Happy Birthday, mother. April 27 is my mother's birthday, but instead of listing her good points, I've decided to list some of her faults. My mother has a world of faults, especially when it comes to her family.

For instance she is way, way too forgiving and won't pass judgement on anyone. This woman can forgive anyone for anything. She simply smiles sadly and says that "we never know what causes people to do what they do". Continuing, she will say that "there are reasons for everything and we don't always know them". See what I mean....what a fault!

Another one of her faults is this over-grown desire to make folks happy. Admire a needle-point or design somewhere and she will set out to make one like it.

Then there is her gullibility. She has listened to hard luck stories from everyone in the world, from neighbor children to nurses in hospitals. She has even (we all know how stupid this is) loaned them money. The only funny thing about that is that every single one of those people have paid her back!

And soft-hearted! Good grief, she is such a patsy! Stray dogs on the side of the road, dumped kittens, stranded turtles, she can't turn them away.

Over the years she has cluttered up the house with orphans of every description. This woman bottle fed opossums and poked worms down baby birds when she could have been doing something useful....like? Well, I don't know what might have been more useful but I'm sure there must have been something!

When my older brother told three boys from North Dakota they could pitch their tent in our backyard it didn't faze her. When we awoke to having campers in the yard she simply put on a big pot of beans for them.

And she's a bad manager of time too. Why, back when I was a kid she could hardly ever get anything done. That's because she would do really dumb things like sit up all night sewing a costume for a school play, or working on the decorations for the Christmas parade float.

And if she wasn't frittering away time doing things like that she was frittering it away helping kids build snowmen, or packing them picnic lunches or reading to them.

She kept us all spoiled, and we all know how harmful that is. She helped her mother and father-in-law instead of doing things she might have wanted to do. Books tell us that's "unhealthy" she kept my grandmother in the house with her for six years instead of "being myself" like the psychologists say. She loved her stepmother deeply, and everyone knows that stepmothers are always bad guys!

She's always been trusting. She's always been left wide open to hurt because of her unflinching faith in the better nature of human kind, and animal kind.

What can you say about a mother like this!

Sometimes we forget to tell the people we are close to "Thank You". I'm trying not to forget.

Mother, thanks for being exactly the way you are....with all those wonderful faults....and Happy Birthday.

"Little Bit Of Texas" Going To Nebraska

Talco fourth grade students are preparing a "little bit of Texas" to send to a new friend in Elk Creek, Nebraska.

The package is in response to a letter from Tonia Beethe, who is in the great mail race and is trying to receive a letter from every state. The Talco students not only wrote letters, but decided to surprise Tonia with more than just a letter. Talco's Tonya Milner answered Tonia's letter earlier in the week and told her to watch

her mail for something else.

Today the Talco students are busy packing a box with items from Texas. Included are a Texas flag, a current "Talco Times", a pecan, a book cover, the history of Texas, a Willie Nelson bag, and numerous other memorabilia. Also in the mail will be two to three page letters from each student written either to Tonia or a new friend at her school.

Each student wrote about himself, his school and his state.

27 at 6 p.m. on Edwards Field in Mt. Pleasant against the Angels of Mt. Pleasant.

Action for the girls age 13-15 will begin Friday night, April 28 on Edwards Field in Mt. Pleasant. Everyone is encouraged to come out and support all the girls games throughout the summer.

BASEBALL

Hobbled by injuries and reduced in numbers by "no pass-no play", the Rebel baseball team nonetheless displayed good effort in the two encounters played last week. On Tuesday, the Rebels forced Wolfe City into extra innings before yielding an 11-10 decision the more experienced squad. Spectators enjoyed the entertaining and suspenseful donnybrook.

The Como-Pickton Eagles flew into Johntown on Friday, no doubt expecting an easy contest, but coach Eddie Barker's nine, that's all that suited up for the contest, proved anything but a pushover.

With sophomore David Davidson forced to handle the pitching duties, the Eagles went down in order in the first two at bats, save for a two-out walk in the second inning. Although saddled with the loss, Davidson had five strike outs and allowed four walks in a gutsy show. The Rebel bats got hot in their second at bat, fueled by catcher Craig Easley's resounding shot over the centerfield fence to get the Rebels on the board 1-0. Audie Earley and Kevin House continued the attack with singles, and Victor Lee drove them home with a crisp two-out double down the right field line to make the tally 3-0.

The error bug cost the Rebels in the third, when Como-Pickton scored five runs on only three hits. The Rebs committed six errors in the game. Craig Easley hit his second round-tripper in the bottom of the third inning to make the score 5-4. In the sixth inning, the Eagles extended the score to 10-4 on clutch hitting and a Ryan Bozeman home run.

The Rebels made a strong comeback in their next to last at bat. Lee,

who played well both defensively and offensively in his first start at third base, drew a lead-off walk. Jim Purviance then scorched a single off Eagle ace Rodney Carpenter, a state leader in strike-outs. Justin Roach then tagged a fast ball for a three run home run, to make the score 10-7.

Coaches Eddie Barker and Shane Wilson were satisfied overall with the performance of the Rebels. "We hit the ball well," quipped Barker. Indeed, the offensive production was noteworthy. Nine hits, with five of them being two-baggers or homers. Getting at least two hits on the day, were Easley, Roach and House.

"Our errors came primarily on pick-off plays or rundowns," added Barker. "We fielded every hit ball, that is good, since we had some playing a new position." The Rebels were off this week, but return to play against Leonard on Monday.

TRACK AND FIELD

A number of Rivercrest thinclads earned the privilege of participating in the Regional 2A meet to be held this weekend in Palestine. The preliminaries will be run on Friday night starting at 6 p.m. with the finals on Saturday. The Rebels and Rebelettes will leave Friday morning, and will spend the night, returning home Saturday.

The Rebels and Rebelettes captured first in the District track meet several weeks ago, with these members qualifying for the regional meet:

Boys: Clint Tidwell will carry the RHS aspirations for a regional title and state berth as he competes in four events, the long jump, the 440 and 220 dash and the 440 relay squad. Tidwell finished first in each of these rounds. Lafayette Scooter Brown will attempt the high jump as well as the

100 yard dash, by virtue of his first place finish in the district meet in these events. Galen Logan earned a position in the distance races, by finishing second in both the mile and 880 yard run.

Completing the boys division from Rivercrest will be the relay teams: the 440 will be composed of Tidwell, Jeremy Abshire, Jeff Bagley and Ronald Simmons while Jimmy Lewis and Marcus Savage will add to the mile relay unit.

Girls: The Rebelette regional qualifiers made a strong showing in the "pre-regional" meet at Denison on Friday, competing in an open meet against all classifications (A-5A). According to Rebelette Coach Wake Wood, the girls had their fastest time of the year in all three relays. The 400 meter relay team placed fifth, the 800 meter relay team finished fourth and the mile relay squad also ran fifth. Members of these teams, who will go to regional on Friday are: Amy Gladden, Faye Whitney, Mary McKelvey, Rosie Norman, Krista Weatherall, Lana Pirtle, Tiffany Parrish and Melissa Horton. Individuals who will race or show their skill in field events, together with their performance in the competition in Denison are: Rosie Norman, second in high jump and fifth in 100 meter dash; Amy Gladden, sixth in long jump, fifth in 400 meter run and seventh in triple jump and Melissa Horton, third in 100 meter hurdles.

"We expect our girls to make a strong showing in the regional qualifiers meet this weekend at Palestine," commented Coach Wood, who has been named as the Head Coach for girls athletics for the coming year, in addition to his role as boys basketball coach and Athletic Director.

NO ONE ESCAPES PRESBYOPIA

The word "presbyopia" is Greek in origin and means "old man's eyes." Presbyopia comes to all of us as we live long enough. It's part of the process of aging.

Presbyopia is a condition that exists when vision at reading distances becomes difficult and blurry due to a gradual decrease in the focusing ability of the lens of the eye. Presbyopia usually begins to affect those between 40 and 45 years of age. It is characterized by a need to hold reading matter farther away, better close vision with brighter light, and symptoms of eyestrain and headaches.

Consumer Groups Storm Local Grocery Stores!

Stores point finger at newspaper

Today saw one of the largest consumer responses of the week to offers made by local grocery stores for discounted prices. Across the city, shoppers were redeeming coupons cut from the local paper in record numbers.

"We know any offer we make will be highlighted most by the newspaper," commented a grocery store spokesman. "Our goal is simply to inform the consumers that these discounts are available. We are confident they will respond if they see it in the paper." His statement was backed by recent Consumer Data Service reports that indicated grocery store ads triple volume on discounted items and double volume on regularly priced items. It also revealed grocery ads are read by well over 70% of newspaper readers.

Grocery store representatives unanimously agreed that newspaper advertising was the only way to get immediate consumer response. One grocer remarked, "Most people read the paper, and a bunch of those readers clip our coupons. It's that simple." His comments reflect the well known Manufacturer's Coupon Center report which stated that over 80% of all families use coupons.

"When consumers want more for their money, they always go to the

newspaper," a grocery official said. When pressed by reporters for the best offer he could make to the consumers he replied, "Look in the paper, it's all right there. Green leaf lettuce, two heads for 79¢... with a coupon of course."

Staunch conservatives in Dallas might be shocked to know that their city was built on the site of the only communistic colony in Texas. In April, 1854, a French socialist named Prosper Victor Considerant established La Reunion, four miles away from the site of the present Dallas County Courthouse. Every household was assigned a plot of community-owned land to cultivate and after the crops were sold and the bills paid, the profits were divided among the families. Meals were served in the communal dining hall where prices were based on age and sex, not on the size of the portion eaten. After squabbles about this rule and several others, the colony disbanded in 1867.
