

By Nanalee Nichols

Some time ago I took a look at the origin of common expressions, and mentioned just how many of our common cliches or statements have their origin in horses as a means of transportation. "Putting the cart before the horse" "Settling into harness" and a host of others are rooted in the use of horses as a major means of transportation and strength.

Well, along the same lines, has anyone considered just how many expressions are related to growing things?

Farming, gardening, agriculture of some kind has always been the strength of this nation, and once again, our speech reflects it's importance.

Witness: "It's a long row that doesn't turn". (Anyone who has ver hoed up and down a long ow, or driven a tractor down one

knows exactly what that means!) What happens when someone or something needs to be eliminated? It gets "weeded out", of course!

Idea. s germinate. Seeds of doubt get planted. We even fertilize or nuture them.

We all "make hay while the sun shines"

We have to "pull together" yet another reference to plowing or pulling in harness with animals.

Taking the best and leaving the rest? We say someone is "skimming off the top, " a reference to skimming the cream (the best part) off the top of fresh milk. Again, we "milk something for

all it's worth" Gained weight? "Been out to

good pasture" old timers say. The grass is always greener on the other side of the fence refers. of course, to farm animals

their heads through the wire to get at grass outside their pasture. We "nip things in the bud" instead of allowing them to de-

We actually cultivate friendships, as if they were crops or precious flowers, not an inapt comparision at all!

Working from "can't see til can't see" certainly refers to a farmer's long days from the time it is just too dark to see in the morning to quitting when it gets just too dark to see at night.

A child blossoms, or is "cut down in the flower of youth".

We sow wild oats, we reap bad harvest or comment that criminals come from bad seed or stock. We soak of love or attention as

the thirsty soil soaks up rains. The list seems almost endless,

and the reasons are simple. Nothing, no one, can escape the reality that growing things is what keeps each and every one of us alive.

Even the most long-time, city apartment dweller is aware deep down that food and raw materials are grown!

And as a nation founded in agriculture, we probably have more "growing" type expressions than any other.

So remember, the next time you feel like you have a hard row to hoe....the expressions has a very real, very rural background! Your Community Newspaper...Serving Local Folks, and Local Businesses For 53 Years

# Wreck Kills Three, Injures Four

Three people died and one remains in critical condition following a twovehicle accident last Wednesday, July 5, just outside of Deport.

The call came in at approximately 6:10 p.m. on U.S. Highway 271 South, about a mile northwest of Deport.

According to Texas Highway Patrol official reports, Willie Ray Abbott, age 61, of Rt. 3, Paris, was the driver of a 1986 Ford pickup, which was traveling northwest on Hwy. 271, when Jerry Mike Woods, age 32, of Deport, the driver of a 1977 Datsun car, which was traveling southeast on Hwy. 271, attempted a left-hand turn onto the Highland Cemetery Road.

Abbott's truck was unable to avoid the automobile. The pickup struck the car, and went airborne with a

portion of the right front quarter panel of the Datsun imbedded in the front grill of the pickup. The pickup then swung around and flipped, coming to rest on its top.

Abbott was killed, and his three passengers, Melvin Abbott, age 35, Larry Michael Smith, 54, and Eddie Darrell Archer, age 33, were injured. All three passengers were from Paris.

The Datsun then swung left and came to rest on the unpaved portion of the shoulder, about 68 feet from the point of impact.

Killed were Jerry Mike Woods, the driver, and a passenger, James Dewayne Seat, age 34, both of Deport, Critically injured was Sarah Avalos Guitierrez of Los Angeles, CA. Also killed were two dogs rid-

ing in the Woods vehicle.

Guitierrez had to be cut from the Datsun by the Reno Rescue Squad, using the jaws of life apparatus. She was taken to St. Joseph's Hospital in Paris, and later that evening was transferred by Careflight helicopter to Wadley Regional Medical Center in Texarkana, where she was still listed in critical condition, but alive, on Tuesday, July 11.

Deport Volunteer Firemen assisted at the scene and the Reno Rescue Squad was on hand quickly to administer help.

All three bodies were taken to Grant Funeral Home and the accident is currently under investigation by authorities.

THREE Dead, one in critical condition and three more injured was the result of this collision between a 1977 Ford pickup and a 1977

Woods, James Dewayne Seat, both in the car, and Willie Ray Abbott,

# Talco Girls Play With Dixie Debs

The Hopkins County Dixie Debs girls softball team, ages 16-19 are playing and practicing for the state tournament to be held this weekend.

The girls played Emery last Friday night in Sulphur Springs and won the game 24-11 and the Sulphur Springs All Stars Division III on Monday and won 13-9.

They will participate in a tournament this weekend in Tyler, where they play Whitehouse and Monroe, LA teams.

Members of the Hopkins County Dixie Deb team from Talco are Jerilyn Russell and Tonya Hawkins.

The state tournament will be in Nacogdoches in July 14-19. Their first game is Friday at 6 p.m. against Angelina at Hoya Field. The teams will play for six days and if they continue to win in the double-elimination tournament, the first place team will go to Salem, Virginia for the National Finals later in the year.

# Michael Tabb Injured In RV Accident

Vickie Tabb of Pine Branch, was seriously injured whil riding a 3wheeler Sunday, July 9. He was taken to Titus County Memorial Hospital in Mt. Pleasant where he was treated

Michael Tabb, son of Dan and and transferred to Children's Medical Center in Dallas.

Michael underwent head surgery the same day. He has been reported as doing fine. For those wishing to send cards, the room number is 409.

# In Summer Months!

Summer has finally arrived after a late start, but seems to be trying to make up for lost time with heat and humidity.

The evening rains, however, seem to persist as heavy rains spotting the area keep the grass growing at an incredible rate, and make hay baling and row cropping difficult.

Because of the rains soy beans and milo are heavy and good, while vegetable gardens are suffering.

Many vegetables are sitting in

heavy, muddy ground rotting, or with yellowing leaves.

Temperatures in the high nineties, accompanied by the humidity, make

work outside unpleasant. The "dog days" are fast approaching, and dogs, cats and people are suffering not only from the heat, but from fleas and ticks, who positively thrive in the damp, muggy tempera-

Fogging and spraying homes and yards, plus dipping or the use of flea collars is the only way to try and keep the insect pests from devastating a peaceful lifestyle!

Glorious sunsets, misty nights and brighter than usual flowers are pluses on the seasonal side, however. Whether the abundance of rainfall

will cease later in July or August is, of course, yet to be seen.

# "You're Invited to Beltone's Special Consultation" (Date to Date)

Not long ago, Beltone invited me to re-examine a hearing problem I'd been struggling with for quite some time. That was a turning point in my life, because at Beltone's free hearing evaluation I learned how easily my hearing problem could be helped.

Today I wear two tiny Beltone Petite hearing instruments. They're so

Eddie Albert Beltone Hearing Aid Wearer

small, people rarely notice I'm wearing them. Yet they help me to hear better and enjoy a fuller, more rewarding work and home life.

If you can't hear as well as you'd like, or if you hear but have trouble distinguishing all the words in a conversation, like I did, please accept Beltone's invitation to the Special Consultation. There's no cost or obligation. Beltone helped me change my life for the better. Now it's your turn!

### Talco WMA Meets

The First Baptist Church WMA of for the district W.M.A. meeting to be Talco met Monday, Juy 10 for their regular meeting.

President Jo Coil called the meeting to order and prayer requests were made by Mrs. Nancy Keck.

The minutes were read and approved. The ladies discussed future fund raisers to help buy a church van. It was decided to have a barbeque supper some time in August. No definite date was set. Plans were made held July 27 at 7 p.m. The group voted to give a donation to the First Responders of Talco.

Devotional was given by Mrs. Joyce Alexander from Luke 10:38-42, the topic being Martha. Mrs. Pam Hinson will bring the devotional for the next meeting. Mrs. Vivian Westbrook will be the hostess.

The group dismissed with prayer by Mrs. Vivian Westbrook.

### Keeping Healthy

#### Majority of Colorectal Cancer Patients Diagnosed Early Can Be Saved

The American Cancer Society reports that colorectal cancer is the second most common cause of cancer death in the U.S., ranking next to lung cancer. "With early detection and careful follow up, the cure rate for colorectal cancer could reach 90 percent, according to experts in the field, reports the American Family Physician.

One of these specialists, Paul Sherlock, MD, chairman of the Department of Medicine, Memorial Sloan-Kettering Cancer Center, New York City, says that several factors are probably involved in the development of colorectal cancer. These include diet, environment and heredity, although the relationship between diet and colorectal cancer is still not completely understood

Theories about the effect of diet include the idea that "dietary fat triggers the release of bile acids which promote the action of carcinogenic agents", and also that "people eating high fat, low-fiber diets excrete many mutagens in the stool". Occupational exposure to environmental pollutants have also been linked to colorectal cancer.

#### THOUGHT FOR FOOD by GOULD CROOK

#### Strawberry Chiffon Pie

- Keebler Ready-Crust Graham Cracker pie crust
- 1 pkg. (3 ozs.) strawberry flavor
- 1 cup boiling water 1 pkg. (10 ozs.) frozen sliced straw-
- berries 2 tsp. lemon juice
- 2 egg whites
- 1/4 cup sugar 1 cup cold whipping cream

In a large bowl, dissolve gelatin in boiling water. Add frozen strawberries and lemon juice; stir until berries are thawed. Chill until slightly thickened, about 30 minutes. In small bowl, beat egg whites until foamy. Gradually add sugar; beat until stiff peaks form. Using same beaters, whip cream until stiff. Reserving 1 cup for garnish, fold remaining whipped cream into strawberry mixture. Fold in egg whites. Spoon into crust, mounding high above rim. Chill until set, about 4 hours. Garnish with reserved whipped cream and additional strawberries, if desired.

# **Emergency Farm Loan** Applications Being Accepted

loans for losses caused by tornadoes, flooding and severe storms which began May 4, 1989 are being accepted at the Farmers Home Administration office in Clarksville, Frank B. Stroud said today.

Red River County is one of 29 in Texas recently named by Secretary of AGriculture Richard E. Lyng as eligible for loans to cover part of actual production losses resulting from the tornadoes, flooding and severe storms.

Stroud said farmers may be eligible for loans of up to 80% of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from priate commercial lenders, the interest

"As a general rule, a farmer must have suffered at least a 30% loss of production to be eligible for an FmHA Emergency Loan, Stroud said. Farm-

eral Crop Insurance programs will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under thi emergency designation will be accepted until February 15, 1990, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possi-bly over into the new farming season," Stroud said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corpporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Clarksville is open from 8 a.m. to 12 noon and 1 to 5 p.m. Monday through Friday.

## Meeting Set For Mayors, Council Members

State Senator Bill Ratliff, Mt. Austin will be there to help inform Pleasant, announced recently that he is hosting an informative meeting for all mayors, city councilipersons andcity managers on Friday, July 14 in Mt. Pleasant at the Titus County Civic Center.

"I am pleased to be able to bring these city leaders together to discuss recently passed legislation which directly effects the cities they represent," Ratliff said.

Texas Municipal League Executive Director Frank Sturzel and Governmental Relations Specialists Walter Fisher and Shanna Igo of

the group about such legislation andto answer questions regarding how that legislation will effect city govern-ment. "These people will be here as an additional resource related to what has just occurred in Austin. It is our goal to help prepare the city leaders of Northeast Texas as they go about their duties in setting budgets and programs for the coming calendar year," Ratliff said.

The 11:30 a.m. luncheon will be open to the press. Please inform the Senate district office if you ar eplanning to attend, 572-1887.
