## Negro Kills Sheriff of Baylor County

Sheriff W. L. Ellis of Baylor county was shot and stamped in the chest and face shortly before noon last Sunday, by Steve Brown a negro prisoner, and died about 4:00 o'clock Sunday afternoon. Brown was rounded up by a posse of officers and citizens late that afternoon, shot and hanged to a telephone pole and later taken down and burned in the streets of Seymour, by a mob of several thousand people.

Brown was a negro of the very lowest class, first making his appearance in Seymour about a week ago. He had been camping in the brush in the Brazos bottoms and living by stealing his food from nearby farmers. He was arrested by Sheriff Ellis in connection with the theft of a shotgun. Sunday morning the negro told Ellis if he would take him down the river, he would show him where the gun was hidden, and in company with deputy sheriff Durham and a farmer by the name of Blankenship they started on the search which taken them about five miles down the river. After searching several places without results, the sheriff and the negro became separated from the other two—going over a little hill, where the negro said he was sure the gun was located. The prisoner had the handcuffs on one hand, the sheriff holding to the other end, when they were out of sight of the parties, the negro threw his foot in front of Ellis tripping him up and jerking loose, striking him over the head with the handcuffs, knocking him down, and then kicked him in the face and chest. The brute then took the sheriff's gun and shot him in the hand and arm. Deputy Durham and Mr. Blankenship hearing the shots, rushed to the scene, arriving in time to see the negro going over the hill.

Deputy Sheriff Durham gave what aid he could to Mr. Ellis, while Mr. Blankenship went to town after a car to carry the injured man back to town, where he died Sunday afternoon at 4:00 o'clock.

A vigilance committee of several hundred people left immediately in search of the negro, and as the news spread hundreds more joined in, and by late Sunday evening it is estimated from three to five thousand people were in Seymour. The sheriff of Throckmorton and Knox counties and Sheriff Allen and Deputy Edwards of this county took part in the hunt.

The negro was located in a corn field late Sunday evening about two miles east of the scene of the crime, and jumped up and ran, and was fired on supposedly, by every one in that Company of the searching party. He was hit about ten or twelve times, but was still breathing when the party reached Seymour. He was immediately hung to a telephone pole, shortly afterwards a big bon-fire was started and he was dragged through the streets and burned.

Rudolph Furrh and wife came in from Rhineland in Knox county last Monday. Mrs. Furrh has been there for the past week visiting.

We want your paint, oil and varnish business and we will make you money. Jno. W. Pace & Co.

## Haskell Public Schools Opens September 11th

The public school will open Monday September 11th. Pupils who live east of the railroad—in town or in the country—and who are in the first, second, third, fourth, and fifth grades will attend school at the East Ward. Pupils in the first, second, third, fourth, fifth, sixth, and seventh grades who live west of the railroad—in town or in the country—and south of the street extending west from Mr. Henry Johnson's residence and east from Judge H. R. Jones' residence will attend school in the South Ward. (The street that is used as the dividing line is known as Ballew street. It runs due west from the residence of Mr. Henry Johnson and due east from the residence of Judge H. R. Jones.) Pupils in the sixth and seventh grades who live east of the railroad will attend the South Ward if they live south of Ballew street—in town or in the country—and they will attend the North Ward if they live north of Ballew street. Pupils in the first, second, third, fourth, fifth, sixth, and seventh grades who live west of the railroad and north of Ballew street will attend the North Ward. All pupils above the seventh grade will attend the North Ward.

Pupils under age will be admitted provided they enter during the first two weeks of school and provided their parents or guardians pay two dollars per month tuition. (Tuition will be collected for one half the school year at the time the pupil enters.) It is understood, of course, that an under is to be at least six years of age on or before the first of September. In a word, the unders of this year must be a scholastic next year. All overs will be admitted and charged three dollars per month.

### Socialist Speaker To Be Here Saturday

Ben F. Wilson of Berkley, California, and ex-Methodist minister and formerly Socialist member of the Kansas Legislature, will lecture at the court house next Saturday August 12th, at 2:30 p. m. His advance notices have the following to say about him.

"Ben F. Wilson is the incarnation of revolt against capitalism. He is a born democrat. He has an unusual sense of humor. His sarcasm is as biting as his wit is entertaining. His moral earnestness and spiritual insight give wonderful insight to his speech. His good nature, wit and patos, with his revolutionary zeal and apostolic fervor, combine to give him great power over his hearers."

### Thank You Sir! If You Please

The expressions, thank you sir and if you please, used at the proper time are a balm in Gilead to both the giver and the recipient of an act of kindness. Like a ball which is thrown against the wall, it rebounds, it acts like a stimulant on the man who has formed such a worthy habit. Get in the habit of thanking people and you will be happier thereby. Get in the habit by acknowledging each act of kindness by a thank you sir. Your postmaster, your clerk, your butcher will be made happier by your expression of thanks for services rendered. When you get in the habit of expressing your thanks for services you will live the thankful life. You not only make others happy but the dividends roll back to your own credit and your eyes become brighter, your life mellow, and your trust in humanity is strengthened.

Do not think for one moment that the habit of expressing thanks is a servile one. To thank a person, regardless of their social rank, is one of the most dignified habits known, and is the surest index of real culture. The habit will make you worthy of respect of all classes. You are, in truth, not the servant of a class, but rather of the world. Form the habit of thanking everybody for every service rendered and you will make the happy happier and and the cheerless cheerful. John H. Renfro.

### Emmett Polk Dies of Typhoid Fever

After a three weeks illness of Typhoid fever, the spirit of Emmett Polk passed in the Great Beyond last Monday evening about 7:00 o'clock. Mr. Polk was taken sick about July 4th, but continued with his work up to July 23rd, before taken to bed.

Funeral services were held at the family residence in the east part of town Tuesday afternoon at 3 o'clock, by Rev. W. L. Thornton of the Church of Christ, and his remains were buried in the Willow Cemetery at 4 o'clock with honors by the local Homestead of the Yeomen of which he was a member.

He leaves surviving him, a wife two small children, a mother, and a brother.

Emmett Polk was born in Lavaca county Texas, January 12, 1880 came to this county about ten years ago. He was an honest, hard working man; an attentive loving husband and father.

His many friends who miss his presence and mourn his death are joined by the Free Press in offering sympathy to the bereaved wife and children, in their great trial.

### The Home Team Defeats Aspermont

During the games of ball played here Monday, Tuesday and Wednesday with the Aspermont "Sluggers," the home team swiped the visitors "rabbit foot" and came home with the bacon, to the tune of two games out of the series of three.

Monday's game, the first of the series was won by Aspermont by a score of 4 to 0.

Tuesday's game was an eleven- inning affair and was won by Haskell by a score of 5 to 4.

Wednesday's game was said to have been the tames affair of all, on account of Quattlebum slapping one over the fence in the first inning, with two runners on bases, and the visitors were unable to overcome the lead. Both Clubs played good ball during all three games.

The home team will play Rule on the local diamond Today, Friday and Saturday. Be sure and attend at least one of these games.

Geo. Couch will make a short talk at the Haskell Chapel Baptist church to the colored population next Sunday afternoon, at 3:30. Mr. Couch will be followed by R. W. A. Lyles, with "Christian in Union" as his subject. Rev. John D. White will probably preach in the evening.

## ENCAMPMENT AT STATE FAIR VALUABLE INSTRUCTION PROJECT

THREE HUNDRED TEXAS FARM BOYS AND GIRLS ARE TO PARTICIPATE IN IT

UNITED STATES DEPARTMENT OF AGRICULTURE IS INTERESTED

of the most interesting features of this year's State Fair. At the same time, the educational influence thus wielded will confer a distinct benefit upon three hundred boys and girls of the State.

All necessary plans and arrangements have been concluded by the Fair management in co-operation with the State Agricultural & Mechanical College and the U. S. Department of Agriculture, and it is stated that no detail will be lacking to insure the complete success of this movement.

W. H. Stratton, secretary of the State Fair of Texas, announced recently that three hundred scholarships in his encampment would be available—two hundred for boys and one hundred for girls, and that these scholarships would be awarded, upon a competitive basis, to the boys of the Boys' Agricultural Clubs, and the girls of the Girls' Canning Clubs, who make the best records in their club work during 1916. Secretary Stratton also stated that these scholarships would give the successful contestants an entire week at the Fair with all expenses paid, and that he would be glad to send a descriptive booklet concerning the Encampment to any boy or girl who would like to enter the competition.

W. H. Stratton, Secretary.

The monster Educational Encampment for Texas Farm Boys and Girls, to be held in connection with the 1916 State Fair of Texas, October 14 to 20, will undoubtedly prove to be one

HASKELL, TEXAS, August 12, 1916.

Every wheat grower in the Haskell section should read the statement of W. A. Smith in another column of this paper.

A number of farmers in Haskell county are raising their living at home, and others are taking to the proposition like a duck to a mud-puddle. This can easily be done by raising chickens, eggs, pigs, calves and a male colt or two.

While Haskell county is needing a good rain, the farmers in different parts of the county informs us that the crops are holding up well and prospects are good—Come to Haskell.

Cotton is now showing the 15 cent mark and by the time the farmers pick their crop in this section, it may be worth more than the land upon which it is growing. Heres' hopin'.

Haskell county should get busy and try and get some of that Federal money for good roads—a portion of it will be spent in the state and we ought to get ours while the gettin' is good.

Hughes' outspoken of settling the suffrage question by granting full suffrage to women, has not changed President Wilson's opinion that the women suffrage question should be dealt with by the states. Hughes favors an amendment to the federal constitution giving the vote to women.

Since a crank killed five persons, wounded six and stood off 100 policemen in a two and a half hour's battle with riot guns and dynamite, Chicago has begun to talk about rounding up its "nuts," as they call them in the lake city. If it did, unquestionably the great auditorium to which it invites the largest political convention held in the United States, would be too small to hold them.

### Correspondents Attention

We now have a correspondent in most of the school communities in Haskell county and a glance through the pages of the paper makes a mighty good showing and we intend to get one from every community that is not represented. We are indeed, proud of our news gatherers and believe they will compare very favorably with others in first class newspapers—in fact we believe they are far better than the average, because we have gone into the field and selected them, using the utmost care to secure the best of reporters.

We wish to make the Free Press the best paper possible, and must depend on our correspondents to help us make it better with each issue and in order to get the best results, it requires the complete co-operation of all the force in the country, and in the office as well. Therefore, we are offering a few suggestions that will help to give the news, that is of the most interest:

Don't mention the health of the community unless some one is sick.

Don't mention close neighbors visiting each other unless it is an entertainment or something out of the ordinary.

Don't mention the calls of young men on young ladies in a joking way, it might offend some one.

Get the real news of your community, such as, marriages, deaths, births, visits from one community to another, entertainments, preaching announcements, Sunday school reports, rains, storms and anything else of general interest. Always give the correct name and initials where possible, as there might be some one else by the same name.

Don't mention the same family more than one time in each letter if it can be avoided, it will be more interesting to others.

Be sure to sign your real name everytime, as it is impossible for us to remember who you are by your pen name.

Don't abbreviate the day of week, always spell it out in full.

When a party is visiting in your community from another, always give the name of the community or town in which they live.

By following these instructions as near as possible, it will enable us to publish a newspaper—which you will be proud to say that you are a member of the reportorial staff.

The dry, hot weather of the past few weeks has been sufficient cause for discouragement to some of our farmers. However, the Haskell county farmer is optimistic, especially now that rains have been falling in several localities. Our turn will come next, and in the mean time the crops are holding up fairly well, and big plans are being laid for next year's crop. The farmers are not idle but are preparing their lands for planting.

## FROM THE FIELD

BY W. M. FREE

This has been a busy week for us as we were kept in the office Monday and Tuesday adding to our mailing galleys our large list of new names.

It is our aim to handle the Subscription Department with the greatest care and see that every subscriber has proper credit and is correctly entered on our mailing list. Having no office duties we give our entire time to the Subscription work, and will serve you in the most efficient way.

After we were sure beyond a doubt that we had our mailing list correct we started out Wednesday morning on our usual visit to the country and we made our first stop with our good friend J. S. Barnett, a model farmer on the Throckmorton road. He gave us a nice melon and we walked out through his farm and we found that he is a diversifier in his farming and a man who grows his living at home. He has a good orchard and the fruit is the best possible to obtain. He has one or more acres in Spanish peanuts, a nice melon patch and plenty of hogs, chickens and turkeys to use all the waste and make a profit besides. He has an auto to add to the pleasure of his family and a good crop well cultivated. Mrs. Barnett was away visiting her daughter in another part of the state and the old gentleman was holding down the job of house-keeping.

S. D. McDonald lives in the next house. He was hauling wheat from Throckmorton to Haskell and Mrs. McDonald and the children were getting ready to visit relatives in Eastland county. We made a short call and was given a glad welcome to this home. Mr. McDonald had just reached home and had brought out his friend, Mr. Crump who was visiting them from another county. Christine made some music for us on the piano, and we enjoyed our visit, and wish the family a good time while away and we are sure every thing will be kept clean and nice, because Mr. McDonald is left at home to look after that part of the work.

S. C. Bell was preparing to haul water when we met him. He has a good crop and his feed is already made and his cotton is sure fine. The big hail in June missed his crop, and he has a crop any one should feel grateful for, and we are sure Mr. Bell does. We can help him rejoice in his prosperity for he is a reader of the Free Press.

S. C. Tompkins is a new man in that neighborhood and had come to Haskell when we stopped with them. He has a good late crop. The hail destroyed his cotton crop but he kept planting and now he has a fine stand and it looks nice.

We called next at the home of A. H. Pufferfield who was heading maize and has a good young crop and is a good farmer with a good force, and can do all his own work on the farm. He came from Eastland county several years ago and he knows the conditions of Haskell county.

We stopped with G. Wahlen and Mrs. Wahlen gave us a good dinner and we enjoyed the fried chicken and other good things to eat, along with the home cooked light bread.

J. R. Harvey was just a little hard to wake up but we succeeded and spent a pleasant hour with him. He was ready for rain, being up with his work and had his big cistern cleaned out. He is from Ellis county and knows how to farm cotton.

E. B. McDonald bought out the crop of A. I. Bledsoe and moved here from Coleman county about three weeks ago. Mr. Bledsoe is going to Okla.

We stopped at the home of H. C. Wyche and made our self known and found Mrs. Wyche very busy quilting while Mr.

Wyche was building a residence on the ranch of C. D. Heath of Haskell and they have a good crop and a nice home. Mrs. Wyche raises Plymouth Rock chickens.

We made a short call with W. M. Vincent and found him taking care of the children while Mrs. Vincent attended the Woodman Circle Lodge at Rose. He is a jolly good fellow, a prosperous farmer and a good citizen. We enjoyed our stay with him.

L. W. Barrett was on the shady side of the house when we got to his home and we joined him and the family in this favorite retreat and got a drink of cool water and had a good rest. Mr. Barrett has a good young crop and has it in fine shape.

J. T. Kirby had just gone to Haskell when we came by and left a Free Press with Mrs. Kirby. They came from Wood county a few years ago. Mrs. Kirby is raising the Full Blood Brown Leghorn chickens and has a good late crop of cotton.

We made our next stop with Gus Myer who has a splendid modern home, a good farm and a good crop. He had just come in from one of his farms, where he had cleaned out a cistern and was taking a rest.

We reached the home of W. R. Hunt in the golden shank of the evening and was invited to spend the night. Mr. Hunt was helping can some fine Eastland county peaches his son had sent them by express. He has 320 acres of good land, a good growing crop, has a lot of improved high bred cattle, the "R. I. R." chickens and the Mammoth Bronze Turkeys. He has kept a book on his produce business and made all his sales in Haskell and up to the present he has sold \$63.40 with over \$100.00 worth on the yard that will soon be ready for market. Mrs. Hunt gave us fried chicken for breakfast.

S. C. Andrews had left for Haskell before we reached his home. We were met by Mrs. Andrews who told us they had a nice crop and lots of chickens and 9 head of good hogs. Every farmer should raise his own meat and Mr. Andrews is proving that he agrees with us.

We came next to the home of R. W. Rushing that Ex Real Estate man from Waxahachie, Texas, who was wise enough to spend some of his good earnings for a good home in Haskell county and he is demonstrating the fact that he is a good farmer. He is improving his farm and is getting things in shape to enjoy life. He has built a new hog wire fence around his hog pasture and is raising his supply of meat and lard at home.

We passed J. F. Buchanan and his boys cutting stove wood beside the road, a good way to make an honest living and it was by the sweat of the brow in this case.

R. E. McNeill had just come in from the field and brought in some roasting ears that were grown on the farm and he told us plainly and proved it by his friend I. A. Leonard that they were not shipped in.

We stopped at the home of T. H. Woolsey and he was in the field at work. He has a good cotton crop, but he was hit by the hard hail but kept at work and he going to win.

We came to the Roberts school house and found J. M. Maxwell, J. E. Yeager, W. P. B. Tucker and R. Mann all from Haskell, who had just finished their dinner and was taking a noon rest. They set out their dinner buckets and we satisfied our appetite from the good things left from their bountiful supply. They were just putting the finishing touch to this splendid school building which is 64x28 and has 20 big windows giving 58 square feet of window light from the north. Every part of

# HUSBAND RESCUED DESPAIRING WIFE

### After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not walk and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me, and now I can walk two miles without tiring me, and am doing all my work.

If you are all run down from womanly troubles, don't give up in despair. Get Cardui, the woman's tonic. It has helped more than a million women, and will surely help you, too. Your druggist sold Cardui for years. He knows it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write to: Chattanooga Medicine Co., Advisory Dept., Chattanooga, Tenn., for instructions on your case and 64-page book, "Treatment for Women," sent in plain wrapper.

I am now representing the National Marble Mills, Atlanta, Georgia, and will be glad to call on you at your convenience, should you be interested in any size or style memorial.

**Reasons Why You Should See Me Before Buying**

- The Company that I represent believe in their work and furnish a written guarantee to each customer.
- The prices I quote are the lowest consistent with finest quality work and absolutely highest grade of stone.
- Georgia Marble and Winchester Blue Granite are the two finest monumental stones in existence. Their beauty, combined with their lasting qualities make them second to none.
- We never buy—and never will—send out a monument with a sandstone or Kalamazoo base of inferior line. The bases are of the same stone as the die.
- I allow the freight and personally supervise the setting up of all monuments sold.

## Advantages of Buying Advertised Goods

Merchandise that is advertised moves much faster than that which is not, and therefore the stock is kept new and up-to-date. There are no shopworn, slow sellers to be disposed of in the store that keeps the advertising columns at work selling goods.

And you can always depend upon the quality of advertised articles. The merchant's reputation is back of his merchandise and he cannot jeopardize it by misrepresenting his goods even the least bit.

Furthermore, the dealer's newspaper announcement usually offers money-saving bargains, and every thrifty person should take full advantage of such opportunities. Read the advertisements today.

## AN INTERESTING STATEMENT

Editor Munday Times:

I carried 41 bushels wheat, (2500 lbs.) to the O'Brien Midget Marvel flour Mill about the 10th of July, when wheat was selling at \$1.00 per bushel. I received 1340 lbs. of flour and 600 lbs. bran and shorts after the toll was taken out.

I was then paying \$3.70 for flour, which did not make as good bread as the Midget flour, and \$1.60 per cwt. for "mill-run" bran, nothing like as rich as the feed, [bran and shorts] that I got at O'Brien. At above prices, my flour and feed was worth: Flour, \$49.58. Feed, \$9.60. Total, \$59.18.

If sold in the grain, the wheat would have brought me, at O'Brien only \$41.00, a saving of \$18.18 by having it milled on the Midget.

I have subscribed stock in the Munday mill, and trust it will soon be running.

Munday is six miles, and O'Brien sixteen miles from my house.

## To Owners of Tractors and Other Heavy Farming Machinery

You bought your equipment because of the very evident economies it would introduce—  
 But, unless all the parts are kept in working order, you do not reap the full benefit.  
 One of the greatest causes of depreciation of tractors is the wearing out of gears—  
 You can save tractor gears, and all other heavy duty gears with

### TEXACO CRATER COMPOUND

The Great Gear Lubricant

We want to tell you that CRATER COMPOUND is one of the greatest discoveries in the field of lubrication. It fills a long-felt want.

It protects and preserves many parts which never before could be adequately lubricated.

It coats each tooth with a WEAR-checking film which does not harden or scale off. It won't run or dry out. It is always there—lubricating. Dirt and flying dust cannot break this coating on the gears. It protects them from wear and rust.

CRATER is one of the many fine lubricants made by us and sold only under the TEXACO Brand.

You can secure CRATER, as well as a full line of lubricants, for any purpose whatever, from the TEXACO Agent near you. Call on him—it pays.

## WHAT EDITORS SAY OF RAILWAY ISSUE

Demand Peaceful Settlement of Wage Controversy.

STRIKE MUST BE AVERTED.

Almost Unanimously Newspapers Indorse Proposals of Railway Managers That Wage Question Be Settled by Interstate Commerce Commission or by Arbitration Under the Newlands Law.

Chicago.—The proposed strike by all railway train service employees in order to secure a wage increase of \$100,000,000 a year is condemned by newspaper editors throughout the country. They declare such a strike would be a public calamity and that it must be averted.

Almost unanimously the editors indorse the proposals made by the committee of railway managers to the leaders of the brotherhoods—that the wage question be settled by the interstate commerce commission or by arbitration under the Newlands law.

The following extracts from newspaper editorials fairly reflect public sentiment on this most important issue:

The interstate commerce commission should be empowered to prevent this threatened railroad strike. Write to your congressman about it.—Chicago Tribune.

The great public has more at stake than either the railway stockholders or the railway employees.—Davenport (Ia.) Times.

The interstate commerce commission is organized for the purpose of holding even the scales.—Rocky Mountain News, Denver.

The trainmen should take prudent thought. Arbitration is their wise policy.—Detroit Free Press.

The public will support any finding the interstate commerce commission may make.—Dallas (Tex.) News.

Public opinion ought to have re-enforced the position of the railroads long before now.—Galveston News.

The regulation of wages presents no more difficulties than the regulation of rates.—Holyoke (Mass.) Transcript.

The interstate commerce commission would certainly be responsible if it permitted a strike to come.—Minneapolis Journal.

The train crew unions have no case which they are willing to try in a court of arbitration or in the great court of public opinion.—New York Commercial.

The controversy is not between the railways and their employees, but between the public and the railway employees.—New York Globe.

The men now seem to show rather a consciousness of the weakness of their position than reliance upon its merits.—New York Times.

The interstate commerce commission cannot avoid regulating wages so long as it regulates rates.—New York Tribune.

The railroad brotherhoods are mistaken. There is something to arbitrate.—New York World.

The railway employees are plainly in the wrong and should sense their mistake before they make a worse blunder.—Osbkosh (Wis.) Northwestern.

Neither side could afford to take the position of demanding more than the interstate commerce commission would approve.—Pittsburgh Dispatch.

The railroad employees are not suffering such intolerable wrongs that they cannot await the result of arbitration.—Portland Oregonian.

The greatness of the power for which the labor leaders are seeking is the very strongest argument why they should not have it.—Railway Age Gazette.

The public is as vitally interested in the situation as the railways or the employees.—St. Louis Globe-Democrat.

Either the railroads are wrong or their employees are. Any just cause will stand investigation.—Jackson (Miss.) Clarion-Ledger.

This is the time when every American who loves his country should set aside his own schemes of aggrandizement.—Kansas City Journal.

The United States government cannot permit any strike that would tie up all the railroads of the country.—Leslie's Weekly.

It is just as true that organized labor may oppress the public intolerably as that organized capital may do it.—Lowell (Mass.) Citizen.

Those who would suffer most from a tying up of the nation's traffic would get no vote on the question of a strike.—Lincoln (Neb.) Star.

One thing is certain, the railroads, the railroad employees and the American people cannot afford such a strike.—Memphis Appeal.

We think the brotherhoods are making a mistake in refusing arbitration. Capital must get its living wage as well as labor.—Milwaukee Free Press.

Business can hobble along under high freight rates. Death would follow a general railroad strike.—Baton Rouge (La.) Times.

The American people do not believe there is any difference between the roads and the employees that cannot be adjusted peaceably.—Bloomington (Ill.) Post-Opinion.

The railroads have accepted the perfectly reasonable and natural suggestion that the wage question be settled by arbitration.—Boston Journal.

Why should a vote be taken on a strike which the public will never tolerate?—St. Louis Post-Dispatch.

## Will Hold Civil Service Examination

The United States Civil Service Commission announces that on August 26th, and open competitive examination will be held in Haskell, for the position of clerk in the postoffice at this place.

Competitors will be examined in the following subjects, Spelling, Arithmetic, Letter writing, Penmanship, Copying from plain copy and reading addresses.

Applicants must have reached their eighteenth but not their forty fifth birthday on the date of the examination. The age limits are waived, however, in the case of persons honorably discharged from the United States military or naval service by reason of disability resulting from wounds or sickness incurred in the line of duty. A person under 21 years of age on the day of the examination will not be eligible for appointment as assistant postmaster.

Male applicants must measure not less than 5 feet 4 inches in bare feet. No male applicants who passes the examination will be eligible for appointment who does not weigh at least 125 pounds without overcoat or hat. It will be inadvisable for male applicants whose normal weight is less than 125 pounds to enter the examination. Female applicants are not required to be any specific height or weight.

Each applicant will be required to submit to the examiner on the day of the examination an unmounted photograph of himself taken within two years. An applicant who fails to present such photograph will not be admitted to the examination. Tintype will not be accepted.

This examination is open to all of the United States who meet the requirements.

From the eligibles resulting from this examination it is expected that certification will be made to fill existing and future vacancies.

For application Form 1371 and "Instructions to Applicants," address the postmaster at the Haskell, Texas, post office or the district secretary at the address below.

No application will be accepted unless properly executed and filed with the district secretary in time for him to arrange for the examination.

Secretary Tenth Civil Service District, 330 Customhouse, New Orleans, Louisiana.
