

Bogata Sewer Grant Receives Go-Ahead

The City of Bogata has been notified by the Environmental Protection Agency that its application for grant funds to expand the City's sewer plant and repair existing collection mains has been

approved. The grant of \$678,763 is for 75 percent of project expenses, and must be matched with \$226,254 in local money. The City's sewerage system is presently operating under

an Enforcement Order by the Texas Department of Water Resources, who have ordered extensive improvements to the system. These improvements are required, regardless of whether the City

receives grant funds. According to Mayor John Hood, the City is very fortunate to receive a 75 percent grant, because in October, the 75 percent grant program will be replaced with a 55 percent grant. Not

getting the 75 percent grant would have cost the City an additional \$181,000 in local funds. The design phase of the sewer project will be underway in October

of 1984, with construction to be complete by October of 1986. The completed improvements are expected to meet the city's sewer needs until the year 2005.

It had to happen. Jewel decided that it was about time to go on strike...and that she did. Of course, he decided to do that on a Tuesday after a holiday...no worse time could be found.

She simply decided not to work all of a sudden. Her little red "busy" light popped on...but she refused to be busy!

Four phone calls to Massachusetts later we were no nearer to finding out what her problem was than before.

In desperation, we cranked up old and we do mean old, his computer manual is chiseled on clay tablets) Arnold. Arnold is one of the first newspaper computers made...and he promptly decided to sulk up, too!

Whether it was because he didn't like being called out of his peaceful dreams in the corner of the room...or whether it was to repay us for ever whirring him at all wasn't quite clear...but he wouldn't work.

Finally we talked nicely to him...we cajoled him with promises of WD-40 and a nice all over cleaning. Nothing helped.

As a last resort we kicked him...and it worked! Honest...his little font strips just started to whirrrr...his continuous feed began to work, his ready light lit.

So we squeaked through with him. As we called the main hotline for continued work on Jewel, we discovered that it would sometimes take half an hour to even get the line open to the service center.

Finally, we asked about that...and the pattern became clear. The service center in Massachusetts serves the entire United States, and all over the country on the day after Labor Day, computers had rebelled.

Do they want a Labor Day for computers? Do they resent being left alone in their offices, what is it they want?

I don't know...but I'll say one thing...this isn't the first time this has happened. And no one will ever convince me that the machines of the world don't have some sort of conspiracy and grapevine network!

Sales Tax Figures Released

State comptroller Bob Bullock today sent checks totaling \$52.4 million in local sales tax payments to the 990 cities that levy the one-percent sales tax.

"I don't know if a city official in Texas who doesn't lick his lips this time of the month," Bullock said.

Houston received the largest check, \$8.6 million.

Locally, Deport's yearly total to date is \$6,233.42, for a 13.32 percent increase over last year.

Talco received \$595.38 this period, compared to \$990.94 last year, marking a 0.81 percent decrease of the yearly total to date.

Bogata received \$738.73 this period, compared to \$542.49 last year, marking a 0.94 percent increase over last year.

Rebels Drop Season Opener

By Diana Eudy

The Rivercrest Rebels had some problems getting their game plan started last Friday night against their rival, Prairiland Patriots. The Patriots with a number of starters back from last season, proved that experience does help. Rivercrest is in a rebuilding stage this year and changing from their familiar wishbone offense to the I formation. New Head Coach Terry Giddens is in the process of building a pass offense with the help of quarterback Bobby Thomas.

The first quarter contained the only real threat of a Rebel score. The Rebs pushed their way to the three yard line but on a fourth and four, failed to make the score. The Patriots also failed to put together a scoring drive in the first period.

Prairiland controlled the majority of the second quarter and scored the first of their three touchdowns with 1:02 left in the period. Mike Connot carried the ball over for the score. The extra point attempted by Brent Frank was blocked by Rivercrest junior, Shane Wright.

Penalty flags hampered the Rebs next drive. On a Thomas pass to Roland, an illegal receiver downfield drew the flag. An incomplete pass to Charlie Roberts brought up a fourth and 20 punting situation. The Patriots took over following an illegal motion call against the Rebs.

The first half ended on the 6-0 score in favor of the Patriots.

The Rivercrest Rebel Band entertained the crowd during the halftime activities. The entire band performed dance steps to "New

York, New York" and the Rebel Corps performed to the familiar "Can-Can". The band and Rebel Corps are under the direction of Claire Jessee.

A bad snap on a Rebel punt stopped their first march in the second half. Jay Ingram chased Kyle Roland for the sack. The Patriots put up their second score with a three yard run into the endzone by Mike Connot. Connot carried the two point conversion in for a 14-0 lead with 3:59 left in the third period.

A Reb fumble set the Patriots up for their third and final touchdown of the evening. With 8:13 left in the contest, it was Connot again with the score. Brent Frank's extra point was good for a tally of 21-0, Patriots.

Charlie Roberts carried for 12 yards and then one yard in the Rebel's next possession. But three consecutive incomplete passes turned the ball over to the Patriots.

The Rivercrest defense really got a workout against the running of Mike Connot and Scott Scudder. The final score was Patriots 21, Rebels 0.

The Rebels gained a total of 99 yards rushing and 42 yards passing. They completed four of ten attempts. Rivercrest punted four times for 101 yards, fumbled twice with one recovery and were penalized four times for 35 yards. The Rebs had six first downs.

The Patriots totaled 187 yards rushing and one out of four passes for 14 yards. They punted three times for 124 yards, fumbled the ball away once, and were penalized ten times for 75 yards. The Pats had eleven first downs.

Lyles, Guest, Davidson Win Football Contest

Paul Lyles of Paris started off the football contest with a first place win, winning seven games and predicting Prairiland to win 19-13. He won \$12 for his efforts.

In second place was Bill Guest of Deport, who missed seven games and predicted Prairiland to win 23-20. He received \$7 for his football savvy.

Mike Davidson of Pattonville missed eight games and came close to predicting the score for Prairiland 20-0. He received \$5 for his knowledge of the game.

In close behind, but not winning any money was Joe Kelsey of Bogata who missed eight games but thought Prairiland would defeat Rivercrest 20-12.

Archie Jackson of Paris missed the eight games, predicted a 17-10 win for Prairiland, and C.A. Sparks of Pattonville missed eight games with Prairiland winning 12-7.

Purna Haydock of Deport also missed eight, but had Rivercrest picked to win.

Nobody guessed the tie between North Lamar and Commerce.

Winners of the games listed in the contest were: Prairiland 21-Rivercrest 0; Detroit; L.A. Raiders; Colts, L.A. Rams; San Francisco; N.Y. Giants; Kansas City; Miami; Seattle; Chicago; St. Louis; Cleveland; Purdue; USC; UCLA; Minnesota; Brigham Young; Oklahoma State; Cameron; Pittsburg.

Barbara Russell Is Fund Raising Co-Ordinator

September 16 through September 22 will be National Cystic Fibrosis Week. Ms. Barbara Russell will coordinate the education and fundraising campaign in Bogata and Talco.

Cystic Fibrosis is the number one genetic killer of children and young adults in America today. It is a disease which strangles and starves its victims. Approximately ten million Americans, one in twenty of us are unknowing carriers of the gene which causes cystic fibrosis and there is no carrier test. When two carriers conceive a child, there is a 25 percent chance the child will have CF and a 50 percent chance the child will be a carrier. And, while nearly

half the babies born today with cystic fibrosis will live past the age of 21, the disease is always fatal.

Kiss your baby. If he or she tastes salty, he may have CF. Other signs of CF are breathing difficulties; failure to grow despite large appetite; nasal polyps; frequent, bulky bowel movements; and clubbing of the finger tips. If you are worried that your child may have CF, visit your doctor. There is a simple, reliable test called the Sweat Test to determine if your child has cystic fibrosis.

For more information, contact your local chairperson or the North East Texas Chapter of the Cystic Fibrosis Foundation, 2405 Cedar

Springs, Dallas, TX 75201. Rivercrest School Student Council is to be given special credit as sponsors of this year's event.

Bogata PTO Holding Membership Drive This Week

The Bogata PTO membership drive will be held September 10-14. All interested parents and those concerned are urged to sign up. Fees are \$1.00 per person. The students will be bringing appropriate forms home.

There will be a contest held between grades K-4 through 5-8 for the grade who has the most people to sign up. Please show an interest in

the school and sign up. The first PTO meeting will be September 25 at 7 p.m. in the Bogata Elementary Cafeteria. A nursery will be provided.

Haven Honors Grandparents

On Saturday, September 8, at Red River Haven, a Grandparent's Day Celebratin was held in honor of National Grandparent's Day on September 9.

Robbie Hawkins and Drue Pirtle sang several selections, accompanied by Myra Jean. Plants were given to Martha Huddleston, oldest grandmother present; Jessie Hunter, most grandchild; and Oma Gatlin, newest generations.

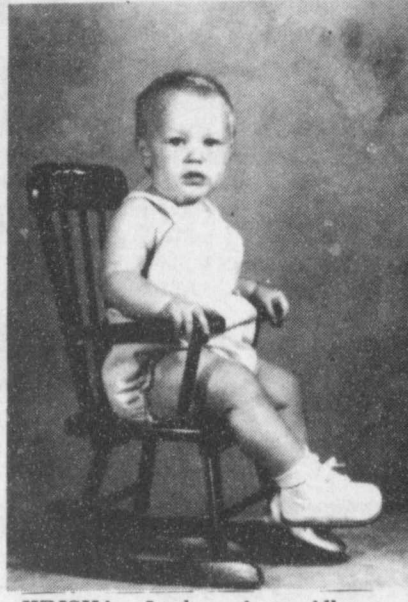

The third grade class at Bogata Elementary School wrote a paragraph on what their concept of a grandparent was. These papers were read and thoroughly enjoyed by the residents and guests.

Also, the second and third grade classes drew pictures of grandparents. These pictures were hung in various places in the nursing home and were greatly enjoyed.

Refreshments were served after the program.

Special thanks to Mrs. Billie Smith, Mrs. Dawn Darden and Mrs. Mary Margret Vaughn for the pictures and stories.

The October Special Activity will be held Saturday, October 6.

KRISHA Lasha Ann Allums, daughter of Monte and Tabatha Allums had her first birthday Monday, September 10. It was celebrated Sunday, Sept. 9. She received many nice gifts. Her cake was chocolate with a clown design on it. Punch was also served. Relatives attending were grandparents David and Judy Howerton and Marcus and Shirley Allums; great-grandparents Travis and Roberta Watts and Will and Mary Howerton; great-uncle Jerry Allums; uncle Kenneth Howerton; and aunts Teresa Alford and Lori Alford.

EMILY DAWN VICKERS, daughter of Jimmy Don and Deborah Vickers, celebrated her first birthday Saturday, Sept. 1. A clown shaped cake and matching decorations carried out the theme. She was born Sept. 2, 1983 and is the granddaughter of Mr. and Mrs. Kenneth Vickers of Bogata and Mr. and Mrs. Ben Bowers of Clarksville. Great-grandparents are Mrs. Evie Vickers of Bogata and Norman Couch of Ft. Worth. Many friends and relatives attended.

FOOTBALL CONTEST

WIN FIRST PRIZE \$12
WIN SECOND PRIZE \$7
WIN THIRD PRIZE \$5

RULES OF THE GAME

CLIP OUT THIS PAGE AND MARK YOUR CHOICE OF WINNERS OF THE GAME THAT APPEARS IN EACH OF THE ADS ON THIS PAGE.

Do not guess the score, just the winner. If you predict a tie, so indicate with the word "Tie" written across the ad.

GUESS BOTH THE WINNER AND THE SCORE FOR THE GAME MARKED "TIE-BREAKER", THAT APPEARS ON THIS PAGE.

Tie-breaker game winner will be counted with other games but tie-breaker game score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points by winner fourth. If still tied, the prize money will be divided equally.

Fill in your name, address and phone number (if any) and either mail or bring this page, or a reasonable fac-

simile of the list of games, to either The Deport Times or The Bogata News.

Entries brought to either of the newspaper offices, must be in that office no later than 5 p.m. Friday of this week. If mailed, entries must be mailed to either The Deport Times, P.O. Box 98, Deport, Tex., 75435; or The Bogata News, P.O. Box 306, Bogata, Tex., 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

It is requested that only one entry per person be submitted. In event of more than one entry from a contestant, that person will be eligible for only one prize in that contest week.

Everyone eligible except employees of The News-Times newspapers and their families. Decision of judges will be final.

Fall Arts And Crafts Bazaar Set

The Red River County Historical Society has announced plans to hold their Fifth Annual Fall Arts and Crafts Bazaar in conjunction with and celebration of the Centennial of the building of the Red River County Courthouse. The event, a highlight of the fall season in Red River County is scheduled from 9 a.m. to 4 p.m. on Saturday, October 6, on the courthouse lawn. In case of inclement weather, the event will be held under the protective awnings around the local square in Clarksville.
 Approximately 60 individual booths will feature a variety of items for sale to the public—from arts and crafts to antiques, to produce and canned goods. The Society will sponsor a food and drink concession stand offering an assortment of home-cooked items such as corn on the cob, sausage and biscuits, barbecue, hot dogs, stew and much more.

Additionally, those attending can look forward to entertainment throughout the day, including bands and drill teams in the morning, a community chorus around noon, and the "Debonaire Dog" decorating contest at 3 p.m. A special melodrama will be enacted by the Wagonmasters, a local trail riding club, in the morning and afternoon. There will also be historic displays

and demonstrations in the county library, a corner set aside for special entertainment and activities for the children, and for those with a sweet tooth, a special baked goods section featuring home-baked pies, cakes and breads. A country store featuring canned goods, garden vegetables, and pre-mixed soups will be set up. For the second year, the Society will give you the opportunity to bid on four spectacular gourmet dinners for eight, prepared and served by noted Red River County cooks. A special tea room and pastry shoppe will be set up in Miss Belle's House featuring soup and sandwiches and delicious pastry delicacies. Also new is a tour of the old Red River County jail which was acquired by the Society this year.

The Bazaar has been well attended for the past four years and has served as the Society's main source of income for financing their projects. Current projects include renovation of Miss Belle's House, completing the renovation of the Walker building on the square in Clarksville and the preparation of the old jail as a county museum.
 Anyone wishing to reserve booth space, \$15 for a 12' x 12' area, or with any questions concerning the event are invited to call in Clarksville, Anne Everts at 214-427-2266 or Bettie Millikan at 214-427-5298.

Questions On Changes In Tax Laws Can Be Answered

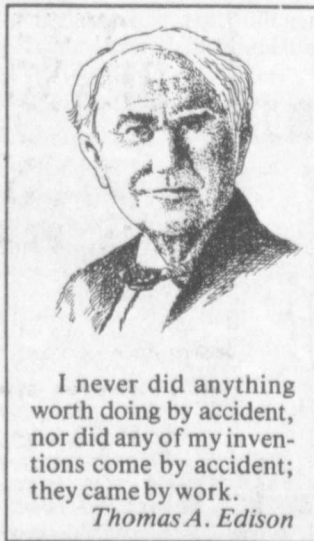

State Comptroller Bob Bullock recently stated that Red River and Lamar County residents will have changes in State tax laws and can get the answers in a special seminar to be held in the Chamber of Commerce office in Clarksville for Red River County residents; and at the Lamar County Courtroom on Sept. 14 at 12 p.m. for Lamar County residents.

State sales tax is going up on a number of items and services will be taxable for the first time beginning October 2, Bullock said. "We are holding seminars across Texas so that these changes will not come as a surprise to anybody. Representatives from the Comptroller's office will explain the changes and answer questions during the seminars."

Red River County and Lamar County residents who cannot attend the seminar should contact the

Comptroller's Field Office in Sherman at 214-893-0179 or the Comptroller's office toll free hot line 1-800-255-5555.

Rebel Spirit Supper Well Attended

Rebel fans turned out to display their support for this year's team at the annual Spirit Supper held on Sept. 7. About 150 people enjoyed the meal which included a barbecue sandwich, french fries, pickles, onions, cold drink and ice cream. An even larger crowd participated in the pep rally which followed.

The cheerleaders led the team into the auditorium as the band played the fight song "Dixie". Varsity and JV football players, cheerleaders and Rebel Corp were introduced to the group. A series of yells and several numbers by the band kept the action peppy.

Tables in the cafeteria were covered with white cloths, centered with red and blue streamers and small megaphones. The words "FHA

Spirit Supper", a Rebel flag, and stars decorated the window wall. In the auditorium, Rebel pennants and "hands" lined the edge of the stage. Two large footballs bearing autographs of the players, along with giant spirit signs, adorned the walls. The Rebel mascot and flag were displayed on stage.

The event was sponsored by Rivercrest Future Homemakers of America.

BRAD BRANCH of the Pine Branch 4-H was a participant at the Red River Valley Exposition in Paris last week. Tuesday night his entries were in the Junior Poultry show. With his pen of light Brahma production hens he received third place. White ribbons were also awarded to his male and female white Leghorns. Blue ribbons were received for his light Brahma male and female as well as being judged Best of Breed. His five month Buff Orpington rooster was judged Grand Champion Male for which he received a blue ribbon and a trophy. Saturday he entered the Open Poultry Show and the Junior Beef Cattle Show. For his efforts in the Poultry entries, he received five blue ribbons and three trophies. His trophies were for Best of Breed in the Light Brahma and Buff Orpington Female classes. Again his young Buff Orpington rooster was awarded as Grand Champion Male. Brad exhibited his two

Horned Hereford heifers in the Livestock show. Each heifer won blue ribbons for placing in the top of their individual classes. His 16 month old heifer was chosen to receive the Reserve Grand Champion Trophy. Brad was the only entry representing his club. He brought recognition to himself and his chapter of the 4-H Club by being awarded a combined total of three white ribbons, 11 blue ribbons and five trophies. He has been a 4-H member for three years and currently holds the office of vice-president. Attending the Exposition with him were his parents, Jim and Barbara Branch, his uncle Rick Baird of Cuthand and Henry Chappell of Pecan Gap.

Footprints From The Past

By Worth Hood

Listening to the thunder last night made me think of when I was growing up and had to go to the storm house to keep from getting blown away when it came a tornado, or as they were known then, a cyclone.

Nearly every home had a storm house back then and believe me we did use ours. Back in the early 1900's they had a very bad cyclone in Deport where my parents lived at the time and my mom was at home with my sister and brother. She had to hold both of them in her arms and hold one of the doors to keep it from blowing down. Of course she was scared almost to death and she never got over being afraid of a bad looking cloud. She would always insist that we go to the storm house, and to tell the truth, it was never a big job to get me and my sister to go, but my younger brother never did care too much about going. He even spent many days and nights in the storm house, more so at night, for then we could not see the cloud too good and with all the thunder and lightning they had a tendency to look worse than they were. Mom always said it was better to be safe than sorry.

I can still remember having to get up all hours of the night and stumble to the storm house. I was always scared of the snakes and spiders that lived in the storm house. It seemed to me that they were just waiting for you to enter so they could bite you, but in all the times I went to the storm house, I never was snake bitten nor did I get a spider bite, but just the thought of it was enough to

make the cold chills run up and down my spine.

I remember one time when we had just moved to a different farm and had no storm house, one of the first things that mom and dad did. But as I said, we had just moved and so when the cloud came boiling in around 10 o'clock, mom got us all bundled up and away we went across the plowed field to the storm house of our neighbor. Mom tried to get dad to come with us but he was not as scared of the storms as mom was and he would not go. We got in the storm house and got the door almost tied down when the man who lived there began hollering for someone to come and help him hold the door down as he could not do it by himself. Well, me and my younger brother went to help, but with all of us holding with all our might, the door kept coming up and we could not stop it. Just as we were going up and knew that we were all going to be blown away, the man heard someone hollering so we were all as quiet as we could be and it turned out that it was dad trying to get in the storm house.

It was quite a storm that night and a lot of the houses and barns got their roof blown off and the man where we were in the storm house lost a barn full of corn and hay that he had put up to feed his stock the coming winter with. He also lost three killing hogs as the barn that they were in got struck by lightning and when it burned, it also burned the hogs.

So, as you can see, Mom was right, some of the time it is better to be safe than sorry.

North Franklin Homemakers Prepare For Fair

The North Franklin Texas Homemakers Extension Club at Hagansport are busy preparing for the County Fair at Mt. Vernon on Sept. 29. The club will have a booth at the fair where they will display their arts and crafts. They will sell chances on a beautiful brown, gold and maple leaf quilt. The drawing will be held after the fair.

The 24 active club members meet at the Hagansport Community Center the third Tuesday of each month where they do arts, crafts, canning

and homemaking in general. After the meeting, a covered dish uncheon is enjoyed by all.

PJC To Present Theatre

For the children's theatre production this year, Paris Junior College's drama club, Le Troupe, will present "A Sound for a Shilling, A Wish for a Pound," an original script by John Presley Wright of the PJC speech and drama faculty.

The play will be presented for area school children, and a public performance is scheduled for Thursday, Sept. 20 in the Theater for the Performing Arts at PJC. Tickets are \$1.00 and curtain time is 7 p.m. said Ray Karrer, chairman of the fine arts division.

The original play, which will be

presented for the first time during the children's theatre, concerns individual relationships in everyday life with the central character, Pushy, the talking bear. It shows children of all ages how thank you, I'm sorry and please help to make life more pleasant.

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of agencies and institutions of higher

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 6, 1984

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (2/3 for The University of Texas System and 1/3 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

Governor Announces Jobs Training Program For N.E. Texas

Governor Mark White announced today that \$1,650,867 will be used for job training programs for economically disadvantaged, unemployed, and underemployed Texans in the North East Texas area. The Governor has approved the expenditure for job training programs in Bowie, Cass, Delta, Franklin, Hopkins, Lamar, Morris, Red River and Titus Counties. The Texas Department of Community Affairs has executed a contract effective July 1 for the provision of a job training program under the Job Training Partnership Act.

"The Job Training Partnership Act is a catalyst for integrating the private and public sector in developing skills needed by Texans for productive employment and economic self-sufficiency," Governor White said.

Weekly Agricultural Update

Small grain winter pastures should be planted by September 15 on a prepared seedbed to get good fall growth, says Dr. Sim A. Reeves, Jr. Good fall growth gives a head-start

on winter, plus producers can begin grazing earlier. If a sod seeder is used, wait until about October 1 to plant in order to reduce competition from warm season grasses. Competition can choke out the small seedlings if temperature and moisture are favorable to the growth of warm season plants.

Small grain can be sod seeded in mid-September if a desiccant is used to retard the growth of warm season plants. Many pastures in East Texas are short enough that a desiccant will not be required unless additional rain is received and warm season grasses begin to grow again.

If a producer is putting in small grain pastures for cow-calf operations, he must use rotational or limited grazing to make it economical, Reeves says.

Judge Pesek Passes Sentences

On August 27, District Judge Leon Pesek sentenced Victor Morgan of Clarksville to five years in prison for burglary of the Clarksville Intermediate School, Perry Brothers and Frank's Barbeque.

Pesek sentenced Dewena Jo Phillips of Sherman to four years in prison for felony theft from Charlie Clark's home. Phillips was already on felony probation.

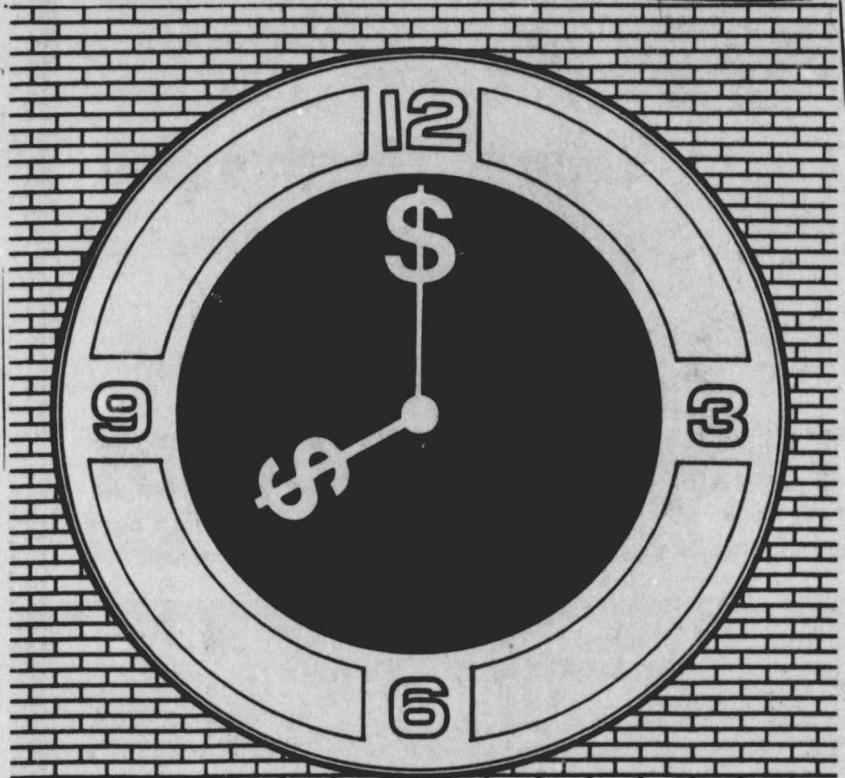

Judge Pesek revoked the felony probation of Robert Kuhl of the Bogata area for failure to report to the Probation Officer and sentenced Kuhl to five years in prison.

**Time For An
Armyworm
Watch**

By Paul D. Payne
Farmers and ranchers need to keep on the lookout for Armyworms which have appeared in county pastures and meadows over the weekend. An outbreak of these forage feeders could be devastating to pastures, meadows and yards in the area.

Individuals should inspect grass areas around trees and buildings and this is the area that the worms are likely to first appear. The grass will have a silver cast when viewed from a distance. The silver appearance is due to the feeding of the worms on the blades of the grass. When the number of worms builds up in an area, the grass is completely stripped of foliage.

The worms are easily identified. They will be a dark green to black worm with three yellowish-white stripes down the back. A conspicuous identification mark is a "Y" on the head. The moths which were very active last week depositing eggs have a wing span of about one and one half inches.

When the temperatures are hot as they were last week, the eggs can take as few as two to four days to hatch. Therefore, it appears that we could be in for a seige of this pest this fall.

There are two chemicals that will do an effective job controlling the worms, Dylox and Sevin. Either will do the job and a good supply of both chemicals was available the first of the week.

Individuals with highly fertilized pasture and meadows should check them daily for signs of damage.

**Talco PTO
Elects
New Officers**

The Talco PTO held a meeting September 6 to elect new officers.

Judy Easley was elected president with Mary Lou Hall as vice-president. Carol Sue Whitney was re-elected secretary and Mary Jo Hall was elected treasurer and Jela Binion was elected reporter.

It was voted on to hold the meetings on a Tuesday at 3:45 p.m. until the Halloween Carnival. After the carnival, all meetings will be called meetings. The next meeting is set for September 18 at 3:45. The spending of the money in the account and the carnival will be discussed.
