It's All Reruns

Who is old enough to recall when we had a rerun season on television? You know what I'm talking about. In the fall and through winter and spring every week there were new shows. Then, during the summer months there were reruns.

Not so now. To begin with, the people in charge have decided that production costs on shows are so high that they are making about 19 new shows a year...that's all. In the past there were 30 new shows per year. That leaves more time for reruns, lots more time.

So... What do we get? Two or three new episodes, and then reruns.

Several shows right now are advertising "all new episodes for the whole month of February!" Wow, four new episodes in a row!

I'm not much of a television watcher, but I am a fan of the Law and Order series, and it's frustrating that no more chance than I get to see them, I am probably going to be watching a show I've seen before, even if it's been weeks since I watched the shows!

Instead of seeing a show twice a year, the opportunity is there to see them three times. And that, for me, is too much.

In addition, there is no telling when a new episode will air. It can happen at any time of the year. Of course, it will be highly hyped, so there isn't any excuse for missing it...anyone should be able to have enough notice to clear their calendar in plenty of time.

If I were a dedicated fan of television I would be thoroughly disgusted and offended.

I suspect most TV fans are pretty tired of seeing the same shows over and over.

Of course, the good thing about it is that there are so many channels that we can switch over to another show if we've seen this one too many times.

Unfortunately, there never seems to be much opposite a "big" show to switch to!

Oh, well, the less TV there is to watch, the more productive we should be...or at least that sounds like a great idea!

Due to the overwhelming request, the Bogata Community Choir is performing a third gospel concert. The concert will be held at Rivercrest Auditorium at 7 p.m. on Saturday, March 30. All benefits from the concert will be given to the Bogata Lions Club. The Lions Club is an organization that gives back to their hometown, the members work with such efficiency to better the community in helping making our area a better place to live. Just as they have done in their last two performances, there will be no charge for the concert. Free will donations of cash or eyeglasses will be accepted for the Lions Club.

The Bogata Community Choir was organized in October, 2000 by the James Wood family. Their first performance benefited the Bogata Public Library and last April the concert benefited the Bogata Ministerial Alliance.

Everyone is asked to show appreciation to the choir and especially to the Bogata Lions Club and join in for an entertaining evening of southern gospel songs. Choir director, Tim Wood, is assembling some of the most requested numbers that have been done by the choir in their past two concerts and has tabbed the March 30 event the "Greatest Hits" of the Bogata Community Choir.

Dr. Gary VanDeaver

Dr. Gary VanDeaver receives scholarship from LUSA

Dr. Gary VanDeaver, Superintendent at Rivercrest ISD, has been chosen as one of twenty-nine superintendents in Texas to receive a scholarship to participate in the Lamar University Superintendent Academy, an advanced leadership training program on Lamar's Beaumont campus. Funded by a grant from the Texas Education Agency, the Academy provides senior level executive training for superintendents recognized as leaders among their peers. The scholarship pays all tuition, fees, training costs, materials and out-of-state travel associated with the Academy.

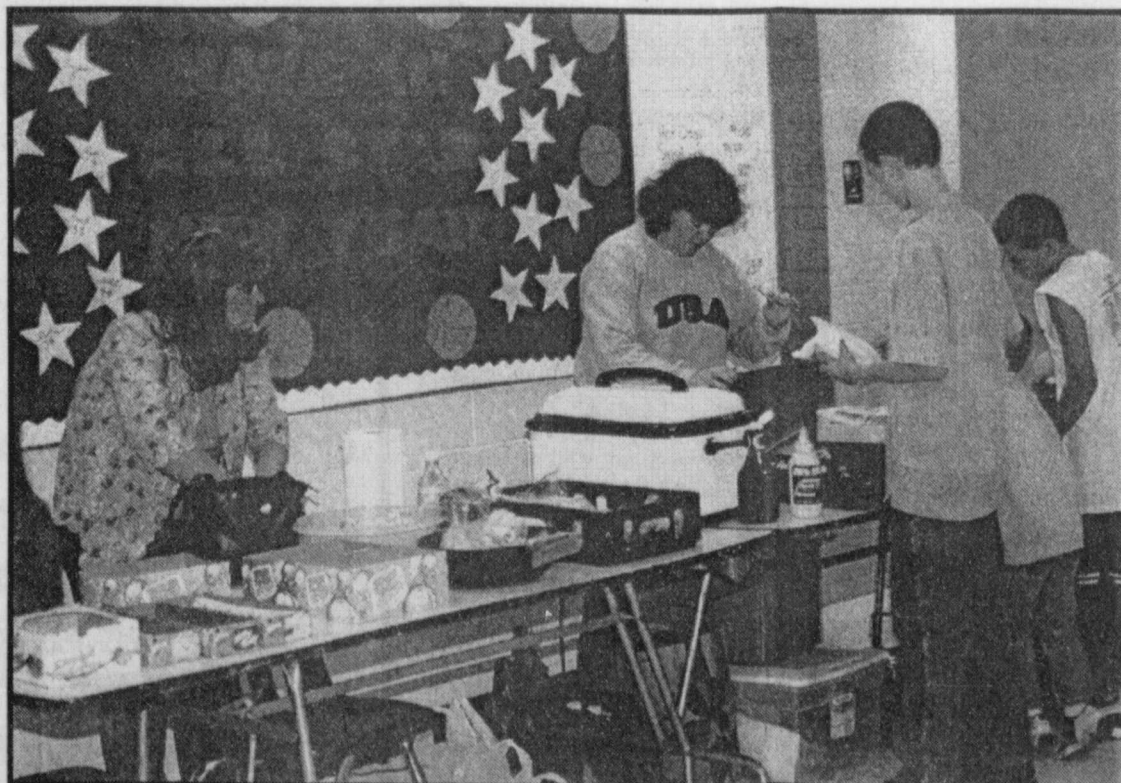

According to its Executive Director, Dr. Bob Thompson, participation in the Academy is by invitation only. The twenty-nine superintendents were chosen from a list of approximately one-hundred nominees from throughout Texas. To be selected is an honor not only to the superintendent, Thompson said, but also to his or her board and district. Without the support of forward-looking boards, and a quality district, no superintendent could have achieved the level of success and recognition necessary to be nominated and selected to the Academy.

At the Academy, VanDeaver will review the latest technology for enhancing student learning, participate in advanced leadership training from some of the nation's foremost trainers of company executives, and get experience in the Decision Support Cen-

ter, a high tech laboratory for improving the speed and quality of management decision making. Also as a part of the Academy, the superintendents will be taken on a field trip to gather more information on ways to develop more effective schools. VanDeaver will also have the opportunity to work with superintendents from other exemplary districts and to review practices that have helped make those districts successful.

Thompson says the knowledge superintendents glean from work in the Academy is immediately applicable to any district, regardless of size or location. To assist the districts in incorporating these management concepts, the Academy will host a three day summer conference for Academy superintendents and their boards where they will be led through joint leadership training and planning activities. They will also meet with boards and superintendents of similar sized districts to share ideas for increasing student achievement and developing a vision for the future.

The year-long Academy is designed to provide the most professional growth opportunities with the least amount of time away from the district. During the year superintendents meet on five different weekends at Lamar University. The schedule is planned so that half of the training will be on Saturdays or during the summer when school is not in session.

RIVERCREST-First grade class teachers, parents and friends worked a special consession stand at the Rivercrest Junior High Tournament held at RHS Saturday, January 26, 2002. The stand was special because its proceeds will go toward a memorial in honor of Mrs. Dianne Ross at the elementary school. Everyone who donated, worked and purchased items at the stand are appreciated. (Staff Photo Nancy Brown)

Dear Editor,
Election time is here again, and the mud slinging has already started. It's our duty as voters to judge a candidate on their qualifications and experience. Juvenile, personal vendetta's used to cloud the facts should have no place in a campaign.

Putting up anonymous letters all over Bogata shows a lack of courage, and is certainly an underhanded way of trying to ruin someone's reputation or election to office.

Everybody has his or her own opinion. In my opinion, smeat tactics are a pitiful excuse for expressing an opinion.

Lady Rebels travel to Chapel Hill

by Coach Debbie Williams

The Lady Rebels traveled to Chapel Hill and met up with the Lady Devils. This was a big game for us. We are striving for the playoffs and we knew this one would help pave the way. Rach, Molly, Jess, E and Charla hit the floor and were determined to start us off right and they did. We bothered them off our press and trap. The second quarter we continued to work hard on the boards and on defense. Our offense was getting good looks and we scored 12 points. Beers had some good minutes for the ladies in this quarter. Bratton did start to come alive in this quarter. 10 points of their 20 was hers. We checked this out and discussed the special defense to put on her, but, finished the first half with our 1/2 court zone defense. We went through minutes in the second quarter, especially at the end of the quarter where Chapel Hill was getting more than one opportunity to score and this hurt us. We know we HAVE to box out and rebound, this is a big key to this teams success. Half time score 33-23 Chapel Hill.

The third quarter we scored 17

points to their 16. They were running a special defense on Molly and then put one on Molly and Rachel. We knew then we had the opportunity to let Charla and Kryns, Beers, Jess, Danielle, E and T really look to score. They always know they should, but they were really going to be more open for especially the outside shot. Kryns did just what we knew we had to do, but her shots were not falling. Charla looked and hit 3 for us in the fourth quarter, and even with a special "D" on Molly, she continued to work her girl and got a good 3 for us in the 4th quarter. Danielle also came in the game with the shooters mentality and hit Jess played strong against C.H. She had some rebounds, which we must have. E also had a good game. The first quarter she was really going to the hole and drawing the fouls. She is one to do what her team needs for her to do to win. Rachel also had a good game with 14 points, she led her team in points, but Rachel is the type of player, she wants her team to win, whether she is high point or doesn't even score. She wants her team to be successful.

In the fourth quarter Chapel Hill was up and pulled the ball out of our zone. We had to go man and Bratton went to work. She is a strong player for Chapel Hill and she went to the hole. We fouled her and put her on the line. She is usually not a consistent free throw shooter, but, in the 4th quarter she was 12 of 16 from the charity line. T then went to work with her defense. She is a scrapper and is always ready to go to work. In the 4th quarter, the officials really missed a call and this fouled Molly out. They missed it all the way, she wasn't even in the area, but called it on #24 instead of #34. This call wasn't right for sure, but we continued playing hard to the end and as we told the players after the game, with this determination and desire to win, the rest of our games, 3 left, which are most for us to be able to reach our goal, will be there.

This group of ladies are showing the heart it takes to be a winner. Without the heart, the desire, do you even deserve it??? This group of ladies are beginning to show the desire it takes and are competing to win.

New baseball league formed

The Avery, Bogata, Clarksville, Detroit and Talco boys baseball teams which make up the Red River Valley Dixie Boys League recently voted to disband with Detroit staying in the Dixie League and the other teams choosing to join Texas Teenage League.

On Monday, January 28, 2002 representatives from Avery, Bogata, Clarksville and Talco met at Clarksville at 7:00 p.m. to form the Red River Baseball League. The group discussed and chose various options for the league.

Executive Board members were elected with one from each town chosen. They are: Kevin Gray from Avery; Richard Webster from Clarksville and Brian Hodge from Talco. Bogata will choose their representative at their first hometown meeting. Team coaches will be included as board members and will be

allowed a vote on disputes and other various issues.

The Texas Teenage State Officer was at the meeting to guide the group on the set up of the league. He also informed the group of District playoff dates and other important information. He urged the group to schedule no games during TAAS or other important school functions.

The group voted to hold end of the season tournaments using the rotation system yearly. This year Avery will host the 7-8 boys tournament, Bogata the 9-10 boys and Clarksville the 11-12 boys with Talco working in next year unless Avery cannot host this year.

The Executive Board will meet in February following individual town sign-ups which must be done before March 1, 2002. The meeting adjourned at 9:18 p.m.

Six week newsletter to be sent

Rivercrest Junior High Principal, Kelly Stansell, reported this week that the school has plans to send a newsletter by mail to parents each six weeks.

The letter will include tips for success, up-coming events, expectations of teachers, schedules and more. The idea behind the project is to keep parents informed and provide ways for parents to help their students academically and with extracurricular activities. Each six week newsletter will focus on one of the junior high teachers which will hopefully help parents to understand what that teacher expects from her students and how to help their child accomplish those goals.

Parents are urged let the staff know how and if the letter is a help to them. For more information contact Kelly Stansell, Principal at 903-379-3841.

Bogata Homecoming April 13

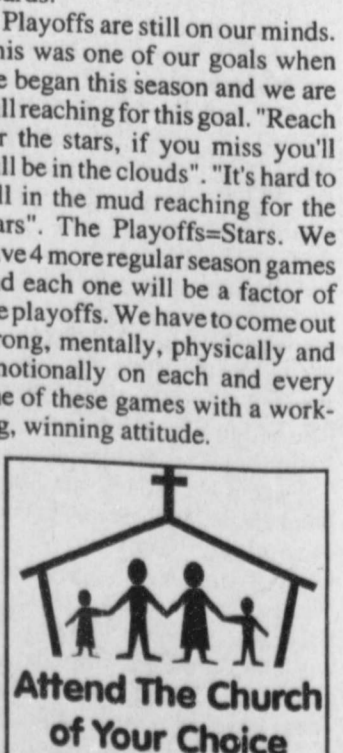

Bulldogs are coming home Saturday, April 13, 2002. A large crowd is expected this year. As Nanalee stated in her column last week, "We were all reminded September 11th just how much we love our family and our friends", and we all appreciate them a little more today. It will be good to get together hug and laugh and enjoy one another another time. A catered meal will be served from 12:00 noon to 2:00 p.m. in the cafeteria. If class reunions run a little late, members can still come for lunch where there will be plenty of food. About 2:30 p.m. there will be a short business meeting followed by a very short time of entertainment. The rest of the evening will be spent visiting. Everyone is urged to make your plans now to come to Bogata Homecoming on Saturday, April 13, 2002. The class of 1953 will be the host this year. For more information call 903-632-5221, Mary Barnard Vaughan. "Yea! Bulldogs".

Lady Rebels defeat DeKalb Lady Bears

by Coach Debbie Williams
The Lady Rebels came to the Rivercrest gym Tuesday night ready to play physically, mentally and emotionally. DeKalb was on our list and we knew they had to be taken care of tonight and the Lady Rebel TEAM did it. Each player on the team scored and this is always good to see. Teamwork, we worked for each other and with each other. We are playing on the floor seeing jerseys, not faces, as we tell the ladies, the #1 factor for our success is rebounding. When we rebound the ball, which takes everybody on the team working, boxing out, and hustling for the ball, we have more opportunities for fast breaks and points for put backs on offensive boards. We knew DeKalb had too many points from offensive rebounds on our last meeting, but this was not going to happen and it didn't. The desire and determination has to be there, and it was for the Lady Rebels.

T (Tina Carder) had a good defensive night, with an awesome strip from a player and gave us another opportunity to score. Charla has stepped up on her game. She is doing a great job for her team and has the desire to be in the playoffs. E (Erica Williams) is back on the boards. E needs double figures on the boards, this is a key for her and when she puts her mind to it, she gets it done. Jess (Jessica Rose) is also a rebounder for the team. When Jess goes up and is determined to get the ball, she is pretty to watch. Her two handed rebounds are a must. Mo (Molly Hare) really worked on the rebounding against DeKalb and helped her team on this key. After the game, she commented, "Hey, I can rebound". Steph (Stephanie Williams) had some good passing and she sees the floor well. You better be ready when she has the ball. Danielle came out strong and is a teammate all the way. She is committed to her team and is about her team being successful. She played hard defense and had 3 points for the team. Rach (Rachel Case) is playing to win. Her aggressive defense is always there and she is really starting to use her legs on her shot and put it in the hole. Krys (Krystal Valenzuela) came on the floor and was a zone buster, hitting 23's helped bring the defense out and opened up the inside game for us. Krys can shoot, and she kept her composure well on offense against DeKalb. Beers (Ashley Beers) did a good job of posting up, and looking for the shot. She had 13 points for the team and shot well, but again, as all her teammates, Beers was boxing out, and on the boards.

Playoffs are still on our minds. This was one of our goals when we began this season and we are still reaching for this goal. "Reach for the stars, if you miss you'll still be in the clouds". "It's hard to fall in the mud reaching for the stars". The Playoffs=Stars. We have 4 more regular season games and each one will be a factor of the playoffs. We have to come out strong, mentally, physically and emotionally on each and every one of these games with a working, winning attitude.

Glory in the Flower

by Bobby Maddox

I don't drive out west of Paris very often, but when I do I always look out south of the highway to Brockway's Furniture at the empty pasture. I remember what was once there. I spent many happy hours at the circle track that was there and was the center of attention in Paris on each Saturday night. It was a fine quarter-mile dirt track that drew some of the fastest race cars in this area.

One day as I was coming back from the VA Hospital in Bonham where I had my yearly checkup, I pulled up and stopped at Brockway's Furniture and met Jimmy and Mary Brockway. They were in a very genial mood and we had a very interesting conversation about the old race track. I found out that the track was built in 1955 by Jack Briscoe and Melvin Crow on land that belonged to the Brockways. The track was closed in 1958, but it seemed to me that they were in business longer than that. Jimmy said, "I was a teenager at the time and wanted to drive, but my father would never let me do that."

I got permission to go out into the pasture and see if I could tell where the track had been. Looking from the furniture store I couldn't see any trace of it. I drove my pickup truck through a gate and stopped at a barbed wire fence. I crawled through the fence and here I could see the northern part of the oval. I'm not as adept at crawling through barbed wire fences as I once was. I guess I'm out of practice. When I got to the old track I could see very clearly where the banked part of the track had been. As I walked along I could see the entire track except for the southern part, where a bunch of trees had grown. I remembered that on the west side of the straightaway there was a grandstand, restrooms and a concession stand. There was a fence around part of the track where spectators parked.

One day I even drove my car around the track at a very slow rate of speed. Driving on the track made it seem much larger. At

times I, like Walter Mitty, envisioned myself driving on of the stock cars and winning race after race. I always thought that I might have been able to handle one of the cars if I had the track to myself, but never in all that traffic. As I left I had to crawl through that fence again. Before I got in my pickup, I looked back and there was nothing left but weeds and memories.

On the way back to Paris I thought I would like to talk to one of the drivers who raced there. After over 40 years, I'd better not put this off too long. I remembered that one of my favorite drivers was Bill Kerby. At the Reno Post Office I stopped in and asked Bill's daughter, Melissa, a former student of mine at Crockett Middle School, where Bill lived. I found that he lived in Bogata. I called Bill and asked if he had any information or pictures of the track he would share with me. He gladly consented and I made an appointment to visit him at his home.

When I got to Bogata, I found the proper street and found Bill at home and in a very friendly mood. I asked Bill, a former Paris resident, how he wound up in Bogata. He answered, "My grandchildren are here." I can't think of a better reason. We talked about the track and racing in general, and I found that Bill had a very good memory. When I asked about the car he drove at the track he replied, "I drove a flathead 641 Ford coupe and it was fast. There were lots of other fast cars there, and we really had some exciting races." He continued, "My car was black with a number '4' painted on the side." I asked, "Was there just one class of cars there?" Bill said, "They were all stock cars and not very expensive. We couldn't spend much money on the cars because each car had to be up for sale for \$125. We all had to do our own mechanic work or have a friend's help. Many had a sponsor who would furnish parts and tires. There wasn't much money for the winners of the races, but I never was in it for the money."

I found that Bill also raced quite a bit at the track at Marvin, Hugo and later at Jerry Bob Stephens' track east of Paris. I asked Bill if he had ever been hurt in a race. "I've turned my car over several times, but the only time I was really injured was being hit from the side in an accident that broke my arm," he said. "Most of the race tracks that were close were closed in about 1972, and I thought that would be a good time to quit," Bill said. "I have a friend that recently offered to build a sprint car if I would drive it, but I decided those days are behind me."

I thanked Bill for his time and as I left, thought back to the days when Bill and I both had black hair. I found Bill to be a top quality person to know and to talk with.

On Highway 196 between Pattonville and Blossom there is the Paris Motor Speedway. It was built a few years ago and is a state of the art track. The track itself is in excellent condition, is well lit with plenty of seating, a concession stand, clean restrooms and even a playground for children. The races draw a large number of cars with some very competitive races.

When I found out that a track was to be built there I was overjoyed. Recently the closest races I attended were in Sherman and Ft. Towson, OK. Here was to be a good circle track that would be close to my home in Reno. I attend several races each season and enjoy each of them, but there is something missing. The roar of the engines is the same and so is the smell of the exhaust, but when I revisited the site of the old track west of Paris, I realized that the thrill and excitement I felt here can never be experienced again.

Perhaps Wordsworth had similar feelings when he wrote (loosely translated) these words: "The radiance which was once so bright, be now forever taken from my sight. Nothing can bring back the hours of splendor in the grass, or of glory in the flower."

Rivercrest boys teams make good showing in tournament play

by Coach Steven Weddle

The Rivercrest JV participated in the Cooper JV Tournament on January 26, 2002. The Rebels showed improvement against Prairiland losing by 2 points to a team that earlier in the year beat the Rebels by 15. The Rebels turned around and played Chisum for third.

Rivercrest capitalized with an 8 point victory over Chisum and captured 3rd place. The Rebels have won 8 games this season and are trying to win their remaining games to obtain a winning record

The Rivercrest Jr. High Rebel teams hosted a tournament Saturday, January 26, 2002. The 8th grade finished 2nd in the tourney. The 8th boys beat a very athletic Pewitt team by a score of 37-32. The Rebels held Pewitt's 6'2 post to only 2 points in the second half. The Rebels then moved on to the finals to play a very good Prairiland team. The Rebels fell short 40-52 to finish in 2nd place. The young Rebels gunned 6 three

pointers in the game.

The 7th grade Rebels finished in 3rd place. These young men fell to Chisum 38-35 in the first game. This was a hard fought game that came down to the last seconds of the game.

The team rebounded with a decisive 51-34 win over Cooper. All 14 players earned some playing time in this team effort. The young Rebels seem to have potential if they will continue to practice and work hard.
