There were twenty children present last Saturday at the story hour. All of the children are urged to come next Saturday morning at ten o'clock, for Mrs. H. E. Bell will tell the story and she is a very charming story teller.

## Better Clothes for Less Money

Mr. Man, let us tell you that clothes are cheaper than they have been in ten years. You have been paying perhaps from \$20 to \$30 for a suit of clothes, but this year you need not pay so much. We have some extra values at \$15 to \$20. Do not think because they are cheaper that they are not as good. They are. For years we have bought clothes from the same people. We are still buying the same lines. And we know what good clothes are. We wont buy any other kind. There's value in them. They fit. They hold their shape. And another thing is that we stand behind them. Our name is on every garment, and we are proud to sell good clothes like these and guarantee them to satisfy you. There is a certain man in this town, a professional man, who has bought quite a number of suits of clothes from us and paid from \$20 to \$25 each for them. This week we sold him a suit for \$15. It will give him good service too, and he knows it—he is one of the best dressed men in town, and if we would give his name you would agree with us.

Get in line—buy you clothes here We do not change our brand each season, but hold on to the old reliable. You who have been paying us high prices for clothes, just remember that we are still selling the same clothes but that they are cheaper. Not cut prices mind you, but clothes are cheaper than they have been in ten years, and we give you the same benefit of the prices we get on these good clothes.

## AMONG THE CHURCHES

### Methodist Auxilliary Notes

The ladies met in regular business session Monday, Nov. 2nd. Not so many presents as the President wanted, because when any business question is settled she would like to have the voice of the entire body.

The Treasurer read the report as given to the quarterly conference, and during the year ending with this last conference, over \$600.00 had passed through the channels of our auxilliary. Some home missions, some for foreign missions, but more than half locally spent. The Lord has truly blessed our efforts, and if we may have another such year, we joyfully say, "we owe no man." Once more we urge the Methodists to give us their Sunday eggs. It is not much for you, but it amounts to a nice little sum for us, and we are grateful for all the assistance rendered.

Next Monday we have our second Bible study beginning for the winter.

Let each member study the 14th and 15th Chapters of St. John; bring their bibles and come. You will get a blessing and give one by being there.

Supt. of Publicity

### B. W. M. Workers

Monday Bro. Sams taught an interesting and instructive bible lesson after which a short business session was held. Mrs. Posey presented the needs of the training school which was responded to with an offering from the society. Let us not be slack in our religious duties, but ever pressing on to glory; keeping in mind the prosperity of the Savior's cause. Reckon all you love the Lord and love him with your whole heart, and you will find many ways to promote the glory of your God and Savior, and may it be said of us, as of the early christians, "see how these christians love one another." Such a hand God will delight to honor. The religion of the gospel demands from its notaries the active exertion of their different powers in promoting the glory of God and the welfare of man.

Let us be up and doing for the night cometh when none can work.

## AMONG THE CITY CLUBS

### Library Notes.

Have you ever been to the Library? If you have, we would be so glad to have you come again; if you have not, we give you a cordial invitation to come up and inspect the books. We have a varied collection of about six hundred volumes, and very probably something of interest to you.

For several years the ladies of the Magazine Club have maintained this library, trying so hard to make it a public library. All these years, during the five months in which the Club does not meet, the ladies have paid the room rent in order that the Library might be kept open, and have not made a third of the expense from the rental of the books.

Of course the Club is in session now and we are glad to keep the Library open, but we would be so grateful if you would come up and see the books. Possibly you might be able to give us some helpful suggestions. We rent the books for five cents a week or give you a yearly membership card for a dollar, allowing one book a week on said card.

Come up and see for yourself what we have and what we are trying to do. Library opens Saturdays from three to five p. m.

The Magazine Club met October 30th with twenty-three members present. We were glad indeed to have so many present and also to welcome our new members.

The course of study, "The Drama," becomes more interesting with each lesson. This last lesson completed the chapter on Greek tragedy with Mrs. Courtney Hunt as director. Mrs. Hunt is a capable director and is to be praised for the efficient way in which she conducted the lesson.

Mesdames Patterson and Cogdell favored the Club with a piano duet.

Long and tiresome papers have been done away with and the following ladies told in their own interesting way about:

Sir Henry Irving—Mrs. A. J. Smith.

Maud Adams—Mrs. Lewis.

Sarah Bernhart—Mrs. Posey, substitute for Mrs. Murchison.

Ellen Terry—Mrs. Rike, substitute for Mrs. Sutherland.

## DEATH MAKES ITS CALL

Little Ruby, daughter of Mr. and Mrs. Burwell Cox, died at the family residence in this city Thursday, November 5th, 1914, after a short illness. She would have been eight years old January 18th, 1915.

Little Ruby lived in a neighborhood of nine little girls. During the Adair meeting last summer, these little girls all did personal work.

Ruby was a faithful little worker, and was seen to approach grown people, and we who attended this meeting can testify that "there will be stars in her crown." She will be missed from the little circle of neighbors and friends, but in the resurrection she will be there to meet and greet those, to whom her short life has been a blessing.

Friday, Oct. 30th, W. S. Fouts died at his home on his farm a few miles southwest of Haskell. Mr. Fouts was one of our successful farmers, and most respected citizens. He has been in bad health for several years, but when death came it was rather a surprise to his family and friends, as he had been attending to his business up to a few days until he had the acute attack that caused his death. Mr. Fouts was born Sept. 25th, 1854. He leaves a wife, grown sons and daughter. To them we extend our condolence and sympathy.

L. B. Taylor, the son of Dr. L. Taylor, who lived here at one time, died at his parent's home in Brownwood a few days ago. He was 17 years old. Deceased is a nephew of Dr. Taylor of this city.

## COULD NOT REACH IT

This should be good news for our energetic young men and young women who are desirous of earning a good salary. The U. S. Civil Service Department has put out a most urgent appeal for as many as can to at once appear for and take the Civil Service examination for stenographers and typists, at salaries ranging from \$840 to \$1200 per annum. There has been five special examinations held in Tyler this year and another is to be held this month. This is one class of work that the war didn't reach. Our American government is needing more help than ever before for present administration has been an exceptionally active one. All lines of business are looking brighter, yet at all times the demand has been greater than the supply for telegraphy operators. The northern railroads are literally blocked in moving grain and handling merchandise. One of the northern roads within the last thirty days, ordered ten young men from the Tyler Commercial College, Tyler, Texas, at one time. In less than two weeks they ordered five more and they have now requested this institution to furnish them with all the men they can properly qualify. This, together with the fact that the United States government has addressed the Tyler Commercial College six personal communications during the year, insisting that their graduates take the civil service examination, shows there is, even in the hardest of times, a demand for the graduates of the Tyler Commercial College. The high class training given by this institution fits its graduates to go into the government work at splendid salaries or into the best railroad offices, direct from the school room.

There is no use of our young people sitting down and saying they can't get work when it is a positive fact that they can enter the Tyler Commercial College at Tyler, Texas, and in three to five months prepare themselves for a splendid position at a beginning salary of from \$840 to \$1200 per year. Before I would stay idle another week, I would write or phone this institution for catalogue and full particulars, and make my arrangements to enter at once that they might place me in a good salaried position.

HASKELL, TEXAS, Nov. 7 1914.

This is not leap year but the high cost of living certainly makes one think it is.

About the best way to get rid of a bore is to let him get in debt to you. He will stay shy of you then.

If a little learning or temporary prosperity gives a fellow the big head, it is because his brain is weak, or he has a false conception of life.

We should never be extreme in anything. We should at least give half of our time attending to our own business and not put it all in attending to our neighbor's.

It is more clearly demonstrated than ever that the pen is mightier than the sword, by our country shipping to Europe such immense quantities of pork.

Some people think it a distinguishing trait to show contempt for learning. Nobody has any respect for such folks. This disposition is the cause of most the rottenness in American politics.

The abundant yield of Agricultural products this year has about put the pessimist out of business. The only prop he had was the low price of cotton, and the indications are that that will be knocked from under him in a short while.

Some times we distribute copies of the Free Press on the street. Intelligent people who read, accept the copies offered with thanks. Once in a while, we offer a copy to some ignorant whose countenance shows he never read anything in his life, and nearly always says or does something insulting. The other day one fellow told us he could read all the Free Press

contained in thirty minutes. We told him he was smart, and if we had cared to risk what might follow, we would have added that probably he could not understand what he had read in thirty years. School money is wasted on fellows like this.

Haskell has kept the box cars busy in exporting cattle, hogs, poultry, etc., the past few weeks, and the passenger cars rolling in importing cotton pickers to gather the enormous yield of the deuce staple. Like a good man, you can't keep a good country down all the time.

The daily papers seem to have forgotten the Socialists have a party. From the way the local socialists talk we thought that the socialists would occupy a more prominent place in the public eye. Strength of a party is what gives prominence. The socialist do not seem to be making much headway with American labor, though they have been trying to get the labor organization's sympathy. If the socialist leaders would be fair in their criticisms, they would get better results.

The returns from the congressional elections show the democrats will have a bare majority in the house and in the senate. We believe the result is due to the wishy washy disposition of the voters. It is no reflection on the democratic administration that they had losses, but a reflection on the general sincerity and intelligence of the voters. If the voters were justified in electing a democratic congress two years ago, they are not now justified in switching, before the laws passed by that congress had a trial. After much study, to account for some things in politics, we have come to the conclusion that a very large percentage of the people in this republic are political anarchists. No man can follow the course of some voters, and listen to the silly reasons they give for the way they vote without questioning their intelligence, their sincerity and integrity. We hear some of the most unthinking criticisms, and some literature we get hold of, from partizan sources is so silly that we are astonished that after the money spent in the public schools, there are so many people who will read the stuff.

**Syrup of Figs for Constipated Child**

Delicious Fruit Laxative can't Harm Tender Little Stomach, Liver and Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child to-morrow. Ask your druggist for a 50c bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

**Why the Youth's Companion Show be in Every Family.**

"If I could take only one paper," said the late Mr. Justice Brewer of the Supreme Court "it would be The Youth's Companion—a little of everything in a nutshell, and unbiased." The Companion is a family paper in the completest sense. It provides reading that, without failing to interest the young, still interests the mature. It unites young and old through their common enjoyment of delightful fiction, agreeable miscellany and the clear exposition of public questions.

So carefully is it edited, so varied are its contents, that it would easily supply a family with entertaining fiction, up-to-date information and wholesome fun, if no other periodical entered the house.

If you are not familiar with The Companion as it is to-day, let us send you sample copies and the Forecasts for 1915.

**Sick, Sour Stomach, Indigestion and Gas**

"Pape's Diaepsin" Makes Upset Stomachs Feel Fine in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diaepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diaepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without

fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diaepsin, which costs only fifty cents for a large case at drug stores. Its truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

One day a young lady called on Rubenstein, the great pianist, who had consented to listen to her playing.

You're Bilious and Costive—Cascarets

To-night! Clean Your Bowels and End Headaches, Colds, Sour Stomach

Get a 10-cent box now.

Furred Tongue, Bad Colic, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you reeling good for months. Millions of men and women take Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing too.

They came in a car with Mr. Arthur Hughes, of that city, who is visiting his parents, Mr. and Mrs. S. A. Hughes of this city. The trip was made across the plains. # 8<sup>c</sup> For Your Cotton 8<sup>c</sup>

**\$14 -- For Your Cotton Seed -- \$14**  
IN MERCHANDISE

**\$12.50 Per Ton For Your Cotton Seed \$12.50**  
—SPOT CASH—

**Mr. Farmer:— We ask you to please read this ad, and give it just one moment's thought.**

Five weeks we advertised we would pay you eight cents for your cotton in merchandise, We outlined our plan and it met with much favor from one end of the county to the other, and we are receiving almost daily cotton and inquiries from people living forty and fifty miles from Haskell. We have received something near 100 bales of cotton on our plan, and out of this great number, if there has been one dissatisfied customer we have never heard of, but instead every one is pleased and some have turned us the second and third bale.

We will still pay eight cents for cotton grading middling and above. We will take lower grades at their proportionate values. We will continue this price as long as the price of cotton will justify. Of course should there be a sudden advance or decline we would raise or lower our price in proportion, but we guarantee to pay you at all times the very highest price possible.

We call your attention to the fact that we are the originators of this plan. We were the first in Haskell with the nerve and backbone to try it. At first we met with lots of opposition and criticism among our competitors, but now almost every dry goods store in Haskell is bidding for your cotton on our plan. We ask you this question from a standpoint of principal, loyalty and business, Are we not entitled to your cotton when you sell it for dry goods? We made it possible for you to get such a price. Had it not been for us, you would have been selling your cotton at the low cash price and paying us and other stores the regular price for dry goods.

We are now prepared to handle your cotton seed. We will pay you \$12.50 per ton cash, or \$14. per ton in merchandise. Now Mr. Farmer if you really want to hold up the price of your product, you will bring us your seed. Your seed is worth more than you have been getting, and you will get more if you will stand by us and bring us your seed.

We ask you people to give this matter some thought. We have made it possible for you to realize from \$5 to \$8 more on a bale of cotton, and from \$2 to \$4 more per ton on your cottonseed. Are we not entitled to your cotton and cottonseed. Bring your cotton and cottonseed to us and realize more on it.

### Calomel Salivates and Makes You Sick

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

### Falling Hair Means Dandruff is Active

Save Your Hair! Get a 25c Bottle of Danderine Right now—Also Stops Itching Scalp

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—the awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to night—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance—an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.
