It's a Common Problem

Apparently my column last week on men matching towels and colors hit home to a lot of people! I've had several men stop by to tell us "I thought I was the only man who had this problem". I've had even more women tell me that they thought that it was just their husband that couldn't match towels with color schemes!

The bottom line is as I said...the guys all say "why do you CARE?"

Well, if that is the biggest problem between a husband and wife it's a minor one at best and I'll bet there haven't been many marriages break up because of it!

On the side of the guys, as women we fail to recognize the importance of things too. For instance, I have a friend who failed to see the seriousness of a tree falling on the camper at her husband's deer camp. She just couldn't figure out why an "emergency" crew had to tear off early in the morning to rescue this battered metal shelter!

I wonder if a domestic dispute was what was going on out our way in the woods the other night.

I was listening to the just-at-dark sounds down on the creek when I heard an owl go "whoo". Really close (to the first owl, not me) came an answering "Whoo".

The first owl then raised his volume and announced "WHOO". The second owl did the same. Before long there was a positive chorus of back and forth "whoos" going on.

If these birds weren't having an argument, I don't know that they were doing. I swear that there began to be an irritated tone to the whoos!

I could picture it in my mind. Perhaps it went something like this....

"What are these RED leaves doing in my nest, I told you only YELLOW and ORANGE leaves...no red".

"I don't know why I try to help at all, I can never suit you".

"I don't see what is so hard about excluding red leaves...I've told you and told you...no red leaves, but you keep right on bringing them in".

"Well, the whole point is, why does it matter, what difference does it make what color the leaves are".

"I suppose next thing you'll be leaving gopher teeth in the nest too".

Finally they both hooted at exactly the same time and complete silence descended. I went in the house chuckling. I can still visualize those two, sitting on the same limb, with their backs turned to one another! Oh well, I've heard them several times since, so I suppose they got over it!

Mervin Slaton rolls out the red wagon Deport man turns childhood dream into grownup reality

By Thomas Nichols

When Mervin Slaton of Deport was a kid he wanted a little red wagon, but could never have one. Now he has fulfilled that childhood dream in a big way!

About seven years ago, after making forty-seven crops, Mervin retired. He stayed busy, however, devoting a lot of time to gardening and working in his shop. His beautiful garden covers an acre of ground, and a weed wouldn't dare poke its head up through the lush bermuda grass of his lawn.

One of the items he has recently rolled out of his workshop is a red wagon. But it can hardly be termed a "little" red wagon, for it is considerably bigger than most!

Mervin's wagon is built of wood except for the frame. It carries supports for bows to be added to support a canvas top, which will turn it into a miniature covered wagon.

A seat with springs and even a seat belt to support the smaller grandchildren make up the luxury features on this ball-bearing-wheeled creation. It rolls so smoothly it takes almost no effort to pull it.

Mervin and his wife, Colleen have six grandchildren and two great-grandchildren. Mervin plans on using the "Slaton Wagon" to haul these little prides and joys around in. He will hitch it to his lawn tractor.

Mervin says that he really spent a lot of time building the wagon.

"Why, I've built three bale cotton

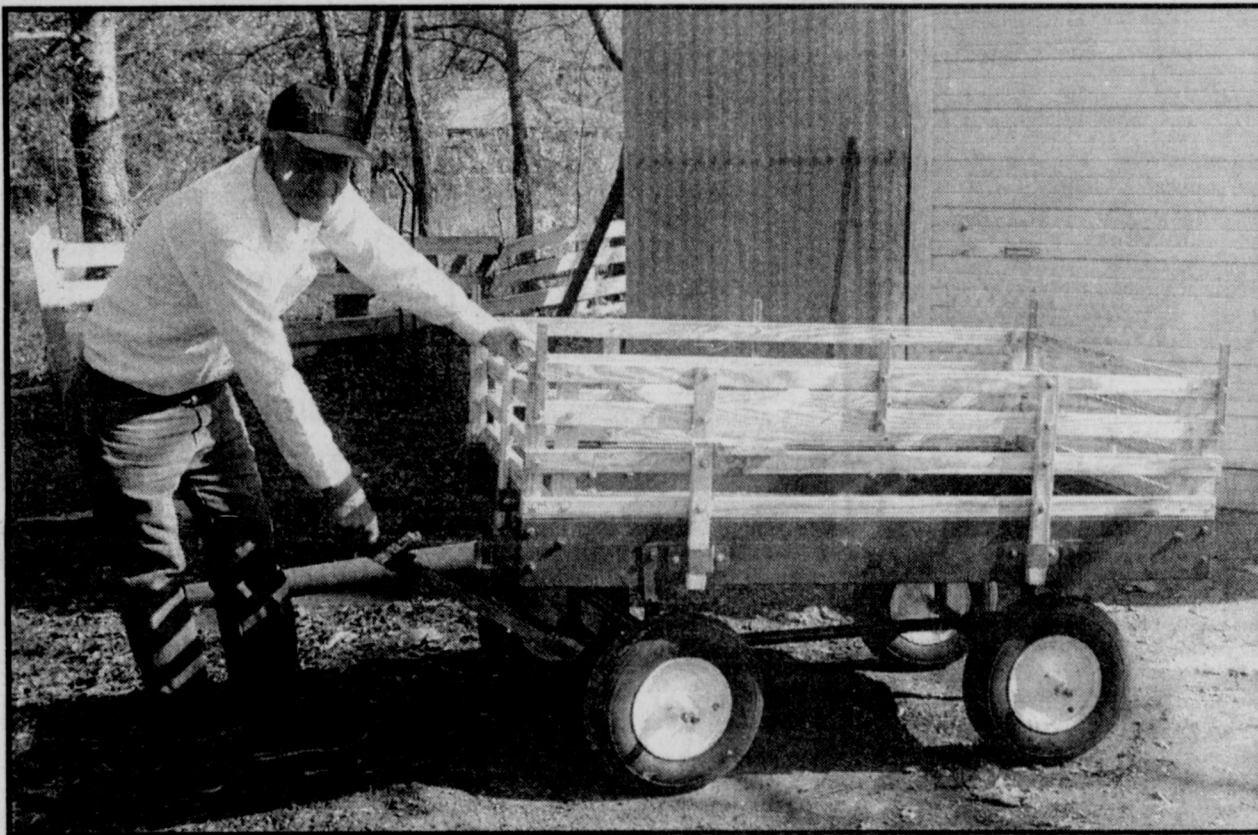

trailers that were easier to build than my wagon" he grins.

One thing he says that he intends to do is replace his old, worn out skill saw with a table saw before building another wagon, or anything else out of wood.

"I've already talked to a guy about one, and I am going to get it real soon" he says.

In the mean time, he is simply looking forward to entertaining his beloved grandchildren and great grandchildren and taking pride in the workmanship he put into the "big red wagon".

It may have taken a life time, but when he fulfilled his dream, Mervin Slaton did it up right!

NO LITTLE RED WAGON-Mervin Slaton HAS created a BIG Red Wagon! Saying "I always wanted a little red wagon as a kid but never had one" Mervin has created a beautiful red wagon to the delight of his grandchildren and great-grandchildren. (Staff Photo by Thomas Nichols)

Garage sales, meal to highlight Saturday after Thanksgiving in Deport

It's almost time for the City-Wide Deport Garage Sale Day! The event is set for November 28, the Saturday after Thanksgiving, and there will be garage sales set up on Main Street as well as at various homes in Deport.

There is No Charge for having a sale, just come out that day and set up!

The day is sponsored by the Bucket Brigade, an auxiliary of the Deport Volunteer Fire Department. Early that morning the Brigade will have hot

coffee and sausage and biscuits for sale, and at lunch they will have stew, chili, beans and cornbread and hot dogs for sale, as well as soft drinks. Everyone is invited to partake as all funds will go to benefit the volunteer fire department.

The Fire Department will also have a giant garage sale on Main Street. All proceeds from that will go towards the fire department too.

Come on out, enjoy the day and do some serious bargain hunting.

Paper sale begins early this year, renew now!

We're starting early! The Blossom Times, Bogata News, Deport Times and Talco Times are now on SALE! This is the first time that the sale has begun in the middle of November instead of the first of December, but more time is needed to handle the volume of new and renewed subscriptions.

From the middle of November through the end of December, subscriptions are now \$2 off the regular price. That means that within Lamar, Titus or Red River Counties the paper is \$16 for a whole year, and \$19 anywhere else. That's two dollars off of the regular price and a real bargain when you consider the news, photos, cooking columns, sports and com-

munity news you receive. It's a \$10 per year savings over buying it at the news rack.

Publisher Nanalee Nichols says "We have so many renewals and new subscriptions during December that we have chosen to begin the sale a little earlier this year. This gives our customers two weeks more to get their subscriptions taken care of, and gives us more time to see that they are put into the computer in a timely manner.

Please use the coupon on the full page ad in this week's paper to assure the best service possible.

No notices will be sent out at the first of December to those who renew in December, due to the volume.

This letter is from a seventeen year old high school student at Chisum. One of his teachers had encouraged his students to write or speak to the veterans they knew in their family or circle of friends. This young man did not have any veterans in his family, and asked his teacher, Allen Williams, about his step father. The resulting letter is a tribute to all veterans, and has to make them feel good!

Dear Mr. Charles Davidson,
My name is Derwin Crittenden. My nickname is "Boo". I am currently a student at Chisum high School and I am writing you to tell you "Thank You" for everything that you have done for this country. I never really knew what people went through until we studied about World War II last year. I am very proud we have people like yourself who are willing to give their life for this country. In my opinion you are a wonderful man and a person who needs to be respected not only for your courage, but for your dedication.

Sincerely,
Derwin "Boo" Crittenden

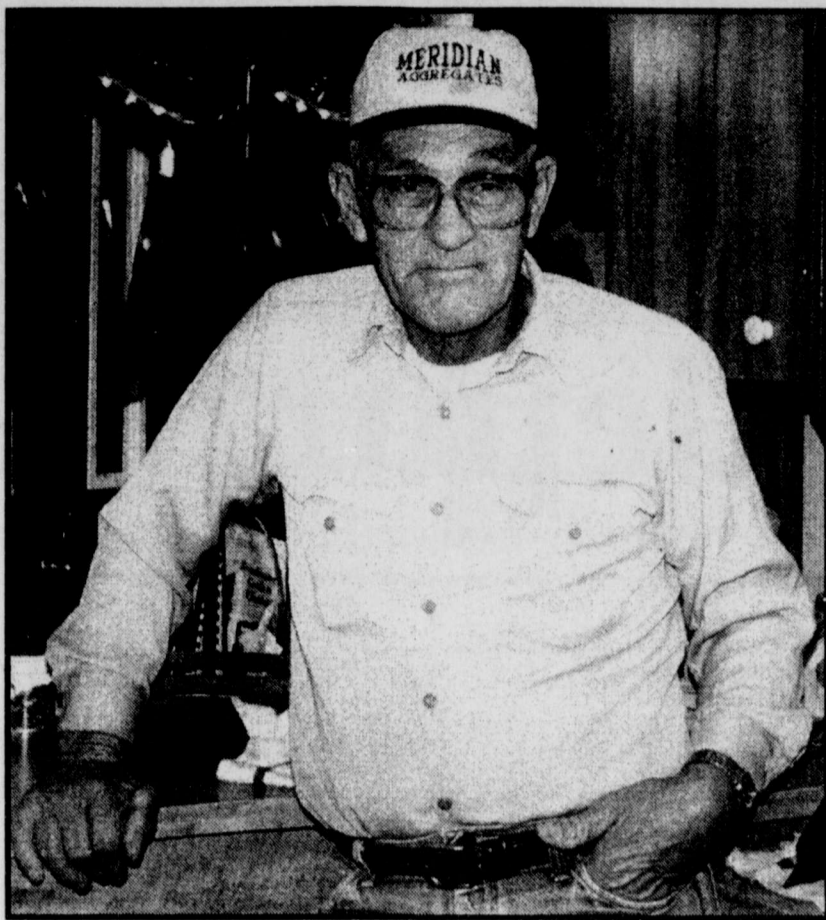

Country Cooking

With Thanksgiving just around the corner. We looked for a turkey cook and we have found a good one! He is Donald Porterfield of Bogata. Donald is known for his turkey and dressing. Also adding recipes this week are his mother-in-law, Agnes Guess, granddaughter, Jessica Fenner, and his daughter, Pam Fenner. They are also from Bogata. Donald is owner of Porterfield-Guess Construction Company, Inc. in Bogata. They work on roads in the Northeast Texas area. His daughter Pam works as secretary for the company. She supplies the rolls at all of the holiday meals. Jessica makes the Oatmeal Pie and Agnes supplies the recipe for the fruit salad. The crowd usually totals around 35-40 when everyone gathers. Donald started cooking for the holiday crew several years ago and continues the tradition. Wife, Mary Jo says that she had never cooked dressing or a turkey. She leaves that up to Donald. He and wife Mary Jo will be married 42 years in April and have lived back in Bogata for 22 years, coming from the Ft. Worth area. Donald enjoys camping, fishing and woodwork and of course cooking! We thank Donald for letting us use his and their recipes this week.

We will see you in the kitchen!
Icy Pie (Fruit Salad)-is a recipe from Agnes Guess and got it's name from Pam's grandfather, Herman Guess. It was one of his favorites and he always looked for the Icy Pie at holiday gatherings, as he called it.
Turkey-a large bird is the order for this bunch, but smaller birds will do the same, just go by cooking times on package.
Dressing-Donald makes his cornbread days ahead of time and lays it out on a rack for it to dry out. They enjoy the dryer dressing.
Giblet Gravy-a must for all turkey and dressing during the holidays.
Applesauce Cake-Donald enjoys making this cake and it stays moist and delicious for several days.
Icing-this is the icing for the applesauce cake and consist of sugar, egg whites, water and corn syrup. Cook and frost!
Oatmeal Pie-this is granddaughter Jessica's recipe. She got the recipe from her mom and took over the baking of desserts.
Refrigerator Rolls-this recipe is Pams and she is the bread cook for the group and everyone says they are great!
Bread Machine Rolls-This recipe was adapted by Pam for the use in her bread machine.

COOK OF THE WEEK is Donald Porterfield of Bogata. Donald is chief, cook and... well, maybe not the bottle washer, but he is the chief cook, at his house during the holiday season.

Their daughter, Jessie was born in 1899 in Clarksville, according to one source. However, another source lists Hopkins County as her place of birth. The Wagstaff's other child was Lee Roy. Mrs. Humphrey would like to hear from anyone who knows anything about this family.

If you would like to write Mrs. Humphrey, please write her at the above address.

LADY PATRIOT AMBER NORWOOD sets the ball in recent volleyball action. The Lady Pats are on their way to state finals this Friday as they go against Hutto in the first round at 11:00 a.m.

LADY PATRIOTS take time to regroup and set their strategy during last week's playoff games. The girls will be heading for stte playoffs on Thursday in Austin. Everyone is invited to comeout and send the girls off of Thursday morning in the gym at 8:00 a.m.

Lady Patriots claim another trip to State

In a game with dynamic defense, pounding kills and awesome precision, the Lady Patriots claimed a regional semi-final match over #4 ranked Big Sandy on Friday night in Tyler.

Before an exuberant Patriot crowd, the Lady Patriots played some of the best volleyball of the year in true Patriot style as they dug ball after ball and battled fearlessly for a 15-11, 15-13 win. Defense was the key to the

win with a total of 120 passes and digs transpiring throughout the match. One particularly long volley during game one had eleven trips over the net before Felicia Taylor made a spectacular kill shot, one of her 20 for the night. Meagan Hatfield dished out 24 assists, had 6 kills and had a phenomenal defensive game with a total of 30 passes and digs. Susan Singleton had her best game

of the year with 11 kills and 19 digs and Katie Mullins gave her usual steady, stellar performance with 6

kills and 21 digs. Christy Patterson had an exceptional game defensively and on the service line where she had 13 service points. Amber Norwood had 14 assists, 2 kills and 16 digs. Each girl stepped up her level of play to meet the challenge of the Big Sandy squad.

In the regional final, the Lady Patriots once again started with a sparkling, almost flawless game, making quick work of Edgewood with a 15-3 win. However, the second game began in a lackluster manner with miscues and shaky play. After reaching a 14-8 score, the Lady Patriots let Edgewood come back and tie at 14-14 before finally taking the game at 16-14. Taylor once again dominated at the net with 17 kills, 8 service points, 3 aces and 10-digs. Mullins had 6 kills and Hatfield had 14 assists.

The Lady Patriots travel to Austin on Friday to take on Hutto at 11:00 a.m. at the Tony Burger Center.

Presbyterian Women meet

Mrs. Jessie Marie Woodard was hostess for the November 9 meeting of the Presbyterian Women of the Deport Presbyterian Church. The meeting was opened with prayer. Mrs. Reba Temple, moderator, welcomed the members.
 Continuing the tradition of the annual Thank Offering, Mrs. Mame Cutshall related the "Minutes for Mission," giving a brief history of the origin of the Thank Offering. The offering was conceived in 1887, when Mrs. Eliza Clokey of Ohio urged each woman to give \$1 over and above her usual contribution to the Women's General Missionary Society. In 1888, a day was set aside for meetings which were to be a "concert of prayer and praise and the gathering of the Thank Offering". In 1998, the group is continuing that support by donating \$1,044,965 to 55 projects and 9 projects selected by the International Health Ministries Program Area of the Worldwide Ministries

Division. The Thank Offering is celebrating 111 years of giving by thousands of women whose thanksgiving to God is made visible by their gifts. Francis Franklin gave the Least Coin Devotion entitled "Creation Calls Us to Choose Life." Mrs. Temple continued the study of the Prophet Jeremiah, directing the third lesson "The Temple Sermon-Resisting Subtle Forms of Idolatry." Jeremiah lambasted the people of his day who thought because the temple was in their midst, it did not matter how they behaved toward others nor did it matter that they worshipped other gods.
 The December 7 meeting will be held in the church with the Rev. Ed Dodson as speaker. Mrs. Mame Cutshall will be hostess for the January, 1999 meeting.
 The meeting closed with a prayer from the lesson.
 Refreshments were served by the hostess during the social hour.

FOOT NOTES

ORTHOSES ONE, TWO, THREE

As soon as it dawned on the first prehistoric people to cover their feet for protection and support, they probably figured out that slipping in bits of fluff or animal hide could sometimes help feet feel more comfortable. Today the concept of footwear inserts, or "orthoses," is at the high-tech center of care for a wide variety of foot problems. There are three basic types of orthoses. 1) Rigid orthoses, designed mainly to control the motion of foot joints while walking, are usually made of firm material such as plastic or leather. 2) Soft orthoses, intended to absorb shock and cushion uncomfortable spots, are constructed of soft, malleable material that molds itself to the foot during weight-bearing. 3) Semirigid orthoses, typically composites including such materials as leather and cork, are often prescribed for athletes, with the specific demands of given sport in mind.

Just like individualized foot care, custom orthoses are designed to meet the specific needs of each and every patient who comes to us for treatment. They also are the most non-invasive professional way to treat a variety of foot problems. Tired of painful steps taking the smile out of your day? It's time, then, for specialized podiatric care.

Please call for an appointment at 784-5585.

P.S. Many cases of back pain are actually caused by foot imbalances, which may be remedied by prescription orthoses.

FLOODPLAINS & WETLANDS NOTICE OF EXPLANATION
 The City of Detroit, Texas intends to undertake a wastewater system improvement project along Highway 82E, Fifth Street and San Diego Street under the Texas Community Development Program. The project will provide for first time wastewater service to 34 residents living along Highway 82. Portions of this project are located in the 100-year floodplain. The proposed improvements cannot be undertaken in any other location, as rerouting costs would exceed available program resources. Failure to provide these wastewater improvements would result in continued health issues and violations of state quality standards. It is the City of Detroit's judgement that the improvements to the existing system outweigh consideration for Executive Order 11988/11990. Please send written comments to Martha Tucker, City of Detroit, P.O. Box 180, Detroit, Texas 75436. Comments will be received until November 27, 1998. Mike Farmer, Mayor

NOTICE TO THE PUBLIC OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS
 To: All interested Agencies, Groups and Persons:
 Seventeen (17) days after this publication, the City of Detroit, Detroit, Texas intends to request the Texas Department of Housing and Community Affairs (TDHCA) to release Federal funds under Title I of the Housing and Community Development Act of 1974 (P.L. 93-383) for Project No. 718189. Environmental Assessment Activities: Wastewater System Improvements along Highway 82 East, San Diego Street and Fifth Street. Finding of No Significant Impact: It has been determined that such a request of release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the City of Detroit has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (P.L. 91-190). The reason for such a decision is not to prepare such a Statement is based upon the fact that all environmental concerns could either be minimized or mitigated. An Environmental Review Record for the proposed project has been made by the City of Quinlan which documents the environmental review of the project and more fully sets forth the reasons why such a statement is not required. The Environmental Review Record is on file at city hall, and is available for public examination and copying upon request between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday. Public Comment on Findings: All interested agencies, groups and persons, disagreeing with this decision are invited to submit written comments for consideration by the City of Detroit to city hall, P.O. Box 180, Detroit, Texas 75436. Such written comments must be received at the address specified within sixteen (16) days after this publication. All such comments so received will be considered and the City of Detroit will not request the release of funds or take administrative action on the project prior to the date specified in the preceding sentence. Release of Funds: The City of Detroit will undertake the activities described above the Community Development Block Grant funds under Title I from its Program Year 1998 under grant number 718189 from the Housing and Community Development Act of 1974. The City of Detroit is certifying to TDHCA that Mr. Mike Farmer, in his official capacity as Mayor, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the City of Detroit may use the Block Grant Funds and it will have satisfied its responsibilities under the National Environmental Policy Act of 1969. TDHCA will accept an objection to its approval only on one or more of the bases and the procedures described in 24 CFR Part 58.75. Objections are to be addressed to the Texas Department of Housing and Community Affairs, P.O. Box 13941, Austin, Texas 78711. Objections to the release of funds on bases other than those stated above will not be considered by the TDHCA. No objections received later than thirty-three (33) days after this publication will be considered by TDHCA. Mike Farmer, Mayor

United Methodist Women meet

The Deport United Methodist Women met in the home of the hostess, Juavane Carpenter on Monday, November 16. Meeting was called to order by President Carpenter, who offered prayer. Present were Cindy Benfer, Ruth Cheatham, Martha Glover, Virginia Kirkland, Juanita Sparks, Marianne Ladd, Melba Ladd, Margaret Parks, Lucille Pickering and Juavane Carpenter.

Mission projects were discussed to close out the year. A drive for funds to be raised for special projects to be determined, is being initiated beginning with a quilt raffle and sidewalk sale to be held downtown Deport on Saturday, November 28.

Following routine business, program leader, Juanita Sparks, presented an informative review that addressed the origin and other his-

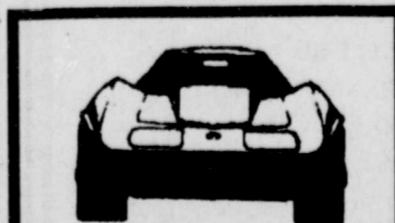

torical facts that are associated with the Thanksgiving holiday.

The next meeting will be the Christmas party on December 2. Rena Good will be in charge of the program. There being no further business, the meeting adjourned with the Mizpah. The hostess served refreshments to be enjoyed during the fellowship time.

Methodist Senior Luncheon held

The Deport Methodist Church held their Senior Luncheon Tuesday, November 17 with 21 attending for luncheon and games.
