Chamber Banquet Feb. 21

Board of Haskell Chamber met in the office for their meeting. President Bob Adoo was given a certificate by Rex Felton on the occasion of the Chamber Banquet for February 21, 1975, in the Chamber Lunch-

JOE HODGES
...Banquet Speaker

Terms were: John Wayne McDermott, Joe Cortez, Buster Gholson, Don Comedy and Jerry Sorrells.

Directors serving two year terms are: Kenneth Parker, Jerry Hadaway, Mrs. Jack McAdoo, Mrs. J. A. Bynum, Mrs. W. V. Felker, and H. V. Woodard. Serving one year terms on the Board are: Mrs. Opal Adkins, R. W. Philpot, Eldon Anderson and Charles Owens. Retiring from the Board are: Royce L. Williams, Charles Thornhill, Wallace Cox Jr., Howard Perry, Bill Lane and Mrs. H. A. Sherman.

1974 officers were: R. W. Philpot, president, H. V. Woodard, vice president,

SBDC Is Now Taking Job Applications

The Small Business Development Center is taking applications thru February 17 for an Aging Service Coordinator for Haskell, Knox, Stonewall and Jones Counties.

Applicant will be working with these communities in developing programs and services for citizens over the age of 60 years under the Governor's program on aging.

Applications may be obtained at the Small Business Development Center's office in Aspermont, by writing Box 188, or calling area code 817-989-3538 or in local County Judges offices.

Salary to be set according to qualifications. No experience is necessary. The Small Business Development Center is an equal opportunity employer.

Warriors To End Season Next Monday

The Haskell Warriors played Paducah Jr. High last Monday night. The 7th grade girls were defeated by a score of 30 to 8 while the 8th grade girls won by a score of 26-25. 8th grade boys lost to Paducah 8th grade 41-35.

The 8th grade teams were in Anson Tournament play this past weekend. The girls won over Albany 31 to 9; they lost to Hawley 35 to 20. 8th grade boys lost to Albany 32 to 27; and they lost to Anson 29-27.

The Warriors will finish their season with three games at Aspermont this Monday night. The 7th and 8th grade boys will play as well as the 8th grade girls.

Kenneth Parker, vice president, and Charles Owens, treasurer.

The theme for the 1975 banquet will be patriotism, selected in conjunction with the bicentennial celebration.

Banquet speaker will be Joe Hodges, president and chairman of the board of Abilene National Bank. A well known speaker, Hodges is currently serving as chairman of the Abilene Bicentennial.

Tickets for the banquet are \$4.00 each and are available from members of the Board of Directors or from the Chamber of Commerce office.

Other featured entertainment at the banquet will include several songs sung by Miss Karen Pippin. Karen is the daughter of Mrs. Jack Pippin of Haskell and is currently a student at the University of Texas at Austin.

Local CB'ers Have Meeting

At eight o'clock Friday night, January 31, 1975, in the Haskell National Community Room Building local and surrounding CB'ers had their first meeting.

A prayer from Carl Bailey and a well planned barbecue supper provided the best surroundings for CB'ers to get acquainted.

Rit Millman brought the meeting to order. He introduced Donald Cunningham who later was unanimously voted President of what was to be the new CB Radio Club for this area. Other officers elected include: Vice President-Sam Turner, Rule; Secretary-treasurer-Carol Sonnamaker, Haskell; and Reporter-Donna Howeth, Haskell.

Topics were discussed in proper usage of the radio and guide lines were set for a future emergency with a twenty-four hour telephone service.

Dues were set at five dollars per year and approximately 130 were at the meeting and 30 families joined. Club membership cards are next on the agenda.

Local Residents Receive Scare From Clouds

Local residents anxiously watched huge black clouds forming to the north and west of Haskell Tuesday afternoon.

The cloud cover became darker and darker until just before 5 p.m. a funnel cloud was sighted just west of town. Local volunteer firemen began making rounds in the city to warn residents of the potential danger.

Before firemen had covered the city, large rain drops were falling and the cloud cover was so dense that street lights were coming on.

Hail stones of from pea size to about 3/4 inches in diameter fell in and around the city. Most of the hail stones were soft and no damage was reported.

Official weather observer, Sam Herren, gauged .2 inches of rain during the brief storm.

Within 45 minutes after the time that sirens began blowing the clouds had completely passed and the sun was shining brightly.

Large concentrations of hail fell to the east of Haskell with the highway almost covered in places.

No reports of damage have been received and it has not yet been determined whether or not the funnel cloud west of town actually touched the ground.

AUTOMOBILE REGISTRATION began Monday in the Haskell County Tax Assessor Collector's office. H. McDonald (left) is shown with County Tax Assessor Jimmy Owens. Owens is explaining the new plates which will be used for five years. Persons wishing to register their autos, trucks and trailers are urged to bring the three part cards which should have been received in the mail to speed the registration process. If the three part card is not available the person must have last years registration and the title to the vehicle. (Staff Photo By Don Comedy)

STA Banquet in Rochester

Haskell Chapter of the Texas Association of School Boards met with Mrs. Maxine Hamilton on Monday night.

Meeting was held at the Flag Room of the Chamber of Commerce. Brenda Stone at the piano.

Introduced by the director of the Haskell Chapter, Tarrant County, who gave the invocation.

The humorous program was enjoyable.

Newbury County, who gave the invocation.

Many lives have been saved by the firemen's talk.

Introduced by elected officers. Biggon

Drinnon. Special guests at the meeting were members of the Haskell County School Board and local school board members and wives.

Mrs. Maxine Hamilton of Rochester gave the secretary and treasury reports from the last meeting.

The banquet hall was decorated with a circus theme using crepe paper streamers and balloons for decorations and stuffed circus animals for table centerpieces. Mrs. Louise Chambers of Rochester was recognized for the planning and decoration of the banquet hall.

Mildred Berry Named Heart Fund Chairman

Mildred Berry will serve as chairman of the 1975 Heart Fund campaign in Haskell County, it was announced Tuesday by Judy Covington, president of the County Heart Association.

Mrs. Berry, Haskell Memorial Hospital Medical Records Librarian, will coordinate the efforts of community volunteers who will visit all residential areas during February, designated as American Heart Month. Volunteers will distribute educational materials and collect funds to support research, educational and community programs sponsored by the Haskell County Heart Association.

The Heart Fund chairman pointed out that heart disease,

the leading cause of death in the nation, kills more Americans than all other causes combined. He urged area residents to support the Heart Fund drive and to give generously when a Heart volunteer visits their homes.

Other committee chairmen include: Sagerton, Mrs. Delbert LeFevre; Weinert, Mrs. J. A. Mayfield; O'Brien, Mrs. Lewis Kay; Rule, Mrs. Malcolm Hertenberger; and Rochester, Mrs. John Nichols.

Haskell: Mr. and Mrs. Bill Holden, Mr. and Mrs. W. E. Wooten, Mrs. Carolyn Reynolds, Mrs. Mildred Mancil, Hortense Lees, Mr. and Mrs. Ron Bingham, Mr. and Mrs. C. O. Holt, Mrs. Martin Rueffer, Mrs. J. W. Aycock, Gene Long, Mr. and Mrs. Jack Medford, Mrs. Nancy Mickler and Mrs. J. R. Davis.

Lions Club Has Meeting

The regular weekly luncheon meeting of the Haskell Lions Club was held Tuesday at the Haskell Steak House with Lion President Doyle High presiding. Invocation was given by Lion Jimmy Owens. Lion Darold Roberson led the song session accompanied by Jo Overton at the piano.

Introduced as the only guest at the meeting was the Rev. Allen Johannes, of Maxwell, former pastor of Trinity Lutheran Church in Haskell, who was the guest of Lion Raja Hassen.

Lion J. C. Yeary, program chairman for the meeting introduced Lois Dunlap of Abilene, who is executive director of "Uncle Sam In Action". The organization uses a positive approach to promote patriotism and freedom. Approximately 90 percent of their programs are given to school classes and assemblies.

The programs are broken down into age groups and deal with such topics as Flag etiquette, drug abuse, respect for authority, patriotism, freedom and good citizenship.

The Uncle Sam In Action program will be presented in the Haskell High School during this school year.

GED Tests Set In Rule

General Educational Development Tests will be given in Rule High School Thursday, February 13th at 8:00 A.M.

Five tests will be given in English, Literature, Social Studies, Science and Mathematics. If a person passes these five tests, the Texas Education Agency will issue a High School Equivalency Diploma. This diploma meets the educational requirement for employment as well as partial requirement for College entrance or job training schools.

A fee of \$15. is charged for all five tests and it takes about two hours for each test. A person must be eighteen (or at least 17 years old) and has been out of school one full calendar year. If a person is seventeen when the tests are taken the diploma will not be issued until the person is eighteen.

For additional information call the superintendent office at Rule, 997-2521.

Baptist Revival To Begin This Sunday

"REVIVAL '75" is scheduled at First Baptist Church February 9-16, 1975. Evangelist Nathan Bussey of Oklahoma City, Oklahoma and Singer Bob Gabriel of Tyler, Texas will be leading in "Revival '75".

Special noon-lunch services from 12:00 to 12:50 p.m. Tuesday through Friday will offer an opportunity for many to hear these outstanding young men and have a bite to eat! Evening worship services will be 7:30 p.m. each night except Sunday. Sunday services will be Sunday School at 9:45 a.m.; Morning worship at 10:55 a.m.; Church Training at 6:00 p.m.; and Evening worship at 7:00 p.m.

Evangelist Bussey was converted to Christ at Altus, Oklahoma March 18, 1956. He is a graduate of Oklahoma Baptist University and Southwestern Seminary at Ft. Worth, Texas. During his college and Seminary days he led in over 90 evangelistic crusades and revivals. Mr. Bussey is married to the former Sandra Smith and they have two sons, Jonathan David, and Joel Andrew. They make their home in Oklahoma City, Oklahoma.

NATHAN BUSSEY
EVANGELIST

Evangelist Bussey has written two booklets "Studies in Soul Winning" and "The Revival Plan". He has preached revivals in 18 states and recently returned from a crusade in the Orient where he preached in Fujisawa, Japan. He has preached in several Evangelism Conferences and has conducted over 300 revival crusades.

Everyone is invited to come and hear this dynamic preacher of the gospel.

LOUDS rolled over Haskell Tuesday afternoon and just minutes after a funnel cloud was sighted, local firemen began driving around town with sirens blowing. Firemen went into the city at 5 p.m. and within minutes had warned city residents to take shelter.

(Staff Photo By Don Comedy)

4-H NEWS

Interested 4-Hers will focus on typical foods in the Southwest when the Haskell County 4-H Food Show gets underway February 15 with approximately 75 4-H members competing in senior and junior divisions.

Following the "Southwest Foods" theme, local youth will prepare main dishes, side

dishes, breads and desserts, or snacks and beverages as they choose one of the four entry classes for competition. Youth ages 14-19 will compete in the senior division, while the junior division contest involves ages 9-13, or younger.

"Both the senior and junior divisions will offer a first, second, and third place ribbon in each of the four entry classes," Barbara Elliott, County Extension Agent explained.

"Because our foods program emphasizes nutrition, contestants will be asked to demonstrate knowledge of nutrition, meal planning, food buying and meal service as well as the ability to prepare food," she added.

Haskell County 4-H Food Show is sponsored by the Texas Agricultural Extension Service, The Texas A&M University System.

On Tuesday, January 28th, a 4-H Mother-Daughter Project Dinner was held in the Community Room of the Haskell National Bank.

Approximately 100 4-H club members and mothers attended the Dinner. The program was planned and conducted by Haskell Senior 4-H Club Members.

Upon arrival, 4-H members displayed their dish according to the four divisions of the food show. Each girl registered and turned in her recipe which will be mimeographed and handed out at the food show. 4-H members helping with the registration were Sonja Tidrow and Lynn Weatherly.

Kerry Kemp gave the welcome and motto and pledge was led by Susie Hopkins. Kay Campbell introduced the 4-H Foods Leaders and special guest. Each 4-H member then introduced herself and her mother and gave the name of the dish she had prepared. The invocation was given by Susie Hopkins. A buffet dinner of the dishes prepared was enjoyed by all.

Following the dinner, Food Show training was given by the County Extension Agent, Barbara Elliott. A packet of information was given to each member. The packet contained the following: Objective of the food show; general rules; divisions; suggested questions; scorecard; sample menu and recipe. The packet was discussed by the agent with the help of the Senior project members a play food show was given. Senior members assisting were: Kerry Kemp, Bennita Jackson, Kay Campbell and Kim Campbell.

Men In Service

(T24A-1S:LS/FHTNC)—Jan. 28—Marine Sgt. Santos Rodriguez, son of Mr. and Mrs. Justo Rodriguez of 706 S. Eighth Ave., and whose wife, Janie, is the daughter of Mr. and Mrs. Jerry Gonzales of 300 S. Ave. F, all of Haskell, Tex., received his first Good Conduct Award at the Marine Corps Air Station, Iwakuni, Japan.

He was cited for exemplary service during the past three years.

A 1970 graduate of Haskell High School, he joined the

Marine Corps in December 1970.

Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q. Is it true that the IRS will figure my tax for me?

A. Yes, but you must meet certain qualifications. On Form 1040, your income must be \$20,000 or less on line 15 and be made up only of wages or salaries, and tips, dividends, interest, pensions and annuities. In addition, you must choose the standard deduction and file by the due date. Then the IRS will figure your tax for you. If you file Form 1040A, you may have the IRS compute your tax regardless of the amount of your income. The instructions for both forms explain what lines to fill out so the IRS can determine your tax from the proper tax table. You will then receive a refund for any overpayment or a notification of the amount of tax due.

Q. When will I get my refund?

A. The IRS makes a special effort to send refunds back to taxpayers as quickly as possible. This normally takes from three to five weeks after the return is filed. Several factors can delay a refund, but you can avoid some of them. For example, be sure all the arithmetic on your return is correct, and make certain your Social Security number and your spouse's are right and that they are written in appropriate order in the blocks provided. Place the peel-off pre-addressed label from the forms package mailed to you on your return. Its use will speed the processing of your return. Finally, remember that the IRS cannot send you your refund unless you sign your return.

Q. How do I report my dividend and interest income for 1974?

A. Schedule B, Dividend and Interest Income, has been reinstated for those who have such income to report in detail. If you have \$400 or less of dividend or interest income, you will not have to list it on Schedule B, but only include the totals on lines 10a, 10b and 10c of Form 1040.

Q. How can I correct the information on my W-2 Wage and Tax Statement for 1974?

A. If you receive an erroneous Form W-2, you should ask your employer to issue a new W-2 to you clearly marked "corrected copy." You

should then file Copy B of the corrected statement with your Federal tax return.

Q. When must I give my employees their W-2 forms?

A. Give your employees their Forms W-2, Wage and Tax Statements (or Social Security statements), for a calendar year, or any corrected statements made in the year, not later than January 31 of the following year. If someone leaves your employ before the end of the calendar year and you don't expect that employee to return to work within the calendar year, you must give a wage and tax statement to the employee not later than 30 days after you pay the final wages.

Q. Last summer I earned a few hundred dollars to cover some of my college expenses this semester. Do I have to file a tax return and report this income?

A. Single individuals who have \$2,050 or more gross income for the year must file a return. Any individual who may be claimed as the dependent of another taxpayer must file a return if he or she had a gross income of \$750 or more and received any unearned income during the year. Even if you did not make enough money this year to re-

quire you to file a return, you may have had income tax withheld from your pay. If so, you should file a return, claim your personal exemption and get your refund.

Q. A great-uncle of mine recently died, naming me executor of his estate. His will states I'll receive a small amount of cash. In addition, I will receive a fee for performing the executor's duties. Do I have to pay tax on this money?

A. Gifts, bequests or inheritances you receive are not income. But if property you receive in this manner later produces taxable income such as interest or dividends, that income is taxable to you. The fee you receive as executor must be included in your gross income, however.

Q. In addition to prescribing medicine and new eyeglasses to relieve my headaches, my doctor sent me to a clinic for acupuncture treatment. I know the drugs and eyeglasses are deductible medical expenses.

but what about the acupuncture services?

A. Payments for acupuncture services qualify as deductible medical expenses.

EFFECTIVE New deadline will be printed paper.

AUTOSCOPE

GOVERNOR'S OFFICE OF TRAFFIC SAFETY

February 9-15

AQUARIUS—You may have trouble expressing yourself at this time—but if you see a friend making a bad driving mistake, it wouldn't be wrong to tell him about it.

PISCES—A time for you to plan ahead a little bit. If you're taking a trip, be sure you know the route. The frustration of wrong turns may cause more serious problems.

ARIES—You'll probably be in a hurry during this period. Remember, though, rights on red are legal, but only after you've come to a complete stop.

TAURUS—Love blooms for you now, but don't let emotions distract your attention from the road—especially around the 14th.

GEMINI—It's a time for unpredictable moves from others. Watch for sudden stops by the car ahead.

CANCER—Your natural sensitivity will be unusually low now. Signs could escape you—like "Sharp Turn" and "Curve Ahead."

LEO—Don't forget your seat belts this week. They may feel confining during this period, but they could save your life.

VIRGO—If it bothers you to have people smoking inside your car, now's an especially good time to tell them about it. It could help your driving a lot.

LIBRA—Does your car pull to one side or the other when you stop? Could be a potential brake problem. The planets say it's a good time to fix things.

SCORPIO—Be watchful for children this week, especially in school zones.

SAGITTARIUS—Have you checked on your tire tools lately? You may have removed them and forgotten about it.

CAPRICORN—Indulge your practical nature in a humanitarian gesture this week. How about clearing off a blind corner in your neighborhood?

drive intelligently

A Land Bank loan at work

Both pasture land and crop land qualify for a Federal Land Bank loan if properly managed. Remember that the Land Bank Association located right in your area is familiar with local conditions and local needs—and will do everything possible to provide a long-term loan at reasonable cost.

We can provide sound financing to fit your sound management.

What Does an Ice Cream Freezer Have to Do with Banking?

Remember the old fashioned ice cream freezer? You put in the cream, the sugar, the flavoring (natural, of course). After putting in the ice, you cranked for a long, long time. Was that ice cream good!

Nowadays you go to the store and buy ice cream made with artificial ingredients and cranked out by mass production machines. They call it ice cream, but it isn't the same. The dimension of love and tender care is missing . . . and it shows up in the taste.

Now, we're an independent community bank . . . a homemade ice cream kind of bank. We do our banking the natural way, compounded with time and care and understanding, a willingness to do . . . and do well . . . what needs to be done. Ours is a type of banking which gives you the personal dimension . . . come on in and savor it.

SCIENTISTS TELL ME ...

Handy, Science Writer
Cultural Experiment Station

...on living their research. Now Experiment Station scientists can "see" the three-dimensional structures of many molecules by a technique called X-ray diffraction. A group of scientists headed by Dr. Edgar Meyer in the department of Biochemistry and Biophysics at Texas A&M is involved in the study of a series of molecules related to the biological roles of photosynthesis in plants and oxygen transport in the blood and respiration of animals. These special molecules are called metalloporphyrins and bile pigments. To study the structures of these molecules, Dr. David Cullen used the technique of X-ray crystallography, which can produce a three-dimensional description of the molecule under investigation.

Let's take a quick look at how this works and what it means. To aid in the study of a variety of molecules, Meyer's laboratory has three small computers. A series of computer programs is being written by Dr. Carl Morimoto,

X-ray crystallography enables Experiment Station scientists, Dr. Carl Morimoto and Dr. Ed Myer, to "see" molecules.

a scientist from Hawaii, to draw pictures of the molecules in three-dimensions on a type of television screen connected to a computer. In addition, Meyer's laboratory has access, by means of computers, to two "libraries" which contain complete structural information, about all

small and large molecules, that has been published in the scientific literature.

Although it may seem unusual for scientists to spend hours looking at a television type drawing of molecules, the use of digital computers makes several of their tasks easier and more quickly solved.

The computer graphics equipment used in these studies is unique for the state of Texas, and very few other laboratories in the world are pursuing similar investigations. Although the basic problem under attack is na-

tural or biological in nature, the methods of approach include the physical sciences (X-ray crystallography) as well as computer and information science.

This type of work may be termed "pure research," but it is designed to be relevant to the needs of man and society by answering such questions as how certain types of diseases can be controlled, how plants convert solar energy to chemical energy, how plants can tell time and how drugs work in the healing process.

Plan Grazing System Now

UVALDE--Ranchers looking for ways to ease the present pain in their pocket-books should take a close look at an improved grazing system.

And the time to plan a grazing program for the coming year is now, so that it will be ready to put it into practice by the time maximum forage growth begins in spring and early summer.

"A properly planned and operated grazing system can mean lower operating costs per head, better breeding efficiency, greater gains per acre, reduced costs for vehicles and labor, and reduced supplemental feeding," says Dr. Richard Bjerregaard, area range specialist for the Texas Agricultural Extension Service.

"Most ranchers can initiate a deferred rotation grazing system with little or no initial expense if a moderate amount of cross-fencing and stock water development has already been done," points out Bjerregaard. "In some cases all that is required is to close gates between pastures and to move livestock from one pasture to the next in a planned time sequence that is compatible with management goals."

A grazing system need not be complicated, emphasizes the Texas A&M University System specialist. Two pastures and one herd make a working system. However, size and complexity depend on what a rancher wants to accomplish in terms of improved livestock and rangeland production in light of available resources.

"There are about as many grazing systems as there are livestock producers," notes Bjerregaard. "However, in every case the goal is the

same: to grow more and better quality forage on fewer acres at less expense."

Information for planning and operating a successful grazing system is available from county Extension agents and Extension range specialists.

Farabee Warns Against Over Spending

Austin...30th District Senator Ray Farabee has expressed his concern over excessive legislative spending. Farabee, who is a member of the Senate Finance Committee, said he feels there needs to be careful consideration of any spending and further indicated his support for Lt. Governor Hobby's plan to create a reserve fund for state government. Senator Farabee emphasized that "...the creation of such a fund is good business sense, and that's the kind of thinking needed to keep this state out of financial trouble."

Senator Farabee also lauded Governor Briscoe's proposal to reduce state employees by 5%. Explaining that such reductions would be accomplished through attrition and not firings, Farabee said, "I believe state employees would benefit from such a policy since the state would have more money to bring about future pay raises instead of increasing payrolls beyond what is needed for efficient state government." The turnover rate among state employees is approximately 24% annually.

One of the major problems facing West and North Texas is a lack of water. Commenting on the problem Farabee said, "I agree with the Governor that the water problem has to be dealt with before it becomes a situation similar in proportion to the energy crisis."

Many important issues are to be considered this session and Senator Farabee noted that a new information service is available for citizens of Haskell County and the entire state. Information on the status of legislation can be obtained by simply calling 1-800-292-9693 toll free.

"On the same old corner"
Haskell, Texas

FIVE GENERATIONS of one family recently visited in Haskell in the home of Mr. and Mrs. R. W. Turnbow. Pictured (l to r) are: Mrs. Zephyr Brown of Stamford, Mrs. Patsy Milliman of Lafayette, La., Mrs. R. W. Turnbow, R. W. Milliman and Jeffrey Wayne Milliman, all of Haskell.

Another Fine Tuna Recipe

WHOLE WHEAT BREAD

- 1 package active dry yeast
- 1 1/2 cups lukewarm water
- 1 1/2 cups milk
- 1 1/2 tsp. salt
- 3 Tbsp. brown sugar
- 3 Tbsp. shortening

6-7 cups unsifted whole wheat flour

Dissolve yeast in lukewarm water. Scald milk and pour in large bowl. Add salt, brown sugar and shortening to scalded milk. Stir until sugar dissolves. When milk mixture has cooled to lukewarm, add yeast mixture. Gradually add whole wheat flour. Stir well after each addition as whole wheat flour

absorbs water slowly. When dough is stiff enough to handle, turn it onto a floured board and knead thoroughly, gradually adding as much of remainder of flour as necessary. Try to keep dough soft by kneading in only enough flour to keep it from sticking. All-purpose flour can be used when kneading. Place dough in well-greased bowl and let rise 2-3 hours or until doubled in warm place. Punch down and shape into 2 loaves. Place in greased 9 x 5-inch loaf pans and allow to rise until almost doubled, about 2 hours, still keeping dough warm. Bake at 325 degrees for 1 1/2 hours, or until loaves sound hollow when tapped with fingers. Remove from pans and cool on wire rack.

KOLACHES

- 1/2 cup butter or shortening
- 1/2 cup sugar
- 1 tsp. salt
- 3/4 cup scalded milk
- 1/2 cup water
- 1 cake compressed yeast
- (or 1 package dry granular yeast dissolved as directed on package)
- 1 egg
- 4 cups sifted flour

Cool milk to lukewarm by adding water. Combine butter, sugar and salt with milk. Add yeast and mix well. Blend in egg. Gradually add sifted flour mix until blended. Roll out 1/8 inch thick on well-floured board; cut with 2 1/2 inch round cutter. Place on greased baking sheet. Let rise in warm place (80-85 degrees) until double in bulk, about 1 hour. Press indentation in center of each bun. Place pitted, cooked prune or peach dipped in nuts in each indentation. Bake in 350-degree oven 20 minutes.

Topping

- 1/2 cup flour
- 2 Tbsp. or more melted or soft butter
- 2 Tbsp. sugar
- 1/2 tsp. cinnamon

Mix ingredients. Crumble on top of each bun.

WHY NOT a desk calendar by Success and a Rouli Bouli by Papermate? Both are available at The Haskell Free Press.

Trim Holiday Pounds Wisely

COLLEGE STATION—For many people, the holiday season is directly followed by the "January Blues"—when they're trying to lose those excess pounds gained during the holidays.

"Cutting down on calories, not valuable nutrients, is the important thing to remember when reducing," Sally Springer, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said this week.

The four sources of calories in a daily diet are fats, carbohydrates, protein and alcohol. But in addition to supplying calories, fat, carbohydrates and protein also perform specific body functions. For that reason, they shouldn't be completely eliminated from the diet," the specialist advised.

She suggested trying to avoid high-calorie foods such as concentrated sweets or fats that supply few other nutrients.

"Remember that enriched whole-grain breads, cereals, vegetables and fruits generally supply generous amounts of vitamins and minerals along with the carbohydrates. But it's what goes on these foods that adds excess empty calories—butter, margarine, jellies, jams," she said.

Some other points to remember when dieting are:

- Trim the visible fat from your meat, or select light-weight beef, poultry or lean fish since these meats are lower in fat.
- Don't cut out milk, but drink fortified low-fat or fortified skim milk for fewer calories with the same valuable nutrients whole milk has.
- Just eat a little less, resist second helpings and don't expect overnight results.

Mr. and Mrs. Bill Dumas, Gina and Sheree spent the weekend in Lubbock.

Visiting with Dr. and Mrs. Billy Kemp and Kem over the weekend were Mr. and Mrs. Jim Kemp, Houston, and Mrs. Kemp's sister and husband, Mr. and Mrs. Al Morris, Austin.

Mrs. Marguarite Jordan, San Antonio and Mr. and Mrs. John L. Lewis from Hideaway Lake have been visiting Mrs. N. I. McCollum and Nettie.

Mr. and Mrs. H. L. McKay from Brownfield came by and picked up Mrs. Edna Mae Lyles and took her to Greenville to attend the funeral services of Mrs. McKay's mother, Mrs. Lola Mansfield. Mrs. Mansfield was Mrs. Lyles' sister-in-law.

Visiting in the Melvin Norman home were their children and grandchildren, Mrs. James Norman, Mike, Keri and Sharia from Maplewood, N.J. and Mrs. Thomas Coston, Laura, Julia and Stacy from Ft. Worth.

Mr. and Mrs. Loyd Brazell and family from Brownfield spent the weekend with Mr. and Mrs. Buddy Brazell.

Mr. and Mrs. John W. McDermott spent the weekend in Morton with his parents, Mr. and Mrs. Charles P. McDermott.

Christene Greene and Frances Arend attended the All Texas Beauty Show at the Fairmont Hotel in Dallas, Feb. 1st, 2nd and 3rd. They attended classes on new hair styles and colors, styles for Total Fashion and evening styles and viewed a contest of commercial hair styles. The new styles for spring will be curly, short and fluffy. They also attended shop owners and legislation seminars.

Attending the All Texas Beauty Show from this area were Glenda Ellis, Betty Gideon, Kay Perry, Pat Harris, Brenda Whitworth, Martha Toller, Patricia Roof, Haskell, Frances Davis, Rule and Dianna Seymour, Merkel.

Mr. and Mrs. Edd Smart from Lubbock have been in Haskell on business.

Mrs. Mildred Berry spent the weekend in the home of Mr. and Mrs. James Schlittler and family of Duncan, Okla.

Mr. and Mrs. Jim Meyer and Mr. and Mrs. Neal Meyer of Colton, Wash., and Mr. and

LAURA LARNED, daughter of Mr. and Mrs. J. Port Arthur, and granddaughter of Mr. and Mrs. of Haskell, will be installed as Worthy Advisor of the Rainbow for Girls in ceremonies this Saturday. Her father will be installing officer and her mother installed to the 1975 advisory board.

UP TO 25% POSTAL SAVINGS by using new Mail-Lite bags. Heavy manila envelopes made stronger, water-proof with special Mail-Lite seal for mailing small items. Free.

Marriage Licenses

The following marriage license were issued during January 1975 by County Clerk Jenny Brazell.

Amos Rascoe Vaughn, Abilene and Billie Jo Green, Stamford.

R. W. Greenwood and Aileen Marie Greenwood, Munday.

Frank Dutton and Janice Isbell, Munday.

Kenneth Darrel Jensen, O'Brien and Linda Sue Bolton, Knox City.

Thomas Leonard Florence, Rule and Louise Lela Hewitt, Stamford.

Hardy Weidon Wall and Margie Leta Stewart, Seymour.

Jody Glenn Edwards and Deborah Kay Denson, Tahoka.

Johnny Z. Abila and Belia Perez, Haskell.

GARDEN CLUB

Mrs. Esther Moore, president of the Haskell Garden Club has announced that the club will meet February 13, at 2 p.m. in the Community Building of the Haskell National Bank. Mrs. O. B. Ratliff of Lubbock, will present the program. Title of the program will be "Wizardry with Weathered Wood" and all members are urged to attend and bring a friend.

Ella Mentrú PURE GOLD CONTAINS HOW MANY CARATS?

Type of flour used depends on personal preference. Whole wheat flour contains all the wheat in its natural proportions and is preferred by some for its nutritional value. Its baking strength, however, is less than that of white flour and the volume of an all whole wheat loaf will not be that of one made with white flour.

All-purpose enriched flour is made from refined wheat to which vitamins and minerals have been added. Prepared by milling and sifting cleaned wheat, this flour consists essentially of the endosperm or inner portion of grain.

TDA home economists point out that yeast dough can be frozen about a week though it is better to bake the bread first and then freeze it. To use frozen dough, thaw and shape it, allowing it to rise double before baking.

Our Personal Articles Floater Contains Coverage On Pure Gold Jewelry, Loss Of Many Other Valuable Possessions And May Be Added To Your Home Owners Policy, At Low Cost! The answer is Twenty-Four Carats.

DEATH NOTICES

Mrs. Jackson
 Funeral services for Mrs. Lessie Ann Jackson, 87, of Goree, were held February 4, in First Baptist Church with the Rev. Charles Casey, pastor and the Rev. Douglas Crow, pastor of Vera Baptist Church, officiating.

Burial was in Hefner Cemetery under the direction of McCauley-Smith Funeral Home of Munday. Included in the survivors are two nieces, Mrs. Loyd Feemster and Mrs. W. L. Pack, both of Haskell.

Mrs. Larned
 Funeral services for Mrs. Maggie Larned, 76, of Haskell were held February 4, at First United Methodist Church in Haskell with the Rev. Robert W. Brown, Sr. pastor, Rev. Danny Johnson, pastor of Calvary Baptist, Rule, and Rev. Steve Harper, pastor of First United Methodist Church in Roby, officiating.

Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Born November 23, 1898 at Franklin, she had lived in Haskell since early childhood. She married Gordon Larned on June 9, 1917. He preceded her in death on June 18, 1938. She was a member of the First United Methodist Church and the Rainbow Sewing Club. She was a retired supervisor of the grade school cafeteria.

Survivors include: two daughters, Mrs. Jack (Capitola) Davis and Mrs. Wendell (Frances) Jarman, both of Pasadena; four sons, John, Dee, and N. J., all of Haskell

Short Agenda Faces Local Commissioners

Members of the Commissioners Court of Haskell County met January 28, for a special session with all members present.

Major item of business on the agenda was the agreement to extend the lease of the West Texas Rehabilitation Commission office for a period of 4 years. Members of the court agreed to lease the portion of the building used by the Commission for the fee of 38c per square foot. The amount is the same as has been charged in the past. Current lease on the building expires September 2, 1975.

Next meeting of the Commissioners Court will be held February 10, in the Haskell County Courthouse.

Public Hunters Have Varied Success In State

AUSTIN--Hunters participating in public hunts on Texas Parks and Wildlife Department game management areas had varied success, according to department officials.

They had the hardest time killing deer on the Pat Mayse Wildlife Management Area in East Texas. Of the 408 hunters taking part in the hunt this year, only seven got deer, a hunter success ratio of only around .02 percent.

Hunters on the Chaparral Wildlife Management Area near Artesia, on the other hand, managed to harvest 88 deer, thereby giving the 166 hunters taking part in the hunt a 53 percent success ratio. One of the 63 bucks killed on the Chaparral area weighed 155 pounds field-dressed.

Parks and Wildlife Department biologists say this is large for a Texas white-tailed deer. However, this year's buck weighed 24 pounds less than the largest buck ever taken from the Chaparral Area.

Hunters on the Panhandle's Gene Howe Wildlife Management Area didn't do as well as the Chaparral hunters. They managed only a 32 percent success, killing eight bucks for the 25 hunters.

The 52 hunters who showed up to hunt on the Sierra Diablo Wildlife Management Area in West Texas killed 13 buck and 12 doe mule deer for a 48 percent success ratio. One of the bucks weighed 147 pounds field-dressed while the others averaged 100 pounds. Does averaged approximately 80 pounds.

On the Black Gap area in the Big Bend country, 144 hunters killed 58 mule deer plus a bonus of 22 javelina. This amounted to a little better than a 40 percent success ratio. The largest deer field-dressed at 169 pounds.

In East Texas 50 hunters on the Engeling Wildlife Management Area killed 22 deer for an approximate 45 percent success ratio. The largest buck field-dressed at 134 pounds.

Hunters on the Kerr Wildlife Management Area in the Texas Hill Country near Kerrville had fair hunter success--approximately 37 percent. The 137 hunters who participated in the hunt killed exactly the number of deer which area biologists wanted harvested--50. Average field-dressed weight of the bucks was 82 pounds, and the average weight of the does was 67 pounds.

CARD OF THANKS
 We wish to express our appreciation and thanks for each kind deed and words of sympathy shown us at the time of our sorrow in the loss of our beloved brother and uncle. We are especially thankful for the food and floral offerings. It will always be remembered with deep gratitude. Mrs. Eula Crow, Mrs. Carrie Harless, Mr. and Mrs. Joe Evans, Mrs. Minnie Beckham and Mr. and Mrs. Ervin King, Jr. 6p

CARD OF THANKS
 We want to thank all who sent cards and visited Thurman while he was in the hospital. It made his stay much more pleasant. A very special "thank you" to the doctors and nurses for their special attention that they showed him. We appreciate so much your concern in his behalf. May God bless each and every one of you. Thurman and Marie Howeth. 6p

CARD OF THANKS
 We would like to express our appreciation for the many kind deeds and acts of sympathy shown us by the people of Rule and Haskell at the death of our mother, Soledad Menchaca. Mr. and Mrs. F. L. Hatley. 6p

CARD OF THANKS
 We would like to express our appreciation for the many kind deeds and acts of sympathy shown us by the people of Rule and Haskell at the death of our mother, Soledad Menchaca. The Menchaca family. 6p

WASHINGTON

"As It Looks from Here"
 OMAR BURLESON
 Congressman—17th District

WASHINGTON, D. C.—EVERY COUNTRY IN THE WORLD, including our own, has had its national police and intelligence operations.

OUR OWN COUNTRY MUDDLED THROUGH WARS AND CRIME WAVES without either a CIA or FBI. We did, however, during the American Revolution, have secret intelligence operations. Theodore Roosevelt founded the Bureau of Investigation which preceded the FBI by some 30 years.

NOW, WITH THE TREND TOWARDS LIBERALISM, there are those who have found reason to want to dismantle all our intelligence agencies. Just recently, the old UnAmerican Activities Committee in the House of Representatives was scuttled by the New Congress. Under the influence of Watergate, the CIA is under attack for conducting domestic surveillances, an authority which was never intended. Neither had the times of the 60's been intended or ever expected when the thousands of revolutionaries (their own term) marched in Washington and other cities across the Country. The question was always where did they get their finances. People who apparently lived well didn't come here from the four corners of the Nation by airplane for nothing. It may be an oversimplification but the role of the CIA, at that time, was to try to find out what foreign connections the leaders of these revolutionary groups may have had in financing these activities.

SPECIAL COMMITTEES OF BOTH THE HOUSE AND THE SENATE are being formed to investigate both the CIA and FBI. These agencies have grown to massive size and are accused of a serious challenge to popular freedom.

THE FBI IS NOW CHARGED WITH ASSEMBLING INFORMATION such as has come its way on Members of Congress. The CIA is charged with having kept a file on 10,000 or more Americans in the course of trying to determine if the war protests of the 1960's were inspired or financed from foreign sources, and to what extent.

AS YET, THERE IS NO SIGHTED INSTANCE OF ANY Member of Congress being intimidated by the FBI, nor any war demonstrator having been unduly hounded by the CIA. It could have happened in isolated instances without shaking the foundations of this Republic.

AS FAR AS CONGRESSMEN ARE CONCERNED, THEY ARE NO LESS free of peculiarities, and have human behavior like anyone else, but, although some are suspicious that they may have been investigated, nothing shows up yet that any such information was formally solicited but only that which came to them by reference.

THE POINT IS, THAT OUR HIGH CRIME RATE, and the foment in the Country, will continue as opportunity presents itself, but there are those in this increasingly assertive and permissive Democratic society, who seem to think there is a threat of oppression when laws are enforced or investigations are made of actions designed to overthrow and subvert this

PAPER PICKUP
 The Rule Junior Class will pickup scrap papers Saturday morning, February 8, from 9 a.m. until noon. Numbers to call are 997-2156, 997-2281, and 997-2497.

Another Fine Texas Recipe

TURKEY AND VEGETABLES EN BROCHETTE

1-inch cubes of cooked turkey (4-5 pieces a serving)
 1 tsp. ground ginger
 1/2 tsp. monosodium glutamate
 1 Tbsp. sugar or molasses
 1/2 tsp. dry mustard
 1/2 cup soy sauce
 1/2 cup salad oil
 1 clove garlic, minced
 1-inch pieces small zucchini, unpeeled
 Strips of green pepper
 Cherry tomatoes

Combine ginger, mustard, msg, molasses, soy sauce, salad oil and garlic in glass or pottery bowl and allow to stand for 24 hours at room temperature. Pour over turkey and allow to marinate several hours in refrigerator. Drain turkey and thread onto skewers alternately with zucchini, green peppers and tomatoes. Brush with marinade and broil 2 inches above coals, brushing with marinade and turning often, until meat is sizzling hot and vegetables are cooked through. Brush once more with marinade and serve immediately. Serve with sweet potatoes.

A SMILE FOR SPARKPLUG!!! Barney Google's favorite nag, Sparkplug, is treated to a friendly hello from a young friend. This ice-skating horse will delight youngsters when he narrowly escapes the efforts of the "Sour Grape Gang" to kidnap him during this year's all-new Holiday on Ice show. The production will return to the Big Country for five performances Feb. 13-16. Tickets are still available for \$3, \$4 and \$5 at the Taylor County Coliseum Box office and Sears in Abilene and San Angelo.

Performer Is Near Home

One Holiday on Ice performer will be practically skating in her own backyard when the production comes to Abilene Feb. 13.

Rulona Rolland, a principal skater in the show, is a native of Houston, and at the tender age of 19 she's well on her way to being one of the best among professional skaters.

Rulona is the daughter of two talented ice skaters. Her parents skated in several revues—Ice-O-Rama, Frosty Frolics and Ice Vogues.

After they left the ice show life, the Rollands opened their own rink in Houston. Rulona literally lived on the ice. She skated long arduous hours—without lessons. She learned by watching.

"I realized that I could imitate everything I saw," Ms. Rolland said, "but when someone tried to tell me how to do a trick, I was a dismal failure."

Now in her third year with

Holiday on Ice, Rulona has featured roles in "Sounds of the 70's", the show's lively opening number, "Make Your Own Kind of Music", which closes the first half, and in "Saturday Night, U.S.A.", a rollicking production number featuring a touch of the barn dance and the traditional Swing Waltz.

Holiday on Ice will be in Abilene for five performances only Feb. 13-16. Tickets may be purchased for \$3, \$4 and \$5 at the Taylor County Coliseum box office and at Sears in Abilene and San Angelo.

State Store License Is Abolished

Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirements has been abolished.

Bullock said his office has been besieged with calls and letters this month by bus-

inesses which were unaware that the license requirement was repealed as of Dec. 31 1974.

"Obviously, the past administration didn't get the message out," Bullock said. "I consider it good news that we've been able to do away with the store license."

The store license, which

started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by the Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still

being sent to unaware of the "It's great businesses to do right and but in this case 'thanks, but Bullock said."

YEARLY, JR.
Conservationist

TERRACES WITH WATER
DISTRICTS of Haskell, conservation plan as a result of the expiration of his GPCP contract.

Floyd McGuire, Jr. of Munday has revised his conservation plan to include a new tract of land that he recently acquired from H. W. Liles of Weinert. Parallel terraces have already been applied on one of the cropland fields. He also plans to establish an improved pasture along Lake Creek using Bermudagrass.

INVENTORIES AND EVALUATIONS PREPARED
Inventories and evaluations are records of assistance provided to individuals or units of government which usually do not own agricultural land. These inventories and evaluations are made to assist the individual or unit of government solve a problem which they have that usually requires the technical expertise of a Soil Conservation Service technician.

Inventories and evaluations recently have been prepared for Haskell Independent School District, Kenneth Sams, Superintendent; Mrs. Emma Reed, Don Comedy, and Royce Adkins of Haskell, and Glen Shelton of Wichita Falls.

SHORT TAKES
As we expected, President Ford pocket-vetoes the bill which would have extended the time during which 1973 Rural Environmental Assistance Program and 1974 Rural Environmental Conservation Program monies could be obligated. Now we await an act of congress to re-establish a cost-share program to assist farmers and ranchers install conservation measures. As soon as information is received, you will be notified. We are not expecting to learn anything until mid-summer.

THE HASKELL FREE PRESS

VOLUME EIGHTY-NINE HASKELL, TEXAS 79521, THURSDAY, FEBRUARY 6, 1975 NUMBER SIX

Farm-facts
A Weekly Report Of Agri-Business News
Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Cotton Planting Underway ... Still Number One But Not Bragging ... In Case You Missed It ... Pesticide Question.

Now that February is here, cotton planting can officially begin in the Rio Grande Valley. A reduction of 50 per cent in acres to be planted this year compared to 1974 is now indicated for that section of the state.

The continued bleak outlook for cotton is the chief reason for the anticipated downturn in acreage. Expected to offset that cotton acre cut is an increase in grain sorghum, however.

While changes can yet occur, the following are recent percentage estimates of acres to be planted to cotton this season compared with last year: Coastal Bend 40 per cent; Upper Gulf Coast 40 per cent; Brazos-Navasota River Bottoms 40 per cent; Southern Blacklands 50 per cent.

EVEN though Texas continues to be the number one cattle feeding state in the nation, you don't hear too many people bragging about it any more, at least not for the present.

But for the record, Texas had 1,327,000 head of cattle on feed as of Jan. 1, the Texas Crop and Livestock Reporting Services notes. This is 40 per cent below the 2,205,000 head on feed as of a year ago. It is seven per cent below the number on feed a month ago.

The number of cattle on feed is the smallest for Texas since June 1970 when there 1,292,000 head on feed.

Nationwide, similar downturns are reported. Cattle and calves on feed for slaughter market in the 23 major feeding states totaled 9,619,000 head. This is 26 per cent below a year ago and 31 per cent lower than two years ago.

In Texas, the "large" feedlots—those with 1,000 or more capacity—had an occupancy of 43 per cent of their capacity. Twenty-five per cent of the large lots were completely vacant.

Feedlot operators report intentions to market 850,000 cattle between now and March 31. This would be 64 per cent of the number on feed as of Jan. 1 and would be 13 per cent lower than marketing during the same time span a year ago.

IN CASE you might have missed the final 1974 projections for major crops in Texas, here they are. Cotton production is set at 2,260,000 bales; this is 2,053,000 bales less than the 1973 upland cotton. Production of American-Pima cotton, however, slowed a slight increase in

1974 over 1973. Production in 1974 was set at 27,000 bales compared with 25,800 bales in 1973.

Grain sorghum production for Texas in 1974 is expected to be down a fourth from 1973. Total 1974 production is set at 312,000,000 bushels compared with 417,000,000 bushels produced in 1973.

The 1974 corn crop in Texas which comprises 73,600,000 bushels is the largest for the state since 1943. Yield is expected to average 92 bushels per acre. Peanut production in Texas in 1974 is expected to total 420,375,000 pounds, or about 50,000,000 pounds less than 1973. Wheat production in 1974 was about half the 1973 crop. Rice is expected to be up 25 per cent, hay will be down about 12 per cent; oat production for 1974 will be down 70 per cent from 1973.

DPS Accident Report

The Texas Highway Patrol investigated ten accidents on rural highways in Haskell County during the month of December, 1974, according to Sergeant Frank Jircik, Highway Patrol supervisor of this area.

These crashes resulted in three persons killed and seven persons injured.

The rural traffic accident summary for this county

during the year of 1974 shows a total of 59 accidents resulting in 11 persons killed and 42 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for December, 1974, shows a total of 598 accidents resulting in 11 persons killed and 340 persons injured as compared to December, 1973, with 499 accidents resulting in 17 persons killed and 277 persons injured. This was 99 more accidents, six less killed, and 63 more injured in 1974 at the same period of time.

The 11 traffic deaths for the month of December, 1974, occurred in the following counties: three in Potter; two in Haskell; and one each in Clay, Garza, Lamb, Moore, Randall, and Wheeler.

THANK YOU!!
AS WE CELEBRATE OUR 11TH BIRTHDAY

In Haskell, we want to express our Sincere Appreciation for the wonderful patronage and friendship we have enjoyed. You, our customers, have made the past 11 years very pleasant...We want to say Thank You!! As in the past, we will continue to serve the people of Haskell and surrounding area to the best of our ability. So when we can be of assistance to you on farm machinery and repairs, please call on us.

AGAIN WE SAY THANK YOU!

The Sweet Home Baptist Church was host to the fifth Wednesday night prayer services January 29. A nice group turned out in spite of the cold weather. Special music was brought by La Nell and Wynette Williams, daughters of Rev. and Mrs. J. R. Williams.

Fifth Wednesday night

community prayer services are an outcome of our city wide revival held last year. The next fifth Wednesday night prayer service will be April 30, at 8 p.m. in the First Baptist Church.

BUSY BEES

Members of the Rule Busy Bee Club met in the home of 23, at 3 p.m. Mrs. Hines, club 23, at 3 p.m. Mrs. Hines, club president, brought the meeting to order.

Mrs. J. J. Wheeler presented the opening exercises by reading, "The Passing Years". Minutes were read by the secretary, Mrs. Wheeler and members answered the roll call with helpful hints. Happy Birthday was sung to Mrs. Emmitt Eakins in honor of that event.

Members reported a total of twenty-one visits had been made to the sick and shut-ins and also a total of thirteen dishes had been carried to the sick and ailing.

Refreshments of coffee, spiced tea, cake and nibbles was served to the seven members present. Following serving of the refreshments, the club adjourned and then visited.

The Busy Bee Club will meet next in the home of Mrs. Bill Gann, February 13, at 3 p.m.

GRADUATES

The Stamford Memorial Hospital School of Vocational Nursing held their graduating exercises January 31, in St. John's Methodist Church in Stamford. Speaker for the event was John B. Martin. Diplomas were presented by the instructor, Mrs. Barbara Fouts. A reception was held in the Fellowship Hall of the church following the graduation exercises.

Receiving their diplomas were Miss Janel Landreth of Rule, daughter of Mr. and Mrs. A. L. Landreth, and Mrs. Karen Reber of Stamford, daughter of Mr. and Mrs. Sonny Denson.

U.M.W.

The United Methodist Women will continue their study on Jonah, Rather Die Than Live, February 11, at 9:30

a.m. in the Fellowship Hall of the church. Leader for the study is Mrs. Otis Macon. Hostess is Mrs. R. O. Henry. All interested persons are welcome to attend.

BOUNCING BALL

The Rule Bobcats were host to Lueders-Avoca January 28 and split the games. In the boys game, Rule lost 46-61. High point for Rule was Anders with 25 and Rhodes was next with 14.

In girls play, Rule won 63-25. Scoring for Rule with 23 points was Norva Lehrmann, Dudensing had 20 and Flores 14. Watts was high for Lueders-Avoca with 9, Alvarez next with 8 and Jones with 6.

On Friday night, Rule was host to Weinert and took both games. In the boys game it was Rule 64 and Weinert 40. High point for Rule was Anders with 26 and high for Weinert was Stewart with 24.

In the girls game, Rule won 68 to 31. High point for Rule was Dudensing with 22 and Lehrmann had 21 and Flores

15. High for Weinert was Yates with 18 and Robertson with 11.

Rule was host to O'Brien last Tuesday night and will play at Old Glory February 7, February 11, they will host McCaulley.

Junior high plays O'Brien here Thursday, February 13.

YOUNG HOMEMAKERS

The Rule Chapter of Young Homemakers met January 27, and were treated to a delightful program when Mrs. Guy Robinson of Knox City presented a program on cake decoration.

On the previous Tuesday, the Young Homemakers met in the new home of Haskell County Home Demonstration agent, Mrs. Barbara Elliott, with ten members present. Mrs. Elliott talked of proper accessories for the home and demonstrated several arrangements of small accessories.

The Young Homemakers will meet next on Monday, February 10, at 7:30 p.m. in the Rule School cafeteria for a

Valentine party with a covered dish supper. Husbands will be special guests.

Officers for the 1975 year are: president-Mrs. Carolyn Mathis, vice president-Mrs. Pat Bivins and secretary-treasurer-Mrs. Judy New.

HOME ECONOMICS CLASS

Girls in Home Economics I have been studying bedroom arrangement and decorations and last week visited in the homes of Mes. Delbert LeFevre, Ed Fouts, Sam Turner and Ann Lichty.

Girls in Home Economics 11 have been studying kitchen planning and have visited in the new homes of Mrs. Larry Dennis and Mrs. R. N. Wilson and in the home of Mrs. Frank Campbell which has recently been remodeled.

Judy Lowe, West Texas Utilities Home Economics of Stamford, presented a program on grooming to the Rule junior high girls, grades 6, 7 and 8 on Friday, January 17.

She will also present another program on Wednesday, Feb-

HHS Students Invited to McM Feb. 7-9

High school juniors and seniors from Haskell are invited to attend the Student Weekend at McMurry College in Abilene Feb. 7-9.

Activities will include the McMurry vs. Texas Wesleyan basketball game, the McMurry vs. Texas Wesleyan game, and a

Participating administrators members on Feb. 7-9. There are why prospective students ought to visit McMurry, and admissions first is to professors talk to students, and with other students seeing decision on college. Over 300 expected for Student Weekend high school contact McMurry Admissions

WHO'S WHO

Elaine Benton of Electra, daughter of Mr. and Mrs. Mabery Benton and granddaughter of Mr. and Mrs. Alvin Norman of Rule, has been selected to be listed in the 1974-75 Who's Who Among Students in American Junior College. Elaine is attending Weatherford Junior College and will be recognized at graduation ceremonies in May.

Mr. and Mrs. Mabery Benton are former residents of Rule.

children and their families all got together for a day of fun and talk at Rule.

James Franklin, a grandson of Mattie Gipson came to see her. Also Beth Alvis of Old Glory dropped in for a while.

Gladys Martin and Margie Hertel of Stamford came to visit Mrs. Connie Martin. Mrs. Cliff LeFevre also came for a short time.

Mr. and Mrs. Clyde Rodgers of Goree came to see Mr. and Mrs. Charlie Moeller. Also their son, Carl, and his wife and children of Alma, Okla. came to see the Moellers.

Mrs. Albert Hannsz and Janet Strickland of Haskell and Rev. J. L. Williams of Rule visited with Bertha Yarbrough. Rev. Williams also visited many of the residents of the home.

The Church of Christ held their monthly Birthday Party to celebrate all the residents who had January birthdays. They were: Martha Collins, James Gladish, Blanche Wilson, Ida Phemister, Mattie Peavy, Annie Moeller, Susie Lassetter, and W. F. Goad.

Visiting Charity Bradley were Mr. and Mrs. Monty Penman of Knox City and Mrs. W. Camp of Rule. Rolland Rose of Abilene visited his Aunt Charity Bradley and his mother, Ethel Rose.

Visiting Mrs. Ola Isbell was her daughter and son-in-law, Mr. and Mrs. Belnarz from Denver City, Texas.

Melissa McCauley had a cold and we certainly missed her coming out several days. We are glad she is well and back again.

R. W. Campbell's death will leave an empty place in our hearts and home. We shall miss him. He had been a resident of Rice Springs since December 12, 1968. Our sincere sympathy is extended to his wonderful family.

OUR FINEST 1975 DESK DIARY includes holidays for 1975-1976, diary section, 1976 planning section, first aid, simple interest, calorie counter, investment records, automobile and personal expense records, removable personalized telephone directory. Ideal for gifts. Haskell Free Press.

EAT WELL FOR LESS

BY BARBARA ELLIOTT
County Extension Agent

Bread always tastes best right out of the oven—yours or the baker's. But how fresh a loaf will remain depends on how it's handled and stored.

Bread and rolls should be stored in a clean, dry place at room temperature away from any source of heat. A well-ventilated bread box or drawer is ideal.

Tests show refrigerator storage hastens the staling of bread products but also keeps down the tendency to mold.

Freezing preserves the freshness of bread, and frozen bread thaws fairly quickly. Rolls and slices of bread take only a few minutes while an unsliced loaf requires 30 minutes to an hour to thaw.

Breads should remain wrapped during thawing to prevent condensation of moisture on the surface.

The following is a Consumer Market Report by Mrs. Gwendolyn Clyatt, Consumer Marketing Information Specialist with the Texas Agricultural Extension Service in College Station, Texas.

A record crop of oranges is coming to market and are predicated to have attractive prices.

Grapefruit also is plentiful, and quality is excellent. Apples, bananas, and avocados are other good fruit choices, pricewise.

Economical vegetable choices are broccoli, cabbage, carrots, potatoes, dry yellow onions, turnips, rutabagas and hard shell squash.

At meat counters, retail beef prices haven't changed much in the past week.

In general, look for best beef values on chuck roasts and steaks, round steaks, ground beef and liver.

Pork values include Boston butt roasts, shoulder roasts, smoked hams and picnics.

Fryer chickens are good values, and supplies are adequate for the demand.

CONSUMER WATCH-WORDS: Save 20 per cent on canned fruits and vegetables by doing some comparative shopping.

Choose wisely among brands, buy food according to intended use, and read and understand labels.

File Early For Quick Tax Return

Taxpayers expecting refunds on their income tax can speed up those refunds by filing now and using the pre-addressed label and envelope that came with their tax packages, the Internal Revenue Service (IRS) said today.

Robert Fonck, Director's Representative of the Internal Revenue Service (IRS) for the Wichita Falls area, said taxpayers filing their returns now can expect to receive their refund within four to five weeks. Those who wait until March or April to file, he said, could face a delay of up to 12 weeks.

Fonck explained that the Austin Service Center can process returns faster if they arrive with the labels affixed and in envelopes provided by the IRS. The envelopes are magnetically coded for automatic sorting and the pre-printed labels are designed to save time in the actual processing of the return.

Even if you have moved or some information is printed incorrectly on the label, the IRS prefers for the taxpayer to simply correct the label rather than discarding it.

"We're obviously very busy at this time of year," Fonck said, "but we try to get the refunds back to taxpayers as soon as possible. With many people a little short of cash right now, we hope taxpayers will help themselves by using these time-saving features."

Leisure Lodge News

Mrs. Carrie Edwards went out to eat lunch with Mrs. Other Meeks, on Monday.

Visiting with Mr. and Mrs. Donald Flint on Saturday were Mr. and Mrs. Coy Upshaw and Mr. and Mrs. Buster Upshaw.

Visiting with Mr. and Mrs. Von Cobb on Saturday were Mr. Paxton and boys from Hawley.

Visiting with Pat Weaver was his niece, Mrs. Joyce Miller, from Balikpapan, Indonesia.

Mrs. Dewie Wester, Administrator, attended the West Texas area business meeting for Leisure Lodges, in Sweetwater, on Wednesday.

Mrs. Etta Crosson went to Rule with Mrs. Horace Snyder, of Seymour, to eat lunch with Mrs. Maggie Martin on Thursday.

We at Leisure Lodge, extend our sympathy to our Administrator, Mrs. Dewie Wester, in the sudden death of her brother, Mr. Marvin Weatherbee of Graham, Texas last Thursday afternoon.

Mrs. Easter Mullis received two very pleasant phone calls last Sun. afternoon from her brothers, A. M. Evans and wife of Abilene, and Z. L. Evans of Shallowater.

Nellie Reeves husband, J. B., had surgery Thursday morning and we will all be thinking of him and wishing him well.

We want to welcome Mr. and Mrs. James J. Jones of Goree to our home.

Mrs. Ivy Massie went out to eat with her sister, Mr. and Mrs. Elmer Wheatley, Sunday, and also visited with her sisters-in-law, Mrs. Cortez Hill and Mrs. Floy Mapes.

Nicky Cobb, who is currently living in Abilene going to L.V.N. school came by and visited with us on Thursday. Everyone enjoyed his visit. Nicky is an ex-employee of our home.

Leisure Lodge employees extend our sympathy to Faye Brooks in the loss of her brother.

Mrs. Dewie Wester is a patient in Haskell Memorial Hospital. We miss her and wish for her a speedy recovery.

SIMPLIFIED weekly book-keeping and tax record by Ideal, for any business, profession, trade, farm or ranch—Complete in one book. Shows at a glance how your business stands at all times. Recommended by auditors, accountants, tax agents... Shows all sales and income weekly, monthly quarterly and yearly. Shows all expenses paid out; profit and loss statements; notes and loans; donations, bad debts. No bookkeeping experience necessary. Start any time of the year. Inexpensive. Haskell Free Press.

Sagerton News

We have received some nice slow rain again, amounting to over an inch, and the wet and cold weather kept many people near home. Many in our community have been ill with the flu and colds.

Mrs. J. A. Hertel was hospitalized at the Haskell Memorial Hospital Monday with a relapse from the flu.

The L.O.C. Home Demonstration will meet in the home of Mrs. Leland Thane Thursday afternoon, February 6.

T/Sgt. Ted Terrell, who is with the U.S. Air Force in Denver, visited with Mr. and Mrs. Reece Clark and Mrs. Cliff LeFevre recently.

Mr. and Mrs. Delbert LeFevre and Jill visited with Mr. and Mrs. Mike Bailey and boys in Hurst last week-end and visited F. A. Stegemoeller at the Methodist Hospital in Dallas. Mr. Stegemoeller had surgery there last week, and is doing fine. Mrs. Stegemoeller is staying at the home of Mr. and Mrs. Kenneth Stegemoeller.

College News

SNYDER—Five students from Haskell County have been named to honor lists at Western Texas College for the fall semester.

Students named to the Dean's List were Bobbie Howard of Haskell and Steve Cox and Raynelle Miller of Rule. All are freshmen at WTC. Students named to the Dean's List must carry at least 12 semester hours exclusive of physical education and earn a grade point average of 3.5 or more.

Glenda D. Drinnon and Jerry Hadaway of Haskell were both named to the Merit List. This list is composed of students who are enrolled for at least eight but fewer than 12 semester hours and who made a grade point average of at least 3.5. Ms. Drinnon is a freshman student, while Hadaway is a sophomore.

Advertising Doesn't Cost ...It Pays!

Alpine. Keith is with the Texas Wildlife Department and was transferred to Vega.

The Beginners Junior Sagerton 4-H Club met at the home of Mrs. Delbert LeFevre last Wednesday afternoon after school. The group is made up of girls 9-11, who are just starting 4-H work. They are studying "Tricks with Treats". Kathy Soto is president of the group, Rene Toney is treasurer, Rhonda Stremmel is secretary and Jeanne Swofford is reporter.

Guests in the home of Mr. and Mrs. A. C. Knipling on January 22 were: Mr. and Mrs. Herbert Lammert, Mr. and Mrs. Herbert Vahlenkamp, Mr. and Mrs. Herbert

Nierdieck, Mr. and Mrs. Gene Tiechelman, Mr. and Mrs. Leonard Kieke, Mr. and Mrs. Lewis Corzine, Mr. and Mrs. Danny Lammert of Stamford.

Mr. and Mrs. Marvin Stegemoeller, Dennis and Drenda of O'Brien, C. E. Stegemoeller, F. A. Stegemoeller, Mr. and Mrs. Fred Schroenerstedt, Mr. and Mrs. J. B. Toney, Rene and Bruce, Mr. and Mrs. J. A. Hertel and Mr. and Mrs. Ervin Schaaque of Paint Creek. The occasion was Mr. Knipling's birthday party.

Mr. and Mrs. Tommy Cook and family and Mr. and Mrs. Tommy Nierdieck and baby, all of Abilene, visited with Mr. and Mrs. Herbert Nierdieck and Melissa Sunday.
