## Nothing

That is what the rich man wants, that the poor have, the miser spends the spender saves.

We do not want any one to be a miser for every man owes himself the necessary comforts of life, but you don't want to be known as a "spender" by your associates. It may sound flattering but the man who has a bank account saves at least a small part of his wages stands head and shoulders above spendthrift in every community.

You can save some of your earnings as you will, and this bank will be glad to assist you in the undertaking.

You can open an account here with the Dollar—deposit as often as you wish, any amount you like.

## Buster Brown Holds Reception

Today, at Hancock's, Buster Brown and "Tige" held a reception to a large crowd. The weather so windy, it will not be possible to speak from the awning at this so the lecture was held at the house at 3 p. m. There was a large audience at the court to hear this unique little speaker, and see his wonderful Tige. His lecture was along the lines of the progress of the shoe builders, and especially of the Brown shoe combiners of the Buster Brown shoe. Each child present was the recipient of a handsome souvenir.

Quite a number of the country schools and both the city schools were dismissed in order to give the children a chance to see and hear Buster.

The firm of Hancock & Co. who handle the Brown Shoe Co. shoes at this place are to be commended for their enterprise in securing this attraction.

Buster Brown and dog Tige left for Abilene Monday evening, coming here from Stephenville.

Mr. L. M. Garrett, manager of the grocery department of the Alexander's big store, buys the Courtney Brooms made in Haskell. He is a Texan, believing in Texas industries and shopping at home. He says its as good a broom as money can buy.

## BUSINESS ITEMS

This, That and the Other 'Round About Town

At Mrs. Love Variety store they have a novel way of demonstrating the new song hits. For every piece of sheet music, she has a phonograph record, which plays the piece, thus giving music and words.

There are more Spring and Summer shoes at Grissom's than they have shelving for. Such is their faith in the Spring and Summer shoe business. There was also one of the prettiest show windows at this store that could be found out side of some city. Earnest Grissom is the window dresser.

Dr. O. M. Guest, dentist, has a nothing whatever to say, except that he is enjoying a good business, and also doing considerable improving at his home in north part of town.

Posey & Hunt, groceries and meat, report that business is good, also that they with all other merchants will close at 6:30 p. m. Do your marketing early.

Hunt's store No. 2 is preparing to add a cleaning and pressing department. Steam press has already been ordered. This department will be in experienced hands.

Jno. W. Pace & Co., has on display quite a large assortment of Spaulding Baseball goods.

At Hunt's main store, Hollis Fields, who has been in the sanitarium at Abilene, is back at the bookkeepers desk.

Henry Johnson, real estate and insurance, reports the sale to Harjy Grissom, of a nice block of land about ten miles north of town.

O. Mitchell, jeweler at the Corner, has opened up a first-class optical parlor upstairs. He has a complete parlor with everything necessary for fitting glasses.

The Corner Drug store reports that they now have on hand and will throughout the summer keep Alta Vista Ice Cream.

The Haskell Ice & Light Co., will connect up the light line to Munday sometime this week, and current will also be furnished Knox City before long.

Jno. A. Couc at the R. B. Spencer & Co., lumber yard reports business fair, and that home building is going merrily on.

L. K. Walker will in the future be connected with McNeill & Smith Hardware Co. where he will repair and sell sewing machines.

W. A. Whatley reports business is a little dull with him, but that he is selling on an average two red wheel Mitchells and three Chevrolets cars a day.

At Mask's grocery store, D. W. Butler the fruit man, has on display a large variety of the best of fruits and nuts. We are indebted to him for a very nice treat presented to the Free Press force.

Dr. Odom reports the arrival of a new Spencer microscope, which is the latest instrument of its kind and is probably the only one in West Texas. It is exactly like those in use in the German army and magnifies 20,000 times. It is useful in analysing the blood for tuberculosis, hookworm, pleurisy, pneumonia, diphtheria, typhoid, rheumatism, and various other diseases. Dr. Odom already has a laboratory that is second to none in West Texas, and in regard to it says: "The pill bag doctor is fast becoming obsolete, and in order to properly treat diseases, the doctor must first know what ails the patient."

Cole Menefee, manager of Dick's Theatre, reports that he will have several good pictures to show before long, and that he intends to push the picture business to the best of his ability. He will start a series of advertisements in the near future. Watch for them.

## Simmons Quartette Concert Friday

The Simmons College Quartette gave one of the most appreciated concerts at the First Baptist church on last Friday night that has been given in Haskell in many months. The program consisted of readings, solos, duets and quartettes. The entertainment met the demands of the most critical in matters pertaining to music. In fact, the audience responded appreciatively to every number given.

The quartette was here under the auspices of the Berean and Fidelis Sunday school classes. The classes were so highly pleased with the results of the entertainment that they plan to have the quartette return in April to give another concert.

## Haskell vs Stamford Score 16 to 11

The Haskell school boys played the Stamford boys again; this time at Stamford, which resulted in a score of 16 to 11 in favor of the Haskell lads.

The Haskell nine was composed of: Lemmons, Robertson, Kemp, Stuart, Draper, Whatley, Fox, Neathery, and Sherrill.

## Carnival Leaves For Colorado.

The R. S. Van Sickle Amusement Company left Sunday for Colorado, Texas, where they will show this week.

The carnival enjoyed good crowds practically each day of the entire two weeks they stayed here, and especially Saturdays were well attended.

Possibly the most exciting event of the last week of the carnival was the horse show, where there were several pretty bad bronks.

The horse, Red Hov, was rode Saturday evening by Montana Earl and to the astonishment of the large crowd Saturday night was rode by Jim Gilstrap from Hamilton county setting sideways in the saddle. We have seen some riding ourselves, and several old time busters said that this was the best riding they had ever seen.

Another well attended and exciting performance was the wrestling match between "The Flying Dutchman" of the carnival, and Paul Zahn of Haskell, which resulted in a tie after thirty minutes on the mat.

All in all, the carnival was a good one, and well attended.

Mr. and Mrs. T. J. Liles of Aurora, Mo. are visiting Mrs. O.P. Liles this week.

## Special Showing This Week

We are showing quite a number of entirely new creations in ladies waists.

A good showing of wash silk waists in plain colors, the style of these is exceptionally good, priced at \$1.25

In silk stripes and plain silk crepes, we have a selection beautiful to look at. The designs and cut of the patterns in this line have all the marks of higher priced waists. We would invite you to compare them with other \$3.50 waists. Priced at only \$2.75

At \$3.75 we are showing a good variety of patterns in plain colors of silk and georgette crepes, as well as floral designs of organdies. Upon inspection you will agree that they are the handiwork of expert designers, cutters and seamsters. Compare them if you please with other \$5 waists. Priced at only \$3.75

## Uncle Dan Monehan Dies

Last week the Free Press recorded the death of Aunt Nan Monehan who died Sunday February 27th. This week it becomes our duty to record the death of her husband, Uncle Dan Monehan, who died Sunday night March 5th, and was buried at the Willow Cemetery here Monday, with Rev. Ed. Wallace in charge. Uncle Dan was laid to rest by the side of his wife who had shared his joys and sorrows for many years. This aged couple came to Haskell county about twenty-five years ago, and have for years been known as Uncle Dan and Aunt Nan. They were loved and honored by a large host of friends. The Free Press joins the friends of this aged and honorable couple in offering sympathy to the surviving ones.

## Symphony Club

The Symphony Club met Wednesday afternoon March 8th, at the home of Miss Lois McConnell.

An interesting program on the Life and Work of Charles Wakefield Cadman was led by Miss McConnell. Roll call was answered with musical current events.

Excellent papers on the life of Cadman and "Musical Progress of America During last Decade," were read by Mesdames Bailey and Bell.

Mrs. Cogdell rendered a very beautiful piano solo by Cadman. Two beautiful vocal solos by Cadman were rendered by Mrs. Key, which was very much enjoyed.

The Club adjourned to meet March 15th, in the new club room for chorus work.

**R. R. English For County Clerk.**  
To the voters of Haskell county:  
I respectfully wish to announce that I will be a candidate at the ensuing Democratic Primaries for re election to the office of county clerk.

I have always endeavored to discharge the many duties of the Clerk's office faithfully and conscientiously, being mindful of the fact at all times that the office was one that belongs to the people at large, and that one man was entitled to as much courtesy as another.

The County Clerk's office being one in which all of the County records are kept, the Clerk is compelled to have a knowledge of every branch of the County affairs from the smallest to the largest office in the County, as a record of each officer's proceedings are recorded and kept in this office along with thousands of individual papers and records.

My records have been examined checked, and approved by several auditing committees during my time in office, and my books are at all times open to the inspection of the public.

I feel that my experience in the office has qualified me to give the people a better service than ever before, and if elected I assure you that I will give you the best service possible at all times.

I intend to make a clean, high principled campaign, and if my conduct has been such that you can consistently favor me with your good will and support I shall appreciate it very much,  
Sincerely Yours,  
R. R. English.

**Magazine Club**

The Magazine Club met February the twenty-fifth in a lesson on Social Service with Mrs. Key as director.

The Following programe was rendered:

- Women and Prison Labor Mrs. White
- The New Penology. Mrs. Lindsey
- Awakened Social Conscience Mrs. Fred Sanders
- A Round Table was conducted by Mrs. Wallace on White Slavery—Mrs. Posey
- Industrial Conditions—Mrs. English.
- Social centers—Mrs. J. N. Fields.
- Religious Side—Mrs. Wallace.

This was indeed a very interesting and helpful lesson and each lady gave her part in a very credible manner. All of the ladies took part in a general discussion on Social Conditions in Haskell. The School Teachers were praised for what they are doing for the High school in the Literary Societies for the Girls and Boys. The activities in the different churches for the young people were also mentioned.

Social Service should first begin with your own self, in your own home, with your own family.

**Methodist Church**  
On Monday afternoon of this week was held the usual monthly business meeting of the Women's Missionary Society. A very excellent financial report was made by our Treasurer, who stated that \$50.22 had been turned in for February by the various Circles. Circle No. 1, reported the largest amount and is therefore entitled to wear the "Blue Ribbon" during the month of March.

The Christian Stewardship program given one week ago was a very good one. The Annual Pledge was taken at this time and \$32 was subscribed. This amount was very gratifying considering the small number of women in attendance. It is to be regretted that all of our members were not present at this meeting, in order that they might have a better understanding of the great needs of our mission work, both in the home and the foreign fields.

On Monday, March 13th, will be given the last Bible lesson on St. John's Epistles. The three books will be thoroughly reviewed and each member is asked to be prepared with a quotation. Talks will be given on St. John's Life and Theology; and various other plans are being made for a complete summing up of the Epistles. All are urged to be present.  
Pub. Supt.

**Christian Women's Board Missions**

Despite the unpleasant weather Monday afternoon there was a large number present at the Auxiliary to the Christian Woman's Board of Missions which met with Mrs. H. S. Post.

The programme for the meeting was based upon missionary work in Latin America. Each lady had her lesson well prepared, showing she had given special thought to the subject.

Mrs. W. W. Fields told about the five things that make a woman great, the greatest being faith and prayer. "Home Missions in Action," was given by Mrs. Courtney Hunt. All learned some very interesting things about our mission work in the U. S. We were very much pleased to welcome one new member, also several visitors.

**Dead Man Victim of Suicide**

Tuesday night about 12 o'clock the proprietor of the City hotel was awakened by the groaning and struggling of a dying man and rushing upstairs found in room No. 2, a boarder S. J. Dougherty, dying from strychnine poison. He expired only a few minutes later and left no information as to the cause of the act.

A memorandum book gave reference to the M. W. A. at Palestine, Ill., and a brother at Hico, Texas.

Judge Browning's decision of holding inquest, was that death resulted from strychnine poison, self-inflicted.

A vial of strychnine was found in his pocket, and on the table beside his bed was a bottle from which he drank the poison.

The cause of the act is unsolved. He last worked for J. E. Bean east of town.

His body was embalmed and shipped to Palestine, Ill., as directed by his brother.—Rochester Express.

**RECIPE FOR GRAY HAIR.**

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

HASKELL, TEXAS, March 11, 1916.

It is to be hoped that our business men will support some system of sprinkling the streets. It is not necessary to say that they need sprinkling.

Haskell county will not produce as much oats as last year. But the loss of only one crop will not damage our prosperous farmers.

Reports from our farmers indicate that all their early wheat is doing fine and in no danger from the drouth, but that the late wheat is suffering. The early wheat had the benefit of one or two good rains, which the late wheat did not.

The hair-brained, petted darlings of our idle rich, who go joyriding toward Europe in armed passenger ships, in spite of the warnings already had to stay off of them, will have just one kick coming in case they are torpedoed, and that is they kick that a person is said to make when he meets sudden death.

The schools of the county have been asked to enter the Forestry contest given by Scott W. Key of Haskell. High schools students have been asked to write essays on why we should plant shade trees. The contest closes March 17. This is a worthy move and teachers and patrons should encourage it.

There are two, and only two kinds of credit that will bust any business, and they are, those who will never pay and those who will pay, sometime, but be a year or more about it. If you are not a member in good standing in either of the above classes the credit department of many a Haskell institution welcomes your business.

The Magazine Club will celebrate National Baby Week with a mass meeting at the Court-house Saturday March 11, at 10:30. There will be given an interesting program on Better Babies by some of the leading citizens. All mothers and fathers in the county are invited to be present and take part in the exercises. This is a splendid movement, and one which should receive the endorsement of every progressive citizen. "Better health is Texas wealth." A government is no stronger than its people." The Magazine Club is to be commended for its efforts in educational improvements. It is an organization that is doing much good for Haskell.

Three County School Trustees are to be elected on Saturday, April the first, the same day for the election of district trustees. Each voter in the common school districts should vote for three persons, one from commissioner's precinct No. 1, one from commissioner's precinct No. 3, and one from commissioner's precinct No. 4. The present Board of County School Trustees is composed of the following: R. E. Sherrill, I. S. Grindstaff, R. E. Lee, J. E. Cloud, and W. T. Overby.

Someone has advanced the opinion that the letter "e" is the most unfortunate letter in the English alphabet because it always goes out of cash, forever in debt never out of danger and in hell all the time. For some reason the fortunates of the letter have been overlooked, so we call attention to the fact "e" is never in war and is always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life, no heaven. It is the center of honesty, makes love perfect, and without it there could be no editors, devils nor news.—Ex.

The Texas Department of Agriculture estimates that if the cotton acreage is increased this year to the extent that it was reduced last year, we may confidently expect to see 5 or 6 cent cotton this fall. With cotton now hovering around eleven and one-half cents up-state, despite the eleven million bale crop of 1915—with practically no ships to move our cotton to foreign shores, with no present indication of the end of the war, and with the buying power of the world being gradually lessened day by day, it seems almost idle to point out that any marked increase in acreage over last year is going to result in a great disaster to Southern cotton producers and to Southern merchants and bankers.

### OUR SCHOOLS

The public school system of Haskell county represents a branch of our public service much greater in magnitude than most of us at first realize. Analyzed into its elements it would be as follows:

5000 boys and girls of varying shades, nationalities and degrees of attainment; 2000 anxious fathers and mothers more or less interested in their children's educational welfare; 175 trustees of every belief, calling and profession serving unselfishly his community school interest; 112 teachers of varying talents and professional advancement; 57 separate schools; 5 county school trustees; 2 members of county Board of Examiners; and one County School Superintendent whose duty is: To consider and answer the enormous volume of correspondence that comes pouring in from all these various sources, averaging 40 letters per week; file and approve 65 teachers contracts; file 135 trustees oath of office; send out school census supplies to all districts and make up duplicate sets of consolidated census rolls; inspect, file and approve 500 teachers monthly reports and post 500 teachers vouchers; supervise the course of study; make out and approve and post 500 local expense vouchers; make up for the State Department an annual report of 49 separate schools keep the records of changes in boundaries of all common school districts; prepare blanks for forms for petitions for consolidation and local tax and bond issues; draw and approve plans for new school buildings; give attention to the matter of selections and purchasing of school supplies; make out transfer rolls; prepare program for teachers institute and do this vast volume of labor

### COTTON, FOOD AND WAR

The Haskell National bank is in receipt of the following from the Texas Bankers Association, and it would be well for every farmer to read it carefully and give it due consideration:

To the members of the Texas Bankers Association.  
Which offers better prospects for the farmer in 1916—cotton or feed crops?

If the war continues, the world cannot use more cotton in 1916 than in 1915. The same acreage in 1916 will yield, with favorable weather, 2,000,000 bales more than it yielded in 1915. There is every reason to assume that India, Egypt and Russia will increase their acreage in 1916, because the European powers controlling these fields desire cheaper cotton. The probable increase from these sources is 2,000,000 bales. With 2,000,000 bales more from the south and 2,000,000 bales more from other fields, the supply will be so large, that the restoration of peace and normal activities will be required to consume it at fair prices.

On the other hand, whether the war continues or comes to an end this year, Europe's demand for food crops will be large because, even if the war should end by Spring, it would take three months to get the millions of men from the trenches back to the fields—too late to raise all the food crops Europe will need.

Planting all cotton is speculating on an early ending of the war. Planting all food and feed is speculating on the continuation of the war.

But to raise food, feed and cotton is to take out insurance both ways. The wise farmer will raise all the food and feed he needs for home use and put what acreage remains in cotton, Wm. G. Breg, Chairman, Agricultural Committee, T. B. A.

Plant more chickens, turkeys, pigs, feed, garden. Sell more butter, milk and calves. Make a good living without raising a boll of cotton.

incident to holding a five days session of that body; hold meetings and conferences with patrons and trustees; keep the minutes of all business transactions by the County Board of Education; keep 60 separate accounts, showing accurately the disbursements of \$30,000.00 of funds each year; give attention to various and sundry, other items of clerical nature; consider petitions, hear grievance and render decisions on many and various matters; appoint trustees in case of vacancies; work out the details of applications for appropriation from the Million Dollar Fund; and visits as best he can all the schools of the county, scattered over 900 square miles of territory.

### SET THE STATE A MILKING

One man with five ordinary cows can make more money on ten acres of land than can a farmer who raises ten bales of cotton per year and nothing else.

In one case, the land grows richer all the time, while in the other the fertility of the land is being sold off and the production per acre grows smaller each year.

Which are you doing Mr. Farmer? Are you going to sell your land away in small lots, or are you going to keep cows and lay up rich for yourself in the soil?

The South is now buying from the North something like seven five million pounds of butter per year and paying cash for it.

Think of it! Over twenty million dollars of your money going to the north and west and all for product that you could just as well produce for yourself. Can it be that our enterprising

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardul, the woman's tonic. She says further: "Before I began to use Gardul, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardul, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

a trial. I still use Gardul when I feel a little bad, and it always does me good." Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Gardul, the woman's tonic. You cannot make a mistake in trying Gardul for your trouble. It has been helping weak, ailing women for more than fifty years.

### Get a Bottle Today!

farmers and Southern business men are overlooking such an opportunity? No; they are awaking to these facts and are beginning to keep cows.

During the last two years, the farmers of North and South Carolina as well as Tennessee and Mississippi, have fallen in line and are now, through the medium of creameries and buying stations, producing a great deal of butter, but nothing like the amount they could and should produce.

In the radius of these creameries the farmer is realizing from \$5 to \$8 per cow per month from their cream alone.

Some of them have but two or three cows, but this amount coming in every month means a great deal to them, and is enabling them to pay cash for their groceries and other incidentals that would otherwise be brought on credit.

A farmer with ten or twelve cows will receive from five to six hundred dollars per year for cream, while at the same time he can raise a number of good heifer calves and some fine hogs on the skim milk, besides having the farmyard manure with which to fertilize his crops.

You can make no mistake, friend farmer, by going into the dairy or livestock business, for though the work is an all year job, the money comes in all the year too. Best of all, your land will be growing richer every year.

There is nothing that will increase the value of a farm faster than will farmyard manure, this being especially true in all sections where the single crop method is practiced.

Save the farmyard manure. It will make your land rich and you wealthy.

**74 YEARS OF KNOWING HOW**

MADE BY AN UNQUALIFIED GUARANTEE

**The P. & O. No. 111 Lister**

This Lister is known by farmers who have sold as P. & O. No. 111, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined—over 2,000,000 in one county in West Texas. The operator preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the plow from running below the desired depth. The wheels are provided with dust-proof fenders, an important help in the sandy loam lands of the West.

The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with rubber disc or shovel covers.

This Lister has embodied many other important features that will convince you that it is the best on the market.

**The P. & O. No. 123 4-Wheel Lister**

This Lister has all the advantages of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to keep them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling, also, the Lister to remain in proper working position at all times. The friction link disengages automatically, allowing the wheels to enter and turn round in a very small space.

# Comforting Words

Many a Haskell Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Haskell readers:

Mrs. M. J. Tuten, Haskell, says: "My kidneys never bothered me until I began drinking impure water. I then began to suffer from a dull dragging ache across my back. I had awful dizzy spells and headaches, in fact, felt miserable in every way I could hardly do anything. When Doan's Kidney Pills were recommended to me, I used some. They eased up my back and strengthened my kidneys. Two boxes put me in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills, the same that Mrs. Tuten had. Foster-Milburn Co., Props., Buffalo, N. Y.

## Painful Accident.

## Dangers of Draft

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 55c, at your druggist.

## "Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It" Never Fails. Applied in 3 Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes—on corns and calluses? It's always right somewhere in the world, with many

"When I Don't Care! I Got Rid of My Corns With 'Gets-It'"  
folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions,—and the "holier" in their corns goes on forever! Don't you do it. Use "Gets-It." It's marvelous, simple, never fails. Apply it in 3 seconds. Nothing to stick to the skin, hurt or irritate the toe. Pain stops. Corn comes "clean off." It's one of the gems of the world. Try it—your kick—from now. For corns, calluses, warts, bunions. "Gets-It" is sold everywhere. Use a bottle, or sent direct by E. F. Lawrence & Co., Chicago, Ill.

# Tractor Engine & Plow Trial.

The Mogul engine will be tried out Saturday the 18th near town and all farmers are invited to come and see if it is what is needed, the right thing to do the work.

## Minstrels Make Good

J. M. Busby's Minstrels played to a crowded tent last night. They were by far the finest minstrel troupe that ever visited our city under canvas. Anyone who likes minstrel shows could not help but be pleased at their singing and dancing, which was greeted with round a ter round of applause. The show is new, clean and up-to-date replete with new songs, and certainly deserves the excellent patronage which it received. —Alva Daily News, Haskell Friday March 17th.

## Notice of Sheriff's Sale

By virtue of an order of sale issued by the Clerk of the District Court of Bell County, Texas, for the 27th Judicial District of Texas, upon a judgment in Cause No. 9214 on the docket of said court, wherein M. S. Pope is plaintiff and A. J. Latham, Charles S. Fisher, C. C. Hemming, R. H. Atchley and W. B. Arnold are defendants, and wherein the plaintiff recovered of the defendants A. J. Latham and Charles S. Fisher the sum of \$428.29, with interest from February 1st, 1916, on \$428.27 of said amount at the rate of ten per cent per annum, and on \$49.62 of said amount at the rate of six per cent per annum, together with all costs of suit; and against all of the defendants above named establishing and foreclosing a vendor's lien for the amount of said judgment on the premises hereinafter described, which said judgment was rendered on the first day of February, A. D. 1916.

I have this day levied upon, and will on the first Tuesday in April, A. This is the Stove Polish YOU Should Use

IT'S different from others because more care is taken in the making and the materials used are of higher grade.

## Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on stoves and sold by hardware and grocery dealers. All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.

## There is a Real Difference

Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

### Fire Boys Hold Interesting Meeting.

The Fire Boys had another interesting meeting at their regular meeting Monday night.

Most all of them being present, T. C. Cahill presiding and Jessie B. Smith Secretary.

The Fire Boys approved the purchase of a La France Ford Fire Truck purchased by their Chief John Ellis.

They expect the Truck to be here about the 15th. of April.

The City has purchased five hundred more feet of fire hose and with the installation of the new fire truck and new hose the fire boys will be in better shape to fight fire than they have ever been before.

Some of the old fire boys were dropped from the list for non-attendance of the meetings and new and energetic ones were elected to fill their places.

Chief Jno. Ellis; Foreman's J. U. Hudson, Jno. R. Mauldin, and Henry Johnson were elected as delegates to attend the State Firemen's Association which meets at New Braunsville in May. The Association pays the railroad fare of these delegates.

### Keep Your Bowels Regular

As everyone knows, the bowels are the sewerage system of the body, and it is of the greatest importance that they move each day. If your bowels become constipated take a dose of Chamberlain's Tablets just at supper and they will correct the disorder. For sale by West Side Drug Store.

The old reliable grocery firm, W. W. Fields and Son, are now stocked with the Courtney Brooms made in Haskell. They are not experimenting, for they have handled the Haskell broom ten years. Buy your brooms from them and keep your money at home.

### That Boy of Mine

Where is my wandering boy tonight, is an immortal song, which has rendered the heartaches of many mothers and caused the father deep sighs; yet many parents never stop to consider where that boy is at night until he has gone astray. Many boys who have run away from home are better off than some boys are we know at home.

If parents could realize the importance of a close watch upon the boy, how it would help that boy and save annoyances, which are caused by boys running at large at all hours of the night.

Brother was it your boy who last Sunday night crept up like a thief in the night and peered into the room of those girls? It was somebody's boy and somebody's boy will get into trouble deep lasting trouble. It is a shame on any community when young girls are not safe from the devilish eyes of dissipated youngsters.

Parents had better see to it that their boys are at home before some of them are awakened to learn their young hopeful is in lasting trouble. Boys while with mother and father you are usually in good company, but when a "gang" is out at night the whole "push" is in bad company. Does your boy roam the streets at night with the gang? If so you had better look him up and see what he is doing before he does something you will regret. The mule colt, the yearling calf or pig would be hunted until found and brought home for fear of loss. Are not boys worth more than these? You would not allow your neighbors to be annoyed by your negligence we are sure yet when you neglect one of the most precious gifts from God to man—your son—you sometimes though unaware allow great annoyance to, perhaps your friend.

We speak where of we know an irate father or brother has no compunction of conscience when boys are trespassing upon the home. Boys who slip around at night and attempt to watch girls undress are in great danger of seeing a light in the not far distance, and hearing a sound worse than a rushing mighty wind. Yet we know, but your boy, no matter how good he may be will become as bad as the rest of the "gang" if allowed to run with them. If fathers would look after these youngsters as closely as they would stocks and bonds we have no doubt their value would increase at a greater rate than stocks and bonds ever do. Look on the situation and see if you can ascertain where your boy is tonight. He had better be "down in the licensed saloon" than around in someones back yard where he has no business.

### Have You Realized The Saving

To the community at large and especially the individuals who attended the school at home rather than go to the cities: At the very least each one will save \$150. on his commercial or stenographic course by attending at home, this means something like \$6,000 saved to Haskell and vicinity by having Hill's Business College, Waco, Texas, establish a branch in Haskell.

We now have over one third of the enrollment and have worked only four or five days, also have twenty or more who are making arrangements so they can sign definitely with us. You, too, should do this as early as possible as this is a very rare opportunity and one you cannot afford to miss.

It is hardly worth while to say much about the school, as you have read of it for the past 35 years and no doubt have relatives or friends that have laid the foundation of a business career in this famous school.

Hill's Business College is to business training as Harvard or Yale is to literary training; you not only have the privilege of taking a business or stenographic training but The Very Best that the South affords. Your diploma from Hill's will be all that is needed to satisfy any banker or business man that your training is all that can be desired.

From this date I shall be in the country part of the time and for your convenience have left an enrollment list with F. L. Daugherty in rear of Farmer's Bank Bldg., who will gladly explain the details of our work and accept your signature, see him or myself or write Prof. W. W. Darby Supt. Extension School Dept. ### GREATEST HORSE SHOW.

More Than \$8,000 in Prizes Are Offered in Classes at Fort Worth Show.

Embracing a total list of more than \$8,000 in prizes and offering special attractions that are expected to draw the most representative exhibitors of Missouri and Kentucky, the National Feeders and Breeders' show has announced its official prize list for its night Horse Show, which will be held five nights during the big fall event, November 22 to 29.

The most magnificent offer that has ever been made in saddle horse events in any of the recognized Horse Shows of America is being made in the "Horse Show Classics." This event is for five-gaited saddle horses and already the very flower of the best animals of the land are being entered. A prize of \$1,000 is being hung up in this division. The classic will last only fifteen minutes and is expected to be the most brilliant spectacle of the kind ever witnessed in a Horse Show in the Southwest.

But this is only one of the many attractions of the great Horse Show, which will be more comprehensive and beautiful than ever before. Greater prizes will be offered in the classes for roadsters, harness horses, both single and pairs, tandems, hunters and jumpers, ladies' classes and many other divisions. With the coming of the best stables of Kentucky and Missouri, not only saddle horse excellence, but the best in harness horses will be seen. Practically all of the veteran exhibitors have already entered, but stables that have seldom been seen this side of the Mississippi will cross Red River this time.

The hunters and jumpers' classes will be more elaborate than ever before, and several military posts are expected to send teams. These will struggle heroically for the honors. Push ball, polo and a number of other thrilling features of a like nature are expected to characterize the Horse Shows.

Some of the very best judges in the country will officiate in the Horse Show, men who have tied the ribbons in many others of the best shows of the land.

Texas exhibitors are making their entries rapidly, confident that increased classes of competition will not prevent them from securing their share of the awards.

### "TIZ" FOR TURED AND SORE FEET

"TIZ" for puffed-up, burning, aching, calloused feet and corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "TIZ" from the drug store now and gladden your tortured feet? "TIZ" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "TIZ" instantly stops pain in corns, callouses and bunions. "TIZ" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

Great Stock Show—Many  
Special Events.**

A militant army of progress, armed with the enthusiasm of their ideals, will pitch its tents on the grounds near the Coliseum at Fort Worth during the fortieth annual National Feed- and Breeders show, March 13-18.

Bearded men, armed with the latest rapid fire rifles and hand grenades, prepared to make death and destruction upon an enemy, will be found in the army. On the contrary, it consists of bright-faced boys, not only with a desire to bethe interests of their state and nation through the upbuilding of the livestock industry.

Members of the baby beef and pig club are coming to Fort Worth in number for the stock show and they will be in the shadow of the Coliseum. Practically every one of these youngsters will have exhibits of baby beef or pigs in the stock show and they are regarded as good boosters for the future as men who have followed the fortunes for twenty years.

The baby beef and pig club movement is little more than a few years old but there are hundreds of clubs and thousands of members in this state today. The movement has spread to other states and proved popular. It is generally considered one of the most helpful innovations that the livestock industry has ever known because it is bringing a race of scientific and progressive stockmen in the southwest. Soon after its inception, the National Feeders and Breeders show recognized the value of the movement and offered liberal premiums in the various classes in which the youngsters could give competition.

However, the baby beef show, large as it is in importance to the state and the exposition as a whole, will be but one of a host of features that will go far towards making the coming spring event the greatest that has ever been held at Fort Worth, the cowman's capital. Exceptionally liberal awards will be made in all the classes of the stock show and the night horse show. The latter event promises to be the most brilliant yet held. Practically all the old-time exhibitors of fine horses will be on hand once more and many new ones will bring their animals here to compete for the magnificent prizes.

One of the comparatively new features of the stock show will be a great exhibit of Jersey cattle. The Jersey exhibitors have decided to make an exceptionally good showing this year and, inasmuch as Texas has been in the forefront of Jersey production within the past few years, the exhibit is sure to be one of the finest held in the United States for a number of years. An auction sale of Jersey cattle will be held one day during the show.

Any number of special features will be worked up for the show. The management desires to make the event alluring for those who haven't the slightest interest in livestock. Carnival attractions will be more elaborate than in the past and the Coliseum arena will be the scene of a host of thrilling and attractive special features.

# Maxwell

## "The Wonder Car"

### Men who have driven other makes of cars for years—Men who have experimented—Men who have been "stung"—now drive Maxwells.

Right in this town—and all over the country—are men and women who have been driving different makes of cars for years, who now drive and swear by their Maxwells.

Each year they used to buy a different make, trying to find a car which would suit them exactly.

When the 1915 Maxwell "Wonder Car"—with its 17 new features and new low price of \$695, was announced—these "motor wise" men began investigating it.

They didn't take our word or any-

body's word for it—they looked into it themselves.

They found the Maxwell to be a handsome, powerful, easy-riding car.

They compared it with cars that sell at double the Maxwell's price. They found that the Maxwell contained every worth-while up-to-date high-priced car feature.

They tested the Maxwell on hills and on the level on really tough roads.

They made it prove its ability to run at low cost over all sorts of roads.

Then they began buying and talking about the Maxwell.

To-day 38,000 enthusiastic people are driving these Maxwells. Of these a great big percentage owned other makes of cars before they bought their Maxwells.

Use your common sense when you buy your automobile. Don't be talked into an extravagant car or a car that hasn't had the "acid test" of time.

Don't let them experiment at your expense.

**Read This List of Expensive Features. The 1915 Maxwell Has These Features And Many Others.**

<p><b>Attractive Streamline Body</b> Pure streamline body, graceful crown fenders, with all rivets concealed. All the grace, style and "snap" that you will find in any of the highest priced cars.</p> <p><b>A High-Tension Magneto</b> Nearly all the high priced cars have high tension magnetos. A high tension magneto gives positive ignition. The Simms magneto, with which the Maxwell is equipped, is recognized as one of the best magnetos made.</p> <p><b>Left Side Drive—Central Control</b> Left side steer with gear shifting levers in center of driving compartment—center control—has been accepted by leading makers of expensive automobiles as the safest and most comfortable for the driver; that is why the Maxwell has it. The Maxwell is so easy to drive and control that a child can handle it.</p> <p><b>Three-Speed Sliding Gear Transmission</b> All high priced cars have a sliding gear transmission. It is costly to make, but it is the best. If the motor has the power, sliding gears will</p>	<p>pull the car out of any mud or sand. The Maxwell has a three-speed selective sliding gear transmission because Maxwell engineers do not consider any other type to be worthy of the Maxwell car.</p> <p><b>Double-Shell Radiator with Shock Absorbing Device</b> The Maxwell radiator is of handsome design, gracefully curved, and it is built to be trouble proof. It is the expensive double shell type and has ample cooling capacity. The radiator is mounted to the frame by means of a shock absorbing device on each side, which relieves the radiator of all twists and distortions of the frame, caused by roughness of the road. The shock absorbing device also minimizes the possibility of radiator leaks.</p> <p><b>The Roomy Full 5-Passenger Body Adjustable Front Seat</b> The 1915 Maxwell has a full grown 5-passenger body. The front seat is adjustable, you can move it three inches forward or backward. This makes the car really comfortable for the driver. No cramped legs for tall people or uncomfortable reaching for short people. Most drivers' seats are made to fit anyone—so fit no one.</p>	<p><b>Low "Up-keep" Carburetor</b> The carburetor used on the Maxwell was especially designed for it after long and severe tests under every conceivable condition. Economy tests conducted by hundreds of dealers and owners in different sections of the country have proved its efficiency, its quick response to throttle and its extremely low consumption of gasoline. It has been termed the "low up-keep" carburetor.</p> <p><b>Irreversible Steering Gear</b> The greatest margin of safety has been provided in the steering gear of the 1915 Maxwell. The Maxwell irreversible steering mechanism is of the expensive worm-and-gear type and its superiority over every other type lies in its many adjustments. At no time is more than a fourth of the bearing surface of the gear which operates the worm in use. When needed, a new bearing surface may be had by adjusting the gear a quarter of a turn. In short, the Maxwell steering gear has four times the adjustment of any other kind.</p> <p><b>Heavy Car Comfort</b> What surprises most people is the smooth, buoy-</p>	<p>ant riding qualities of the Maxwell. The spring suspension of the 1915 Maxwell is the same costly combination of long semi-elliptical front springs and the three-quarter elliptic rear springs that is used on most heavy weight, high priced cars. The Maxwell offers you every essential of the highest priced machines at a fifth of their cost.</p> <p><b>One Size of Tire—Anti-Skids on Rear</b> The Maxwell car is one of the easiest cars in the world on tires. Maxwell owners carry but one spare tire and but one size of spare tubes. Economical 30 inch x 3 1/2 inch tires are used all around. A famous make of anti-skid tires are supplied on rear wheels.</p> <p><b>A Dependable Electric Starter</b> For \$25 extra, you can have your Maxwell delivered equipped with the famous Simms-Ruff electric starter. This starter is efficient, trouble proof and easily operated.</p> <p>And the Maxwell is completely equipped from the clear vision, ventilating windshield at the front to the spare tire carrier at the rear. When you buy a Maxwell you have nothing extra to buy.</p>

# We Thank You

We want to thank the people for their presence at our Buster Brown reception Monday. We are quite sure of this being the largest attended affair of the kind ever held in this city. And especially do we want to thank the Superintendent and teachers of our city and rural schools for dismissing their schools that the school children might be present.

We also wish to add that we have a complete stock of the famous Buster Brown shoes for boys and girls, and will take pleasure in showing and demonstrating their merits to you.

### The Magazine Club

Friday March 3, the Magazine Club met at the club room with the first vice president, Mrs. Reynolds, in the chair. It was voted to thank the city officials for their co-operation with the club ladies in securing traffic regulation. This being Baby Week a public program will be given under the auspices of the club at the court house Saturday March 11. All the citizens of Haskell county are both invited and urged to come out and show a personal interest in bettering the conditions of the babies. The committee having this in charge are: Mesdames Scott Key, Robert Reynolds, and Roy English.

The club began an interesting

and instructive course on "Household Economics." This is a subject in which all housekeepers and home makers are vitally interested. The course used by the club is a university extension course and especially fine. A lecturer and demonstrator from the university will be before the club at a later date and give practical lessons in application of economics.

Mrs. Kirkpatrick was leader for the day and a very interesting program was given.

### Are You A Texan?

Do you believe it is right for the people living inside the city limits of Haskell, to buy their groceries and other supplies in Stamford, Abilene, Rule, Munday and Wichita Falls.

In order for Haskell to prosper and grow, the people living here must be loyal, and support our local industries, Stores, Schools, Churches, and Factories, and most all Haskell people are loyal, for they are Texans. Do you believe we should have more factories in Texas and in Haskell, or do you believe we should boycott all the Texas factories and spend our money for goods manufactured in the north and east. By so doing our money leaves home never to return, but goes to build up and enrich factories and industries of foreign lands.

Are you buying goods made in Texas when practical to do so, when prices, quality and all other things are equal, if not are you LOYAL, and are you TEXAN?

The Courtney Broom Co. are TEXANS, and have been manufacturing brooms in Haskell for ELEVEN years, and the brooms that bear the Courtney LABEL or trade mark is no exception. We have shipped the enormous sum of EIGHT THOUSAND DOZEN brooms from the town of Haskell in one year bringing in multiplied thousands of dollars from the various towns of Texas and adjoining states, which amount was turned loose and spent in Haskell. Did it do any good? If there was one thousand such factories in Haskell would it be worth while?

The Haskell Broom Factory was destroyed by fire two years ago with practically no insurance, in September, 1915. We began to rebuild and were making brooms again in October, and since that time the plant has been operated under the name of the Courtney Broom Co. and since last October we have been busy manufacturing brooms and adding such machinery as the business would justify. And we hope in the near future to rebuild our plant to its capacity before the fire, which was the

### Try it! Substitute For Nasty Calomel

Start your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel.

They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives results," said a prominent local druggist.

Dodson's Liver Tone is personally guaranteed by every druggist who sells it.

A large bottle cost 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting purely vegetable remedy, harmless to both children and adults.

Take a spoonfull at night and wake up feeling fine; no biliousness, sick headache acid stomach or constipated bowels.

It doesn't gripe or cause inconvenience all the next day like violent calomel.

Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated.

Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

### Busby's Minstrels Made a Great Hit

Busby's minstrels certainly did make a hit with the Klamath Falls people last night. The big tent was packed and "the best ever" was the general verdict of all.

Every member of Busby's minstrels proved to be an artist. Their songs were the original old negro songs of the south as well as the very latest and best on the vaudeville stage of today.

Effie Moore's singing was typical of the old time southern colored girl, while the performance was the best minstrel work ever seen in this city. The cake walking and dancing was excellent. In fact the entire show was not only good, but was clean from start to finish, there not being anything that smacked of rowdiness or what could be called out of place by the most critical audience.—Klamath News.

The firm of McNeil and Smith, don't only handle the best line of hardware and implements for their trade but they keep the Courtney brooms made in Haskell for their customers. They are also Texans and want to see their money play around home as long as possible.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

third largest plant of its kind in Texas.

There are no better brooms made in the world for the money, and all the merchants have had ample time to place these brooms in stock. But some have failed to do so, and the owner's of the Courtney Broom Co, have spent many times more money with all the stores in Haskell than the merchants have spent with them.

There is broom corn being planted in Haskell county for this factory. Broom corn grown in Haskell will be used in making the brooms, Haskell labor will be used, and the owners and employees all buy their groceries in Haskell, and the readers of THE FREE PRESS are requested to consider these facts and watch the label on their brooms.

### Moseley-Hooten

Last Saturday night at seven o'clock a number of friends and relatives gathered at the home of Mr. and Mrs. N. G. Moseley to accompany their daughter, Miss Mertie, and Mr. Roy Hooten to Judge Smith's where the ceremony was performed that made them man and wife. After the ceremony all returned to the home of the bride's parents, where a delicious supper was served by the bride's sisters, Mrs. Howard and Mrs. Moore. Three courses were served, meat, salad and wedding. The wedding cake was beautiful and credit must be given Miss Iia Mae Cox for baking it.

The bride was dressed in a beautiful blue tulle with bodice of blue chiffon, with a hat of rose leaves and blue wings. The bride is one of Haskell's most charming young ladies and is quite popular in society.

The groom is one of Haskell's accomplished young men.

Only a few intimate friends witnessed the wedding.

Those present were: Charlie Fouts and Elva Cox; Owen Tolver and Mable Cunningham; Ed Fouts and Bessie Glenn; Mr. and Mrs. Elmer Irwin; Mr. and Mrs. Jesse Wright. The out of town guests were: Mesdames Howard and Moore.

After a short honey moon they will be at their home near Haskell.

We wish for Mr. and Mrs. Hooten a long and happy life and much prosperity.

A Guest.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents

### LIV-VER-LAX

All the Effectiveness, No Effect, of Calomel.

LIV-VER-LAX is one of the most important medical discoveries of recent years. For a time medical experts, realizing harmful effects of calomel, have been striving to find a liver purifier that would be just as effective as calomel, and yet be absolutely harmless in its action. This remedy was actually produced by L. K. Grigsby, in his LIV-VER-LAX.

LIV-VER-LAX is a natural vegetable compound, designed solely for the treatment of complaints. The immediate relief it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, coated and skin sallow, don't lay until it becomes dangerous the trouble in the bud with VER-LAX. Insist on the genuine bearing the signature and name of L. K. Grigsby, who guarantees to give satisfaction or money refunded. For sale at Corne Drug Store.

Mr. Bob Robertson, manager of the Robertson general store in Haskell, an old road man, and has sold in most all the towns in Texas, and is not easily deceived about what a grocery should keep in stock. So sees to it that the Courtney brooms made in Haskell kept in his store, he also believes that if we had more factories in Haskell we would be more prosperous.
