The "Good Ole Days", there is a lot said about 'em. Some people think they'd like to go back to 'em. Not me!

Oh, I'm not talking about old fashioned values or things like that, I'm talking about the way we do things.

I don't know about you folks out there, but I like the way we're doing things now-a-days instead!

What brought this up? Hay hauling. Ten years ago Thomas and I spent every spare moment we had cutting, raking and baling hay into those nice little 60 lb. square bales. Then we hauled it. Good Lord, when we acquired a fifty dollar loader to carry the bales from the ground up to the bed of the truck it was like going to heaven!

But we switched to the big round bales, and Sunday I went out with Thomas to help haul them in to stack in the barn.

It was so easy I felt guilty! He would take the front end loader, pick a bale up, stack in on my trailer, and when the trailer was full he put one on the spike at the back of the tractor and another on the front, and we'd bounce along the road to the barn. Then he would unload and stack those big, round chunks of hay, and nobody, not either one of us, had to touch them. We were through we went home, still reasonably clean, and without an ache nor pain!

That made me think back to all those blistering days we spent handling each square bale one at a time, several times. We would leave at sunrise. With long sleeves, hay hooks and reinforced jeans we would work until midnight, stopping only for another long drink at the water jug. Then we stumbled home to try and soothe the scratches, itches, scrapes and aches left by those hay bales. After eating a hand full of aspirin we would try to sleep, only to discover that muscles, bones and back hurt too bad to sleep! Hey, it ain't no way to live!

In between times there were break downs of ancient hay trucks, sprains, broken bales, over-heavy bales, live snakes caught in the hay, and a variety of other joys. Everyone, male and female alike, should have to experience that at least once...it's excellent for developing an appreciation for the finer things in life! Anyone who has ever hauled hay on a regular basis can vouch for that. I've stretched out in the meagre shadow cast by a truck tire many a blazing afternoon wondering why I liked outdoor work!

I'm not here to argue with anyone about the merits of feeding square bales or round bales...that's not the point. The point is that hauling hay with a loader is soooo much nicer than the old way. And I suspect that "old timers" who can remember when the hay had to be taken to the baler, and hauled with teams of mules or horses, could tell me just how much of an improvement the system of a few years ago was over THAT system.

No, hauling hay isn't what it used to be. Thank goodness!

For Some Wild Creatures, A Second Chance

By Nanalee Nichols

He was magnificent. Huge wings spread, powerful beak open, the injured Red Tailed Hawk faced contact with humans in the only way he knew how...with defiance and dignity.

The bird was brought in by a couple of Deport youngsters. I took it to Cox's Veterinarian Clinic after a quick phone call to Nancy Salzman, who heads up "A Second Chance" an organization for wildlife rehabilitation which is State and Federally permitted.

At the clinic Dr. Cox removed the big bird of prey from its box and a careful examination began.

The first injury discovered was a broken wing...something that can sometimes be fixed.

Further examination revealed that the bird was thin, and had a split on it's breastbone where it had slammed into something. Still, hope remained that the gorgeous creature could be nursed back to where it could return to the wild.

It was only after a look into those fierce eyes that the bird's fate was sealed.

The lens of one eye had been knocked completely loose, and the bird was blind in that eye.

The eyes of a hawk are capable of spotting a moving field mouse at a mile...and a bird without both eyes simply cannot hunt.

The bird may well have been hit by a car, but all too frequently their injuries result from gunshot.

Hawks have a bad reputation, one that is completely undeserved. To many people every hawk is a "chicken hawk" and deserves to be blasted from the sky! To begin with, most raptors eat rats, mice, snakes and some varieties eat other birds. They never spent a lot of time eating baby chickens or pullets, but disliking them because of that particular habit now is ludicrous! Hawks would have long since starved to death if they depended on the chickens available now. Realistically, finding someone still raising chickens out in the open is almost impossible!

Shooting the birds is not only illegal, it is tragic. Yearly they become more scarce.

Second chance is aimed at helping not only hawks, but every other type of wild animal receive just that, a "second chance" at life.

Although this particular bird had to be euthanized because it could never return to it's free, natural state, many animals under Salzman's careful care can.

Wounds treated, strength built up, they someday can bound back into their own world.

The shame of it is that so many are wounded or injured through cruelty or deliberate injury instead of through accident.

For those who care enough to want to help when they find a creature in distress Second Chance now offers them the chance to accomplish something. They can call and hand the victim, whether it be animal or bird, over into capable care.

But many people are afraid to call for fear they may be accused of keeping the animals, or that they might have to testify against someone they know who injured it.

Mrs. Salzman says "People don't get in trouble for turning animals in to us, they get in trouble for keeping them". It is illegal to cage or confine any wild animal from an infant squirrel to deer, or owls and hawks. But keeping one overnight isn't going to result in a fine. Mrs. Salzman stresses over and over that calling Second Chance will only result in getting help and care for whatever creature needs it.

Trying to raise wild animals for pets is tricky business. They often require special diets and have special needs in captivity that cannot be provided without expert knowledge.

Out here, where many people come in frequent contact with wild animals, we may have the opportunity to rescue one.

The first step in that is to call Second Chance. Nancy Salzman can be reached at 784-1779. Two other numbers are: 785-8100 and 784-6774.

After watching the organization in action Saturday, I encourage you to do so. Help give our wildlife more of a chance at survival in a world that is increasingly difficult for them...due to our advances.

MAGNIFICENT-But doomed, this Red Tailed Hawk was taken to "Second Chance" an organization dedicated to rehabilitating injured, wounded or ill wild creatures until they can be returned to their natural state. This bird was blinded in one eye, as well as having a broken wing and other injuries, so that he had no hope for a normal life. Second Chance is headed by Nancy Salzman, and Dr. Kenneth Cox, veterinary, examines and helps treat the animals or birds. The hawk is shown with Dr. Cox after being brought from Deport Saturday. techniques using soft, invisible and fluorescent chalk. Mr. Sinclair demonstrates his art techniques in schools and in church ministry. (Staff Photo by Pansy Morrow)

Deport Responds To Three Calls

Deport Volunteer Fire Department was called out for three fires in the past week, one minor, the other two major.

Last Wednesday night, they responded to a brush fire south of Deport.

At 3 a.m. on Monday morning, they were called to Minter to the home of the Don Spears family, which was completely engulfed in flames before neighbors noticed it. The

family was not at home and cause of the blaze is unknown at present.

Monday afternoon, they went to a grass fire that destroyed several hundred acres of pasture and grass land. Trouble with the small grass truck, which they are currently trying to replace, forced firemen to fight the fire mostly on foot.

The fire began near the LaNell Lane property and traveled northeast almost to the Kyle Wright property.

People & Things

The Prairiland Band Boosters will have a pancake supper beginning at 6 p.m. at the Prairiland Cafeteria on Friday, October 21. Tickets are \$3.00 and pre-school age children are free.

The Taylorstown Community Flower Fund is low and needs donations, which can be sent to Dorothy Holland.

The Fulbright Community Center will hold their annual Stew Supper Saturday night. Serving will begin at 5:30 p.m. with prices at \$2.50 for adults and \$1.50 for children. Everyone is invited. A quilt will be given away after the supper.

Prairiland Sports Report

Prairiland Defeated At Mineola

After Prairiland's 14-13 loss at the hands of pre-district favorite Mineola, Pat's coach Jim Chambers said, "This group if kids does not accept moral victories." He went on to say that they expect to win every time they take the field.

The 150 or so Patriot fans who made the 85 mile trip Friday night were treated to as fine a football game as you could see.

After crowning their homecoming queen, the Yellowjackets started the game as if they meant to crown the red and blue. Joel Durden took Jack Kindle's opening kickoff at his 14-yard line and exploded 86 yards to paydirt. The extra point try was wide left and Mineola led six to nothing after only 12 seconds had elapsed.

The two teams then settled down to play defense for the next eight minutes as neither one was able to move the ball.

With 3:28 left to play in the first quarter, Mineola's punter nailed a 46-yard punt out of bounds on the Patriot six-inch line. Little did the fans know

that this would mark the beginning of a 13 play, 99-yard drive which would consume 8:04 of the clock and be climaxed by a six yard run by P.G. Morrison. Jack Kindle nailed the point after and Prairiland led seven to six. This drive was highlighted by several good runs by Morrison, a beautiful 26-yard pass from Martin Babb to Kindle and a ten yard pass from Babb to Wade Sparks on fourth down and ten from Prairiland's own 44 yard line.

Mineola answered this drive with a 66-yard drive of their own that ended when Durden dove over from the one yard line for his second score of the night. The Jackets were successful on a two point conversion and led 14-7 at the half.

The second half of play was highlighted by the Pat defense led by Tommy Shirley, Shannon Osborne, Charles Kennedy, Michael Madewell, Morrison, Kindle and company.

Prairiland scored the only touchdown of the second half with 8:01 left in the third quarter. This touchdown

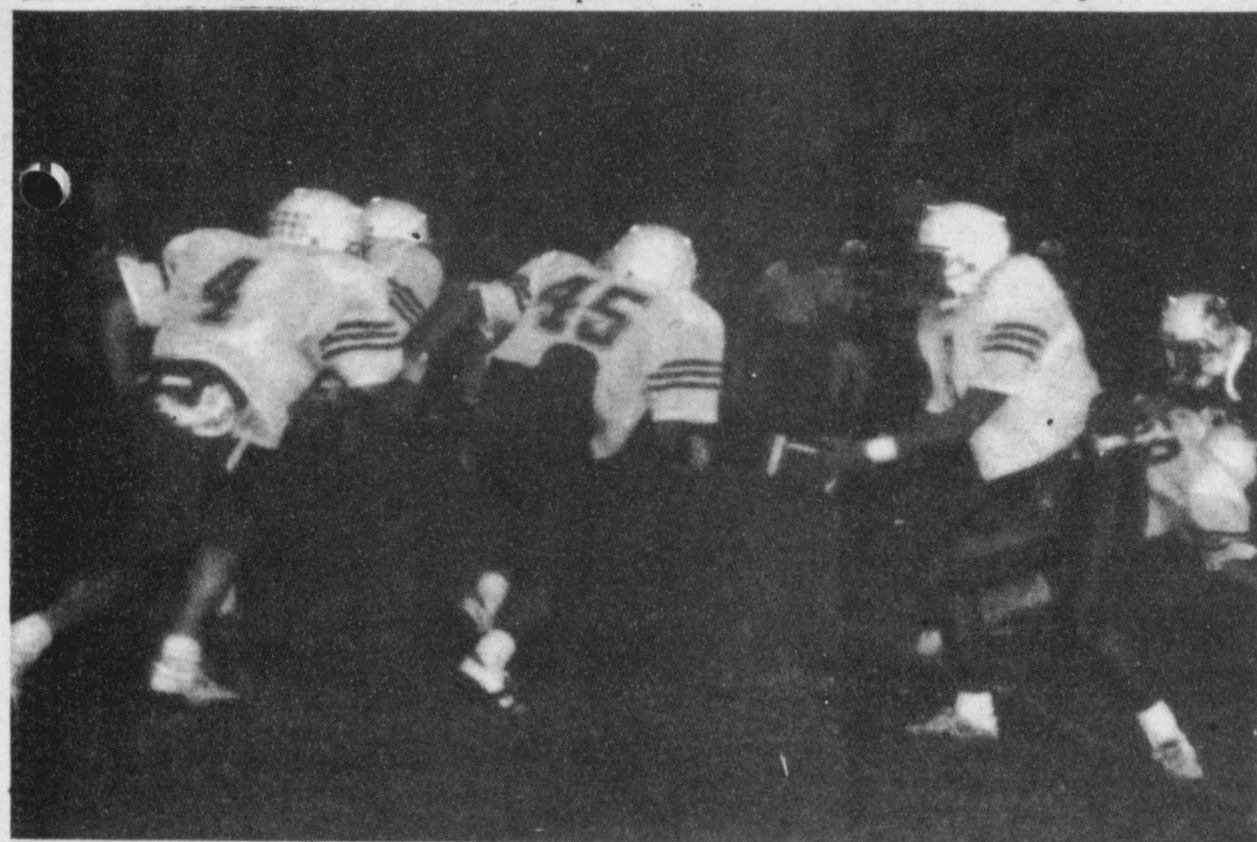

by Trevor Upchurch climaxed a 79-yard drive which featured several fine runs by Randy Barber and some great lead blocking by David Stevens. David Harrelson and running back Wade Sparks.

Because of their fine defense, the Pats were able to mount one last drive late to try to win the game, but with one minute left the game, and the Pats on Mineola's 32-yard line, a Babb to Ron Griffin pass on fourth down was barely broken up, thus preserving the hard earned win.

If you have ever been out to watch this group of undersized overachievers play football, you are missing a treat of a lifetime.

Final stats for Friday's game showed Martin Babb completing seven of eleven passes for 109 yards. Jack Kindle led the receivers with four catches for 77 yards.

Morrison had 15 carries for 69 yards, Babb 3-22, Upchurch 10-23 and Randy Barber 8-24. Giovanni Scarano had a fine night blocking from his fullback spot.

Mineola Beats Prairiland Junior High

By Gayna Neeb and Gail Anderson

Using a 20-pound weight advantage and excessive speed, the Mineola junior high school football team ran past Prairiland, 22-0, on Thursday.

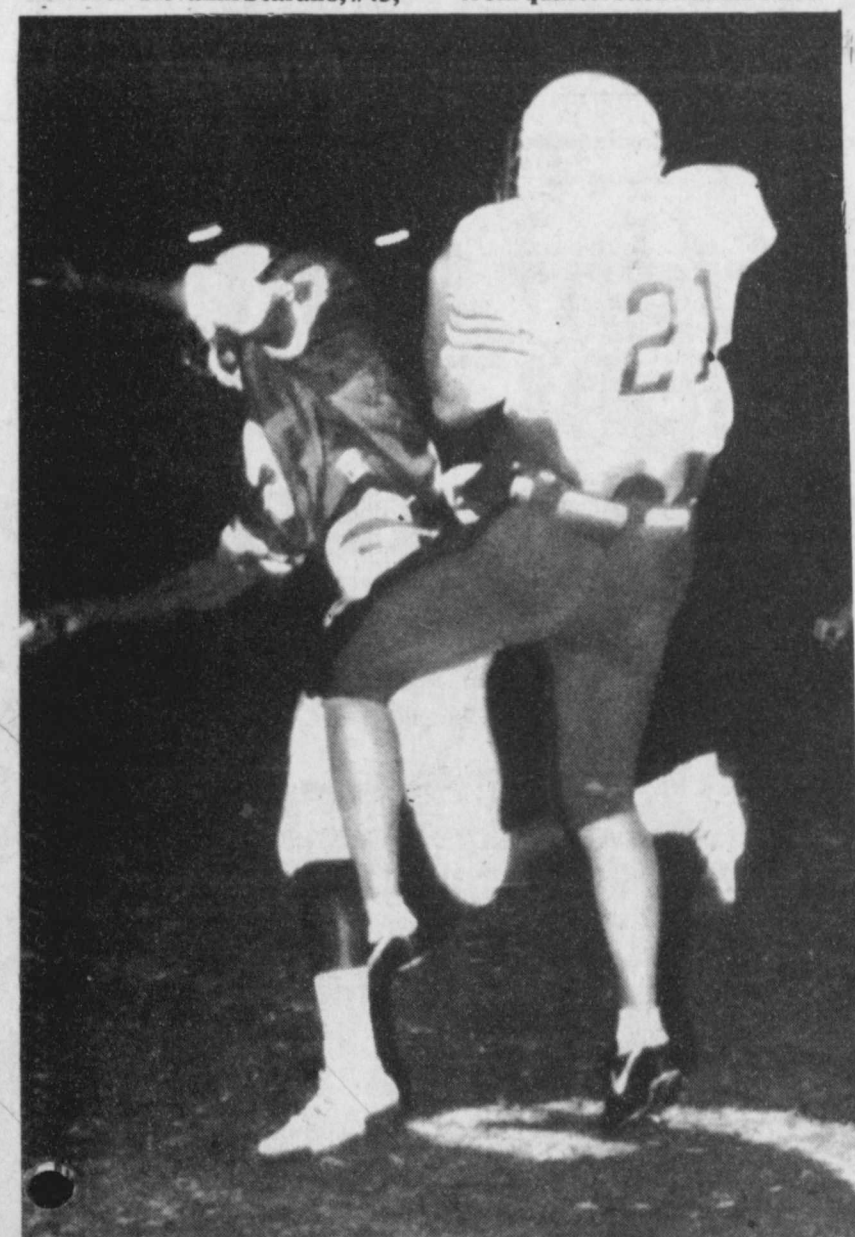

The Yellowjackets, playing with a team of 35 eighth graders, held the Patriots to 45 yards rushing and nine yards passing. Jack Crawford led the Prairiland offense with 32 yards rushing. Quarterbacks were Justin Withers and David Singleton.

Bobby Langston led the defense with five tackles and two blocked passes. Other players who had good defensive efforts were Tony Head, Patrick Williams, Clifton Bazhaw, Justin Withers, Chad Whitley, Brock Blasingame and Swede Ladd.

Prairiland TEAMS Exit Level Test October 25-26

During the 1985-86 school year, the Texas Education Agency instituted the Texas Educational Assessment of Minimum Skills (TEAMS) assessment program. This program, mandated by House Bill 72, passed by the Second Called Session of the 68th Texas Legislature in July 1984, measures minimum basic skills in the areas of mathematics, reading and writing in Grades 1, 3, 5, 7, 9 and in mathematics and English language arts in Grades 11/12. The test given to eleventh and twelfth graders is an exit level examination and both the mathematics and English language arts of the test must be passed by students prior to their receiving a high school diploma.

The TEAMS exit level test is administered at least twice each school year. For the October 1988 test administration, eleventh graders will be tested for the first time and students who previously have not demonstrated mastery on both sections of the test will have the opportunity to retake the assessment instrument. The results will be aggregated by grade and subject and reported for each campus, school district, service center region and for the state.

Mineola Outscores Pat JV

By Jeff Wilcoxon

The Prairiland Junior Varsity and the Mineola Yellowjackets met last Thursday in a game of fumbles and miscues. Both teams suffered with six fumbles each and found defensive linebackers in each other's backfield for most of the game. The visitors overcame their mistakes and capitalized on a 14-8 win.

The Patriots actually won the wrong half as they dominated the first half with good defense from Dexter Baker, Richard Rockey and Chris McCarty. Jim Nelson provided the offensive yardage with McCarty and Rockey placing the eight point on the board. At the half it was Prairiland up, 8-0.

Short punts and fumbles were enough to keep the Yellowjackets in

striking range for the second half. Mineola drove in for a score from the 35 yards out and then again from the 35 after a fumble recovery. The score at the end of the third quarter stood 14-8. The fourth stanza was a defensive battle for both teams as each unit displayed big plays to stop the offense on fourth down plays. The Patriot secondary of Philip Lutz, Nelson Mineola's passing game from being a factor in the closing minutes.

Next action for the JV will be at Rains to play the Wildcats in a 5:30 game.

We regret that Brandon Johnson was misidentified in last week's story. Johnson is who caught three passes and made an interception.

RULES OF THE GAME

CLIP OUT THIS PAGE AND MARK YOUR CHOICE OF WINNERS OF THE GAME THAT APPEARS IN EACH OF THE ADS ON THIS PAGE.

Do not guess the score, just the winner. If you predict a tie, so indicate with the word "Tie" written across the ad.

GUESS BOTH THE WINNER AND THE SCORE FOR THE GAME MARKED 'TIE-BREAKER', THAT APPEARS ON THIS PAGE.

Tie-breaker game winner will be counted with other games but tie-breaker game score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points by winner fourth. If still tied, the prize money will be divided equally.

Fill in your name, address and phone number (if

any) and either mail or bring this page, or a facsimile of the list of games, to either The Deport Times or The Bogata News.

Entries brought to either of the newspaper offices, must be in that office no later than 5 p.m. Friday of this week. If mailed, entries must be mailed to either The Deport Times, P.O. Box 98, Deport, TX 75435; or The Bogata News, P.O. Box 306, Bogata, TX 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

It is requested that only one entry per person be submitted. In the event of more than one entry from a contestant, that person will be eligible for only one prize in that contest week.

Everyone is eligible, except employees of The News-Times newspapers and their families. Decision of judges will be final.

Pressley-McGee Vows Exchanged

Sandra Kay McGee of Mt. Pleasant and James Allen Pressley of Nacogdoches were married in a semi-formal ceremony at 7 p.m. Saturday, October 15 in the College Church of Christ. Dr. Jimmie Newman, minister, heard their double-ring vows.

The bride is the daughter of Albert and Clara Whitney of Mt. Pleasant and the late Wayne McGee. She is the granddaughter of Mildred Gage of Paris. The bridegroom is the son of Tommy and Evelyn Pressley of Cunningham.

A capella wedding music was presented.

The bride was given in marriage by her mother, stepfather and brother. She wore a gown of taffeta and silk trimmed in lace. The gown was fashioned with a vee shaped neckline with a sheer lace inset. Matching lace formed a panel down the front of the bodice and trimmed the elbow-length sleeves. The softly gathered skirt extended into a chapel-train. The bride's shoulder-length veiling was held by a crown of lace flowers with a spray falling to one side.

DeeDee Cope Kirby was matron of honor.

Donna Pressley of Cunningham and Kim Whitney of Mt. Pleasant were candlelighters. Deann Pressley

of Cunningham was flower girl.

Rodney Skidmore of Paris was best man. Ushers were David McGee of Mt. Pleasant and Michael Whitney of Mt. Pleasant.

The bride's parents were hosts for a reception at the church following the ceremony.

Members of the houseparty were Kathy Davis, Roxanne Ferguson, Roxanne Shoemaker, Kay Langley, Dona Pressley, Kim Whitney and Linette Ervin. Tonya Houchins presided at the register. The couple will make their home in Nacogdoches.

The bride is a 1988 graduate of Paris High School and will attend Stephen F. Austin State University.

The bridegroom is a 1986 graduate of Prairiland High School and attended Paris Junior College. He is employed by Beall's Department Store in Nacogdoches.

The bridegrooms parents were hosts for a rehearsal dinner at the church Friday night. The couple presented gifts to their attendants.

The bride was honored with several showers prior to the wedding. A miscellaneous shower was given in Cunningham. Kathy Davis was hostess for a shower at her home.

Roxanne Ferguson was hostess for a miscellaneous shower at her home.

Handy Hints/Reminders:

To make sure that your small engine works when you are ready to use it again after a long period of storage, be sure all gas is drained before putting it up. Watch out for chain saw kickback: a hard spot in the wood, a knot, a nail, several other things can cause this, and can be dangerous if you are not prepared for the possibility.

Some see us for chain saw tune-ups, rebuilding carburetors, recoil problems, stopped-up fuel filters, etc. Sharpening on or off the saw is only \$3.00. We have a good selection of chain links and chain parts to make the chain loops with; We can also special order anti-kickback chain and usually this only takes two to three days to get back to you. Chain loops cost approximately \$7.00 to \$9.00. Chain saw tune-ups are only \$15.00, rebuilt carburetor, \$7.50. You will also want to bring your mowers, weed eaters, etc., in for a final check before putting them away for the winter.

TO THE TAXPAYERS OF LAMAR COUNTY

It is getting close to Election Day. It is time to think about our Community. We need someone with the experience and the know how to get the most of our Tax Dollar.

I have 18 years of experience in City Government. I have balanced or helped balance 10 Budgets. I have a degree in Management from Texas A & M. I worked for the City of Paris for 18 years and owned my own Business for 4 years. I have lived in Lamar County for 51 years and I have been a businessman and investor in this Community for 15 years. I know the needs of this Community. This gives me the experience to sit on the Commissioner's Court.

My platform is No Tax Increase, improved road conditions, and a Balanced Budget. A Vote for me is a Vote for you because I am working for you, the Taxpayer. So remember to go to the polls on November 8th and Vote Republican. Vote for James T. Anderson, for Commissioner For Precinct 1. Thank you for your support.

Cemetery Vandalism Is Crime Of The Week

The Moores Springs Cemetery located between Reno and US 271 South on a gravel road known as The

Old Clarksville Road, has been vandalized on several occasions in the past few months. It is believed that

juveniles are responsible. Crime Stoppers is offering up to \$1,000.00 in cash rewards this week for information that leads to the arrest and indictment of the person or persons responsible for this crime. Crime Stoppers also offers cash rewards for information on other felony crimes. Callers do not have to give their names.
Call Crime Stoppers at 785-TIPS..

Call Social Security Toll-Free For Information, Help

"The Social Security Administration has improved its telephone service for the residents in the service area who have not had access to toll-free telephone calling," according to Ray Hudson, District Manager in Paris.
Anyone who has had to pay a long-distance charge to call Social Security can now call without cost by using the toll-free number 800-234-5554 or 800-234-5772. In addition, the hours people can call have been extended.
With the new toll-free number, anyone can call 24 hours a day. Calls

between 7 a.m. and 7 p.m. each business day will be answered by a live operator, and, at other times, a caller can leave a message which will be answered the next business day, or at a convenient time chosen by the caller.
Callers should find SSA's new toll-free telephone service especially convenient when they need to change a mailing address, obtain their earnings record, or make an appointment to apply for benefits. All calls to conduct Social Security business should now be made using the new telephone number.
