

NICHOLS' WORTH

By: Nanalee Nichols

There is a fullness to the earth right now, unequalled by any other time of year.

Nearing the summer solstice, with temperatures soaring, the year is at a peak not even matched by harvest time.

Especially in this year, when the month of July has had abundant rainfall in the beginning of the month, there is a green richness to everything.

Crepe myrtles, East Texas' answer to a need for summer color look like plumes from some ancient Egyptian ceremony as they wave regal loads of blooms in the breeze.

Sunflowers raise stately shaggy heads above the weeds and johnson grass to spend their time "sun worshipping" like a long-ago Aztec civilization.

Half grown squirrels, rabbits, calves and colts, venturing into the world further and further from their mother's sides explore this realm of green beauty.

In the fields farmers watch their crops fruiting up: cotton with blooms and squares; milo with full green heads getting ready to turn rich dark red in the sun. Underneath the dark soybean leaves hairy beans swell towards maturity.

Gardeners verge on exhaustion as they contend with the yearly phenomenon of "everything's coming off at once". Canning jars are in short supply as vegetables are picked, cleaned, processed and stored away, becoming miniature gardens in themselves when they bring the flavor and color of summer into a long winter's gloom later in the year.

Lawn mowers provide a nearly-continual background noise to life as folks everywhere work to keep yards manageable under the high rainfall of this July.

Zinnias, marigolds and cannas leave behind the more delicate flowers of spring to provide their contribution to a world that seems full of color.

Color is everywhere, like a carefully planned quilt top. Starting with the brilliant blue of the sky, studded with the purest of whites for clouds, the color scheme marches on to a horizon so green it makes the heart ache with the richness of it all.

Just the proper amounts of floral and man-made brightness counterpoints the overall picture, making East Texas in July a treasure just ripe for photographing or simply watching.

Never forget, the fullness of the earth is here for the grasping, with the eye, the heart and the whole of the human mind.

It's July, and life is at its best!

Talco Girls In Softball Tournament This Week

Mt. Pleasant Dixie Belle All Stars opened their state tournament at Edwards Field Saturday night at 8:30 against Livingston.

Having placed first in it's district, Livingston was rated as one of the top teams in the tournament.

With outstanding team hitting and pitching, the Mt. Pleasant team won easily 14-5. Runs were made by Julie Martin, Sheri Brown, Leslie Harris, Jerilyn Russell, Donna Cannon, Kelly McConnell, Stacy Wisinger and Jerilyn Pope. Winning pitcher was Jerilyn Russell.

Sunday night, the Mt. Pleasant All

Stars faced powerful Central, another first place team. After a close, hard-fought game, Mt. Pleasant remained on top with a score of 12-11.

Scores came from Julie Martin, Sheri Brown, Leslie Harris, Jerilyn Russell, Donna Cannon and Kelly McConnell. Winning Pitcher was Jerilyn Pope.

The State Tournament will continue through this Friday with two 6 p.m. and 8:30 games nightly. The winner of this tournament will represent Texas in the Dixie Girls Fast Pitch World Series, ages 13-15, in Salem, Virginia next month.

TALCO OILERS who made the Mt. Pleasant Dixie Belle All Star team, coached by Jerry Russell and assisted by Kenny Slawson, are presently in State Competition

at Edwards Field in Mt. Pleasant. The All Stars have won their first two games against Livingston and Center. Games will continue through Friday evening. Talco

girls on the All Star team are Jerilyn Russell, pitcher and second base, Kristie Eudy, catcher and Jill Milner, first base.

Senate Revises House Bill

A \$5.3 billion tax bill was approved by the Senate after six hours of debate and heated argument during the climax of floor debate which had to be quieted by Lt. Gov. Hobby. The Senate Substitute for H.B. 61 passed the Senate on a vote of 23-7, but was rejected by the House necessitating the appointment of a conference committee to resolve the differences. The insurance sales tax was removed from the bill; however, a number of items affecting both consumers and businesses were added to the bill.

The Senate Plan includes: an increase in the state sales tax from 5 1/4 cents per dollar to 6 cents; broadening the sales tax base to labor charges on auto repairs, interstate long distance telephone calls, and custom computer software; doubling the inspection fee for automobiles to \$15.50, but making it good for two years; raising the cost of a driver's license from \$16 to \$25, but making it good for five years rather than four; establishing a sales tax permit fee at \$50 annually; increasing the 5 percent sales tax on sales, rental and use of motor vehicles to 5.5 percent; boosting the corporate franchise tax of \$5.25 per \$1,000 of capital value to \$7.50 and arranging a 50 percent surtax payment due in 1989. However, the tax could be taken as a credit in 1990 against whatever franchise tax

is owed; raising the cigarette tax 9.5 cents, to 30 cents per pack; eliminating the miscellaneous gross receipts tax on local exchange telephone revenues in 1988; increasing the hotel occupancy tax to six percent; imposing a 16 percent surtax on the insurance company premiums tax (The companies already pay a tax based on their premiums, but this long-established tax is different from the House-proposed sales tax that consumers would have to pay on insurance premiums.);

Doubling numerous fees for professional occupations such as doctors, nurses, dentists, dietitians, pharmacists, court reporters, surveyors, real estate agents, accountants, architects, lawyers and other professions; enacting a 2.5 percent administrative services tax on insurance carriers; reducing the required number of license plates from two to one on twenty-one classes of vehicles (resulting in a savings to the state and counties in mailing the license plates.)

A compromise on taxes will not be easy, but time is running out on the session and hopefully an agreement can be reached. The Governor also added 19 more issues to his list of items to be considered, but of course, the objective is to ease the state's budget crisis.

RC Talent Team Competes In Ft. Worth For State Honors

The band opened with a Steve Wariner song "What I Didn't Do", then played "Wipe Out" an instrumental which starred Michael Willis on the drums. They closed their eight minute allotted time with Hank Williams Jr.'s recent hit "Born To Boogie".

The Rivercrest F.F.A. Talent Team played Wednesday night, July 15 in

Ft. Worth in the Tarrant County Convention Center, with the expectation of coming home the state winner from the competition. However, their dream was not fulfilled as the Temple, TX band won the state competition.

Those playing in the Rivercrest band were Wade White, Marty Burns,

Brad Branch, Michael Willis and Russell Rozell.

The Rivercrest Talent Team represented Bogata well at the competition, being one of the top 10 talent teams in the state of Texas and everyone is very proud of the F.F.A. Chapter and the Talent Team.

EVEN JACKRABBITS seem a little "laid back" in summertime. The big hares, common to the area, flourish throughout summer feeding on lush grasses. (Staff Photo)

LOST BID-The Rivercrest F.F.A. Talent Team lost their bid for the state championship on July 15 in Ft. Worth's Tarrant County Con-

vention Center. The Talent Team performing in Ft. Worth consisted of Wade White, Marty Burns, Brad Branch, Michael Willis and

Russell Rozell. The band performed here at the 1986 Frontier Day celebration on June 27. (Staff Photo)

The "Dog Days" of summer get their name from the canine constellation known as Sirius, because it appeared in the sky during the hottest days of the year. It's 8.6 light years from earth and over four billion years old.

Although Earth's Northern Hemisphere reaches its annual farthest point from the Sun in early July, ironically that's the beginning of what are called the "Dog Days"—the hottest and stickiest days of the year. That point—the aphelion—occurs about 9 p.m. EDT July 3. For people trying to keep their cool, however, even being 94,510,000 miles from the sun may not be far enough.

Kiwanians To Become Dog Dippers

Does your dog have ticks and fleas? If it does, or even if you want to prevent it from getting them, then you need to see the Deport Kiwanis Club. On Saturdays, August 1 and 8, the Deport Kiwanis Club is holding adipping for dogs as a fund raising project. It will be held at the office of Dr. Sam B. Kelsey Veterinary Clinic on U.S. Highway 271, one mile west of Deport. Dr. Kelsey will be present to supervise the dipping and see the solution is properly mixed. The hours will be from 9 to 12 both days. The charge will be \$4.00 for the

dipping, and if you come on August 1, then the following Saturday the dog should be returned for a follow-up dipping, and there will be no charge for the second dipping. If you only come the second Saturday, charge is \$2.00. Is it time for your dog's rabies shot? For any dog that is dipped by the Kiwanis Club, Dr. Kelsey will vaccinate your dog for rabies for one-half of the regular charge of \$7.50. So you can get a rabies vaccination and dog dipped twice for a total charge of \$7.75 which is only \$.25 more than a regular rabies vaccination.

All of us have the same problem. At some time in the future, we will either have to make arrangements for a funeral for some member of our family, or someone will have to make funeral arrangements for us... Either way... it is something none of us like to think about.

Through a new and guaranteed program, Funeral Service, Inc., represented by Bogata Funeral Home, you can find out exactly what a funeral service will cost. You can guarantee this cost will not increase. You can pay for a funeral service in advance in cash or small monthly payments.

We invite you to come by Bogata Funeral Home at your convenience or call James Wood to come by your home to answer funeral cost questions. The peace of mind of having it "taken care of" means so much.

A Checklist For MICROWAVE OVEN Safety

The benefits of microwave ovens are almost endless. Microwave ovens are the most energy efficient ovens ever invented. They cook food quickly, they enhance the nutritional value of food, and they're safe when used properly. To make sure you're using your microwave oven safely, follow these simple rules.

1. Use only microwave-safe utensils. Don't use metal in the microwave. TNP has a free brochure that contains a test for determining if a utensil is microwave safe.
2. Use adequate electrical current. Your microwave does not require additional wiring. However, your unit should be on a separate circuit and have nothing else operating on that line. Avoid using an extension cord with a microwave.
3. Don't use a microwave to can fresh foods. However, it is great for blanching fresh vegetables for freezing and for making jellies and jams. It also is good for drying herbs.

The safe use of a microwave oven is one more way that electricity makes your life a little easier. For more information about microwave ovens contact our office today.

Sally Rags And Kerosene, Hefty Home Remedies!

By Mollie Williams

Visiting recently with my brother who is a patient in a nearby hospital, I was made aware of the great difference in the way people of today handle sicknesses and injuries compared to that of 30 or more years ago. Most people today are able to obtain medical aid from specialists in about every field. Medicine can be obtained by simply calling up our family physician.

There are many over-the-counter drugs beneficial in times of sickness or injury. Emergency rooms are available for accidents and sudden illnesses. Ambulances are ready and waiting for those emergency calls. Medicare, Medicaid, insurance and other sources of financial aid are available to handle the costs of medical treatment for those in need. These conveniences and financial aids weren't so easily obtained several years ago.

Many families were not able to afford a doctor's services and medicine wasn't always easy to get. Distance and lack of transportation hindered many from receiving medical treatment. In those days, most people used home remedies and antidotes passed down from generation to generation.

Although I haven't lived quite half a century yet, I can remember accidents occurring to members of my family and they were treated at home, using some of these home remedies. It wasn't that parents cared any less back then, it was just the way life was for most common folk.

My sister tells of a time she performed an acrobatic stunt by turning a flip on top of the sawdust pile of our Dad's sawmill from the mechanism that carried the sawdust to the pile. The fall knocked the breath from her and she was unable to breathe or walk normally for several days, however, she was never treated by a professional doctor. She recalls that her greatest concern about the accident was that she had lost one of her new ballerina shoes in the sawdust. She remembers another time when she and our other two sisters were laying with friends in Johtown. One of the

boys jumped from the loft of a barn and landed with his bare foot on a broken glass jar. The wound was so deep that the foot was almost cut in half. A kerosene soaked poultice was wrapped around the boy's foot for treatment. Most mothers back then believed that a prayer to the Good Lord and kerosene could cure anything.

I've had several people tell me that the bluing liquid used to whiten clothes was used on poison oak in those days. Dude Lassiter and Steve Knowles informed me recently that snuff was used on snake bites and wasp stings. But perhaps the most common of home remedies in those days, and I suspect is still used in many homes today, was the "Sally Rag". I'm not sure where the name came from, but ingredients for the poultices varied from home to home and probably depended mostly on what was available at the time needed. My grandmother Roach was a firm believer in the Sally Rags. Her prescription, or should I say recipe, was soaking a piece of flannel material with grease drained from cooking onions, several dabs of kerosene, menthol salve and a little turpentine. These aromatic poultices were pinned to the clothing next to the chest and usually worn overnight. This remedy was used for the treatment of colds and chest congestion. For patients with pneumonia, the chipped onions, as well as the grease, were rubbed into the cloth. My mother never used too much kerosene as not to blister us, but my grandmother believed that it did the most good when you got a good blister from it.

Not too many years back, my mother-in-law was consulting Dr. Brooks about one of her grandchildren's chest cold. She asked him if it would be a good idea to use a Sally Rag made by using only menthol salve. She still laughs today as she recalls his reply. "Well, it won't hurt, of course, it won't help, either," he said.

Like so many other things in life, time has brought about changes which have done away with the need for home remedies. I, for one, am thankful. I have enough trouble just

trying to doctor my kids' mosquito bites with alcohol. I hate to think what their reactions would be to my pouring kerosene on an open wound. However, hearing about the hard-

ships and dangers encountered when times were harder and money was scarce, has given me a much greater respect for those who coped with all the problems of that day.

PJC To Have Cheerleading School

A junior high cheerleading clinic will be held July 27-29 at Paris Junior College, according to PJC cheerleader coach Jim Owen.

The three day clinic will be instructed by Owen and the 1987-88 PJC cheerleaders. The camp is open to squads or individuals in grades 5-9 and will be divided into beginning, intermediate and advanced groups. Subjects covered in the clinic include cheers, chants, stretching, jumps,

double stunts, pyramids, gymnastics and motivational techniques.

Registration will be Sunday, July 26 from 6 to 10 p.m. at the PJC Student Center. The cost of the clinic is \$70 per student for resident students or \$40 per student for commuter students.

Owen said producing the camp is just one of the changes the PJC cheerleading squad is going through this year. For more information on the cheerleading camp, contact Owen at 784-9239 or 784-9403.

PJC Computer Courses July 27-31

There are a few openings in the computer courses to begin the week of July 27-31 at Paris Junior College, according to June Jones, director of continuing education.

A computer Level I class will be offered Monday through Friday from 1 p.m. until 4 p.m. A computer Level II

class will be offered Monday through Friday from 6:30 to 9:30 p.m.

The fee for each 15-hour course is \$50.00 and Dr. Tommy Eads is the instructor.

Registration must be completed before the class begins. For more information, please call 784-9445.

Producers Advised To Inventory Hay

By Herb Brevard

Producers should inventory their hay on hand and livestock numbers to be wintered and make a decision on additional hay needs, says Dr. Sim A. Reeves, Jr., agronomist.

Each year seems to be different, but July and August are normally very dry months. Therefore, applying additional fertilizer for hay production can be a perplexing decision.

If fertilizer is applied in July and it does not rain, part of the fertilizer may be lost. If it does rain, forage production will be greatly improved. Digestibility is the poorest on hay made in July and August, due partially to high temperatures and long days.

If sufficient hay is on hand, it may not be worth the gamble to try to produce hay in July and August. If more hay is needed, the decision must be made as to whether it will be more economical to purchase additional hay or to apply fertilizer and gamble on producing enough hay to meet the winter's requirements.

In the past few years, a good fall cutting of hay has been made due primarily to good rainfall in September and a late frost. These conditions, however, cannot be depended upon each year.

Mrs. Garrett To Head Arthritis March

Mrs. Thomas E. Garrett will be the chairman of the Arthritis Victory March in Bogata, it was announced today by H. Gene Emery, President of the Arthritis Foundation's North Texas Chapter. The public awareness and fund raising event will take place September 9-15.

"Over 2,414 people in Red River County have arthritis," said Emery, "and the North Texas Chapter sponsors a variety of valuable programs for them. Included are physician referrals, support groups and exercise classes. The chapter also funds

WOOD ENERGY CONSULTANTS

research, distributes literature and conducts educational seminars for the public and area health professionals. These programs do not come automatically. We need continued community support to make greater progress against arthritis."

Eighty cents of every dollar raised is invested in programs that directly help people in the Chapter area who have arthritis, Emery said, adding, "With your support we can provide lots of help for today, while arthritis researchers provide help and hope for tomorrow."

Region VIII To Show Films

Films and other materials available to public schools from Region VIII Education Service Center will be shown to parents and other interested citizens Friday, July 31.

This media review is scheduled from 9 a.m. to 3 p.m. at Region VIII Education Service Center Annex, 710 N. Jefferson, Mt. Pleasant.

Talco Locals

Tawal: Watts spent from last Wednesday until Saturday at her uncle's, Steve Finney, in Texarkana. While there she watched movies and went shopping. She also took a short trip with him in his truck rig.

Dean and Carol Leake spent the weekend in Branson, MO.

Buster and Sis Case and Jerry and Dorothy Jones recently returned from a trip to Tennessee. Some of the sights they saw were in Gatlinburg and they went through Graceland at Memphis. They mostly relaxed and did some shopping.

Mr. and Mrs. Jams Hall, Chris and Jeremy and Sue Hall flew to Orlando, Florida recently for seven days and nights of vacation. Some of the sights they visited were Cypress Gardens, Disneyworld, Wet N Wild and Epcot Center.

Those who registered to go to Six Flags with the Calvary Baptist Church need to be at the church parking lot by 7 a.m. on July 28.

The Abundant Life Singers of Greenville held a mini-concert Sunday night at the Calvary Baptist Church.

Berenda Mewborn, Lea and Shelly and friend of Mineola spent Thursday with Mr. and Mrs. Wayman Alexander.

Judy Easley, John, Tim and Craig met her sister, Tommie Dee Williams

of Kilgore in Dallas Saturday to go to Six Flags. They spent the night Saturday and went to Six Flags again Sunday.

Last Wednesday, Jelu Binion and Kevin traveled to Daisy, AR with her sister and son, Donna Rogers and Mark of Corsicana. They visited with their parents, Irby and Jo Ann Smith of Sherman and brother and family, I. J. and Judy Smith, Daryl and Joel of Lufkin, who were camped out on Lake Greason. While there they also visited with Max and Wanda Womack and Diane of Atlanta, who were camped across the road. Max is a Talco ex and was in town a couple of weeks ago for the reunion. Jelu and Kevin returned Saturday afternoon after an enjoyable time in Daisy.

Roger and Mary Lou Hall were hosts to Chasity, their daughter's 13th birthday party Saturday, July 18 at their home. Guests attending and enjoying homemade ice cream and chocolate cake were Jo Robertson, Ray and Marcell Hall, Jab and Mary Robertson, Howard and Nita Robertson, Butch and Nita Hood and Ginger, Bryan Jones and Leanna Sheppard.

Remember the Talco High School Class of '62 is meeting at the school Saturday, July 25. Some have requested more visiting time, so the building will be opened at 9:30 a.m. instead of 2 p.m.

Thornton Family Reunion Held

The Thornton family held their annual reunion on July 11 at the American Legion Hall in Deport.

From Bogata were Howard Armstrong, Bob, Billie and Jay Hancock, Raymon and Myrtis Mauldin, Jerrel and Claudia Vickers, Beryl Fortner Gibson.

From Mt. Pleasant were Fayrene Harden Wallace, Dusten and Kerry Ingram, Ron, Sarah, Amy and Gregg Williams.

From Pittsburg were Una Harden, Karin Hall, Bryan Hailey, Dewey and Martha Cloyd, Glenda and Julia

Brasher. From Austin were Gloria Wilson, Kim and Perry Bird, Rick, Sharon, Nicole, Chris and Amber South, Henry and Martha Thornton of Hawkins. Lucille Garner of Carlbad, NM, Marilyn, Bob and Myssa McFtridge of Mesquite, Charlotte, Regina Lusk of Jacksonville, Johnny Rinci, Britney Fernandez, Jacksonville, Eddie and Gussie Shelby, Cooper, Effie Thornton, Hattie Seals, Deport, James A. Mary Cooper, Deport.

Everyone had a nice time. Plans are to meet again at the same place next year on July 9.
