Prairiland Has Champions At Show

The Prairiland FFA and 4-H Clubs did well at the Lamar County Junior Livestock Show held Thursday and Friday, April 22 and 23.

Kelli Salter, a member of the Prairiland FFA chapter, had the Grand Champion heavyweight lamb, which sold to Estes Chemical Company for \$567.

Kelli also reigned as queen of the Lamar County Junior Livestock Show throughout the week.

The Reserve Champion market hog was shown by Gerald Norrell, a Prairiland

FFA member. The barrow sold for \$744 to Sunrises Restaurants.

Grand Champion hog was shown by Tony Frew, a member of the Direct 4-H Club.

The Grand Champion broilers were shown by Prairiland FFA member Melody Holland, which brought \$500 and were purchased at the auction block by Foxworth-Galbraith Building Supply.

Amy Milford, member of the Prairiland 4-H Club held the Reserve Champion broilers, which sold to

Columbia Packing Company for \$325.

Susan Northam held the Grand Champion Reserve breeding ewe, and is a member of the Prairiland FFA.

Joey Bristow, also a member of the Prairiland FFA Chapter, showed the Grand Champion heifer, Santa Gertrudis and Brangus class in breeding beef.

Roy Dean Jaynes, Prairiland 4-H Club, had the Grand Champion Reserve heifer, in the Brahman class, breeding beef.

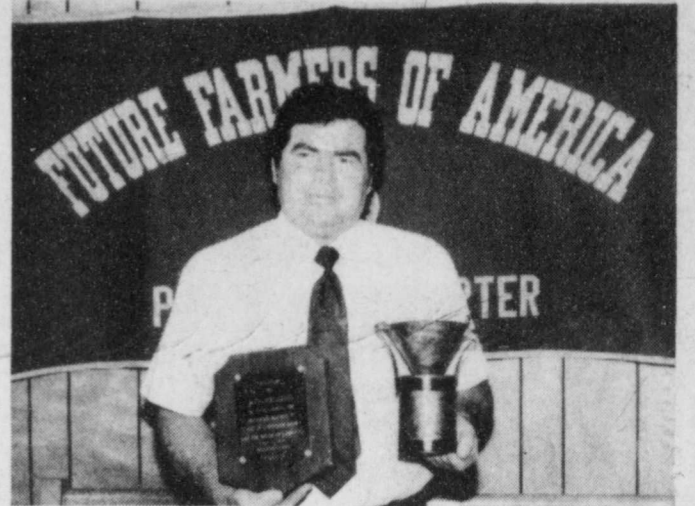

The Grand Champion steer brought a show record price as Lance Bailey of Paris High School sold his steer for \$4,657.50. The steer sold for \$4.50 a pound and was purchased by Jeffrey McIntosh, two year old grandson of Mr. and Mrs. James Rheudasil, who donated the steer to Willow Creek Foster Home.

The Reserve Champion steer was shown by Kim Stephens of the Direct 4-H Club.

Max Ballard, vocational agriculture instructor at Prairiland High School, received a plaque from the association for his work with the show over the years. Ballard was also honored by the West Lamar FFA Chapter. Instructor Billye Foster presented Ballard with a "spittoon trophy" made from a bottomless can and a funnel and two spoons for his "loyalty and devotion" to the association.

Ballard is leaving his position as an instructor to take over the principal's position at Blossom Elementary School. Ballard served as principal at Redwater Junior High School in Redwater for five years before coming to Prairiland.

The show earned \$63,630 for the young owners and for the livestock show association.

TROPHY AND AWARD—Max Ballard, Prairiland FFA instructor, displays the plaque he received for his dedicated service to the Lamar County Junior Livestock Show and the

"Spittoon" trophy given him by West Lamar FFA. The trophy is made of a funnel, two forks and a can...with the bottom cut out. (Staff Photo)

Tornadoes Create Trail Of Tension

By Nanalee Nichols

At least one tornado touched down, and two others were sighted late Sunday afternoon, as the twister destroyed one barn in Lamar County and at least four others in Red River County.

The first reports of a funnel came in from Brookston, causing recently devastated Paris residents to experience another scare.

No other word of the tornado was received until Deport residents looked up to see the eye of the tornado swirling right above them, sucking up dust and causing people to run for ditches, culverts and closets.

The tornado apparently first touched down just south of the old Deport Cemetery, destroying a barn and damaging a tree on land belonging to Rodger Allen. It then moved in a big jump straight north, where it hovered in the sky and went directly east, while startled residents of Deport watched it pass overhead.

Just past the Lamar-Red River County line, in Red River County, the twister set down near the home of H.W. (Jinks) Whittle, destroying a large hay barn belonging to John Farmer, and another, smaller barn. The storm threw a board through the kitchen window, and did

some damage to the roof and parked cars, and knocked down a light pole in the front yard.

A brick home across the road had sheet iron thrown into it, dirt blown through the large windows and the antenna swept away.

The tornado then rampaged across toward Clarksville, tearing up a large number of trees and damaging barns.

At the small community of Lone Star, the storm destroyed one barn, belonging to the Ronnie Tippit's, leaving the hay and a cow undisturbed inside it. It blew a large tree up next to the house, and broke the

glass door from the home of Carl Vickers, and smashed the Vicker's garage.

There was also some damage to the water station near Ye Ole Smokehouse.

Somewhere between Clarksville the tornado disappeared into a cloud, but reports state there was some more damage at Annona.

At one time, the twister sprouted a second, very thin funnel, almost from the base of the original. This funnel did not touch down, but soon disappeared up into the cloud again.

The tornado was not typical in that it was white, apparently not filling with debris to turn it dark.

The wall cloud from which the funnel descended was considered a "classic example" of a tornado producing formation.

Deport Volunteer Firemen alerted the community to the storm, and one truck followed the storm in case assistance was needed.

The Bogata Volunteer Fire Department also sounded the siren and alerted residents to take cover in case the twister had approached Bogata.

Area residents are urged to take heed of the long, uninterrupted blasts from the sirens which indicate a tornado sighting, since the storm season is at its height.

Cheese Distributions Set For Friday

Another shipment of Government surplus cheese will arrive in Deport on Friday, April 30 and will be distributed by volunteer workers from 8 a.m. until 5

p.m. at the Deport Church of Christ.

Anyone can apply for this processed cheese, and must only sign their name and address to the form.

It is particularly helpful to the elderly, or to large families with a high food budget.

Lamar County Obtains Grant Approval For Jail

Lamar County Judge Brady Fisher announced recently that Lamar County has obtained approval of a grant that his office had submitted through Ark-Tex Council of Governments for corrections equipment relating to the renovation of the Lamar County Jail.

The total amount of the grant is for \$26,186, of which one-fourth must be paid locally. A total of \$19,848 will be paid by the Criminal Justice Division from State funds.

Included in the equipment obtained are 6 remote locks, 20 bunks, 20 steel tables, 63

bolt-down prison type benches, and two prison type wash basins.

Fisher stated that the funding decision was approved by the Regional Criminal Justice Advisory Council meeting in Mt. Pleasant, at which Fisher represented the County. He said that the decision was extremely important in view of Federal Court ordered jail renovation.

Fisher also stated that the funding development was particularly significant, since only three new Criminal Justice projects were funded

in the entire Ark-Tex COG region.

Fisher expressed special words of praise for architect Bill Lightfoot, who worked closely with Fisher in preparing the grant application. "So many items were eligible, and so many other items were not eligible that we had to be very cautious as to what we applied for. Mr. Lightfoot's assistance was invaluable.

Fisher also obtained funding for a 110 watt mobile radio unit, valued at \$1,950, of which one-fourth must be paid locally.

Pats Take Win Over Panthers

The Prairiland Patriots rallied for a surprise win over the tough North Lamar Panthers 7-6 in district play.

For the majority of the game it seemed as if the Panthers were going to have a definite win, having a 6-5 lead.

Patriot Lowell Ford was hit with a wild pitch, and with the bases loaded, put through a winning run.

The Pats overcame the four point gap to win 7-6.

The Pats gained three runs in the sixth inning. Catcher Barry Johnston opened the sixth for the Patriots with a center field connection which North Lamar's Center fielder caught on the move, leaving Todd Davis on first and Roger Daugherty following with a ground out.

David Bryan walked, moving Davis to second, and Robbie Connot put Davis in from second with a single.

Ford scored Bryan and Connot with a hard hit single, scoring two more runs and closing the gap to 6-5.

At the top of the seventh

inning, the Panthers were retired in order. A diving catch by Patriot Barry Ballard put away the only threat by the North Lamar boys in the inning.

The Patriots stand at 2-5-2 for the season now.

Kindergarten Round-Up Set

The Deport Elementary School will have kindergarten round-up on May 4. The parents and children are invited to be at the school lunchroom at 9 a.m.

Girl Scouts Honor Leader

The Blossom Girl Scout Troop No. 98 honored their leader, Terri Smith, with a surprise party at her home on April 22, which was Leader Appreciation Day. The girls presented her with a personalized crock pitcher.

Attending were Carla Boren, Angie Smith, Melissa McQuartters, Tammy Smith, Kim Brown, Tammy Jordan, Rachel Chumbley, Karen Lee, Tammy Annett, Stacey Burchinal, Tresa Westmoreland, and Cristie Kent.

Assistant leaders attending were Robbie Boren, Melba Smith and Frances McQuartters.

Any child who is five years of age on or before September 1, 1982 will be eligible for kindergarten.

Parents should bring the child's birth certificate and immunization record with them.

Cathy Lemley Receives Weiss Distinguished Service Award

CATHY LEMLEY, daughter of Mr. and Mrs. George Lemley of Blossom was the recipient of the Sam Weiss Distinguished Service Award at the annual awards night held Tuesday at PJC. She is a May candidate for graduation with a 4.0 grade average for the past two years. (Staff Photo)

Cathy Lemley of Blossom graduating sophomore at Paris Junior College, received the Sam Weiss Distinguished Service Award at the annual Awards Night program Tuesday, April 20, in the Student Center Ballroom. The college's highest student service award is presented annually in memory of the late Sam Weiss by the first recipient, PJC President Louis B. Williams and Mrs. Williams.

Faculty members select the award recipient each year. Others nominated this year were Richard Fields, June Jensen and Tim Oien.

Miss Lemley, the daughter of Mr. and Mrs. George Lemley of Blossom, is a graduate of Prairiland High School and a journalism major at PJC. She is a member of Phi Theta Kappa, honorary scholastic fraternity, and she served as publicity chairman of the chapter this year. Editor of "The Bat", PJC student newspaper for 1981-82, Miss Lemley received the Williams A. Owens

Scholarship last spring for her creative writing talents.

The journalism cup to the outstanding journalism student and the plaque as outstanding English student also went to Miss Lemley Tuesday night.

Other Blossom students honored were Mary Jones, who received the Henry Ayres Memorial Scholarship to PJC next year; Laura Borders, recipient of the Judge and Mrs. Tom Beauchamp Memorial Scholarship; Ann Taylor, Dorrell Fuller Tinnin Memorial Scholarship; Steven Reves and Ronnie Langley, Paris Lumber Co. Scholarships.

James Armstrong of Blossom received a

scholarship from the PJC Association of Former Students and Friends, and Ruth Thomas was the recipient of the Fred and Goldie Holder Memorial Scholarship in nursing.

Deport residents receiving scholarships included Julie Jones, Voyer Scholarship in art; Timothy Skidmore, Beauchamp Memorial Scholarship and lab assistant scholarship; Alice Froelich, Norman Montgomery Scholarship. Kip Winters of Pattonville received the Dick McWhorter Memorial Scholarship in agriculture, and Lorie Kennedy of Pattonville was a recipient of a scholarship from the Association of Former Students.

Voter Registration Cards Needed At Deport Polls

The May Primary Elections, set for May 1st, 1982, will be held at Deport Elementary School in the old high school building. The time will be from 7:00 a.m. to 7:00 p.m.

Precinct Chairman Millard Igo stated that the voter registration card issued to each voter must be available, and urges all voters to bring their card and come out to vote.

Weekly Ag Update

By Herb Brevard Agricultural producers in East Texas and throughout the state are faced with serious economic decisions, according to Wayne Taylor, economist-management for the Texas Agricultural Extension Service.

Taylor says that newer producers who are buying land, equipment, cattle and other fixed assets are the hardest hit. With the current low price of most agricultural products and high interest rates, these producers are faced with a serious cash flow problem.

Dr. Sim Reeves, Jr., Extension agronomist, indicates that the decision to fertilize pastures is critical this year.

utilize their own pastures. This substitution of added acreage for fertilizer can delay out of pocket costs for a year or more.

During this economic crunch is an excellent time to cull the cow herd, says Dr. Randall Grooms, Extension livestock specialist. While the price of cattle is on the upswing, as it normally is during April and May, is the time to go through the cow herd and cull those animals that will not produce a calf this year or that will be late in calving.

Classes will be taught from 9 a.m. to 3:30 p.m. Monday through Thursday in the PJC Downtown Center, 136 Grand Avenue. Fee for the course is \$225, and the textbook will cost about \$12.

Application may be made by calling Mrs. Jackson at the Downtown Center, 785-7661, extension 152, or going by the center.

Topics discussed will include basic anatomy, medical terminology, nutrition, illness symptoms, reading thermometers, counting pulse and respiration, reading blood pressure, patient care and hospital procedures.

Application may be made by calling Mrs. Jackson at the Downtown Center, 785-7661, extension 152, or going by the center.

Everyone who knows me, knows I keep cats. Usually lots of cats, but seldom are they allowed to have kittens.

However, due to an error on somebody's part (speak to Rev. Sam Rice about that, I thought she was his cat) a small, very ugly cat produced three very pretty kittens on the Saturday I was hurriedly trying to get ready for the NETPA banquet.

Last Sunday afternoon I sprawled out to read, and fell asleep instead.

After a little while a strange, high pitched squeaking began to filter through my foggy brain. Then I realized that something wiggly and very furry was twitching next to my neck.

Sleep filled eyes discovered the entire little family of cats had been removed from their home and stacked neatly next to me!

I don't know whether this is a complaint from the mother cat or if she is just tired of having to stay with the young 'uns and wants a baby sitter for a while.

At any rate, as much as I think of the feline species, that was too close for consideration, and the little kittens had to be returned to their box.

No human ever turned a more baleful look on anyone than that mother cat turned to me, and I think she is still greatly disappointed at the lack of cooperation shown.

Hall Fighting

Congress Tax Breaks

First District Congressman Sam B. Hall, Jr., a frequent critic of Congressional pay raises, has signed three discharge petitions aimed at forcing the House of Representatives to vote on legislation to eliminate special tax breaks for Members of Congress.

Last December, Congress enacted legislation giving itself a special tax write-off for living expenses in Washington. Using a complex parliamentary procedure, and without benefit of prior notification, members of the House were prevented from recording a vote on the bill.

The East Texas legislator has vowed to use every legislative means to overturn the hastily-enacted measure.

Terming the \$75 per day tax deduction for Members of Congress a "backdoor pay raise," Mr. Hall said, "It is very unlikely that a bill rescinding this tax advantage will come to the House floor for a vote unless we can get sufficient signatures on a discharge petition to force the vote."

Under the rules of the House, if a bill is tied up in committee, it is possible to remove the committee's jurisdiction over the bill by getting 218 members of the House, which is one over 50 percent of the membership, to sign a discharge petition forcing the bill out of committee for a vote by the full House.

Last year, Mr. Hall led a successful discharge petition effort on a bill that had been languishing in the House Judiciary Committee for several years.

"As I have pointed out over and over, if Congress

wants a pay raise, tax benefit, or anything else, then at least have the intestinal fortitude to stand up and vote one way or the other. People elected us to record votes, and to duck a recorded vote on an important issue, especially a pay raise, is unconscionable," Mr. Hall said.

Direct Deposit Retirement Checks Soon Available

State Comptroller Bob Bullock announced recently that electronic direct deposit of retirement checks will soon be available to the state's 75,000 retired school teachers.

"All Texans owe a debt of gratitude to these people who spent their careers educating our children. This is one small way of paying this debt," Bullock said.

"With direct deposit, retirees won't have to interrupt visits with their grandchildren to go home and wait for the mailman to bring their check. They will be able to depend on their money being there automatically to pay the mortgage or buy groceries," Bullock explained.

Bullock began electronic direct deposits for Austin-based current state employees late last year. So far, 5,882 employees working for 80 state agencies have joined the program, which is due to be offered to all employees statewide later this spring.

Each employee chooses whether to join the program or continue receiving a paper warrant each month. "We started this program to save tax dollars," Bullock said. "We save when fewer employees take time off the job to take their pay to the bank and we save the cost of printing and mailing warrants. Now we can save retirees the trouble of banking their retirement income and the worry that it might not arrive on time."

Is Sewing A Saving?

Research indicates that people feel that they save from 33 to 75 percent by making their own clothing. A good sale can often bring the price of ready-to-wear down below sewing costs. Add time and materials to see if sewing makes sense to you. Hard-to-fit consumers may find it more practical to sew rather than shop and do extensive fitting.

If Elected Judge of Red River County... I Pledge...

I will not change the salaries of County employees nor vote on any other matter that has not been previously posted on the agenda.

1. It is illegal according to the Texas Civil Statutes.
2. It is unfair when persons involved have no opportunity to represent themselves.

I will not expect the county to buy any of my gasoline unless I go out of town on county business, and on those occasions I will register time, place, and nature of business.

I will not carry a county credit card.

I will work to keep our County offices in the court house.

I will work to maintain and repair our present facilities.

I will build a smaller jail, but one that will meet State regulations and will cost much less than a million dollars.

I will work with the commissioners to give our county people better roads.

I will not charge the County Taxpayers to perform extra duties that can be handled along with my regular duties.

I will strive to keep county business in the county.

I will associate and work with all county employees in a business-like manner.

I will strive to be away from the Judge's office as little as possible, so when I am needed I will be available.

I will recommend that all county equipment, automobiles, backhoes, etc. be purchased from the lowest bidder, which is, after all, the law.

I served for twenty years as Deputy U. S. Marshal. I will work just as faithfully for you as Red River County Judge.

I am an honest person, and I will be very fair and impartial, and protective of the office of Red River County Judge. If elected, I will serve with much pride.

BRADY FISHER

LAMAR COUNTY JUDGE-

2nd Term

To the People of Lamar County: During the past 3 years, 4 months in office, I believe that we have been involved in several MAJOR ACCOMPLISHMENTS including these:

- 1) An ACTIVE COUNTY CRIMINAL COURT with weekly court, and with "not guilty" pleas set for jury trial every month. At 80 cases per month, Lamar County has the MOST ACTIVE CRIMINAL COURT DOCKET of any constitutional county court in northeast Texas. (In fact, all other area counties with dockets as large as ours have had to establish costly county courts-at-law just for county court cases.) It is CRUCIAL to have a county judge who is interested in and capable of handling an active county criminal court and holding COMPETENT JURY TRIALS without reversible error.
- 2) A corresponding DRAMATIC INCREASE IN COUNTY COURT FINES, which have more than doubled, and sometimes tripled. For example, in November 1978, immediately before my taking office, county criminal court fines totalled \$6,435. Last month, fines totalled \$20,929. This is important from a county revenue standpoint, but also because it reflects the activity of the case load and the certainty that a defendant's case will be handled expeditiously, and that crimes will be punished appropriately.
- 3) REFORM OF THE MENTAL COMMITMENT PROCEDURE.
- 4) Major increases in funding (50 percent) for our VOLUNTEER FIRE DEPARTMENTS - our county's most efficient operation.
- 5) Consistent support of our SENIOR CITIZENS PROGRAMS, including active participation in our Human Resources Council, Area Agency on Aging, and Ark-Tex Council of Governments; providing matching funds for federal grants; and establishing a CENTRAL KITCHEN facility in the old county hospital for our hot meals program for the elderly.
- 6) Establishment of a COUNTY INDUSTRIAL DEVELOPMENT BOND BOARD and the use of this vehicle for financing the Merico expansion, refinancing of Superior Switchboard, and potential refinancing of Flex-O-Lite, in order to expand and protect JOB OPPORTUNITIES in Lamar County.
- 7) Successful efforts for financial assistance for victims of the EMBERSON TORNADO.
- 8) Successful efforts to obtain \$19,848 in state funds to help pay for federal court-ordered jail renovation.
- 9) Successful efforts to obtain \$18,045 in federal funds to help support our Lamar County Drug-Alcohol Program.
- 10) COUNTY PURCHASING REFORM based on COMPETITIVE BIDDING - for the first time in the county's history.

Thank you for your consideration,
Brady Fisher.

ONE MORE TIME

"I've got to get rid of Charlie, the chauffeur" complained the husband. "He nearly killed me four times!" "Oh," pleaded his wife, "give him another chance."

from seeing him? Is it not likely that they were so wrapped up in their disappointment and confusion that they really didn't recognize him?

And isn't it just as likely that there are times when we fail to recognize the Risen Lord in our own presence because our doubts and fears have dulled our sensitivity?

There was another sense in which they were not seeing clearly. "O foolish men, and slow of heart to believe all that the prophets have spoken! Was it not necessary that the Christ should suffer these things and enter into his glory?" It was because the crucifixion dominated their minds and hearts that they could not see the resurrection. They looked at what had happened to Jesus as a crushing and humiliating defeat for the Kingdom of God. But the Risen Christ is challenging them to see his Passion in another light. Instead of concentrating on the human depravity that put Jesus on the cross, he is leading them to focus on the divine love that went to the cross with him and prevailed.

Their Eyes Were Opened
Perhaps the scales of doubt and fear had begun to flake away from their eyes. Eventually, as they sat and broke bread with him at the table, something in the way the stranger blessed and broke the bread suddenly revealed him for who he was.

Later, as they marveled over their experience on the way back to Jerusalem, they looked back at what had happened and remembered: "Did not our hearts burn within us while he opened to us the scriptures?" We may not see clearly the features of his face, but if in some experience we sense our hearts burning within us, we can recognize the Risen Christ on our own Emmaus roads.

OUR OWN
EMMAUS ROAD
April 18, 1982

Background Scripture:
Luke 24:13-35.
Devotional Reading:
Romans 14:1-9

The two men who set out for Emmaus on the first Easter Sunday are men after our own hearts. It is easy for many of us to put ourselves in their sandals; as we walk the seven miles between Jerusalem and Emmaus, we would, as they did, find ourselves deep in conversation about the troubling events of the past week. And, if approached by a stranger along the road, it could be expected that we probably would appear to him, as Luke put it, "looking sad."

Nor would we be less confused by what we had witnessed in Jerusalem. Jesus, the one whom we had assumed was God's Messiah, came to a tragic end on a Roman cross on a hill outside the city. And, if that wasn't enough, some women in our group had utterly confounded us with the assertion that they had seen Jesus alive. We'd like to think that means the women saw the Master, but how can we be sure?

Him They Didn't See
How ironic! The two disciples on the road to Emmaus found it difficult to believe the women's testimony because, although they found the tomb empty, "him they did not see." Yet, all the while they are telling the stranger they are, they are standing in the presence of their Risen Lord. "But their eyes were kept from recognizing him." What kept them

GOOD BUYS

There are a number of good buys at the meat counter this week, according to Rachel Kinlaw, extension foods and nutrition specialist at North Carolina State University.

Good buys are ground beef, bottom round roasts and poultry. Some stores are featuring a good buy on fresh pork shoulders.

To debone the shoulder, follow along the bone with a sharp knife and slice for pork steaks, roast or kebabs.

In the poultry department, some fryer parts are good buys, but generally the whole bird is a better buy. Turkey breasts and wings are also featured specials.

To vary your menus, prepare your own turkey breast steaks. Use fresh, thawed or partially thawed turkey breast. Cut breasts from keel bone, remove skin and slice turkey across meat grain.

Sweet Pea May Brighten Vegetable Garden

Many times, if husband and wife enjoy working together in a vegetable garden, the lady will insist on a little space all her own for sweet peas. The sweet peas came originally from Italy and Sicily. Today there are numerous cultivars and wherever they grow the large flowers on long stems offer an array of colors, white, yellow, pink, red, and purple, among others. Low-growing types are sometimes used for hedges or borders, but most need to be staked.

Seeds can be started indoors in pots for transfer outdoors when the danger of frost is past. Sweet peas need good soil and plenty of sunlight. They also need regular watering, with heavier watering as summer comes along. Flowers appear in late spring and may remain until mid-autumn if old blooms are continuously removed.

Another summer-autumn bloomer is the **morning glory** or **blue dawn flower**, native to tropical and subtropical

of the City Ambulance Department and the City-County Health Unit, in an effort to reach an early

agreement on both items.

Lamar County Judge Brady Fisher recommended approval of the City Ambulance Department budget, pointing out that the proposed figures represented an increase of only 11 percent over last year's figures, compared to the dramatic increases of recent years that had led to disagreement between the City and County governments.

The Commissioners Court unanimously agreed and authorized approval of a contract for 40 percent of the projected deficit.

Fisher then recommended approval of the proposed City-County Health Unit budget, emphasizing that the City staff's proposal involved an increase of only nine percent over last year's budget, and again the Court unanimously agreed.

A Token of Economics

Subway and bus riders as well as those who use passenger trains and airlines can expect higher costs for travel as government subsidies decrease, says a transportation expert. Lower subsidies coupled with deregulation can only mean higher costs for consumers—including those who use the nation's highways.

America. This sturdy climber is an evergreen that produces funnel-shaped flowers through the summer. The flowers are short-lived, starting a bright blue and turning to magenta.

The morning glory is often used in Florida and California for greenhouse borders or as a covering for fences, arbors and other structures. In cooler climates it is most often treated as an annual, and propagated by sowing seed under glass in spring.

Students Win Trip To Washington

Sherri Deatherage and Kent Slakey were announced as the winners of the Lamar County Electric Cooperative's Washington, D.C. Youth Tour Contest Friday night by Charles Christian, member services manager of the cooperative.

Sherri is the daughter of J.C. Deatherage of Roxton and Mrs. Wanda Deatherage of Paris. She is a sophomore at Roxton High School.

Kent is the son of Mr. and Mrs. Wendell Slakey of Cooper. He is a sophomore at Cooper High School.

Kerri King and George Stanley were runners-up in the contest.

Kerri is the daughter of Mr. and Mrs. Howard B. King of Paris and is a junior at Paris High School.

George is the son of Mr. and Mrs. Donald Neal of Deport. He is a junior at Prairiland High School.

The Youth Tour winners were among 22 high school students from 10 area schools who submitted essays on "Facts About America's Rural Electric Systems".

They will be among 35 young people from all over the state participating in the tour to the nation's Capital City for a tour of its historic sites June 10-22. The tour will also include one day at the World's Fair in Knoxville, Tenn.

The tour will originate in Lewisville and travel by chartered bus to Washington, D.C. They will meet with approximately 1,000 other youths from across the nation, winners of similar contests.

Serving as judges this year were DeEtte Cobb, Paris Homemaker; Lena Goodin, Editor of the Detroit News; Bonnie Kyle, Red River County Extension Agent; David Sullens, Editor of Paris News; and Grady Frazier, President of First National Bank of Roxton.

WINNERS—Of the Lamar County Electric Cooperative's Washington D.C. Youth Tour were selected by submitting essays.

Winners are Sherri Deatherage and Kent Slakey of Roxton and Cooper. Runners-up were Kerri King of Paris and George Stanley of Deport. George is the son of Mr. and Mrs. Don Neal of Prairiland High School. The award was presented by Charles Christian.

Drug-Alcohol Program Receives Funds

Lamar County Judge Brady Fisher has announced that the Lamar County Drug-Alcohol Center has obtained initial approval of a grant in the amount of \$18,045, which will provide the salary and benefits for an alcoholism counselor for the center, as well as travel, transportation, training fees, supplies, and telephone.

The center currently has a director, secretary and a drug counselor and uses alcoholism counseling through the Paris Outreach Clinic.

Fisher, a member of the Lamar County Drug-Alcohol Board, said that the grant application was in response to the availability of \$120,000 in alcoholism prevention money available region-wide

through a pilot program that is being coordinated by the Ark-Tex Council of Governments, of which Fisher serves on the Executive Committee.

Fisher said that the application was prepared by Rev. J.T. Shipman, Director of the Center. Fisher praised Rev. Shipman and John Davidson of the ATCOG staff for their work on the application.

The application process was assigned to a Mini-Block Grant Review Committee of 15 members to which Shipman and Fisher were appointed, and then to a five member screening panel to which Fisher was assigned. The panel approved the Lamar County application on Friday.

Crawl Spaces Can Be A Disaster

Wet crawl spaces under houses built on pier and beam can play havoc with paint durability and the life of the wood foundation, says Chuck Stayton, forester-wood products for the Texas Agricultural Extension Service. Twelve to 20 gallons of water vapor per day can escape from wet soil in a crawl space.

Stayton says this moisture, if not vented to the outside, moves up into the home through the sub-flooring and moves out through the walls. "Wood decay causing fungi thrive in this wet situation and attack the sub-flooring and foundation," the specialist points out. "If the moisture enters the house and moves out through the wall, paint failure often occurs on wood siding."

If the homeowner finds moist soil under the house, low spots should be eliminated. Cover at least 75 to 80 percent of the crawl space area with four or six mil polyethylene plastic. If a drainage problem exists around the house so that water is draining into the crawl space, make landscaping changes to divert the water away from the home. Adequate crawl space vents should be present and should not be blocked by shrubbery or vines. These vents allow cross ventilation through the crawl space.

Moisture control in crawl spaces can eliminate many paint failures on southern yellow pine siding. Moisture exchange between wood and the atmosphere causes the wood to shrink and swell. Stayton says that many paint finishes are not elastic enough to withstand this continual stress, thus cracking and peeling occurs. Acrylic emulsion paints are highly elastic and have shown to perform well on

which naturally recalls the "good ole days" when I played ball as a small boy. There was never anyone to oversee us, so we elected one of ourselves to be the manager. If we didn't get to play the position we wanted, all of us would get into a big argument, and it would last about an hour, while we fussed and finally traded positions when we realized that the game wasn't going to get started in any other way.

One time we went to White Hall to play their team, and the only kids on it were the Westbrook boys who lived there. We played until we all gave out, and some went home for dinner.

After awhile, one of the boys batting had a strike called, and he disagreed with the catcher (who umpired too). They argued until the batter took his bat and hit the catcher-umpire on top of the head. Blood flew and we all thought he was dead, and he thought so too. We ran to the nearest house and they carried him to the doctor. By the time we got there, we were all covered with blood and thought our patient was at death's door. The doctor told us that the skin was just

split and he would be alright, so we went to our favorite meeting place, the City Drugg Store, and had cokes. We had to walk to Fulbright that afternoon for another game. Of course, we got beat, being tired out from our morning game and the long walk. We tried to stay together as a team though, and if one of us got in a fight, we came to the rescue.

By ourselves we might not, but nobody fooled with us a sa team!

TO THE PEOPLE OF LAMAR COUNTY

Most of you know me, my family and my background, but for those who do not, I was born and reared in Lamar County, attended Paris Schools, Paris Junior College and Texas A&M until drafted into the Service in 1941.

I served in the Armed Forces as an enlisted man, and later as an Air Force Officer, completing my service as a B-17 pilot with thirty combat missions.

I returned to Lamar County where I farmed and raised cattle and have served as your County Assessor-Collector for the past 22 years.

My family consists of my wife Cathryn, my daughter Lou Rhea Bufkin of Irving, my son John, investigator for the Lamar County Sheriff's Department, and four grandchildren.

My primary concern is in good County Government for the people of Lamar County, and if elected your County Judge, I will devote full time to solving in a sensible, mature manner the many problems our County faces.

Church News

The Shady Grove Methodist Church held a pounding for their pastor and his wife, Rev. and Mrs. Jerry Putnam, last Friday night. There will be a miscellaneous shower honoring Mr. and Mrs. Rhett Clarkson on May 6 at 3 to 4 p.m. in the Blossom Methodist Fellowship Hall. Mr. and Mrs. Clarkson were married March 20.
The Methodists recently began work on a new parking lot. They hope to have it completed in the near future.
The Blossom United Methodist Women will honor their seniors with a pizza supper in the fellowship hall

on May 10 at 6:30 p.m. The seniors to be honored are Lesa Boren, Dana Blackburn, Jackie French, Deanna House, Jeanna Crawford, Calvin Graham, Sherri Roberts and Tony Annette.
The U.M.W. met Monday night in their regular session. Mrs. Charlene Barker opened the meeting with prayer. The women voted to buy fifteen new hymnals and to continue presenting the third grade students with award Bibles. The meeting closed with prayer by Mrs. Virginia Stewart.

UMW Meets With Mrs. Glover

A regular meeting of the Depart United Methodist Women was held Monday night April 19, in the home of the hostess, Mrs. Martha Glover.
The president, Mrs. Ruth Cheatham, called the meeting to order and asked Mrs. Chris Skaggs to open with prayer.
Following routine business, Mrs. Regina Webb

presented the first of her three part study on the people of the Bible. Tonight's study was about Ruth.
The meeting was adjourned with the Mizpah. The next meeting will be May 3 with Mrs. Melba Ladd as hostess.
A salad and dessert plate was served by the hostess to eight members present.

First Baptist WMU Meets

The First Baptist WMU met at the church Monday, April 26. Six ladies were present. Mrs. David Geer called the meeting to order.
The program, "Results of Volunteer Service" was by Maurine Bryson. Johnnie Warren, Linnie Bailey, Mae Randolph and Grace Griffin gave parts in the program. Prayer was offered by Maurine Bryson.
Call to Prayer, Matt. 7:9-20

was given by Johnnie Warren. Mae Randolph read the names of missionaries having birthdays.
Dismissal prayer was given by Linnie Bailey and the group gave the WMU Watchword.

Organ Donation Program Important

The First Annual Organ Donation Awareness Week will be held April 26 to May 1, and is a special project of the American Medical Association Auxiliary and the Texas Medical Association Auxiliary. Mrs. George Bush has accepted the National Honorary Chairmanship for this drive to increase awareness of the importance of the need for people to register as organ donors with The Living Bank.

fully discuss his wishes to be a donor with his family, since at the time of death, the medical personnel will not remove any organ for transplant without the consent of the next of kin.
The organization maintains a 24 hour telephone service, (713) 528-2971, to refer donations to medical schools, eye banks, kidney transplant facilities and other organ banks wherever the donor is throughout the United States.
There is only a limited time following the death of a donor in which to retrieve organs:
Vital Organs (kidneys, hearts, lungs, livers, etc.)—minutes after death. Donor must be maintained on life support system.
Eyes—4 to 6 hours.
Bone—8 hours.
Skin—18 hours.
The most awesome medical era of all—the transplant era—continues to advance remarkably. There are many among us who are so critically ill as to be in need of an organ transplant. 1981 figures indicate that approximately 62,000 Americans are on kidney dialysis with 10,000 to 12,000 people waiting for transplants; 25,000 cornea transplant operations were performed in 1981 but some 50,000 people were waiting. You can be the one to give life to others. For in-

formation on how to become a donor, contact The Living Bank, P.O. Box 6725, Houston, Texas 77005.

HAMSTEAKS WITH GOLDEN SAUCE

The secret is in the sauce! It's a savory blend of syrup from the pineapple can, mustard, pineapple-apricot jam and a dash of vinegar.
A little can of Dole pineapple transforms just two slices of ham into a one-skillet dinner.
Golden Sauce is made right in the pan, after the hamsteaks are browned in butter. Juicy chunks of pineapple and the sweet and tart sauce simply simmer together for a meal in minutes.

HAMSTEAKS WITH GOLDEN PINEAPPLE SAUCE

2 slices (4 oz. each) cooked ham
1 can (8-1/4 oz.) Dole Chunk Pineapple in Syrup
1 tablespoon butter
1/4 cup pineapple-apricot jam
3/4 teaspoon prepared mustard
1/2 teaspoon cornstarch
Dash ground cloves
1-1/2 tablespoons white wine vinegar
In a large skillet, brown ham slices in butter. Combine undrained pineapple and all remaining ingredients except vinegar and add to ham; simmer 5 to 10 minutes until sauce thickens. Stir in vinegar. Makes 2 servings.

Blossom Bits From The Past

By Sue Clarkson
This time of year brings about a certain anticipation, nostalgia, excitement and a sigh of relief that doesn't seem to happen any other time of the year.
End of school is at hand

and with all the rush to finish the school year, we tend to be a little sentimental and take a wee glance over our shoulder.
Take the school year 1949 in Blossom. It was a good year for the Blossom Bulldogs, they won the 42 District Basketball Championship. Only one conference game was lost that year. They fell five to the Deport Tigers by only four

points, 27-23. C.B. "Boss" Long was coach and the boys making Blossom proud were Jerry Allen, Orville Allen, M.H. Bonner, Bill Pitts, Clyde Burchinal, Norman Carter, Jack Mears, Billy Earl Smith, R.C. Vickers, Jackie Woodard and Jack Dabbs was manager.
Incidentally, there were 26 graduating seniors in the "Class of '49".

Mr. and Mrs. Clarence Pate of Dallas, Mrs. Reed McKay, Ashley and April of Duncanville and Mr. and Mrs. Clovis VanDeaver were weekend guests of Mr. and Mrs. Hurley Stevens.

Stacy Embrey went to work at Merico Bakery Friday driving a truck. Karen Baker of Dallas was a weekend visitor of Mr. and Mrs. Worth Baker.

A stew supper was held at the community center Saturday night with the "Rustics" band of Bogata doing the entertaining. The community would like to thank the band for coming out to help. The funds will go to the upkeep of the building and grounds.

Red River County Jail "The Plain Facts"

1. The present jail is OLD, DILAPIDATED, UNSAFE and NOT SECURE.
2. The Texas Jail Commission HAS ORDERED THE County to either fix the jail, close it, or build a new one BEFORE DECEMBER 31, 1982.
3. Renovation of present jail would be more expensive than building a new one.
4. Closing the jail would mean TRANSPORTING prisoners out of the County and PAYING for their keep in a certified jail at whatever price demanded.
5. The most ECONOMICAL ALTERNATE is to build a small jail which meets the County's needs now but can be expanded when necessary.
6. A new jail that meets the minimum standards will cost approximately \$500,000.
7. Funds for construction of a jail have been secured from Farmers Home Administration at 5 percent interest.
8. Because of sound financial planning the construction of a new jail WILL NOT cause a tax increase.

FOR CONTINUED SOUND FINANCIAL MANAGEMENT AND PLANNING FOR RED RIVER COUNTY RE-ELECT CONNIE SULLIVAN COUNTY Judge

Named one of "Ten Best Legislators" and "hardest working member of the state senate"

A vote for Senator Ed Howard is a vote for proven ability and leadership.

Ask most any qualified capitol observer in Austin what comes to mind when you call the name of Ed Howard, and they'll likely say "sound, serious, proven ability and leadership."

- ★ **Leadership in education.**
Was awarded the 1982 "Friend of Education" award by the Texas Classroom Teachers Association; supported teacher pay raises, increased benefits to retired teachers and the "Back to Basics" school curriculum legislation; currently serves as a member of the Southern Regional Education Board.
- ★ **Leadership in safeguarding water resources.**
Sponsored both the Red River Compact and the Caddo Lake Compact, and currently serves on both; presently serves on the Department of Water Resources' Task Force on Water; has always strongly supported a Constitutional prohibition against interbasin transfers of water, and was a Senate supporter of long-range planning of water resources and state assistance to local communities for water-related activities.
- ★ **Leadership in law enforcement.**
Senate sponsor of legislation which gave law enforcement agencies increased tools to fight major drug operations in Texas; supported the War on Drugs legislation, and supported increasing both the number of Department of Public Safety officers and the salary they are paid.
- ★ **Leadership in economy in government.**
Currently serves as Chairman of the Sunset Committee, which is the "watchdog" to review governmental agencies to make them more responsive to the needs of citizens and to bring better economics to their operations; Vice-Chairman of the Senate Finance Committee and is the only East Texan on the Conference Committee on Appropriations (where all final determinations on biennial budget are made).
- ★ **Leadership in bringing better employment opportunities.**
Was the author and sponsor of the Industrial Development Act of 1979 which has created over 30,000 new jobs to date without the expenditure of any state or local funds.

Is it any wonder that Texas Business Magazine named Senator Ed Howard one of the "Ten Best Legislators" last year, and also called him the "Hardest Working Member of the State Senate"?

We are fortunate to have the voice of Senator Ed Howard speaking for us in Austin. Let's keep his proven leadership working for Northeast Texas!

Good Neighbor Club Meets

The Fulbright Good Neighbor Club met with Mrs. J.J. Kerbow as hostess.

Mrs. Jimmy King presided in the place of president, Mrs. Curtis Hoover. Club prayer was repeated and roll call was answered with kitchen short cuts by eleven members.

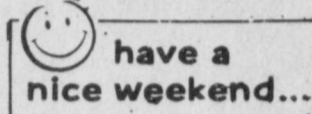

Mrs. Kerbow showed a biscuit quilt, a crocheted doll pillow, and a crocheted pot holder she had made, which were beautiful. A reading on the origin of lillies was read by Betty Rodgers.

The meeting adjourned with refreshments. Next meeting will be May 13 with Mrs. Lily Stevens as hostess.

STRANGE—Sunday afternoon when tornadoes were being spotted all over the country, residents north of Blossom experienced an unusual hail storm. All shapes and sizes of stones

were falling, some were flat and looked like oversized snowflakes. The ice flake-hailstones were about one and one-half inches in diameter and about one-fourth inch thick. (Staff Photo)

Skidmore Receives Scholarship

Timothy Skidmore, son of Mr. and Mrs. Rab Skidmore of Deport, has received a \$600 scholarship for the 1982-83 year on behalf of the Paris Junior College Division of Mathematics and Science.

A scholarship was awarded by the Scholarships and Awards Committee for the amount of \$250 and is known as the Judge and Mrs. Tom L. Beauchamp Memorial Scholarship, and

was also presented to Skidmore.

The scholarships were presented to the Awards Night held Tuesday, April 20 at P.J.C.

Literature Club Meets With Mrs. Smith

The Blossom Current Literature Club held its regular monthly meeting last Thursday in the home of Mrs. Jocquetta Smith.

A program on religion was presented by Mrs. G.F. Duncan, Mrs. H.F. Woods and Mrs. Elizabeth Gullion. Mrs. Gullion, Mrs. W.A.

Dorries and Mrs. Edward Phillip were elected to serve on the nominating committee for the year book.

Mrs. Arlene Burks and Mrs. C.F. Duncan are in charge of making arrangements at the Blossom Truck Stop for the Club's annual luncheon and

installation of officers. Mrs. Burks will install new officers. The meeting will be May 13. Members were served a special casserole dish, finger foods and a dessert plate by the hostess, Mrs. Smith, her daughter Jaenna and aunt, Mrs. Jack May.

SENIOR CITIZEN'S CORNER HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Who Lives Longer?

There is an emerging consensus that males are really the dependent species. Perhaps this was certain to come, since women have advanced in recent decades from homebodies to equal breadwinners and business partners. Female achievement, however, is a significant but not overriding factor in the new attitudes about male and female dependency. What has come forth is evidence that widows live longer than widowers. When marriage partners are separated after long years of togetherness, the female survivor appears to be more capable of adjusting to a single life. The death rate for widows is only a few percentage points higher than that for married women of the same age. Men are a different story.

rate for males at all ages is considerably higher than that for females, the mortality rate for widowers is about one fourth higher than it is for married men of comparable ages. The implication, researchers say, is that married men are much more dependent upon their spouses than they are willing to admit and thus, when left alone, have extreme difficulty adapting to a new lifestyle.

Part of the problem may be that men do, indeed, change their lifestyle when they are widowed. Life expectancy is certain to be limited when one loses a zest for life, when physical activities are curtailed, if hobbies are discarded or a lifestyle is in any way greatly altered.

For both men and women, the pursuit of productive activity will probably determine where the percentages fall.

TORNADO—The tornado that rampaged through Red River County last Sunday created a weird formation as it lifted up and down time and time

again. Most of the damage was confined to barns and trees, as the twister missed populated areas. (Staff Photo by Nanalee Nichols)

Contributions Asked For Old Deport Cemetery

Another wet spring has produced another lush growth of weeds and grass in the Old Deport Cemetery south of Deport.
 And once again, concerned local and other interested persons are asked to contribute money for regular mowings of the ancient burial grounds.
 Ed Bryson, president of the Deport Cemetery Association urges all association members, all who have contributed in any way, to give as generously as possible as one way of showing pride in pioneer citizens who rest in the old

Highland Cemetery Needs Funds

The Highland Cemetery is in need of funds to carry on the renovation now underway. A perpetual fund has been started for the project, to which response has been tremendous; but there are still many who have not responded. If anyone is interested in contributing, the suggested way of creating endowment funds large enough for sufficient income to support the financial needs of the Association is to purchase a certificate of deposit which would be a minimum of \$100 for each lot.
 The Association feels this amount would adequately assure good maintenance for many years. The certificate of deposit would be made out in the name of Highland Cemetery Association in memory of or in honor of whoever, giving a member of the board authority to sign annually for renewal of the certificate.
 It is hoped that the fund will be increased so it will not be necessary for yearly payments from individuals. The Association would like to

thank everyone for their cooperation and donations, and hopes the response to the fund will increase. Contributions may be mailed to Purna Haydock, Box 51, Deport, Texas or to the First National Bank of Deport.
