31. NO. 19

HASKELL, HASKELL COUNTY, TEXAS, SATURDAY, MAY 6, 1916.

WHOLE NO. 1568

Free Free Free

A Two-passenger Ford Automobile will be given absolutely FREE to the person receiving the most votes. Great Trade Campaign at ALEXANDERS'. Read below for information and instruction.

About the Votes and How to Get Them

Votes at the rate of 100 to the dollar will be given on all regular cash sales and purchases. 1000 votes to the dollar on the sale of due bills. We will furnish candidates with due bills and they will be allowed votes at the rate of 1000 for every dollar sold. 1000 votes to the dollar on special sale days. (Special sale days will always be advertised) 1000 votes to dollar on all accounts up to Feb. 1, 1916.

Besides the Automobile will be Given Away Four Other Prizes

SECOND PRIZE—Ladies' Bracelet Watch, 15 jewel Elgin, 20 year case.

THIRD PRIZE—One three piece French Ivory Toilet Set.

FOURTH PRIZE—Ladies' fancy Lavallier and chain.

FIFTH PRIZE—Ladies' Fancy Locket and Chain.

This Campaign Closes Nov. 1, 1916

And the automobile and the other four prizes will be given away to those receiving the largest amount of votes. The more that enter the campaign the better will we be pleased. This campaign is a plan we have hit upon to bring us more business. The automobile and other presents will be GIVEN AWAY FREE to those receiving the most votes. Now is the time to enter. Do not wait. We are more than anxious to explain. Come in and let us explain to you.

Votes Will Be Counted Every First and Third Wednesdays

And published in the paper of the first and third week of each month. We suggest that candidates turn in their votes each Wednesday. Tie your tickets in a package and write your name and number across the back. Of course votes will be recounted, but this will enable us to save time in getting them together.

In Case of A Tie

If two or more candidates tie for the free automobile, the automobile will be converted into cash and divided equally among those tying. In case of a tie for the other prizes, an additional prize identically the same will be awarded to each tying candidate.

Rules of the Contest

1. Every candidate gets 5000 votes when nominated.
2. Every candidate will be known by number. No names will be published.
3. Color of votes change monthly. Votes must be turned in before the first of each month, or they will not be counted.
4. Votes are transferable only before recording. After they have been placed in the voting box they cannot be changed.
5. No church, school or lodge can become a candidate, either directly or indirectly.
6. No employee, member of the firm, or any of their immediate families can become a candidate.
7. Votes will not be issued to members of the firm, employes or to any member of their immediate families.
8. Members of the firm or employes are not allowed to vote your tickets for you. Nor can they keep them for you. You must vote your own tickets.
9. Any person, man or woman, boy or girl over twelve years old, can become a candidate, except those prohibited by the above rules.
10. Candidates are not allowed to solicit votes in our place of business.

We Will Give Ten 42-Piece Dinner Sets FREE

One on the First and Fifteenth of Each Month of This Campaign

These Dinner Sets will be given to the candidate selling the largest amount of trade cards up to the date and from the date of the last one given. For instance, the candidate selling the largest amount up to the 15th of May will receive the first dinner set; the one selling the most from the 15th of May to the 1st of June will receive the next set, and so on. Only one dinner set will go to the candidate. In case one candidate gets the first one, and sells the largest amount between that date and the next date a set is to be given away, the set will go to the one selling the second largest amount.

Nominate Yourself or Some Lady Friend

By clipping the COUPON, and get busy saving votes and soliciting your friends to trade at our store. Some one will get an AUTOMOBILE FREE. Why not you? It is worth working for, and working hard. If you are not acquainted with us it makes no difference. This is a trade increasing campaign. We are after more business. Our goods are the best to be had. Our prices are as low as good merchandise like we sell will allow. And whether or not you or your friend should happen to be the fortunate one to get the free automobile, you will get good value for every dollar you spend at this store. Come and let us explain in detail the plan.

Agricultural Agent Visits Rural Schools

Tom B. Taylor of the Department of Agriculture has been in Haskell County during the past week visiting the rural schools with Supt. T. C. Williams. They have been working to get 25 or 30 boys and girls from this county to attend the State Institute which meets in Austin the last week in July. Mr. Taylor said Haskell was one of the banner agricultural counties of the west and as soon as the farmers learned that a scientific system of intensified and diversified farming is the salva-

—who used to run a newspaper down east years ago, also edited an almanac which contained some wise sayings. Here is one of them:

"The way to wealth, if you desire it, is as plain as the way to market. It depends chiefly on two words—industry and frugality. He that gets all he can honestly and saves all he gets (necessary expenses excepted) will certainly become rich."

What Ben said was not only true at that time but it still holds good at the present day. There is no better way to save than to have a bank account—you are not tempted to spend it.

Mrs. P'Pool Dies After Long Illness

It is with sincere regret that we chronicle the death of Mrs. Sarah Ellen P'Pool who passed on to her eternal rest last Saturday, April 29th, at the age of 68 years, after two critical weeks of heart disease.

Mrs. P'Pool had been living in Haskell with her daughter, Mrs. R. J. Paxton, for the past fifteen months, and when stricken down with her fatal illness, received the most devoted attention from her medical advisor, Dr. L. F. Taylor and from the trained nurse who was requisitioned. At one time it looked as if the best that science and love could devise would pull her through. The remote chance however, faded at the end of last week, and amid the deepest sorrow of her children and relatives gathered around the bedside, she fell asleep.

Funeral services were conducted on Saturday evening at the residence of Mr. and Mrs. R. J. Paxton. Rev. Wm. Groom was in charge, and was assisted by Rev. Ed Wallace and Rev. I. N. Alvis, both old friends of the deceased. The large attendance and numerous floral tributes testified to the high esteem and warm affection with which Mrs. P'Pool was regarded.

After the service here the body was shipped to Anson, where at the Baptist Church the funeral services were continued by Rev. A. S. Albright and Rev. J. D. Reeves, the latter another very old friend of the departed lady. Interment was made at Mount Hope Cemetery, where some of her children are already resting.

Sarah Ellen P'Pool was born in Clarksville, Tenn., and married W. F. P'Poole in Kentucky in 1864. Eight children were born of the marriage of whom five survive their mother. Mr. P'Pool died sixteen years ago.

In early years Mrs. P'Pool united with a Baptist Church, and always adorned her profession with a gracious, noble, consistent life. Her kindly good nature made her many real friends, by whom she will be sorely missed. Whenever there was a load to be lifted, whether it was the needs of the orphans, or the call of the heathen, she readily bore a gracious part. Her religion was such that it made her a most delightful character, and her memory will always be blessed.

We offer our heartfelt condolences to all the esteemed family.

Breaks Both Arms and Leg Thursday

Reynolds Wilson, the 13 year old son of H. S. Wilson fell from the two-story barn at his home Tuesday, breaking both arms just above the wrists, and his right leg just above the ankle.

The young man was climbing around on top of the barn, and had succeeded in reaching the top of the cupola in the center of the roof, when he slipped, rolling down the roof, and falling from the roof about 20 feet to the ground. Outside of being remarkable the young man was not killed, he was not bruised, nor knocked unconscious. The broken bones have been set, and the boy was resting well at last report.

Baptist Church Announcements

9:45 Sunday School and Bible Classes. We are now looking for our best attendances.

11:00 Every member present rally for the purpose of bringing up the second payment on the new church. The Pastor will preach on "The Vision Glorious." Every member come and make the service a great spiritual treat. Visitors always welcome.

3:30 At the Christian church will be held the monthly meeting of the Family Alter League. It will take the form of special short talks on Latin America, with many delightful musical numbers. A more interesting program could not be conceived of in view of current events. Extra seats provided. Come early.

8:00 Heart warming gospel service when the subject will be "Preparedness." Our national and individual responsibility in the matter. Next Sunday the Pastor will celebrate his first Anniversary and invites the many old and new friends of the church to come and rejoice in God's goodness.

Warning! Danger!

All persons are warned that there is very great danger in tampering with or coming in contact with, the wires of the transmission lines between Haskell, Rule, Knox City and Munday, or with any of the apparatus or equipment attached to same, as a slight contact may result in instant death.

The lines have been installed with great care, and in a manner approved by the best practice, and great efforts will be made to maintain the lines in perfect condition, but if by any accident any wire should fall within reach it should by no means be touched even with a stick, but the company should be notified of the condition as soon as possible.

Especially should children be warned and parents and school teachers are especially requested to warn them, of the danger of throwing at or shooting at, and especially of the danger of throwing wires at the lines, insulators or equipment, as such may result in a condition highly dangerous to themselves and others.

As long as the lines are not tampered with and are allowed to remain as they have been installed there is no danger, as no part which is dangerous has been placed within reach of any person on the ground or while pursuing any usual means of travel.

United Program at Christian Church

The Executive Committee of the League has arranged a united program for the Christian Church for Sunday. The program will be the nature of a mission study in the field to be studied will be Latin America. Each church will have a representative who will discuss the nature and extent of the mission work done in Latin America by his particular church. There will also be a song in Spanish musical number from each church and a general chorus. The program bids fair to be one of the best that the League has yet arranged. The public are cordially invited to attend. Secretary.

THE WORLD'S TWO BEST TWO-ROW CULTIVATORS

The P.O. Two-Row Cultivator

Covers every essential feature for perfect work, ease of adjustment and adaptability of all conditions of soils. The simplest and strongest Two-Row Cultivator made. "It's the way we build them". Frame as strong as a bridge. Axles of improved construction prevent wheel widening in front; make light draft. Fine depth adjustment; each gang controlled independently. Four levers do the work of six on other styles, as the inside levers control the inside gangs independently, and also raise or lower gangs in pairs. Easy working adjustable foot levers. The wheels can pivot alone or in connection with the lateral gang movement. The sure springs are center hung, insuring proper tension in all conditions of ground and in any position of gangs. The parallel movement of gangs insures each shovel cutting the proper width and depth. Furnished with any style gang.

No. 27 2-Row Lister Cultivator

We make a complete line of DRY-FARMING tools, prominent among which is the No. 27 L. Cultivator, which has many superior features, consisting of two of gangs mounted on a single trussed spreader pipe. Turn construction, evenly distributed weight on the gangs, holding them level and preventing one side going in deeper. Each gang follows its own row. Roller connection between the gangs and spreader pipe. Gangs can be raised at a point or shovels can be raised separately. Frame balances with tongue when in gangs. Easy change from first to second cultivation. Extra high shovels for large corn, with long shield for small corn. Eight shovel attachments can be furnished when ordered.

A GREAT ECONOMIC SALE

A Sale Rightly Named

A Sale With a Reason and a Purpose

WE CALL this a great Economic Sale because it is the greatest opportunity ever offered the people of Haskell and adjoining counties to economize on their dry goods buying. Our reason for putting on this great price-cutting sale at this season of the year is done solely to raise money. We have but one object or but one purpose in view, and that is to Sell Goods—to raise money to meet our just and honest obligations. We realize the fact that we have too many goods. Our two stores in Haskell will now invoice now more than \$50,000, so we are going to reduce them. We are determined to reduce both stocks to half their present size, regardless of cost to us. We could realize a handsome profit on our goods by keeping them, as the average advance on all lines of dry goods is at least 20 per cent, but profits are no inducement to us when we have obligations to meet. Our minds are fully made up. We are going to sell goods regardless of cost conditions or what may come.

So you can come to this sale expecting the greatest bargains in all lines of Dry Goods, Shoes, Clothing, Etc., ever before offered in Haskell. READ THESE PRICES OVER CAREFULLY, compare them with what you are now paying. Every price quoted here has been studied, every price quoted is legitimate and a reduction from the regular selling price.

Gifts for the Ladies

The first ten ladies purchasing to the amount of \$5.00 on our opening day will be given a \$1.50 Corset.

The first ten ladies on the second day a \$1.00 dress pattern.

Gifts for the Men

Every man purchasing a suit of clothes on the opening day will be given choice of any straw hat in our store.

The second day regular \$2.00 straw hat.

Great Millinery Sale

We will make some great reductions on made-up Millinery. Will have a big lot of made-up millinery just made up for this occasion, absolutely all good and new, we will sell at just **HALF PRICE**.

These are great bargains. We are over-stocked with millinery and we are going to move them out during this sale.

Ladies', Misses' and Children's Dresses

We have a big stock of ladies', misses' and children's dresses in Gingham, Percales and Lawns. We want to clean out during this sale. These dresses positively must be sold and we

will put prices on them that will move them. Now these dresses are new, clean merchandise, and you can buy them ready-made for almost the price of the goods in the piece. Prices range from

SENOUNCE ONEY'S ADMIN- ISTRATION

F UNION SCORES ATTOR-
GENERAL FOR POLITIC-
AL SUITS.

An Enemy to the
Enlarged Farmer.

Characterizing Mr. Looney's administration as a failure from the farmers' viewpoint, and offering with having out of more one who ever in the history of Texas, yesterday to the membership organization urging their ballot for Mr. Looney in the coming primary. Mr. Pope's statement fol-

The Farmers' Union as an organization is non-political and non-sectarian, but all officers and members of the Union are expected and urged to perform their civic and religious duties, and they do so without in any way committing the Union to any views. Any member of the Union owes first allegiance to government, and no member of our organization can render the most effective service to the cause of agriculture who neglects his duty as a citizen.

In the present campaign I consider the issues involved in the contest between Attorney General of paramount importance to the farmers of Texas. In giving due consideration to the measures at issue, I have decided to cast my ballot for Hon. W. Woods for Attorney General of the State of Texas.

The prohibition question is not a part of this contest, for there are no candidates, and both of them make myself, are prohibitionists, I am sure that no candidate for office can afford to damage our cause by injecting factional fights within the prohibition party. The elimination of the prohibition question leaves only one man, pro or anti, to pass judgment upon the business issues involved in the campaign, which the people of Texas should settle at the polls. That question is, shall the prohibition law be used for political business purposes? Shall it be used to prevent unfair competition, to build up a political machine? I have, during Mr. Looney's administration, witnessed almost continuous prosecution of the business interests of the state, penalties, fines, etc., etc., have been inflicted. He has made legal criminals of more honest men than any man who ever administered the law in the history of Texas. The papers have carried inspired lies, under Austin date lines, announcing great victories for the people, but I defy Attorney General Looney to show any one has profited by his litigation, except the lawyers. Looney's political friends whom he has forced on the official roster on the pay roll of corporations.

We thank the good people of Haskell for their patronage last season, which has helped to build a more substantial sanitary and up-to-date ice cream plant, which is far superior to that of last year, and would be a credit to any town twice the size of Haskell. We also advance our thanks for the future business, which we feel sure we will get. For its cleanliness, courtesy, together with the most delicious tasted cream that can be made, we feel sure that we will get our share of the cream business this coming season, regardless of all other conditions. We invite you to visit our plant and help us to make a better and greater Haskell. Phone 85.

Open Missionary Meeting

The Presbyterian ladies met in their regular open missionary meeting Monday afternoon, April 24th, at the home of Mrs. R. E. Sherrill.

The Rule ladies of the Presbyterian church had an invitation to meet with them, and several accepted the invitation.

The house was called to order by their leader, Mrs. Scott Key, who in her ever impressive way and in behalf of the society, extended a welcome to the out-of-town visitors. After the devotional, which was lead by Mrs. Sherrill, the director took charge of the program which proved very interesting and helpful.

The beautiful musical numbers rendered were a vocal solo by Mrs. Key and a vocal duet by the Misses Sherrill. Mrs. J. D. Smith gave two readings that were enjoyed and applauded by all. The subject for the afternoon was "Africa" or "The Negro" which brings it nearer home. Different ones spoke of what ought to be done and what can be done for the negroes in our midst. Mrs. Roy English gave a report of the missionary work as discussed at the Presbytery at Fort Worth. This was, indeed not only interesting, but inspiring as well.

After the program a social hour was enjoyed. The guests were ushered into the dining room where delicious refreshments of ice cream and angel food were served. On each plate was a white rose bud as a souvenir.

The Sherrill home was a perfect bower of flowers, and each one departed feeling as though she had been entertained in a flower garden.

The Rule ladies present were: Mesdames, Westbrook, Joe Jones Regan, Sallie Williams Cox, Lindsey, and Miss Allene Jones.

Jesse B. Smith for County Treasurer

In the proper column of this issue will be found the announcement of Jesse B. Smith for the office of County Treasurer of Haskell county. Mr. Smith has resided in Haskell county for the past nine years, and for the past two years has been deputy county clerk. He is a trained bookkeeper, and familiar with the duties of the county treasurer's office. It has been said of him that all who know him are his personal friends. His past faithfulness and efficiency as a bookkeeper and deputy county clerk is the assurance he offers for faithfulness and efficiency in the discharge of the duties of the office to which he now aspires.

To the Voters of Haskell County:

I wish to preface my announcement for the superintendency of the public schools of Haskell county with an appreciation to the voters for the support which they gave me during the campaign of 1914. In the face of the fact that I lived in an extreme corner of the county, and was unable to make a house to house canvass in any part save the northern portion, I was given a splendid vote. A number of boxes gave me handsome majorities. I needed only sixty of my opponents votes to receive the nomination. I appreciate the support, and hope that I may yet be privileged to render in return efficient services in the capacity of county superintendent of your county.

The fact that I have not been superintendent does not disqualify me for holding the office, but my continuous and successful work as a teacher in the public schools is an asset in my favor. Neither have I been unmindful of the fact that he who desires advancement in his profession must make himself worthy of the advancement sought. I have been a diligent student as well as a teacher, and have tried to live up to the highest ideals of my profession. In asking for your support, I do so on the basis of my ability to bring to bear in the administration of the affairs of the office the knowledge that I have gained during these years of service. I favor an aggressive and efficient administration of the rural schools of the county, to the end that the country child may have the best possible advantages.

I shall spend the next few weeks solely in the interest of my candidacy, and shall use only worthy and honorable means in my efforts to secure the nomination. Your vote and influence will be sincerely appreciated to the end that I may be the next superintendent of Haskell county.

I am respectfully yours,
John R. Hutto.

No Reason For It

When Haskell Citizens Show a Way

There can be no reason why any reader of this who suffers tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills, will fail to heed the words of a neighbor who has found relief. Read what a Haskell woman says: "Mrs. C. H. Foote, Haskell, says: "My back was very weak and sometimes I couldn't get around to do anything. I suffered badly from rheumatic pains in my limbs and often they became swollen. Doan's Kidney Pills, that I got from the Corner Drug Store, relieved me right away. My back was strengthened and the pains and swellings went away after I had used about six boxes of this medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Foote had. Foster-Milburn Co., Prop., Buffalo, N. Y.

Geo. W. Neill, county judge of Terry county and brother to E. H. Neill of this city, was here this week on legal business. He reports fine rains in his county and all west Texas, and says several Haskell county citizens have recently located up there, but their old neighbors need not be uneasy about them; as they have good houses and he will see to their being good citizens.

W. L. Peters and family, left Thursday for Weatherford, where they will make their home.

Cost of Paper Going Higher

Ever since the momentous August of 1914—especially during the past six months—the skyrocketing of the prices of necessities around a newspaper plant has gone on with a beauty of consistency which arouses absolutely no enthusiasm among publishers throughout the country who have to foot the bills. Products essential to the publication of newspapers have jumped in price all the way from 10 or 15 to 3,000 and more per cent.

War, directly or indirectly, is given as the reason for the enormous increase in the publisher's bills. And as war seems likely to continue for some time, so too the market skyrocketing promises to go to heights even beyond the present astounding prices. Nowadays it is next to impossible to obtain market quotations for even so short a time ahead as "next week"

Press rollers, which are made largely of glue, glycerine and molasses, have gone up, so manufacturers notified the consumers last week, 18 per cent. Glycerine—and the quality used in newspaper plants is not the pure white glycerine one buys in the drug stores, but a quality less refined—has taken one flying leap from antebellum price of 19 cents a pound to 54 cents.

Rags, which are being bought up by the powder manufacturers eagerly and are needed also by paper manufacturers in a cleaned and more or less sterilized form, are a necessity in the mechanical departments of newspapers. The price of rags has jumped just 100 per cent or from three cents a pound to six cents. Writing paper is an important item in a publisher's paper bill and it is worth noting that this item has gone up 25 per cent.

But it is when the consumer of anything having to do with dyes or any other department of the chemical section of printing and photographic reproduction goes out with his shopping list that his hair turns gray. Metal, which the art department of a paper cannot get along without, cost \$4 a pound before the war. Now it costs \$50 a pound. Increases of 1,000 to 3,000 per cent and more loom up all over the chemical section of the printing plant.

An ink manufacturer explained a day or two ago the acids and dyes and everything else used in the colored inks especially exploded from 300 to 3,000 per cent in a jiffy, once the imports from Germany had been blocked. Blues that cost 58 cents before the war now cost \$14 and \$15 a pound, with increases in yellows also all the way up to 3,000 per cent. And,

Will Speak at the Court House Saturday

Mr. B. E. Sparks, once a citizen of Stamford, but now connected with the State Warehouse and Marketing Department desires us to announce that he will on next Saturday, May 6th, at 2:30 p. m., at the courthouse in Haskell explain the provisions of the law to the farmers and business men. He will explain why the ginner is required to make bond, why samples are required to be taken at the gin, and will tell you the evils existing under the present system of handling cotton, and will show that the Warehouse and Marketing Law provides a way to abate all waste and penalties now suffered by the growers of cotton.

Mr. Sparks says the law was passed in the interest of the producers; that anything that benefits or adds to the prosperity of the producers, helps every other class. The prosperity of bankers, merchants, lawyers, doctors, in fact, everyone including the beggar, is measured by the prosperity of the producers.

Mr. Sparks asks that every one who can, come and hear him; that there is good in the law; that every citizen owes it to himself to learn its provisions; that after he has done so, if he can see no good in it, then he thinks such citizens should join the forces asking for its repeal.

Mr. Sparks thinks the law will prove a great boon to the growers when properly understood and put into practical operation, and will go down in history as a great constructive Act. Come and hear and then form your own conclusions.

what is more of moment, the manufacturers of inks fear that prospects of filling demands in the future look doubtful.

Violet coloring, used in the manufacturer of inks, printing paper and wall paper, has advanced from 60 cents a pound to \$30 a pound or an increase of 5,000 per cent.

Bulletins tell us that the limit has not yet been reached, and that should the war cease tomorrow, it will require not less than two years for the supply to be made ample to bring the price to normal again.—Attica (O) Hub.

Prosperity Pointers For Farmers

In the interest of futher devel-
oping and up building the territory
through which their lines are oper-
ated, the Fort Worth & Denver
City and Wichita Valley Railway
Companies have issued an attrac-
tive thirty page booklet entitled
'Prosperity Pointers For Farmers'
and containing valuable informa-
tion regarding soil conditions and
the money-making crops to which
same is best adapted as proven
through the production of the
numerous bumper crops which
have produced generally prosper-
ous conditions and are constantly
making it possible for "Rent-
ers" to become prosperous "Home
Owners". A few of these book-
lets are still available for those
whom it may be possible to inter-
est in the question of locating in
Northwest Texas. If, therefore,
you have any friends that you de-
sire to interest, and will send us
their names and addresses, we
will find pleasure in mailing them
copies of the issue referred to. If
you have friends to whom you
would like to send copies your-

To all that are interested in the
Haskell County school land as
members of the Annias Club.
There has been so much said of
late about the sale of the Haskell
County School land, that I deem it
my duty and privilege to give the
public an explanation in detail of
the school land transactions since
I have been in office. When I
came into office the land was leas-
ed for 3 cents per acre per year,
which brought into the school
funds \$531.86. Upon the expira-
tion of that lease we leased the
land for 7 cents per acre per year,
which brought into the school
funds \$1239.84 Thereafter on the
23rd day of December 1813 the
Commissioners Court sold the land
for an average of \$10 per acre
making a total consideration of
\$177120.00 at 5 per cent interest
in order to get the price they did
for the land, they cut the tract in-
to 116 blocks and sold all of the
blocks to the same parties, taking
a note against each block, payable
in 40 years, for amount, according
to the classification placed on each
block by J. C. Bohanan of Rule, R.
P. Simmons of Haskell and W. L.
Cox of Paint Creek, which amount
was \$5 per acre for the rough
lands and \$10 per acre for the next
grade and \$11.22 per acre for the
best grade. Each of the notes are
secured by a deed of trust against
the respective tracts of land. Said
deeds of trust are of record in the
County Clerks office of Lubbock,
Texas, and notes together with the
deeds of trust are stored in the
vaults of the County Treasurer's
office here at Haskell and are
open to inspection by any one. The
interest on the notes from the sale
of the land now brings into the
school funds of the county \$8856.10
per year, making 50 cents per
acre per year income on the land.
We have collected all of the inter-
est for the years of 1914 and 1915
and \$2287 of the 1916 interest and
will get the remainder of the 1916
interest on the 1st day of Sep t. of
this year, \$8000 of this interest has
been collected within the past 10
days. The income from this land
now will run each school in Has-
kell County from six weeks to two
months longer each year, and
there need not be any further un-
easiness about getting the interest
on these notes for the parties have
paid \$20000. interest and it has
reached the point where they can't
afford to let it forfeit.
The title to the land is good, and
the notes and deeds of trust are in
good shape, in fact, could not have
been made better for the price,
and if you hear any one making
the statement that the land is in
such shape that the Commissioner
can not get the land back nor col-
lect the interest you may class
them as a member of the above
club.
Respectfully,
A. J. Smith
County Judge

Farmer's Union Resolution

At the county meeting of the
Farmer's Union held hereon April
28th, the following resolution was
passed:
First. That we as a Farmer's
Union make a greater effort to in-
form ourselves in regard to Rural
Credits, and what it would be to
us, and that we write our Con-
gressmen urging them to pass a
Rural Credits bill that will really
favor the farming class.
Second. Resolve, that we favor
a graduated land tax and we rec-
ommend that every Union man en-
deavor to inform himself as to
the landless class.
Third. Resolve, that we en-
deavor to double our efforts in
building Union cotton gins on the
co-operative plan.

It Always Helps
says Mrs. Sylvania Woods, of Clifton Mills, Ky., in
writing of her experience with Cardui, the woman's
tonic. She says further: "Before I began to use
Cardui, my back and head would hurt so bad, I
thought the pain would kill me. I was hardly able
to do any of my housework. After taking three bottles
of Cardui, I began to feel like a new woman. I soon
gained 35 pounds, and now, I do all my housework,
as well as run a big water mill.
I wish every suffering woman would give

a trial. I still use Cardui when I feel a little bad,
and it always does me good."
Headache, backache, side ache, nervousness,
tired, worn-out feelings, etc., are sure signs of woman-
ly trouble. Signs that you need Cardui, the woman's
tonic. You cannot make a mistake in trying Cardui
for your trouble. It has been helping weak, ailing
women for more than fifty years.

To the Members of the Home Circle

It seems to me that the is some
disatisfaction among the mem
bership as to where all of our surplus
money is going. Beg to state that
we once had something like 1500
members in good standing but we
have had lapses from time to time
and up and including call No. 7 we
have \$373. surplus on bonds and
there was \$11.21 paid in so you all
see what a fit of knocking can do
but if you will only speak a word
of boost occasionally we will soon
have a grand little Company. The
Secretary has worked faithfully,
earnestly and honestly for the
past year to make this little asso-
ciation a success and even with
all that has been said and done he
is not at all discouraged and is
going to carry the Home Circle to
victory.

We are adding new members
daily and I feel that the member-
ship we have are good reasonable
members who will put their
shoulder to the wheel and help
pull her over on safety.

Our books stand open for inspec-
tion to any member and we will
take pleasure in answering any
question or letters that may come
our way just as soon as our sur-
plus reaches the \$1000 mark you
will all know of same by getting a
card to that affect.

So lets all put in a new member
or reinstate a lapsed member and
if we will do this we will soon pay
a claim without an assesment.

Trusting this will be of some in-
terest to the entire membership
and will cause them to boost, I am

Whooping Cough

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. PERUNA THE RELIABLE FAMILY REMEDY

Strayed or Stolen

Strayed or stolen from the Farmers' Gin, at Haskell, on Saturday night, April 29th, at about 9 o'clock, two horses.

One black horse with white strip in face, mark on right ham from wire cut several years ago, and white spot on one hind fetlock; about 15 hands or more high; weight about 1100 pounds; about 6 or 7 years old.

One bay horse with white spot in face and dim brand on left shoulder; about 15 hands or more high, and about 15 years old; he is not well shedded and has long hair on legs.

A reward of \$15 for the recovery of the horses, and an additional \$15 for the apprehension of the thieves. D. C. DUKE, Haskell, Texas. W. C. Allen, Sheriff.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonful, because 50c worth makes a whole pint (128 teaspoonful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. Guaranteed here by Jno. W. Pace & Co.

The Value of College Education

In selecting a vocation of life most young people are compelled to choose some work, in which, at least, the necessities of life can be earned. Our physical wants must first be satisfied, then the higher things of life may be considered. It is a well known fact that college training assists one much in a cultural way, but many overlook the fact that, in the long run, it actually pays a great financial dividend.

James M. Dodge, of Iowa, has collected some valuable statistics on the average money-making power of men who are skilled, as compared with those who are unskilled. He says that the unskilled young man reaches his climax in earning power at the age of 22. At this age he produces, on the average, \$10.20 a week. The shop trained young man earns \$15.10 at the age of 24. The trade school young man earns \$22. at the age of 24. And the young man who has a technical, liberal education earns, on the average, \$43. a week at the age of 32. From these figures it is seen that the technically trained man reaches his climax in earning power later in life than do those of the other three grades, but the increase in salary is great enough to well pay any young man or woman to spend some time to become trained in whatever line of work that he or she desires to follow.

The University of Texas offers many favors, both financial and educational, to the young men and women of Texas who have an ambition. To induce young people to enter the University, two scholarships are given each year to members of the graduating class in each affiliated high school of the state. Six or eight scholarships amounting to \$150 or \$250 are given each year to young people over the state, who show most evidence of ability and honesty of purpose. Besides these, there are many prizes, scholarships and fellowships to be gained while here; and it does not take a genius to win them.

The University of Texas ranks higher than any other university in the south. It has a general library containing over 100,000 volumes, 30,000 pamphlets and 450 American and foreign periodicals. It has a yearly attendance of about 2500 students in all departments.

Owing to its system of student self-government and other activities, the student who comes here is in the very best surroundings to develop individual initiative. And initiative is the very basis of the worth of a man, as a man, or as a citizen. About thirty-five students are elected to the Students' Council and Assembly each year. Other student activities consist in the work on four student publications, the band, in the debating clubs and literary societies. Virgil P. Lee.

Albert Hays Accidentally Shot

Albert Hays was accidentally shot Monday morning at his home west of town, with a 38 calibre rifle, which he was carrying on his planter when he dropped it, and the hammer striking the wheel caused the gun to discharge. The ball would probably have gone through his heart but for a square of tobacco in his pocket, which caused the ball to range upward entering his breast just above his shoulder blade. Dr. Dunn removed the ball and dressed the wounds, and he is getting along as well as could be expected.—Rochester Express

For Sheriff

The Free Press this week announces J. W. Collins as a candidate for the office of Sheriff. To the old timers Mr. Collins will need no introduction, as he has spent the greater part of his life in Haskell county, living here around twenty-five years, but to these few new comers who have never met Mr. Collins, will say that we believe him to be an honest, and thoroughly reliable man, and competent in every way to fill the office for which he aspires.

Mr. Collins would need no experience to fill the office in an efficient manner from the beginning, as he served this county as sheriff about ten years ago, during a time when there were plenty of lawlessness, and plenty of toughs, having at that time two saloons in town, and two on the county line near Stamford, which contributed their share to his work and troubles. He left a record behind him during his term as sheriff which he is justly proud.

It is Mr. Collins' intention to personally solicit each voter, and lay his claims and past record before him, and we bespeak for him your earnest consideration.

Haskell County School Items

Most of the country schools are still in session. It is gratifying to know that in the face of short terms in the town schools that the country schools are running longer term than usual. There is no question but that the schools of the county are having the best year's work this year than they have ever had. This means that those who have had to do with schools have not been unmindful of the best that could be provided. School boards have been more active than before and the people are striving harmoniously to the end that the boys and girls in the country have as good opportunity educationally as the boys and girls in the town. We should always bear in mind that the school business in the biggest and best business of the county.

The teachers of the present session have been selected because of their professional training, their education an experience. Most of them hold first grade certificates, have had experienced and have had professional training.

They were selected because of the special qualification and not for the purpose of getting employment for some one. Children even in the smallest country schools are entitled to the best teachers, and the school board is no longer satisfied to employ just

any one, but are demanding that trained teachers be placed in the responsible positions of the country schools.

A great deal of improvement will be done during the summer by the trustees in preparation for the session of 1916-17. Old school buildings will be repaired, new furniture and equipment supplied, better and more sanitary out houses provided, and entirely new buildings erected in some districts.

All of these improvements are needed. In fact, there is nothing too good for the boys and the girls of the rural districts, despite the fact that there are a very few kickers in the county active in opposition to the faithful efforts of trustees in providing good schools. What the schools have needed more, perhaps, than any other thing is men that believe in the motto of the great Texas, "Be sure you are right and then go ahead." We need to be right about this school matter but that is not enough. We need some going qualities. Don't let the kicker discourage you trustees, in your efforts. He is kicking because he can't get a corner on every dollar in the world.

This has been a get-together year among the people. Most of the districts in the county have been having patrons meetings.

DANGEROUS CALOMEL IS SELDOM SOLD NOW

Calomel Salivates! It Makes You Sick and You Lose a Day's Work—Dodson's Liver Tone Acts Better Than Calomel and Is Harmless for Men, Women, Children—Read Guarantee!

Every druggist here, yes! your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it while Dodson's Liver Tone is safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large family-sized bottle costs only 50 cents and if you find it doesn't take the place of dangerous, salivating calomel you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no sick headache, biliousness, ague,

sour stomach or clogged bowels. Dodson's Liver Tone doesn't gripe or cause inconvenience all next day like calomel.

Take a dose of calomel tonight and tomorrow you will feel sick, weak and nauseated. Don't lose a day's work!

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up with your head clear, your liver active, bowels clean, breath sweet and stomach regulated. You will feel cheerful and full of vigor and ready for a hard day's work.

You can eat anything afterwards without risk of salivating yourself or your children.

Get a bottle of Dodson's Liver Tone and try it on my guarantee. You'll never again put a dose of nasty, dangerous calomel into your stomach.

I. O. O. F. Picnic

The I. O. O. F. Picnic held on Paint Creek in the Ballard pasture last Friday was a well attended affair, and an enjoyable occasion from every standpoint. About 100 Odd Fellows, families, and invited friends were present. An address by Gaylord Kline, plenty of fishing and a fish fry was some of the enjoyable features. In all about 150 pounds of fish were cooked.

Avoid Spring Colds

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. It's already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years. 3

A. F. Woods, of Haskell, Tex., had a rather unusual customer recently, when he fitted glasses on a man of sixty summers whose height was only forty inches, weight fifty pounds, and who wears a number eight (child's size) shoe. When he was twenty-five years old he weighed but twenty-seven lbs., and the most that he has ever weighed was fifty-five pounds. He is well formed, active and exceptionally intelligent. All other members of his family were of normal size.—Keystone Weekly.

Retail Merchants' Association Office Established Here.

The Haskell merchants have secured the services of E. B. Burge, who has been secretary of the Retail Merchants' Association of Stamford for more than three years, to install here a local office and a credit rating bureau, of which F. C. Burge is to have charge.

The object of the organization is to promote the interests of the merchants and other business interests, and bring about a better understanding in a strictly business way between merchants and customers. One feature of the work is the looking after credits and compiling of credit information for the business and professional interests.

There will be kept in the office of the secretary, in the Pierson building, a complete record of each customer in Haskell trade territory; his or her manner of contracting and paying debts, whether prompt or slow. This record is made from the experience of each merchant the customer has had dealings with, since each merchant and business of every kind turns in reports to the Secretary of his or their experience in a credit way on each customer. All outstanding mortgages and judgment items against each individual are included in his record.

In this connection, we note that the work of compiling of this credit information is under way now, so if there is a neglected account, or if any merchant has been carrying a balance in the case of any particular person, it will be necessary that it either be paid at once or satisfactory arranged for in order to have a clean rating from that merchant.

No one is asked to pass judgment on any report given, but a photograph of each customer's dealings are kept by taking same from the ledgers and note cases of the respective businesses. Each person is given credit for his efforts to take care of his obligations and a record is kept of his dealings in detail.

The records are kept so that on a minute's notice the secretary can give the merchant's a credit report, even while your bundle is being wrapped, and you not even know he has asked for your record.

If a person has neglected his or her accounts and let the merchants have to carry balances, no matter how good a customer may be for the account, this is given account for in the records, so under the up-to-date system of doing business, it is much the best to either arrange for the extension of accounts or cash in on them.

There are more than 8000 merchants in Texas that are members of the State Association, with three hundred and ninety towns represented, with 125 local organizations. The State headquarters are located at San Antonio, Texas, where the State Merchants Convention will be held in June, from the 12th to the 16th, inclusive.

A Symbol of Health

The Pythagorean of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. For sale by the West Side Drug Store.

Commissioners Court Next Monday Next Monday will be the regular quarterly meeting of the Commissioners Court, which will also set as a Board of Equalization after the court business is finished.

Do You Permit

Do you permit every Tom, Dick and Harry that happens to come around to traffic with your eyes? A stranger, whose qualifications and integrity are unknown and unproved to you. They claim, yes they claim everything usually, and then some. But do they prove it? Do they show you legal indorsements from responsible houses? Do they show you a bona-fide diploma of charter reputable Optical school, outlining what studies were covered and degree conferred? Do you know as to the truth and veracity of the person, where they hailed from and whether they will ever see that party again or not?

The two most important things in fitting glasses, is knowing how to measure exactly all errors of refraction of the eye and supplying the necessary correction with the very best quality of lens combined with the proper adjustment of the frame or mounting so that it will be comfortable and becoming.

Eyesight is too precious to be trusted in the hands of those of unknown reputation. What right has anyone to ask for your business, or what right have you to trust them under those conditions? I am prepared to prove any and all claims as to my qualifications, integrity, etc. Complicated cases invited. Fit guaranteed.

LIV-VER-LAX

All the Effectiveness, Effect, of Calomel

LIV-VER-LAX is the most important medical discovery of recent years. For time medical experts, the harmful effects of calomel have been striving to find a remedy that would be just as effective as calomel, and yet be harmless in its action. This remedy was actually discovered by L. K. Grigsby, in his LAX.

LIV-VER-LAX is a vegetable compound, solely for the treatment of complaints. The improvement it has met with in all homes is proof positive of its value.

If you feel worn out, coated and skin sallow, lay until it becomes the trouble in the bud. VER-LAX. Insist on the bearing the signature wise of L. K. Grigsby guaranteed to give you or money refunded. Corne Drug Store.

Notice of Sheriff's Real Estate

By virtue of an Order of Sale of the Honorable District Court on the sixth day of April A. D. 1916, in case of First National Bank of Texas vs. G. F. Wyatt No. 96, and directed and delivered, I have on the eighth day of April A. D. 1916, between the hours of 10 o'clock p. m. on the first Tuesday of the month of May, A.
