Two Thousand Dollars Raised On War Work Quota

Two thousand dollars raised at the patriotic celebration on the Court house lawn Monday night, toward the quota of \$25,000.00 for the town of Haskell in the War Work campaign. Judge J. C. Randell, District Attorney for this district, acted as master of ceremonies, introducing the following speakers. Judge J. H. Thomas, Rev. R. A. Scranton, Rev. J. H. Edmonds of Rule and Hon. W. H. Morrison. All the speakers made excellent talks in the short time allotted to them. Judge Murchison closed his speech with an appeal for contributions to the war work campaign with the above results.

Haskell County's quota in this drive is \$7,000.00 and we are confident that the county will go over the top if everybody that can, will donate to this worthy cause. The town of Haskell is only \$500.00 behind with the quota—which is going to be raised, and we are confident that the other towns in the county will do equally as well.

Now that peace has come—some people may think that it will not be necessary to give, but they are mistaken, at least two more years will require to complete the demobilization of American forces in France, Belgium, Italy and Siberia, according to the estimates of the Allied military leaders. So if you have not already contributed to this cause do so before Monday night and help Haskell County go over the top.

CONFERENCE MEETS --SAGERTON CHURCH

The Baptist Workers of Haskell County Association met with the Sagerton Baptist Church, Monday, November 11th. The program was opened by a devotional service, conducted by Jno. Hutto. Following this R. A. Scranton preached on the subject of "Justification".

At the close of the morning service an announcement was made which caught the ear of everyone present. One arose and said, "There is plenty of dinner here on the ground for all. We desire that no one shall go away, but remain and eat with us." Of course all remained. Neither did the above announcement need to be emphasized.

After partaking of the splendid dinner we began the program for the afternoon. The question of the support of the weaker churches in the association was ably discussed by Messrs. J. T. Nicholson and Sam Davis. When these brethren had finished their splendid talks, we were led to see the value of the smaller churches and felt we could not get along without them. Next we heard of Paul Wataoiba, a Japanese teacher, who is attending school at Geneva. He stirred our hearts with searching words concerning his people, their needs and his desire to return to them, that he might do many of them to the Lord.

Bro. Edmonds of Rule, brought to us a very stirring message on the opportunity of the church and pastor. We were led to see, as never before, our opportunity in a telling work for the future. The last subject was "What is the great object in the Baptist program?" This was ably discussed by Bro. Stevenson. How every one in this association needed to do this powerful message, as he led to the great task of evangelism. He said "is the great thing the churches must do." "The world must be evangelized."

He had a very helpful and blessed message. The program was good. The churches were good. The people who were there were happy. The dinner was great. We hope to have more of this at the next meeting, which will be at Rochester on Monday after next Sunday in December. This was the time of this meeting that some of the people who live out of the county, were present.

R. A. Scranton. Scranton and family returned from California where they have been spending the summer. They made the overland in their car and were on the road about two weeks.

HUGH C. WELSH PROMOTED TO RANK OF LIEUTENANT

Hugh C. Welsh, son of Mr. and Mrs. W. E. Welsh who live about three miles northwest of town, was promoted to 2nd Lieutenant on October 31st.

Lieut. Welsh has never lived in Haskell County, but he has called this his home ever since his parents moved here in 1914. He was born and raised in Bell County. He graduated from the Temple High School in 1914, entering Rice Institute at Houston, where he graduated from the Medical department before entering the service. He had planned to enter the Medical College at Galveston this fall, but the call to the colors caused him to abandon his plans in that direction and he entered the service last March.

He was first sent to Camp Travis, but was soon transferred to Camp Hancock, Ga., on account of his previous West Point military training, where he has been instructor in the officers training camp during the past several months.

Lieut. Welsh was at home last March on a visit to his parents. He has many friends in Haskell County who will be glad to learn of his promotion. He is a member of the St. Paul Episcopal Church and is a model young man in every respect. Lieut. Welsh is only 23 years old.

A QUIET PLACE TO READ

This Red Triangle man has charge of a "Y" hut near the front in an old chateau. When Fritz takes a notion to drop shells in, around, near by and over the chateau the place is not very well patronized by the soldiers. Then it gets lonesome for the "Y" man and he decides it is a good time to read a chapter from his Bible. So he seeks out some quiet (?) place—say a dugout—where he can read in peace. A "Y" man has to have his rest like anyone else. Then who can blame him for finding a secluded, comfy dugout where he can hang up his tin hat and take a fifteen minutes' vacation?

GRAND JURY ADJOURN UNTIL DECEMBER 2

The grand jury adjourned Tuesday afternoon after returning five bills of indictments, all on felony charges, until December 2nd. On account of some of the parties who were indicted still being at large the list could not be obtained for publication. The Grand Jury is composed of the following members:

U. Z. Irvin, H. Weibert, J. A. Mapes, J. C. Montgomery, W. T. Overby, W. D. Norman, D. M. Guinn, N. McNeill, R. H. Plinck, S. W. Vernon, R. C. Whitmire, W. E. Welsh, Door Bailiff, J. G. Walden, Riding Bailiffs, J. F. Lee and R. E. DeBard.

DR. POWELL DELIVERS SPLENDID ADDRESS

Dr. Lyman P. Powell, of New York, delivered a very interesting talk in the district Court room Saturday afternoon in the interest of the War Work Campaign. The house was crowded to its full capacity and he held the attention of his audience from the beginning to the end of his lecture.

One of the first college presidents to resign his congenial and lucrative labors to enter War Work was Dr. Lyman P. Powell of Hobart College, Geneva, New York. An educator in our largest institutions, a writer for our best magazines, lecturer of national note, Dr. Powell has added to his broad training the deepening experience of welfare work in war-torn France.

"There is no exaggeration," Dr. Powell said "to the tale of German ruthlessness." He saw with his own eyes the German destruction of St. Quentin, Chauny, and other towns, and positively denies the claims of Solf that they did only what military necessity demanded.

"Everywhere with the allies' forces I found the wonderful work of the Y. W. C. A., the church army, and of the Knights of Columbus, the Jewish organizations, and others of the seven agencies. They are doing more to keep up the morale of the armies than all other agencies." I realized that General Pershing has said was true, that these agencies are necessary to the winning of the war."

C. E. Long entered the officers training camp at Camp McArthur, last Thursday.

F. G. Alexander returned the first of the week from Henderson, where he had been looking after business interests.

LIBERTY SING HERE THANKSGIVING DAY

The Symphony Club has been busy preparing the program for the big liberty sing which will be held at the Methodist Church on Thanksgiving day at 4 o'clock in the afternoon. The program will consist of popular patriotic songs and will be one of the best that has been rendered in Haskell for some time. The entertainment will be free and everyone is invited to attend.

It is the intention of the Club to not only make this entertainment a local affair, but the invitation covers the entire county. This program will be given along the same line that will be rendered in every community center throughout the United States, at the same hour.

RED CROSS WORKERS WILL KEEP BUSY

Until peace is really here and for some time thereafter the red Cross Chapters are expected to keep up their work according to a telegram that has been received by the local chapter. The message in part is as follows:

But even with peace, let no one suppose that the work of the Red Cross is finished. Millions of American boys are still under arms. Thousands of them are sick or wounded. Owing to the shortage in shipping, it may take a year or more to bring our boys home from France. But whatever the time, our protecting arms must be about them and their families over the whole period which must elapse before the normal life of peace can be resumed.

Our soldiers and sailors are enlisted until the Commander in Chief tells them there is no more work for them to do in the war. Let every Red Cross member and worker show our returning soldiers and sailors that to care for their health, welfare and happiness, we are enlisted for no less a period than they are.

The cessation of war will reveal a picture of misery such as the world has never seen before, especially in the many countries which cannot help themselves. The American people will expect the Red Cross to continue to act as agent in repairing broken spirits and broken bodies. Peace terms and peace conditions will determine how we may best minister to the vast stricken areas which have been harrowed by war, and in this great act of mercy, the heart and spirit of the American people must continue to be mobilized through the American Red Cross.

HASKELL HIGH SCHOOL DEFEATS MERKEL HIGH

The Haskell High School football team defeated the Merkel pig-skin chasers at Merkel last Friday, by a score of 13 to 7.

The game was one of the hardest fought that has been played by the local team this season. Merkel had a good strong line and the Haskell boys unable to make any gain until the 2nd and 3rd quarter when two touchdowns were made. In the fourth quarter the Merkel boys put forth all their best efforts and by a little good luck one of their players got through the line and picked up a fumbled ball and made a touchdown.

The line-up for Haskell were: Neathery, L. E. McConnell, L. T. Sowell, L. G. Posey, C. Sanders, R. G. Avery, R. G. Wyche, R. E. S. Neathery, Q. B. Whately, L. H. B. Oates, H. B. Griffin, R. H. B. Touchdowns—Whately and S. Neathery.

The Merkel team will play the local team here, on November, 22nd.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me. ... After 12 bottles, I am strong and well."

SPANISH INFLUENZA STRIKES SUDDENLY

Pneumonia Often Results—Victims Seized Without Warning Malignant Precaution Doubly Necessary.

Much of the difficulty experienced by health authorities in checking the spread of the Spanish Influenza lies in the fact that it strikes its victim without warning.

Although State and Federal authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventative is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish Influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the Influenza epidemic. If you find yourself weak or losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the Influenza germ.

As a powerful reconstructive tonic and system builder, Tanae is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensatory, Encyclopedia Britannica and leading text books used in the school of medicine, the principle ingredients of Tanae possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanae have testified to its extraordinary merit as a medicine.

Tanae restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of Influenza, Grippe or Bronchial troubles.

Tanae is sold in Haskell by Reids' Drug Store.

I Owe My Life to PERUNA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Traveling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as an auctioneer, it is only natural that I had colds frequently, so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me, so I cannot praise it too highly."

W.S.S. DOLLAR MARK YOUR PLEDGE - PAY THE PRESIDENT

The most welcome message that has ever been crashed out by wireless wings its way across the Atlantic early Monday morning and America was electrified by the words which told that peace had come and the war had ended in victory for the Allied armies.

The greatest accomplishment of the ages has been achieved. The world has been made safe for Democracy.

That this message might come to us there have been countless thousands unnamed millions who have laid down their lives and sleep the long sleep in the hollow of the hand of God—they have gone down into the valley and they have not returned. There are also many thousands who left their homes in America, England, France, Belgium, Canada and the far reaches of the Pacific who will return only as shadows of their former vigorous selves, fragmentary remains of full-bodied manhood, deformed wrecks whose appearance would set at naught the hideous labor lavished on Victor Hugo's Gwynepidine. For love of freedom, for love of country, for love of countrymen, they have died or exposed themselves to the mauling Hun.

And you and I and all Americans for whose safety they have laid their bare hearts upon the altar of pain and death, will we be so ignorant, so selfish, so unworthy, that we will forget their work and forget the work that we must do? The person who does not do his full duty now is a slacker

who deserves no place among decent people.

Let us remember that peace does not release us from any of the duties that were ours during actual hostilities. The signing of the peace pact, so far as we are concerned, means that fighting has stopped and that our soldiers will not continue to be exposed to sudden death from bullets, flying shrapnel or poison gas.

Bear these facts in mind: It will take a year at the least to demobilize our army after demobilization has started. Secretary of War Baker declares. Many weeks or months may elapse before the Government begins bringing back our men from France and Russia. It is assured that many thousands of our men will remain on police and reconstruction work in Europe. Peace does not mean that our men will be home very soon.

For the next year at least the Government must spend every day not less than \$50,000,000. That sums up to no less than \$18,250,000,000, or just a bit less than three times the amount of last Liberty Loan issue. It will take this money to care for our soldiers, to meet the Government's obligations, which are also your obligations and mine.

For this reason, the Government points out, there must be no let-up in the savings campaign, there must be no slacking in personal economy, there must be no return to extravagance. Not only must everyone meet his War Savings Stamp pledge squarely and fairly, but the Government expects and asks all who can do so to add to their purchase of these Government bonds.

What do you suppose our boys think of our country on their return from France if we fail to make our War Savings Stamp quota? It would look as if they had been fighting and giving their all for a set of people so unappreciative and selfish that they shirked their responsibility and their duty.

Be thankful for victory but show your appreciation in deeds.

Go to the postoffice or your bank today and redeem your pledge.

WHAT THE U. S. GOVERNMENT SAYS ABOUT XMAS BUSINESS

It says that Christmas business MUST be spread over 3 months, to avoid the usual December congestion of traffic which is so hurtful to the interest of the nation, that it can not be permitted.

Now, we would suggest that any Christmas presents that you are going to send "Over There" be purchased at once and started on the way, with a sticker on it saying, "Do not Open Until Christmas." You can and must apply to your Red Cross for regulation box and then come here and we can fill it up for you with real necessary and worth while gifts.

What new goods we are offering are well and conservatively bought with the view of making it possible for our boys to have some substantial comforts, such as:

Trench Mirrors, which are highly polished steel, non-breakable, can be carried in any pocket. Price 75c to \$1.

Shaving Kits, \$2.50 up. Some have various assortments, such as Razor, Soap, Tooth Paste, Tooth Brush, Mirror, etc.

Razors, including all makes of safety, are \$1.25 up.

Cigarette Cases, \$1.00 up. Among other things useful and comforting to a soldier might be mentioned:

Photo Albums, Cigarettes, Cigars, Chewing Gum, Nail Files, Shaving Brushes, Tooth Brushes, Shaving Sticks or Cream, Pocket Combs, Whisk Broom, Hair Brushes, Pocketbooks, a Wrist Watch, Lodge Emblem Ring, Pipe, a Testament, Fountain Pens, and Candy.

We will gladly help you pack your box—with the view of utilizing every inch of space.

On account of carrying a big stock, we have many good values left at the old price, which you can get the advantage of and we respectfully suggest that if you want any gifts for home people this year, if you see what you want buy it then and there whether it is in our store or not—it may be gone in 30 minutes and can not be re-bought at any price.

Take up your Thrift Stamp Pledge— Buy Bonds—Conserve Food and WIN the WAR. Yours,

JNO. W. PACE CO.

Camp Travis Letter

Thanksgiving is at hand and Christmas is soon. Mothers and sisters and sweethearts are planning the big boxes of "eats" they are going to send their loved ones in Camp Travis. In order that these "goodies" get to those for whom they are intended and that they are in fit condition to be enjoyed when they arrive, it will be necessary that the greatest care be taken in selection of things that can be shipped, that they are properly packed and correctly addressed. Camp Travis as well as all other postal authorities are anxious that there be no repetition of the experiences of last year when jellies, jams, and fruits escaped from poor containers, not only being lost to those for whom they were intended, but smearing the contents of mail sack after mail sack into one sticky mess. Many parcels also failed to reach their destinations because of being improperly addressed.

Confusion and missending of mail due to incorrect addresses has reached such a point that the first assistant postmaster general at Washington has issued the following order. "Postmasters are hereby instructed to withhold from dispatch in the mails all ordinary, insured or C. O. D. parcels which are addressed to members of the Regular Army, National Army or National Guard which are not specifically addressed to company and regiment or other military unit."

Therefore great care should be taken that the number of the regiment and the letter of the company are given if the soldier is in the division; and number of his company and battalion if in the Depot Brigade. Care should be taken that every portion of the address is carefully and legibly written. Return address of the sender should be given in the upper left hand corner of the addressed side of the parcel.

Here is the proper way to address the parcel so that it will reach its proper destination:

From Mrs. S. S. Smith,
1432 Miami Street,
Dallas, Texas

Private Samuel S. Smith,
Company "M", 19th Infantry,
Camp Travis, Texas

To the end that things sent the soldiers may be delivered in the best possible shape, the following rules should be followed:

Under the general caption of "eats" all sent should be packed to stand the trip. Food packed in such flimsy containers as shoe and hat boxes is food wasted. Only the heaviest kind of cardboard or better still, light wooden boxes, should be used in packing eatables. NO NOT send liquids through the mails unless in liquid proof containers. Glassware MUST be in wood or double corrugated paste board boxes, well packed.

Cartridges and other explosives, liquor, live animals, etc, will not be transported in the mails. Writing in parcels also is prohibited.

In case articles are sent by express even greater care should be taken in their preparation and packing and nothing except strong board containers used, owing to the rough handling to which they will be subjected.

Instead of sending cigarettes, or tobacco of any kind, chewing gum, candies and toilet articles, it will be much better for the folks at home to send the money for such articles to the men in camp and let them make the purchase at the army exchange in Camp Travis. Not only do the exchanges sell articles much cheaper than they can be bought at home, but the added expense of packing and postage is eliminated in this way. Furthermore, the soldiers profit in all sales made by the exchanges as all profits go into company funds from which extras are purchased for the men.

W. S.S. WILL MAKE GOOD CHRISTMAS PRESENTS

Furthermore, the best Christmas gift you can give this year is a set of those little green War Savings Stamps.

Even though peace comes do not let yourself with the idea that you are not doing your duty. Pledges to invest in Government Savings Stamps are "scraps of paper" they are binding personal obligations. Be in a position to back up your New Year's resolution for 1919, having bought all of the War Savings Stamps you pledged for 1918.

Our idea of a first class soldier is the person who cashes his War Savings Stamps when he is not in camp to do so by circumstances.

Remember: Peace or war is decided by the United States Government has no debts and consequently expects you to pay that W. S. S. pledge.

Stop! Look! Loosen! Buy War Savings Stamps now.

There is only one common sense way to get out of the war. That is to buy W. S. S. Extravagance Savings Stamps is the kind of thing that any long-headed man would do to get out of the war.

Do your Christmas shopping and get 'em at the postoffice, you know.

How's the W. S. S. crop card? Be sure you keep it. Less than two months now busy on your War Savings Pledge.

THE WAR IS OVER AT LAST

Our boys have done the greatest fighting of any set of soldiers under the sun. But not only have our boys fought on the far flung battle line in Europe, but the folks at home have backed them to the limit with their money and supplies. We have stood by them and are proud of it. We have not only supported our men, but we have fed the Allies and furnished them with money that they might be able to stand together until Autocracy should forever be put out of the world.

To do the above things has called for heroic sacrifice on the part of both the men in the trench and the people at home. All have stood as a solid line against the enemy until the triumphant hour has come, when the last gun has been fired and the work and effort of the future shall be turned to REBUILDING WAR TORN EUROPE. As we have stood together and sacrificed as one man to DETHRONE the Kaiser, we must continue to stand as one man that we may ENTHRONE Democracy in Europe.

To many there has come the feeling that since the Armistice has been signed and peace is coming to cover the earth as the waters cover the deep, that it is a time for relaxing of our efforts and energies. We must not be misled just here.

NOW AS NEVER BEFORE THE WORK WE HAVE BEEN DOING THROUGH THE UNITED WAR WORK, THE AMERICAN RED CROSS AND THE CONSERVING OF FOOD IS NECESSARY.

We are now facing the period of reconstruction. When the territories held by the enemy are evacuated, there will be MILLIONS of people left in these territories who will be perfectly helpless. They are destitute of clothing and food. Their homes are destroyed. Their fields will not produce again for years and many of them for a generation. The men who would have the responsibility of caring for them, ordinarily, have been killed.

THESE MUST BE FED AND CLOTHED

The MILLIONS we have been caring for must still be cared for and in addition these added MILLIONS. We can not let them starve, we WILL not let them perish.

WHO MUST FEED AND CLOTHE THESE HUNGRY AND NAKED AND FAMISHING PEOPLE

The answer is already in YOUR heart. What is it? "We WILL DO IT. AND I SHALL BE ONE TO HELP, THEY CAN COUNT ON ME."

That is right, and to do this the Government asks that we shall throw ourselves into the support of these things even more than ever before. It will take millions of tons of food and clothing more for Europe within the next year than for the last. It can only be supplied by YOUR and MY conserving more than we did the past year. Let no one think because the war is over that his task is finished. It is not for it is now that we are to show to the world that our aims in it all were to build up rather than to tear down.

Conserve! Conserve! Conserve!

Monday Mrs. McGlammy gave the program from The Voice. From the scripture lesson she gave a beautiful portrayal of the character of John The Baptist as Herald of the coming of Christ, and the personal application "Do I truly herald a crucified Savior in daily living," was appreciated by all.

Other topics—Am I justified; Christianity alone adequate, and A pull at the life line were given by Mrs. Neal, Mrs. Montgomery and Mrs. Sutherland.

Mrs. P. D. Sanders gave us President Wilson's answer to the question Do you agree with me that if Missions have justified their existence, that they should not only be maintained in spite of the war but urged on because of the war, and the answer, I entirely agree with you in regard to the Missionary Work, I think it would be a real misfortune, a misfortune of lasting consequence, if the Missionary program for the world should be interrupted. There are many calls for money, and I can understand that it may become more and more difficult to obtain money for Missionary enterprises, but that the work undertaken should be continued, and continued at its full force, seems to me of necessity, and I for one hope that there will be no slackening or recession of any sort.

Next Monday the society will observe week of prayer and self denial with an all day program. Everybody is urged to come and bring pie or sandwiches for lunch.

RESOLUTIONS OF RESPECT

Where in The all wise Father saw fit to call from our midst, October 28, 1918, Mrs. Lula Helen Neill. Therefore, be it resolved that in the death of Sister Neill our church has lost a loyal and faithful member, one who loved always to attend its services; the Aid Society a faithful worker, and the home a true and loving wife and mother. That we extend to the family and relatives our most sincere sympathy, and pray God to comfort them in this dark hour. Be it further resolved, that a copy of these resolutions be spread on our minutes and a copy be sent to the Haskell Free Press and Western Evangel.

Mrs. R. J. Reynolds,
Mrs. R. J. Paxton,

FOR THE BOYS OVER THERE

UNITED WAR WORK

CAMPAIGN

WILL END NOV. 18th

During This Week the People of Haskell County Will Be Asked to Give **SEVEN THOUSAND DOLLARS**

Our Part of The \$170,000,000 to be raised for our Seven great War Work Societies

| Y. M. C. A. | National Catholic War Council | Jewish Welfare Board |
| Y. W. C. A. | War Camp Community Service | Salvation Army |
| | American Librray Association | |

Come on Haskell County! back up our boys by supporting these seven great morale making organizations

Why You Should Give Twice as Much

As you Ever Gave Before

The need is for a sum 70 percent greater than any gift ever asked for since the world began. The Government has fixed this sum at 170,000,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved. Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their;

- | | |
|----------------------------|--|
| 3600 Recreation Buildings. | 2500 Libraries supplying 5,000,000 books |
| 1000 Miles Movie Film. | 85 Hostess Houses. |
| 100 Leading Stage Stars. | 15,000 Big-brother secretaries. |
| 2000 Athletic Directors. | Millions of dollars of home comforts. |

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theater, a cheerful home, a store, a club, and an athletic field--and a knowledge that the folks back home are with him, heart and soul. You have loaned your money to supply the physical needs. Now give to maintain the Morale that has won the war.

PATRIOTISM IS ECONOMY

With the nation at war, the interest of our country demands that we practice economy. This doesn't mean that we quit buying necessities, but that our best judgment should be used in the buying. If your house or barn needs repairing to protect your family, livestock or farm products it should be done before the extreme bad weather begins. As it is not economy for you to lose what you have through a false sense of saving a few dollars.

Let us figure with you and tell you what the job will cost you to have it done.

I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. FARM LOANS

AT 5 1/2 PER CENT INTEREST
 35 YEARS' TIME

The Federal Land Bank of Houston Through the Rule National Farm Loan Association Makes Loans on the Above Terms on Haskell, Knox, and Stonewall County Lands

Compare the following figures, take paper and pencil and figure for yourself, and after careful consideration, if you can get a loan that suits you better than a Federal Land Loan—you take it.

"Bill" borrows \$1,000 from the Federal Land Bank, makes his note for \$1,000, gets \$950.00 cash and Stock Certificate for \$50 worth of stock in the Rule National Farm Loan Association. The Rule National Farm Loan Association is required to invest this stock money in Federal Land Bank Stock, so Bill really has \$50.00 worth of stock in the Federal Land Bank of Houston. Bill's payments are \$65.00 per year; \$32.50 the first day of November and \$32.50 the first day of May. He makes these payments for 35 years and is out of debt, gets his note and the \$50.00 invested in stock; he has received every year in dividends as much as 5 per cent, or more on the \$50.00 invested in stock, which is \$2.50 per year—\$137.50 in the 35 years (stock and interest)—so Bill has paid to the Federal Land Bank \$65.00 per year for 35 years, making \$2,275, and has received from the Federal Land Bank \$137.50, leaving actual cash paid out on his loan \$2,137.50 and his mortgage is paid off; that's easy.

Bill's friend, Tom, says: "I'm just a little bit afraid of this Government Loan Business, as they have too much red tape, and don't really think they ought to be in the loan business, anyway." So Tom borrows \$1,000 at the usual rate of 9 per cent interest, pays his interest \$90 per year for 35 years, which is \$3,140 interest only; he still owes the principal of \$1,000, so he digs up \$1,000 to get his mortgage lifted, making a total of \$4,140 that Tom has paid for his loan—that's not so easy.

Tom's loan cost him \$4,140; Bill's loan cost him \$2,137.50. Bill saved exactly \$2,002.50 on a \$1,000 loan. If you need to borrow \$5,000 you will save enough to buy the best 200 acre farm in Haskell, Stonewall, or Knox counties, or better than buying land, invest this saving in Liberty Bonds and help win the war. Be wise and patriotic. Act on these suggestions and bring them to the attention of neighbors and induce them to take like action

Federal Land Loans close in 20 to 30 days through the Rule National Farm Loan Association of Rule, Texas, member Federal Land Bank of Houston, Texas.
