on the piano.

Guests were introduced by Rotarian Bill Comedy. They were Charles Oman and Rick Kimberley of Wichita Falls, H. T. Wilkinson's son-in-law, and student guests Connie Turnbow and Fonda Horn.

C. A. Thomas reported on the club sponsored Defensive Driving Course which is being offered local automobile drivers in October and encouraged everyone to publicize the course at it was educational, plus the fact that a reduction of insurance rates would be enjoyed by those participating. Haskell Food Retailers Must Be Authorized To Accept Food Stamps

Haskell County food retailers will have to be authorized before they can accept U. S. Department of Agriculture food stamps.

That's the word from Carl J. Speegle, officer in charge of the Abilene field office of USDA's Food and Nutrition Service.

"Most grocers in a food stamp county will want to apply," said Speegle, "since the program usually means a noticeable increase in food business."

The Food Stamp Program opens in Haskell County Oct. 1, and will be operating statewide by the first of the year.

Under the food stamp program, needy families are certified for the program by the State Dept. of Public Welfare. They then pay a certain amount of money each month for food stamps. The amount they spend depends on family income and size. In addition to the food stamps they buy, they are given "bonus" or free coupons to increase their food buying power.

Food stamps are used like cash at stores authorized by USDA to redeem them. Merchants redeem the food stamps through local banks and the federal reserve system.

Grocers who have not been authorized and would like to participate in the program should contact the Abilene field office, according to Speegle. Either write the office at Room 510, Petroleum Building, Abilene 79601 or call Area Code 915, 673-2509.

The average woman worker is as well educated as the average man worker. Both women and men in the U. S. have completed a median of 12.4 years of schooling, according to Dr. Jennie C. Kitching, family life education specialist, Texas Agricultural Extension Service, Texas A&M University System.

Dyess To Host 8th Open House

DYESS AFB, Texas — The gates of this Strategic Air Command installation will be opened to the public October 27 as Dyess Air Force Base (Abilene) hosts its Eighth Annual Open House.

Featured attraction this year will be the U. S. Air Force's precision aerial demonstration team, the Thunderbirds. Additionally, aircraft from most U. S. Air Force commands will be available for inspection on the Dyess flightline. Various booths and refreshment stands will also be available.

Gates will open to the public at 10:30 a. m. with the Open House lasting until 4:30 p. m.

According to base officials, nearly 50,000 people witnessed last year's events as the Thunderbirds dazzled the crowd.

With more than six weeks to go, base officials urge all Big Country area residents to circle October 2 on their calendars and make plans to spend the day at Dyess.

YOUTH DIVISION at the Haskell County Fair has one building, devoted strictly to youth. Handicrafts, clothing, food preservation and baked foods are some of the areas youth may enter, according to Mrs. W. R. Hager Jr., pictured with three of last year's winners, Linda Yates, Debra Morris and Gwen Adkisson.

Haskell County Traffic Summary

The Texas Highway Patrol investigated seven accidents on rural highways in Haskell County during the month of August according to Sergeant Frank Jircik, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and six persons injured.

The rural traffic accident summary for this county during the first eight months of 1973 shows a total of 59 accidents resulting in two persons killed and 37 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for August, 1973 shows a total of 586 accidents resulting in 24 persons killed and 328 persons injured as compared to August, 1972, with 593 accidents resulting in 28 persons killed and 359

persons injured. This was 7 less accidents, 4 less fatalities, and 31 less injured in 1973 at the same period of time.

The 24 traffic deaths for the month of August, 1973, occurred in the following counties: Montague, 4; Armstrong, Castro, Dallam, Swisher, Baylor, Clay, Wise counties, two each; and Deaf Smith, Donley, Farmer, Haskell, Lubbock and Lynn counties, one each.

1974 Chevrolet Series Introduced

Chevrolet Motor Division takes new strides forward as the industry's manufacturing and sales leader with important advances in sturdiness and road-ability in its seven different passenger car lines for '74.

On the way to a third consecutive record "three million-plus sales" year, Chevrolet will introduce its new cars and trucks in dealership showrooms across the country on Thursday, Sept. 20.

A total of 44 models are being offered by Chevrolet for 1974 — four less than in the previous model year.

Greatest change is in the Chevelle line where a new sporty Laguna Type S-3 coupe is added while a luxurious new Malibu Classic series replaces the Laguna series at the top-of-the-line. The Malibu becomes the standard series replacing the former DeLuxe designation.

"Improvements all across the board add value to all our car lines," says F. James McDonald, Chevrolet general manager.

"Later in mid-year of the 1974 model run," McDonald added, "further excitement will

be added with the introduction of the special performance Cosworth Vega. Heart of this limited production option," he said, "will be the Cosworth Vega engine with dual overhead camshafts and 16 valves—four per cylinder."

In addition to the various styling and mechanical advances, Chevrolet is equipping all cars in 1974 with a sequential ignition interlock in the seat belt system that calls for the driver and front seat passenger to be seated with belts buckled before the car will start. Seat sensors and buckles switches operate sequentially to help prevent defeating the system.

There are three distinct bumper systems on Chevrolet cars in compliance with the more stringent government impact regulations.

1974 Chevrolet

A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

Caprice Classic. Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice.

Vega GT. This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

Malibu Classic. A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting. That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic—and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.

Camaro. The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

A Community of Interests

For General Motors, a large city bank is the place to go for financial assistance. They deal with a top officer, in deals involving millions, because the large bank talks their language, shares their interests.

So doesn't it make sense that when you're talking about small business or personal banking business you go to an independent community bank, which shares your interests, and talks your language? We think so . . . because that's what we're here for . . . to take care of the financial needs of the people in our community, with whom we share interests and concerns in common. Come in and see us when you have banking needs . . . remember, you're an important part of us.

You Are Invited To Come In And See The 1974 Chevrolets And Oldsmobiles Thursday, Friday & Saturday September 20 - 21 - 22

Free Refreshments

Efficient brake improvements are featured in the 1974 Chevrolet pickup line. Computerized brake systems are tailored to the loaded weight rating of the truck, as specified by the buyer, to give brake performance similar to that of a passenger car. With loaded weight ratings of more than 6800 lbs., a new hydraulic power assist is standard. Other improvements in the 1974 line include a larger displacement standard engine in most V8 models, full-time four-wheel drive in all 4x4 V8 models, interior refinements, four new colors, and optional bright roof drip moldings.

Roofline—The top-of-the-line Chevrolet Caprice Classic coupe offers a new colonnade-type design with a styled center pillar extending into the roof panel. Rear quarter windows are nearly 50 per cent larger. The Caprice Classic line offers five basic models: a coupe, convertible, sport sedan, four-door sedan and both two and three-seat wagons. Other Caprice styling features include inboard parking lights, fender side-marker lights, bright grille with vertical highlights and new standard wheel covers.

NEW REGENCY COUPE—Oldsmobile's popular Ninety-Eight Regency series has been expanded to include a hardtop coupe for 1974. Velour fabrics in black and saddle and nylon knit fabrics in three colors cover the standard 60/40 divided front seats. Front and rear seat center armrests and a quartz crystal controlled electric digital clock designed by Tiffany also are standard. A deflectable stand-up hood ornament, 455-cubic-inch Rocket V-8 engine, Turbo Hydra-matic transmission, power steering and power brakes with front discs are among the standard equipment on all 1974 Ninety-Eight models. The Regency also is available in a four-door sedan.

NEW DELTA 88 ROYALE—Oldsmobile's Delta 88 Royale (shown) and Delta 88 hardtop coupes received extensive exterior change for 1974. In addition to front and rear appearance changes, the upper have been redesigned to accommodate more glass area for improved visibility. New grilles, bumpers, taillights and modified hood and deck lids give all Delta models a fresh look. Power steering, power brakes with front discs and automatic Turbo Hydra-matic transmission are among the standard equipment. A full-length protective body-side molding color-coded to match the vinyl top or interior color also is standard on Delta 88 Royale models.

New Car Showing Set At Bill Wilson Motor Company for Sept. 20-21-22

Mustang II, the most changed car in the auto industry this year, will debut along with other new 1974 Ford cars and trucks at Bill Wilson Ford Motor Co., on Sept. 20-21-22.

The Mustang II is a small, sporty and luxurious car that Ford expects to be the forerunner of a new class of cars. It is 19 inches shorter than the 1973 Mustang and seven inches shorter than the original Mustang introduced in April, 1964.

"With the growth of the small car market, Mustang II seems to be coming at the right time," said J. B. Gipson.

"It brings in the booming small car market the luxurious touches and smooth ride of much larger, more expensive cars," he said.

"Mustang II is a car for the Seventies. The gas mileage of its base engine is especially timely in these days of gas shortages, and the small size and handling make it an especially maneuverable car."

Standard engine for Mustang II is Ford's new 2.3 liter (140-cubic-inch), four-cylinder overhead-cam powerplant, the first metric engine ever built in the United States. Optional is the 2.8-liter (171-cubic-inch), V-6 engine built by Ford of Germany. Mustang II will be the only U.S. car to offer V-6 performance in a small car.

Included as standard equipment on Mustang II are front bucket seats which provide exceptional lateral support, cut-pile carpeting for the floor and lower door, tachometer and full instrumentation, simulated hauled walnut accents, European arm rests and door pulls, and full-width headrests.

Also standard are rack-and-pinion steering, front disc brakes, and a unique sub-frame that provides a big-car ride that helps isolate noise, vibration and harshness from the passen-

ger compartment. Mustang II offers 45 options, including a digital clock, sunroof, AM-FM multiplex radio and stereo tape, air conditioning, left and right-hand remote control mirrors and steel-belted radial-ply tires.

Among the other Ford car lines, Torino receives the biggest change with new front and rear bumpers, grille, taillights and new sheet metal in the rear. Also available on Torino are luxury interiors, a large 460-cubic-inch V-8 engine, sunroof, opera window on two-door models, and fender skirts.

All Fords, Thunderbirds and Torinos, equipped with the 460 or 400 c.i.d. engines will feature solid state ignition. A new front seat occupant restraint/starter interlock system will be on all models to provide greater driver and passenger protection.

The Cost of Living Council has approved an average price increase of \$74 for new safety, damageability and emission equipment on all 1974 Ford Motor Company vehicles.

New options, refinements on light trucks and expanded heavy truck engine availability highlight Ford Division's truck lineup for 1974.

The pickup, new in 1973, has new features for added versatility. They include the 460-4V V-8 engine, optional for the first time in all pickup models, and the two-seat, four-door crew cab F-250 and F-350 available for the first time as a regular production item.

Ranchero has a new front end and new options for greater luxury and performance. The 1974 Bronco retains its 92-inch wheelbase and standard two-wheel four-wheel drive. A new engine option, the 300-IV Six, for the E-100 and E-200 Club Wagon and Van, highlight new Econoline features.

TEXTILE DIVISION entrants will find special \$10.00, \$5.00 and \$2.50 on garments, bedding and more to Mrs. Tom Yates, Textile Division Chairman, winning entry in last year's Haskell County Fair.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 6, 1973

NUMBER ONE ON THE BALLOT (S.J.R. 8)

Article III, Sections 5, 24 and 49a and Article VIII, Section 6 of the Texas Constitution are amended to:

Provide for regular annual sessions of the Legislature. The regular session in each odd-numbered year would be for a period not to exceed 180 days. The regular session in each even numbered year would be for a period not to exceed 60 days and would be limited to consideration of fiscal matters and any emergency matters submitted by the Governor. The 60 day session could be extended by the Governor for a period not to exceed 30 days;

Provide an annual salary for members of the Legislature not exceeding \$15,000 per year and a per diem not exceeding \$18 per day for each day of each regular session or special session;

Provide that no appropriation of money shall be made for a longer term than one year and direct the Comptroller to make annual estimates of anticipated revenue rather than biennial estimates.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for annual regular sessions of the legislature; and to provide an annual salary of \$15,000 and per diem for the members of the legislature, effective in January, 1975."

NUMBER TWO ON THE BALLOT (H.J.R. 7)

Article XVI, Sections 50 and 51 of the Texas Constitution are amended to:

Include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

Presently a single adult person is not entitled to claim a homestead exemption and a married man can abandon a family homestead without the consent of his wife.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses."

NUMBER THREE ON THE BALLOT (S.J.R. 13)

Article VIII, Sections 1-a and 1-b of the Texas Constitution are amended to:

Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER FOUR ON THE BALLOT (S.J.R. 1)

Article XVI, Section 59, of the Texas Constitution is amended by adding a new Subsection (e) which:

Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof is or will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment establishing certain requirements relative to the enactment of laws creating certain conservation and reclamation districts."

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax-payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

for the construction of sea walls and breakwaters upon a vote of the resident property tax-payers."

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 8 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment stating that the district court concurrently with the county court shall have the general jurisdiction of a probate court, and providing the jurisdiction thereof, and further providing that in any probate proceeding the district court shall also have jurisdiction otherwise conferred upon it by law, and further providing that the legislature may increase, diminish or eliminate the jurisdiction of the district court or county court in probate matters, and further providing that the legislature shall have power to adopt rules governing the filing, distribution, and transfer of all such cases and proceedings as between district courts, county courts, and other courts having jurisdiction thereof, and further providing that the legislature may provide that all appeals in such matters shall be to the courts of (civil) appeals."

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million;

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the day of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who serve after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified;

NUMBER NINE ON THE BALLOT (S.J.R. 25)

Article VIII of the Texas Constitution is amended by adding a new Section which:

Allows the Legislature by general law, to create all real and personal property used by non-profit water supply corporations or cooperatives, from property taxes. The exemption would apply only to such property as is not such necessary to conduct the business of a non-profit water supply corporation or cooperative.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from property taxes non-profit water supply corporations or cooperatives."

Texas veteran after the Board an application contract of sale to purchase through the Board the selected by him or her before the purchase been completed, the surviving spouse may complete the transaction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund."

NUMBER EIGHT ON THE BALLOT (S.J.R. 28)

Article XI, of the Texas Constitution is amended by adding a new Section which:

Authorizes and requires incorporated cities, towns, and villages, regulate population and notwithstanding the constitutional limitations on total rates, to levy such annual valorem taxes on the taxable property in the town or village as are necessary to pay the principal and interest on, when the general obligation in a bond issued by the town or village. The legislature is empowered to by general or special law total principal amount general obligations which may be issued, but until the legislature does so, the limitation established by statute respect to the total principal amount of bonds which may be issued by independent school districts apply as the rate limits on cities, towns, and villages.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment to authorize cities, towns, and villages to levy such valorem taxes as are sufficient to pay the principal and interest on their general obligations in a bond issued subject to the restrictions provided by law."

Range Improvement At Vernon On Oct. 4

Brush Control and Range Improvement Association will discuss new developments and problems in management of brush. Several prominent livestock producers will also be on the program.

"With increasing demands for meat, we simply must find ways to increase livestock production from our native grasslands," Yeary said. "A well-rounded grassland improvement program applied to all the land in Haskell County could increase beef production by as much as 25 to 30 percent. Similar increases could be obtained over wide sections of our state."

"To get this improvement, a combination of brush management, range reseeding, periodic rests, and other modern range improvement methods are

needed."

"Much of the technology for accomplishing this job is already known and in use in the California Creek and Wichita-Brazos Soil and Water Conservation Districts," Yeary said. "However, we must continually search for new and better ways of doing business. We also must solve some of the economic, environmental, and related problems associated with brush control and grassland improvement."

Some of the speakers scheduled for the field day include Edward E. Thomas, state conservationist, Soil Conservation Service; Dr. L. S. Pope, Associate Dean for Administrative Affairs, Texas A&M University; Dr. J. C. Miller, director, Texas Agricultural Experiment Station; and Joe B. Norris, range conservationist, SCS. Livestock producers on the program include John Matthews, Bbilene, and Rob Brown of Throckmorton.

New Deputy State Conservationist Named At Temple

Temple, Tex., Sept. 20—Van K. Haderlie of Keno, Nevada, has been selected as deputy state conservationist for the U. S. Soil Conservation Service in Texas, SCS State Conservationist Edward E. Thomas said today.

Haderlie succeeds M. J. Spears who is now state conservationist for Arkansas.

Haderlie has been assistant state conservationist for SCS in Nevada for the past year. He began his career with SCS in 1954 as a soil scientist in Billings, Montana, then progressed to district conservationist and area conservationist in Montana.

In 1972, Haderlie received a Master's Degree from the Uni-

versity of Montana. He is a native of Wyoming and has a B.S. from Utah State University.

Haderlie is married and has eight children. His wife, one daughter, and five sons, will be moving to Temple with him. One daughter is in Utah attending Brigham Young University, while a third daughter is married and lives in southern Nevada.

LOW CHOLESTEROL EGGS

Recent research at Texas A&M University indicates that high production commercial laying hens produce eggs lower in cholesterol than the low-producing barnyard hen. The studies also showed that high cholesterol eggs had the best hatchability. When selecting for low cholesterol to meet consumer demands, some hatchability is sacrificed, points out Dr. W. F. Krueger of the Texas Agricultural Experiment Station and head of A&M's Poultry Science Department.

Hands from Michelangelo's "The Creation of Man" from the ceiling of the Sistine Chapel - 1512

THE MAGIC OF TOUCH

The touch of a hand - the hand of her teacher, Anne Sullivan Macy, lifted Helen Keller from a world of darkness to a world of light. Describing what the touch of that hand meant to her, Helen Keller wrote:

"One day when I was six, I stretched out my hand. Someone took it, and I was caught up and held close in the arms of her who had come to reveal all things to me, and more than all things else, to love me."

Later, Miss Keller wrote:

"I understand perfectly how the Psalmist can lift up his voice with strength and gladness singing: 'I put my trust in the Lord at all times, and His hand shall uphold me, and I shall dwell in safety.'"

That's exactly how the human hand can take on something of the element of the divine. Your hand outstretched in understanding and love may utterly and forever change someone else's life this very day.

ELEGANT EGGPLANT
 ... is good so many ways. It's delicious baked or broiled, scalloped, topped with cheese, with creamed mushrooms, with sour cream, or tomato. Eggplants are such a beautiful shape and color that they can well be the keynote in a centerpiece of fresh vegetables for the dinner party table. Where did eggplant come from originally? The United Fresh Fruit and Vegetable Association tells us that it had two centers of origin, the first in subtropical India and the second in China. Now that fresh eggplant is in such good supply at your market, enjoy it in your favorite ways.

Social Security For Students, Too

Do you think of social security as something that's only for our senior citizens? If so, you will be surprised to learn that more than 600,000 unmarried students between the ages of 18 and 22 now receive monthly social security checks because of the death, disability, or retirement of a parent. Social security payments to students exceed the total of the combined

scholarships of all the colleges and universities in the United States.

James Smith, the social security representative from Abilene who is in Haskell regularly (see schedule at the post office) has these added points of interest:

Young people receiving social security student's benefits do have some responsibilities. This is an important and exciting time of the year. Fall, football, and school bells once again fill the air. And while cheering on our team, it's sometimes hard to remember that what's also

important is not whether we win or lose, but how we play the game. Did you know that the first intercollegiate football game in the United States was played by Princeton and Rutgers on Nov. 6, 1869? With 25 players on each side, a round rubber ball, no ball-carrying, the ball could be kicked or batted with the hands to score a goal when the ball went between the goal posts under the crossbar.

In social security, as well as in football, there are rules to play by. Most of us know the rules for football, and the pen-

alties if they are broken. I hope no social security student beneficiaries forget the rules for payment of social security student benefits. Forgetting or ignoring these rules have penalties, too. Perhaps we should review these rules now—just to be on the safe side.

As a student beneficiary, you are required to report promptly to social security if you change schools, stop attending school, stop going full-time, get married, get adopted, earn more than \$2100 in 1973, receive pay from your employer for going to school. If you can't remem-

ber, or are not sure about the need for a report, always visit, telephone, or meet your social security representative for his advice. In the social security game, everybody who plays by the rules is a winner.

 ing, buying, or selling gold. Individuals should have the same right to trade in gold as they have to trade in silver, copper, aluminum, or other commodities.

At the same time our own government prohibits Americans from owning gold, it is interesting to note that other countries in the world which have this prohibition are primarily the totalitarian dictatorships. For instance, most of the Iron Curtain countries, including Russia, prohibit the private ownership of gold as does communist China. There are only a few other non-communist nations which deny it. Even Great Britain, which followed

its purchase as of December 31 of this year. The following May the House of Representatives rejected this amendment by a tie vote of 162-162. It adopted instead a bill which endorses private ownership of gold but lets the President decide when, if ever, it is to be effective. In a free society the presumption of law should always be on the side of freedom—not of limitation. The sentiment in Congress on this subject seems clearly in support of this right.

our policy for many years, restored the right to ownership of gold coins two years ago.

When the Bretton Woods International Monetary Fund was established foreign central banks were allowed to convert their paper dollars into gold at \$35 an ounce, but the prohibition against American citizens doing so or even holding gold was continued.

The excuse at that time, and presumably now, is that if American citizens are allowed this right, they might drain the treasury of so much gold that it could not fulfill its obligations for foreign banks to convert our currency into gold. The U. S. Government has repudiated this pledge and actually the last excuse or reason for depriving private U. S. citizens of the right to own gold ceased to exist.

In the face of inflation, deficit spending, and currency devaluation, the ownership of gold by our own citizens could be a safeguard against these conditions and an incentive to save. Our citizens would have a way of protecting their savings against the further erosion in the value of the dollar.

U. S. Treasury officials say that the private ownership of gold would lead to hoarding but they have not told us yet what difference this would make. In fact it would seem that it would reduce the supply of money and this is one of the reasons for present high interest rates. Treasury Department officials keep saying that gold does not affect the Nation's economy at all. If this be true, then the

economy would be affected more if people began hoarding potatoes, or wheat, which adds to the gross income of the Country. If for nothing else, the ownership of gold would give the owner confidence that he possesses something of real value.

The Treasury Department also indicated that the premature lifting of restraints on the individual ownership of gold might adversely affect the international monetary situation. It is difficult to imagine that greater speculation in gold would be brought about than is the case at the present time when the price has skyrocketed from \$35 an ounce to more than \$100.

Last April the United States Senate approved an amendment permitting Americans to own gold. It would simply have removed the prohibition against

Chicken with Grapes

12 pieces of chicken (any combination)
Salt and pepper
Flour
5 tbsps. butter or margarine
1/4 cup minced onion
1/4 cup chicken broth
1/4 cup dry white wine
1/2 lb. mushrooms, sliced
3 tbsps. butter or margarine
2 cups seedless grapes

Sprinkle chicken pieces with salt and pepper and coat lightly with flour. Heat the 4 tablespoons butter in pan and quickly brown chicken on all sides. Arrange pieces closely together in a single layer in a large shallow baking pan. Add onion to butter in pan, cook until soft. Add chicken broth and wine, bring to boil, then pour over chicken. Bake covered 40 min. Meanwhile, saute mushrooms in 3 tbsps. butter. When chicken has cooked 40 min, add mushrooms and grapes, continue baking covered for 8 minutes or more, until grapes just heated. Arrange on platter or serve from chafing dish. Makes 6-8 servings.

Karen Gray has an English Pea Salad that is a little different from some. Karen attends school at Haskell Junior High and is the daughter of Mr. and Mrs. Bob Gray. Her adult leader for the foods and nutrition project was Mrs. Bennie Jackson.

KAREN GRAY

English Pea Salad

1 can English peas (drained)
1 medium onion (chopped)
1 cup cheddar cheese (grated)
1 tbsp. homemade chow-ehow
1 tbsp. sweet relish
1 tbsp. sugar
1 small can pimientos (chopped)
4 tbsps. mayonnaise
Combine all ingredients and mix thoroughly with mayonnaise.

This was Ember Miller's first time to be in the Food Show and she scored high enough to be in the blue ribbon division which is very good for the first year. Ember is the daughter of Mr. and Mrs. J. R. Miller of Haskell and she is in the 5th grade in Haskell. Her mother served as her adult leader.

Snowball Cookies

2 sticks oleo or (1 cup)
1/2 cup sugar
2 tsp. vanilla
2 cups flour
1/2 tsp. salt
1 cup finely chopped pecans
Confectioners sugar
Cream butter, sugar and vanilla until fluffy. Sift flour with salt and add to creamed mixture, blend thoroughly. Add pecans and mix well. Shape into 1 inch balls and bake about 20 minutes in 25 d. oven. Do not brown or grease cookie sheet. Cool and roll in confectioners sugar. Makes about 5 dozen.

USDA Amends Food Distribution Regulations

The U. S. Dept. of Agriculture has announced changes in food distribution program regulations which permit the use of Federally donated foods in nutrition programs for the elderly, funded under Title VII of the Older Americans Act.

The recently announced rule changes will permit nutrition programs for the elderly to get the same foods which USDA donates to charitable institutions, but without regard to whether the elderly people served are needy.

The Nutrition Program for the Elderly is administered by the U. S. Department of Health, Education and Welfare (HEW) in cooperation with state agencies on aging. The Food Distribution Program is administered by USDA's Food and Nutrition Service (FNS).

istered by USDA's Food and Nutrition Service (FNS).

The revised USDA regulations implement amendments to the Older Americans Act contained in Public Law 93-29 which the President signed May 3, 1973. They were scheduled for publication in the Federal Register on Monday, Sept. 10, and will become effective upon publication.

One Year Is Limit On GI Bill For Some

A large number of veterans now have a period of less than one year to use their educational assistance benefits which are provided by the Veterans Administration through the GI Bill. Unfortunately, many of these veterans are unaware that they are nearing the end of their eligibility period to use the GI Bill to complete their education. This announcement was made today by C. H. Herren, Veterans County Service Officer for Haskell County.

Veterans who were discharged or released from military service at any time between Feb. 1, 1955, and June 1, 1966, have a period of eight years to use their GI Bill entitlement, and such period commenced on June 1, 1966, the date Public Law 89-358 went into effect.

This means that all veterans who got out of service prior to June 1, 1966, will lose their entitlement on May 31, 1974.

Veterans who have been discharged or released from service since June 1, 1966, have a period of eight years from their release to use their GI Bill entitlement to go to school. There is a possibility that Congress may extend the deadline beyond the present eight-year limit, although such action cannot be predicted with any certainty at this time.

Veterans who were discharged or released from service under other than dishonorable conditions following 181 days or more service, are entitled to one and one-half months of training or more service, with a maximum of 36 months of training for any one veteran. The maximum entitlement is available to veterans who had continuous active duty of 18 months or more.

Every veteran should be aware of his delimiting date for GI Bill training, and should use his entitlement to his best advantage.

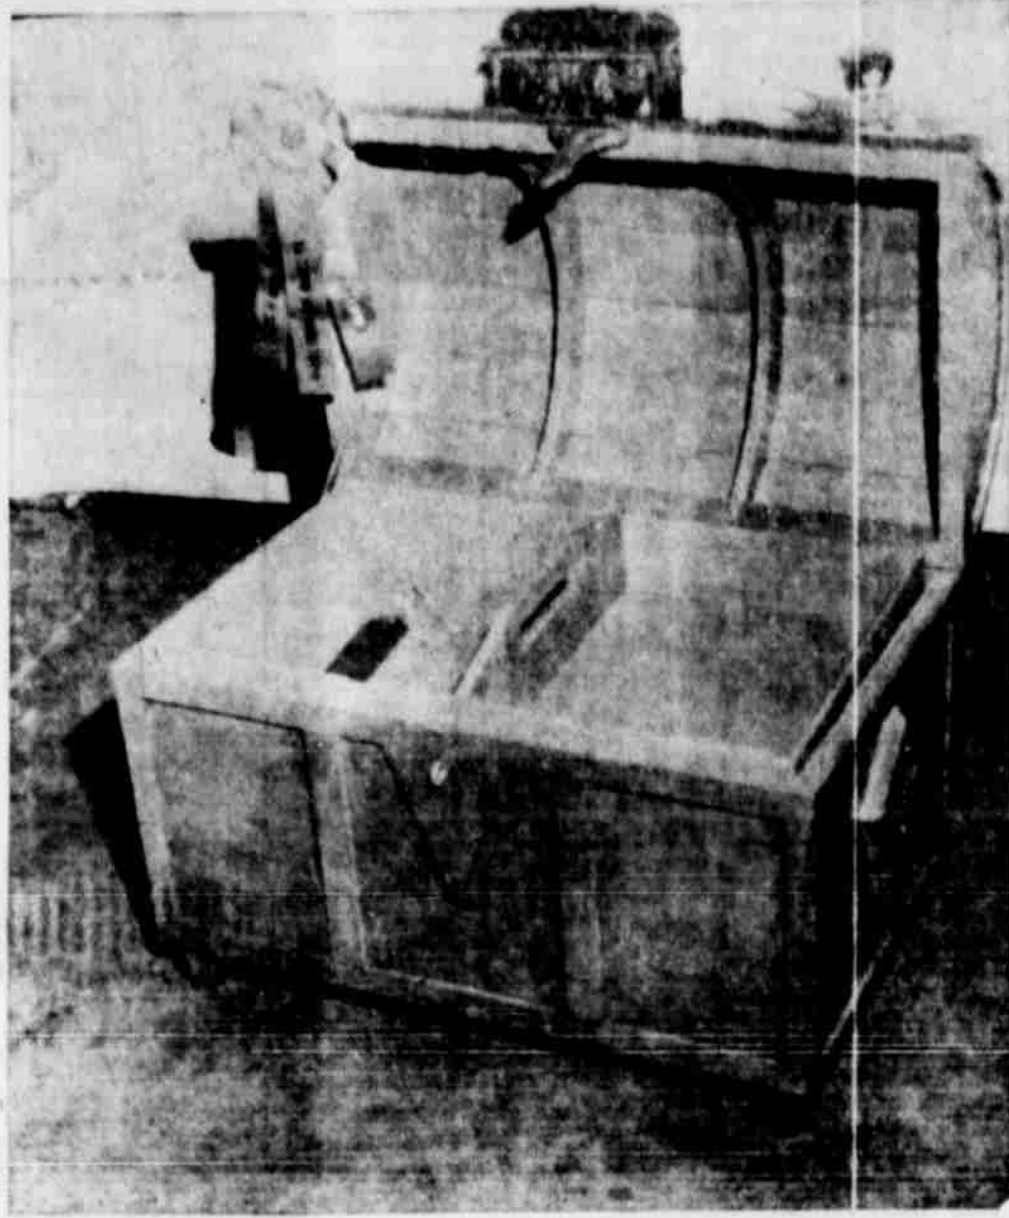

CAP Grant For \$56,300 Set For Abilene Area

WASHINGTON, D. C.—Congressman Omar Burleson announces approval of a \$56,300 OEO Administration & General Programming grant to the Community Action Program, Inc., with headquarters in Abilene.

The Program serves Taylor, Haskell, Mitchell and Stephens Counties, and this grant will be effective Nov. 1, 1973, to run for three months.

The program provides for the administration and management of the community action agency for general neighborhood services and outreach projects for the designated communities, including the establishment of a senior citizens program to include job development, placement and counseling, and arts and craft programs. Also provided will be a job placement program for 200 people as well as a training program for 50 low-income residents. The establishment of a small-scale non-profit garment project and neighborhood-owned grocery store are also included in the program.

When going on vacations this summer motorists are reminded their car's tires are designed to take a maximum load limit. This limit—shown on the tire's sidewall—should never be exceeded when loading up for the long trip.

HOBBIES AND CRAFTS division of the Haskell County Fair will include items such as last year's Best of Show, made by Mr. Martin Rueffer, Mrs. Andy Wilfong, Mrs. Paul Fischer and Mrs. L. A. Covey will receive the entries in this division this year.

Graduates From Seminary

Gerald Clyde Saffel, a graduate of Hardin-Simmons University in Abilene, has completed graduation requirement at New Orleans Baptist Theological Seminary and has been awarded the Master of Divinity degree.

Saffel is the son of Mr. and Mrs. Raymond Saffel of Rule, where he graduated from high school. He is married to the former Miss Donna Elaine Carroll of Dallas, a fourth-grade teacher in the Rule school system. They have one son, Brandon Ray, age four.

The Master of divinity degree program is new at New Orleans Seminary, featuring a highly flexible curriculum with an emphasis on ministry.

Graduation exercises were held in Roland Q. Leavell Chapel on the seminary campus with Dr. William G. Tanner, president of Oklahoma Baptist University, delivering the graduation address.

New Orleans Baptist Theological Seminary is a fully accredited educational institution offering graduate in theology, religion and church ministry. It is owned and operated by the Southern Baptist Convention.

GERALD CLYDE SAFFEL, a graduate of Hardin-Simmons University in Abilene, has completed graduation requirement at New Orleans Baptist Theological Seminary and has been awarded the Master of Divinity degree.
