No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

BUY COAL NOW
We sell Colorado Fancy Lump Coal in quantities of one ton or more at \$12.50—less than one ton \$13.00. 26-tfc Haskell Electric Gin Co.

HELPFUL HINTS

Fried Spring Chicken
Clean and disjoint, then soak in salt water for two hours. Put in frying pan equal parts of lard and butter—in all enough to cover chicken. Roll each piece in flour, dip in beaten egg, then roll in cracker crumbs, and drop into the boiling fat. Fry until browned on both sides. Serve on flat platter garnished with sprigs of parsley. Pour most of fat from frying-pan, thicken the remainder with browned flour, add to it cup of boiling water or milk. Serve in gravy-boat.

Cocunut Cookies.
1 cup of butter, 2 cups of sugar, 2 eggs, 1 cup of grated cocunut, 1 teaspoonful of vanilla, two teaspoons Royal Baking Powder, flour to roll out. Bake pale brown.

Plain Cookies
3/4 cup of butter, 1 1/2 cups of sugar, 2 beaten eggs, 1 cup of water, 1 teaspoon grated nutmeg, 1 cup flour sifted with 1 teaspoonful Royal Baking Powder, sufficient flour added to make dough. Roll out, cut into cookies, and bake pale brown in moderate oven.

Pink Salmon Salad
1 pound can pink salmon,
1/2 pint of celery,
1/2 pint of mayonnaise.
Free the salmon from skin, bones. Pick the fish apart and add the celery (which has first been cut finer) and mayonnaise dressing, tossing lightly. Season to taste. Serve a little mayonnaise to pour over the top. Arrange in salad dish and garnish with curled lettuce and drops of red jelly, or serve on fresh crisp lettuce leaves.

Stuffed Tomatoes.
Choose large tomatoes; cut off stems ends and take out centers. Fill with stuffing, lay on buttered baking-pan, bake in hot oven 30 minutes. Peppers, summer squash, large ripe cucumbers, onions, and egg plant may be prepared in the same way.

Currant Jelly Sauce.
Cream 2 tablespoons butter, add gradually 3-4 cup of stiff currant jelly slightly softened by standing in warm room. Beat well and serve very cool.

Cream Sauce
Bring 2-3 pint cream slowly to boil; set in steppan boiling water; when it reaches boiling point add sugar, then pour slowly on whipped whites of two eggs in bowl; add 1 teaspoon of extract vanilla and use.

Apple Tapioca Pudding
Pare and core enough apples to fill dish; put into each apple bit of lemon peel. Soak 1/2 pint of tapioca in one quart lukewarm water one hour; add a little salt; flavor with lemon; pour over apples. Bake until apples are tender. Serve cold with cream and sugar.

Salmon and Cabbage Salad
1 half-pound can pink salmon,
2 cups finely cut cabbage,
2 hard-boiled eggs, chopped,
3 sweet pickles, chopped fine.
Remove bones and skin and break apart. Add cabbage, eggs and pickles. Mix all together with salad dressing and serve on crisp lettuce leaves. This will serve six people.

Soubise Sauce
Peel three large white onions; boil very soft in salted water. Drain, rub through sieve, add one cup white sauce.

Water Ices
Boil one quart water and one pint sugar five minutes. Add 1-8 box gelatine soaked in cold water, stir until dissolved and chill. Add one cup of lemon juice and freeze.

Coffee Cake
1 cup of brown sugar, 1 cup of butter, 2 eggs, 1-2 cup of molasses, 1 cup strong coffee, 1-2 teaspoonful of soda dissolved in the molasses, 2 teaspoons powdered cinnamon, 1 teaspoon cloves, 1-4 teaspoon of salt, 1 cup of chopped raisins, 5 cups of flour, 2 teaspoons baking powder. Sift together the flour, salt and baking powder, and spices. Dredge raisins with powder, and sugar. Cream butter with some of the flour. Cream butter and sugar, add beaten yolks and molasses, then alternate the coffee and flour; lastly beat in whipped whites. Divide into two loaves and bake in moderate oven.

Banana Cake
1-2 cup of butter, 1 cup of sugar, 1/4 cup of milk, 2 scant cups of flour, 1 1/2 teaspoons baking powder, whites 4 eggs, 1-2 teaspoonful of vanilla. Mix flour and baking powder. Cream butter and sugar, add milk and flour alternately, then vanilla and beaten whites. Bake in three layer tins in hot oven. To receipt for boiled icing, add 1/4 cup mashed banana and use as filling. Dust top with powdered sugar.

Ice-Cream Cake
1 cup of butter, 2 cups of sugar, 1 cup of milk, 3 1/2 cups of flour, 2 teaspoons baking powder, whites 8 eggs, 1-4 teaspoon of salt. Mix dry ingredients. Cream butter and sugar, add milk, then flour, and beat. Add whipped whites and beat again. Flavor with almond extract. Bake in three jelly-tins in hot oven, and when cold put together with boiled icing flavored with almond extract.

Sunshine Orange
Soak an orange in hot water for one-half hour, or so until it has heated to the core. The skin will loosen and come off like a glove, and the pulp will be sweet with the sweetness that comes not from sugar but from the sun.

Snow Eggs.
To white 5 eggs add pinch salt, and whip to very stiff froth; gradually add 1 tablespoon powdered sugar and few drops flavoring. Scald one quart milk in large pan. Shape whites in tablespoon, drop a few at a time in hot milk. Turn until cooked.

The Gains That Don't Add to the Head
Because of its tonic and laxative effect, GROVE'S TASTELESS chill TONIC is better than ordinary Quinine and does not cause nervousness or ringing in head. Recommended by the highest authorities for the treatment of Malaria, etc.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Whirwind College Frolic

Opening Chautauqua Programs Lively.

The Whirwind College Frolic, which appears for the two opening programs at Chautauqua is composed of three lively college men who go through their programs with the same dash and abandon they do through a college stunt. Xylophone, saxophones, drums, piano, violin, mandolin, guitars, banjo, clarinet, vocal numbers, comedy skits, college stunts are all mixed up in two lively sessions of real "musical comedy."

of an equally popular program. There is a freedom and an enjoyment to their work often lacking in Chautauqua programs but which greatly adds to the pleasure of the audience. The men on the platform are having just as much fun as the audience out in front. The College boys bring a breezy whiff of youth and life straight from the college campus to the Chautauqua tent.

Corking Comedy Drama at Chautauqua

Big New Feature This Year.

"Too Much Business," the big play coming to Chautauqua is a rollicking comedy full of sparkling humor from start to finish, characterized by swift-moving action, tense dramatic situations, a tangle of business and love and mystery that doesn't get itself unraveled till almost the last line of the third act. The Wales Players who give this unusual Chautauqua production are a thoroughly professional cast headed by Rollo Talcott whose work probably is familiar to many theatre fans in the towns of the Standard Circuit. He is a great actor with all the polish and finesse that great acting implies.

The other members of the company are all professionals of marked ability and especially chosen for their aptitude for the parts selected. The entire presentation is smooth and artistic in every respect. On Sunday, the Wales Players will give Belshazzar, a great Bible spectacle including Daniel and his interpretation of the "Writing on the Wall," Darius of the Persians, and Belshazzar. It is a gorgeous drama staged in the true spirit of the Bible Story. Towns which get the Wales Players on Sunday are especially fortunate in having this unusual Sunday evening program.

Magazine Club Notes

The Magazine Club met in special session Tuesday afternoon in a business meeting. Ways and means of financing care of club grounds for the summer were discussed and arranged. The chairman of Clubs reported attractive condition of lawn due to the splendid work of Mr. Rousseau. The Club will undertake to co-operate with business men in cutting weeds from the depot to the square. Let us greet strangers and visitors with a clean street. Visitors to the club were: Miss Grace Fancher of Seymour, Miss Roebuck of Dallas and Mrs. Bruce Bryant of Austin. In response to a request of the president, Mrs. W. H. Murchison, each guest expressed appreciation of the club and its home or of the work of their home organization. At the close of the meeting the president became our charming hostess in a social hour. A question contest almost as hard as Edison's proved some of our ladies at least might have "passed" for a job with the wizard. Delicious punch was served from the Library and everyone enjoyed the delicious cream and cake. Mrs. Jno. A. Couch and Mrs. W. M. Reid spent Monday afternoon in Rule.

Many Still Read Dickens.

Charles Dickens has been ruled out by a class of the younger literary critics as a decided bad number, but the statement by his British publishers that during the past three years the sale of his books has been almost doubled seems to refute that idea. Some of Dickens' novels sell more than 50,000 every year, and he has been dead forty-eight years. His sales during the last ten years have been larger, it is asserted, than those of any three novelists put together.

MAY PARDON JACK JOHNSON IN JUNE

Washington, D. C. June 23.—Attorney General Daugherty indicated today that he might consider a pardon for Jack Johnson, former heavyweight champion, serving a year's sentence at Leavenworth, Kansas, for violation of the Mann act, before the day set for the Dempsey-Carpentier fight. Mr. Daugherty said Johnson had been a model prisoner and a "liberty bonus" for him in the way of a shortened term had been suggested, as his term expires July 7. The attorney general declared he would not consider pardoning Johnson to enable him to attend the championship fight but that of course if any clemency was extended, Johnson's time would be his own.

J. S. BARNETT FARMING ON DIVERSIFIED SCALE

J. S. Barnett, a progressive suburban farmer on the east side of the city, was in the city Wednesday and made a statement to one of our reporters that struck the keynote of the present situation in which he said that last year he had a large acreage of cotton planted from which he made a splendid yield but the cost of gathering, ginning and yarding cost him more before he could offer for sale the fruits of his labor, then a slump in the price came and his imaginary profits vanished. This year he has changed the program and is growing corn, melons, peanuts, maize, and everything that can be used by his home people or sold on the home mar-

ket and he says his sales doubtless will not run as high in a total production as a cotton crop but as much money will be left in his pocket as could be realized from the cotton crop.

He says now he has nothing to worry about, and he further states that he has grown on his farm in past years large quantities of melons, peanuts and vegetables and that he has always found a market for all he could raise and could have sold more at all times. Mr. Barnett has made a success of farming and looks at the problems of farming in a reasonable, common-sense way—and is generally found on the right track on farming.

Harley Glasom transacted business in Stamford Monday.

Too Much Business at Chautauqua

An Actual Fact—Come See for Yourself.

Some people have been skeptical when told that there'd be "Too Much Business" at Chautauqua this year. However, all these doubting Thomases have to do is to visit the big tent the third night. "Reconstruction" and "Back to Normalcy" and hard times talk doesn't affect the breezy, sparkling comedy that will be given on this year's program.

The Standard Circuit has procured a big comedy drama with an all-star professional cast for the feature entertainment attraction this year. This is the first time a stunt as big as this has been tried on this circuit and both the management and the local committees are enthusiastic over the reception with which the announcement has been greeted in the town. "Too Much Business" is a three act comedy by Warner Harding, built about an exciting game of business. There are complications of mystery and love. There are clever dramatic situations and comedy developments and a sustained interest running throughout the play. Not until the

final curtain is the audience sure of the outcome. Altogether "Too Much Business" is one of the most laughable, most interesting and most delightfully charming plays ever offered through this territory.

On Sunday, the Wales Players will give Belshazzar, a magnificent Bible spectacle including Belshazzar, Daniel and Darius in the leading roles. The idea of the play is to show that Babylon could not continue to serve her false gods and prosper, while the Persians under Cyrus worshiping the One God were bound to succeed.

The interpretation of the "writing on the Wall" by Daniel is the feature of this great religious drama.

Belshazzar is a wonderful Bible play costumed in the correct mode of the times and with the Biblical atmosphere carried throughout. It is a great opportunity for the towns where on the third day of the Chautauqua season a cast as the Wales Players cannot fail to be genuine pleasure throughout the production.

THROCKMORTON COUNTY JUDGE COMMENDS JUDGE C. B. LONG

RIDDING THE HOUSE OF THE UNDESIRABLE ANT

24, 1921.—Editor Haskell Free Press: I wish to take this method of expressing my appreciation of Haskell County Judge C. B. Long. I was recently in the County Judge's office at Post Worth and was a witness to a determined and successful fight against the distasteful steam roller tactics employed by the State Highway Commissioners in that organization. Judge Long personally led a vigorous fight against a resolution calling for the removal of the State Highway Commission. His resolution was rejected by the committee and he took it before the convention only to have it fall by the Highway Commission's majority. Judge Long, Judge Sutton of County and myself made a desperate effort to secure for the small farmers a guarantee of privileges to those enjoyed by the large farmers in their dealings with the Highway Commission, but we are defeated by the strength of a perfectly plated steam roller and were unable to defeat. The courage which Haskell County Judge showed in his fight upon this bureau organization is worthy of commendation. I take this method to convey my admiration to our worthy local judge. I trust that the folks here will be successful for our effort in that direction.

The ant may be a model of thrift and industry but no housekeeper desires this particular model around her home. The following methods for exterminating the pest are given by the Bureau of Entomology, United States Department of Agriculture: The most effective way of ridding the house of ants is to find and destroy the nest by treating it with carbon bisulphide, benzine, gasoline or kerosene. Or if the nest cannot be found, openings in the walls may be traced to an opening or crack through which they enter. Spraying kerosene into it or plugging it with cotton saturated with oil will in many cases drive them away.

A temporary expedient for controlling ants is to moisten small sponges with sweetened water and place them where the ants are most numerous. Attracted by the sugar, they will crawl into the sponges and may be killed by dropping into boiling water. This sponges should be baited again with sweetened water and, if necessary, set in different places until the colony leaves the house.

A more effective way, but also more dangerous, method is to moisten the sponges with a sirup made by dissolving one pound of sugar in 1 quart of hot water and adding 125 grains (.114 of an oz.) of arsenate of soda. Some of the ants apparently carry this liquid back to the nest and feed it to the others there, thus gradually killing the entire colony. This mixture must be used with the greatest care as it is poisonous to both human beings and domestic animals.

Ants are attracted by various food substances, especially fats and sugars; therefore these foods should be kept in closed containers and crumbs or small amounts spilled on shelves or tables cleaned off at once.

Saxophone Band is Unique

Lieurance Great Composer Organized It

A band of saxophones playing big music and light music and classical music and popular music is one of the new accomplishments of Thurlow Lieurance, the great composer. Uniformed in beautiful white and gold costumes, giving their programs with dash and variety, combining with the saxophones many vocal numbers, varied orchestral arrangements, readings and stunts, the saxophone band will be one of the big high spots on this year's Chautauqua. It appears for two programs on the last day.

Miss Fern Oman, soprano, will appear as an added feature on the last day. Miss Oman's work has the reputation not often found on Chautauqua programs and her appearance promises to be greeted with great success in the Chautauqua this season. The director of the band is Ross Sabie whose ability as a leader and saxophone artist is well recognized. Miss Edna Miller, who reads as well as plays the saxophone is another very clever member of the Company. The Saxophone Band will give two whopping big concerts on the last day calculated to finish off a successful week in ultra pleasing fashion. The organization itself is most unique and Mr. Lieurance has spared no pains to make it a company worthy to bear the name of the great composer.

HEALTH KNOTS BY DR. CARRICK, STATE HEALTH OFFICER

Illness profiteth a man nothing, but industry wisely directed bringeth both health and happiness. Every health officer knows that health is a purchasable commodity.

Rheumatism is caused by a germ frequently found in the tooth socket of tonsils. A well baby is a happy baby. A baby is never cross or fretful of its own choice.

Among the few things unforgivable is the unwillingness of a mother to nurse her child.

Keep your finger nails trimmed short with scissors or knife. Never bite them off. Keep them cleaned and keep your hands washed especially at meal time.

There are two ways to stop headaches. One is to knock the individual senseless with a club, and the other is often like unto it—to take a headache powder.

Parents should see to it that when their baby is born it has nitrate of silver put into its eyes immediately to prevent blindness, and the next thing is to see to it that its birth is legally registered.

The season of the year for typhoid is soon to begin. Why not avoid this dreadful disease by cleaning up, excluding the flies or by vaccination.

It will not be long before the fishing fever and the camping fever will get a strong hold on the people. It is a danger period; camps as a rule have no sanitation, so look out for typhoid fever, diarrhea and dysentery. Where fishermen fish mosquitoes usually are plentiful and you may get malaria if an infected mosquito bites you.

If in doubt about any health condition call on the State Board of Health and find out. That is what it is for.

Mrs. Fred Sanders Hostess at Party

Thursday evening Mrs. Fred Sanders entertained her Sunday School Class with a party. Her class now being the largest and best attended of the Methodist Sunday School. Her home was beautifully decorated in pink and green, the class colors...

As soon as all the class had arrived the entertainments were started and not a moment passed unoccupied. A number of the young men met for the first time the Green family of girls, although the boys were slightly embarrassed in their presence at first...

Two courses were served, consisting of iced tea, sandwiches, olives and pink cream with green cake. Those served were Misses Lillian England, Doreas and Eulin Daugherty, Mary and Alberta Smith, Isla Mae Chitwood, Lela Sprrows, Laura Lee Langford, Victoria Wallace, Sullie Crow, Anna Mand Cox, Sallie and Annie Mae Caldwell, Messrs. University Club Picnic

Characterized by the old Texas spirit and enthusiasm, the picnic which the Texas University Club gave Monday afternoon in honor of the students recently returned home from the past long session of Varsity obtained a starling success.

The causes for this success were several. A picnic is a failure if there is not provided a prodigious amount of food which is carefully chosen and supplied in such gorgeous quantities as to greatly increase a physician's business and wealth; the picnic was not a failure. The refreshments committee looked too well to the provender.

The great contributing element to the success of the picnic was the spirit of the institution whose walls had witnessed the struggle for learning of the Haskell people who had been there, Texas University, common traditions, sacred memories, "The Eyes of Texas"—these were the ever-enduring bonds which drew the forty people together. Students and ex-students left the residence of Mrs. J. U. Fields at 6:30, hitting the high places north to the Josselyn tank, where the majority of the forty went in swimming—rather, mud-crawling. But what is a swim in Haskell County if it is not in mud laden water—or picnic lemonade if it is not made of muddy water?

Meanwhile the culinary department was busy spreading the too-ample provisions, while the barroom witnessed the making of the old picnic reliable—lemonade. But somebody had blundered and forgot—grape juice, that pitifully vain substitute for liquid glories fell to in proper cafeteria style, lining up and filing by the bar, first, and then by the "tables" covered with sandwiches of various hues, chicken salads, and so on on an infinitum. The final glory crowning the feast was ice cream and cake. The picnic was a success.

Playing and eating over, the time came to words. Balley Post announced the purpose of the picnic, that it was to strengthen and perpetuate the spirit of Texas in the minds of Haskell people who had been to the University. He

disclosed the guests of honor. Mrs. Bruce W. Bryant was popularly acclaimed the guest of honor because of her inexhaustible hospitality and aid to Haskell students in Austin. The other guests of honor besides the students recently returned were Dr. and Mrs. Westbrook of Rule; Miss Rosebuck, who formerly taught school in Haskell; Miss Mildred Tribble of Navasota; Miss Grace Fancher of Seymour; Miss Peden of Fredericksburg, who used to live here; Guy P'Pool, who is now in business in Dallas; Miss Greenway of Rochester.

The culminating event was a real Texas rally on a small scale. The yell leader led the old fight yell, which has aroused many a Longhorn football squad to victory. "Battle-Crest"—fifteen for Texas, fifteen for Mrs. Bryant, and fifteen for co-eds. Gathered round a bonfire, students and ex-students sang "The Eyes of Texas."

Miss Grace Fancher of Seymour is the guest of Mrs. Arthur Hughes.

A Man's Prayer

"Teach me that 60 minutes make an hour, 16 ounces make a pound and 100 cents one dollar. Help me so to live that I can lie down at night with a clear conscience, without a gun under my pillow and unhaunted by the faces of those to whom I have brought pain. Grant that I may earn my meal ticket on the square, and in earning it I may do unto others as I would have them do unto me. Deafen me to the single of tainted money and to the rattle of unholly skirts. Blind me to the faults of the other fellow, but reveal to me my own. Guide me so that each night when I look across the dinner table at my wife, who has been a blessing to me, I will have nothing to unscold. Keep me young enough to laugh with little children, and sympathetic enough to be compassionate of all age. When comes the day of destined shades and the smell of flowers, the tread of old feet steps and the crunching of wheels in the yard—make the scenery short and the optiph shoppe—Here lies a man."

I have purchased the Progressive Shoe Shop. On the job every day, all kinds of shoe repairing. Shoes paired while you wait. All work guaranteed. Shine Parlor in connection with Progressive Shoe Shop, A. N. Grimes, Proprietor. Located with Edge Tailor Shop, east side of square.

HASKELL CHAUTAUQUA

Ten Wonderful Programs JULY 13th to 18th

Haskell citizens have in store a wonderful treat. Never before has it been their privilege to see such a generous number of America's celebrated artists. At a great cost a number of Haskell citizens have secured the Cadmean Chautauqua Company's services, and with their assistance selected twelve of the very best entertainments ever shown in Western Texas. They are the same attractions that have been approved by the larger cities and Haskell citizens are indeed fortunate to have this opportunity.

CHAUTAQUA PROGRESS

The best argument whether or not a chautauqua is worth the unselfish effort necessary from the local committee is the steady growth of the institution during the last few years. It's easy to say, "Our people are tired of it," but statistics show the reverse. In 1918, 4947 chautauquas were conducted in the United States. 6352 in 1919, and 8581 in 1920. The chautauqua is the most American, most worth while and most popular entertainment that will be in your town this season.

Buy your tickets from your local boosters and show them you appreciate what they are doing for your community as well as save yourself about fifty per cent on the price of admissions.

THE NEW BASEBALL PARK

Although Haskell was a little late in getting in the American, we have at last finished our new ball park and made our faithful low in the baseball world last Thursday.

Our new park is one we can point to with pride. The ground is large, but was crowded to capacity with ladies last Thursday. The business men of the city are behind the organization and encouragement is what is now needed.

We are living in a day when we need recreation and there is no better sport than good, clean baseball. Whether or not Haskell can support a ball team was evidenced at last Thursday's opening game when over 600 people were in attendance.

We should not have remnants that tend to discourage, but all get behind the Haskell "Hoosies" and play ball!

League Program

Leader—Miss Laura Lee Langford. Subject, "Our Aged Ministers!" Five Minute Song Service. Prayer—Concluded with John 3:16. Solo—Mrs. Hill Gotes. Testimony Service, "What Christian Ministers Have Meant to Me"—By Leaguers. League Benediction.

FACT AND FICTION

The dove of peace still finds the earth covered with the waters of hate and jealousy.

Who remembers the old-fashioned girl who couldn't go because she had nothing to wear.

The phrase "Roll Your Own" is now equally applicable to women's hose as to cigarette tobacco.

Did you even notice that at a basket picnic it is left to one or two persons to make away with all the olives.

A New York woman advertises for an "expert" to spank her unruly son. Bet all the neighbors will apply for the job.

With the passenger and pullman rates so high a man can get more enjoyment out of spending his vacation at home.

They say that George Carpenter is fast on his feet. However, he won't be able to get far on July 2, on account of the ropes.

We have a three per cent immigration law, but there ought to be some way of making that three per cent into 100 per cent Americans.

That French corset manufacturer who says that the time is coming when men will wear corsets must think that the world's manhood is in bad shape.

Everybody has the get-rich-quick fever to some extent, which explains why a man will buy wild-cat oil stock and turn his back on gift-edged securities.

If the police hadn't interfered with that college student out in Washington state who was "working" his way thru school by moonshining he might have been able to retire by the time he graduated.

B. F. Kroger Died Thursday at Rochester

The death of B. F. Kroger occurred at the Rochester Sanitarium last Thursday, following an operation for appendicitis. Mr. Kroger was 51 years of age and had been employed by Sheriff Bros. & Co. for the past 8 months. He was an honest and upright citizen, a kind father and husband. He is survived by his wife, three children, an aged mother and several brothers and sisters. Funeral services were held at Willow Cemetery Friday morning at 11 o'clock under the auspices of the Modern Woodmen. Rev. Matheny of Rochester conducted the service. The entire community extends sympathy to the bereaved relatives in their hour of sorrow.

E. A. Howard of route three, was in the city Saturday and gave us his renewal for the Free Press.

WHAT TO EAT AND DRINK DURING THE SUMMER

Hot weather and digestive upsets go together. We call such upsets "summer complaints" with good reason. Hot weather favors the growth of germs and the decay of milk and other foods. It also lowers the power of the body to digest food which it could thrive on in the winter.

The most important rule for keeping well in summer is not to overtax the digestion. Special care should be taken not to eat foods which have undergone decomposition. Such food is one of the commonest causes of summer diarrhea.

Do not overeat in the summer. If you take more food than the body needs it ferments in the intestine, and the products are absorbed and poison the body.

Do not eat or eat very lightly when overtired or very warm. Eat sparingly of meat in summer. Meat foods are particularly harmful when they ferment in the intestine. Meat should not be eaten more than once each day, or meat will be omitted entirely by all of those who are not doing hard physical work.

Fish, too, should not be eaten more than once a day. In the tropics men live largely on fruits and vegetables, and in this case nature's way is the best way.

Slurpie and light meals should be the rule in July and August.

Drink freely of water between meals. Water drinking favors free perspiration and keeps the bowels in good condition. The temperature of the water should be cool, but not cold. Do not take cold drinks while you are hot or in the middle of violent exercise. They are often quenched by something hot, such as hot tea.

Keep the bowels clean in hot weather. The fermentation of the food in the intestine is likely to cause serious disease when the system is weakened by hot weather. It is most important to clear the bowels every day. Free drinking of water helps in this. If you do these things you can bid defiance to the germs of diarrhea.

Swimming Party

A merry crowd, consisting of nine car loads of Haskell people, wended their way to Scott's Ranch Wednesday evening, where they enjoyed a most delightful time. After several hours spent in the water a delicious supper consisting of everything from fried chicken to ice cream and cake was served. At a late hour the happy party returned to the city. These comprising the crowd were Misses Mildred Tribble, Eva Cahill, Alberta Smith, Annie Mae, Tammie and Harbree Hancock, Emma Shook, Ruth Lewis and Ruth Payne, Messrs. Emory Meneff, Henry King, T. C. Cahill, J. O. Whitley, Jason Smith, Richard Sheriff, Oscar Gotes, Nolan Whitlow and E. M. Squires.

Mrs. R. B. and W. W. Fields have as their guest Mrs. Perine and daughter Miss Ada of Fredericksburg. They are former residents of this city and Mrs. Perine is a sister-in-law of the M. A. Fields.

ELSIE MAE GORDON COMING

Famous Entertainer at Chautauqua.

Elsie Mae Gordon—The incomparable Elsie Mae—will be at Chautauqua this year. Miss Gordon is known as the greatest in her line, and it's one of the most important departments of public entertainment. She is a character, a reader, a lecturer all in one. She has a type of program of her own manufacture.

During the past few years which have witnessed her rapid rise to public favor, she has appeared in hundreds of larger cities and none of her managers have a single report less complimentary than enthusiastically admiring. Miss Gordon is particularly a favorite of the West—it is in the West that she likes best to work at though much of her public success has been in and around Boston.

There are many unique angles about her programs, but one of especial interest is her interpretation of the old negro songs and lullabies and spirituals and camp meeting songs of the South. She went out among the poorest of plantation colored people, and there found her interpretations first hand.

Strikingly good looking, possessing of great natural talent, rare grace of manner and accustomed to success, Miss Gordon is an entertainer not to be soon forgotten. She appears at the Chautauqua on the opening evening.

Working Way Through School

More than forty per cent of the young men and women students of the University of Texas earned all or part of their expenses in various kinds of employment while attending the institution during the past year, according to statistics that have been compiled of this phase of student life. During the session just closed the employment bureau of the Young Men's Christian Association found positions for 532 men students and an almost equal number of girls were placed by the employment bureau of the Young Women's Christian Association. Besides these regular channels of finding employment a great many students found work on their own account. It is asserted by members of the faculty that the most studious students are usually those who are working their way through the University.

Baptist Ladies Auxiliary

The Auxiliary will meet next Monday for the election of officers for the next term at 4 p. m., and at 5 p. m. to 6 p. m. is our regular Monday afternoon study period. The subject is: "The Final Preservation of the Saints." We urge that every woman be present at both hours. Miss Pauline Jones of Sweetwater will give a recital at the Baptist Church next Tuesday evening at 8:30. The public is invited to attend. Miss Jones is a girl of unusual talent and we feel fortunate to have her. We are expecting a good attendance.

Mr. and Mrs. G. W. Collum had as their guest over Sunday the former's sister, Miss Collum of Stamford.

G. M. Hunt of Dallas spent Sunday with relatives in the city.

W. J. Medford, of route three, made us a pleasant call Saturday leaving his renewal for the Free Press for one year.

WOULD GO FROM HOUSE TO HOUSE

Tennessee Farmer Wants to Go From House to House and Tell Every Body About Taulac

"If I were not so busy with my farm work I would go from house to house and tell everybody about Taulac," said A. J. Livingston, a well known farmer, living near Ashland City, Tenn.

"I had stomach and kidney trouble and suffered torment with my back and side. The doctors could do nothing for me so I wrote to a friend of mine in Nashville, about Taulac and he advised me to try it, saying he had heard so many favorable reports about it and sent me a bottle.

"After taking the first bottle I felt so much better that I ordered another bottle myself and the result is I am a well man. I told a friend of mine about it and ordered a bottle for him and he had good results. I can eat anything I want and it don't hurt me and can sleep like a log. To tell you the truth, I just simply feel like a new man and have more strength and energy than I have had in years. It is simply the greatest medicine in the world. I would like to see all of my friends and get those who are suffering to try it and I hope you will reach them through this testimonial, which I have gladly given."

Taulac, the celebrated medicine, which accomplished such remarkable results in this man's case, is a wonderful tonic, appetizer and invigorant. It builds up the system, creates a healthy appetite, promotes digestion and assimilation of the food and makes you feel strong, sturdy and well as nature intended.

Taulac is sold in Haskell at Reid's Drug Store.

ITEMS OF INTEREST FROM THE PLAINVIEW SECTION

PRINCE ALBERT

Only One Man.
"What can I do to improve conditions? I'm only one man."
Is that what you say, how you feel, the way you act?
"Only one man!"
There are a hundred and ten million people in this country, and each one is "one man," or one woman, or one child. They, too, might say, and feel, and act, the same—and if they were to do so, what sort of a country would we have? Oh, how long would we have any country at all?
Of course, you are "only one man." No one expects you to be a monostrality, with a head at each end, and arms and legs like a devil fish.
But if you do your full duty as "one man," you will accomplish much towards starting the wheels of spinning again and stimulating business activity in every way.
You can buckle down to work and production, and wear a cheerful smile, and talk encouragingly to other people, and keep their minds upon the brighter side of life.
It will induce them to work harder, and produce more, and they in turn will spread the doctrine of optimism to others, and it will continue to extend and widen its sphere of influence until it becomes an endless chain that never ceases to move in the direction of the greatest good.
You may not become conscious of the fact, but every day you exert an influence upon other people. No matter how insignificant they may be, your every act is productive of good or evil. If it is not optimistic it is pessimistic. It is never dormant in its effect.
When the clouds gather above us the sun ceases to reach us.
It is so with you—even though you be "only one man."
When your brow is clouded and your tongue is caustic you obscure the sunshine of life that is seeking its way into other people's hearts. You become a deterrent and repelling force that destroys the good that others are doing.
Only one man!
But be a whole man, do a full man's duty, and achieve a real man's success.
No one may ask more of you, but all may expect as much.—Ex.

When to Stop Advertising
A certain trade journal once requested a number of its largest advertisers to give their opinion concerning the best time to stop advertising and the following replies were received:
"When the population ceases to multiply and the generations that crowd after you end never heard of you stop coming on."
"When you have convinced everybody whose life will touch yours that you have better goods and lower prices than they can get anywhere else."
"When you perceive it to be the rule that men who never advertise are outstripping their neighbors in the same line of business."
"When men stop making fortunes right in sight solely through the use of legitimate advertising."
"When you can forget the words of the shrewdest and most successful busi-

Madrigal 4 Real Artists

Chautauqua Recital Second Day.

A Chautauqua to be successful must meet the desires of all elements of the community during some part of the week's program. At least one program on each Chautauqua should be of a strictly artistic nature for the benefit of the musically educated and those who desire to learn to know and appreciate good music.
The Management of the Standard Circuit this year arranged with Mr. Thurlow Lawrence, than whom there is no better known or more artistic composer in America today, to arrange an artists' company of ladies for an artists' recital on the second afternoon of the assembly. This Mr. Lawrence has done—calling the Com-

pany "The Madrigal 4."
The individual members of this group of artists are Miss Ruth Freeman, first soprano, Miss Ruth Fetterman, second soprano, Gladys Henderson, first alto and Violet Faulk, second alto. They are all students of merit though they also have many ensemble numbers.
While their afternoon program is an artists' program, they include a number of charmingly humorous pieces and in the evening give a popular prelude as a lively and bubbling with fun and frolic so one could while to hear. They are shown above in characteristic pose during one of the evening numbers.
