Palette Of Color Marks Autumn Season

By Nanalee Nichols

October provided some rare opportunities this year for fall foliage appreciation, as dry weather early in the month set up a perfect color-

creating situation.

Heavy rains and high winds have generally ended the palette of colors that motorists and hikers have been enjoying up until this week, however,

Before it came to an end, numerous area residents took advantage of mild, sunny days to travel up into Oklahoma, Arkansas or south Texas

to view roadsides ablaze with color. What plants and trees create this show? They are many and varied.

Maples provide one of the finest sources of color, ranging from dark red to a gorgeous yellow-red or even pure golden.

Hickory provides splashes of brilliant yellow with their large oblong leaves and shumack, the glowing wine-red bushes on the fence rows, counterpoint the taller trees.

Virginia Creeper frequently shows the trunks of trees in an autumn afghan of delicate color, and sassafras on sandy land is astonishingly bright.

One of the real surprises of the fall season is poison ivy. It's all too familiar three leaf cluster changes from a dark green into a glorious bright red or orange...but beware, the same rash-creating properties of summer still remain!

Sweetgum, the hackberry turn yellow and send leaves scuttling

through the breezes.

Another surprise is the often-ignored bois 'd arc tree. All along roadsides, fence rows and creeks, the bois 'd arc casts a canopy of brilliant yellow, interspersed with the round globes of yellow-green fruit that squirrels delight in.

To add a muting, subtle tone to the whole natural palette are various other trees which turn, but not to the fiery colors one associates with fall.

Pecans and some oak trees provide a softening influence on the woods and roadsides. Darker and more dramatic than ever are the cedars and pines to that furnish even more contrast.

The whole choreography of color is a delight to the eye and to the soul. Fragile, the rains and winds of winter have swept it away, except from the hearts of those who have taken advantage of one of the loveliest autumn seasons in years, and carry it inscribed in their memories.

The clutch was in but the gears were slipping. The lights were on, but nobody was home. The cogs weren't

shing.

If the condition is permanent, we're all in deep trouble!

Last week was one of those weeks that go down in our personal paper history as "one for the books".

And everything that went wrong seems to have been caused by lack of attention or simple stupidity or carelessness.

I posted the books while Cindy was on vacation...and made a few errors.

I did things like walk the length of town to make multiple copies of something...and make one copy.

I forgot to go to Mt. Vernon to pick up something...with a note on my desk reminding me to do it.

When Thomas came in, he began to process five rolls of film...and

umped in stabilizer first instead of developer. Guess what...five rolls of crisp, clear film! Five rolls of pictures that we didn't have!

Wednesday morning I began making up pages. No need to go in to the things that wouldn't fit, the Deport items that got into Bogata's side of the board, and had to be fitted in after we had already shot a page.

Finally, after a long, long day Wednesday (did I mention emptying a coin tube on a news rack all over the floor of the store?) I stumbled to work Thursday morning feeling like my brain had been sizzled with an overload of the stupids.

The minister of the First Baptist Church in Deport stopped by. He tactfully broke the news that I had a picture on the front page in Deport misidentified...put down the wrong church!

I crept home with my figurative tail tucked between my legs. All afternoon as I cleaned house (how about the tea that boiled dry) I felt the fool. I also dreaded the phone ringing in case it was someone else to tell me what other fool stunts we pulled.

I worried all afternoon for fear that I had forgotten to do something or had done something else wrong.

Finally it seems all my "sins" had come home and we settled down to eat crow. We had crow with a pat of butter, crow cooked in pastry, chicken fried crow. Crow doesn't taste good. I'm making a valliant effort to check and double-check everything we do this week. And perhaps offering up a little prayer that the clutch doesn't slip this week!

Five Inches Of Rain Drench Area

Over five inches of rain drenched the area in two days time, leaving behind flooding and lightning damage.

Heavy rains began Sunday morning, continued unabated throughout the night, and most of Monday, when high winds took their place.

Creeks and ditches overflowed, stock ponds ran over, and in some places water covered roads for short

periods of time during the deluge. Lightning interrupted telephone and electric service in several places, and reports of lightning hitting telephones, VCR's, microwaves, homes and power poles were numerous.

Sunshine replaced the less-than-pleasant weather on Tuesday, leaving behind mud and leaves in the wake of the storm.

Two Hospitalized After Wreck

Two teenagers were hospitalized after the car in which they were riding was struck, as they were attempting to make a left turn off Highway 271 on Friday night, November 6.

Darla Jean of Johntown was returning home after Friday night's football game at Rivercrest Stadium with passengers Lana Pirtle, Eric Cabell, Crystal White, Clay Pirtle and Robby Reeves. She was attempting a left turn, south onto a county road off Highway 271 to take one of the passengers home, when Charles Morseman of Bogata, driving a 1978 Mercury Cougar, failed to control speed and struck the 1977 Oldsmobile driven by Miss Jean.

Darla Jean and Lana Pirtle were

taken to McCuiston Hospital in Paris by ambulance where Miss Jean was treated for a head injury and was released Sunday, Nov. 8. Miss Pirtle remains a patient in McCuiston Hospital with a fractured jaw. Clay Pirtle and Eric Cabell were taken by private vehicles to McCuiston Hospital, treated for minor injuries and released. Crystal White, Robby Reeves, Charles Morseman and Donny Thomas, a passenger in the Morseman vehicle, were treated for minor injuries and released from Red River General Hospital in Clarksville.

Charles Morseman was arrested on DWI charges and jailed in Red River County. He was later released on bond with charges pending.

Student Council To Sponsor Walk-A-Thon

Again this year, the Rivercrest Student Council will sponsor a Walk-A-Thon for the Cystic Fibrosis Foundation.

Cystic Fibrosis is an inherited, incurable disease. It affects the lungs and digestive system and is the number one killer of children. All of the money the Walk-A-Thon raises will go to support the Cystic Foundation's programs of research, care and education.

The Walk-A-Thon will be held on Saturday, November 14 at the Rivercrest track from 9 a.m. until 11 a.m.

Local business are being contacted for donatins of prizes and gift certificates and for drinks and cookies for refreshments for the participants. Rivercrest Walk-A-Thon participants will also be contacting friends, relatives and neighbors for a pledge or donation for this worthwhile project. A participant will have his sponsor sheet and validation lap card for identification.

You are asked to please help support this worthy project.

YHT To Have Crafts Demonstration

Betty Hinton of the Holiday House will be demonstrating craft ideas when the Young Homemakers of Rivercrest meet on Nov. 17.

The meeting will begin at 7 p.m. in

the Homemaking Room at Rivercrest High School. Anyone wishing to become a member of the club is urged to attend the meeting.

"Say No To Drugs" Program This Sunday

Maple Springs Missionary Baptist Church invites young and old alike to a drug awareness program to be presented by Sgt. Bill McNutt of Titus County Sheriff's Department.

This will be the first of several sponsored by the youth department of the

church. Parents are urged to bring their children to this very important program on Sunday, November 15 at 5:30 p.m.

Talco City Council Meets

The regular scheduled meeting of the Talco City Council met November 9 at City Hall.

Minutes from the previous meeting were read and approved. Bills were reviewed and approved for payment. A contract was signed between the city and Titus County Appraisal District for tax collections.

There being no further business, the meeting adjourned.

You can take comfort in Natural Gas.

Trusting gas for your home is a natural. After all, Lone Star Gas Company has been faithfully serving its customers for

more than 75 years. Through the years, we have worked to earn your trust by providing safe, dependable natural gas.

Do you know why gas has a strong odor? Because we have added a harmless odorant to the gas that lets you know it's there. This is for your safety, so if you ever smell the strong odor of gas in your home, follow these rules:

Since gas lines run underground, you should also take precautions against disrupting these lines, particularly if you plan to:

- 1 Do not switch anything electrical on or off. Do not use your own telephone (telephones use small amounts of electricity). Do not strike a match, and do not do anything that might cause a spark.

- 1 Put in a new fence.

- 2 Install an underground sprinkler system.

- 3 Perform any major landscape renovation.

- 2 Have everyone leave the house immediately, leaving doors open for ventilation.

Before you dig, call your local Lone Star Gas office. If you smell a gas odor while you're outside, immediately contact Lone Star Gas.

- 3 Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause before returning to your home.

In our continuing effort to provide better, safer service, local Lone Star Gas offices are ready to answer any questions that contractors may have concerning the location of gas lines in their areas.

The safety record for natural gas is impressive, and peace of mind is an important part of what natural gas has

to offer. By following these simple rules, you can take even greater comfort in natural gas.

Rebs Close Out Season With Win

By Stan Anderson

The Rivercrest Rebels ended their 1987 campaign with a 20-7 win over the Wolfe City Wolves in Jothtown last week.

The win improved the Rebs record to 5-4-1, quite an improvement over last season's 1-9 record. And the future looks even brighter for the 1988 season. The Rebs will only be losing five senior starters and returning a host of talented young players that should provide an exciting football season.

Wolfe City got on the scoreboard first in this contest, following a Rebel fumble that gave the Wolves good field position at the Reb 30-yard line. The Wolfe City pack score came with two minutes left in the first quarter.

Rivercrest started their first scoring drive on their own 16. Bradley Woods, Marcus Savage and Scooter Brown split the running chores as they pushed the ball to the WC 27-yard line. On a third and four play, Scooter Brown followed his line enroute to a 27-yard scamper for the Rebs first TD, knotting the score at 7 each.

The Rivercrest defense forced Wolfe City to turn the ball over on fourth down. The Rebel offense took over on their own 6-yard line. A 27-yard burst by Brown and a Wolfe City penalty moved the ball near midfield. Several plays later, the Rebs found themselves faced with a fourth and three situation when Scooter Brown ran around the right end and raced into the endzone from 42 yards out. With two minutes left in the half, the Rebs had a 14-7 edge.

The third quarter proved to be a

defensive struggle as neither team mounted a scoring threat, and ended the quarter trading punts several times.

Rivercrest provided some offensive spark early in the fourth quarter as senior Marvin Anderson returned a Wolfe City punt for 45 yards and a TD only to have it called back by a Rebel penalty. Two plays later, Rivercrest fumbled the ball away to the Wolves on the WC 40-yard line, who fumbled the ball to the Reb offense on the Rivercrest two yard line several plays later.

The Rebs pushed the ball out to the 23-yard line before a host of Rebel penalties brought the ball back to the 5-yard line. Bradley Woods booted a 39-yard punt to the Wolves but again the Wolves were plagued with an untimely fumble giving the Rebs the ball on their own 33.

Two plays later the Rebs coughed up the ball also on the Rivercrest 34. Wolfe City moved to the Reb 18-yard line when Rebel defensive back Jeremy Abshire stepped in front of a Wolfe City pass and returned it to the Reb 22. Brown advanced the ball to the 23 and on the following play, Bradley Woods swept around the left end for a 77-yard touchdown spring with 35 seconds left in the contest. The final TD of the contest gave the Rebs a 20-7 victory, ending the 1987 football season.

Rivercrest amassed 336 yards rushing and 33 yards passing for the evening. Scooter Brown led all runners with 156 yards followed by Woods with 85 yards. The Rebs also receiv-

ed outstanding play on both sides of the line from seniors Todd Denny, John Purviance and Sammy Sparger. Senior defensive back Marvin Anderson led the Rebel secondary with a super performance at cornerback. These seniors will be sorely missed next year but the addition of new talent to an already explosive Rebel team should provide for an even brighter season.

3RD STUDENT of the Week is Kristie Reed, an eighth grader at Talco Junior High School. She has been in the band since the fifth grade and plays the clarinet. She is the daughter of Mr. and Mrs. Lyndon Reed. (Staff Photo by Jelu Binton)

NTCC Holding Pesticide Certification Course

The Northeast Texas Community College in cooperation with the County Agents of Titus, Morris and Camp Counties will provide an opportunity for Northeast Texas citizens to complete a training program leading to certification as private pesticide and herbicide applicators.

The Private Application Certification Training Program, one of the means of qualifying for certification as a private applicator of restricted-use pesticides, will be offered at NTCC in the Humanities Building, Room 111 from 6 to 10 p.m. on Tuesday and Thursday, Nov. 10 and 12.

The course, designed by the Texas Agriculture Extension Service, will

include a discussion of laws, labels, labeling, pesticide safety, mixing and calibration, and pests and pest identification. Those attending and seeking certification as private applicators will be able to complete a request for Private Applicator Certification which will be forwarded to the Texas Department of Agriculture for issuance of certifications.

Instructor for the course will be Richard McCarver and cost is \$5.00.

For those wishing to obtain private applicator certification contact the NTCC Lifelong Learning office at 572-1911 for information and registration.

Arthritis Can Be Helped

Many people still think that "nothing much can be done" about arthritis. This couldn't be further from the truth, reports the Arthritis Foundation.

"People need to get the facts straight," said Judith McAbee, Executive Director of the Foundation's North Texas Chapter. "Arthritis can be helped, but early diagnosis and treatment are essential."

Today, physicians can often prevent arthritis disability and crippling.

But, unfortunately, many people with arthritis delay seeking proper medical care until the damage is already done.

For more information about arthritis and the importance of early diagnosis, call or write the North Texas Chapter at 211 Treadway Plaza, Exchange Park, Dallas, TX 75235. Or call 1-800-442-6653.
