PANTATORIUM LAUNDRY and DYE WORKS

Why send your laundry out of town? Simply because you can get better work done: besides when you give us your laundry, we sew on all buttons, mend rips, and charge no more than when your work is done in the old-fashioned way. We do not "Steam off" the clothes, we finish collars and shirts in the linen press, which insures the life of the material. If you haven't tried our way, try it and see the difference. Our basket goes out on Tuesdays and Thursdays. Phone 343 or stop at the "Pantatorium" wagon. Satisfaction always follows.

Poultry Raiser That Has Made Good

Mrs. H. D. Billingsley of Joe Bailey is one of the leading poultry raisers in Haskell county. Her husband was working in Stamford when his health failed him and they moved out on the farm where he could get a breath of fresh air and the pleasant conditions on the farm soon restored him back to health.

Mrs. Billingsley began her poultry business with 8 hens 3 years ago and the second year she hatched off 1000 little chicks and raised 800 of them ready for market and she has sold enough poultry and eggs to pay for three fine Jersey heifers and one young gilt which at the present has grown to 16 head of hogs.

This year she is only raising 300 chicks, but has been selling eggs because it was more money to sell eggs than to raise chickens, at the present prices.

On being asked if the mites, blue bugs and other pests, bother her poultry she remarked, "yes they would, but I don't let them, and this is the secret of her success."

A jolly time, at the Parcel Post sale to be given at the home of Mrs. J. F. Posey, August 8th.

Chicken Feed—You can always find good chicken and hog feed at the Sherrill Elevator; and very cheap. Come by and look at it.

Flour Mill To Be Located Here

Capt. T. M. Freeman who has been in the city for several weeks in the interest of the American Mill Company—with the view of locating a flour mill in Haskell, informs us that more than two thirds of the capital stock for the enterprise have already been subscribed and Capt. Freeman informs us that they are still on the war-path for the balance.

It is the plan of the promoters of the new company to take over the Sherrill Elevator and erect the new mill building in connection with the elevator.

The new firm will be known as the Haskell County Mill & Elevator Company, with a capital stock of \$15,000 divided into shares of \$25.00 each—non-assessable. The Mill will have a capacity of 50 barrels per day.

This will be a valuable addition to Haskell's manufacturing interest and should be supported by every wheat grower in the Haskell country.

Negros Draw \$5.00 Each With Trimmings

The court room Wednesday morning resembled a 'Juneteenth' celebration as the "Sons of Ham" were very much in evidence—the occasion being a case in which Johnny Smith alias, "Skeet" Gamble was accused of assaulting one Baron Armour alias, "Shine" on the public streets of the "Jim Crow" section of our city, which is very much against the peace and dignity of the court—he was accordingly fined \$5.00 and cost of said proceedings.

As a supplement to the above case the said "Shine" was convicted of using "Vociferous and abusive" language on the said occasion and Judge Ridling of Weinert, who tried the case decided it was worth \$5.00 and trimmings to "Shine."

"Mutt" of "Police Court Fame" was a witness for the state in both cases. "Mutt" is said to have been connected with practically every negro case tried in the local courts for sometime—either as the defendant or witness for one side or the other, and the officers are of the opinion that it would be just about as hard to do without him in trying a case as it would to do without the court itself.

Woodson Baby Died Was Buried Friday

The one month old baby boy of Mr. and Mrs. J. M. Woodson died last Thursday July 27, and was buried in the Willow Cemetery Friday afternoon.

Funeral services were conducted by Rev. Ed R. Wallace at the family residence about three miles northeast of town. A large crowd of sympathizing friends of the bereaved ones were present.

Ah, happy pilgrim, e'er your childish feet were stoned or bruised by a too troubled way. God opened wide his arms and you went home to stay.

I have taken charge of the Mark Whitman Saddle and Harness business and all who know themselves to be indebted to him that did not arrange to be carried till fall must come around and settle either by note or the money, as I won't carry the open accounts any longer. This is no bluff, I mean it.

W. P. Whitman.

NEW FALL GINGHAMS

An unusually large stock of Fall Gingham has just been received, and although it has been expected that all staples would be advanced in price—we offer them to you at the same price as heretofore. Red Seal, the best, and the best known gingham at 12 1-2c per yard is a great value, and the patterns, we believe, are prettier than we have ever before shown.

Zephyr Gingham 10c

A tremendous large stock of Zephyr Gingham at 10c. Beautiful assortment and a real value.

Now would be a good time to buy your gingham for fall, while the assortment is large, and before you are bothered with your other shopping.
