EXCELLENT RAIN FALLS OVER HASKELL COUNTY

A good rain fell over all parts of Haskell County Thursday, Friday and Saturday nights. So far, no reports of damage from hail or wind have come to us from any section of Haskell county and everybody is rejoicing over the excellent rain.

The cloud Thursday evening did considerable damage in and near the town of Munday in Knox county. The home of J. J. Baskin of Munday was wrecked by the wind, doors were blown in and the contents of the house damaged. Walter Glasgow's garage was demolished and several other buildings were damaged. The wind and sand killed the cotton in a few localities and it was common talk on the streets that the wind was one of the hardest the town has had in several years.

SCHOLASTICS SHOW GAIN OF 786 OVER LAST YEAR

The Scholastic Census of Haskell county has been completed and turned in to the County Superintendent, Mrs. Ed Robertson, by the census trustees. The census shows a grand total of 4448 scholastics for the county, an increase of 786 over last year.

The work of enumeration has been thorough and efficient on the part of the census trustees and they are to be complimented on the excellent work.

The school system of Haskell county has been at all times above par among the West Texas counties and we have the assurance that she will maintain her efficiency in the future.

STANLEY GROCERY CO. SELLS TO L. C. L. OF ROCHESTER

C. H. Stanley, former manager of the Stanley Grocery Company of Rochester was in the city Wednesday. He reports his former company to have sold out to the L. C. L. Company, which is a chain of Grocery Stores that are now being organized and put into effect at different towns in this section of the West. Mr. Stanley is manager of the new store at Rochester and T. H. Sonnenburg is secretary and treasurer for the company. Already they have in operation stores at Stamford and Knox City that are reported to be doing good business. They are planning to extend this system to various other towns as soon as possible. These stores are incorporated separately for every town but they save to their customers by cooperative buying from the wholesale trade. Mr. Stanley says they have sold their stock of furniture to Mansell Bros. who will move into the brick building with them about the first of July. This store has been re-arranged and repainted and made convenient for the trade.

EDGAR WEAVER ANNOUNCES FOR COUNTY SUPERINTENDENT

We are authorized to announce Edgar (Speck) Weaver of Rule as a candidate for the office of County Superintendent of Public Instruction for Haskell County, subject to the action of the Democratic primary July 24th. Prof. Weaver is one of the county's best teachers a native Texan, and a devoted young man of strong personal character. He has lived in the county for 19 years making his home in and near the city of Rule.

He was in the service in the World War for 12 months, and was in France 5 months before the signing of the armistice. He is competent to fill the office to which he aspires and promises if elected to perform the duties of the office to the best of his ability. He earnestly solicits your vote and influence.

H. H. LANGFORD ANNOUNCES FOR TAX COLLECTOR

We are authorized to announce H. H. Langford as a candidate for the office of Tax Collector, subject to the action of the democratic primary July 24.

Mr. Langford is so well known throughout Haskell county that we feel it would be impossible for us to say anything in this introduction to help his candidacy. He has served Haskell county for four years as Tax Collector and during the past two years he has been acting as deputy for Mrs. Addie R. Long the present collector.

Mr. Langford states that "This announcement may seem to appear to be at the 'eleventh hour' but until quite recently I was unable to get an expression from Mrs. Long, the present Collector, whether or not she would be a candidate for re-election this year, but now as she has decided not to enter the race I feel free to make my own announcement, as I did not think it proper to enter the race against Mrs. Long who had so kindly given me employment in the office during her administration."

Mr. Langford is fully qualified to fill the office to which he aspires and his past record will testify to this effect. He hopes to see as many of the voters as possible during the next few weeks and will appreciate your vote and influence.

PATRONS MEETING AT CLOSE OF MCCONNELL SCHOOL

The McConnell school closed last Friday. The patrons met at the school house and spent the day with the children and teacher. Lunch and cake was served by the patrons to the school and a good time was enjoyed by all. Miss Pearl Oliver of Sulphur Springs taught the school for the past term and she is reported to have given perfect satisfaction at all times, and the highest degree of co-operation existed between pupils, teacher and patrons.

FLAT TOP SCHOOL CLOSING WITH ALL-DAY PICNIC

Friday morning the writer in company with Mr. and Mrs. Jesse B. Smith, Mrs. Ed Robertson and little daughter Lynda, boarded the jitney of Mr. Smith's and began the journey to Flat Top, where Miss Fannie Kay of Sager, was closing her fifth consecutive term of school. We arrived in time for dinner which was spread on a long line of desks that had been brought from the schoolhouse and laden with many good things to eat by the ladies of the Flat Top community.

It has been the practice in this community for the patrons to gather at the school house at the close of school every year and listen to an interesting program or enjoy a full day's picnic as the occasion demanded. Miss Kay informs us that it was left to a vote of the pupils whether they would have a program or a picnic on this occasion and the sentiment among the pupils was unanimous for the picnic. It is needless for us to say the picnic was a success only to the "outside world" who have never had the pleasure of spending a day at Flat Top.

Our first opportunity to begin the real enjoyment of the day was to partake of this bountiful feast, the ladies had prepared and served before us. Everyone present was invited to come and eat their fill. They all seemed of one mind and moved slowly to within an arm's length of the table. A word of thanks was offered by one of the good brethren and all were asked to help themselves—and they did.

After the good dinner the people gathered inside the building to listen to what the candidates had to say in their behalf and why they should be elected. Charlie Conner, candidate for Tax Collector was first to make a talk, followed by Jesse B. Smith for Tax Assessor, C. B. Long for County Judge, W. E. Welsh for Sheriff, the writer, who is connected with the Free Press, and Mrs. Ed Robertson, candidate for County Superintendent. The theme of all the speakers were congratulations to the school and the cooperation of the community in the interest of their children. The expressed ability of the trustees in safely conducting the affairs of the school for the best of all concerned. Fred Spitzer acted as chairman and thanked everyone in behalf of the teacher and school who had helped to make the occasion a success. Miss Kay has accepted the place for another term with a substantial increase in salary in the appreciation of her work.

Miss Bonnie Roach has completed her grades in the Flat Top school the past term and will enter High School. Just what school she will enter was not made known to the writer.

At the close of this eventful day, as we go to our separate homes, the many happy occasions and the pleasant associations are written on memory's page in letters of gold never to be forgotten.

Mrs. A. D. and T. J. Bennett of Weidart were shopping in the city Thursday.

F. P. Martin of Rochester was in the city Wednesday on business.

Joe L. Steele of Sweetwater was in the city Wednesday on business.

FIRST CAR OF NEW WHEAT SHIPPED TO FORT WORTH

Haskell county shipped the first car of new wheat received in Fort Worth this season. The car was shipped from Rochester, where threshing has been going on for some time. The wheat tested 60.7 and was sold on the market for \$2.80 per bushel. Haskell county's wheat crop is making a good yield this year. It is threshing around 20 bushels per acre average in the Rochester county and some wheat has threshed 22 bushels per acre. The oat and barley crops is far better than last year and the crop is being harvested in fine condition. Threshing will continue and we believe the crop will all be saved in good shape this year because the acreage is not abnormal as it was last year.

ROCHESTER COTTON RECEIPTS GO ABOVE THE 7,000 MARK

J. H. Cooper, Public Weigher of Rochester was in the city Wednesday and reports the cotton receipts of the yard to have reached the high mark of 7,325 bales from the 1919 crop. He further stated that there is quite a lot of cotton being held by the farmers at their homes in his section. He reports the threshing of wheat begun the past week and that some of the wheat had made as high as 21 bushels per acre. The row crops he says, were never better at this time of year and the farmers were well up with their work and the recent rains have put a fine season in the ground.

FARMER MAKES SUCCESS TILLING HASKELL COUNTY SOIL

Fred Spitzer of the Flat Top community south of Sagerton made \$10,000 farming in 14 years, taking the years as they came. He came to Haskell county in the early part of the year of 1906 with \$100 in cash. He married during the year and set out in life to make a success farming. He has been on the job and with good management and energy has increased his income year by year. He is an advocate of improved machinery where the cause will justify the purchase. He has a sufficiency of stock to make it profitable to him, but at no time does he undertake to overstock his farm. Mr. Spitzer advocates the cream separator and borrowed the money to buy his first one and paid for it in three months by shipping cream to market.

He owns a good farm and has recently bought a larger one and expects to expand his farming interest but at all times will keep in the bounds of consistency. He has always remained on his farm during the droughts and kept his belongings together. But he says 1918 was the worst drought and conditions were the worst he ever witnessed in his years as a citizen of Haskell county, but he kept right down to business and saved all he could on expenses and he profited by it.

We make mention of Mr. Spitzer's success in order to show to our many readers what can be done in Haskell county. He is just a man like one of us and he has no special way of making money only working and saving in a consistent way. He has never denied himself or his family anything that he needed but has enjoyed life and the fruits of his labor and he is a reader of the Free Press and considers it a good investment and worth the money. He estimates his farms, cash, and personal property to be worth \$10,000.00.

PARENT-TEACHERS ASSOCIATION MEETING

The Parent-Teachers Association will meet July 1st at the Public Library at five o'clock. All who are interested in better schools for Haskell, come.

H. W. Dowdy of Antelope, Jack county, is visiting his nephews, Sam and John Johnson of Mule Creek. He was in the city Thursday and made this office a pleasant call. He says that Haskell county has the best crop prospects of any place he has seen at home or on the road. That is encouraging to the Haskell county farmers because the route between Jack and Haskell counties passes through some mighty good farming sections.

JNO. A. COUCH RETURNS FROM EL PASO MONDAY

Jno. A. Couch returned Monday from a short vacation and a visit with relatives in El Paso. He reports a good time and the most interesting part of the trip was a visit to Juarez, Mexico. He visited several of the old churches and cathedrals that have been in service for above 400 years. He brought back some interesting pictures of the old structures. John A. can distinguish himself as a historian when he paints the picture of the lurid conditions that span the Rio Grande river and the Mexican soldiers are standing tattered in rags and bare footed as they demand to see your passport. On his return he found it necessary to be vaccinated for smallpox or remain in Old Mexico, and he took the vaccination. He also underwent an operation for tonsillitis while in El Paso and it was very successful and he is feeling fine.

HARDY GRISSOM RECEIVES CAR OF HEREFORD CATTLE

Hardy Grissom received this week 13 head of Hereford cattle he recently purchased in Lexington, Kentucky, from two of the leading herds in the United States. This brings Mr. Grissom's herd to above the one hundred mark of this famous breed. He has launched out in the cattle business and he is buying the best. This is the only safe way. When you have the best, you have no competition. Mr. Grissom is doing his part in bringing Haskell county into possession of her own. With an ideal climate, fertile soil and luxuriant grass, why not make Haskell county the banner county for agriculture, livestock and poultry. We are going to do it. When men like Mr. Grissom begin to enlist in the army of progression you may expect gratifying results.

C. W. McCown of Post was in the city Thursday on business. Uncle Charlie is one of our best farmers and has a fine prospect this year for a crop. He is a reader of the Free Press, and not only that but a booster for his county paper. We are glad to have Uncle Charlie on our mailing list for he always keeps the date line ahead.

TWO ARRESTS ON CHARGES FROM OTHER COUNTIES

The sheriff's department has been very active the past few days and two important arrests have been made. A man giving his name as Harvey Jones was arrested on suspicion a few days ago and held to await investigation. Later it was learned that he was wanted in King county on a charge of forgery and he is alleged to have confessed that he was wanted in St. Louis on a murder indictment. J. D. Hallmark was also placed in jail, who is wanted in other parts of the state on a Federal charge of white slavery and is awaiting the arrival of Federal Officer Baylor Crawford of Abilene to take charge of the prisoner.

TWO NARROWLY ESCAPE DROWNING IN PAINT CREEK

Mr. and Mrs. W. P. Brown came very near losing their lives the first of the week when they drove into the flood waters of Paint Creek at the McClenock crossing east of Howard Schoolhouse. Mr. Brown was familiar with the stream was so swift that the horse they were driving was unable to keep his footing and the buggy they were riding was overturned, leaving them adrift in the swift current, which carried them down the stream for half a mile before they were able to make a safe landing.

The horse and buggy had not been found as we go to press. The fate of the animal is still a mystery.

RUSHY SCHOOL ELECTS TEACHERS FOR NEXT TERM

Prof. C. K. Chamberlain was re-elected to the principalship of the Brushy public school in the north part of the county at a recent meeting of the board of trustees. Miss Mae Williams was also elected assistant. Prof. Chamberlain taught this successful school the past term and it was pronounced by all very satisfactory and as it has always been in accordance with our views to keep a good teacher on the same job as long as you can. Miss Williams taught the Ferris Ranch school the past term and her work was accorded a high degree of excellency and she was asked to continue her place with the school, but she declined to accept the above-named place. The community should feel proud of the selection of the faculty for the ensuing term, which insures them another successful school.

RUDOLPH FURRER PASSES AWAY SATURDAY EVENING

At his home in the south part of the city Saturday evening at 8:30 o'clock Rudolph Furrer died suddenly from heart failure. There was no one present when he was stricken but his two small boys, the oldest not over 9 years of age. They gave the alarm and W. W. Collins reached the home in time to see him breathe his last. Mr. Furrer was about 52 years of age and has lived in Haskell for over 12 years. He has kept a shoe shop in Haskell most of the time and his place of business was on the east side until the death of his wife about three years ago when he moved his shop to his residence where he could look after the affairs of home and his children. His remains were laid to rest in Willow cemetery Sunday afternoon at 4 o'clock. Rev. Seal, pastor of the First Baptist church conducting the services. He leaves three children. He has some property and had \$2,000 insurance that was made to his children. He had many friends who will regret to learn of his death.

SECOND PRIMARY ONLY FOR STATE AND DISTRICT OFFICERS

The Democratic Executive Committee at its meeting at the court house in Haskell Monday June 21st, decided against the second primary for the county candidates. Only state and district candidates will be voted for in the second primary. The candidates receiving the most votes in the first primary for all county and precinct offices will be declared the nominee. The committee also placed the Democratic pledge at the head of the official ballot and have gone on record in favor of a white man's primary on Saturday, July 24th.

CIVIL SERVICE POSITIONS FOR DISCHARGED SOLDIERS

The Southwestern Division of the Red Cross at St. Louis has been asked to notify the Haskell County Chapter of the Red Cross of a recent announcement of the War Department that several thousand civil service positions under the department are now open for discharged soldiers partially disabled from wounds or diseases incurred in the war.

For some months past Secretary of War Baker has been working on a plan whereby the War Department might provide for the partially disabled soldier under its own jurisdiction.

Congress has already provided that in making appointments preference shall be given to honorably discharged veterans and their widows or wives.

Some of the positions under the War Department in which partially disabled soldiers may be employed are those of stenographer, typist, clerk, file clerk, messenger, watchman, multigraph operator, mimeograph operator, blue printer, skilled laborer, foreman of laborers, packer, sign painter, electrician, carpenter, painter, checker, elevator operator, storekeeper, timekeeper, and the like.

Information as to the positions and their locations may be obtained from any office of the War Department, the Civil Service Commission, or the Federal Board for Vocational Education, or full particulars may be had by writing direct to the United States Civil Service Commission, Washington, D. C.

For Your Health and Happiness

Sounds strange, maybe, but true nevertheless. Do you live to eat or eat to live? Your health and happiness depends infinitely more upon what you eat than you have considered, possibly. Happiness depends largely upon good health, and good health is largely governed by the wholesomeness of what we eat. The family daily diet for December should be very much different from that of the summer months.

Those hot July days are coming and you need to select with care the things for the table; the meals for hubby, for the big boys and for the children.

We have anticipated everything along this line and are prepared to serve you the very best things in the grocery line and to fit the SEASON.

Everything is kept clean and all that you get at this store has been handled sanitary.

Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. _____ had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

CARDUI The Woman's Tonic

She writes further "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." Cummins-Meadors

The following clipping from an Austin paper will be of interest to their host of friends here.

Miss Yettie Cummins of Haskell, Texas, and Virgil Meadors of Austin were married Friday evening June 4th, at 7 o'clock at the home of Mr. and Mrs. Bruce Bryant of Travis Heights. Dr. John W. Kerns read the marriage service, using the ring ceremony. The Bryant home was decorated for the occasion in green and pink, ferns and gladioli being grouped at one end of the living room to form an improvised altar, at which the bride and groom stood unattended to receive the marriage vows. A small party of friends were present to witness the ceremony.

The bride wore a modish contour of navy blue tulle, with its corresponding accessories, and carried a bouquet of Shasta daisies showered with cape jasmine.

Following the ceremony a reception was held to offer congratulations.

In the dining room the bride's cake rested on a bed of ferns entwined with small pink flowers on a table overlaid with a handsome lace cover, and was admired before being cut with the usual meriment attending such occasions.

Toasts were said during the serving of a course of refreshments. Mr. and Mrs. Meadors left Austin at 8 o'clock for a short wedding trip to San Antonio, after which they will be at home to their friends at 708 West Twenty-second street.

The bride is the daughter of Dr.

and Mrs. D. J. Cummins of Haskell and had just completed her Junior year at the University of Texas. The groom is connected with Texas' Highway Department at the Land Office, and formerly resided in Haskell.

Stokes-Read

A beautiful wedding occurred Sunday morning at 8:30 o'clock at the home of J. J. Read when his daughter Miss Bettie Read, was united in marriage to C. S. Stokes of Fort Worth. She has spent the greater part of her life in this city and her friends are numbered by her acquaintances. The groom is a prosperous business man of Fort Worth.

The happy couple left Sunday morning for their newly prepared home in Fort Worth, where the best wishes of a host of friends follow them.

F. M. Harrison a Successful Farmer

F. M. Harrison of Knox Prairie, living about 20 miles from Haskell on the line of Knox County, is one of our best farmers, owning 320 acres of good sandy land. He came from the black land belt of East Texas and lived in the town of Greenville, in Hunt county, before coming west.

He does not like the black lands better than this good grade of sandy land and it has not proven to be more productive to Mr. Harrison than the lands he now owns. He has a well improved home and is in a position to enjoy life on the farm. He has an automobile and other modern conveniences that puts the farm in close touch with the city and yet he can enjoy the freedom of pure air and away from the noise and jam of the city.

Mr. Harrison is not farming any of his lands, but has it all in the hands of tenant farmers. He is talking of moving to Haskell another year and we will welcome them to a home among us any time they get ready to move down.

Their daughter, Miss Alice, is now spending her vacation at home. She is a student of the Baylor college of Belton and will return there when the term is resumed, to finish her education.

Mr. and Mrs. W. C. Elliott and children were in the city from the Pinkerton community Saturday. Mr. Elliott is a good farmer and has a fine prospect for crops this year. He is also a breeder of the famous Silverplaced Wyandotte chickens and he says they are the best for his purpose of any breed tried out. We trust Mr. Elliott will have some of his best specimens in the county fair this fall.

FOR THREE MONTHS HE COULDN'T WORK

Back on the Job Making More Money Than Ever in His Life, He Says

"For the first time in fifteen years I can sit down and eat a big beefsteak supper and go to bed afterwards and sleep like a log all night long," said George Sanderson, a well-known miner living at 1616 Smith St., Peoria Ill.

"This Tanlac has overcome a mighty bad case of stomach trouble and rheumatism for me," he continued. "My legs ached and pained so bad I couldn't sleep at night and my hands were so drawn I couldn't use my pick half the time. Everything I ate bloated me up with gas for hours afterwards and I would have the worst cramps in my stomach you ever heard of. Sometimes a cramping spell would hit me when I was in the mine at work and I would have to run out and lie down until it passed off. I finally got in such bad shape I had to quit my job and for three months I was not able to hit a lick of work."

"I saw in the paper where Tanlac had relieved our State Mine Inspector of troubles just like mine, so I decided to try it, too and sir, it was simply amazing the way Tanlac put me on my feet. I haven't a trace of rheumatism or stomach trouble now and actually believe I am stronger than I ever was in my life. You would think so too, if you could see the tons of coal I pile up every day—and I am making more money than I ever did. Tanlac is certainly a real medicine and I boost it every chance I have."

Tanlac is sold by leading druggists everywhere.

Mrs. Don Means and children have returned home from Lamesa where they had been visiting relatives.

Mrs. S. E. Wilkes of Terrell arrived Saturday morning to visit her daughter, Mrs. W. W. Sorrell and family.

Tire Treads Improved 25%

The latest Miller triumph is a super-grade tread. It exceeds the best rival treads today by an average of 25 per cent. This has been proved, under careful watch, by many road comparisons.

The Miller Tire mileage is the talk of the day. But these new-grade treads outwear the balance of the tire.

Not one Miller Tire, built with this new tread, has ever come back with the tread gone.

These treads do not vary. Every day the Miller tread stock is vulcanized and tested in the laboratory. It must prove up to these new standards before a tread is made.

Miller Cord Tires, in the factory tests, now average 15,000 miles. Miller Fabrics from 8,000 to 9,000 miles. And these factory tests are extreme.

Watch your mileage on one Miller Tire. Compare it with any other and it will win you. You owe that to yourself in view of Miller records.

Tread Patented
Center tread smooth, with suction cups to firmly grasp wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

FROM THE FIELD

On last Saturday morning as we sat at our desk busy with the affairs of the day our good friend Rev. C. Jones dropped into the office and in a few short words told us that he had arranged for us to go with him to Gillispie Church where he is pastor and that a good time was in store for us. Knowing Bro. Jones as we do, we were not long in making up our mind to go. Everything was made ready in short order and we were on the way to the Valley depot. We were joined by the County Missionary, Rev. D. E. Adams who was recently called from Baird to take the field left vacant by the resignation of Rev. J. F. Curry. Bro. Adams seemed to be in the best of spirits and furnished all the necessary amusement in the way of Irish wit until we reached the town of Munday where we got off the train. We deposited our grips at the confectionery of Jim Lewis and Mrs. Lewis sat before us a good dinner which we all enjoyed. Bro. Jones soon made known unto us his ability as a custodian and we found a seat in the big Dodge automobile of Bro. F. M. Harrison's and we soon reached the happy home of this good man where we spent the night. Bro. Jones and Adams came out to the home of Bro. Hudson, where they spent the night. We attended preaching at the church that night and Rev. Adams preached a good sermon on personal soul winning.

The Sunday morning services were well attended and Rev. Adams preached another good sermon along the same line. Dinner was served to all after the services by the good ladies of Gillispie, a dinner that was characteristic of this excellent community—the best by test. Everybody was invited and all were welcome, many basketfuls were taken up after all had eaten.

A singing was enjoyed in the afternoon and some good music was rendered and enjoyed. Much praise is due to Claud Stovall for his work in the interest the singing class in keeping alive the musical interest of the community.

Several special songs were sung and the feature of the day was the song of "Mother" by the little daughters of Mr. and Mrs. Ernest Hawes, assisted by Mrs. Walter Harris. There was a concourse of good singers from different sections of the country and the surrounding towns and all took part to make the day a success.

Rev. Adams preached at the evening service to a large congregation and thus ended a continuous program of enjoyment and good teaching. The writer failed to attend the last services but instead came to Munday and spent Sunday night with Mr. and Mrs. Jim Lewis and attended services at the Baptist church in the city and heard Rev. J. O. Heath preach a sermon on the "Last Day."

Bros. Adams and Jones arrived in Munday early Monday morning where we spent the day together and returned to Haskell on the evening train. We shall never forget the good people of Gillispie and the happy association with them on this occasion. We extend to Rev. Jones our thanks for the invitation, also to Bro. Adams for the hearty contribution of good cheer along the way.

We are looking forward to the time when we can again visit Gillispie and we trust that the time will not be far distant.

Mrs. Robert McNulty left for Wichita Falls Saturday to join her husband who preceded her some weeks ago. They will make their future home in Wichita Falls. Mr. McNulty is traveling for the hardware firm of Penick & Hughes.
