THIRTY-EIGHTH YEAR

## IMPROVEMENTS BEING MADE BY BUSINESS HOUSES REFLECT PROSPERITY

City of Haskell has made many improvements in the past few months getting business houses which will materially to the business section of the city. Other plans are being made for the construction of more buildings at an early date. Haskell is experiencing any boom but the growth is in accordance to the demands of the business interests of the city. Below we give some of the important business houses now under construction and also make mention of the new businesses that have recently been installed in the city which have come unsolicited. Bert Welch has about completed a new building 42 by 140 feet north of the Free Press on Main Street, when it will be one of the most up-to-date establishments of its kind in the section of the state. The building is constructed of brick and tile with concrete floors and asbestos roofing. A very large double drive way in the rear of the building. The fixtures of the Cash Fitting which has been operated by Mr. Welch for the past two years were moved into his new location last Saturday morning and the doors were opened for business. Modern equipment will be added from time to time. Mr. Welch has employed an expert electrician in the person of Owen King who will have charge of the repair department. Ample and convenient storage room can be furnished in this spacious building which will accommodate many customers.

### WORK BEGUN ON KNOX CITY HIGH SCHOOL BUILDING

Dirt was broken last week for the erection of the \$40,000.00 high school building for Knox City. The site occupied by the Baptist church has been purchased and the church building torn away and the new school building will be built on these grounds which is only a short distance from the present school building. When the new building is completed Knox City district will have plenty of room and all the modern conveniences needed for this progressive school.

### WEST TEXAS C OF C CONVENTION BIG SUCCESS AT BROWNWOOD

The annual convention of the West Texas Chamber of Commerce which was held at Brownwood last week, will go down in history as the biggest affair of its kind ever held in the United States and that means the whole world, so far as commercial organizations are concerned.

The crowd was variously estimated from 20,000 to 50,000 people. It was a cosmopolitan throng ranging from the most humble citizen to the Governor of Texas.

About 30 or 40 people from Haskell attended the convention, and represented Haskell county in the mammoth parade which was staged at nine o'clock Wednesday morning. The parade was several miles long and was headed by a troop of Texas cavalry followed by delegations from West Texas towns and counties. Each one vying with her neighbors to present her claims for the approval of the admiring throngs. Some ran to beauty some to comedy, some applied their skill along commercial lines, some appealed to the sense of music, for there were bands galore, perhaps 30 or 40 of them, marched through the streets while the crowd cheered.

Immediately after the parade Col. A. B. Spencer, president of West Texas C. of C. delivered his annual address at the massive new Soldiers and Sailors Memorial Hall. Governor Pat Neff followed him, and a list of prominent speakers came in turn. The auditorium is a commodious affair, seating 4,500 people.

In the business section several blocks of the business streets had been roped off from traffic and here was the human mill. Bands paraded back and forth followed by delegations; fresh fish stands, fake bands, etc., among the latter being the "Eskota Hungry Kaviary Band", amused the multitude.

Another comic band appeared. Their instruments seemed to have been made from the various parts of a still, the mashpohoon, the wormala, spigolletta and the kettle drum, etc. Their instruments indicated that they had found a still, wrecked it, and went down the street playing real harmony on the various pieces.

Col. C. C. Walsh of San Angelo was elected President of the West Texas Chamber of Commerce and Mineral Wells won the 1925 convention over El Paso and Amarillo.

Haskell had more delegates present at the Brownwood meeting than she has ever had since the West Texas Chamber of Commerce was organized. All came home determined to make an effort to have Haskell county represented at the Mineral Wells Meeting next year with a delegation of several hundred.

## WORK STARTED ON FAIR GROUNDS; RACES PLANNED FOR FOURTH OF JULY

Work was begun by a number of men Wednesday morning clearing the grounds for the erection of the buildings for the Haskell county Permanent fair just north of the ball park. The fair committee spent some time in studying the best plans of our neighboring county fairs taking every precaution against experimental problems with an effort to lay out the grounds and erect the buildings on tried out principles which have proven successful. It is expected that the work will go forward without a hitch into completion. This is evidence that the Haskell county fair is a certainty and there is no longer any room for doubt. The fair committee will make special efforts to have the grounds and buildings ready for the fair this fall and this will be one of the greatest accomplishments in the way of education the county could possibly make. Get your exhibits ready for the Haskell county fair. It will take co-operation to make the fair what it should be.

Plans are already on foot to have a race meet July 4th, and if the race track is ready by that date good automobile races can be seen on July 4th, as well as horse races. Horse racing will be limited to Haskell county horses. No entries out of Haskell county will be allowed at the first race meet. People owning running horses should be training for this first meet as substantial purses will be offered for the best horses.

Clifton made the talk for the organization explaining fully and clearly what the organization stands for and the need of the farmers to organize to protect their own interests. Mr. Clifton stated that he stands for farmers organizations and has been a member of several of the important orders, doing what he could for the cause of the farmer. He further stated that the Farm Labor Union was the best organization that he had known and that he believed through this organization the farmers would get the relief they sought and would get a better marketing system for what they produce. The ladies served a pie supper at the close of the speaking and a social hour was enjoyed by every one. Several applications for membership were received.

### CLEAN UP

Preliminary to our general clean up campaign, which will be held later if necessary, your attention is called to this subject with the view of enlisting every citizen in this important work.

Your attention is called to this matter believing that every member of the great family, for Haskell citizens are one great family, is willing and anxious to do his part and see to it that his premises are cleaned up and kept clean.

By starting now, this work can be easily done. If weekly attention is given the matter the town can be kept clean with little effort.

Clean Up and Keep Clean would be a good slogan to adopt and if once adopted and carried through the year will result in a better place in which to live.

This is everybody's job. Every man woman and child should be anxious to help. Start now, clean up and keep cleaned up. Let there be no shirkers.

Hardy Grissom, Mayor.

## DISTRICT COURT HAS BUSY WEEK; GRAND JURY RETURNS ELEVEN INDICTMENTS

### JUDGE B. L. RUSSELL ANNOUNCES FOR STATE SENATOR

We are authorized this week to make the announcement of Judge B. L. Russell of Baird, as a candidate for the office of State Senator, 24th, Senatorial District, subject to the action of the action of the Democratic primary in July.

Judge Russell has lived in Baird for the past 33 years and is at the present time Representative from the Baird district to the State Legislature. Prior to the time he was elected representative he served Callahan county 4 years as county attorney and 8 years as county judge. He was also Cashier of the First National Bank of Baird for several years. He is a thorough business man and understands the needs of the district and will make a good Senator if elected. We ask you to give Judge Russell's candidacy due consideration when you go to cast your vote in the July Primary.

The following statement was issued by Judge Russell.

- 1. I will oppose legislation having for its object the creation of any new methods of taxation.
- 2. In the administration of the state government, I will vote for strict economy.
- 3. I believe in and will advocate a liberal support of the public schools and such appropriations as will return at least a minimum appropriation of fifteen dollars per capita.
- 4. A connected system of state highways is essential for the better communication of our people and I stand for the same and in order to raise the necessary funds for the building and maintenance of such roads, the weight tax on automobiles should be eliminated and the gasoline tax increased to the end that he who uses the roads will contribute to their construction and maintenance.
- 5. Intravagating over this section of the 24th Senatorial District, I find a great farming country that will ultimately equal the black land belts of Texas and it will be my pleasure to aid the farmers in such legislation as they may be interested in and that will mean a more equal division of State Taxes, as compared with East Texas and the rich black land belts of our state.
- 6. While the office to which I aspire has nothing to do with the enforcement of the laws I believe in the strict enforcement of all law under the constituted authorities in the court house.

Judge Russell was in Haskell Wednesday in the interest of his candidacy and spent the day meeting old friends and making new ones.

Pikerton, Carl Maples and Roy Neal gave a beautiful rendition of Tennyson's "Crossing the Bar" in a male quartet. ## HAIL STORM VISITS NORTH PART COUNTY

Farmers coming into the city from the Lone Star and Pleasant View communities report a heavy rain and hail storm in that section Monday night of this week. Only a sprinkle of rain fell in the city but was reported heavier north of town until it reached the district that suffered considerable damage especially the crops. We have not been able to find out just how much damage was done and how much territory was covered by the storm but from reports much damage was done in the north part of the county by the hail.

## FROM THE FIELD

By W. M. FREE

Thursday afternoon County Agent W. P. Trice made a trip to the Howard community and of course we went along. He was called out to give some advice as to the best way to scrap the Four O'clock Bugs which are reported to be numerous in some sections of the Howard community, and are doing some damage to the crops. We stopped at the home of F. J. Trimmer, a prosperous farmer, finding no one at the house and of course we could not ask any questions and find out some things we were very anxious to know. But we took a look at this place and will mention the things we observed. A good garden was the first thing that caught our eyes, which is one of the best in the country. Mr. Trimmer had previously told us that he is taking great pride this year in making his garden a success. A thing some of his neighbors said could not be done. But he has the goods to show in potatoes, beans, onions and all other vegetables planted. The premises were very beautiful because they were clean and well arranged. Chickens and turkeys galore were seen in the poultry yards. They were of all ages, colors, and sizes. A concrete hen house had been recently built and equipped with the necessary furniture. A concrete water trough had recently been built, which will

last for a decade, and a watering system was in service on the farm. We noticed hogs in the lot and good Jersey cows in the pasture and some young calves in the cow pens. Prosperity seemed to be the watchword of this happy family.

We drove from there to the home of J. R. Dinsmore, whom we can vouch for as being a real Haskell county farmer because he has been here many years and knows the conditions of farming in this section. He has 250 acres which he is going to cultivate this year. He will have about 50 acres of feed and 200 in cotton. He has 15 acres of the best oats he ever saw in the way he handled the story to us. He has a stand of feed on all his ground and was busy planting his cotton seed. He says he never lets the grasshoppers destroy his crops and he is in the big middle of one of the worst grasshopper districts in the county. He knows the habits of a grasshopper like a trapper knows a beaver run and he feeds them enough poison to satisfy their curiosity. Mr. Trice asked him how much poison he used to a certain number of pounds of wheat brand and he replied "It's owing to how mad I am" and then went ahead and told him which is in keeping with the government formula. Mrs. Dinsmore has two hundred or more baby chicks and some of them are large enough to fry. She is breeding the Buff Orpingtons and likes them because of their large size and quick growth and she says they are wonderful winter layers. She has about 80 young turkeys and is having excellent luck with both chickens and turkeys. This is a prosperous happy home and they live at home and board at the same place. We are going back to this home before all the fried chicken days are over.

About 10 o'clock Friday morning we started with Trice to Knox City where he was called to judge the school fair for Prof. W. E. Lasseter Vocational Agricultural Instructor for the Knox City High School. The whole journey was one to be enjoyed from Haskell to Knox City. The weather was ideal and in every field along the way we noted the farmers very busy engaged in planting their crops. Mostly cotton. We believe more cotton seed were planted last week than in any week this spring and in most cases the farmers completed planting last week and the first few days of this week. We reached Knox City just before noon and after a good lunch at one of the up-to-date cafe's we drove to the school grounds and watched the people gather for the fair. There were a number of contestants in live stock and poultry. Some excellent cows and some nice coops of poultry although this is a hard time of year to exhibit poultry because of moult. But the fair was a success and after County Agent Trice had finished his work we returned home. Knox county furnished us county agent Cantrell last fall to judge our poultry at the Haskell county fair and now we have paid them back with county agent Trice in judging the school fair. We like to be neighborly. After getting out of the car with Mr. Trice we were picked up by Vaughan Clifton at our office and carried

to the home of M. A. Clifton in this city where Mrs. Clifton gave us a good supper from her safe as we arrived after the evening meal had been served to the family. We enjoyed this supper very much.

After supper we accompanied Mr. and Mrs. Clifton and other members of the family in their big Buick to Roberts school house where the Farm Labor Union held an open meeting and served a pie supper to all the guests, an account of which is given in another part of this paper. We enjoyed the association with this family and the trip to Roberts very much.

# Groceries

The habit of serving our customers a little more promptly and pleasantly than they expect—of giving each order as careful attention as though it were the only thing we had to do in the entire day's work, and the practice of selecting the best of our high quality stock for each customer, all combine to make this a most satisfactory store at which to trade.

GASOLINE

MOTOR OILS

"YOU'RE RIGHT, MISTER. THAT IS GENUINE TEXACO AND SOME OIL!"

Simply stated, Texaco Motor Oil is the clearest looking oil, because it is the cleanest.

The most careful and complete refining gives it that distinctive clean, clear, golden color—and that full body.

Full-bodied enough to prevent destructive metallic contacts, and so carefully refined that it will keep the engine sweet-running and clean for longest periods.

Also refiners of Texaco Gasoline "the volatile gas," and a complete line of high-grade Petroleum Products.

The home was beautiful with snap-  
dragons, roses, honeysuckle, sweet peas  
and other spring flowers. Mrs. T. A.  
Pinkerton met the guests at the door  
and the Ministers wives of the city  
and Mrs. Hunt composed the receiving  
line. The ladies of the society were  
in the house. Mrs. Lynn Pace ushered  
the guests into the dining room where  
dainty refreshments of punch and  
sandwiches were served. Miss Dulin  
Fields presided over the guest book  
where one hundred friends of the hon-  
oree registered. This was one of the  
most delightful occasions of the season.

Mother's Day on California Creek,  
taking their lunch and enjoying the  
outing among the flowers and shade.  
The following were among those who  
were present: Mr. and Mrs. Tom

soe, Mr. and Mrs. G. C. Stark, Mr. and  
Mrs. Willie Harrell, Mr. and Mrs. Dee  
Adkins, Mr. and Mrs. J. E. Adams.

**Losers Entertain**  
One of the most thoughtfully plan-  
ned and delightful parties given this  
year was the one given by the mem-  
bers of the Eusebian class of the  
Methodist church losers in a recent  
contest with the Neotan Bible class  
in whose honor the party was given.  
Mrs. Hardy as teacher of the losing  
class planned the entertainment.  
First two Majors were elected, John  
Rike was elected from the Neotan class  
and Frank Irby from the other class.  
One class sat on one side of the house  
and the other on the opposite side.  
There were a number of contests. One  
was throwing paper bags another hop-  
ping across the floor with a glass of  
water. The teachers, Mrs. Hardy and  
Sanders created quite a bit of mirth  
hopping. There were numerous con-  
tests, each one funnier than the last,  
but the crowning event of the evening  
was when the leader announced that  
there would be a debate, "Resolved,  
that the Members of the Neotan  
Bible Class Should Get Married."  
Misses Lynda Robertson and Thelma  
Williams were on the affirmative side  
and Misses Lois Earnest and Mrs. Leo  
Southern on the negative, and although  
the negatives put up a brave fight the  
affirmative, clever little debaters that  
they are, won. The following acted as  
judges: Rev. Ben Hardy, Mr. Knott  
of Fort Worth, and Mr. O. E. Patter-  
son. Mrs. Patterson kept the score on  
the contests and the classes were about  
even at the close of the evening. De-  
licious refreshments of ice cream and  
home baked cakes were served. De-  
spite the rain about 60 were present.

**Faculty Honored**  
The members of the school board and  
their wives gave a picnic Monday eve-  
ning honoring the faculty of the schools.  
Owing to the cloud coming up the  
party could not leave town and Mrs.  
Hardy Grissom invited them to have  
the picnic on her pretty lawn. A de-  
licious picnic lunch was served cafe-  
teria style. The following enjoyed the  
occasion. Mesdames and Messrs. O. E.  
Patterson, M. H. Brasher, R. V.  
Robertson, Hardy Grissom, M. B. Lebo,  
Virgil Meadors, Scott W. Green, Jr.,

Amelia Payne, Payton, Kilgore, Eu-  
genia Graham.

**Mother's Day Tea**  
A most enjoyable affair was given  
in the basement of the Baptist Church  
on Saturday afternoon when the mem-  
bers of the T. E. L. Class entertained  
with a Mothers Day Tea. The room  
was made homelike and attractive by  
the use of small rugs white tables  
held bowls and vases of beautiful  
spring roses. A beautiful feature of  
the devotion was the word "Mother" made  
of small pink roses which hung on one  
of the central pillars. The guests were  
met at the door by Mrs. S. A. Roberts  
president of the class who assisted by  
Mrs. Jess Edwards pinned on a red

and white rose. One of the old songs  
was sung and a prayer by Mrs. Jno.  
Lamkin opened the program which was  
directed by Mrs. Leon Gilliam 1st. Vice  
President. Mrs. B. M. Whitaker talk-  
ed on the aims and activities of the  
class. Then Mrs. R. P. Glenn made  
a talk in which she compared the  
old times with the present day and the  
many advantages which the modern  
mother has. A reading was given by  
Mary Emma Whitaker and two songs  
"Mother Machee" and "Mother calling"  
were sung by Mesdames Gambrell and  
Whitaker. A lovely piano duet was  
given by Mrs. Will Whitman and Mrs.  
D. Scott after which Mrs. Gambrell  
closed the program by paying a tribute  
to our mothers. Close to a hundred  
mothers were present for this deligh-  
tful social meeting, a number of them  
being aged grandmothers. Punch and  
sandwiches were served during the  
social hour.

**S. S. Class Picnic**  
Mr. F. T. Sanders took the members  
of his Sunday School Class to the  
creek for a picnic Saturday.  
The youngsters enjoyed swimming,  
and a wicker roast. The following  
enjoyed the picnic, Watt Sutherland,  
Lewis Smith, Spencer Watson, Jewell  
Gentry, Ralph Kirkpatrick, Tommy  
Leflar, Tommy Patterson, Jerome, Roy  
Wallace and Fred Sanders, Jr.

**Barbecue**  
Mr. S. R. Rike gave the pupils of  
the Seventh Grade a barbecue Friday  
afternoon, honoring his daughter,  
Catherine, on his ranch on Pabst Creek.  
The children spent a most delightful  
time swimming and exploring the  
pretty nooks on the creek. At four-  
thirty o'clock the host called them to  
the feast, which was a barbecued calf,  
cowboy stew, pickles, onions, catsup  
and bread. The following teachers  
were present: Misses Minnie Ellis,  
Payton, Riddle, Mina Seelbach and  
Mrs. Scott W. Green. Others present  
besides the 60 children, and the host  
and hostess were Misses Ruby Fitz-  
gerald, Bettie Lee Castles, Messrs. Jno.  
Rike, Reynolds Wilson, and Earles.

**Shower for Bride**  
Saturday afternoon May 17th the  
friends of Mrs. Spencer Lain, (nee  
Miss Pauline Anderson) were invited  
to the home of Mrs. W. K. Whitman  
where a beautiful shower was given in  
honor of Mrs. Lain. She having taught  
school at Midway for the past three  
years, made many friends, who show-  
ed their love and appreciation by many  
useful and beautiful gifts. Toasts  
were given the bride and groom. After  
a few jolly hours spent in laughter  
and talk, Mrs. Whitman served deli-  
cious refreshments.—(One Penn.)

**Birthday Party**  
Misses Mary Bell and Christen Parr  
the little daughters of Mrs. Dee Adkins

May 17th. Twenty-eight of their  
young friends gathered to share the  
delightful occasion with the little sis-

### If I Only Had Health

How often we hear someone make that remark. People do ap-  
preciate health and really want it more than anything else life offers.

A well person enjoys life infinitely more than a sick person.  
Anyone suffering with a mild cold in the head knows how he reacts  
by a slowing up of all his faculties—he actually feels sicker than he  
is, often he is miserable.

Health, then, can be said to be the one universal want of all  
people. People will pay any price to regain health. Some people  
know that health is easy to regain, and easier to keep.

In Chiropractic the method is available. Chiropractic takes  
nothing from you nor does it add anything to you. It is a scientific  
method by which you may regain health or keep the health you now  
have.

Regular adjustments are as essential as regular baths. Why don't  
you begin taking adjustments?

**WEAVER**

(Last Week's Letter.)

We are having some real cool weather at this writing. And let us say that we have had our share of the rain and can go till about July without any more, and if we can get one good rain then it will thunder a few times in August we will make a good crop. We are dreading these grasshoppers as they are very plentiful but not large enough to do any damage so far.

There is lots of cotton up in our settlement. Quite a lot that didn't get up on account of the hard rain last Monday evening. The young feed is looking good since the plow has been over it.

J. S. Walton, the Swenson druggist, en route to Breckenridge Tuesday, stopped over and spent the night with J. T. Mullis and family.

We are glad to report the general health of the community much better at this writing. Still have a few cases of measles. Some of those who had them last week were real low, but are better now.

A large crowd was out to church and Sunday School last Sunday. Also a good crowd at singing Sunday night, which was enjoyed by all.

Mr. and Mrs. I. A. Brooks of the city came out to the Mullis home Sunday evening. They made cream and the evening passed away in a hurry.

We are glad to report Mrs. M. E. Gidden's children are up again.

Little Beryl Montgomery is up from a severe case of measles.

The weather is warmer since we started our letter. If it will only continue this way all the farmers will soon be done planting their cotton and may how the crops will grow.

#### DEDICATION SERVICES HELD AT ROCKDALE CHURCH

On Friday afternoon of last week it was the pleasure of the writer together with Bro. J. O. Heath, pastor of the Munday Baptist Church, Bro. I. N. Alvis and others, to go with Bro. C. Jones and his family to Rockdale, where Bro. Jones has pastored for something near four years, for the purpose of having a series of services, one of which was to be a dedicatory service at which time the church was to be dedicated to the Lord.

We arrived at the Clear Fork on the Proctor Ranch about 4 o'clock, where we found the good people of Rockdale making ready for a good time. We pitched camp and then put out our hooks. Not much was accomplished along the fishing line, as the river was too high. About early candlelight the people were gathered in about right. Bro. Alvis brought a good message at the evening hour there on the banks of the Clear Fork. The good old songs, "On Jordan Stormy Banks I Stand" and "We Shall Gather at the River," were very fitting for such an occasion.

Saturday at eleven Bro. Heath brought us a splendid message which did all good who were present, and I must say that the services throughout were well attended. In the afternoon we all adjourned to gather at the church house for the message of the evening, which was faithfully delivered by Bro. W. T. Priddy of Stamford.

Sunday morning, Bro. Heath preached the dedicatory sermon to a large attentive audience, the house was full and many could not find room on the inside. After the sermon many of the members of the church spoke words of praise, and expressed the gratitude of their hearts that God had blessed them in making them able to build the house. Then the house was dedicated to the Lord in prayer, which was led by Bro. Alvis.

Next came the noon hour in which all took part on the program. Let it be said that the Rockdale people know how to take care of their guests. They certainly did have plenty and lots of fragments to take up after all had finished.

Bro. Grimes brought the splendid message in the afternoon after which we all left for our homes.—Rev. W. M. Lowrance.

#### Henry Alexander Home Remodeled

Henry Alexander has completely repaired and remodeled his nice residence in the north west section of the city and now has one of the most modern homes to be found anywhere. New hardwood floors have been put down and modern light and plumbing fixtures installed. The outside walls are stuccoed with Men finish which is very beautiful and lasting. This building has seven rooms and is said to be one of the best built houses in the city. A beautiful rose garden has been planted and maintained the grounds being laid out by an expert florist and his designs closely followed. At this home are some of the most beautiful shade trees in the city which were set out about fourteen years ago and have made phenomenal growth by having good care and attention given them. Mrs. Alexander has been experimenting with many different kinds of shruberies and she says that many kinds of flowers and shruberies will grow here that the people are not in the habit of growing and that some of the most beautiful are among them. A glance at this beautiful home and surroundings is inspiring.

#### CARD OF THANKS

We take this means of thanking our many friends and neighbors for their many acts of kindness and sympathy during the illness and death of our dear brother and son. We also thank our friends for the beautiful floral offering. We realize our many friends, and may the God of Heaven bless all of them and give us grace to bear our great sorrow that seems is a short way in front of us.

In sorrow,

M. Davis and family,  
J. L. Scheets and wife,  
Mrs. Oma Sanders,  
Mr. and Mrs. Edd Cargill.

Mrs. Kate Morton is visiting relatives in Sherman this week.

J. A. Blare one of Haskell's best suburban farmers was in the city Wednesday and stated to a Free Press reporter that he had 50 acres sown to wheat which is the best up to the present grown by him anywhere since he has been farming. Mr. Blare said that he did not make this statement to strengthen his credit but he believes the statements he has made to be true and he is elated over the prospects of the crops in general.

Our good friend T. J. Lemmons, Sr., came into our sanctum early this week with a smile on his face and these words, "You ought to have been with me." He and Mrs. Lemmons had just returned from Newcastle where they took in the annual meeting of the Indian Fighters and Frontiersmen's Club. Uncle Tom says that he met some of his old friends that had not seen in many years and that people were in attendance from everywhere, even from California.

John H. Roberts was in the city Saturday and says that wheat, oats, and barley in the Vermorel community is the best it has been at this time in years. He is confident that a good crop of grain will be harvested this year on all the ground that was sown. But one regret this season, the acreage is small.

Mr. John Ellis who recently embarked in the hardware business, he and N. I. McCollum purchasing the Sherrill stock, has moved his family to Haskell from Ft. Stockton. Haskell is really the home of these people and their friends welcome them in their midst again.

Mr. and Mrs. Lee Kirby and family accompanied by some friends all of Malakoff, are in Haskell to be present at the graduation of Miss Lynda Robertson.

J. S. Grand of Howard was in the city Wednesday and made this a pleasant call. He is a progressive farmer who is planning to grow more of feed to run his farm. He has 25 acres sown to wheat and oats which is looking fine. He has 25 acres maize up to a good stand. He has replant all his maize because of much rain and cold weather. He cultivates 100 acres in cotton, maize which is up to a good stand and nice.
