## MAYFIELD DEFEATS PEDDY FOR SENATOR

Prejudice seems to indicate that Jack A. Mayfield has been elected to the United States Senate over George E. Peddy by probably 175,000 votes, in Peddy's General Election.

The returns for Haskell county are all in but it is believed that Mayfield will carry the county by more than three to one on the strength of the political returns that have been received.

Scarcely a rising tide of democratic sentiment in many states the republican equilibrium majestically piled up in the Haskell north-side of two years ago, was being knocked right and left. The republican majesties in the senate and house were being sharply reduced by republican managers declared that they could not be wiped out. It became plain that the bending was not to come from the west and the middle west.

Senator Henry Cabot Lodge, republican administration leader in the senate, pulled through in Massachusetts with a plurality of 1,947 votes in nearly a million vote cast, the friends of Charles G. Mason, his democratic opponent, were talking of asking for a recount.

In Indiana, Maryland, New Jersey, New York, Michigan and West Virginia democratic senators repudiating republicans had either been conceded or were indicated on the face of the returns. The republicans had an assumed senatorial victory to their credit, however, in Nebraska, where H. B. Howell displaced Senator Gilbert M. Hitchcock, a democratic leader, and prospects of another in Ohio, although today's returns showed Senator Farnsworth, democrat, running lower the head of his republican opponent, Representative Fess.

Not a single republican gain in the house of representatives had appeared today to count against the triumph of the democrats made in every state. Very few causes ranging from prohibition to the tariff were being brought forward as responsible for the results.

## BILL SAM'S DICTIONARY

By J. L. MARTIN  
Bud Thompson, who has always considered himself a real wit, has been acting strangely ever since the circus came to Taborville last fall. Bud's neighbors say that he makes his old hands sit in a row while he walks on his hands and tells them funny stories. It cropped out last week that Bud is taking a correspondence course in "How to Be a Clown."

## SECOND NUMBER OF LYCEUM COURSE

On Thursday night, December 14th, at 8 p. m., at the High School building, Hon. Clyde Wilson McCord will deliver his wonderful lecture "The Measure of a Man."

Mr. McCord is one of the finest platform orators in America. His lectures are full of wit, sarcasm, and eloquence. He holds you spell-bound from start to finish. We give to something to think about months after he has left us.

He is a big man mentally. He knows how to gain the sympathy and attention of his audience from the very start.

Not only has Mr. McCord developed wonderful ability and power, but has a most happy way of imparting that ability and power to others. He is a rapid speaker, witty, logical and gripping. He is not a dreamer nor a fanatic but a clear thinker.

Mr. McCord has lectured in the leading cities and towns in every state of the Union for a number of years. We are very fortunate to secure him. We are in great need of just such thoughts as Mr. McCord will bring us.

Be sure to secure your season tickets for the remaining five numbers of this entertainment course. Your season ticket will cost you \$1.00 for the five numbers, which is wonderfully cheap for such high class entertainments—children's \$1.00. It is the duty of the people of Haskell to encourage such high class entertainments if we wish to maintain our morale and make better the environment that surrounds our children. If we wish Haskell to even maintain her present status as a good place in which to live we must stand back of these things.

You can buy your tickets from the school children at M. E. Reischer. Admission for this one number will be 25 and 50 cents.

## OLD OPERA HOUSE BUILDING BEING TORN DOWN THIS WEEK

The old Opera House building that is located between the Free Press building and the E. B. Spencer Lumber Co., is being torn down this week. Work commenced Tuesday morning on this job and everyone in the vicinity of the old building is glad to see it going down. This is one of the best moves that has been taken in Haskell for some time, this building having presented a dangerous fire hazard to the entire north side of the square, should it catch fire.

## The Innocent Bystander

## ROCHESTER BOOSTERS VISIT HASKELL

About twenty men loaded with boosterism and the Rochester Concert Band arrived in Haskell Monday about three o'clock boosting the Armistice Day celebration, which will be held in that city Friday and Saturday.

There were several speeches and the band rendered several numbers. This band was organized by Prof. Lee Simpson, who is now director of the Haskell Boosters Band.

We were surprised to see Rochester pay back our visit so soon, but the citizens of the little city of Rochester best every movement that will benefit the town, to the limit.

The citizens promise every visitor a good time at this tag and also state that there will not be a full moment from start to finish. Everybody is invited, especially the neighboring towns.

## FARMERS WILL POOL TURKEYS FOR MARKET

The Turkey Growers Association held a meeting at the Courthouse last Saturday and unanimously decided to pool their turkeys for market again this year. This association has been in operation for several years and has saved the members of the association several thousand dollars in the difference in the price of their turkeys by pooling them all together instead of each man selling his own individual birds.

Will Chastain, secretary of the association, states that there will be more turkeys in the association this year than ever before. He expects at least 2,000 head and probably 2,500 before the pool is closed. If anyone wishes to place their turkeys in the pool they may do so by seeing Will Chastain, Will Whitman at the Farmers State Bank during the next two weeks.

Last year the association marketed 2,500 head and received an increase in price of 7 cents per pound over the local market, bringing the members about \$2,500 more than they would have received if they had marketed their birds individually. Mr. Chastain states that the association has more members than 3 to 5 cents per pound next year after the association has had its operation.

It is the intention of the Association to place the turkeys on the market some time in December, probably about the 10th, in order to be in time for the Christmas market.

The turkey and poultry industry in Haskell County is fast gaining in importance and will soon be one of the leading industries of the county.

## NEW FIRE SIREN PURCHASED BY HASKELL FIRE BOYS

A new fire siren, which will take the place of the old fire whistle, has been purchased by the fire boys and will be installed in a few days. The siren is electrically driven and is the best equipment of its kind on the market today.

The fire department raised the money themselves amounting to around \$400 to make the purchase. The department is to be commended for their enterprise in purchasing this new equipment and should have the support of every citizen of the town in their effort to give better service.

## REV. S. L. CULWELL RETURNED TO HASKELL BY CONFERENCE

Rev. S. L. Culwell, who has been pastor of the Methodist church in this city for the past year was returned to Haskell by the Methodist Conference which convened in Quannah last week. Rev. Culwell has made many warm friends here during his stay who will be delighted to know that he will remain as a citizen of Haskell.

## TWO NEW FIRE TRUCKS PURCHASED

The City Council purchased this week two new one and one-half ton Dodge trucks for the Fire Department. The trucks will be exactly alike and equipped with the latest fire fighting equipment, including a forty gallon chemical tank on each one. The trucks will have a capacity of about 1200 feet of fire hose each and will take care of all the incidents, and other necessary equipment.

The proposition of the necessary fire fighting equipment has been under consideration by the Council for some time and after thorough investigation of the needs here and the equipment that is being used by other towns it was decided that the two smaller trucks would come nearer meeting the needs of the town than a larger truck on account of it being possible to get to a fire quicker with a smaller truck and in case of a breakdown of one, the other would still be in service. Another advantage is one truck in many cases will be able to hold the fire and keep it from spreading with the chemical tanks, while the hose is being laid by the other.

It was also pointed out that the two trucks purchased will not cost the city any more than one of the larger pump-trucks. The equipment is expected to arrive in about sixty days.

**Parent-Teachers Association**  
 The Parent-Teachers Association met Thursday November 2nd, with thirty members present. The meeting was opened by the reading of the prayer of the Mother's Congress, by our president, Mrs. Gose.

Mrs. Grissom's report, as general chairman of the Fair, showed that the Fair was a decided financial success even beyond our expectations. She reported \$1,002.83 collected, \$411.83 expenses, leaving \$590.90 to our credit.

On motion of Mrs. Grissom a rising vote of thanks was given to the men of Haskell who so willingly lent their assistance to make the Fair a success.

Mr. Brasher announced the subject for next month's program, "Failures in School." This is to be discussed from four standpoints—physical causes, by one of our physicians, the home and social causes, by two school patrons; and remedies for these failures, Misses Ellis and Collins.

Mr. Brasher reported \$22.90 received from the Elson Art Exhibit. This is to be used to buy pictures for the different rooms of our school.

Mrs. John Couch stated that the civic committee expected to begin improving the school grounds soon. They expect to have the grounds leveled and trees planted this season.

Three articles of our constitution were amended and two new committees appointed—a welfare committee, composed of Mesdames Carlton Couch, Robertson, Elkins, Tyson, and Anderson and a visiting committee composed of Mesdames Wilson, Langford, and Peterson. This committee is to visit the school once each month.

Mrs. Whiteker reported Miss Exa Cahill winner in the beauty contest conducted by Reid's Drug Store during the Fair.

The club rooms, decorated in Bear Cat colors, was crowded with members of both societies and the high school faculty. Although there was such a crowd that it was hard to play many games several were played and enjoyed by all who participated. One contest in which Eileen Smith and Hugh Anderson won was enjoyed by every one and the winners were presented with a very appropriate gift—a stick of red and white candy. There was also a singing contest in which six high school boys won.

After playing these games that were so well planned by the Curtains and Miss Chambers, delightful refreshments consisting of ice cream and cake were served.

After a pleasant evening was spent the Bear Cats departed after giving fifteen "rahs" for the Curtains and their splendid way of entertaining.

### Two Haskell Girls Married in Dallas

An impressive double wedding ceremony in which two popular West Texas girls, Docia and Julia Winn, were united in marriage to Dr. J. G. Saddler of Henderson, Texas, and Rev. Herman Talmadge Morgan of Texas City, was performed by Dr. George W. Davis of Houston, Friday evening at the residence of Dr. and Mrs. R. C. Lewis, 900 East Jefferson St., Dallas, Texas.

The brides are the daughters of Mr. and Mrs. D. M. Winn of Haskell, who are among the earliest settlers of Haskell county, Mr. Winn having helped to organize the county and was appointed the first postmaster in Haskell City, by Grover Cleveland.

Dr. J. G. Saddler is a prominent East Texas physician residing in Henderson and Rev. H. T. Morgan, although a resident of Texas for only two years, having moved here from Alabama, is one of the rising young Methodist ministers of the South Texas Conference, and is pastor of the First Methodist Church of Texas City.

Many out of town guests were present at the wedding, among them Miss Daisy Baskin of Seymour, and Mrs. L. C. Johns of Hillsboro, who sang the wedding solo, "I Love You Truly," accompanied on the piano by Mrs. R. C. Lewis who also played Mendelssohn's Wedding March as the bridal couples entered from the opposite doors and took their places under a bower of roses, palms and ferns in the center of the drawing room where Rev. George Davis officiated, using the ring ceremony.

Mrs. Saddler was attired in a going away costume of midnight blue pointed twill trimmed in grey squirrel fur with hat, gloves and shoes to match. Mrs. Herman Morgan wore a traveling dress of brown duvetyne with hats and gloves to match. Both brides wore corsage bouquets of lillies of the valley and carnations and the jewels of each were pearls and diamonds, which were fam-

The happy couples left Friday night for their respective homes, Henderson and Texas City. A buffet supper was served after the ceremony to about fifty guests, many of whom were ex-Haskellites, former friends of the brides.

Among those present from Haskell were Judge and Mrs. C. B. Long, Mr. and Mrs. C. M. Hunt, Mrs. Huffines, Mr. and Mrs. Hollis Fields, Mr. and Mrs. Harry Hoard, Mr. and Mrs. H. K. McWhirter, Reed Hughes and Miss Orleen Hunt.

No more deservedly popular or more beloved girls ever lived in Haskell than Docia and Julia Winn, who have lived here since their infancy and they number their many friends by the hundreds who realize that what is Haskell's loss is Henderson's and Texas City's gain and their showers of blessings attend them wherever they may cast their lot. Many handsome presents were received by both couples from every section of Texas. North, East, South and West Texas literally showered upon these estimable couples practical evidences of their esteem and affection.—Contributed by a Dallas Friend.

 year, the game Friday with their courage up so they the game with Seymour. could be one of the fastest Haskell bunch has played Stamford defeated both Sey-Haskell 19-0 and since that teams have been under stren every day and are in much

better condition than they were when these games were played. As Saturday is a holiday and all stores will be closed there ought to be a record-breaking crowd of Haskell rooters and football enthusiasts going to Seymour to witness this game. Reporter.  
**Haskell Again Defeats Anson**  
 Last Friday at the Anson ball park the local huskies again defeated Anson High School in a fast game of football. The biggest part of the Haskell team was made up of our second team, about

ten minutes of the game being played with but one of last year's men playing. The feature of the game was the fights. From the looks of things it seemed like there were no Haskell people ever going to get back to the "Peaceful Village." Several fights were almost staged on the football field, one of them being a gang fight in which all hopes were given up by the Haskellites but finally by the aid of the Anson "law" and several teachers things were quieted down considerable and the game continued more peacefully after several men were put out. Brilliant playing by all on the team featured in the game, and the contest ended with a 14-0 score in the locals favor. Reporter.

The Glee Club and the Orchestra are doing some good practicing. Both of these organizations will perform at our next School Lyceum. Misses Chambers and Langford deserve much credit for the good work of these organizations.

A start has been made to get our work in debating going. Those interested in debate will organize next week and have their first program.

Misses King and Langford have started the girl's basket ball practice. A strong team of girls is assured.

The next School Lyceum program will be rendered the last Friday in this month. This is going to be an especially fine program.

The parents are missing some good things when they do not visit some of the programs that the Bear Cats and Curtain Societies give on every Wednesday.

Miss Collins is drilling the Senior Class in a fine play which the Seniors will give the first Friday night in December, for the purpose of raising funds to pay off their Annual debt.

Strange things will happen to high school faculties. The last few days people have been staring in wonderment and standing with bared heads when they see Mr. Lebo "airing out" in his new Ford touring car. Some say he bought it to take the "Bug Rustlers" riding while others think he ought to dismiss the "Chem." class fifteen minutes early each day and let them "run-about" a little. Reporter.

### HUPMOBILE DEALER FINDS TRADE GOOD IN WEST TEXAS

A volume of business in Western Texas far beyond his expectations earlier in the year has come to J. R. Overstreet, Hupmobile distributor, with headquarters in Fort Worth, he stated Saturday. This volume has been achieved, according to Overstreet, in spite of many obstacles, including the recent drought over West Texas territory, and he attributes much of his success during the past few months to regular newspaper advertising in both daily and weekly papers.

"October has been the biggest month we have ever had in the history of our business," Overstreet declared, "and what is more, if we may judge from the record of the past few months, during which time each succeeding month has surpassed the sales record of the preceding month, the coming year will set a still higher mark for Hupmobiles in this territory."

"I regard consistent and persistent newspaper advertising, of which we have done more this year than ever before, as one of the great contributing factors in our unusually gratifying success for the current year. Beginning early in the year, we inaugurated an extensive advertising campaign throughout our territory, running it in the big daily papers and also in nearly 200 of the smaller local papers. At first, and in fact for a good many weeks, there was evidenced but slight results, but we kept hammering away along the same lines, with the ultimate result that we have now a large number of high-grade Hupmobile dealers throughout our trade territory, all of whom are successfully moving Hupmobile cars. Constant cooperation through local advertising, supplementing the dealer's personal sales efforts, is what caused the tide to turn in our direction, making 1922 our biggest year."

"Now we are going forward for 1923, and have salesmen out, who with the advertising foundation laid, have no difficulty in closing valuable dealer contracts for the Hupmobile. Of course, it is hardly necessary to add, we could not have secured or maintained the results we have without a high-quality product, backed up by sound business policies and efficient service; for I believe advertising will as surely kill a bad product as it will build up a good one."—Ft. Worth Star-Telegram.

Dear Friend: —

The writer has just completed a 2 days inspection of the big stocks in the five wholesale houses here. I have carefully noted the very best bargains each house has to offer at this time. I will begin buying Monday, as I know where the best bargains are in each line of goods. I will then go to Chicago and go through the big houses there and select the best things they have and then have all of these goods come out at once by fast freight, and just as soon as they get to Stamford we will tell you SOMETHING. In the meantime, "rake and scrape" up all the money you can for you will need enough to buy two year's supply, and you will say so, too, when we tell you the rest of the story.

The only way we can get these extra special bargains in strictly high class goods is to buy what the wholesalers call broken lots and discontinued numbers. What they mean by broken lots is goods that have all been sold, but a few pieces of this class, and that class.

Discontinued numbers is where the mills for various reasons can not make any more just like these. In other words both of these kind of goods become remnants in the wholesale houses, but the quantity is far more than any one merchant can buy. We are selecting the very best lots and will have some choice goods to offer you at a BIG reduction. You can rest assured that J. T. will buy for his people some of the good things and when we tell you to come after them, it surely will pay you to do so.

We noticed that the cotton is all out along the railroad as we came up here. The gins are standing idle and the cotton has all been shipped out. The country looks like it should look in February.

We have just written Wayne to make extra special prices on the stock in the house and move it out so we will have some place to put the new goods. So, you will go to the store now, you can select some big values.

There is going to be a hot time in the old town, and you must be prepared for the occasion.

The weather is cold and disagreeable up here and I hope you get a better weather.

Yours very truly,

J. T. BR...

P. S.—Editor, The Free Press, Dear Sir:

Enclosed find a letter we wish you to put in your paper. We can not write to every one a personal letter, so we are writing to your people that J. T. is buying some wonderful big bargains. and as soon as we can get these goods to Stamford and you will be able to tell them.

Yours truly,

**Presbyterian Ladies Auxiliary**

The Ladies Auxiliary of the Presbyterian Church met Monday afternoon in a business and social meeting at the home of Mrs. Blake. The meeting was opened by President, who was the leader for the afternoon. During the business session several items of business were transacted and the sale they are planning to have soon was fully discussed.

This week is "Church Paper Week" in the Southern Church and some interesting talks were made about the "Christian Observer" and ladies were asked to subscribe.

The meeting closed with a prayer and a most delightful social hour was enjoyed. The hostess serving apple salad in apple cups, meat sandwiches, and orange punch to Mesdames Jno. Pace, Robertson, Hooker, English, Kinnard, Wilson and Sleeper.

**Baptist Social Meeting**  
A thoroughly interesting social meeting for all the members of the Baptist church, was held in the church basement on Tuesday evening from 7:30 to 10:30. The program was opened by all singing "America," then Bro. Alvis led in prayer, followed by some introductory remarks by Mr. O. B. Norman. Little Miss Margaret Waldrop delighted everyone with a clever reading, and Mr. R. C. Couch's Sunday School Class sang a chorus.

A very interesting feature of the evening's fun, was the debate, "Resolved, That the Woman Should be Boss of the Home." Miss Collins, Miss Graham and Mrs. Gilstrap were on the affirmative side, while Messrs. J. A. Couch, John Fouts and Lex B. Morris represented the negative side. Mrs. B. M. Whiteker, who acted as chairman, introduced the speakers in turn, and many were the "excellent" points which each brought out. All of the speeches were "screams" and an hour of wholesome fun resulted from the debate. The four judges, Mrs. I. N. Alvis and Mrs. W. E. Kirkpatrick, Messrs. G. W. Waldrop and Grindstaff, decided that the affirmative side had won out, so to them went a huge stick of red candy. One of the same kind was given the men, to console them for their loss.

Mrs. C. M. Connor distributed tiny bags, containing a certain number of beans, which were kept by the guests the remainder of the evening, each trying to increase their supply.

Mrs. W. M. Reid introduced a new game which created a great deal of merriment, especially as laughing was forbidden.

Mesdames R. C. Couch, Lebo, Clanton, John Fouts and Norman served delicious sandwiches, hot chocolate and mints, to the one hundred and fifty guests.

In the bean contest, Mr. W. M. Reid received first prize, a small horn, while the second, a baby rattle, went to Mrs. R. J. Reynolds. A most delightful evening was brought to a close by singing, "Blest be the Tie That Binds."

**Joint Social Service Program a Great Success**

The Methodist Church was opened to the Missionary Societies of the town in a "Joint Social Service Program" on Monday afternoon, November 6th. This meeting was to have been observed Monday October 30th, but due to an all day rain the date was postponed. From now on every Fifth Monday will be an observance of this kind, the various churches being hostesses. This is a splendid way in helping God's Cause, promoting good fellowship and keeping in mind that we are "our brother's keeper." We regret not having the Presbyterians, would have enjoyed their part on the program: Mrs. Morton, Superintendent of Social Service, had charge. Mrs. Long in her charming way extended greetings. The following program was rendered:

Subject, "Inter-Racial."  
Song, "Publish Glad Tidings."  
Devotional—Mrs. Gose.  
Prayer—Mrs. Culwell.  
"What Our Church is Doing for the Negroes in the United States"—Baptist, Mrs. B. M. Whiteker; Christian, Mrs. Courtney Hunt; Methodist, Mrs. J. U. Fields.  
Prayer—Mrs. John Couch.  
Quartet, "Swing Low Sweet Chariot."  
"I'm Going to be Ready When He Comes."—Colored Women.  
"What the Women of Haskell Can Do For the Negroes of Haskell"—Maggie Whitley and Arral Miller.  
Song, "Blest Be The Tie That Binds"  
Benediction—Mrs. F. G. Alexander.

A feature of this meeting was a group of colored women. The way they responded on the program and their words of appreciation are commendable, especially when asked to tell in "What Way We Could Help Them." With their melodious voices, each in her respective key, sang, "I Want to be Christian in My Heart." It was beautiful, and such plaintive strains as to bring tears to the eye. It is from the negro that we get our Folk Songs, and as such, there are none in the world more beautiful than our negro spirituals.

Everyone was asked to stay for refreshments. Hot chocolate and sandwiches were served by Mesdames Langford, Hugh Smith and Alexander.

**THE HUPMOBILE  
"COMING"**

Get What That Means  
Mr. Dealer

Ten years ago, any dealer could handle any one of possibly 50 cars—and, on a hit and miss basis, make money.

Today, those 50 have narrowed down to 14. The dealer today must have one of those 14 cars and a real sales method—if he is going to survive. Of these 14, the Hupmobile is in the very forefront. It is in the forefront—but it has not begun to exhaust its sales possibilities.

The Hupmobile is "coming." It is making more money for the individual dealer today. It will make more next year. It will make still more in 1924. The factory is planning greatly increased production for both years.

We don't know—and we believe that you don't know—where such an opportunity is available today outside of the Hupmobile organization.

People in your territory know what a wonderful car the Hupmobile is. Owners are spreading the facts; everyone—especially mechanics—are saying "The Hupmobile is a mighty good car to own." And naturally, this sells more Hupmobiles.

This all gets back to the fact that the dealer today can sell Hupmobiles with greater ease, and he can sell more of them, than ever before.

And, we know, he can make more net profit on the Hupmobile; profit that compares most favorably with what can be made in any other line of business.

The Hupmobile franchise is eagerly sought for today by dealers everywhere.

We want men who understand that selling automobiles does not mean a large investment in pretentious salesrooms, but that it means sound business practice, keeping salesman on the job, and good bank credit.

If you are such a dealer, you can, unquestionably, make good money in selling Hupmobiles. Hupmobile dealers have demonstrated this to be a fact; let us tell you the full story.

Write to us today. We believe that you will have cause to congratulate yourself, time after time in the future, on having done so.

### HASKELL BOY HONORED AT STATE UNIVERSITY

Among the names of the newly elected members of Sigma Delta Chi, honorary journalistic fraternity, appears that of James Willis Posey, of Haskell. Mr. Posey, who is active in a number of campus activities, is probably best known to the majority of the student body as the editor-in-chief of the Longhorn Magazine. He received his high school training in the Haskell High School from which he was graduated at the age of sixteen. He entered the University in September 1919, and has been in continuous attendance since, being now a senior in the academic department. Upon entering the University, Mr. Posey displayed his journalistic tendencies by becoming a member of the Daily Texan staff, on which he did consistent work for three years. He was issue editor on the staff of the Summer Texas in 1921.

His work was not confined to the Texan however, for he became associated with the Longhorn Magazine in his sophomore year. This proved to be his particular field of work and in the session of 1921-22 he became managing editor of the magazine. Mr. Posey's work on the Longhorn has been worth while, and he has endeavored to keep the magazine up to a high standard. Aside from his work on the student publications, Mr. Posey has found time

to engage in other student activities. In 1921 he was junior academic assemblyman, and he is now senior academic assemblyman. In the summer session of 1922 he held the position of assistant in psychology. He is an active member of the Speakers Club, Scribblers, and Moo Cow Moo. Mr. Posey's active part in student life is all the more striking because of the fact that he has earned his expenses while attending the University. His only financial aid has been the Ben Hur Shrine Scholarship which he has held since 1921. Mr. Posey is an earnest student and says that the things he hopes to get out of college will be an intelligent attitude toward life, a few good friendships, and a knowledge of where information is and how it can be reached.

### SIGN ALL COMMUNICATIONS SENT US FOR PUBLICATION

During the past few weeks we have received a number of interesting news items through the mail, the writers having failed to sign their names—and we were unable to use them. If you wish an article published be sure and sign your real name, not for publication, but that we may know the source from whence it came. An article signed "A Friend," "One Present," etc., cannot be used. This applies to those sending in community letters as well as others, and we trust that our correspondents will please sign all letters. Your name will not be published with the article. If you wish to use another name than your own, sign the article as you may wish it published and put your own name below, so that we may know who is the author of the article, as well as know to whom we are indebted for the favor. We will appreciate it if all our readers will observe this rule and co-operate with us in this matter.

### BIG CELEBRATION AT ROCHESTER TODAY

Plans have all been completed for the big Armistice Day Celebration and Rodeo at Rochester today and tomorrow. The committee who has charge of the arrangements are expecting people from all sections of Haskell County as well as many from the adjoining counties to attend. A very interesting program has been arranged and a good time is assured all who come.

"Hackberry Slim" Johnson, who staged the successful rodeo here during the County Fair will have charge of the Rodeo and concessions and when "Hackberry" stages a Rodeo his many friends in this section know that he will give them a run for their money. He promises the people the same splendid program that was given here. If you have not made up your mind to attend this Celebration and Rodeo, the Rochester people extend you a cordial invitation to be present on both days and join in the celebration.—(Adv.)

### T. W. FARMER PURCHASES THE NORTON STUDIO

The Norton Studio, which for the past several years has been owned by Mrs. W. L. Norton, was sold the first of the week to Mr. and Mrs. T. W. Farmer of Baird, Texas. Mr. and Mrs. Farmer come to us very highly recommended as photographers.

The studio will be remodeled and will be made one of the best studios in West Texas and Mr. and Mrs. Farmer hope that they will have their part of the Haskell work instead of so many of the pictures being sent out of town, as has been done heretofore.

These people come from a studio in Baird which they have owned for several years and are all well experienced in their line of work. Their home will be in the building where the studio is so as they will be close to their work and be able to give the best of service.
