WHOLE NO. 1545

We Give Thanks

The origin of Thanksgiving should be dear to the heart of every true American-

OUR forefathers, suffering from cold and hunger and hardly expecting anything but starvation, which probably would have come but for their killing great numbers of the wild turkey---the native bird of America. And for this, their great fortune, they knelt upon the bleak shores of New England and lifted their voices in song and prayer, and gave thanks to the beneficient Author of all the good that was, is and ever shall be.

The first official Thanksgiving proclamation ever issued was issued by President George Washington---the last one was issued by President Woodrow Wilson, proclaiming Thursday November the 25th as a day set apart for Thanksgiving. We as a nation have much to be thankful for---we are at peace with the world, while practically every other great power is at war---we give thanks. We as Texans have much to be thankful for---our state is being swept by a great wave of prosperity --- we give thanks. We as citizens of this particular part of Texas have much to be thankful for---greatest crop we have had for years---good prices---we give thanks.

And we as a business house have much to be thankful for---we are crowned with twenty-five years of successful business. Ever growing and ever mindful and thankful for our old friends, and ever spreading out in conquest of new ones---and ever gaining them---we give thanks.

In obedience to the proclamation of Mr. Wilson, our President, our store will remain closed all day Thursday, that we and all those in our employ may have and enjoy a day of Thanksgiving.

SHERIFF MAKES IMPORTANT ARRESTS

What is Believed to Have Been Well Organized Robbery Plot Nipped in the Bud.

With some arrests that were made by Sheriff W. C. Allen last Saturday, what appears to have been a fairly well organized thieving plot has doubtless been frustrated. And in this connection we might add that Sheriff Allen is "looking up" as a smooth detective, for it was by smooth work upon the part of that official that the Saturday arrests and subsequent admissions of thievery were unearth-

To begin with, Mr. Allen got upon the trail of a negro who had made a number of attempts to sell, or pawn for a very small price, a handsome new coat. Mr. Allen went to work on the case, and in addition to the coat above mentioned, after he had finished with the negro, he had another negro under arrest and a large bundle of clothing, ranging from hats and suits on up to overcoats, in his posesssion.

The sheriff had absolutely nothing to work on at the start except his suspicion of the negro and by dint of persistent work | and questioning, he finally gained an admission from the first negro, implicating another negro, who was later apprehended at Stamford and brought to jail here. It seems that the negroes had many stolen goods hid out in various places, and the sheriff succeeded in recovering a large quantity of the goods, a little at a time. Up to Monday morning he was still locating goods, but he is of the opinion now that all have been recovered.

The negroes now in jail, seems, had been working an extensive and systematic game of stealing, with a number of Has-Wednesday morning a dam- kell stores as victims. Several

Kitchener Sees Victory Ahead

Paris, Nov. 23.-Earl Kitchener, the British secretary for war, in conference with Greek officials in his recent visit to Athens, is reported to have declared that England by next March will have 4,000,000 soldiers under arms and will be in a position to arm and provision 6,000,000 Russians, and that consequently it would show great stupidity to think the war would end otherwise than in a complete defeat for Germany. This information is contained in an Athens dispatch to the Havas agency which adds that Lord Kitchener admitted that the declaration of war found the entente insufficiently prepared for so long a campaign, but said that the allies had known how to utilize the time that has since elapsed to complete their milirion, Ark., after an extended tary preparations.-From The Fort, Worth Record,

Echoes From HUNT'S BIG SALE

The most wonderful success has been our GREAT BANKRUPT SALE. Hundreds of eager buyers from Haskell, Throckmorton, Knox and Stonewall counties have filled our store daily.

Never was there another sale like this. Never was there a sale in Haskell County that brought the response that this one has brought. The public has learned that when Hunt's advertises a sale, they really have a sale. Figures don't lie. We are not afraid to put the price of our goods in black and white. Our first prices on the big circular last throughout this sale. Don't you think it's a good idea to quote prices in the paper and on your circular? Then you can compare sale prices with regular price's.

Look Out For These Big Windy Circulars!

Have they a price quoted? No, it don't pay as well. They don't promise you much, therefore you don't get as much for your money. Our sale is growing in interest and enthusiasum each day. Our stock is more complete now than the day we opened our sale. We want to close out this stock and we expect to keep the staples at the same close price we began with.

ROBERTSON BROS. CO. CLEARANCE SALE

We are pleased to announce to our customers and all who may be interested in good, up-to-date Standard goods at real money saving, bargain prices, that our regular annual Clearance Sale will

Open Friday Morning Nov. 26th

Old friends and customers, in fact ALL who have ever attended our Annual Sales know what a ROBERTSON SALE Means. If you have not attended one of our sales heretofore, come to this one and learn that they are money-savers on anything you want in good, dependable goods of high quality, and not merely stock of shelf-wern and out of date stuff at any old price. We are well satisfied with this seasons business. We had to put in a heavy stock in all lines and then keep it filled orders so that we could meet the increased demands of our increasing trade resulting from the improved financial condition of the country, hence, our stock is practically complete line at this time. But if these goods were carried over to another season, some of them at least, would be out of date and we would be out of the use of the money invested lime. For these reasons we shall be glad to dispose of them to our customers for cash at prices that will barely cover expenses, and then reinvest the money in the By this process you get the benefit of REAL BARGAIN PRICES while we have our money at work again instead of being tied up in goods on the shelves. This is the true explanation of our Annual Clearance Sales, and we figure that they are good for us and good for our customers.

the Ladies:

We believe that the ladies will be particularly interested in this sale, because we still have a good assortment of the various styles of Dress Goods to show them from which they can procure the materials for a single garment or a full costume and at a great saving in price.

You will find the latest weaves from the looms of the foreign and domestic manufacturers, as well as the most desirable color effects. In our line of Chiffon Taffetas, Charmeuses, Silk Failles, Moires, Poplins, Crepe de Chine, Scotch Plaids, Novelty Silks, etc., and in the ordinal line of Staple Dress Goods there is almost anything you want, Calicoes, Apron Checks, Outings, Ginghams, etc., upward. In this you will find the proper things for the house and work dresses and to fit the children out for school during the winter.

Trimmings, Etc.

In our very complete notion Department you will find the Laces, Insertions, Braids, Ribbons, Buttons and various "Nic Nacs" to go with the Dress Goods—and they are priced way down, too

Coats, Skirts

We wish especially to call your attention to our line of stylishly tailored coats and skirts for ladies and misses. We think we can suit most any one in sizes, materials and colors, and it is our purpose to quote you Extra special Bargains in these lines, because the chances are that they will be out of style next Fall.

We are sure it will pay you to come and secure some of these goods, in fact you cannot afford to neglect the bargains we will give you.

Hosiery, Onderwear, Etc.

Our sales ladies will be pleased to show you the various articles these lines and quote you dollar saving prices on them. Our line of Underwear is very complete in muslins and knit goods of various weights. Our line of ladies and childrens flosiery, Corsets, Gloves, Hankkerchiefs, etc., should also interest you very much at the prices we have put them down to. Don't fail to look through these lines.

Men's and Boy's Clothing

We pride ourselves on our superior line of clothing for men and boys, which is selected from Hart, Schaffner and Marx, who are recognized as among the standard and most reliable clothing manufacturers in America, and we back their guarantee as to quality and style with our guarantee. In correct tailoring, workmanship, finish and fit this line of clothing is not excelled by any. We can fit you up in any kind of suit from a work or business suit to a "Sunday-go-to-meeting" outfit with the full assurance that you will be correctly dressed. Our line of Ties, Collars, Handkerchiefs, Gloves, etc., is very complete, and all go at prices that will make you smile from ear to ear.

Underclothing

Our stock of underclothing for both men and boys is quite large, from light weights to heavy fleeced and woolen winter weights, and we have cut the profits off the prices in this sale. This is a line of goods that could go over to another season without any deterioration in quality or style, but we have cut the prices the same as on other lines in order to keep good faith and make this an all-round cut price, money-saving sale to our customers.

Boys' School Suits

We show a good line of Boys' School Suits and give you an opportunity to fit the boys up for the winter at a very small cost.

Overcoats

Don't overlook our overcoats. We have them in Fall and Winter weights of the correct shapes and varying qualities, and the prices, like those of the suits, are 'way down.

Children's School Shoes

We carry a special line of these and you will find none better at any price, therefore this offers an unusual opportunity to fit your children up with shoes for the winter.

Look Better—Fit Better—Wear Longer!

"Tess and Ted" are members of the Star Brand Family.
"STAR BRAND SHOES ARE BETTER"

We have sold the "Star Brand" Shoes for many years and to hundreds of persons, and they have stood the test of time and wear, and are so well known in this section that it is not necessary for us to extol their qualities in this connection. But we are going to give you the benefit of genuine bargains in Star Brand Shoes during this sale. We have them in all grades for Ladies, Gentlemen and Children; from heavy work shoes to the latest model dress shoes.

About Quoting Prices

You expect generally to see a long list of supposed-to-be tempting prices quoted in a special sale advertisement. But it has never been our practice to quote prices. We have always succeeded without it, because everybody has the first when they see a Robertson Clearance Sale announced, it means sure enough bargain prices on everything in our store and not merely an offer of a few catch prices to draw them in. Well, what's the use of quoting prices anyway? You don't know whether they mean bargains or not untill you go and see the quality of the price of Right here we assure you that when you come and examine what you want in our stock you will be satisfied with the price—if you are any judge of quality and the cheap, shoddy stuff is dear at almost any price. We extend a hearty invitation to everybody to come and take a look through our stock, see the quality of the goods and put our prices to the test by comparison. If you have not yet formed the habit of trading with us, come now and see the Robertson way. We believe waters make it interesting for you now and in the future. Yours Truly,

Rose Lathrop addressed the last en velope, slipped its inclosure inside. sealed and stamped it and yawned wearily

it was 5 o'clock of a March after noon and the Kendais' library looked like a casket of glowing jewels.

To be Mrs. Kendid's private secretary had one disadvantage-Mrs Jere migh Kendal paid such high wages to her chef and her chauffeur, her butler and her French mand that she economized on the salary of her secretary So Rose Lathrop, who should have received at the least \$20 a week, accepted \$10 and made the best of it.

"Some day," dreamed Rose in the IIbrary, "I shall write a book, and then -then I shall go back to mother and father.

There was a tap at the door, and a trim little maid entered.

"Miss Lathrop, Miss Hazet says will you please come and see her before you go home?"

"Tell her. Celeste, that I will be there in ten minutes." She burried a little, for she did not

"Not a bit." laughed Rose, drawing a chair to the fire and sitting down. "You are such a gentle bear, Miss Kendal!"

"Appearances are deceitful. I feel so fierce and unreasonable. You know tonight is the night of Mrs. Carter Philly's bal masque. Ob. Cinderella Rose. I want to gol" Hazel smiled, but her eyes were full of rebellious tears.

"I am so sorry," said Rose, putting down her teacup. "I wish there was something a poor Cinderella could do to belp you.

"Oh, tell met I shall be so happy if I can." said Rose, remembering all the "I'll tell you-listen." said Hasel, drawing the little secretary close beside ber. "Tonight is Mrs. Carter Philly's bal masque. I am all ready to go, and now I cannot. But somebody will be there who is going away. I want to get a message to him before he sails tomorrow. Will you take it, Cinderel-

"How can 1?" asked Rose blankly. "Wear my dress. We are the same size. Deliver my message to him. I thought perhaps he would come and say goodby, but it is too late now. And, oh. Rose, it is all my fault, and I don't blume him a bit! But if I could get a message to him tonight he would come before midnight."

"Tell me what to do. Miss Kendal, and I shall be happy to do the best I can," said Rose gently.

Hazel threw her arms about the blue serge shoulders and kissed the fair face under the little bat.

"You are a darling, Cinderella," she cried, and then went on rapidly: "My ostume hangs in the wardrobe you der. I was going as Cinderella, with my hair in curls and such picturesque rags and tatters, Rosel"

She gave Rose many other instructions and finally sent her home in a taxicab, with a great bundle of cloth-

All the Effectiveness, Not the Effect, of Calomel.

LIV-VER-LAX is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of caloniel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his LIV-VER-

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an infamed condition of the mucous lining of the Eustachian Tube. When this tube is infamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the infammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is rothing but an infamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure Send for circulars, free.

Every druggist in town-your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking it's place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. Some Good Postal Rules to Follow

Below we are printing some few rules pertaining to the postal business, by Postmaster S. G. Dean, which if read and closely followed out, will very materially add to the expediency of the handling of mail matter. Especially at this season of the year it is important to observe the suggestions as off red below, as the very busy time for the postoffice is now approaching -the Christmas season:

Be careful, addressing mail matter, as millions of letters and packages are lost on account of being improperly addressed. Never wrap large bottle costs fifty cents, and anything in newspaper, or other common paper, as it is most sure to tear off in transit, as the parcel post mail is so heavy now. Use strong twine and paper' Always address with pen and ink, putting your name and postoffice on upper left hand corner, and addresse's name on lower right-hand corner, with postoffice and in a legible hand writing. And if you can not write a legible hand, get someone to do it that can; then there won' be one in a thousand lost.

> The postal laws say all packages must be ready for mailing when presented at the window. Please remember this, as my assistants and I have been working from eleven to thirteen hours per day now for fitteen months, and no over time to do it. More School Notes by Supt. Williams

Since my last report, I have visited Weinert and Lake Creek Schools.

Weinert School has a good brick building, an underground cistern, single desks, a library of more than 100 volumes, and employs three teachers. It is one from a visit to Asperment. of the six independent school districts in the county. The principal, B. A. Lively, had everything well organized and the school was working nicely. The school house was well-kept and the children and teachers had undertaken to clean up and beautify the school grounds. (This is a thing that every boy and girl as well, and patrons, should be interested in.) Miss Fela Cornelius has charge of the intermediate grades, Miss Beulah Elliott the primary and Mr. Lively the high school. All the Cox. teachers had their work well in hand and everything indicated that this year's school at Weinert would mean the advancement of the school in every way. The school board has worked diligently to built up the school and the members of the school board are to be commended for their untiring efforts. Weinert school will receive \$300 State

The most important thing for the people of the county to consider at present is getting all the children in the schools. We have as good rural schools in Union. Haskell County as can be found in any county in Texas, and we should see to it that the children attend. Let everybody become interested in this matter. IS NOW ON-

A Herald of glad tidings to the person who Wants to made every dollar count in the buying of high grade standard dry goods. This is the event the people of Haskell county have been waiting for. For the people of this county have learned that a Hancock sale is a real sale. That when we put our stock on sale it is priced at a price that sells the goods. It has always been our custom at the end of the season to put on a sale to clean up all winter merchandise, but owing to the fact that our buyer went to market in August and bought over twice the amount of winter goods we have ever bought before, we find that our obligations are falling due and we have far too many goods. Thus, right in the middle of the season we find that we must convert this stock into cash
