You Think
You Like Ice Tea

No doubt you do—but if you really want to find out how much you can like ice tea, drink the kind that's made with

**White Swan
Tea**

It's so much better than what you're thinking of now—cold tea with ice in it—that you'd not know it for the same beverage. You'll like it for its rich flavor, its smoothness, its deliciousness.

Most All Grocers

Sell White Swan Tea—four sizes in air-tight tins—10c, 25c, 40c and 75c. Should your grocer be one of the very few who don't carry it, send us 75c for a pound—sent postpaid.

Baptist Revival Now Going Good

The Baptist revival meeting began on last Sunday morning, and there were good crowds out to hear Rev. Groom both morning and evening of Sunday. The meeting was to have begun a week earlier, but owing to the inclement weather was postponed till last Sunday.

Meetings are being held each evening during the week, and the interest is great. Another feature of the meeting is the cottage prayer meetings each week-day afternoon. Rev. Groom announces that the meeting will likely be continued during next week. He states that the attendance all through this week has been good, and he anticipates a

most fruitful revival. In this meeting, Rev. Groom, who is pastor of the local Baptist Church, is doing his own preaching. Rev. Groom is a splendid speaker, one who is thoroughly capable of holding the rapt attention of his auditors.

A Merry Fishing Party,

There was a merry fishing party to leave the city Wednesday forenoon, bound for the Clear Fork of the Brazos. The members of the party were as follows:

Mr. and Mrs. J. E. Bernard, Mr. and Mrs. Roy English, Miss Allie Irby, Mrs. Thomas Sowell of Madill, Okla., and Mr. Head of Rule. They went well prepared, and will, no doubt, get all the fish they can use.

Mrs. Courtney Hunt spent the past week-end at Merkle.

LADIES OF THE MAGAZINE CLUB WERE HOSTESSES

On last Thursday the Magazine Club of this city was hostess to the 1913 Club and Woman's Club of Anson, the Pierian and Two and Twenty Clubs of Stamford, Mrs. Joe Carter, of Aspermont, chairman of Civil Service Reform of the First District Federated Clubs, and the New Era Club of Rule. The latter named club was organized in January of this year by the Magazine Club of this city, and is doing some excellent work.

The visiting ladies last Thursday were met at the Station by the local club ladies in autos, and were taken for a drive over the city in the forenoon. A noonday luncheon was served at the club room, consisting of three delightful courses.

In the afternoon a reception was held, to which were invited as special guests, the Symphony Club of Haskell, and Mr. Martin, the Free Press editor. The reception was a most pleasing feature of the day's program. Mr. Martin, being called on by the ladies, delivered a short address which was most graciously received by all present, and he was extended a vote of thanks by the club members. (Which reminds us, Thursday being our press day, that while we were very strenuously laboring to get the paper out the Senior Editor was off having a delightful time, being toasted and roasted by the fair members of the various clubs present. But, let us not take up your time telling of the woes of editors and near editors, but rather, we will revert to the subject of the ladies' delightful entertainment of last week.)

The afternoon's program was as follows:

Words of Welcome—Mrs. Murchison.
Response—Mrs. Penick, Stamford.

Music (solo)—Mrs. Buford Long.
Short Talk—Mrs. Reynolds.

"Thanks to our Sister Clubs for a loyal support of our candidate, Mrs. J. U. Fields, for First Vice-President of the First District Federated Clubs."

Music Duet—Mesdames Patterson and Cogdell.

Reading—Mrs. Wm. Groom.

Round Table—Led by Mrs. Fields.

Each Club gave a yearly report, and various members responded to the question of: "Why are you a Member of the Club?"

Talk—Mrs. Cahill.

Talk—Mr. Oscar Martin.

Vote of Thanks to the Editor.

To the question of "Why are you a Club Member?", there were some very interesting and original replies, which were immensely enjoyed by all present.

Punch and sandwiches were served during the afternoon by Mesdames English, Lewis, Killingsworth and McFatter.

During the social hour delightful music was rendered by Mesdames Cogdell, Patterson, Long, and Miss Neathery.

After the day's delightful entertainment had come to a close and train time approached, the visiting ladies were again taken in autos and escorted to the station, where they made their departure amid many expressions of pleasure at the delightful and hospitable treatment that had been their lot at the hands of Haskell's club ladies. And thus is added another pleasing chapter to Haskell's history for hospitality and entertainment. The Magazine Club has truly added new laurels to its crown, and the ladies have been recipients of many compliments over the highly successful culmination of their entertainment day last Thursday.

MAYOR FINDS CROPS GOOD

Mayor T. C. Cahill the first of this week made a trip over the county in his car, visiting Weinert, O'Brien, Rochester, and other points. He made this trip partially as a business trip and partially for the purpose of inspecting the general crop conditions. He says he found crop conditions to be all that could be desired at this time. The Mayor says it is a great sight to get over the county and see the progress that is being made in the harvesting of the bountiful grain crops. He states that in nearly every field passed in his travels this week that reapers and binders were running, with large forces of men at work getting out the grain.

Mr. Cahill is very optimistic as to the outlook for this season's crops, and thinks great times will be prevalent in the Haskell country this fall. He, like many other leading business men and citizens, thinks that now is one of the most opportune times in Haskell County's history to boost our country and put the resources of this great land before the public, generally.

Miss Arian Akers of Munday, arrived in the city Tuesday afternoon and is the guest of Miss Victoria Wallace.

CITY MARSHAL A BENEFACTOR

Under the head of Public Benefactor, City Marshal, Alex Edwards is certainly deserving of honorable mention this week. As is agreed by all, Haskell has weeds and weeds to spare; but owing to the efforts of our energetic City Marshal, ere this issue is on the press, we will have fewer weeds by far. The fact in the case are these: Alex this week got together a large-sized bunch of colored men and put them out to slaying the weeds, and the improvement is quiet noticeable. Mr. Edwards is truly doing good work in regard to the weed nuisance, and his efforts along this line will prove beneficial to the citizenship both in sightliness and healthfulness. We say, let the good work go on.

Goes to Justin

W. O. Killingsworth leaves Saturday night for Justin, Denton County, where he goes to take charge of the Justin branch of the Grissom stores. Mr. Killingsworth has been connected with Grissom's store here for some time, and is an energetic and enterprising young man. His many friends here will join the Free Press in wishing him success in his new field.

YOUR RESPONSE

To our ad last week—thank you for it. We advertised our \$7.50 GENUINE Palm Beach suits. They are made of genuine Goodal Palm Beach cloth. We told you they were better than the cheaper grades. They are. They are made to wear and not to sell at a price. Bear this in mind, please. QUALITY is our watch word. Another shipment of these good Palm Beach suits this week. Drop in at your leisure and take a look. Give us two minutes of your time. Our Palm Beach Suits are the Clothes Comfortable. Cool as a sea breeze, and they look good. They are the best in town for the price. Quality reigns supreme here.

Howard and Foster shoes for men. They are the greatest shoes in America for the money. The worst thing that we know about H & F shoes is that there are some shoes that sell from a dollar to a dollar and a half more a pair that are practically as good as H & F shoes. All shoes ranging in price—\$4.50, \$5.00 and \$5.50 have to take off their hats to H & F shoes. Let us show you these good shoes. Quality in them. Business builders. They make us friends.

Rev. Coburn Here

Dr. Wm. Coburn, a Presbyterian evangelist of prominence, was here Sunday and Monday. He preached at the Presbyterian Church both morning and evening Sunday, and his discourses were thoroughly enjoyed by the congregations present. At the close of the Sunday School Sunday morning he also made an interesting talk to the school. On Monday afternoon at five o'clock Dr. Coburn delivered a Bible lecture at the church building, which was a treat to all those who heard it.

New Correspondent

We announce with pleasure that we now have a correspondent at the little city of Weinert, who from this time on will furnish the Free Press with the local happenings from this busy little city. Nothing adds more interest to the home paper than the letters each week from the various communities, and it is our aim and desire to have every community in the county represented along this line. If there is no one sending in the news from your locality, suppose you take this as an invitation, and send in a news letter next week? We are sure you will all be glad to welcome "Doc" to our circle of correspondents.

Misses Gail and Edith Wingo visited in Stamford Sunday.

Ruleites to Have Electric Lights

Manager Scales of the Haskell Ice and Light Company, makes the announcement that the service line to Rule will shortly be in operation. The post holes have been dug for about half the distance between here and Rule, and the poles and wire are now here. It is expected that the current will be turned on for Rule within three weeks. This will be a notable improvement for the busy little city of Rule, and speaks highly of the enterprise of the new management of the Haskell power plant. Many improvements have been made in the service of the Haskell Ice and Light Company during Mr. Scales' regime as manager, and much new machinery has been added to the equipment of the plant. Preparations are now being made whereby Haskell will have continuous current, during the day time, as well as night.

New Telephone Directory

Patrons of the Haskell Telephone Company will soon be issued a new telephone directory. The copy for the June directory has been handed the printer, and the books will be turned out during the next few days. The department of the Free Press has the contract for publishing the directory.

Ugh! Calomel Makes You Deathly Sick

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Born the 11th instant, to Mr and Mrs. A. Kline, a son.

Not Paint

The worst mistake in painting is not putting-off. That costs about 10 per cent; you keep your money a year and pay 10 per cent for it.

Paint would have to come down 25 per cent to make 10 per cent on the job, for wages do not go down.

The worst mistake is "cheap" paint. It costs from 50 per cent to 100, first cost, and another in wear.

What a liar "cheap" is! "Put-off" is bad-enough; "cheap" is ten times worse.

GRISSOM'S The Store with the Goods

They All Demand It

Haskell, Like Every City and Town in the Union, Receives it

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today, that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Haskell evidence of their merit:—

P. S. Arnold, farmer, Haskell, says: "My kidneys were disordered and didn't do their work as they should. I often became dizzy and specks seemed to be passing before my eyes. Learning of Doan's Kidney Pills, I got a supply from the Corner Drug Store and they corrected these ailments. I used about three boxes in all and haven't noticed any return of the ailments to amount to anything since. Others in my family have also found Doan's Kidney Pills beneficial."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Arnold used. Foster-Milburn Co., Props., Buffalo, N. Y.

The Boy Who Saved Holland

You remember the story of the little Dutch boy whose courage and foresight saved his country. He spied a trickle of water on the side of the dike, where the sea had found an entrance. He knew that the hole would spread, the dike weaken, collapse, and bury the country under many feet of water.

Thrusting his hand and arm into the hole, he stopped the leak, staying at his post until found in the morning.

It was only a small leak, but it would have worked great havoc.

Just the stopping of a trickle of water saved the people of a country. Of course, all trifles are not so important as this, but they are always fraught with possibilities.

Poor lubricating doesn't mean that the plant will be lost, but it may mean the stoppage of the unit at the most inconvenient time.

See that your plant is lubricated with Texaco lubricants. You can depend on Texaco. It lubricates all the time, saves bearing wear, saves work, saves power.

Many Hogs

Mr. R. G. Landess was in our office Wednesday. He reported that many farmers had thirty to forty tons of milo maize, and that the country was full of hogs. He said there was going to be a problem about marketing the hogs.

Haskell County Crop Valuation Figures Given

Judge P. D. Sanders, who is interested in the movement to have Texas feed itself, has made some investigation as to what the people of Haskell County did last year along this line, and learned that there was produced in the County last year 55,000 bales of cotton, which is 3 4-10 bales to each inhabitant, or 4 bales for each farm inhabitant.

The value of farm products sold and shipped from the county last year was as follows:

Cotton and Cotton Seed	\$2,375,000
Wheat	175,000
Oats	29,000
Maize and Feterita	84,000
Turkeys	20,750
Chickens	19,500
Eggs	42,000
Cream	5,600
Total	\$2,750,000

This equals \$170 for each inhabitant of the County, and this estimate is conservative, and if incorrect is too low rather than too high; it does not include the value of horses, mules, cattle and hogs nor garden products, nor forage and supplies in the hands of the farmer and people for home consumption, which is more than will be needed before this year's crop comes in.

The indications are that there will be a large increase this year in the number of hogs, turkeys and chickens and the amount of grain and other feed stuffs and garden products raised.

The prospect now for crops are as good as could be asked for, and that Haskell County will feed itself and have a large surplus to spare appears to be assured.

Notice of Sheriff's Sale

The State of Texas, County of Haskell. Whereas by virtue of an execution and order of sale issued out of the District Court of Haskell County Texas, on a judgment rendered in said court on the 24th day of November A. D. 1914 in favor of Higginbotham-Harris and Company, a firm composed of J. W. Higginbotham, J. H. Higginbotham, W. W. Eldred and others, and against J. F. Partain, No. 1886 on the docket of said court, I did, on the 25th day of June A. D. 1915 at 4 o'clock p. m. levy upon the following described tract and parcel of land situated in the County of Haskell, State of Texas, belonging to the said J. F. Partain, to-wit: Lot number five in Block Number eight in the May Addition to the town of Rule, Texas. And on the 25th day of July A. D. 1915, being the first Tuesday in said month, between the hours of ten o'clock a. m. and 4 o'clock p. m., on said day, at the court house door of said county I will offer for sale and sell at public auction, for cash all the right title and interest of the said J. F. Partain in and to said property. Dated at Haskell, Texas, this 25th day of June A. D. 1915. W. C. ALLEN, Sheriff of Haskell County, Texas.

"The Love Liar"

"The Love Liar" was the title of the "Who Pays?" series of photoplays for this week. That this was a fine production is needless for us to say, for all who have been going to this famous series of screen dramas are unanimous in their verdict as to the quality of the productions. It looked for a time Wednesday afternoon as though the performance at the Airdome was to be rained out, and Manager Nolen had made preparations to have the night's bill at the house—Dick's Theatre. However, the clouds cleared, and the show went on, as usual, in the Airdome, with a good-sized and highly pleased audience.

The title of the "Who Pays" series for next Wednesday night will be "Unto Herself Alone." Mr. Nolen announces some Mutual Masterpicture features for next week at the Airdome, that will be exceptionally good.

Greatly Benefitted by Chamberlain's Tablets

"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and, the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Slife, Wabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere.

Fine Irish Potatoes

That the best grade Irish potatoes can be raised here has been fully demonstrated by Mrs. P. R. Crane. Mrs. Crane last week exhibited a large bucket of potatoes at the Free Press office which she had raised on her place near the oil mill. They were extra fine specimens, and the yield was good.

Restored to Good Health

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

Notice to Farmers

I am in the market to buy wheat and oats; also have threshing coal for you.

Bilious Attacks

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter Obtainable everywhere.

Hog Cholera

We heard that hog cholera had broken out at Knox city, and that Mel Lowry had lost a hundred head. The west has always been immune from the hog cholera, and we hope the disease can be checked and not become common in this section.

Improvements Being Made in Phone Service

Manger Combs, of the Haskell Telephone Company, in conversation with a Free Press representative Wednesday morning, outlined some of the improvements that are soon to take place in the telephone service of this city. Among the many improvements under contemplation are some features that will greatly add to the general efficiency of the service.

Effective Friday of this week, as one improvement, there will be a chief operator in charge of the switchboard, who will have control, and whose duty it will be to see that the service is kept up to a high standard of efficiency. Effective the same day, there will also be an information operator on duty, which will make for the convenience of the patrons. Mr. Combs announces that under the new rules of the company that there will be a full quota of operators on duty at all times, which will facilitate the service, eliminating some of the waits that have in time past been the rule.

There are many other changes and improvements to be made, too numerous to mention here, and Mr. Combs says it will be his most earnest effort and desire to improve the service to where it will be the equal of any exchange. With the new directories that will soon be off the press, matters will be improved, in that all subscribers will have a book and must call by number. When calls are made by number it facilitates the speed of same, as in this case the operators do not have to wait to look up a number before making connections.

A Medicine Chest for 25c

In this chest you have an excellent remedy for Toothache, Bruises, Sprains, Stiff Neck, Backache, Neuralgia, Rheumatism and for most emergencies. One 25c bottle of Sloan's does all this—because these ailments are symptoms not diseases, and are caused by congestion and inflammation. If you doubt, ask those who use Sloan's Liniment, or better still, buy a 25c bottle and prove it. Sold by all druggists.

THE CLUB LADIES' MEETING.

Last Thursday the Senior Editor accepted the invitation of Mrs. W. H. Murchison, the president, to attend a meeting of the Magazine Club, at their Club Room in this city. We confess that we were surprised by the comfortable atmosphere that prevailed to make a timid country visitor feel at home in an assembly of beautiful and cultured ladies. We listened intently to the many talks made by the ladies, and during the entire evening, felt the exhilarating elation of the intellectual treat the occasion provided. The fact is, we seemed to gain inspiration from the high ideals inculcated and when we were called on to address the assembly, we were not afraid, but responded, with a sense of pride and expression of appreciation of the effort of American Womanhood in the club movement.

Old Man Summer, although a little late, has arrived and in good trim, and is now on the job with plenty of vim.

This west Texas breeze at night is great. We would prescribe it to any one suffering from hot nights in other parts of the world.

With apologies to an old and well-known phrase, we arise to remark: "Now is the time for more good men and capital to come to the Haskell country."

Are you boosting your home town? Now is a propitious time for boosting our country, with the bountiful crops and good times that loom up ahead.

The Haskell County Summer Normal this year is having a very successful session, we are pleased to note. This is a worthy institution, and should and is, receiving the co-operation of our people in general.

THE PRESS CONVENTION.

The Texas Press Association meeting at Corpus Christi is now a matter of history, but history that will ever be a pleasant memory to the many newspaper men who attended. Corpus Christi has again lived up to her reputation as a great convention city and entertained the editors in a manner that will redound to her good, as she will derive much advertising from the editors, who will write many columns about Corpus Christi, her resources, etc., no doubt.

We were not present in body at this notable press meet, but we were there in spirit. There are some things we would like to know about this meeting, one of which is: Did Joe Taylor act as a life-guard, and did Bre'r Lowery have his jug of buttermilk with him? Another thing, we would like to know is, just how Editor J. W. Stayton managed the distribution of merriments among the scribes without getting in bad with wives of said scribes? El Paso gets the next meeting of the Texas Press Association, and it is safe to say that this will also be a great meeting.

We acknowledge receipt of a copy of the Gustine Gazette with the name of Jas. A. Greer at the mast-head. The Gazette is a neat appearing, well-gotten up paper, and we predict and wish success to its new editor and publisher.

The Throckmorton County News comes out with the remark that while many towns have been inconvenienced to a great extent on account of bad train service, incident to the recent floods and high waters, that Throckmorton has not been worried along that line. "There's a reason."

With the European conflict and other interesting matters before the notice of the American public, the Mexican situation, with its Huertas, Carranzas, Villas, et al., seems to have been relegated to the rear; at least, in so far as first page reading matter in the big dailies is concerned.

Wichita Falls has undergone severe losses by reason of the recent flood that submerged parts of that beautiful city. However, Wichita Falls is a resourceful city, composed of an energetic, ever-hustling and boosting populace, and it is our prediction that she will rise from the serious situation recently faced wholly unscathed.

THE FARMER; NOT THE FARM

Leisure and pleasure are great factors in happiness. Farmers who plan wisely and work methodically, usually find more leisure for recreation and community advancement. Pleasure is personal; it is not dependent upon wealth nor health, but upon those who have a keen appreciation of all things they attain.

The wealthiest persons may be the most unhappy; the most successful business men may be worried in mind and cast down in spirits. Money and what it brings may bring pleasure and it may bring discontent and restlessness. Wealth is, in fact, not necessary for contentment and happiness.

Hope and aspirations mean much to those who enjoys life; these are factors for optimism, confidence and courage. "Hope," we are told, "is an anchor, both sure and steadfast." Confidence insures courage, revives hope and brings self control.

Pleasure is stimulated by pure motives, high aspirations, neighborly kindness, and a clear conscience.

Experience hastens pleasure; labor challenges it; honor, respect and love retain it.

The farm does not bring pleasure, but those who live on farms may find pleasure, contentment and happiness. These depend upon the farmer, not the farm. —Farm and Ranch

This promises to be one of the most prosperous years within the history of this country, and we will overlook a most inviting opportunity should we fail to make a big step in "city building." Now is the time to consider these things.—Texas Spur.

Well said, Ed. McClure, and we will add that the same is applicable to Haskell.

That the Southwest is adapted to other crops as well as cotton is shown by the facts this year. Those who urge the one-crop method upon the assumption that we can not produce other crops should find other arguments. It now looks like crops of all kinds will be fine. The million farmers save in feed and food crops this year will go along way in making better times.—Farm and Ranch

Oratorical Contest at Plainview

Many inquiries are coming to our office as to this year's Oratorical Contests and in view of changes made necessary and deemed advisable, the following is submitted as the final.

Instead of giving watches, books, medals etc., and confining the contests to the schools, and with preliminary contests as before, I am giving \$150.00 cash as first prizes in two contests this year and the churches and interested parties throughout the state are expected to furnish second and third prizes. Any and all are eligible to each of these contests, regardless of age, sex or location. The \$150 is to be given as follows:

1st. \$50 for the best oration on "Prohibition" (limited to twenty minutes.)

2nd. \$50 for the best oration on "Woman's Mission" (limited to twenty minutes.) Each to be graded 50 per cent on composition and 50 per cent on delivery.

3rd. \$25 dollars in cash for the best oration judged solely on composition and thought on each of the above subjects. No manuscript entered in class one and two is eligible for entry in this class.

4th. Judges to be selected by contestants under direction of Dr. A. S. Barton, State Superintendent, Anti-Saloon League, Dallas, Texas.

5th. These orations later will be grouped and put in book form for sale, the proceeds to be donated to the Anti-Saloon League of

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Met Monday evening with a large attendance, in a Missionary and prayer service. Mrs. B. M. Whiteker was our able guide. After a song by the workers was a prayer by Mrs. Paxton. The talks on different phases of the work by Miss Davis, Mrs. Reynolds and Mrs. Kline were specially interesting and enjoyed by all.

Mrs. Werther Long and D. Scott delighted us with a vocal solo. We will never have too much song. A number asked for special prayers for friends, and this was granted in a sentence prayer from each lady present. Yes, it does us all good to work for our loving

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

Had Relatives Here

Mr. Jas. Manning, who died at Glendale, California, mention of which appeared in the Free Press last week, had relatives in Haskell, it develops. Mr. Manning was an uncle of Mrs. D. M. Winn of our city, and the first that Mrs. Winn knew of his demise was when she read the account in this paper. The notice of Mr. Manning's death was furnished the Free Press by relatives living in California. Mrs. Winn had not seen nor heard of this uncle for a number of years, and did not know his exact location, nor did he know, we presume, of his niece's place of residence. Hence Mrs. Winn's first information of the death was through the Free Press.

Fine Berries and Flowers

Mrs. M. A. Clifton, has demonstrated in a substantial way, what can be done with flowers and berries in this city. She sent to the Editorial home one day last week, some of fine black berries as we ever saw, and there was enough of them to give our family, a full bowl of the berries. She also sent a box of cut flowers from her flower beds. Among the flowers were to be found all the seasonable paetals, of every shade, of delicate color, scented with the most pleasing odors.

Trustee's Sale

Whereas, on January 16, 1908, C. H. Foote and wife conveyed to R. G. Patton, Trustee, 283½ acres of land in Haskell County, Texas (see Vol. 7, pp. 402-9, Haskell County Deed of Trust Records) in order to secure ten certain promissory notes Nos. 1-10 inclusive, each for \$200 payable January 1, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, and 1918, respectively, to the American Freehold-Land Mortgage Company, of London, Limited at Waco, Texas, and

Whereas on February 5, 1909, said Foote and wife sold 174½ acres out of said tract to J. H. and E. G. Stein, the latter assuming to pay 1 of the amount due on said ten notes; and

Whereas on April 9, 1910 said J. H. and E. G. Stein sold said 174½ acres to J. H. Novosad and Mrs. F. Chupik, present owners, the latter assuming to pay said 3-4 of the amount due on the said ten notes; and

Whereas on September 23, 1908 said Foote and wife sold 100 acres out of the said 283½ acre tract, being the remainder of said tract, to E. L. Adams, who assumed a payment of \$750 on the principal amount due on said ten notes hereinbefore set out; and

Whereas on November 21, 1908, said Adams and wife conveyed said 100 acres to E. G. Stein, who assumed the indebtedness set out in the preceding paragraph; and

Whereas on September 27, 1909, said E. G. Stein and wife conveyed said 100 acres to F. A. Terry, who assumed to pay the indebtedness due against said property; and

Whereas, F. A. Terry et al, conveyed the said property to Clyde F. Elkins, who in turn conveyed the same to W. D. Joiner, the present owner, so far as the undersigned is advised, both of said conveyances having been made subject to the indebtedness hereinafter shown; and

Whereas the above described notes Nos. 1, 2, 3, 4, and 5 were paid off in full, principal and interest by J. H. Novosad and Mrs. F. Chupik to The American Freehold-Land Mortgage Company of London, Limited, after which the remaining five notes were transferred and assigned by said Company to J. H. Novosad and J. F. Chupik, present holders thereof and there is now due upon them one-fourth of the indebtedness assumed by E. L. Adams on September 23, 1908, the sum of \$675 with interest thereon from January 1, 1909 at the rate of 9 per cent per annum and 10 per cent per annum on accrued interest, besides 10 per cent attorneys fees; and

Geo. McMillan Case Settled

The Geo. McMillan case was disposed of in District Court Monday. This was the second time that this case has been tried here, and was the fifth trial in all of McMillan. The verdict of the jury was manslaughter and punishment was assessed at three years in the penitentiary, and McMillan drew a suspended sentence. Former trials of this well known case resulted in three convictions and one hung jury. McMillan was charged by indictment with the killing of Oscar West at Knox City, and it is said that a political dispute led up to the tragedy, which took place several years ago.

Judge Reuben M. Ellerd, of Plainview, was here for this trial and he assisted the State in the

prosecution. It is understood that it was an agreed verdict, McMillan entering a plea of guilty and taking benefit of the suspended sentence law.

Mr. and Mrs. J. F. Jones and children of Rule, left via this city Monday, to visit the Panama Exhibition at San Francisco.

WHY SHOULD WOMEN VOTE?

WOMAN'S SUFFRAGE FROM THE VIEWPOINT OF LEADING FARMERS.

Why should women vote? That is the question that is ringing from ocean to ocean and reverberating from the Canadian boundary to the Mexican border. It is the mission of a newspaper to give the news and the action of the Texas Farmers' Union in opposing woman's suffrage when that question was recently before the Texas legislature is significant as representing the attitude of the organized plowmen. We reproduce in part the argument presented by Hon. W. D. Lewis, president of the Texas Farmers' Union, in opposing the bill:

"It is gratifying to note that it is not the farmer's wife who is clamoring for the ballot. She is too busy trying to make happier homes, molding the minds of future citizens and sharing with her husband the cares of life to indulge in political gossip. The ballot will give her no relief from drudgery, give no assistance in clothing the children or bring to the home additional comforts, conveniences or opportunities in life. It is, as a rule, the city woman promoted to idleness by prosperity, who is leading the suffrage movement.

"From many standpoints, perhaps a woman has as much right to vote as a man. So has she as much right to plow as a man; she has as much right to work in a factory as a man; she has as much right to shoulder a musket as a man, but we would rather she would not do so from choice and we regret that necessity oftentimes compels her to earn a living by engaging in painful occupations. We do not consider misfortune a qualification for suffrage or a business accident a reason for granting franchise. We are opposed to woman at the ballot box the same as we are opposed to woman in the field, in the factory or in the army and for the self-same reasons. We had rather see her plant flowers than sow wheat; gather bouquets than pick cotton and rear children than raise political issues, although she may have as much right to do one as the other.

Opposed to Unsexing Humanity.

"Sex qualification for suffrage may have its apparent inconsistencies. No general rule adjusts itself perfectly to all conditions. It is a favorite argument advanced by the proponents of woman's suffrage that many cultivated and noble women are far more capable of intelligently exercising sovereignty than a worthless negro, but the South never was anxious for negro suffrage, and while culture and refinement, and even morality, are desirable virtues, they are not the only qualifications for franchise.

"The primary, inherent and inseparable fitness for suffrage is supporting a family. The plow handle, the forge and the struggle for bread afford experience necessary to properly mark the ballot. Government is a great big business and civilization from the very beginning assigned woman the home and man the business affairs of life.

"There has been much freakish legislation enacted during the past decade that no doubt appeals to woman's love for the ridiculous, but to undertake to unsex the human race by law is the height of legislative folly and a tragedy to mankind.

"We are opposed to the equal rights of woman—we want her to ever remain our superior. We consider woman's desire to seek man's level the yellow peril of Twentieth Century civilization.

"Woman is the medium through which angels whisper their messages to mankind; it is her hand that plants thoughts in the intellectual vineyard; it is through her heart that hope, love and sympathy overflow and bless mankind. Christ—the liberator of woman-kind—was satisfied to teach the lessons of life and He was a man. He chose to rule over human hearts and refused worldly power and men followed after Him, women washed His feet, little children climbed upon His knees and the Ruler of the universe said that in Him He was well pleased. Can woman find a higher calling?"

THEMISTOCLES

When Themistocles was asked by his host at a dinner party to entertain the guests by playing the lute, he replied that he could not play the fiddle, but that he could make a small town a great city. We have in this nation many politicians who are good "fiddlers," but they cannot make a small town a great city. We are over-run with orators who can play upon the passions of the people, but they can't put brick and mortar together. We need builders.

Let those who hunger and thirst for power understand that the highest glory of a statesman is to construct, and that it is better for a man that he should build a public highway than that he should become Governor of a state, and that he start a plow than that he become the author of a law. The true test of statesmanship is the plow and the hammer, so let those who would govern, first build.

FREE PORTS BUILDERS OF COMMERCE

CONGRESS SHOULD GIVE THEM PREFERENCE IN APPROPRIATIONS.

By Peter Radford.

This nation is now entering upon an era of marine development. The wreckage of European commerce has drifted to our shores and the world war is making unprecedented demands for the products of farm and factory. In transportation facilities on land we lead the world but our port facilities are inadequate, and our flag is seldom seen in foreign ports. If our government would only divert the energy we have displayed in conquering the railroads to mastering the commerce of the sea, a foreign bottom would be unknown on the ocean's highways.

This article will be confined to a discussion of our ports for the products of the farm must pass over our wharfs before reaching the water. We have in this nation 51 ports, of which 41 are on the Atlantic and 10 are on the Pacific Coast. The Sixty-second Congress appropriated over \$10,000,000 for improving our Rivers and Harbors and private enterprise levies a toll of approximately \$50,000,000 annually in wharfage and charges for which no tangible service is rendered. The latter item should be lifted off the backs of the farmer of this nation and this can be done by Congress directing its appropriations to ports that are free where vessels can tie up to a wharf and discharge her cargo free of any fee or charge.

A free port is progress. It takes out the unnecessary link in the chain of transactions in commerce which has for centuries laid a heavy hand upon commerce. No movement is so heavily laden with results or will more widely and equally distribute its benefits as that of a free port and none can be more easily and effectively secured.

THE VITAL PROBLEM OF AGRICULTURE

By Peter Radford.

There is no escaping the market problem and the highest development of agriculture will not be attained until it is solved, for a market is as necessary for the producer as land on which to grow his crop. Governmental and educational institutions have spent \$180,000,000 in the United States during the past ten years for improving soil production and improving seeds and plants, but very little attention and less money has been given to the marketing side of agriculture.

The problem is a monumental one and one which will never be solved until it gets within the grasp of a gigantic organization where master minds can concentrate the combined experience and wisdom of the age upon it. It is a problem which the farmers, merchants, bankers, editors and statesmen must unite in solving.

The Farmers' Union stands for all there is in farming from the most scientific methods of seed selection to the most systematic and profitable plans of marketing, but does not believe in promoting one to the neglect of the other. We consider the work of farm demonstrators valuable and we ask that governmental and commercial agencies seeking to help us, continue to give us their assistance and advice, but we believe that their influence should be extended to the marketing side of our farm problems also.

We cannot hope to develop manufacturing by over-production of the factory; we cannot build up mercantile enterprises by the merchants loading their shelves with surplus goods and no more can we develop agriculture by glutting the market with a surplus of products.

DARIUS

The neigh of a horse made Darius King of Persia, the six contending powers for the throne agreeing among themselves that the one whose horse should neigh first should possess the kingdom. This ancient method of settling disputes among politicians could be revived with profit today. If our partisan factions and petty politicians could only settle their disputes by the neigh of a horse, the bark of a dog or the bray of a donkey, it would be a great blessing and would give our citizens a better opportunity to pursue the vocations of industry free from political strife.

Let those who pick political plums by raising rows and who flash swords dripping in the blood of industry understand that they cannot turn the public forum into a political arena and by a clash of personal aspirations still the hammer and stop the plow and that their quarrels must be settled in the back alleys of civilization.

At the Photoplay Airdome

The Photoplay Airdome has had on many good programs since last week. In fact, all the pictures at this popular houses have been good all the week. On last Saturday there was an extra long program, with some very clever comedy reels, which were very entertaining to the large Saturday night audience. The Keystone comedy Saturday night was a veritable scream, the title being "Droppington's Devilish Deeds." Perhaps the climax of good productions was reached on Tuesday night, at which time was presented "The Outcast." This was one of the Master Picture features and was a high class production, being well received by the audience. In this attraction May Marsh and Robert Harron, in the leads, and F.A. Lewis, as the Judge are deserving of special mention for their splendid work.

Such features as "The Outcast" and other Mutual Master pictures, which Mr. Nolen has booked for his playhouse, are evidence of the fact that he is exerting every energy to please his patrons. "Our Passion is Pleasing People" is the chief slogan of the Photoplay Airdome, and that the house is living up to the slogan will be attested by any of the patrons.

LIV-VER-LAX

All the Effectiveness, Not the Effect, of Calomel.

LIV-VER-LAX is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his LIV-VER-LAX.

LIV-VER-LAX is a harmless vegetable compound, designed solely for the treatment of liver complaints. The immediate favor it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, tongue coated and skin sallow, don't delay until it becomes dangerous, nip the trouble in the bud with LIV-VER-LAX. Insist on the genuine, bearing the signature and likeness of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Corne Drug Store.

MILLIONS THROINGING TO THE GREAT PANAMA-PACIFIC INTERNATIONAL EXPOSITION

Now Is the Time to Visit America's Huge Panama Canal Celebration at San Francisco; Be There When the Liberty Bell Arrives, July 16th; Marvelous Exhibits From All Corners of the Globe on Display.

MINIATURE BATTLESHIP BLOWN UP AND MINE EXPLOSION INTERESTING FEATURES IN TWO EXHIBITION PALACES

Amazing Voice Amplifier and Other Wonders of the World's Progress at the Great Panama-Pacific Canal Celebration—This Year the Year of All Years to Take Marvel Journey to the Pacific Coast.

FROM every part of the world visitors are thronging to the great Exposition at San Francisco. The Exposition there is the most comprehensive and interesting of all universal exhibitions, and it will probably be the last to be held within the present generation. Now is the time to see it.

The Panama-Pacific International Exposition, which opened on Feb. 20 last, has charmed the millions who have already beheld the magic city by the Golden Gate.

The marvels of the universe are displayed in the vast exhibit palaces, affording the most comprehensive summary of the world's progress ever disclosed. Many of the exhibits are as revolutionary in their character and mean as much to future generations as did the locomotive or telegraph when it was first introduced. The Audion amplifier, for example, makes it possible for a man in New York city to deliver an address through the telephone to a large audience in San Francisco, 3,000 miles away. Through the use of heat waves the intensity of the voice vibrations is increased to such an extent that, although the orator may deliver his address in a low voice into the telephone in New York, in San Francisco it is possible to increase the sound in volume sufficient to fill a large hall. On the other hand, the New York speaker's address may be distributed through telephonic receiving disks attached to each chair in the hall in San Francisco. In one of the exhibit palaces visitors may, without charge, hear a man in New York read from the headlines of the New York newspaper.

This performance begins in the Palace of Liberal Arts each day at 3 o'clock. The amazing voice amplifier is but one of many revolutionary scientific advances demonstrated at the Exposition. The invention has made possible the trans-continental telephone, and the principle which it is applied has not been developed to its fullest extent. It is said that with the probable development of the long distance wireless telephone this new invention will make it possible to project the human voice halfway around the globe without the use of a telephone wire. Contrast the era sixty-five years ago, when the pioneer required months to cross the plains, with that of today, when the orator in New York may address his audience in San Francisco.

And there are many other developments as wonderful and as revolutionary, all revealing the trend of the world's progress in the arts, sciences and industries. If you are interested in mining, for example, beneath the floor of the vast Palace of Mines you may find a mine in operation, with its stoves and tunnels and shafts and compressed air drills. Wait a moment and you may witness an explosion in the mine. A gong rings; an ambulance dashes up with a corps of rescuers provided with respiratory apparatus, and effects a rescue.

In the Palace of Machinery you may see a miniature battleship blown up by a miniature mine patterned after one of the latest types of the submarine mine. In the Palace of Education you will see classes of students engaged in their studies, and perhaps you may be

able to see Mme. Montessori, the celebrated Italian teacher, instructing classes of children. A great purpose of the Exposition is to show not only results and finished products, but the methods, processes and principles by which results are achieved. In the exhibit palaces and state buildings motion pictures are freely employed with this object in view. There are forty-three free cinematograph shows upon the Exposition grounds, and, by the way, there is no charge to enter the exhibit palaces. Once you have entered the Exposition grounds all the displays of the states and nations are spread before you. In the great Australian Pavilion and in the Palace of Manufactures gem cutters are to be seen at work, while exhibitions of a model postoffice in full operation, of a model laundry, of a paint manufacturing machine, of a broom manufacturing operation, of an automobile manufacturing plant, with an almost endless succession of other operating machines, illustrate the advance in industrial processes. Man is becoming more and more a master of the machine, with the electrical current as the intermediary to lighten the burden of personal supervision.

If you are interested in what the foreign nations have accomplished you have only to visit the marvelous displays of the European countries or of those of the Orient or South America, Canada or Australia. Among the French displays you may, if you wish, behold priceless works of art never before exhibited in America and which at the Exposition find sanctuary from the ravages of war.

ALL AMERICA ON EXHIBITION THIS YEAR; RAILROADS GRANT LOW ROUND TRIP RATES TO SEE UNIVERSE'S MARVELS

Privileges of Routing Never Before Offered—Hotel Rates Average Less Than Those of Other Great Cities and 125,000 Rooms Available in Hotels and Apartment Houses in San Francisco.

THERE is something helpful and inspiring for every one at the Exposition. Said Vice President Marshall recently: "Whoever can, even at a sacrifice of something which for the moment appears necessary, should come to see a real work of art never equaled, even by a mirage. If there be any one in America with a thirst for knowledge and for beauty and a longing for a liberal education, such a one can obtain it here."

"This is the university of the world. It has a chair fully endowed to meet the wants and needs of each. The eye, the ear, the mind, the heart, the soul, each may have its horizon here enlarged. I came to bear a message. I remain to become a student. I leave the feet of this Gamaliel of all exhibitions with regret." And Miss Helen Keller, who, as all know, is both blind and deaf, having acquired the faculty of speech, although she has never heard any one speak, said of her visit to the Exposition that it was the most inspiring period of her life. Said Dr. Frederick J. V. Skiff: "Here the world is shown in epitome. The visitor from whatever realm here enters into his native land."

Apart from its costly and comprehensive displays, the great Exposition is an inspiration in itself. In its architectural beauty the Panama-Pacific International Exposition surpasses any of its predecessors. At night the great Tower of Jewels stands out satin-white, sparkling with a thousand changing colors, as batteries of searchlights play upon this pyramidal monument, the loftiest structure at the Exposition and as tall as the average thirty-five story city block. The coloring of the Exposition, the decorative lighting at night, the sculpture and the landscaping are all the work of foremost men in their respective fields.

At this writing the great Exposition is under full swing, and if you have not already made plans to see it early you should do so at once. Now is the time to visit the Exposition and the great Pacific coast region and, in so doing, to take advantage of the opportunity to make the most wonderful journey in the world in the most wonderful country on earth, the United States of America, under more favorable conditions of routing and travel than have ever prevailed before. The railroads are reducing rates from every part of America, and the low round trip rates will enable the visitor to come by one route and return by another. Thus you see the same parts of the country but once, and both your going and returning journeys are new and distinct travel trips.

Hot weather is unknown in San Francisco. Although flowers bloom the year round, it is as cool in summer as in winter, the average temperature being about 60 degrees. When you reach San Francisco you will, of course, wish to find accommodations without unnecessary delay, and while you will find some accommodations necessarily much more expensive than others, you will be able to secure a room at a dollar a day and up. Indeed, one can find all sorts of rooms in the great city of San Francisco, which in reality is a much greater center than the census would indicate, since, with its neighboring cities around San Francisco bay, it forms

a group of cities with a population of almost 1,000,000 persons. Hotel rates in San Francisco are no more than they are in any other great city in the United States. As a help to visitors the Exposition maintains the Exposition Hotel Bureau, an official activity which is conducted with the co-operation and assistance of a committee of representative hotel men of San Francisco, Oakland and Berkeley. This Hotel Bureau has no purpose other than to serve the public. It is not a profit making institution. If you want full particulars as to accommodations address the Official Exposition Hotel Bureau, Flannery Building, Market and Kearny streets, San Francisco. In writing, it would be well to state how many there are in your party and how long you desire to stay.

There are accommodations for all in the great city by the Golden Gate, and one need only glance through the classified columns of the San Francisco papers to find how great is the variety of the accommodations offered, while a ride through the rebuilt city will show hundreds and hundreds of hotels and apartment houses, all constructed within the past eight years.

So do not fail to see the Exposition early. The journey there is a journey through the most interesting country in the world, and when you have reached the Exposition you will find the whole world spread out before you. The greatest geniuses of the age and the greatest nations of the world have contributed the earth's supreme achievements, and a visit to the Exposition is not only an education, but an inspiration.

Exposition Safeguards Visitors Against High Prices and Petty Extortion

The Official Exposition Hotel Bureau will without charge give all information as to hotels, apartment houses and living charges. Secure accommodations in advance or provide them on arrival for parties of any number at any price desired from \$1 a day upward in good, modern hotels with every known convenience.

The Exposition Hotel Bureau is an official activity of the Panama-Pacific International Exposition, but is conducted with the co-operation and assistance of a committee of representative hotel men of San Francisco, Oakland and Berkeley.

The bureau can be of more direct assistance to you and others who intend visiting the Exposition if you will indicate:

- First.—Whether you desire hotel or apartment house accommodations.
- Second.—If hotel, whether European or American plan.
- Third.—When you will arrive.
- Fourth.—Probable length of stay.
- Fifth.—The number in your party.
- Sixth.—The maximum rate you will pay

With this information the bureau will furnish the names of a number of hotels, rooming or apartment houses meeting your requirements, and from this list you can make a better selection.

Address the Official Exposition Hotel Bureau, Flannery Building, San Francisco, Cal.

HIGHER THAN FERRIS WHEEL

Marvelous Aeroscope at the Panama-Pacific International Exposition, San Francisco, Raises Amazed Visitors 264 Feet

FOR the seeker of amusement there is opportunity a-plenty in the great mechanical achievement, the aeroscope, on the Zone, Panama-Pacific International Exposition, San Francisco. The aeroscope is built on the order of a giant crane of a novel and intricate design, with a seating capacity of 100 and standing room for twenty more. The car is perfectly balanced, and perfect safety and a jarless ride of ten minutes are assured to passengers who enjoy this trip of 264 feet into the clouds. This is four feet higher than the Ferris wheel. Two motors control the ascent and descent in conjunction with the counterbalance of this huge car, and when it reaches its extreme height it begins to swing slowly around on the series of wheels at its base, giving the passenger a view of the surrounding country from every point.

Public Installation of Officers in the Masonic Lodge, Big Fireworks at night, Baseball, Games, Sports and Races of all kinds for prizes. Amusements of all kinds on the ground all the time. The very best of Band and Orchestra Music, and we guarantee you a good lively time for both the two days and nights. Come to Seymour Sunday July 4th and be ready to have two days of the best time you ever had in your life. Persons wanting concessions, write to A. J. Cooper, Mgr. Band, Seymour, Tex.

RIDER AGENTS WANTED

IN EACH TOWN and district to ride and exhibit a sample Latest Model "Hedgehorn" bicycle furnished by us. Our Rider Agents everywhere are making money fast. Write for full particulars and special offer at once.

NO MONEY REQUIRED until you receive and approve your bicycle. We ship to anyone anywhere in the U. S. without a cent deposit in advance, prepaid freight, and allow **TEN DAYS' FREE TRIAL**, during which time you may ride the bicycle and put it to any test you wish. If you are then not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and you will not be out one cent.

We furnish the highest grade bicycles at **FACTORY PRICES** possible to make at one small profit above actual factory cost. You save \$10 to \$25 middlemen's profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. **DO NOT BUY** a bicycle or a pair of tires from anyone at any price until you receive our catalogues and learn our unheard-of factory prices and remarkable special offers.

YOU WILL BE ASTONISHED when you receive our beautiful catalogues and see the wonderful low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with \$1.00 profit above factory cost. **BIKES & BRAKES.** You can sell our latest model your own name plate at double our price. Orders filled the day received.

SECOND HAND BICYCLES. We do not regularly handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clean and retread at prices ranging from \$3 to \$6 or \$10. Descriptive literature lists mailed free.

COASTER BRAKES, and equipment of all kinds at half the regular retail price.

\$10.00 Hedgehorn Puncture-Proof \$4.80
Self-healing Tires A SAMPLE PAIR TO INTRODUCE, ONLY

The regular retail price of these tires is \$10.00 per pair, but to introduce them we will sell you a sample pair for \$4.80 each with order.

NO MORE TROUBLE FROM PUNCTURES
Nails, Tacks or Glass will not let the air out. A hundred thousand pairs sold last year. Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing air to escape. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of specially prepared fabric on the tread. The regular price of these tires is \$10.00 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter received. We will ship C. O. D. on approval. You do not need to pay a cent until you examine and find them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at **OUR** expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you wish to buy more tires you will give us your order. We want you to send us a trial order at once, hence this remarkable low offer.

IF YOU NEED TIRES don't buy any kind at any price until you send for a pair of Hedgehorn Puncture-Proof tires on approval and trial at the special introductory price quoted above; or write for our big Tire and Rubber Catalogue which describes and quotes all makes and kinds of tires and bicycle equipment and sundries at about half the usual prices.

DO NOT WAIT for tires from anyone until you know the new and wonderful offers we are making. It costs only a penny to have everything written to us.
