Last week I wrote a little column on "How hay hauling has improved over the good old days".

That set me to thinking about a lot of other things that have improved in my life since Thomas and I married.

One of the first things that comes to mind is our bathing facilities. A bath tubs a bath tub, right? Wrong.

The first tub we had didn't have anything wrong with it...but the water supply came from a well that had a very definite tendency to go dry during the summer months.

There's nothing like being all lathered up with soap, having the faucet give a muddy gurgle, and being completely out of water. Now we have a county water supply, and a huge hot water heater capable of handling the longest, hottest soak imaginable.

Then there is the refrigerator. Oh, ours doesn't sport water spigots and ice spigots, or even an ice maker, but it IS frost free...and it DOES work!

The first fridge we owned cost us \$15 and we got cheated. For the first three months of our marriage we had to listen to the thing muttering and growling to itself. Then, while we were gone for three days, it died! We had to pay \$25 for the next one!

Air conditioning, central heating, weather stripping, a roof that doesn't leak...these are all things that slowly were achieved over a number of years.

Television has seen some real improvements in our marriage...I don't mean the programming, I mean the quality of tv and reception. We had been married nearly a year before we acquired a used black and white TV, courtesy of Thomas' dad. About four years later (when we got a phone, too) we acquired a used color TV. The case looked absolutely awful, but it worked. The antenna we used was set in an old wheel hub. To change directions, someone had to go outside and turn the whole pole until the inside person yelled that the picture was best.

The stove we have now has a working oven, something my stove didn't have for a four year period at one point in time!

One of the biggest improvements in our life has been in the washer and dryer. For fourteen years we got by with an old, battered washer from my brother's laundry. The thing even had the coin slot on the front! It broke with greater regularity than any piece of equipment I've ever seen.

The dryer was a \$10 special. It worked well for years, but finally it got to the point where the drum would jump off its track. Then it set up a screech that echoed through the neighborhood. One winter day, when it had rained for weeks, I had to go out, grab the drum and wrench it back into its track sixteen times before one load of clothes was dry.

That's when I had enough of a fit that we bought a new dryer.

There are certainly worse hardships than chipping ice from an old refrigerator, or having to put a pan under a leak in the roof.

But, like hay hauling, life is so much more pleasant without having to deal with such things.

No, I don't feel very nostalgic about the "good ole days"...I like it now, and hope to enjoy the future too!

Nature's Fall Bounty Points To Harsh Winter

By Nanalee Nichols

If all the signs are right, the upcoming winter months should be cold and harsh.

There's always been a lot of old wives tales about predicting a harsh winter...but don't discount those tales completely...there's some truth in them.

Obviously the thickness of a wild animals coat in the fall couldn't have anything to do with how cold the winter is going to be...right? Wrong. Generations of both casual and scientific study reveal that when squirrels, rabbits, coyotes, raccoons and other wild creatures have heavy coats of fur nature intends for them to have that protection during a bitter season.

Accordingly, nature provides birds and animals with extra food during a bad winter.

Anyone can observe the crop of extra large, extra plentiful birds' d arc apples, a favorite food of squirrels and raccoons, this fall.

Berries, the multitude of bright red and deep purple ones that most people never notice, grow wild along road-

sides and in thickets. This year's crop is exceptionally heavy, with clusters hanging down to the ground.

Rose hips and the fat, dried grains that grow underneath the brambles are heavy.

It all points to a long, cold winter in which nature's creatures will need lots of food.

An old wives tale predicts that thirty days after the first broomweed blooms, there will be a first frost. Again, if that's true, this area is due a frost within two weeks.

And what about the humans? Do our instincts take over more than we realize? Are we subconsciously purchasing heavy clothing, and stocking up on food?

It would take a massive survey to reveal the truth on that. But for now, a quick look at the size of wood piles tends to indicate that yes, we still retain some contact with a sense of the seasons, and yes, we too expect this winter to be bitter.

Keep track, take some notes, and when spring time comes, see if nature's predictions came true!

Deport PTO Reorganized

Several parents and teachers met on October 18 in the Deport School Library to reorganize the school's P.T.O. Several ideas were discussed for future projects for the organization.

Those present at the meeting were very enthusiastic about the reorganization and want it to grow. In order for thi to happen, cooperation of the parents and teachers alike is needed to achieve this goal. Everyone's support is needed for the P.T.O. to

make a difference in the school.

The newly elected officers for the 1988-89 school year are: president, Phebe Allen; vice-president, Sharyl Thompson; secretary-treasure, Susie Hicks; treasurer, Treda Norwood.

The club voted only to have meetings on a called basis, with the hopes that this will encourage more attendance. Information on future P.T.O. meetings will be listed in The Deport Times.

Thunderstorms Drop Rain On Area

With only a 30% chance of thunderstorms and rain, the area received 1.55 inches of moisture Tuesday night. From 6:00 p.m. through the night of October 25, clouds formed, rumbled and sent down bolts of light-

ning and dropped rain, ranging from deluge to shower.

Most area farmers are through harvesting, and agree that the moisture was needed after the past two dry months just past.

Rains Slips By Pat Jr. High

By Gayla Babb and Gail Anderson

The Prairiland Patriots received the opening kickoff and inched their way to a touchdown consuming over seven minutes on the clock. This gave them the lead for the only time in the game. Rains came back on the second play of their possession and Chris Garrett ran the ball for 60 yards for a T.D. Their two point conversion attempt as good, putting them ahead, which turned out to be the winning score. Jacky Crawford with consistent dive forwards, made the only Pat T.D. going in from the three yard line.

Rains scored their second touchdown and two point conversion points during the second quarter, leaving the score 16-6 which turned out to be the final score.

After the half, both defenses tightened up. The third quarter started with the Pats stopping the Cats on fourth and 15, and getting the ball on their 39. Facing excellent running by Crawford and Eric St. John, the Cats

held and got the ball on their 46-yard line. With key defensive plays by Crawford, St. John, Scotty Babb, B.A. Sessums and Brandon Johnson, the third quarter ended 16-6 Rains.

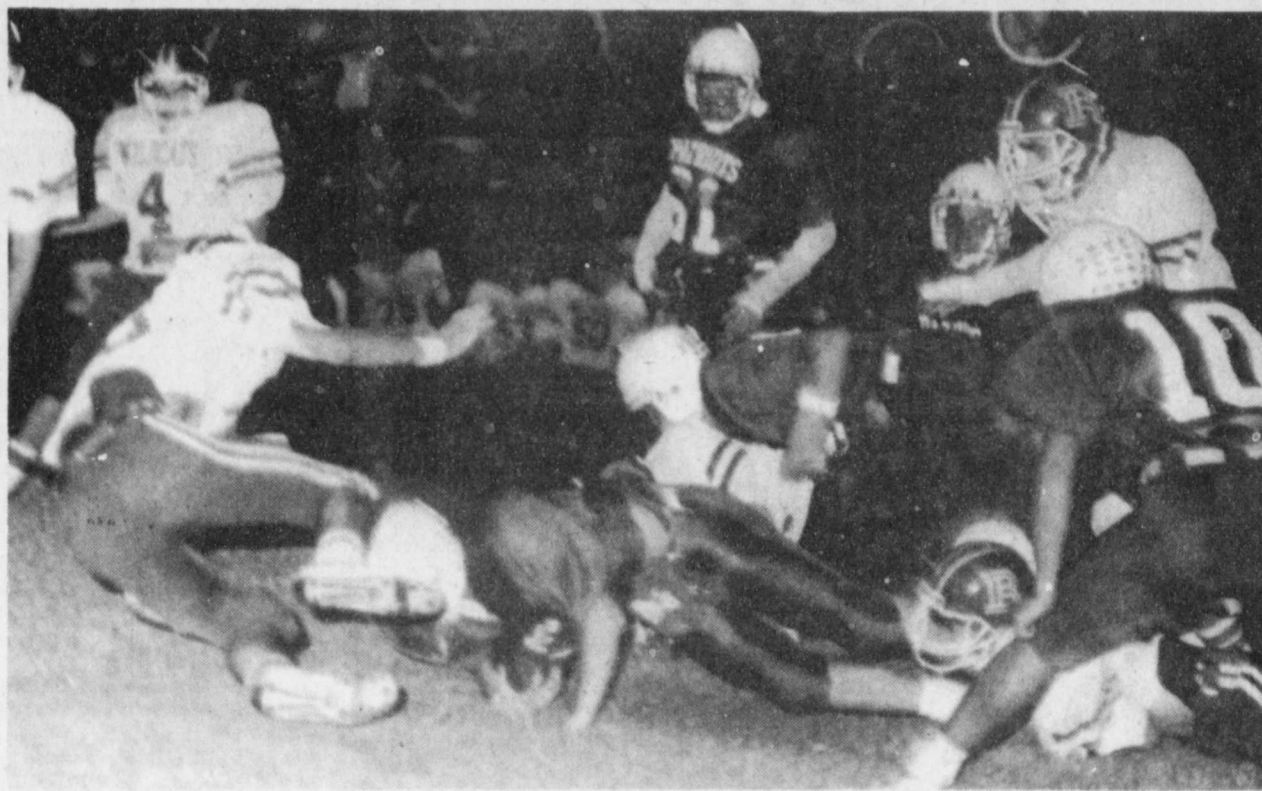

The fourth quarter began with tackles by Brock Blassingame, Tony Head and a quarterback sack by Crawford. Sessums and Babb kept the Cats from making fourth and seven.

The Pats couldn't seem to pull off another score, due to penalties and fumbles. Rains got the ball only to have Chris Whitney force a fumble to give the Pats the ball one last time on the Pats 12-yard line. However, it was to no avail, as Rains got the ball and ran out the clock.

Leading rusher was Crawford carrying 21 times for 88 yards. Crawford, Head and Babb led the defense in tackles.

The Pats last home game will be next Thursday, October 27 against Winnsboro.

Patriots Pour On Rains Parade!

By Thomas Nichols

The only thing the Rains Wildcats won Friday night at Patriot Stadium was the coin toss. The 5 and 3 Patriots took command of the contest and refused to relinquish command to the winless Wildcats for four quarters in a 19-0 contest.

The stronger Patriots forced the Wildcats to make mistakes and controlled their efforts while moving the ball up and down the field without posting any points until the second quarter.

It was late in the first quarter, however, the scoring drive was set up. Patriot Charles Kennedy sacked Wildcat quarterback Brent Davis while the desperate Wildcats tried to pick up a first down on fourth down and six to go, close to mid-field.

Prairiland's own "Italian Stallion" moved the ball to the Rains' 40-yard line. Randy Barber and P.G. Morrison added a few more, but short of the first and ten. On fourth down and two yards to go, Martin Babb rifled the ball to Jack Kindle for the first down on Rains' 23-yard line. Thanks to the legs of Trevor Upchurch, and a personal foul on the Wildcats, the Patriots had the ball on the 11-yard line.

On the very next play, quarterback Martin Babb rolled out, and raced in for the six points with just over nine minutes left in the first half. Jack Kindle kicked the extra point, and the Patriots were off.

After the Patriot kickoff, the Wildcats ran three plays before quarterback Brent Davis fumbled the ball, and P.G. Morrison recovered for the Patriots.

The Patriots moved the ball from their own 42-yard line down to the Rains' 25.

Forced with another fourth down and two yards to go for the first, Martin Babb connected with Jack Kindle in the endzone for six more.

The extra point was fouled by a high snap, and the Patriots had a thirteen point lead with just over three minutes left in the half.

At halftime, the Patriots had put together ten first downs to Rains' five, had rushed 71 yards to Rains' 45, passed 46 yards to Rains' 29, and Martin Babb owned good numbers with four completions out of five passes.

The Patriots waited until late in the third quarter for the third T.D. The Patriots had moved the ball down to the one yard line. Trevor Upchurch plowed through for the apparent score, but the Patriots were flagged for holding, and the touchdown did not stand. Two plays later, Martin Babb and Jack Kindle made the right connection for the touchdown. This time there were no flags, and the Patriots led by 19 points. The two point conversion failed and the score stood at 19 to zip.

Late in the fourth quarter, Patriot Wade Sparks intercepted a Wildcat pass to set up another threat by the Patriots. The Patriots controlled the game and moved the ball down to the 6-yard line with seven seconds left in the game.

Coach Chambers was contented to run the clock out at that point. Chambers explained to his players and fans that he wanted to run a class football program, and he didn't see any need to try to run the score up on an opponent that was down by 19 points, and only seven seconds left in the game.

Chambers also praised his players for their efforts, and their parents for the quality of boys on his football team. The coach offered little hopes of a play-off berth this season.

The Patriots play their last home game for this season next Friday night when they face Winnsboro at 7:30 p.m.

Patriot JV Rolls 24-8

Last Thursday, the Prairiland JV dashed the hopes of the Rains Wildcats for a victory as they rolled to a 24-8 win. The Patriot offense had an impressive 310 yards of offense, led by Chris McCarty and Jon Nelson, while holding the home team to only one trip into the endzone.

The Patriots convinced the Wildcats quickly after recovering a fumbled punt attempt on the Cats nine yard line. On the first offensive play, Chris McCarty bolted for the score. Richard Rockey added the extra points making the score 8-0. Rains and the Patriots exchanged punts and then the Pats found paydirt again with McCarty scoring from six yards out. McCarty also added to the score to push Prairiland to a 16-0 first quarter score. The second half turned into a defensive battle as neither team scored. Both teams defensive units held and the halftime score stood 16-0, Prairiland.

After the second half kickoff, the Patriots headed for another apparent score as Richard Rockey ran 35 yards for a score but a clipping penalty nullified the effort. The Wildcats held the Pats on fourth down and

gave the Rains team new life. The Wildcats moved the ball across midfield but were forced to punt. The Pats also had offensive troubles on their next series and were pushed deep into their own territory. On the short punt by the Patriots, the Wildcats ran the ball back to the 15-yard line. The Cats proceeded to drive the ball across for the score and added the extra points for a 16-8 third quarter score. The fourth quarter found the Patriot defense alive and well as they held Rains and then managed another score themselves with a 49-yard run by Jon Nelson for a touchdown. Rockey tacked on the extra point making the final score 24-8. The defense was rallied by Rocky, Nelson, McCarty, Chris Lutz, Chris McEwin and Mickey Boyer. Freshmen Shane Morton's interception in the final seconds iced the win for Prairiland.

The Prairiland JV will take their 3-5 record to Winnsboro next Thursday for a 5:30 game. The Pats have two games left in the season and will play at home against Quitman for the finale.

Better To The Editor

Slow down, James. Slow down, James. Hurry, get out of the truck. Please, get out. Hurry. Those were the last words I remember. Oh, God, why didn't I listen to my Mom and Dad. My Grandparents. Nancy said to be careful as we walked out the door, not more than five minutes ago. I'll be 18 in one week from today if I live. What about all of my cousins lives that I've taken in my hands. My responsibility, I'm responsible, responsible for their lives, my actions and my truck. These are the things going on in my mind as we were going around the curve as I was trying to find the brake.

We were on a typical Saturday afternoon run through town. James 13, Tina 14, Robert 12, Bradley 8 and myself, one week away from being 18.

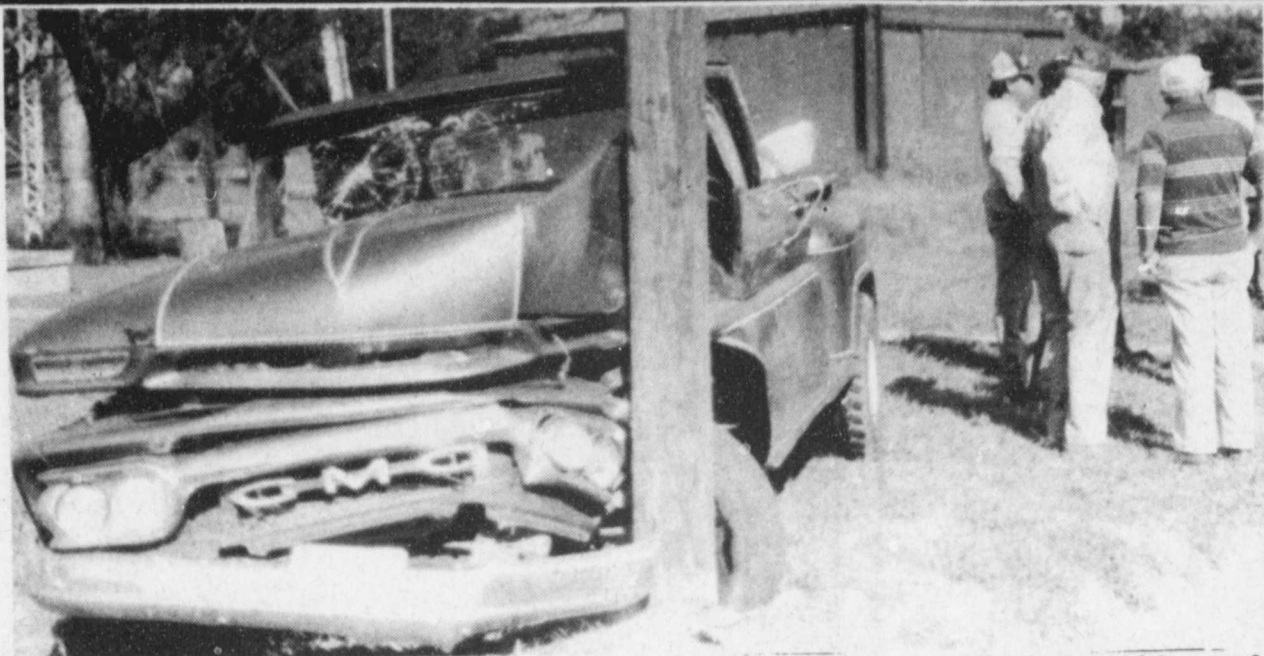

James wanted to drive. I told him "no way man" but he kept on begging and finally I said "OK". The first thing I told him was "If you wreck my truck, you had better run for your life."

Well, we took off headed in the direction of town. Everyone laughing about James' driving. No big deal. Daddy lets me drive sometimes and so does my Grandpa. James was saying, Yea, man, my Mom and Dad used to let me drive all over Bogata when I was your age. I thought it was OK to let him drive. All of the parents in the small towns around here let their kids drive around town. That's just part of country life.

When we get close to the curve by the fire station, James was going too fast to make the curve. This is a dream, oh God, please let me wake up, don't let this be happening. I reach over in a panic to put my foot on the brake, to try and take control of the pickup, but as I reached over with my foot, my leg pushed his foot, making his foot hit the throttle. Then it was all slow motion. Slowly going across the road, hitting the telephone pole, screams oh! The screams of those kids echoing in my head, my responsibility! In my care! What have I done now?

Then the contact to the pole. I look over and everyone is crying, screaming, trying to get out, but the door won't open. I look around trying to check each one of them and there's Bradley, blood pouring down his face. I reach over, hit the door with all of my strength. It came open and kids fall out on the ground. I pick up Brad screaming "Help me, someone please, please help us. Call an ambulance, please help. Call my Nanny, call my Mom, oh please, forgive me God." The help comes, Nanny gets there, the kids mom is there by now. The police are questioning us, I'm scared to death. They ask who's driving, well I do what I've heard everyone else say they would do, I lied. I said I was. They questioned me for a long time, then they talked to James. Well, James was scared, but he did the right thing, he told the truth. Now my truck is totaled, my cousins have cuts, bruises and Brad has a broken nose and they are taking me to jail. Me, the responsible person. I was telling the Sheriff I worked all summer long to buy that old truck, my pride and joy. Now look, I'm on my way to jail for lying and allowing a minor to drive.

I don't understand. My Dad let me and my brother and sister drive before we were old enough. All of my friends were out cruising the boulevard before they had licenses. Well they let me go after I paid a \$65.00

TOTALED-This older model pickup was totaled when it struck a light pole on the curve at the north end of Main Street in Deport Saturday afternoon. A minor was driving at the time of the accident and five

cousins of the driver were riding in the vehicle, one of whom suffered a broken nose, and one who had to have several stitches. No serious injuries were reported. (Staff Photo by Nanalee Nichols)

fine for letting a minor drive. My Mom was standing outside, worried to death. She took me home. The kids are all OK, my truck is totaled. But I guess that I've learned the most important lesson of my life. I've learned

something many adults have never learned. We are all responsible for our own actions. If I ever get another truck, no one will ever drive it but me, especially not a minor. Jamie D. Wright

Jamie D. Wright brought this letter over on Sunday afternoon, the day after his accident. He has tried to express his feelings the best way he knows how, in the hopes that it might help others to learn from his experience.

TO THE TAXPAYERS OF LAMAR COUNTY

It is getting close to Election Day. It is time to think about our Community. We need someone with the experience and the know how to get the most of our Tax Dollar.

I have 18 years of experience in City Government. I have balanced or helped balance 10 Budgets. I have a degree in Management from Texas A & M. I worked for the City of Paris for 18 years and owned my own Business for 4 years. I have lived in Lamar County for 51 years and I have been a businessman and investor in this Community for 15 years. I know the needs of this Community. This gives me the experience to sit on the Commissioner's Court.

My platform is No Tax Increase, improved road conditions, and a Balanced Budget. A Vote for me is a Vote for you because I am working for you, the Taxpayer. So remember to go to the polls on November 8th and Vote Republican. Vote for James T. Anderson, for Commissioner For Precinct 1. Thank you for your support.

Letter To The Editor

Dear Editor:
 We recently visited Deport and were warmed by the friendliness and courtesy of your townspeople. We had planned the trip with our mother, Frances Fagan Leroux, for many months, not knowing what we would find when we arrived in your town. Not only was my mother born in Deport in 1910, but both her parents, Bonnie Erin Shman and Frank Fagan re born there.
 We so enjoyed our conversation with Barbara Crawford and with James Grant, my mother's cousin, who helped us locate records of

deceased relatives of the Fagan family as well as my mother's aunt, Miss Lizzie Lee Wright, now residing in the Deport Nursing Home. We enjoyed visiting with Aunt Lizzie Lee, Russell Grant, Curtis Glover and Mr. Dennison of the Post Office.

We all agree that the memories of our day in Deport will be with us for a long time to come.
 Sincerely,
 Martha L. Pedziwiatr
 Mary L. Bellamy
 Kathleen L. Burney
 for
 Frances Fagan Leroux
 P.S. If this letter finds its way into your newspaper, please send a copy of the paper to me and I will make copies for our family. Thank you.

Being all fashioned of the self-same dust. Let us be merciful as well as just.
