

GROCERY STORE BURGLARIZED HERE LAST MONDAY NIGHT

Busby of Haskell and Henry living 10 miles east of town caught in the Reynolds & Stearns Grocery Store in this city Tuesday morning about 1:30 by Deputy Kirkpatrick. The boys made entrance through the back door proceeded into the front part of store. Mr. Kirkpatrick was laying out for them out of sight from any passing to the front of the store, the back way. The boys had helped to what candy and tobacco wanted when Mr. Kirkpatrick came up. He threw his flashlight on one of the boys jumped into meat box while the other one got. They were placed in jail. Kirkpatrick. The Williams boy had been released on bond but the boy has not been able to get bond and is still in jail. The boys were entered on Wednesday night to this time and Messrs. Reynolds and Stephens kept it a secret, only the officers and leaving the

broken glass as it was prior to the former entry. Some of the firm, assisted by the officers, had spent five nights in the store before the boys returned. They had almost given up the project when the boys again showed up. They came on the night Deputy Kirkpatrick was on watch and he took charge of the boys, having the authority to place them in jail without further proceedings. The boys confessed to the former burglary on Wednesday night, claiming that they took a bottle of preserves and probably another supply of candy and tobacco.

ADMINISTRATOR SAYS TO BUY COAL NOW

The production of coal in this county fundamentally a transportation problem. The states Wiley Blair, Federal Administrator for Texas. There are enough coal cars and enough locomotives to transport the necessary quantity of coal, but this is true only for very far and every locomotive is to its maximum capacity every day in the year. The words "every day in the year" must be emphasized, for time lost now by the domestic market in placing order for the fuel he will need next winter, is naturally going to slow up production at mines, and days lost now are lost forever. And another reason, important from the standpoint of the consumer for his buying now, is the fact the fuel prices will advance on that.

BUYS LIBERTY BOND WITH DIMES

E. L. Riddling of Weinert sold a \$50 Liberty Bond to Preston Derr which was paid in full by Mr. Derr in dimes which he has saved in the last 15 months. He began laying aside every dime he received in change on all his transactions as a means of saving and when he was called upon to do his bit by his government he responded with his savings, placing 500 dimes in the Weinert Bank, for which he received a \$50.00 Liberty Bond.

Mr. Derr is the son of J. W. Derr of the Pleasant Valley community and is one of our best young men. He has been married about 2 years and is now engaged in farming, and is helping to feed the nation as well as giving his support in other ways.

FRIDAY APRIL 26TH DESIGNATED AS LIBERTY DAY--GOOD PROGRAM ARRANGED

Friday (April 26th) has been designated as Liberty Day throughout the United States, and patriotic services will be held in practically every town and village in the country. A committee who has the program in charge in Haskell, has planned a parade at three o'clock this afternoon, followed by speaking at the courthouse. Every man, woman and child in Haskell county should be able to take part in these services--if you are the owner of a bond of the Third Liberty Loan you are requested to meet at the corner of the square in front of the Haskell National Bank and take part in the program. This should be a "Liberty Day" one that will live in the mind and heart of every true citizen.

celebrate the occasion with a manifestation of the national sentiment and that sentiment surely is that America shall win, must win. America is now the hope of the nations. Civilization and everything that is good and right stand or fall with America. The Star Spangled Banner has stood for much that is good in the past. It now stands as the banner of the world's salvation. Shall we not celebrate such fact. Let us unfurl the flag call music to our aid, have the children sing hymns of praise of their country and their God. One last word. Practical patriotism is the only kind that counts. May every patriotic word and sentiment uttered and felt next Friday be coined into a practical response to our country's call for an overwhelming subscription to the Liberty Loan. Hoopes, Federal Reserve Bank."

F. M. BENTLEY MOVES TO DENTON COUNTY

F. M. Bentley, who has been a citizen of Haskell for many years has sold his land interests in the county and also his home in the east part of the city and left with his family Friday morning for Denton where they will make their future home. Mr. Bentley is one of our best citizens and we regret very much to see him move to other parts, but we wish for him the best of success in his new home.

Plan Your War Garden Now, Save Time and Money.

HELP INCREASE OUR EXPORT FOOD STOCKS

N CITY and country more war gardens are needed this year than ever before. Patriotism prompted 2,000,000 Americans to plant gardens last year, according to estimates of the United States Department of Agriculture. Transportation facilities of the nation will be strained this year hauling munitions of war and foods for the Allies. The surplus food created by home gardens will help in the railroad problem. And the nation will eat less of the goods we must export--wheat, meat, fats and sugar. Every boy and girl that helps with the garden is helping win the war. Leaflets of instruction in garden making may be secured from the Department of Agriculture at Washington, upon request, without charge.

But I wish to remind the public that the call was made publicly all over the county April 6th, asking each one to voluntarily do his part. After this I explained through the Free Press and then to a large audience in the Court House that I had been instructed to keep a close record of what each man was doing and report to headquarters the names of all those who did not respond to the measure of their ability. This was followed by appeal after appeal publicly and by thirty-three individual workers. Then I was instructed to send in the list to Dallas. Rather than send it in at once, I prepared a strong letter and mailed it to a great many individuals in official envelopes, telling them plainly what is coming and asking for action. A copy of this letter was sent to Dallas and a little more time asked for. I knew I would be blamed, but chose to take a lot of blame on myself rather than send into the Government a long list of names to be entered there as slackers to their Government. Now I am taking what blame comes to me, but the main trouble is that the people did not believe me when I told them again and again what was coming and finally took this last step to save the good name of others. I am still asking you to save me this disagreeable task and you from its effects. Any errors will be quickly corrected.

PATRIOTIC RALLY HELD AT THE COURT HOUSE MONDAY NIGHT

Sergeant A. J. Phipps and Miss Lavina Engle were the principal speakers at the Liberty Loan rally conducted at the courthouse Monday evening. Sergeant Phipps was with the French Foreign Legion at the Battle of Verdun and several other engagements and had many interesting stories to tell of the actual fighting that is taking place on the battle fields of Europe. Phipps reached France early in June, 1916. Eleven boys from the United States enlisted at the same time with Phipps and all are dead with the possible exception of two others whom he has not heard from in several months. He is a very able speaker and gave the facts about the front as seen with his own eyes.

Miss Lavina Engle was from Washington, D. C. Though still in her twenties, she is a seasoned campaigner and organizer. She delivered her message in convincing terms and was straight to the point, making a forceful and eloquent appeal to the patriotism of her audience. Miss Engle was one of

the group of women who made up the Liberty Loan Limited which toured a large portion of the state. The tour was made in an automobile, and the women covered 1,500 miles of territory on the trip, speaking in halls, churches and on the streets. The subscriptions received in this manner amounted to more than \$150,000.00.

Miss Engle was born in the south and is a graduate of one of the best colleges for women in the country. By her personality and splendid training she is well equipped for the service she has entered, that of awakening the people of Texas, men and women, to the need of buying Liberty Bonds, for their own safety and for the future safety of civilization.

The courtroom was taxed to capacity to accommodate the audience, and several thousand dollars were raised at the close of the meeting.

Sergeant Phipps and Miss Engle also spoke at Rule and Rochester on Tuesday, where large crowds gathered to hear them.

UNION SERVICES TO BE HELD AT METHODIST CHURCH

The regular union meeting will be held at the Methodist church Sunday night at 8:30. A committee was recently appointed from the different churches to decide the advisability of holding union services every Sunday evening instead of once a month as heretofore. Their report will be presented at the meeting Sunday night for approval or disapproval of the church going people of the city. You are invited to attend.

TWO ARRESTED IN JONES COUNTY FOR DISLOYALTY

Gus R. Oehme, Sr., aged 60, and his son, Gus P. Oehme, aged 26, are held in Anson on a charge of violating the recently passed state loyalty law. Bond has been set at \$1,000 each, which had not been made at noon.

Sunday night neighbors of the Oehmes went to the Oehme home, tore a picture of the German kaiser and a German flag from the wall, and substituted a picture of President Wilson and a liberty loan poster. When Sheriff Register went to the Oehme home in the Hawley section to make the arrest of Oehme and his son, he could not find either the President's picture or the liberty loan poster.

The elder Oehme is said to be a German subject and to have a son in the German army.

W. F. B. Tucker has been laid up for about two weeks with a sprained ankle but we are glad to see him up town again.

SIGN UP FOR YOUR LIBERTY BOND; DON'T DELAY THE TIME IS GROWING SHORT

A great many people have agreed to take bonds, but so far, have not signed their applications at the bank. We want you to sign up and finish the job, and avoid giving us a lot of work and trouble, and avoid being misunderstood yourself. Don't put it off, but go and attend to it now. Don't put it off past Saturday at all.

We are getting well along with our work. The total is climbing up right along, but we have only a little time left and a lot of names not yet in. A lot of people have not yet taken anything. A lot have not yet taken as much as they should. The workers in the towns and through the country should keep fast to the job, go right on with it, stopping for nothing till the whole field has been covered and the last man seen and a final decision made and signed up and done with. Remember, we cannot afford to stop till the last day.

MILK MAIZE FLOUR NOW ON SALE HERE

Our local merchants have received their first shipment of flour ground from milo maize which is another substitute for wheat flour. Just at this time we have no statement from our people as to what extent it will be used but we are of the opinion that it will be tried out during the remainder of the week and we will be able to say just how we like it by this time next week. Dave Terrell of McConnell says it is fine for cakes and pastry, but he failed to cultivate a relish for biscuits made from this flour. We welcome the new product because if we can make anything in the way of crops it will be maize, and if we can use it for flour, it will help out West Texas in the bread line.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

Seymour Band was present and some fine music. After several songs had been rendered, Mrs. Baker was called to the stand. Her subject was "Why we are in the war." I have heard several addresses on this subject, but I must say Mrs. Baker is the peer of any I heard. She brushed aside flippant reasons, and went to the reason, and analyzed fully and clearly, showing plainly why we are in the war. I shall not repeat many statements, but here is a sample of her brilliant, which bespeaks for deep, candid thinker: "It is our America to live than for us to live." Get the noble among the many good things here are a few: "We believe in just . . . This is a war against right, of Imperialism Democracy—German Feudalism the inalienable rights of man, that the mansion on the hill control the hut in the valley," etc. P. Clark of Seymour delivered address, picturing to us the of war, such as our boys are dying for the protection of our men appealing to the citizens of to respond heartily to the government's request. There was subscribed that night. Liberty Loan Board had planned rallies in Baylor county, the being one of them. They are the gravity of the situation and clinging to the last man.

**Some are giving their lives
The least YOU can do---
Buy Liberty Bonds**

Better "come across" or the kaiser will.

Reduction, Production—the 1918 watchwords.

Even present high prices are better than Hun prices.

If the Sammies can die for Liberty, safely you can buy for it.

Some people are unwilling to help along any good cause unless they can be the main spoke in the wheel.

Absolute freedom of the seas sounds the doom of the submarine in any capacity. It could not be relied on even for respectable police duty.

What wouldn't you do to insure your children the privileges and liberties you have enjoyed? Anything in the world, wouldn't you? Then, why hesitate to buy Liberty Bonds?

While the Huns have failed to achieve their great purpose, the average citizen cannot lose sight of the fact that much ground has been lost by the Allies. Let's hope that the big counter offensive starts soon.

Suppose it was possible for you to whip the Central Powers all alone; and that no one else could do it, or even help; that the whole job rested on your shoulders. There isn't much you wouldn't do, is there? You would be willing to give your life; you would be willing to give twenty-four hours a day and every cent of your money.

You would make the most gigantic effort that has been made by any human being in the history of the world. Well, it is all true.

It may not depend upon you alone; but it does depend upon everyone of you—just a multiplication of "yous". And any "you" may mean the margin of effort and money needed to win the war.

Back of this titanic struggle now engaging the nations of half the civilized world is an issue greater than these nations themselves, the question of whether democracy or autocracy shall dominate. The nations are at war, but it is the principle involved that is accountable. Overshadowing all else is the big query: Shall democracy live and liberty stand paramount?

Germany has always stood for autocracy in the nth power. The rights of the people have never been particularly considered, much less recognized. The government has been dictatorial, monarchical, ever. Militarism has been dominant, unquestioned. Free speech has never been permitted. Lese majeste is still the rule. Authority has always been thrust close before the German eyes.

And that is their plan for the rest of the world if ever they are able to conquer it. To that end they would ruthlessly sacrifice two-thirds of the man power of the empire. In the recent German drive in Flanders, Hindenburg freely declared he would willingly sacrifice a million men to break through the iron ring with which England and France held back the Hun.

Life is the cheapest commodity in Germany today. And it is no more than a commodity. It is nothing any German citizen may permanently call his own. Prussianism at any moment may set it upon the execution or the auction block as was done in Belgium; as will be done in America if the Hun ever conquers us.

Autocracy or democracy, which do you want? It is largely up to you. If you cannot fight you must pay some other way. The struggle must be won. We may save our lives and our money only at the price of our Liberty.

Others are offering their lives. What about your money? Think it over before the Liberty Loan closes.

ASTONISHED AT THE RESULTS SHE SAYS

Gained Sixteen and a Half Pounds on Taniae and Troubles are Gone

"When I bought my first bottle of Taniae I felt like it was that much money thrown away, so my wonderful recovery has astonished me," said Mrs. P. A. Johnson, who resides at 202 Third street, El Paso, Texas, a few days ago.

"For eight years," she continued, "I have been physically broken down and have suffered tortures with rheumatism indigestion and nervousness. My whole body seemed to be affected with rheumatism and my joints were swollen and pained me so I was almost helpless. My legs hurt me so bad I couldn't bear my weight on them and I had to use crutches and be helped about. Nothing I would eat agreed with me and my stomach was in such an awful shape that I couldn't stand anything tight around me. For months at a time I lived on liquid diet and even this at times caused me trouble. The gas on my stomach affected my heart so that sometimes I felt like every breath would be my last and my nerves were simply shattered to pieces. I also suffered terribly from constipation and headaches and never knew what it was to sleep more than two hours any night.

"Honestly, I have spent three-fourths of my time during the past two years flat on my back in bed and have taken medicine until my house looks like a drug store. I have spent many a dollar with little or no results. I was told my trouble was caused by appendicitis and when I was operated on and still suffered just as bad as ever. I became discouraged and felt that I would never get well. I could just feel myself going from bad to worse every day. A friend of mine urged me to try Taniae and I am now on my third bottle, have gained sixteen pounds and a half and am already feeling like a new woman. It's a positive fact, these three bottles of Taniae have done me more good than other treatment and medicines that have cost me hundreds of dollars. The pain and swelling caused by the rheumatism has entirely left me. I eat just any and everything I want without it hurting me and sleep every night like a child. My nerves are as steady as a clock and I really haven't felt so well in eight years and my friends are all talking about my wonderful improvement."

Taniae is sold in Haskell by Reid's Drug Store; in Rochester by H. G. Ramby; in Weibert by E. E. Cockerell; in Rule by Golden Rule Drug Store; in Sagerton by W. W. Martin; in Nabors by Mrs. L. A. Bouldin, and in Whitefield by T. B. Higginbotham.

"We are sure Mrs. McConnell's friends all over Haskell county will rejoice to know of the honors conferred upon her at headquarters in St. Louis, where she went to take examinations in Surgical Dressings. Having passed a perfect examination, she was awarded a teacher's certificate, although a ruling has been made not to issue any but pupil's certificates, the rules were waived, her work being so satisfactory, and the Haskell ladies now have advantage of Mrs. McConnell's instructions free, and all who possibly can should take advantage of this.

Some men are always too near-sighted to find work.

You can eat chicken again—that is if you can raise the price, or the chicken.

"Make your acres tote double," is the slogan of the progressive and patriotic farmer.

Just suppose that the winning of this war depended upon you alone.

If you're looking for a good buy, investigate Liberty Bonds.

Elections have been won by one man's vote. If one man had stayed away from the polls the story of several elections would have been changed. If one man holds back now the history of the world may be changed.

The winning of this war perhaps does depend upon you alone.

GAUNTT TO VOTE ON ON SCHOOL BONDS

The citizens of the Gauntt school district will hold an election to vote \$4,000 in bonds for the purpose of erecting a brick school building. A meeting was held Thursday night and some lively discussions were had in regard to the exact location of the new building, some contending for a new location, while others called for the same location because of the cistern and storm cellar. We believe the people will come together and the building will be built before another school term. Gauntt is one of our most progressive school communities and we are glad to see a move on foot for a better school.

J. W. GAMMILL ANNOUNCES FOR COMMISSIONER

In this issue of the Free Press appears the announcement of J. W. Gammill, of Rochester, as a candidate for the office of Commissioner of Precinct No. 1, subject to the action of the Democratic Primary.

Mr. Gammill is a man of influence and unusual ability, and his candidacy is viewed with considerable interest by the people from all over the precinct. He is thoroughly informed as to the needs of the people of the precinct having lived here for several years and he says if he is elected to the office his policy will be: "Do something or quit." He says he does not believe in the people paying road tax, year after year, in one part of the precinct, and the other end of the precinct always getting the benefit of the money. He insists that there is a solution to the road problems of the precinct, and promises a more equitable distribution of the road funds.

Mr. Gammill will appreciate your support and vote. He will see as many of the voters as is possible, and promises that if elected that he will be heard of again between election and the next campaign.

J. W. Harris, J. C. Stevens, J. T. Wilson and son Jim, all of Lone Star were in the city on business, Thursday.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

WHAT IS LIBERTY?

Do you think that you inherit liberty merely by being born, that it comes to you without effort, just as you inherit eye-sight and your other natural possessions?

If so, you are making a great mistake.

Liberty is something that cannot be had for nothing. That is why it was said in the old days: "Eternal vigilance is the price of Liberty."

In these days

Liberty Bonds Are The Price of Liberty

If you prefer American liberty to military autocracy, then you must do your share to see that it is not overcome and trodden under foot by the enemy.

If you cannot fight the enemy with gun and sword you can fight them with your money by buying LIBERTY BONDS so that America's brave soldiers will never lack anything that they need to help them win the war and preserve Liberty.

Every LIBERTY BOND you buy is a blow struck in the cause of Liberty.

CLERK'S NOTICE OF ESTRAY
THE STATE OF TEXAS,
County of Haskell.
Taken up by G. W. Daniels and es-
trayed before J. M. Ivey, County Com-
missioner Precinct No. 1, Haskell coun-
ty:
One black horse mule about 14½
hands high, about 10 years old. No
marks or brands.

Located on the L. M. Hamilton farm
about 7 miles northwest from the town
of Haskell.
The owner of said stock is requested
to come forward, prove property, pay
charges, and take the same away, or
it will be dealt with as the law directs.
Given under my hand and seal of
office, this the 10th day of April, 1918.
R. R. English, Clerk.
15-3tc County Court, Haskell County.

HOWARD
The farmers have been going in high
gear since the rain, planting feed crops,
and a few are planting cotton.
John Bland, who has been working
in Sweetwater, returned home last
week and is now busily engaged in
planting his feed crops.
Dee Tidwell and Andrew Josselett
and their families attended the Metho-
dist Conference at Plainview last Sat-
urday. They report a fine time and
a most splendid dinner.
Rev. Lamm preached at Howard last
Sunday night.
Uncle Billy Cox and family, who
have been living in Haskell, have moved
back to their farm in this community.
We extend a hearty welcome to these
good people.
Our Literary met in regular session
last Friday night. The debate was
postponed, however, an interesting pro-
gram was rendered, consisting of recita-
tions, dialogues, speeches, etc., which
was highly appreciated by all present.
There is quite a number of cases of
the measles in our community at this
time.
We note with a very great deal of
satisfaction that the city of Haskell
has elected a set of city officers that
belong to the very highest grade of
citizenship, and we feel at liberty to
offer any suggestion that would tend
to improve on Haskell's ideal govern-
ment, and in this connection would call
their attention to the "step-stone" in
the sidewalk just east of the postoffice
and in front of the old armory. We
think it should be leveled up and placed
nearer the concrete sidewalk.

TWENTY FIVE YEARS AGO

TAKEN FROM THE FILES OF
THE HASKELL FREE PRESS
of April 29, 1893

The following is taken from the files of the Free Press of April 29, 1893—25 years ago. J. E. Poole was editor of the Free Press at the time. The following people who are still in business here had advertisements in this issue: F. G. Alexander & Company, Sherrill Bros. & Company, Robertson's Haskell National Bank.

Mrs. Flora Deyo of Fort Worth is visiting her sister, Mrs. A. H. Tandy of this place.

W. T. Hudson returned the first of the week from the Indian Territory where he had been to locate a herd of cattle.

Tom Tucker, who is now on the frontier ranger force is at home this week visiting relatives and looking after business matters.

Ed Martin thinks he is ahead on vegetables. They have been eating English peas, radishes and other garden truck at his house this week.

E. Birns, the gentleman who was here from McLennan county early in the spring and purchased a farm, returned home yesterday. He says the dry spell won't keep him away from Haskell county.

Prof. J. D. Warren and Miss Annie Wright were married on the morning of the 25th, inst., Rev. W. G. Caperton officiating. They left on a bridal tour

to Tennessee. Both parties lived in Haskell.

Oscar Martin and H. R. Jones, two of Haskell's legal lights, made a trip to Raynor this week.

D. M. Winn, an old citizen of Haskell, but now of the firm of Gass and Company of Hale City was here the first of the week.

J. F. Jones is having a neat and comfortable home built on his lots in the south part of the city.

J. S. Rike informs us that some beans, etc., which he planted about ten days ago, is coming up nicely, a fact which indicates that there is still enough moisture in the ground.

T. E. Hart and family motored up from Colberts Ranch on the Clear Fork Sunday and spent the day with Mrs. Hart's sister, Mrs. W. A. Caribole of this city.

I have one farm close to town and school, 149 acres. It's a crack bargain. Write, phone or see H. C. Maynor at O'Brien Texas.

Organs cleaned and repaired. Work guaranteed. We know the business. See Wm. Wells Furniture Store, Haskell.

SAGERTON DEFEATS

RULE 5 TO 3

The Sagerton ball team defeated the Rule team at Rule last Friday evening. The score was 5 to 3. This was one of the best games of the season. Both teams played good ball. The score was 1 to 1 until the seventh inning when Rule made 2 scores, then in the ninth inning Floyd Smith, Sagerton's third baseman, saved the day with a two base hit. Rule will meet the boys on their home diamond next Friday. Sagerton has a good ball team this season, and expects to have some very interesting games.

The lineup is: B. Ater, pitcher; P. Burrow, catcher; L. Pilley, first base; C. Pilley, second base; B. E. Smith, third base; B. C. Smith, shortstop; Mason Martin, E. Hess, H. King, W. Pilley and Ray Martin, out fielders.

Weinert Woodmen Circle Will Give Colonial Tea

On May the fourth a Colonial Tea will be given in Weinert by the Circle, in behalf of the Red Cross. Some special selections may be rendered during the serving hour.

This Grove has not only shown a patriotic spirit through its service to the Red Cross, but by purchasing a fifty dollar Liberty Bond.

We would judge that they are eager to see Uncle Sam get the third Liberty Loan oversubscribed.

Mr. and Mrs. G. M. Thompson and little son of New Mid were in the city Monday.

War food prices can never be low. Plant a garden for economy.

HIGHEST QUALITY AWARDS

HASKELL HIGH WINS TWO AND LOSES ONE

Knox City town team invaded our town last Friday and defeated the high school base ball team here by a score of 9 to 7. Everything went for the high school team until the visitors ran in "big league stuff" on them in the fifth inning and they were unable to score again. However, errors were responsible for the lost game. Neathery twirled a good game but his team-mates failed to give the needed support. 11 errors were marked against them. Griffin did a sensational in the fourth when he pulled down a fly which looked good for three bases.

Word of Thanks
I wish to take this opportunity of pressing our thanks to the people for the great interest manifested in our meeting at house Wednesday night. Especially thank the County Treasurer, City Marshal, and worthy ministers, Revs. A. and P. W. Walthall, also the editor of the Haskell Free Press the unparalleled favor that my race will appreciate in proportion as they understand. The American rely unlimitedly on the flag follow the flag wherever it goes. For we believe there is one formula for race adjustment that is the law of the road. The negro race has selfish interest in them. We need never to arise who are friends to this Government. I thank you.
