ONE DEAD and one in serious condition was the result after a tractor-trailer struck this Chevrolet Chevette last Wednesday night on Highway 271 in

Johntown. The Chevette was attempting to avoid a pickup making a turn off the highway when

the accident occurred. The two women in the car were from Vivian, Louisiana. (Staff Photo)

Louisiana Women In Fatal Crash

One dead and the other is in serious condition after the car they were in was involved in a truck-car accident at Johntown last Wednesday afternoon.

According to reports filed by Highway Patrolman Jim Trammell, 31 year-old Mary Beard of Vivian, LA died of injuries she received when the 1980 Chevrolet Chevette she was a passenger in was struck by a tractor-trailer rig. The driver of the Chevrolet, 71 year old Lorraine Vernon, also of Vivian, swerved to avoid a collision with a Chevrolet pickup truck driven by Delphin Williams of Bogata. Williams was attempting to make a turn off of Highway 271 when

Mrs. Vernon apparently tried to miss him.

A 1976 Freightliner truck-tractor driven by Eugene George of Oswego, KS struck the Chevette.

Registered nurses who happened by the scene rendered immediate aid, and rescue units from Titus County and Red River Ambulance Service responded. Ms. Beard died a few moments after arriving at the Titus County Memorial Hospital in Mt. Pleasant and Ms. Vernon was transferred to a hospital in Shreveport, LA Wednesday night, and is reported in serious condition. There were no other serious injuries in the accident.

FHA Family Night Held

Rivercrest FHA members entertained their families and guests with a covered dish dinner in the high school cafeteria recently. The invocation was given by Donita Lewis.

Following the meal, chapter president, Kristi Unruh welcomed the group and introduced the FHA class officers. Certificates were presented to officers and members. Torina Guess, first period chairman, presented Kristi with a plaque in recognition of her service during the year.

Decorations of red, white and blue carried out the theme "FHA Celebrates Texas' Sesquicentennial". Texas flags, cowboy hats, and oil derricks adorned the tables. Balloon bouquets accented the window decoration featuring FHA Family Night, a Texas flag, and stars. In the center of the room, a life-sized cowboy strummed a guitar as he reclined against a bale of hay. Entertainment consisted of games of bingo.

LEON HALL shot and killed this 5½ foot velvet-tail rattler just a few feet from his backyard fence Monday morning. The snake had nine buttons. (Staff Photo)

Eva Weisinger's Iris Are Exceptional

By Nanalee Nichols
Eva and Reg Weisinger grow Iris. Now, that may not sound unusual, until one realizes that they grew seven HUNDRED kinds of Iris!

On their 12 acres in Johntown, just across from Rivercrest High school, the fantasy of color and profusion of bloom creates a scene that cannot be rivaled by the most formal garden. The Weisingers, who have just recently celebrated their fiftieth wedding anniversary, have lived in the comfortable home for many years, and over those years their Iris gardens have grown.

People now come from Arkansas, Louisiana, all over Texas and from near and far to see the Iris and buy them.

Eva brought her first Iris from Hill County, and then joined the Bogata Garden Club. She and garden club members began to swap different varieties of the pleasant plant, and as her interest grew, she began to order kinds of Iris from the mail order houses that specialize in such things.

The names read like a fairy tale, Pacific Panorama, Pink Horizon, After Dark, the list of names goes on and on.

She has every award winning Iris

from 1927 up until last year's except for one... "Great Lakes". She has been unable to obtain that one, having ordered it and finding it unavailable due to a drought.

Besides taking away Iris, customers of the Weisingers usually take home something else... a new friendship. Eva looks upon new customers and new friends, and many a one has taken home extra Iris, or other flowers, simply because they expressed a little interest. The principal of "Lagniappe" that little something extra for free, is one which the Weisingers practice happily.

Besides the gorgeous Iris, the couple's yard hosts baby glads, tiny miniature gladiola which blaze a startling fuchsia color; a wide variety of day lilies (Eva's second favorite); a profusion of roses, hardy amarillis, surprise lilies and butter and egg.

The butter and egg, Eva explains, is an old timey plant which her mother always grew. It's tiny brilliant yellow blooms resemble a snapdragon.

Huge shade trees shelter the house and yards, and a weed would have to be extremely brave to intrude on the spotless rows upon rows of plants which the Weisingers carefully tend.

Weeding, tilling, separating, they do all the staggering amount of work

themselves. Their prices are far below those of stores or catalogues. Indeed, one feels that the chance to make new friends may be the main purpose of sales!

Both their children, Jimmy, who lives in Longview, and Royce of Bedford, are gone now, and they devote

their time to the flowers and house. Perhaps, for the Weisingers, the old saying explains things best "The kiss of the sun for pardon, the song of the birds for mirth...one is nearer God's heart in a garden, than anywhere else on earth."

DENISE CHEATWOOD received high score on the Talent Identification Program's Talent Search. (Staff Photo by Mollie Williams)

Cheatwood To Be Recognized

Denise Cheatwood, daughter of Mr. and Mrs. Gary Cheatwood of Bogata, and seventh grade student at Bogata Junior High School, has been notified by Duke University that she has scored high enough to attend a state wide recognition ceremony in Waco on July 7, honoring those students who received high scores on the Talent Search.

Duke University sponsors the Talent Identification Program that identifies seventh grade students by the scores on achievement tests. If, on a standard school achievement test, a student scores in a very high percentile, he or she is then permitted to take the college board's scholastic aptitude test. The SAT is designed primarily for eleventh and twelfth grade students considering college, but is used in assessing the verbal and mathematical reasoning ability of these very talented seventh students. To receive this honor, a student must score 430 on the SAT test. Denise scored 480, thereby qualifying her for the state honors.

Denise has been very active at Bogata Junior High School this year. She was on the girls basketball and track teams. She placed fifth in District 19AA 100 meter hurdles. She also represented the school at the county Dallas Morning News Spelling Bee. She has been chosen to represent her school next year as a cheerleader. Denise is a member of the Cuthand United Methodist Church and serves as assistant pianist.

Strange Families Feud Over House!

By Mollie Williams
From my glass patio doors, there's a clear view of the front of their house. I sit here at my bar each morning drinking my coffee and watch the endless feud that goes on there.

It's a small frame house with several entrances from each side and the front. Two unrelated families live in the house and neither family wants the other there. One member from each family must stay at home at all times in order to protect their claim.

The males stand guard over their entrances while the females go and attend to business, then they stand guard while the males go out. There seems to be continual arguments, but I'm unable to understand what is being said.

I've wondered why one family just doesn't move and find another dwelling, but then I realize that there are so few houses as nice as this one. Neither family has funds to pay for their own dwelling such as this one. It seems to me they would realize this

and try and live in peace with each other, but no way, the contention just goes on and on.

I thought about writing the Welfare of Human Resources for aid to these families, but I figured they'd only laugh. They'd probably tell me this wasn't their concern; that they had more needy matters than this to see to. And I suppose they'd be right, for you see, these two families are not humans, they're birds.

That's right! One family belongs to the Martin family and the other to the Sparrow family and both live in a Martin house that my husband built and put in our back yard. I suppose he could just build another one, but I don't think either of these families would use it. More than likely, two new unrelated families would move into it and begin the same war.

Oh, well, it's interesting to watch and it keeps my mind off my troubles for a little while as I drink that second cup of coffee and third and fourth....
