W. J. EDGECOMBE TELLS SOME THINGS

Was Here Past Week in Interest of Retail Merchants Association of Texas

"The information in the files of the Retail Merchants Association of Texas is not only credit rating information but covers a wide scope of business facts and interesting notes on any matter in which a business man may be interested," says State Secretary W. J. Edgcombe of the Association.

"We have by perfecting our system of exchanging information made it possible for a member to protect himself in any of his business dealings. Now an individual can have a record established which will give him a standing in any section of the United States. All that is necessary is to submit the proof that he has always dealt squarely with the merchants and business men with whom he has done business. Really we have the 'dope' on our rated customers which embraces every phase of their business activities and firmly establishes their reputation as responsible citizens worthy of credit accommodations."

"Through the work of the Organization the merchants in many towns have stopped all fake advertising and unprofitable premium schemes put on by professional promoters. The irresponsible peddler has been placed under the supervision of city ordinances, and many of the more flagrant trade evils have been abolished. Considerable work has been done on the cutting down of the expense of retail delivery. This is one of the most universal causes of a too burdensome cost of doing business. We have been getting the co-operation of the people in this work. Even the lady of the house is beginning to realize that the life of a retail dealer is not exactly a bed of roses and that all the money he takes in is not profit."

"The work of the Retail Merchants Association is really beneficial both to the merchant and his customer by establishing business-like relations and placing the retail business on a square deal basis."

DEATH AND FUNERAL OF MRS. HACKLEMAN

Passed Away Early Tuesday Morning After Lingering Illness and Much Suffering

Mrs. Sue Hackleman, wife of J. T. Hackleman, died Tuesday morning about 4 o'clock at the residence of her mother, Mrs. M. M. Bryant. Mrs. Hackleman had been a long but patient sufferer, and while her death was not unexpected, yet it came as a shock to the neighbors and friends of the good family.

Mrs. Hackleman was born March 8, 1882, being 33 years of age at the time of her demise. She is survived by her husband and two children. One child, a little boy, died something like a year ago. She was a sister of Hon. Bruce W. Bryant.

The funeral occurred Tuesday afternoon from the residence of Mrs. M. M. Bryant, interment being in Willow Cemetery, Rev. Groom in charge of services.

This family have been residents of Haskell something like four years, coming here from Sulphur Springs, Texas, and enjoy a wide circle of friends and acquaintances.

The Free Press joins with the large host of friends in offering condolence to the bereaved ones.

Hunting in Texas

Washington, D. C., Sept. 9.—The approach of the hunting season makes it desirable to bring to the attention of sportsmen the fact that where State laws do not agree with the regulations under the Federal Migratory Bird Law the Federal regulations are paramount and should be observed. Under the Federal regulations it is unlawful at all times to hunt or kill robins, and it is unlawful at any time before September 1, 1918 to kill banded pigeons, cranes, swans, curlew, and any of the small snipe or shorebirds.

Now is the Time

FOX STILL AT LARGE; REWARDS OFFERED

Sheriff's Department Making Every Effort to Locate Man Charged With Murder

C. P. Fox, wanted in Haskell to answer to the charge of murder, is still at large. He seems to have made good his escape, at least for the time being. The sheriff's department, however, is optimistic as to his ultimate capture.

The crime with which Fox is charged was that of stabbing W. H. Mann of this city, on August 31st, the latter dying two days later from the wounds inflicted. The trouble occurred near the Wichita Valley depot, and immediately following the stabbing Fox ran to his home, which was near by, and secured a shotgun and a satchel of shells. He had several minutes start of the officers, and being afoot, he had no difficulty in hiding in the weeds and heavy maize fields adjoining the city. At the time of his escape the entire country adjacent to Haskell was thoroughly though unsuccessfully, scoured for the fugitive.

Since the death of Mr. Mann, Sheriff Allen has offered a reward of one hundred dollars for the delivery of Fox in any jail in the United States, and Governor Ferguson has augmented the reward by another hundred dollars. Descriptions together with the reward offered, have been sent broadcast over the land and the officers believe that it is but a matter of time until Fox will be apprehended.

The following is the description of Fox, as furnished by the sheriff's department:

"About fifty years old; bald headed, sandy hair and light complexion, nose slightly crooked and scarred; lower front teeth gone and upper teeth are gold; medium height and weight; one thumb gone, the result of a felon. Fox is a laborer and has worked in railroad and lumber camps."

Mr. Jno. R. Hutto, who has been active in the interest of Mrs. Fox, who, we understand, was left in bad circumstances, Sunday received a letter from the lady's father, who was formerly postmaster of an Oklahoma town. It appears that Mrs. Fox comes from a highly esteemed and well-to-do family, and the tragedy is indeed a hardship upon this good lady, as well as the family of the deceased gentleman. The father in his letter to Mr. Hutto, states that he will send for his daughter shortly.

Will Be Many Cars at Fair

Dallas—Practically every popular American make of car will be on exhibit at the State Fair of Texas this year. It will be the first showing of 1915 models in the United States. Like the show last year it will be on a most lavish scale, occupying thousands of square feet of floor space. All that is new in six, eight and twin-six engines, streamline bodies, electric equipment and other appliances, which mark the many changes that are included in the new speed creations for next year, will be shown.

Mr. Hutto, a man of nice front office, for rent in the Pioneer Building, corner main and First streets, Haskell, Texas. Tel. 25-26.

The Home Circle Still Grows

Mr. Chas. E. Rutledge, secretary of the Haskell County Home Circle, makes the announcement that the membership of the organization is steadily growing. He states that within a few weeks he expects the total membership to reach the fifteen hundred mark. Mr. Rutledge now has a corps of assistants in the field, and they are writing policies by the dozens daily. This is a home institution, and that it is good insurance has been proved now well established. Another thing, the money is always on hand to pay claims, and there is no delay in collecting claims, which makes the insurance of Circle especially desirable. The Haskell County Home Circle has indeed enjoyed a remarkable growth under Mr. Rutledge's regime.

Music at State Fair

Dallas: An abundance of excellent music will be heard at all times and in all parts of grounds during the run of the 1915 State Fair of Texas. In the way of bands this year the management has been fortunate in booking three of the best obtainable—the Scotch Highlander Band, the Evening Ensemble Band and the Jimmie Band—an aggregation of one hundred trained musicians and instrumentalists.

Will Be Great Exposition

Dallas—The 1915 State Fair of Texas promises to be the greatest exposition of Texas farm resources ever held. Forty to fifty county exhibits, a splendid array of individual farm exhibits, displays of boys' and girls' clubs of the state, will fill the great agricultural building to overflowing. Texas farmers as a rule are now working to a higher standard of cultivation and their representation at the State Fair will be a decided evidence of the advanced work they are now doing.

Mr. Jack Jones Here

Mr. Jack Jones, a prominent grain man of Wichita Falls, was in the city this week. Mr. Jones is well versed in regard to the European war, perhaps more so than any man in this section. We are told that he has thirteen relatives serving in the armies of the Allies, all being officers. Mr. Jones through these relatives gets much information regarding the conflict, and he is, consequently a highly entertaining talker, regarding the war. Mr. Jones is well known to a number of Haskell citizens and was here on business matters.

If you want to exchange small your land, let with Governor and Co. Office in Haskell, Ind. 11.

Rule Young Men Are Brought to Jail Here

Sheriff W. C. Allen last Friday went out to Rule, having warrants for the arrest of two young men of that little city. Arriving at Rule he located his quarry, all right, but not anticipating they would attempt to elude arrest, he was somewhat taken unawares when one of the young men, made a dash for liberty. Mr. Allen spent Friday night and part of Saturday at Rule, and finally was compelled to return to Haskell without his prisoners. However, the young men have both since been apprehended, and one is yet in jail, the other having made bond.

The charges against the youths are of rather a serious nature, and we understand two young ladies of the Sagertons community are the complaining witnesses.

One of the boys implicated in these cases has been in trouble before, we are told, and is at present under a suspended sentence for a former offense.

These arrests are deplorable, from the fact that the parents of both young men are splendid people and enjoy the esteem and respect of all who know them.

Delayed in Moving

Last week we made the announcement that the Free Press would move to new quarters immediately after the last issue was off the press. Our intentions were good, but sometimes the best laid plans miscarry; such was the case in this instance. The fact is we could not get possession of the building in time to make the move. So now, nothing farther interfering, we will get moved the latter part of this and first of next week. After the move we will have splendid quarters and invite all our friends and readers to call upon us.

Flower Show

In November the Magazine Club will have a "flower show." At that time they will have on display all kinds of rooted bulbs and plants, also cut flowers. All lovers of flowers are requested to save their orders and help make the show a success.

Hancock & Company's Fall Opening Success

One of the pleasing and much-talked of events of the current week was the fall opening at the store of Hancock & Company on Monday and Tuesday. The store was artistically arranged and decorated for the occasion. There was a corps of efficient and polite clerks on hand to conduct the visitors through the store and display and explain the various lines.

As has been announced through these columns before, this store, with the advent of the opening of this fall season, has added two new departments to their store, being millinery and the ladies' ready-to-wear department. Judging by the many complimentary remarks heard from visitors on opening days, these new depart-

ments are going to go good with Hancock & Company.

There was a constant stream of callers at the store Monday and Tuesday, and included in the list were many out-of-town visitors. The opening was a success in every sense of the word.

IMPROVEMENTS AT DICK'S THEATRE

Opera Chairs, Gold Fibre Screen and Orchestra Machine Installed

Manager Richard Nolen of the Nolen Amusement Company, has just returned after a trip to St. Louis, Dallas and other points of interest. He was accompanied on the recent trip by Mrs. Nolen. It can be here added that the trip was of special significance, in that during the trip many added features for the ever-popular Dick's Theatre were secured.

With the advent of the winter opening of Dick's Theatre, the playhouse will be better than ever, and that is saying a great deal. Many features looking to the comfort and enjoyment of patrons have been looked after in a most thorough manner.

To begin with, Mr. Nolen on his recent trip purchased one of the very latest style Wurliatzer orchestras. This is an electrical-ly propelled machine, also played by hand, that furnishes the very highest grade of music, with all the effect and parts of a regular symphony orchestra. This orchestra is a big thing for Haskell, and involves an outlay of two thousand dollars. That is rather a heavy investment for music for a picture theatre, but it is the determination of the management of the theatre to keep up to the minute in every respect, and there is no gainsaying the fact that Haskell has the best picture show in the entire western portion of Texas.

Another improvement at Dick's Theatre will be the Minusa, (meaning made in the U. S. A.) gold fibre screen. This is another forward step in the picture show world, one that will be of especial interest to movie fans. In addition to more clearly defining the feature of movie stars, it is said that with this new screen there is absolutely no eye strain. This is the very latest in film screens.

Again looking to the comfort of the patrons, late style opera chairs will be in place before the opening. While the chairs heretofore used were fairly comfortable, yet with the addition of the new ones, this play house will truly take on the aspect of a metropolitan theatre.

In the way of film productions, it might be announced that this feature has been well looked after. Mr. Nolen has recently contracted for the Paramount Feature Service, the well-known Fox service, Pathe and Mutual Service. Thus, there will be brought to Haskell such well-known screen favorites as Little Mary Pickford, Miss Nance O'Neill, Miss Marguerite Clark; in fact, a veritable galaxy of stars. We predict and hope for Dick's Theatre a successful and profitable season.

DISTRICT SCHOOL TRUSTEES MEET

Joint Session Held Here Last Saturday—Interesting Program Carried Out

The district school trustees of Haskell County met in joint session in Haskell, Saturday Sept. 4, and carried out the program prepared by the County Board of Education. The trustees manifested active interest in the schools and reported that they are planning for the best school session this year in the history of the county. Some interesting reports of the schools were made and never before have the trustees realized the importance of providing better schools in the rural districts.

Talks were made by T. J. Reed, W. T. Ford, S. B. White, C. W. Shelly, (district trustees) Mr. Stewart, (Ind. Dist. trustee), R. E. Lee, I. S. Grindstaff, and R. E. Sherrill, (county trustees), Co. Supt. T. C. Williams and others.

The following recommendations pertaining to the rural school were passed.

We, the district trustees, assembled in joint session, realizing the importance of harmony, cooperation, and uniformity in the school work of the county, recommend the following to each district board of trustees and to the school in general of the county:

1. That the schools begin as nearly uniformly as is possible; the 8 months schools to begin on the 4th day of October; 7 months on the 1st day of November; 6 months, on the 29th of November, and the 5 months on the 27th of December, each closing uniformly on the 13th of May, 1916.

2. That uniform examinations be given for the 5th, 6th, 7th, 8th, 9th, and 10th grades by the County Board of Education, one in February and one in May; that diplomas be given to students who pass the required examination for admission to the high school.

3. That the district school boards have regular monthly meetings at the respective school-houses at the close of each school month, for the purpose of accepting the work of the teacher, approving all vouchers and accounts against the district school funds. (The trustees should keep a minute book, in which all records of accounts allowed and actions of the board should be neatly and accurately kept.)

4. That each school board have from one to six educational gatherings during the school season of 1915-16. (This meeting should be for the patrons of the community. Similar meetings to the old-time spelling matches.)

5. That district debating and declaiming organizations be formed. (The local schools should start this organization.)

6. That a County Meet be held in the county some time in the month of May, 1916—time and place to be fixed by the County Board of Education. (The purpose of the county meet is to stimulate and encourage educational endeavor, and to create a stronger public sentiment for higher education in and throughout the entire county.)

7. That a copy of these recommendations be sent to each of the county papers, and the trustees and people notified of said action by the district and county school trustees.

R. E. Sherrill, Pres.
T. C. Williams, Sec'y.
Sept. 4, 1915.

Grissom's Opening Friday and Saturday

Last Friday and Saturday were gala days at the store of Grissom's.

On those days occurred the Fall Opening of the store. Large crowds thronged the store both days and many expressions of pleasure were heard from the feminine throngs while looking upon the array of beautiful goods displayed for their inspection.

Aside from the large crowd of Haskell people in attendance at the opening, there were many out-of-town visitors. The entire

store took on an aspect of progressiveness equal to any city.

All attending the opening were more than pleased with the goods and the cordial manner in which they were received by the clerks. Everything was in readiness for fall buying, and the display forcibly brought to mind the fact that a cold fall and winter is imminent.

HASKELL, TEXAS, Sept. 11, 1915.

Are you buying at home?

Summer, after a brief vacation,
is on the job again.

The maize crop in Haskell County
is still a-maize-ing.

Things not needed in Haskell—the
weeds.

Things needed in Haskell—more
rent houses; in Haskell county,
more tillers for the splendid soil.

With the return of summer we
have changed our plans in regard
to getting 'em out and putting
'em on.

From this distance, it appears
that the Senatorial race is going
to be a racy affair. Several hats
already in the ring. The mud-
slinging comes later.

Haskell's streets don't need
sprinkling—immediately following
a big rain.

After taking stock, we find we
have complimentary passes to the
Central West Texas Fair at Abilene,
a season pass to all athletic
events at Austin, to the Panama-
Pacific Exposition, and to the Mid-
land County Fair and Fat Stock
Show at Midland Texas. If the
passes only carried expense pro-
vision, we know one scribe that
would enjoy himself for the next
several months to come.

We have heard some little talk
of organizing a Commercial Club
or a Young Men's Business League
in Haskell. For our part, we hope
that the talk will crystallize into
realization, and that real soon.
Haskell has no commercial organi-
zation of any nature, and any
town, especially a town of the im-
portance of Haskell needs and
should by all means have, a com-
mercial organization.

The Mexican outrages along the
border continue. It is said that
many of the alleged bandits are in
reality Carranza soldiers. Be that
as it may, we are of the opinion
that the Greasers with the "San
Diego Plan" idea in their cran-
iums, should be taught a lesson
that they will not soon forget.

There is considerable agitation
along the line of the Wichita Val-
ley railroad for two additional
trains a day. Fine. But, would it
be a paying proposition for the
road. For two or three months,
yes; then the road would be com-
pelled to run the trains at a loss
for several more months before
they could get permission to dis-
continue the trains. While we be-
lieve the time is not far distant
when two additional trains will be
a necessity, yet we are fully con-
fident that the officials of the road
will put on the trains when they
can see their way clear to do so
without operating at a loss.

So far, we have heard not a
word as to that Haskell County
exhibit at the great State Fair.
Surely this county will not let the
opportunity slip by of making an
exhibit after the wonderful crops
that have been raised this season.
Who will start the move?

It is strange to note that many
people who will pay all kinds of
bills, will stand the editor off
when he makes his rounds collect-
ing. It appears that some people
think a newspaper does not need
money to exist. The fact of the
matter is, a newspaper's stock in
trade is his advertising space, just
the same as the merchant. Then
again, there are always those who
dispute their newspaper accounts
and maneuver in every possible
manner to "jew down" the paper's
prices. The newspaper man's
path is truly lined with roses—not

As an evidence of his belief in
the future of Haskell, Manager
Richard S. Nolen, of the Nolen
Amusement Company, operators
of Dick's Theatre and the Photo-
play Airdome, has recently ex-
pended large sums of money in
making the already attractive
Dick's Theatre more attractive.
Included in the improvements is a
large electrical orchestra, one of
the best that could be bought.
That Haskell has now, and has
long had, a picture show second to
none in the West is generally con-
ceded. The fact is, Dick's The-
atre surpasses many picture the-
atres in some towns many times
as large as Haskell, and the Air-
dome is likewise a highly popular
place of amusement in summer
time.

THE RAVEN REVENED

One day last week while sad and
dreary, as we wended weak and
weary across the unswart floor;
we heard, at first, a gentle tapping
then it became an earnest rapping
at our sanctum door. "Come in,"
we said, while yet we pondered
what for us could be in store; then
the door knob gently turning, in
he walked—our cheek was burn-
ing, as we thought of crimson
gore. "Are you the man who does
the writing?" Then we thought
there were signs of fighting, as we
looked him o'er and o'er. "Sir, we
are," we meekly told him, and mo-
tioned for the boys to hold him, if
he tried to beat us sore.

"Then you'll give me credit op-
posite that little debt of a dollar
or more. I like your paper and
will take it as long as you strive to
make it as good as it was before."
We jumped, he dodged! Thus we
missed him, or we surely would
have kissed him, no matter if the
boys did roar. So seldom treated
in this manner we were incline to
sing hosannah! Only this and
nothing more.—Ex.

LIV-VER-LAX

All the Effectiveness, Not the
Effect, of Calomel.

LIV-VER-LAX is one of the
most important medical discover-
ies of recent years. For a long
time medical experts, realizing the
harmful effects of calomel, have
been striving to find a liver cleans-
er that would be just as effective
as calomel, and yet be absolutely
harmless in its action. Recently
this remedy was actually put forth
by L. K. Grigsby, in his LIV-VER-
LAX.

LIV-VER-LAX is a harmless
vegetable compound, designed
solely for the treatment of liver
complaints. The immediate fa-
vor it has met with in thousands
of homes is proof positive of its
real value.

If you feel worn out, tongue
coated and skin sallow, don't de-
lay until it becomes dangers, nip
the trouble in the bud with LIV-
VER-LAX. Insist on the genuine,
bearing the signature and like-
wise of L. K. Grigsby, which is
guaranteed to give satisfaction

Exchange Chat

The editor of a newspaper may
blow his town sky high; it may
soar in rhapsodical flight to the
stars, but if it is without adyer-
tisers, people say it is no good,
and they are about right.—Lub-
bock Avalanche.

You are right. If a paper goes
forth lauding a town in high terms
and the same paper has no adyer-
tising patronage to speak of, it
invariably impresses the reader
that the town is a dead one. All
real live towns advertise, and,
after all, advertising is what makes
live towns.

Very few cranks remain in Has-
kell; nearly all autos here are now
equipped with self starters.

—Free Press
So far so good, but it still re-
quires gas, eh?—Goree Advocate.
Yes, it still requires gas. Happi-
ly, though, Haskell, like most
towns, has abundant quantities of
the latter-named commodity. The
street corner variety, as well as
others—gasoline, etc.

If Ex-Governor Slaton is afraid
to go back to Georgia, and wants
to keep up the excitement he might
come to Texas and get in the race

—Mineral Wells Index.

In that case, maybe the Ex. Gov.
might fear a Cyclone. Then,
again, if Ex. Gov. Slaton were to
enter the race, would Colquitt?

Warehouse Department Man-
ager Weinert has issued a state-
ment in which he declared the re-
cent storm destroyed at least
1,000,000 bales of cotton in Ark-
ansas and Texas. He declares the
Texas crop will not reach the
3,000,000 bale mark and predicts
a good price for cotton.—Bartlett
Tribune.

Right here let us add: It is our
opinion that all who are to hasty
in marketing their cotton this year
may later have cause to regret the
hastiness. Build more warehouses
hold the cotton.

We have failed to read a paper

that even attempts to condone,
much less approve, the lynching
of Leo Frank. Such a paper
would be a curiosity. But Frank's
case is now past history; all efforts
(if any are made) to punish his
lynchers will prove futile and God
alone will adjust the final reckon-
ing. In the meantime man may
take the case of Frank as an incen-
tive to readjust the laws cover-
ing murder and its punishment.
—West Weekly News.

How could a conscientious news-
paper condone murder, by mob or
otherwise. And after all, isn't
mobocracy a form of murder,
especially in the Frank case?

A movement has been inaugu-
rated having in view the bringing
of the next national democratic
convention to Dallas, Texas is the
banner democratic state in the
Union and Dallas is the convention
city of the state. The movement
has already accumulated a momen-
tum that bids fair for success if
any southern city can secure the
meeting. Dallas offers \$100,000
donation for convention expenses
and to furnish a coliseum comfort-
ably seating 25,000 people.—Dub-
lin Progress.

Dallas will doubtless secure the
convention. And why not? A
more suitable city for the sessions
could not be named. Texas is the
banner Democratic State, all right
and in our opinion, Dallas is the
banner city of the State.

GO TO CHURCH if you wish to adore God!
There are any number of men in the world today who
declare that they do not need to GO TO CHURCH. They
say that they are leading good lives; that they are honest and God
fearing. Asked if they believe in a Supreme Being, they become
indignant. Of course they believe in God.
This appeal is directed to these men. Isn't it fair to assume
that the Supreme Being demands more than obedience from his
followers on this earth? Is it enough to obey the laws of God?
Doesn't God want love? Doesn't he want adoration? Where and
how can a man adore the Creator if not in church? The church
is the earthly home of the Supreme Being. It is in church that
he will be found.

A MAN MAY BE RIGHTEOUS AND JUST. HE MAY BE GOD-
FEARING. HE MAY LIVE UP TO EVERY LAW OF GOD AND
OF THE LAND. BUT HE MUST DO MORE IF HE WISHES TO
OBTAIN SALVATION. HE MUST GO TO CHURCH. HE MUST BE
MORE THAN A QUARTERLY, A SEMIANNUAL OR AN ANNUAL
VISITOR TO THE EARTHLY HOME OF GOD. SOME PERSONS
ARE QUICK TO MISJUDGE A MAN WHO SELDOM IS SEEN AT
DIVINE SERVICE. HE MAY BE THE MOST RIGHTEOUS PER-
SON IMAGINABLE, BUT HIS FAILURE TO ATTEND CHURCH
IS SURE TO EXCITE SUSPICION. PEOPLE WILL THINK THAT
HE HAS SOME GREAT SECRET SIN. THEY WILL THINK THAT
HE IS TRYING TO CONCEAL SOMETHING.

It is not enough that you obey God.
You must love God.
There is no better way of proving your love than by GOING
TO CHURCH.

GO TO CHURCH next Sunday!

EIGHT FORGET-ME-NOTS—COLISEUM FEATURE

Dallas: Those who enjoy high-class musical, song and vaudeville entertainment have much in store for them at this year's State Fair of Texas. All offerings of this nature presented in the great Coliseum in the past will be surpassed in every way.

First in consideration comes the famous Scotch Highlander Band, the idol of Canadian music lovers. The splendid musicianship of this great organization, under the direction of its tireless and capable leader, Prof. Roy B. Smith, is now recognized throughout the length and breadth of the land.

The Scotch Highlander Band is the prize organization of Canada, having won that title in two great contests. It will come to Dallas prepared to give audiences just what they want in music—from the classic right down to the ragtime—and will give it in such a way to make them sit up and applaud and encore and ask for more of the same.

Another popular musical organiza-

tion booked for this year is Ewing's Zouave Band, whose excellent musicianship and superb drill presentations made it very popular last year.

The vaudeville bill as arranged for the State Fair Coliseum is all-star throughout. The morning, afternoon and evening programs, as planned, call for six vaudeville acts, a continuous band program, instrumental and vocal soloists of national fame.

Among the vaudeville acts that deserve special praise are the Eight Forget-Me-Nots, the Marco Twins, Nick Kaufman's Skating Girls, and Cora Youngblood Corson's instrumentalists.

Thirty-two good looking girls and two lonesome men—the Marco twins. That's the present Coliseum offering. However, the management is now negotiating for three more acts that will equalize the bill.

The vaudeville program arranged for this year will be a combination of song, dance and musical acts, and high class acrobatic features.

FOOTBALL AT STATE FAIR.

Dallas: The 1915 State Fair of Texas will be the occasion of a great football season. There will be as many as eight games, four of which have already been booked. The schedule so far decided is: Saturday, October 16, Trinity University vs. Baylor College; Tuesday, October 19, Texas Christian University vs. Austin College; Saturday, October 23, University of Texas vs. Oklahoma; Saturday, October 30, A. and M. College of Texas vs. Haskell Indians.

WRITE FOR PREMIUM LISTS.

Dallas. The State Fair premium list and catalogue is now ready for distribution. The premium list is a handsome book printed in two colors which covers in detail all departments of the State Fair; all prizes and premiums; all rules and regulations; how to enter exhibits; how to ship them to the State Fair and numerous other details. For a premium list write Secretary W. H. Stratton, Dallas.

Announcement
Mrs. H. R. Jones desires to announce that with the opening of school, Monday, the 13th, her class in music will be also started. She has arranged for a studio in the north ward at the residence of Mrs. Cummins, and at the south ward the studio will be at the residence of Mrs. Mims. Both the studios will thus be conveniently located for students. Mrs. Jones also announces that she will not sew. She will appreciate your patronage.

Notice

Runaway Monday Afternoon
A runaway team of mules, attached to a wagon, furnished some thrills for the crowds on Depot street Monday afternoon. The team dashed north from Depot street, tearing up some sidewalk and flowers at the Fox House. The runaway was finally stopped near the residence of Dr. Jas. A. Odom. The damage was slight, with the exception of wrecking the wagon and the damage at the Fox House. Fortunately, there were no occupants in the wagon.

A Fort Worth Caller
J. J. Peacock, of Fort Worth, was a Haskell visitor this week. Mr. Peacock has some land interests in this vicinity, and was here in the interest of same. He was very profuse in his praise of this section, and says the country is looking mighty good. While in the city he paid the Free Press an appreciated visit, subscribing for the paper. He said he desired to keep up with the country.

Returns to Gainesville Home
Mr. N. Gardner left Tuesday morning for his home at Gainesville, after a very extended visit in Haskell County. He had since the early part of May been a guest of his son-in-law, A. J. Giles and family, in the vicinity of Rule. Mr. Gardner stated to the writer Tuesday morning before leaving that he was highly pleased with the Haskell country. We hope this good man will soon return to make this his home.

Mrs. J. B. Smith went to Dallas Tuesday where she will visit with friends for a short time.

Jas. I. Harvey, the insurance agent, went to Decatur Wednesday and will be absent several days.

J. A. Fullbright and family returned this week from a trip to Greenville and other points in the east.

Harry Leath and wife and Messdames O. B. Smith and A. J. Brooks autoed over to Haskell Tuesday.

Herman Letz a prosperous young farmer living near Brandenburg, was selling wheat here Wednesday.

Mrs. A. J. Brooks, who has been here on a visit to her father, J. W. Martin, left Wednesday morning for her home in Canton, Texas.

Several Sagerton people attended the singing at Tanner last Sunday and report a good singing and all kinds of good things to eat.

The beautiful new home of M. R. Smith, cashier of the Continental State Bank, is just about completed and he is this week moving into same.

Quite a hard wind swept over this immediate section of country last Saturday Night, striking Sagerton about 11:30, but so damage was done, that we have heard of save the blowing down of C. L. Martin's garage and livery stand which was in the course of construction.

Sagerton received her first crop of new cotton on last Friday, was bought by Smith & Stephens at ten cents per pound. In addition to this, the citizens presented Mr. Pankonee with a premium of \$25.

WHAT CATARRH IS
It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

Paint Put-On
Think of paint put-on and not by the gallon.
A gallon of paint in the can is of no account to anybody. Put it on. Now reckon its cost and value.
The secret is: one paint goes twice as far as another. A good one goes twice as far as a bad one.
You have a job, say an average job. It'll take 10 gallons Devoe and 12 or 15 or 18 or 20 of midling poor, very poor and trash. Put the price of a gallon of paint and the painter's day wage together. You can, we can't.
Devoe costs less than any inferior paint; there are hundreds of them.
One paint is as good as another, so long as it lasts good; one lasts months and another years; and the one that goes furthest lasts longest.
DEVOE.
Jno. W. Pace Co. sells it.

Use Salt.
To clean willow furniture, scrub well with a coarse brush and water that is strongly saturated with salt. Then dry with a soft cloth. Salt not only cleans willowware, but prevents it from turning yellow. Straw matting may be most successfully cleaned in the same way.

Beware of Ointments for Catarrh that Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. The name is on the wrapper.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardul, the woman's tonic. Cardul is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardul is the greatest medicine on earth for women. Before I began to take Cardul, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardul today. Sold by all dealers.

PUBLIC SCHOOL WILL OPEN MONDAY SEPTEMBER 13TH

The public schools of Haskell will open next Monday. Indications are good for a large enrollment. Parents who expect their children to do a year of school work and make a grade should make every effort to send their children the first day and regularly during the school year.

PLACE OF ATTENDANCE FOR VARIOUS GRADES

All pupils in the first, second, and third grades who live east of the railroad will attend in the East Ward; all pupils in the fourth, fifth and sixth grades who live east of the railroad and south of Ballew street (in town and country) will attend in the South Ward; all pupils in the fourth, fifth and sixth grades who live east of the Railroad and north of Ballew street will attend in the North Ward; all pupils in the first, second, third, fourth, fifth and sixth grades who live west of the Railroad and south of Ballew street will attend in the South Ward; all pupils in the first, second, third, fourth, fifth and sixth grades who live west of the railroad and north of Ballew street will attend in the North Ward; all pupils in the district who are in or above the seventh grade will attend in the North Ward.

TUITION TO BE PAID FOR THE FIRST TWO MONTHS

The State apportionment will be two dollars per pupil less for the ensuing year than it was last year. The North Ward building is safe according to the opinion of an expert, Mr. Hickman, who was secured by the Board of Trustees to inspect the building carefully and give an opinion as to its safety. The recent storm, however, has made it necessary for the Board to spend a large amount for repairs. The decrease in the per capita apportionment and the increase in repair expenses make it necessary for patrons to pay tuition for the first two months of the term if the children of Haskell have an eight months school. Pupils in the first, sec-

ond, third and fourth grades will pay \$1.50 per month for the first two months; pupils in the fifth and sixth grades will pay \$2.00 per month for the first two months; pupils in the seventh grade and above will pay \$3.00 per month for the first two months. Tuition for the first month must be paid during the first week of school; tuition for the second month must be paid during the fifth week of school or before. Parents are requested to pay for the two months on the first day of the first week. This will simplify matters and take less of the teacher's time. Checks drawn in favor of R. C. Montgomery will be received by the teachers or cash will be accepted and receipts given. Checks are preferable as they will serve for receipts. Tuition for a fraction of a month is the same as for the entire month.

PRIVATE LESSONS DURING SCHOOL HOURS

Pupils who bring written requests from parents or guardians will be allowed to take private lessons in music, art, expression, or any other line desired, during school hours. Public school teachers will assume no responsibility for the care of or the conduct of pupils while taking private lessons. Parents will be furnished a statement showing the time pupils are not under the care of the public school teacher.

HOMES FOR PUPILS DESIRING TO WORK FOR BOARD

Parents or citizens who will take a boy or a girl into their home to work for board during school months are asked to report their names to Mr. W. H. Murchison, President of the School Board or to Mr. Jno. A. Couch, the Sec'y of the Board.

Children who attended school in other towns or in other schools are asked to bring report cards with them. No pupil will be given credit without examination who fails to bring report cards or written reports from schools where they attended.

Y. M. B. L. Now is Quite Likely for This City

One of the latest moves to be set on foot and one in which we most heartily concur, is that of organizing in Haskell a Young Men's Business League. The movement has already gained considerable headway, and it is talked that some time during the coming week a mass meeting will be called for the purpose of perfecting the organization. Some of the energetic young men of the city have been talking the proposition for some time, and it now looks that Haskell will very soon have a real live-wire commercial organization.

That Haskell has long been in need of a commercial organization will be admitted by all. An organization of this nature could do much good for Haskell and Haskell County in the way of advertising, and with anything like a representative membership, could be maintained at an insignificant cost to each individual member.

The plans under contemplation call for an organization along the lines of like clubs in other cities. While the suggested name would imply that the organization is to be composed of young men, yet, in this instance, all business men will be considered young men, and will be extended an invitation to become members.

A. M. Cowand Was Here

A. M. Cowand, expert pianist and installer for the Western Automatic Music Company of Dallas and St. Louis, was in Haskell Tuesday of this week, installing the new style G. Wurlitzer one-man orchestra at Dick's Theatre. To the average man the installation of this wonderful musical machine would have proven a most baffling proposition. However, it was just a matter of a few hours time for Mr. Cowand until the machine was placed, assembled and rendering most beautiful music.

This new feature of Dick's Theatre will be a highly pleasing one to patrons of the show, and Mr. Nolan announces that the new orchestra is just one of many contemplated improvements before the opening for the winter season of this play-house.

Free Scholarship in School of Your Choice

The Tyler Commercial College of Tyler, Texas, is positively the only business college in the state which teaches a thorough course of practical, modern bookkeeping; some of them call it actual business, but it is not. The commercial room of the Tyler Commercial College is a community of business houses of various kinds, Banks, Wholesale, Commission, Real Estate, Retail, Insurance, etc. Each student is engaged in real active business, learning to do by doing. Every entry made by the student during his entire course is originated by an actual sale or purchase; it may be grain, it may be groceries, dry goods, real estate or stock in a corporation, but the transaction is really performed and every paper required in the transaction, whether check, note, draft, receipt, mortgage, deed or what not, is filled out by the student. Partnership contracts are drawn up and agreed upon between the parties forming the company. Articles of incorporation are drawn up. Thru these practical methods the student learns business as well as bookkeeping; they learn how to meet one another face to face and transact business in a business way, instead of copying theoretical transactions from a text book, as is done in every other commercial school in the state. It takes more teaching force and better teachers to teach our systems and methods; our teachers are not only teachers of Bookkeeping, but they must be well informed on business customs. When a student learns to do a thing by actually doing it, he learns it thoroughly, and with our practical face to face business methods we are able to give the student a thorough course of both bookkeeping and business training in less time than he could possibly get the theory, or so-called practical bookkeeping alone in other schools.

Fire Alarm Early Wednesday

An alarm of fire about 1:30 o'clock Wednesday morning was the means of arousing many Haskell citizens from their couches of peaceful slumber. The blaze was that of a culvert on the Wichita Valley line in the vicinity of the oil mill. Only minor damage resulted. The writer did not learn the origin of the blaze.

Automobile Licenses

The following auto licenses have been issued from the office of the county clerk during the past few days:

- G. F. Atchison, Haskell, No. 297—Saxon.
- O. Justice, Haskell, No. 280—Mitchell.
- R. E. Norman, Rule, No. 281—Overland.
- F. C. Quade, Stamford, No. 282—Overland.

anyone finding another school in this state teaching both bookkeeping and business thru practical business transactions as we do. Similar practical methods are used in teaching shorthand, typewriting, cotton classing, telegraphy and business administration and finance. We believe in learning to do in the school room that which you must do when going into the business world, and it is this policy that has made the Tyler Commercial College of Tyler, Texas, the largest school of the kind in America.

Arrested for Wife-Mauling

Wednesday of this week City Marshal Edwards arrested a negro man giving the name of Jim Wilson, on a charge of wife-beating. It is said Jim was making things quite lively for his spouse and the neighbors generally when the marshal arrived upon the scene. Now, Jim reposes in durance vile, with a plenty of time upon his hands for reflection of his past deeds and misdeeds.

New Bookkeeper at Alexanders

W. E. Braly arrived in the city last Sunday from Rockdale, and has accepted the position of bookkeeper at the firm of F. G. Alexander & Sons. Mr. Braly comes to the city well recommended, and we wish him well in his new field of work. The position of bookkeeper at this store was recently made vacant by reason of the removal to Farmersville of Mr. Worth Long.

Free Press Buys Linotype Machine

W. O. Bewarder of New Orleans, representing the Mergenthaler Linotype Machine Company, was in Haskell Wednesday, coming here for the purpose of taking the Free Press' order for a linotype machine. During the course of the day the deal was closed up and Mr. Bewarder departed on the evening train for Dallas.

The linotype machine is one of the most important factors in the equipment of a modern newspaper and printing plant, and with the installation of the machine the Free Press plant will be second to none in the West; in fact, will be equal to most newspaper plants of cities several times larger than Haskell.

The purchase of a linotype involves the outlay of considerable capital, really in the neighborhood of three thousand dollars, and at first thought it might look to some like too large a venture for a town of this size. Yet, the machine will increase our facilities for the output of work to such a large degree and we will be enabled to get up so much better paper, that we are confident the venture will pay and pay well. Another thing, we are highly optimistic as regards the future of Haskell and contingent country; and we take this advance step in anticipation of better things in the way of newspaper patronage in the future. There are quite a number of Haskell merchants who never think of using newspaper space, but we think that with the good times coming and already

Marshal and Watchman In Saturday Raid

Last Saturday night was a busy time for City Marshal Alex Edwards and Night Watchman Tom Lemmons. After their night's work had been completed there were a number of new inhabitants domiciled in the city hold-over.

The principal events for these gentlemen on that night was the rounding up of a number of colored denizens, being charged with various offenses.

In one bunch there was rounded up something like half a dozen bucks on gaming charges. After being arraigned Monday morning on the charges preferred, the negroes all entered pleas of guilty. They were assessed fines of \$10 and costs, amounting to \$18.70 for each individual. Some of the fines were paid, some are being "laid out" in jail, and still one or two others furnished convict bonds.

The city marshal, with the cooperation of the night watchman and sheriff's department, is these days proving a terror to would-be law-breakers and evil-doers.

here, that it will be but a short time until we can announce that all Haskell business men advertise. With just a little better support we can make our latest investment redound to the good of the whole community, in addition to being profitable to the Free Press.

The machine will be shipped at once, and will doubtless be here and installed the first of October or just a few days thereafter.

Hello! one and all. Will bring a few items after a short absence.

The past week has been one of Divine Worship. Bro. Jones and his helper, Bro. Suttel of Throckmorton, delivered some fine sermons. There were several conversions and many were brought nearer God. We feel that we are on a higher plane of Christian living for them having been in our midst.

Mrs. Frank Tompson and children of Eulogy, Bosque Co; are visiting her mother, Mrs. W. M. Norton.

Grandma Hughes visited Mrs. Josh Hinkle Saturday.

Mrs. Jim McDaniel of Whitman took dinner with J. P. Wheatley Monday.

Mrs. Edd Mapes and children have returned from a visit to Glen Rose.

Myrtle Wheatley and Ivy Mapes took dinner with Mrs. Leonard of Kirkdale Saturday.

Quite a number of the young folks took dinner with Myril and Callie Green, Sunday.

Lucilla Massie, Alice Jones and Annie and Nannie Calloway took dinner with Maurine Otts Sunday.

Mrs. J. O. Wheatley and children spent Monday eve with Adolph Nussabaum.

Mrs. Ben Yates of Whitman visited Mrs. Wyatt Lancaster from Friday 'til Sunday.

Bro. Jones and family, Bro. Suttel, Jess Talbert and sister, and Blake Ewing took dinner at J. P. Wheatley's Sunday.

Ivy Mapes spent Saturday night with Maud Via of Kirkdale.

Grandma Hughes visited Mrs. J. A. Mapes Thursday.

Henry Mapes and family took dinner with Edd King Sunday.

Mrs. Tom Mapes and Floy Atchison took dinner at Walter Atchison's Friday.

Mrs. Arthur Merchant and son visited her father, Saturday and Sunday.

A Wonderful Antiseptic

Germs and infection aggravate ailments and retard healing. Stop that infection at once! Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c., 50c. The \$1.00 size contains six times as much as the 25c. size.

John Henry vs. John Henry

Haskell has within its confines two colored men bearing the name of John Henry, one a real black negro while the other is a real light. On Monday afternoon the said John Henrys attempted to stage a regular Willard-Johnson mill, with the result that both were taken in charge by City Marshal Edwards. Each man claimed that the other was to blame, the lighter J. H. stating that he was hit by the darker J. H. unexpectedly; in fact claimed he was in the act of taking a seat on the curb when struck. There was no damage, aside from the swollen and bleeding mouth of the lighter-hue man.

"P. A." spells tobacco all over the world

Men of all tastes take to Prince Albert pipe and cigarette tobacco like it just about answers all questions! *And it does!* Quicker you get on speaking terms with this national joy smoke the sooner you'll get a whole lot off your mind. Because, it just hands you more fun than you ever got out of a pipe or makin's cigarette before. The patented process fixes that—and removes the bite and parch.

PRINCE ALBERT

the national joy smoke

is the one brand of tobacco you can take liberties with, firing away 24-hours straight without a tongue-kick! You get the listen of that.

Cut out lamenting for that old jimmy pipe stored away in the rafters; stop fretting about how you'd like to roll 'em, but you dassn't. Men, you can lay your last cent that you'll be top-notch-tickled if you catch the spirit of this testimony and get some P. A. and go to it! Never did anything but make smokers jimmy pipe joy'us and cigarette makin's happy—and that's just what's coming to you!

Can you sit-tight and get that P. A. aroma from somebody else's friendly old pipe or rolled cigarette? Can you pass up pleasure that's due you, and coming to you quick as you jump that since into the Prince Albert pasture? Come on out and be a regular fellow who's game to take a chance for what ails his smokesappetite division!

Here's the latest member of the "old-time jimmy-piper" club. It's a fine likeness of John E. Bach, 101 years old, of Newark, N. J. He has been a pipe smoker for 60 years. Mr. Bach, who enjoys his smoke every day, gives this idea of a long life: "Smoke all you want, eat all you want, sleep all you want—and don't worry!"

P. A. is sold everywhere in tippy red bags (handy for cigarette smokers), 5c. tippy red tin, 10c. hand on a pound and half-pound tin humidors—and that always crystal glass pipe humidors with the spruce-mouthed top that keeps P. A. bang up.
