NEWS OF THE WEEK FROM
WHITE'S CHAPEL COMMUNITY

We are having some more rainy weather.

Lolla Montgomery spent Saturday evening with Mrs. Johnson.

Roy Hooten and wife who have been visiting Mr. Johnson and family, are visiting Richard Hooten and family of Haskell.

Mr. and Mrs. Johnson made a business trip to Haskell Friday.

Mr. and Mrs. Dee Tidwell are the proud parents of two boys.

Seaton and Jim Cox spent Saturday night and Sunday in this community.

W. A. Montgomery and family spent Saturday night and Sunday with J. S. Montgomery.

Era Thornton visited Austin Porterfield Sunday.

Mr. Parson spent a short while with Mr. Montgomery Sunday evening.

Mr. Wilford and family left for their home on the plains Friday morning.

Howard Montgomery spent Sunday night in the Howard community.

Two Girls.

Cheery Kitchens.

Women who perform their household work unaided should see to it that the kitchen is made as cheery and convenient as possible. Perhaps, if many a housewife's steps were counted, it would be found that she travels several weary miles each day, yet a great deal of this unnecessary exertion could be avoided if her kitchen were fitted up with a few labor-saving devices and all surplus furniture, pictures and sundry shelves that catch dust and make a lot of work were removed.

Always Something To Fix

is right, and "a stitch in time saves nine." So, Mr. Man of the House, the next time the door knob comes off, don't just stick a nail in it, but beat it to the nearest Hardware Store and get a knob screw. And when there is a hole in the screen door, don't wait 'till the dog can climb through.

When you think of it, a Hardware Store is just full of handy necessary little things—"stitch in time things"—and Mr. Man of the House, if you'll just look around a little we'll wager you'll find a lot of stitches that ought to be taken about the house.

A shipment of Cedar Chests that failed to arrive for the holidays will be closed out at greatly reduced prices. See them before they are gone.

ANOTHER CAR OF
OAKLANDS

We are expecting another car of Oaklands to arrive this week and we will be glad for you to give them the "once over" if you are thinking of buying a new car.

The "Oakland Sensible Six" is the most popular car on the market today wherever Oaklands have been sold. Let us prove it to you.

NEWS OF THE WEEK
FROM PLEASANT VIEW

We have had some muddy weather for the past week and no prospect for any better weather at present. People will be late getting their cotton out in this community, although some have finished picking.

We are having a good Sunday School at Pleasant View. It has to be very bad weather if we don't have Sunday School, though we had none Sunday, as the weather was so bad.

School at this place is getting along right good. Most of the children have started to school.

Mrs. Ella Price and children have gone a visit her sister, Mrs. J. E. Parsons at Polytechnic, Texas.

Mr. Watson of this place is going to move to Munday. We regret to give up this good family.

Grandma Strickland is visiting her daughter, Mrs. Will Parsons, of Waxahachie.

George Gains has gone to Munday, where he will attend school.

Mrs. Bertha Gains has been sick for some time, but is improving now.

Mrs. Ed Guss of Oklahoma is visiting Mrs. Tom Price and Mrs. Charley Sar gent this week.

T. C. Jones made a trip to Seymour Sunday.

Against Grasshopper.

When a grasshopper jumps he has no idea where he will light, but merely launches himself into the air and trusts to chance. Through the efforts of the agricultural agents, however, it is coming about that after a few trials the insect learns that he is almost certain to land some place where he isn't wanted.

Clever Willie.

Glancing hastily over the pages of Willie Johnson's examination papers, the teacher was delighted to see that not one of the questions remained unanswered. But upon a more careful scrutiny her pride took a tumble. After nine of the twelve questions Willie had written politely, "I am sorry that this is a subject on which I have no information."

Flye Seldom Crawl Downward.

A fly on a windowpane will crawl to the top, fly back to the bottom and crawl up again. This order is seldom reversed. It is on record that a fly crawled up a windowpane thirty-two times, returning each time to the same place.

World's Largest Crater.

Dr. B. F. Griggs, who has been exploring the volcano of Mt. Katmai, in Alaska, for the National Geographical society, announces that this is the greatest crater in the world, being no less than nine miles in circumference and 3,900 feet in depth.

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

NEWSY LETTER FROM THE LITTLE CITY OF WEINERT

As we have been absent for quite a while, will try and send in a few notes this time.

We have all been taking the cold weather in here for the last few days. The "Odd Fellows" had a supper last Tuesday night which was enjoyed by a large crowd.

Miss Bonnie McKenzie of Haskell has been visiting friends and relatives here the last few days.

Floyd Kilgore of Greenfield, Missouri is visiting relatives here.

Mrs. Ada Petty, who has been visiting out on the plains, has returned and is now working in G. H. Malcolm's Store. Elmer Smith, who has been working for P. B. Broach here, has gone to Monday.

J. B. Ridling is in Fort Worth on business.

Edd Howard's brother has been visiting him.

John Gould and family have moved to Hereford, Texas, where they will make their future home.

Walter Miller, who is attending college at Sherman, Texas, has been visiting friends and relatives here.

James Gregg and wife from New Boston are here visiting his sisters.

Some of the folks from Weinert motored over to Haskell Saturday night. The "42" party given by Mrs. Couch Saturday night was enjoyed by all present.

Some of the folks from this place attended the singing given by Mrs. Henry Free of Pleasant Sunday night and all report a nice time.

Misses Buna and Mary Gould spent the day with Mrs. E. L. Ridling and family Sunday.

Repose of the Ocean.

Scientific investigations go to show that the roaring waves and the mightiest billows of the ocean repose, not upon hard and troubled beds, but upon cushions of still water; that every where at the bottom of the deep sea the solid ribs of the earth are protected from the abrading action of its currents.

Record Hurricane Damage.

The worst hurricane of which any record exists was that of October 10, 1780, which started in the Barbados. An English fleet anchored off St. Lucia simply disappeared. Nearly every building on the island was blown down and 6,000 people buried.

Corns Come Off Like Banana Peel

"Gets-It" Leaves Toe Smooth As Your Palm. Never Falls.

Ever peel off a banana skin? Well, that's the way "Gets-It" peels off any corn or callus. It's a miracle. Nothing else in the world will do it.

"2 Drops of 'Gets-It,' Good-bye Corns!" but "Gets-It" because of the new secret principle in the "Gets-It" formula. "Gets-It" does away forever with "contractions," "wraps," "plasters," ointments that rub off, blood-letting, knives, and scissors that slip into the "quick." "Gets-It" causes pain. It takes but a second or two to use "Gets-It." There's no fussing or trouble. It dries immediately. You put your stocking right back on again. Your corn will come off painless in one complete piece. That's common-sense. It never fails. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. SOLD by B. Lawrence & Co., Chicago, Ill.

We have a stock as complete as you may desire and stand ready immediately to meet your every need.

HASKELL, TEXAS.

FORDSON TRACTORS

If you wish a tractor you should be placing your order. The sooner you place an order the sooner you will get a tractor. Orders are filled in rotation like going to mill. We are anxious to get as many orders as possible. It helps us to get the cars shipped.

A Fordson is not an experiment. Thousands of them are in use all over the country. They will not do everything, but do a great many things, and pay for themselves in a short time. They are low priced and a very economical power. Place your order and if you later conclude you do not need it or want it, some one will be ready to take it off your hands, and glad to get it. It is that way everywhere.

Plows, Harrows, Drill, Binders, Listers, and other tools can be had along with Fordsons.

C. JONES, Haskell, Texas.

Not Decorative.
We often think that woman sets too much store on mere appearances and she, as we always refer to her without further designation, now announces with some little bitterness that spaghetti with tomato sauce shall never again darken our threshold, merely because she does not think it looks well on one's shirt front.—Ohio State Journal.

Suggestive Hint.
A certain eminent lawyer was appointed head of a government department, and he was anxious that all the members of the staff should work together in unison. He summoned the leading officials, and after delivering an address on the desirability of thorough co-operation, concluded by saying: "Gentlemen, in my profession when a jury disagrees it is discharged, I think I need say no more!"

Contentious Never Popular.
The wise man in Israel has truly said: "A fool's lips enter into contention," and the contentious fool is as common a nuisance today as he was in the olden ones. Usually a proportion to their lack of actual knowledge do such persons presume to set themselves up as dictators to others.—Exchange.

Thoughtful Billy.
Billy came rushing home one day from a playmate's house and I knew at once from the expression on his face that he had done something which he should not have done. I asked what was wrong, but he replied, "Mother, I don't want to tell you because it would just make you feel so bad."—Chicago Tribune.

Birth of Red Cross Idea.
The suffering of soldiers in the Crimean war first directed the world's attention to the merit of systematic care for the wounded. In 1859 M. Henri Dunant was visiting Italy and witnessed the carnage of the battle of Solferino. He organized volunteers to help take care of the wounded. Out of his work grew the conference at Geneva, in 1863, and another in 1864. These conferences were the formal beginning of the Red Cross. The name and insignia were adopted. The American Red Cross was organized by Clara Barton in 1881.

Growth by Labor.
You have communed with great men to little purpose if you have not learned that, however else they may have differed, in one respect they were all alike. Their ideas grew by labor.—John McClintock.

FOR SALE
A ranching proposition, everything included. Land, cattle, horses, feed and implements. 320 acres improved \$3.00 per acre bonus—640 acres well improved leased, more available. 127 head cattle and 14 horses. See or write

"THE VENGEANCE OF DURAND"
A GORGEOUS PRODUCTION

"The Vengeance of Durand" has some of the most gorgeous settings ever seen in a picture. Its happenings occur amid the social whirl—in great receptions, balls and dinners—with a splendid chateau. The characters are drawn from among a class of beings who dwell at the very top of cultured, finished aristocracy. Chivalry, romance and modern knightliness find play throughout against a contrast of equally dynamic evil. Big minds are seen at work in the fashioning of their own and the destiny of others as the story winds its way.

The climax alone, always a crucial point and a focal fact of a drama, novel or film, is here a fact of tremendous importance. The climax of this picture is like no climax ever contrived. It is gigantic.

Donkey Sense

"There was a donkey who took himself off for a vacation without his master's consent.

The owner was very fond of his pet, and thinking him lost, offered a reward of \$100 for his return.

Shops were closed and the little town took a holiday to look for the donkey, without results.

Next morning the village fool came down the main street leading the donkey by a rope.

"Where did you find him?" exclaimed everyone.

"I didn't find him," answered the fool. "I just thought where I would go if I were a donkey, and I went and there he was."

This is the best definition of what is commonly called "horse-sense" of which we know.

The use of it saves a lot of running around and puts money in our pockets. It is nothing more nor less than using our brains for a little right thinking—Exchange.

Art of Coloring Glass

It is probable that the coloring of glass, and particularly the garnet tint and not the ruby hue, as some authorities would have us believe, originated in Bohemia. This color—garnet—is obtained by alloying or fusing an extremely minute quantity of gold with the other ingredients—silica, soda, lime, iron oxide and alumina. On its first heating the glass is colorless, but on reheating it develops its soft, rich appearance.—New York World.

They put in comedy, melodrama, romance, western thrillers and high society—but they didn't put in any "War" After it was finished they called it—Comedy! It is.

Which is the most skillful love-maker—an Englishman, Frenchman or American? See Vitagraph's superfilm, "The Vengeance of Durand."

Own Your Own Farm

Let me sell you a good farm and give you possession, and get busy and make a good crop and finish paying for it.
80 acres 2 1/2 miles South of Rochester, well located and improved, plenty good water and windmill, 70 acres in good state of cultivation, balance good land. This is not blow-sand, but good loam soil, and a big bargain at only \$65.00 per acre. \$8,000 cash, and good terms on balance.

80 acres good sandy land, 4 miles west Rochester, good improvements well and windmill, school at corner place and 1-2 mile of clayed road. A bargain at only \$25.00 per acre. If you like sandy land this will please you.

150 acres good chocolate loam soil, 100 in cultivation, balance grass. 4 miles S. W. Weibert on public road, 2 miles to one of the best schools in the country. This is a bargain at only \$52.50 per acre on good terms. 160 acres 7 miles West and a little south of Haskell, on public road, fair improvements; 100 in cultivation. A bargain at only \$40.00 per acre.

All the above places carry possession—and that is worth a good deal now. See me quick for these bargains before they are gone.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

Catarrh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best known purifiers, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials free.

The Wise Man.

He is the wisest man who would have the least to do with the multitude. It is not for the wise man to be much affected with the consensuses of the rude and unskillful vulgar, but to hold fast unto his own well-chosen and well-fixed resolutions; every fool knows what is to be done; but what is best to be done, is known only to the wise.—Joseph Hall.

Dust and With Shells.

Whole forests may be seen coated with shelly substances on the Australian continent. These encrustations are supposed to arise from the decomposition of shell fish, which, transported by the winds, are deposited in the form of dust on trees and plants.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, listlessness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Unusual Value—In Tires for Small Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag. \$3.90

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford service is, and why it is different from ordinary garage service. The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements, and he uses only genuine parts because he knows the imitation parts aren't dependable.

He has a thoroughly-equipped, up-to-the-minute garage with tools that enable his Ford mechanics to efficiently and properly make any repair—from a minor adjustment to a complete overhaul.

Now, we are Authorized Ford Dealers—a part of the great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. Drive in or phone and we'll come for your car.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

Reduce in the Home

It may be possible to reduce the cost of living to some extent by governmental action, but it is a debatable proposition. The present high prices on one hand appear to be a world phenomenon a natural and traditional result of the destructiveness and inflation of war, and the subsequent deaerization of industry. On the other hand, they may be the result of illegal combinations, unjust advantages of a time of tension when industry and national life were adapting themselves to the after-war days. If the first cause is correct, the solution is economical and means that production must be increased. If the latter is correct, then the solution lies with the government and the consuming body as a whole. Unscrupulous combinations cannot be beaten by government officials alone. They must have the cooperation and support of the citizens. Reducing both deductions it appears that the cost of living must be curtailed first in the home.—Denison Democrat.

Exercised Discretion.

Richard, on his first visit to the country, climbed the fence into the field where a Jersey cow was grazing. The cow, being somewhat of a pet, greeted him with a loud and joyous moo, whereupon Richard beat a hasty and disorderly retreat. "No, I wasn't edrackedly afraid," he explained; "but when she kept saying, 'Move, move!' I thought I'd better keep a-movin'!"

ALL OF HER LIFE

Mrs. Flanagan is Grateful for Relief Obtained Through Use of Taniae

"I'll praise Taniae the longest day I live, for it is wonderful how this medicine has helped me," said Mrs. M. J. Flanagan, of 104 Claiborne street, Nashville, Tenn.

"For three years," she continued, "I suffered something awful with cold chills and smothering spells. My heart would thump like a trip-hammer and then would almost stop and then I would be too nervous to keep still and would often turn right blind. I would break out in cold sweats and then would get so hot they would have to fan me to keep me from smothering. There was a hard lump in my stomach and no matter how much medicine I took those awful spells kept coming on."

"Three months ago I started taking Taniae and began to pick up right along. Nothing I eat now disagrees with me, that lump stopped forming in my stomach, and the chills, hot spells and blindness have never come back. I now weigh twenty pounds more than I did before and feel all right. My daughter Elsie was all run down and unfit for work, but Taniae built her up so she is able to work ten hours a day."

Taniae is sold by the leading druggists everywhere.

Man's Wonderful Makeup.

No difference how sour a man looks he contains about 60 lumps of sugar of the ordinary cubical dimensions, and to make the seasoning complete, there are 20 spoonfuls of salt. If a man were distilled into water he would make about 38 quarts, or more than half his entire weight. He also contains a great deal of starch, chloride of potash, magnesium, sulphur and hydrochloric acid in his wonderful system.

Mrs. Martha C. Dale, R. F. D. 1, Del., writes: "I am entirely cured of chronic catarrh of the stomach and bowels by PE-RU-NA."

Mr. J. Bayer, Glendale, Oregon: "There is no medicine like PE-RU-NA for catarrhal deafness."

Mrs. Kate Marquis, Middleburg, Ohio: "PE-RU-NA cured me of catarrh of the head and throat."

Mr. J. H. Collins, Wesson, Mississippi: "PE-RU-NA makes me feel vigorous and able to work without that tired, weak feeling I usually have otherwise."

Mrs. P. Ludvigsen, Austin, Minnesota: "I got rid of my liver trouble and can eat anything since taking PE-RU-NA."

Mrs. L. Hearing, 283 East 169th St., New York City: "For catarrh of the head and stomach, I have found PE-RU-NA better than any other medicine."

Mr. W. H. Edgar, 49 Cooper St., Atlanta, Georgia: "PE-RU-NA cured me after I had suffered fifteen years with rheumatism."

Mrs. Leona Dodd, R. No. 3, Medon, Tennessee: "PE-RU-NA is a grand medicine for coughs and colds."

So many diseases are due to catarrh and catarrhal conditions, makes PE-RU-NA the best medicine in the world to have on hand for emergencies and general health protection. Thousands of families are never without a bottle of PE-RU-NA or a box of PE-RU-NA Tablets in the medicine cabinet. That is the safe way.

You can buy PE-RU-NA anywhere in tablet or liquid form.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

M. E. Missionary Society
 The Missionary Society met Monday, January 12th in spite of the inclemency of the weather. The attendance was good and we had a very interesting and instructive lesson from the Missionary Tract. Each lady on the program responded nobly and we feel sure we are going to have a successful year. Next Monday we will have Bible study by Mrs. O. M. Guest. We particularly desire that all members be present at this meeting as we feel sure our able leader will make the lesson so interesting that all will feel greatly benefited.
 Mrs. Fields, our new president, stresses the fact that we are going to meet each Monday regardless of the weather and that we will begin our services strictly on time. Everybody present Monday and on time.

AUTOMOBILE OWNERS PLEASE TAKE WARNING
 The law requires that the 1920 license tax shall be paid on every motor vehicle in Texas before January 1st. A number of automobile owners continue to run their cars without the 1920 license, and this notice is to warn them that they will be promptly arrested and prosecuted—regardless of who they may be if they have not paid their license tax. So please take warning.

METHODIST MISSIONARY SOCIETY ENTERTAINS
 The Woman's Missionary Society tries to bestow honor where honor is due. So on the first Tuesday of the new year, Mrs. P. D. Sanders and Mrs. R. C. Montgomery entertained the entire membership—complimenting Mrs. O. M. Guest and Mrs. J. U. Fields.
 The Montgomery bungalow was the scene of this social affair, and the interior decorations in holiday colors lent much charm to the afternoon's pleasure.
 After an informal coming together and merry chats of the Christmas pleasures, the hostesses arranged for a Bible game which tested the knowledge and faithful attendance of the women at their Bible study meetings during the last two years. Mrs. Ethel Irby won the blue ribbon in this contest, which proved her powers of memory were as keen now as in school days.
 The next diversion was "stunts", and while Mrs. T. A. Williams and Mrs. Irby were given votes as doing the best stunt, the majority ruled that Mrs. F. G. Alexander, our charter member present, deserved the blue ribbon for being the most clever.
 All this was just a party and then came the usual delicious refreshments which each seemed to enjoy—after that the climax.
 In a few words the hostesses tried to express their love and appreciation of the Honorees—Mrs. Guest, as the retiring President of our Society, who had served us faithfully and well, and Mrs. Fields, the popular incoming president, whose hands the Society promises to uphold. Each guest then registered in the dainty memory books prepared for the occasion and we all bid each good wishes for the New Year and good bye.

Big Wolf Caught Wednesday
 C. O. Scott, A. L. Tyler and R. C. Lowe of Gilliam caught a large coyote Wednesday morning after a three hour race. This was known to be the largest wolf in the Herren pasture and many hot races have been enjoyed by the boys before. But this time the dogs were in good shape and they got the wolf out in the farms and he was unable to get back to his run.

Man Just Man
 A real man is one who is always busy. He is always identified by the way he deals with the people he meets. He is courteous to everyone. He is considerate. If he is the father of a family he will teach his children to be courteous to every one. He is true. When he makes a promise he makes it good. He does not want you to think of him as an aristocrat. He knows that there is no such thing as an aristocrat, except in the heart. The real aristocrat has a heart. The man who insists on having other people think he is an aristocrat would not know the meaning of the word heart. To say a man has no heart is the last word of condemnation.
 The real man is not a hypocrite. He is exactly what he seems to be—a straight-forward, candid, honorable, plain courteous gentleman. He is always right, hence he can look the world straight in the eye. He has nothing concealed, so he is not afraid. He will say yes or no. He will not keep you waiting. He is on the right side of everything and every question, as he understands the right. He makes mistakes, but he is always ready to acknowledge his errors and correct them. He is always teachable. He is glad to learn from the humblest source as well as the highest. He is reverent. The Bible is the Word of God to him, so he will square his life by its teachings. He may not be a churchman, but he will never be heard reviling the church.
