HASKELL COUNTY, TEXAS, FRIDAY, SEPTEMBER 15, 1922.

WHOLE NUMBER 1851

WARD DECLARED DEMOCRATIC NOMINEE

Mr. J. P. Kinnard won the contest which he recently filed, before the Democratic Executive Committee here today, on irregularities in the Cottonwood and Bunker Hill boxes.

These two boxes the presiding judge failed to sign his name on the back of each ticket before they were placed in the ballot box as required by law, and the boxes were set out by the Democratic Executive Committee on account of their irregularity.

The official count as was first made by the Executive Committee gave Mr. Kinnard a majority of 25 votes, but with the boxes out in the Cottonwood box and the Bunker Hill box the majority of 13 votes in the Bunker Hill box gives Judge Kinnard a majority of 8 votes in the entire county. The Democratic Executive Committee has certified Judge Kinnard's name as Democratic nominee by a vote of 2-1.

Judge A. J. Smith, who represented Lee before the Committee gave an appeal to the District Court.

TRAFFIC LAWS WILL BE RIGIDLY ENFORCED

Notice of the warning issued to motorists this week by the city officials regarding the violation of traffic ordinances will help with the enforcement of traffic laws:

- 1. Park to the right.
- 2. Park your automobile, leave bumpers clear.
- 3. Park with both wheels to the curb, at the corners, not in the middle of the street.
- 4. Drive with closed muffler.
- 5. Drive slow through town.
- 6. Do not drive without lights at night.
- 7. Be sure that you have your license and plate attached to car, both at and rear.

PART NORTHER OF WATER SUNDAY MORN

The first norther of the season visited the Haskell vicinity last Sunday morning causing the temperature to drop several degrees. It was accompanied by a light shower of rain which made a decided change from the hot weather of the past several weeks.

The precipitation of Sunday morning was rather light and came too late to do much good, but will help late feed and also supply the farmers for some time with stock water.

WILL SAM'S DICTIONARY

By J. L. MARTIN
The old fiddlers' concert at Happy Hollow Friday night was a sore disappointment to everybody present, as the music was ruined by a couple of fellows who were allowed to use their mandolin and ukulele in the concert. The fiddlers got so nervous the music sounded like it had palsy, and for three times Bill Dooley, the old fiddler in the neighborhood, took his mandolin, dropped his bow, and went to pick the strings of his fiddle with his fingers.

MANDOLIN: A shimmering banjo. See Sam's Dictionary, page 628.
MANDOLIN: A foreign mandolin with a bad brogue. Bill Sam's Dictionary, page 702.

TELEPHONE COMPANY MAKES IMPROVEMENTS

The Haskell Telephone Company this week completed a new copper circuit between this city and Rule. With the completion of this line, efficient service under all conditions is practically assured, the recent installation making a total of three circuits between these two towns.

All outside construction of the company in Rule has had a complete overhauling in the past few weeks and the business district and all heavy leads have been cabled.

An extensive program of overhauling and new construction work has been under way during the summer, according to Jno. W. Pace, manager of the Haskell Telephone Co. Among the recent completions was the construction of a new No. 10 copper circuit connecting Seymour with Maybelle and Damsite, the latter being eight miles northwest of the former and is headquarters for the camps building of the Wichita Falls four million dollar irrigation project, which will be the future recreation grounds of Texas as well as the greatest source of wealth in the state.

NEWS ITEMS FROM THE CITY OF ROCHESTER

(From the Rochester News)

G. T. Scales, General Manager of the Haskell Ice & Light Co., was here Wednesday looking after the interests of the company. In conversation with the editor, Mr. Scales stated that they were ready to go to work on the power line to this place. That is they are if the railroad would get their material to them. They have everything on hand now with the exception of a part of the necessary poles, which we understand are now in transit. As soon as they are received the work will be started and it is thought that the line will be in here in fifteen days from the start of the work.

At the annual meeting of the stockholders and directors of the First State Bank here Monday, the following directors and officers were elected for the coming year:

- W. M. Koonce, President.
 - G. R. Couch, Vice-President.
 - W. B. Lee, Vice-President.
 - O. F. Priest, Cashier.
 - R. E. Rising, Asst. Cashier.
 - J. H. Parsons, Asst. Cashier.
 - Paul Summers, Bookkeeper.
- All the former officers were elected and Mr. Parsons was promoted from bookkeeper to Asst. Cashier and Mr. Summers added to the list of employees.

Postmaster J. M. Rising has been making some changes in the arrangement of his place of business. The fixtures have been changed in such a way as to make as to make it more convenient to handle the ever increasing lots of mail that is being received here. Mr. Rising asked us to state that everyone has a cordial invitation to come in and see how they like the new arrangement.

Mr. Michaels is erecting a neat bungalow home in the west part of town near Sam T. Chapman's home. There is more building going on here now than any other place near the size of Rochester in this whole country.

It is rumored that parties are figuring on the erection of several more brick business houses here soon.

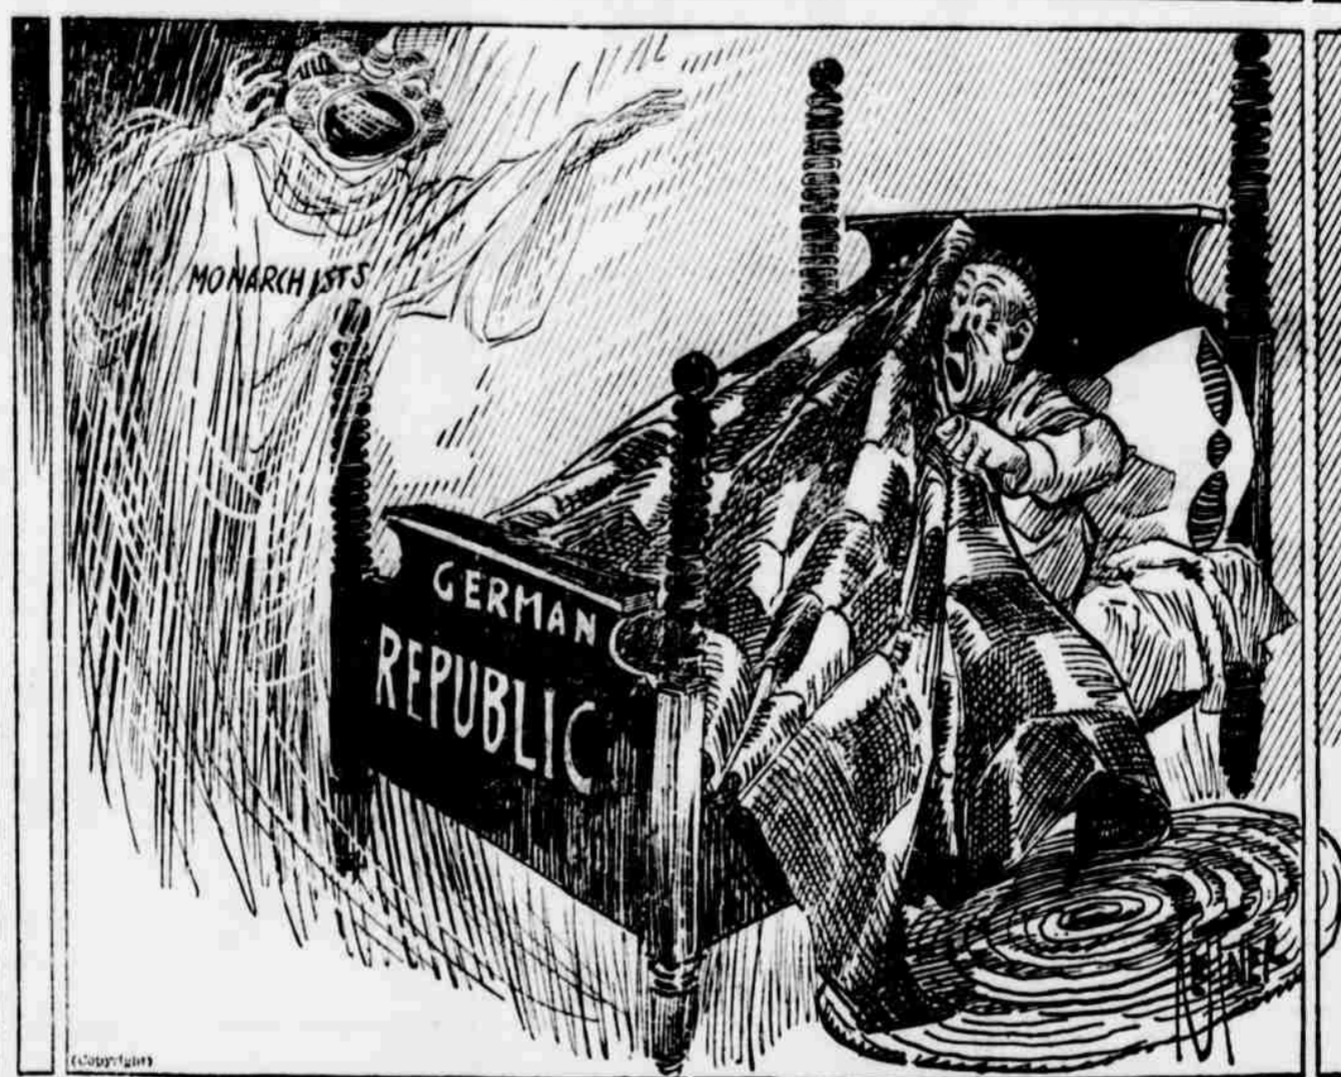

Carter and Harrison are erecting a nice residence for C. W. Winchester on his farm about twelve miles northeast of town.

NINE CARS SENT TO HASKELL ARE FIRST SINCE STRIKE BEGAN

As an indication of the breaking of the railroad strike, J. L. Southern, local agent for the Wichita Valley reports the arrival Thursday of nine empty cars at the local station, the first to be sent here since the strike began. Agent Southern states that it has been practically impossible to get empty cars here to handle the local requirements, and he believes that with the arrival of Thursday's cars, that no difficulty will be experienced along this line in the future.

Mrs. E. H. Morrison and son, Joe, and daughter, Elizabeth of Graham, are visiting relatives and friends in Haskell this week.

TRAFFIC LAWS WILL BE RIGIDLY ENFORCED

According to Mayor R. C. Couch, all violations of traffic laws, both city and state, will be punished to the extent of the law after Saturday, September 16. A warning has been issued to motorists and others that on and after this date all ordinances and laws concerning the operation of automobiles on streets and highways will be strictly enforced. All offenses, including speeding, inattention to lights, parking, etc., will be prosecuted.

During the past few months the laxity of enforcement of the city ordinances in regard to speeding and parking of automobiles especially on the public square, has resulted in motorists disregarding practically every safety precaution. Speeding on the square and running without lights at night constitute a menace to the safety of everyone, and it is the intention of the city officials to prosecute every violation of the traffic laws and ordinances after Saturday, September 16.

HASKELL TO BE REPRESENTED AT TEXAS-OKLAHOMA FAIR

Miss Frances Post of this city has been chosen as Haskell's representative at the Texas-Oklahoma Fair, which will be held in Wichita Falls, September 30th to October 4th. Every city and town in this section will be represented at the fair by a prominent young lady, and she will be known as the Duchess of her city. This is a social side of the fair. The fairest of Wichita Falls girls will be selected Queen of the Fair and a prominent and representative man the King. On the night of the Queen's Ball, all society of Northwest Texas and Southern Oklahoma will gather to witness the gorgeous spectacle of the Queen's coronation, the presentation of the Duchesses of the various cities and towns to the King and Queen and their subjects, followed by a ball. Numerous other features, including the Queen's Tea, the King's Reception and the Comus Club's Ball will be given, making the social side of the Fair a continuous round of pleasure.

This will be only one phase of the Fair, and will interest only a few, while the Fair Committee has provided features that will please all. Arrangements have been made by the fair committee to accommodate the many thousands of people who are expected to be in attendance, and everything will be provided for their convenience.

CHAS. C. PECK PURCHASES HASKELL TAILORING CO.

The Haskell Tailoring Co. changed hands last week, Chas. C. Peck of Clyde Texas, purchasing the business from Sam E. Rogers, former proprietor. The deal was closed last Thursday and Mr. Peck took charge Friday morning.

WILL HOLD COUNTY FAIR IN OCTOBER

The Parent-Teachers Association has called a meeting of the business men and others who are interested in a County Fair here to meet at the Courthouse Monday evening at 8:30 for the purpose of formulating plans for a real County Fair which will probably be held the latter part of October. Everyone is urgently requested to be present Monday night at the meeting.

WILL PLANT 5000 ACRES MEBAE COTTON

The Mebae Cotton Breeding Association is planning a campaign to contract for the planting of 5,000 acres in Mebae Cotton in Haskell County next year, according to J. O. B. Smith, sales-manager of the Association. Mr. Smith states that over 2,500 acres were planted in Mebae this year by local farmers, who are well satisfied with the yield of this variety of cotton, and intend replanting next year.

Mr. Smith states that the yield this year was cut short on account of the drought of the past few months, but that most farmers who planted Mebae made much better yields than those who planted other varieties.

A. TONN AND FAMILY RETURN FROM SOUTH TEXAS

A. Tonn and family returned last Thursday from an extended visit with relatives and friends in South and East Texas. Mr. Tonn says that crops in all sections listed by him are no better than those to be found in Haskell Co., and in some sections are not as good. He reports a pleasant time on the trip, with very few mishaps to mar the pleasurable occasion. And on one occasion he states that his oratorical ability stood him in good stead. While driving along the excellent pike roads in Tarrant county, Tonn could not resist the temptation to "speed." And as it is always the case, a motor cop entered the scene, compelling A. to "back-track" to the little city of Dalworth, where he was "requested" to contribute the sum of \$28.00 to the city coffers. Being averse to this, A. proceeded to bring into play his marvelous oratorical powers, and after about thirty minutes of persuasive eloquence, Tonn convinced the judge that it was nothing short of a crime to compel him to pay the entire sum, and his "contribution" (commonly known as a fine) was reduced to \$14.00, which he paid. We imagine that if Tonn had talked thirty minutes longer the judge would have been convinced that he was Tonn's debtor, and probably would have paid his expenses back to Haskell.

2000 BALES COTTON RECEIVED HERE

Thursday night the receipts of Cotton on the local yard had passed the 2,000 mark, according to Public Weigher Jess Edwards. The excellent weather of the past few days has been a boon to the farmers, enabling them to gather much of their crop. Pickers, too, have been more plentiful during the past week, and the total cotton received on the local yards daily is in excess of two hundred bales. All the gins in the city have been running late into the night handling the cotton.

RECITAL AT CHRISTIAN CHURCH GREAT SUCCESS

On Tuesday night at the Christian church, a joint recital was given by Mrs. M. H. Brasher and Miss Castles, the expression teacher in the Haskell City Schools.

The church was tastefully decorated with ferns and pot plants. The audience was representative and appreciative and the excellent program rendered was appreciated by all.

Mrs. Brasher is an artist and her numbers were perfect in execution and showed the greatest talent and study. Mrs. Brasher will do a great work in Haskell. She comes to our city recommended by all as a teacher of ability and any pupil will be fortunate to have her as a teacher. Haskell appreciates her as a teacher and a leader.

Miss Castles is also an artist in her line and her numbers on the program were enjoyed by all. Her being in the city will add a great deal to the city schools.

- The evening program as a whole was a rare treat as was shown by the many and the hearty encores given the artists during the evening.
- The following program was carried out:
- Lustspiel Overture.....Keier Bela
 - Mrs. Brasher, Miss Castles
 - Maid of France—One-act play..Harold Brighthouse.

FIRST FOOTBALL GAME HERE SEPT. 22

A game with the Anson High School will start the team on the season grind. There are many strong football teams to be played at home. Below is the schedule for '22:

- Sept. 22—Haskell vs. Anson at Haskell.
 - Sept. 29—Haskell vs. Stamford at Haskell.
 - Oct. 6—Haskell vs. Abilene at Abilene.
 - Oct. 13—Haskell vs. Cisco at Haskell.
 - Oct. 20—Haskell vs. Eastland at Eastland.
 - Oct. 27—Haskell vs. Sweetwater at Sweetwater.
 - Nov. 3—Haskell vs. Anson at Anson.
- With three weeks of intensive training behind them the Haskell Hi Grid Warriors will open the football season with the heavy eleven from Anson Hi school in Haskell on September 22. This will be the first encounter between the Haskell and the Anson elevens in several years and according to past records of the visitors, it will be a hard fought battle.

The local team has put in three hard weeks of thorough training and is in a fair condition for the opening contest. Coach A. L. Anthony has built a defense that will be hard to penetrate by any team this season.

Although Coach Anthony is certain of victory, he will in all probability not bring into use, his most effective plays against the Anson aggregation.

The schedule as arranged is one of the heaviest that has ever been arranged previously. The Stamford team comes here for a game in the early part of the season. The local bunch is still smarting under the 7-0 defeat received at the hands of the Stamford crew and are looking forward eagerly for the chance of revenge.

Though the game with Abilene was ruled out last year by the Interscholastic League officials, it was a hard fought game and the indications are that Abilene will have another strong team this year. They were district champions last year and are again contending for high honors this year, so possibly the most grueling contest of the year will occur Oct. 6, when the locals journey to Abilene for the fray.

On October 13, the Haskell High School Athletic Association will offer the fans of this city one of the most interesting games of the season when they bring to the city the Cisco team. Cisco has had a fast team on the grid and according to dope they will furnish the local fans plenty of excitement when the opening whistle is sounded at the ball park on the above mentioned date.

Other games including Eastland, Sweetwater, and Anson will be played away from the local field. Of the three, Sweetwater gave the Haskellites the hardest run for their money last year. However the Haskell warriors expect to repeat their victory again on the foreign field.

The local team is showing great stuff as they near the opening game of

BRIEF ITEMS FROM HIGH SCHOOL

EVERY DEPARTMENT OF HIGH SCHOOL PLANNING SUCCESSFUL TERM

We have had a great many pupils to enter Haskell High School from other places from West Texas and New Mex. There are quite a number of them boarding here and several families have moved here and bought homes in order to take advantage of our schools.

The following are the new pupils: Ben Bagwell, Rochester, Texas; Ryan Pierson, Asperment; Idoma Stoker, Rochester; Hazel Gauntt, Rochester; Hugh Gauntt, Rochester; John Bagwell, Rochester; Leslie Carothers, Rochester; J. E. Kelley, Ft. Sumner, N. M.; Ollie Gilliland, Howard Community; Hester Wright, Rochester; Harry Lee, Haskell County; Raymon Carter, Lenders; Fred Johnson, Sayles Community; Ella Stanley, Throckmorton; Artist Howard, Haskell County; Opal Landers, Douglas, Ariz.; Ethel Robinson, Haskell County; Sidney Wright, Rochester; Freddie M. Elrog, Throckmorton; Beula Wiseman, Sayles Community; Ella A. Koonze, Denton; Ethel Orr, Throckmorton; Veda Turnbolt, Haskell County; Ruby Shelley, Gilliam Community; Ira Cox, Haskell County; Opal Seets, Midway Community; Mary Kelley, Buchanan, New Mex.; Boyd Wright, Rochester.

From perusing the above names, you will discover that we have pupils from two different Western States and from several counties in West Texas. This list does not include names of pupils from other places that have entered the grades and there are several of these pupils.

If the people of Haskell will give the Haskell schools the proper support

within another year, we will have people coming from all over West, East and Central Texas, and from the bordering Western States, Oklahoma and Arkansas, to Haskell to take advantage of our schools. They will come here and buy homes and farms and become our citizens. Haskell county is one of the finest farming counties in Texas. Her agricultural land ranks among the richest in Texas and among the most productive. Haskell has a fine climate. If we will get in behind our schools and boost and advertise them, advertise our fine agricultural opportunities and advertise our climate, our schools will bring hundreds of the finest families here to live. These days people are going to move where they can secure first-class school advantages for their children. This is Haskell's great opportunity to grow. If the people will back the Haskell schools, they can be made the best in West Texas. We believe the fine citizenship of Haskell will back these schools to the limit. They believe in the school board and the faculty are going to make good and they are going to back them.

If we have not enough interest in our community to boost it and help make it a better community, we should move to another community. Anybody can knock. It takes brains and patriotism to boost and build.

Parent-Teachers Association.

The Parent-Teachers Association had a fine meeting last Thursday. These fine mothers and patrons are putting their whole heart and brains into this

splendid association and it is going to render a wonderful assistance to the schools as it has done in the past. Under the leadership of the new president, Mrs. Gose, they are going to do great things. They have some big plans for the schools which they will soon have matured to give to the public.

Elson Art Company.

On Oct. 25, 26, 27, 28, the Elson Art Co. will put on an art exhibit of 200 of the finest pictures from the world's greatest artists for the purpose of buying pictures for the schools. Only a small admission fee will be charged and this money will go to buy pictures for the school. There will be lecturers present to tell all about the various pictures. It is hoped by the Parent-Teachers Association that the exhibit will be liberally patronized.

Curtain Club Business Meeting.

After the social meeting held in the auditorium, the Curtain Club adjourned to the basement for a short business meeting. The purpose of the meeting was to discuss the selling of the Athletic Association tickets. It was decided to put the members of the society into ten different groups and have a lieutenant for each group. The individual selling the largest number of tickets will receive absolutely free of charge a complimentary ticket. The club selling the most tickets is to be entertained with a banquet or picnic. This is to be a friendly contest between the two societies and the losing side is expected to entertain. The Curtain Club is to sell the pink tickets so let all the business men and local fans buy a pink ticket and help the Curtain Club win the race and receive the entertainment.

Curtain Club Reporter.

Literary Clubs.

Prof. Brasher is busy this week organizing different club. He wants a large debating club, declamation club, boys and girls glee club and wants every boy in the High school to be a member of the Hi-Y club. Very few have registered so far, but he is expecting quite a few to register soon. The Hi-Y Club of last year was not organized at the beginning of the year, therefore they did not do so much good, but this year he wants the Hi-Y Club to lead the schools in all the activities.

School Moving Fine.

School is moving fine this week. The pupils are down to hard work as if they had been in school for several months. The interest and the school spirit is fine—it could not be better in any school in West Texas. We will challenge any school in West Texas to show as fine a school spirit. The pupils are happy; they are enjoying their school life. They had rather be in school than in any other place. You must have this fine, eager school spirit on the part of the pupils if you build up a great school. There is something wrong with that school system when the pupils do not like it and when they do not like to go to school and when they are not enjoying their school life.

We have a fine faculty this year. Their whole hearts and souls are in their work. They are vitally interested in their work and are doing their part to make this school the best in West Texas. They are vitally interested in their pupils, in their lives and in their success in their school work. They are on their jobs from early morning to late in the day. They are not clock watchers or time-servers. There is not a drone among them. They are well trained and they know the business of their departments. There is not a finer faculty of teachers in West Texas.

High School Lyceum Course.

On the evening of Friday, September 29th, we will have our first program by the Haskell School Lyceum. A fine program is in the course of preparation. The participants are all local talent, consisting of some of our best musicians and readers, and of school children. There will be vocal and instrumental music, readings and declamation, drills and plays. A small admission fee of 10 and 15 cents will be charged and this money will be used to pay the local expenses of these schools. We will have no other source from which to pay expenses. This entertainment is going to be better than many for which you have paid 50 to 75 cents to attend. We hope you will crowd the High School auditorium and encourage your friends, the school children, the schools, the teachers, and help the schools. Remember the date and do not have any other engagement. These entertainments will come only once a month and always remember the time so that you will be ready to attend. They are going to be entertaining and instructive. They will be a great boost for the upbuilding of our schools and our community. We are sure the people of Haskell will back them.

Pure Mebane Cotton Seed

No better cotton seed was ever brought to Haskell than the cotton that is being raised on the Pure Mebane Cotton Breeding Association farms in Haskell County. These seed are absolutely pure and is being ginned on separate gin stands in order to avoid the possibility of being mixed with off varieties. The wagons from the farms in the Association will all be painted gray as another precaution and for the purpose of distinguishing their cotton and cotton seed from the ordinary variety.

The fields have all been gone over by experts and the off brand stalks pulled out, to insure the purity of these seed. The farmers who are raising this cotton are more than satisfied with the yield as it is standing the drouth better than the ordinary varieties.

If you are interested in a better cotton for Haskell County, see Mr. P. M. Ross of the Mebane Cotton Breeding Association of Haskell and Lockhart, Texas, while he is here.

Home Economics.

The Home Economics class of the High School hopes to accomplish even more in the present year than has ever been accomplished before.

This phase of education is comparatively new, and in it we have unlimited ground for branching out and including subjects analogous with the primary ones of cooking and sewing.

The courses given this year will be co-ordinated, much as our leading colleges co-ordinate them, except in a more limited way, on account of our limited time and facilities.

The domestic science course will include theory and laboratory work in practical cooking, scientific menu-building, the preparation and serving of meals; food values; costs, measurement, and food requirements. It will also include practical diet calculation and special diets. Other subjects closely related will be given in limited amounts—including laundrying, sanitation, bacteriology and physiology.

The domestic art course will include practical garment making, a study of textiles, historic costumes, costume designs and interior decoration.

It is our purpose to give the girls taking the home economics courses splendid foundation for college work along this line for those who go to college, and an excellent course in Home Economics for those who will go no further. We are convinced that no department in the High School is more important than this, and that girls cannot be given any study that will so not be given any study that will so sible young women of definity and purpose, of high ideals, and especially equipped to efficiently serve in their peculiar capacity—that of being the future home makers of the world.

Seniors Organize.

The Senior Class of '23 met for the first time Friday 8th, and organized. The Senior Class of this year is the largest in the history of the Haskell High School and we intend to make it the best. Lots of pep was shown at the start and if it continues we will have the best class in West Texas.

The Seniors selected purple and gold for their class colors and "We can because we think we can" for the class motto. The following officers and committees were elected:

Reynolds Wilson, President.
Kenneth Oates, Vice-President.
Lillian Smith, Secretary-Treasurer.
Eugene English, Reporter.
Mary Ella Pace, Joan Irby, Eugene English and Willie Balliff, Social Committee.
Lois Killingsworth, Marjorie Whitaker, and Ernest Sanders, Program Committee.

Athletic Association Meeting.

The Athletic Association of the Haskell High School met for the first time this year in the auditorium of the High School building Monday afternoon, for the purpose of organizing and talking over plans for the coming year. The following officers were elected:

Gilbert Smith, President.
Eugene English, Vice-President.
Joan Irby, Secretary and Treasurer.
John Van Buskirk and Mable Derr, Yell Leaders.

After the officers were elected the meeting called under Parliamentary Rule, and it was decided that season tickets would be sold for all Athletics of the year. Season tickets will sell at \$2.50 and they will entitle the bearer to all games that are played at home. We will have at least three football games, three basketball games, and three baseball games at home and more than likely a whole lot more. The High school sincerely hopes that all the business men and fans will buy these tickets because it takes quite a bit of money to get started off at the beginning of the year. The two Literary Societies will have a contest in the selling of these tickets and the winning side will be entertained with a picnic or social of some kind. The tickets are already printed and on sale by all members of the Athletic Association. The football team is making good progress and those that buy these season tickets will be guaranteed their money's worth not only in football but also other Athletics.

Short talks were rendered by the different teachers about what an athletic association will do for a school.

The school students then gave a few short and snappy yells after which the meeting was adjourned.

Lets everyone buy their season tickets today and help enjoy the activities of the High school.

ITEMS OF THE WEEK FROM THE POST COMMUNITY

Picking cotton is the order of the day in this community and cotton is turning out better than the farmers expected at first.

The people will be in very good shape financially as there seems to be plenty of feed and with a cotton crop below the average a bit, but with the prices as they are, we see no need to worry.

Their seems to be a good supply of hours in the county and the average farmer of the county is in better shape this year than he was this time last year.

Miss Callie Mae Middlebrook is attending school at Stamford this term.

Victor Huntsler and family have moved to Haskell.

W. H. Hughes, our pastor, filled his regular appointment here Saturday night but the services over Sunday was rained out.

Harry Lee is going to school at Haskell this term.

Health of this community is good so far as we know.

Mr. and Mrs. Press Thompson from Pleasant Valley are spending the weekend with her parents, Mr. and Mrs. Will West.

The Post school district have voted a fifty cent raise for school purposes which will enable us in the near future to put on four teachers and include the eleventh grade also. Then when the children finish this school they will be

almost ready for college or have a good high school education at least.

We have just had a nice, slow rain which will settle the dust and help keep the grass alive.

Mr. Joe Lee's family have returned from a visit with relatives in Denton County.

Dan Sney and family have moved on the place where Victor Huntsler lived.

ITEMS OF THE WEEK FROM THE MCCONNELL SECTION

Well, here we are again. Everyone is so busy picking cotton there is not much visiting being done at present.

Miss Lucille Harrison spent Saturday night with Mr. and Mrs. Ray Jones of Stamford.

M. V. Bland and family spent Saturday night with relatives in the Sayles community.

Mrs. R. E. Bain spent Thursday afternoon with Mrs. Walter E. Bunkley.

Mr. and Mrs. L. C. Smith spent last Thursday with their daughter, Mrs. Ray Overton.

Floyd Jones and family of Stamford spent Saturday night and Sunday with M. L. Jones and family.

Miss Orle Lee Bland visited Mrs. Walter E. Bunkley Saturday afternoon.

Mr. and Mrs. Gibson of Rule visited Mrs. Frank Forsythe this week-end.

Mrs. C. C. Walden will attend the West Texas State Normal this year at Canyon.

Senior Play.

The Senior class had a meeting Monday morning and decided to put on a play in the near future. Several plays were given consideration and finally, "Kicked Out of College" was selected by the class.

This a very humorous farce and should draw a large crowd. The class has already begun work on the play and it will be put on to the public at the earliest possible date.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL-TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Worms will then be thrown off or dispeled the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Woman's Missionary Society.

The Woman's Missionary Society of the First Christian church met Monday, September 11th, in the home of Mrs. Mauldin, with a splendid attendance. The society adopted the following aims for the year 1922-1923, a 20 per cent increase in membership, 10 per cent increase in offerings, (this has already been oversubscribed) and World Calls in 75 per cent of homes.

Mrs. Brasher presented a most helpful and inspiring lesson on "The church in Southern Europe." The Bible lesson was very forcefully presented.

The theme for the year's study is "The Expanding Kingdom."

1. Outlines of history of Christianity in Each Continent.

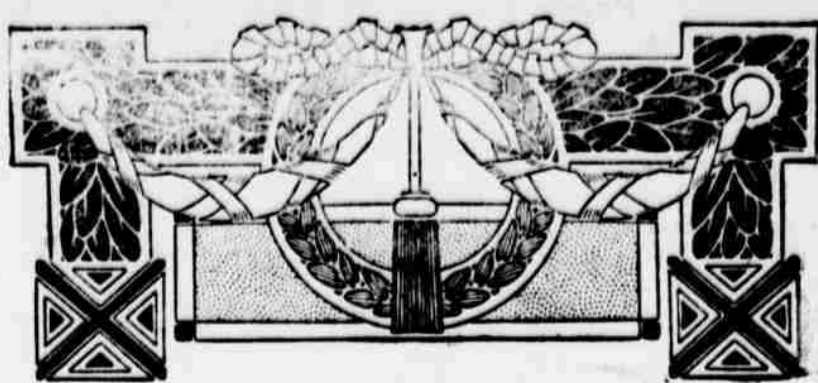

2. Characteristics and resultant effects of non Christian Religions in each field.

3. Summary of Missionary Accomplishments in Areas Under Consideration.

After the program a social hour was enjoyed, then the hostess served delicious pineapple sherbert and cake.

Did You Get the Bottom Price, After All?

The man who buys a "long discount" tire usually finds himself troubled by the above question.

Did he pay less for the tire than his neighbor might have paid, or actually did he pay more?

Did he get the bottom price, when all is said and done, or could he perhaps have driven a sharper bargain?

Was the net price really more than he might have had to pay for a tire of established reputation and value?

In the belief that the average motorist prefers a frank and open transaction, we built the new Goodyear Cross-Rib Tread Cord and discounted the "discount" in advance.

Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can.

We build it of high-grade long-staple cotton, using the patented Goodyear method of group-ply construction, and sell it at a lower price than you are asked to pay for many "long discount" tires of unknown worth.

Compare these prices with NET prices you are asked to pay for "long discount" tires

No. 2774
Citation by Publication

To the Sheriff or Any Constable of Haskell County--Greeting:

You are hereby commanded to summon Wesley Gregg by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 39th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 39th Judicial District, to appear at the next regular term of the District Court of Haskell County, to be holden at the Court House thereof, in Haskell, on the Second Monday in November A. D. 1922, the same being the 13th day of November A. D. 1922, then and there to answer a petition filed in said Court on the 11th day of October, A. D. 1921 in a suit numbered on the docket of said Court No. 2774, wherein Willie Gregg is Plaintiff, and Wesley Gregg is Defendant, and said petition alleging that plaintiff and defendant were lawfully married to each other on the 11th day of April A. D. 1919, that they continued to live together as husband and wife until the 30th day of August, 1920, at which time, on account of the cruel, harsh and improper treatment and conduct of defendant toward plaintiff, they separated and have not lived together as husband and wife since said date. That defendant cursed and abused plaintiff and drove her away from home and would not permit her to return, plaintiff says that defendant's action toward her generally was of such a nature that it rendered their living

together as husband and wife insupportable, wherefore plaintiff prays for a dissolution of their marriage contract and for an absolute divorce from defendant and for all cost of this suit and general relief.

Herein Fall Not. but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, R. R. English, Clerk of the District Court of Haskell County.

Notice of Sheriff's Sale--Real Estate SHERIFF'S SALE

THE STATE OF TEXAS, County of Haskell.

NOTICE IS HEREBY GIVEN that by virtue of a certain Alias Execution issued out of the Honorable Justice Court of Precinct 1, Dallas County, of the 23rd day of January 1922, by S. J. Barnett, Justice of the Peace of said Precinct and County for the sum of One Hundred Seventy-Nine (\$179.57) Dollars and costs of suit, under a judgment, in favor of Plaintiff in a certain cause in said Court, No. 41490 and styled The Southern Implement Supply Company vs. J. M. Whitman, placed in my hands for service, I Al Cousins, as sheriff of Haskell County, Texas, did on the 25th day of August, 1922, levy on certain Real Estate, situated in Haskell County, Texas, described as follows, to-wit: 27 1-2 acres of land out of Abstract No. 801 of the J. M. Burns preemption survey in Haskell County, Texas, and levied upon as the property of J. M. Whitman, and that on the first Tuesday in October 1922, the same being the 3rd day of said month, at the Court House door, of Haskell County, in the town of Haskell, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said judgement, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. M. Whitman.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Haskell Free Press, a newspaper printed and published in Haskell County, Texas.

Witness my hand, this 25th day of August, 1922.

D. 1922, in a suit numbered on the docket of said Court No. 2823, wherein Lee Pierson is plaintiff, and W. L. Foote and T. L. Vannoy are Defendants, and said petition alleging that defendant, W. L. Foote, on the 17th day of November 1919, executed and delivered to plaintiff 10 Vendor lien promissory notes of that date, each for the sum of \$315.35 bearing interest at 8 per cent per annum and due in 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 years from date thereof, each respectively and providing for usual 10 per cent attorney's fees if sued upon; that said notes were given as part purchase price of the following described land, to-wit: the NW 1-4 of Section 48, Block 1, H. & T. C. Ry. Co. Surveys, Certificate No. 944, Abstract 954, and containing 165 acres of land. That the defendant has failed to pay the notes due on November 17th 1920 and 1921 and plaintiff has declared all of said 10 notes due. That on the 28th day of January 1920, defendant Foote conveyed to defendant, T. L. Vannoy, said land and said Vannoy as a part of the consideration assumed the payment of said 10 notes and became liable to plaintiff in that sum. That said notes have been placed in the hands of Murchison & Davis, attorneys, for collection and plaintiff has agreed to pay them the usual 10 per cent attorney fees. That defendants failed to pay taxes in the sum of \$156.00 due on said land. Plaintiff prays for foreclosure of his lien, costs of suit, etc.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

WAVES MOVE FAST

Average Speed of More Than Forty Miles an Hour.

Fortunately, Their Velocity and Power Are Materially Reduced as They Near the Shore.

When the wind blows fiercely most dwellers in towns, particularly in those near the sea, think of themselves what a stormy time our ships and sailors must be having, says a writer in a London paper, according to the Montreal Herald.

Storm-waves around the shores of these islands frequently have immense force behind them, treating blocks of stone and heavy timbers as playthings, smashing like match sticks apparently the most substantial obstacles.

During one storm in the Solent, near Hurst castle, the waves exerted such force ninety feet below the surface that stones weighing 300 pounds or more were torn from their resting places and hurled on the beach, together with heavy masses of seaweed attached to them.

It is in the deep ocean where the storm-wave is seen in its full majesty. Forty, fifty and even sixty feet is the height to which the billows of the Atlantic, the Indian ocean, and the Southern will rise in times of tempest.

In pre-steam days a British man-of-war encountered an unusually heavy gale of wind just outside the Bay of Biscay. Between two seas her storm trysails were totally becalmed, while the crest of each sea was above the level of the center of her mainyard. The mainyard was sixty feet above the water-line.

The water from a wave—as distinct from the body of the wave itself—has been known to do serious damage to vessels of great height above the deck. One notable instance of the kind was the smashing of the port lifeboat of a Hamburg-American liner, lashed on the bridge deck eighty feet above the seeline.

Giant storm-waves of the ocean have an average speed of rather more than forty miles an hour. Their length is the distance from crest to crest. This is about 400 feet for the Atlantic waves. It is much more, however, for the waves of the profoundly deep Pacific ocean.

Of course, it has to be remembered that giant waves in the open ocean can move with perfect freedom. It is when they begin to "touch bottom" in comparatively shallow water that their great speed is reduced—luckily for the fronts of the British coast resorts.

The velocity of the storm-wind in the Atlantic is frequently several miles an hour greater than the velocity of the wave. This results in a good deal of spraying, which, in very severe weather, sometimes seriously thickens and obscures the air.

At the seaside in summer we may sometimes see spraying caused by a stiff breeze blowing against an advancing wavelet.

During a gale on the British coast it will be noticed that the waves begin to break a long way out. That is because these waves, being big ones, touch bottom the sooner. Their lower part moves forward at its old speed. The result is that the upper part curls over and breaks.

In very deep water a giant wave has been known to touch bottom and stir up the fine sand there at a depth of 1,200 feet.

Helgoland Legends.

Helgoland's great staircase that mounted to the rocky heights had fairies lurking above it, according to legend. In the eighteenth century, when a baby was born, its feet were buttered promptly so the child would slip through the fingers of a fairy who might try to exchange it for the fairy's wife.

HASKELL HI GRID WARRIORS
OPEN SEASON HERE SEPT. 22
(Continued from First Page)

The season. With a goodly number of last year's team out as candidates and an excellent collection of new material, Coach Anthony is fastly whipping into shape a team that will rank among the best in the Texas High School circle this year.

Jack Kirkpatrick, star half-back of last year's team, is back at his old position again and is one of the fastest and hardest hitting half-backs in High School circles today. He is showing up well and his return to the team is glad news to everyone.

Amos Kemp, speed man, is another good bet from last year's team for the half position. Raymond Carter and Leslie Carothers, both came to us from Junior High Schools as candidates for the back position and are both looking well in the capacity.

For the full position, Reynolds Wil-

son, big tackle of last year's squad, and Cecil Watson, a first year man, are looking the best. Both are hard and heavy hitters and fill the position well.

At the signal calling position, it is a hotly contested dual between Kenneth Oates and Eugene English. Both men are veterans from last year's squad and have both had experience at quarter positions.

The pivots position is well filled by Granville (Sawdust) Glenn, star center of last year's squad and Ryan Pierson, a first year man at the center point. With these two candidates, Coach Anthony has nothing to fear from that position.

Quitman Gentry and Earnest Sanders both of last year's squad, together with James Yancy and Ben Bagwell, first year candidates, form a crushing defense and an offense from the guard position that will be hard to handle by opponents this year.

George Crow, big 275 pound guard of last year's squad has been shifted to the tackle position. George out-guesses his opponents and is always interfering with their forming plays. At the other tackle position, Leon Pierson, and Morris Smith, both second year men look the best.

John Rike, Clay Smith, Gilbert Smith and Calvin Middleton are fighting it out for the end positions. All of these candidates are good at spilling interferences and receive passes well.

Coach Anthony has a vast amount of other good material from which to select his team. Among them are many hot contenders for the positions named above. Some of the most promising are: Bailey Taylor, Kirby Kirkpatrick, Walter Glenn, I. D. Killingsworth, Jack Sutherland, Rice Alvis, Travis Everett, Roy Watson, John Bagwell, O. E. Patterson, Robert Whitman and many others.

With the loyal support and the proper backing that the team is getting from the student body, faculty and patrons of the school, Haskell football enthusiasts can expect one of the greatest seasons ever experienced in the King Sport.

Miss Lois Norton left Thursday night for Abilene where she will attend Simmons College the coming year.

E. B. Horton and Mike Leon of Rule visited friends in Haskell Wednesday night.

Mr. Tharp and Mr. Tompkins of Throckmorton were in Haskell Thursday on business.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles . . . and was made so much better. I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you. Sold Everywhere.
